

FIGHT BEGINS ON W. V. SERVICE CUT PLAN

HEARING BEFORE RAILROAD COMMISSION TO DISCONTINUE TWO PASSENGER TRAINS.

With the arrival in Austin, Monday of Joe S. Wheat, Seymour, as the "vanguard" of community representatives along the Wichita Valley Railroad, skirmishes were begun over the application of the rail company to discontinue its double daily passenger service between Wichita Falls and Abilene. The State Railroad Commission will hold its hearing Wednesday, with the company and cities served represented by counsel and citizens as witnesses.

Delegations were present from Abilene, Stamford, Haskell, Seymour and Wichita Falls to combat the application.

The petition of the railroad, forwarded by Frank E. Clarity, vice president and general manager, declares that it is losing \$30,000 annually through operating of the double daily service and requests authority to discontinue trains Nos. 5 and 8, which he asserts, will reduce the loss to \$25,000 yearly.

Clarity cites that improved highways, increasing motor bus service and private cars brought about a situation that is causing the loss.

"In some places," Clarity wrote, "the bus lines parallel the railroad and apparently the situation will grow worse instead of better."

Two letters of protest have been received by the commission, one from Charles W. Barnes and T. N. Carswell, president and secretary of the Abilene Chamber of Commerce, and the second from W. S. Cooper, secretary of the Stamford Chamber. Both letters ask the commission to order continuation of the trains, saying that elimination will prove inconvenient to people all along the line.

Wheat, who is counsel for the Seymour Chamber of Commerce, declared that he expects to show at the hearing that the line earns a goodly profit.

So far, few trains have been taken off in West Texas due to the invasion of the bus and paved roads, but 20 trains have been removed in South Texas.

SON OF J. D. ROBERTS DIES IN WESLACO

J. D. Roberts of the Roberts community was in the city Friday and stated that his son Vontress Roberts who is well known in this county died at his home in Weslaco, Texas, Thursday morning about 10 o'clock. His death was reported to have been after a very brief illness and was wholly unexpected to the family as he had been in good health and had not complained of any pain. He was buried at Weslaco Friday. He is survived by his wife and two children. Mr. and Mrs. Roberts were unable to go to the funeral because of the long journey at their age. The bereaved parents and other loved ones have the sympathy of their many friends here.

OFFICIALS OF FUTURE FARMERS CLUB MEET TO MAKE NEW RULES

The officers of the Future Farmers Club met the first of the week and made some necessary changes in rules and program. One of the new rules being that all debts of the club must be paid by Monday September 15 or your membership will be dissolved. A business committee was appointed by the president, the members of which are: Rogers Galarza, David Ratliff and Gilbert Wilson.

This club is planning many interesting things for this season and the president asks that all its members be at all the meetings and cooperate to make this season better than the last.

CARD OF THANKS

We wish to thank our many friends for the sympathy and consolation given us when our car was stolen last week. We also thank our county officials for vigilance in the effort to apprehend the thief and we now have our car back unharmed. May you find many kind friends when trouble comes your way.

Mr. and Mrs. Tom Baker.

OFFICIAL OPENING OF COTTON SEASON MARKS ARRIVAL OF RAINY

Ralph Rainy, cotton buyer of Lockhart, arrived in Haskell Monday, marking the formal opening of the cotton season in this section. Mr. Rainy has been identified with the local cotton market for the past six or seven years, making Haskell his headquarters during cotton season. Cotton picking, ginning and marketing in Haskell will proceed under full speed since Ralph's arrival, and Government estimates will now be announced with a little more regularity.

NEW BUILDING NOW IN PROGRESS FOR CENTER VIEW CHURCH

A new framed stucco building for Center View Baptist Church is now being erected and the former building which was wrecked by the storm last Spring has been torn down and the lumber is being used in the new building. The new building will be 30x40 feet which is the same dimensions of the old church building.

A revival is now in progress, conducted by Rev. J. E. Tucker, pastor of the church, which is reported to be a good meeting.

REV. FOOTE RETURNS FROM CHILDRESS REVIVAL

Rev. E. Gaston Foote, pastor of the Methodist Church, will fill his regular appointments at the 11 o'clock hour in the morning and also at the evening hour. Rev. Foote has only been absent two Sundays this summer, those are the last two, which he spent in Childress where he conducted a revival meeting and reports from there state that a splendid meeting was the result. The other summer meetings that Rev. Foote held in adjacent towns and communities were near enough for him to carry on the services of the week and return to his own services on Sunday. The interest that the congregation manifested in all services while their pastor was absent was very noticeable. Special efforts to keep the Sunday School and all church services up to par and special prayer was offered by various groups for the success of the meeting being conducted by the pastor at Childress.

CARD OF THANKS

We take this means of thanking our many friends and neighbors for their many acts of kindness and courtesies shown us during our confinement. We believe in the old adage "Friends in need are friends indeed."

NEW "70" AND NEW "77"

AND CHRYSLER IMPERIAL

NEW MULTI-RANGE GEAR SHIFT SPELLS DAZZLING PERFORMANCE

You get it in the Chrysler Imperial, you get it in the new Chrysler "77", and you get it in the new Chrysler "70"—an entirely new kind of exhilarating performance made possible by a master-stroke of engineering science.

First introduced in the Chrysler Imperial, and now, in line with the Chrysler policy of Standardized Quality, embodied also in the new "77" and "70"—the new Chrysler MULTI-RANGE GEAR SHIFT achieves really phenomenal results in ease of driving, sureness of control, swift acceleration and smooth utilization of great power.

You shift gears as before, only with far greater ease and efficiency, and always silently. In this respect, the veriest novice at the wheel is as thoroughly competent as a long-experienced driver.

Learn the pleasure of driving with MULTI-RANGE GEAR SHIFT in either the Chrysler Imperial, "77" or "70". Only by demonstration can you learn the full scope of this new Chrysler ability on the road.

Still another Chrysler sensation is the new Chrysler "66", priced under \$1000—welcomed everywhere as the great six-cylinder value of all time. It is typically a Chrysler in style, spirit, manner and quality, at a price that only goes to prove once more the science and efficiency of Chrysler manufacturing methods. Don't for any reason miss seeing it.

STUDEBAKER CAR CLIMBS PIKES PEAK IN RECORD TIME ON LABOR DAY

The 11th National Pikes Peak Hill Climbing classic on Labor Day was won by a fully equipped, stock Studebaker President Eight Roadster, which by its feat captured the historic Penrose Trophy. All existing stock car records for the course were smashed.

The winning car, piloted by Glen Shultz famous race driver completed the 12.4 mile grind to the summit of America's most famous mountain, 14,109 feet high, in 21 minutes 43 and 25 seconds, at an average speed of 34.3 miles per hour, bettering the previous stock car record by two seconds. This time was considered exceptional in view of the condition of the course which was against the best speed. The fastest time in the non stock car event this year was 41 seconds slower than last year.

Two other Studebaker stock cars, a second President Eight Roadster driven by Ab Jenkins and a Commander Eight Roadster, driven by Ralph Hepburn participated in the event. Their time for the climb was 22 minutes 58 seconds and 24 minutes 10 and 45 seconds respectively. The Penrose Trophy goes under conditions of a deed of gift to the entrant in the race making the best time in the stock class. It is a large silver, beautifully ornamented bowl, over 150 years old obtained in Europe by Spencer Penrose, well known capitalist of Colorado Springs. According to reports it was used as a Magnum for champagne or many historic occasions in England.

The race started at Crystal Creek bridge, 9,150 feet above sea level and five miles from the foot of the mountain, before a large gallery of spectators. The course of the run is known as the Pikes Peak Auto Highway, considered one of the most wonderful motor roads in the world. The route is a double track road, 20 to 50 feet wide all the way, a twisting turning ribbon of white, mounting skyward, and tricky enough to test the skill of the most experienced driver.

There are no less than 154 turns. The climb is considered a sheer test of stamina, speed and power.

DOULTY FINDS NEW WAY TO STORE EGGS

Small Amounts of Carbon Dioxide Will Be Big Aid.

Eggs can be better preserved if they are stored where there is a certain amount of carbon dioxide in the air, according to Paul E. Sharp of the New York State College of Agriculture, who has just published the results of some experiments on eggs in Science.

Eggs stored in ordinary air spoil rapidly after they lose the carbon dioxide which is a part of the egg. As soon as an egg is laid it starts to become more alkaline and this hastens decay. This alkaline tendency, however, can be easily and conveniently neutralized and controlled if the eggs are placed where the air contains small amounts of carbon dioxide.

This discovery has a practical result because carbon dioxide can be introduced into cold storage rooms in amounts which greatly retard the destructive changes in the eggs and yet the amount in the air will not be enough to prevent workmen from entering the storage rooms. Carbon dioxide can be used also in shipping containers and in refrigerator cars.

A convenient source of this gas can be used, such as the solid form or the gas form in cylinders. Professor Sharp says the only method of preserving eggs which approaches this one in cheapness and practicability is the oil dipping method in which eggs are dipped in a suitable oil which very nearly seals the pores. The carbon dioxide method is superior to the oil method, because the whites of the oil-dipped eggs become cloudy in storage. Those preserved by the carbon are not cloudy after the eggs are removed from the air which contains the carbon dioxide.

Concrete Runs Outside Brooder House Are New

Concrete runs outside of the brooder house are a comparatively new addition to poultry farm equipment, but are coming into use because of several advantages. They enable one to use a brooder house without danger from contaminated soil near them, save the labor of moving portable buildings and make it possible to keep chicks near the dwelling or barns, says a writer in the Rural New Yorker. As they do not have to bear heavy weights, a two-inch thickness of concrete is sufficient, except at the edges where double that thickness is needed to prevent breaking.

They should be smooth for easy cleaning, have a slope for drainage, two or three inches, according to size, and need not be roofed. They

of course, may be of any desired size, so that they give an ample outside run, preferably not less than that required inside for the same number of chicks. They may have permanent fences, or movable wire covered frames to set upon the concrete. Movable frames will facilitate cleaning. They may be lightly covered with sand, loam or litter, though the essential thing is that they be kept clean to prevent infection from droppings picked up by the chicks running upon them.

Provide Natural Shade for All Young Poultry

An ideal range will provide natural shade where the young birds may find protection from the hot summer sun. Many poultry flocks do not have this natural protection, say poultry specialists of the Pennsylvania State college, so some means of protection must be provided. Moving the colony houses near a cornfield makes ideal range around the colony house also will provide satisfactory shade. If the colony house cannot be moved near a cornfield and sunflowers are not used, some form of artificial shade should be provided. Old feed bags placed on a frame about two or three feet above the ground will give the needed protection.

POULTRY HINTS

Early-hatched pullets produce fall and winter eggs.

Overcrowding in the poultry house discourages production of eggs.

Sitting hens should be dusted with sodium fluoride before being put on the nest.

Gather the eggs frequently to avoid the dirt that may be carried in on the hen's feet.

Chicks hatched so as to begin laying the first of October are usually the most profitable.

As many farmers have found, profits with poultry can easily be increased by better feed and care.

A small poultry flock properly fed and cared for is more profitable than a large flock given indifferent care.

Protein is a constituent of feeding stuff which is used by chickens for building muscles and tissues, in addition to the production of eggs.

Early feathering and early crowing means early maturity. Early maturity means early profits. Always select the cockerels that feather first and then select from them the one that crows first.

A pencil that will write in four colors has been invented. Four isn't enough for some golfers in putting down their scores.

PACKERS ASK NEW DEAL

When in 1920 in order to escape prosecution under the anti-trust laws the big meat packers agreed to get out of the retail meat and grocery business, developments of recent months were not foreseen.

Now the larger chain stores, which have sprung up since 1920, have gone into the packing and retail meat business, which they are able to do because they were not parties to the agreement with the government. The big packers consider this unfair to them, and have asked the right to do what their competitors are doing. Whether their request will be granted, or whether the chain stores will be forced to give up their packing business remains to be seen.

The public is greatly interested in the matter, as a free-for-all between the packers and the chain stores might be the means of reducing meat and grocery prices. For once the trend of sentiment seems to be on the packers' side, judging from press comments on the situation.

ZEPPELIN'S NEW RECORD

When the great German dirigible Graf Zeppelin recently landed at Lakehurst, N. J., a new record for circumnavigating the globe was made. 21 days, 7 hours and 33 minutes. This beat the fastest previous time more than two days.

This record is in marked contrast with that of Magellan's ships, the first to circle the earth, which took three years, lacking 12 days, or from September 20, 1519, until September 8, 1522, starting from and returning to Seville, Spain.

In 1872 Jules Verne's fictitious character, Phineas Fogg, was described as going around the world in 80 days. Seeking to beat this imaginary record, Nellie Bly, a newspaper woman, actually made the trip in 72 days and 6 hours in 1889.

Omitting hours and minutes, other records are as follows: Henry Frederick, 54 days in 1903; John H. Mears, 35 days in 1913; Evans and Wells, 28 days, in 1926; Mears and Collier, 23 days in 1928.

When it is considered that the Graf Zeppelin's actual flying time was only 12 days and 3 minutes, it can readily be seen that with favorable weather conditions a record of two weeks or less is possible.

Studebaker PRESIDENT EIGHT

sets New Stock Car Record in 1929 Pikes Peak Climb

Adds famous Penrose Trophy to 11 world and 23 international

A strictly stock, fully equipped Studebaker President Eight, piloted by Glen Shultz, set the fastest stock car time in history by Pikes Peak, to win the Annual Penrose Trophy Race. Another triumph for Studebaker, holder of more official stock car records for speed and endurance than all other American cars combined! The Pikes Peak Climb was sanctioned, timed, checked by the American Automobile Association, as was President's famous run of 30,000 miles in 26,326 consecutive minutes. Studebaker's President Eight covered the 12 mile, 2200 feet to the summit of Pikes Peak, 14,109 feet above level, in 21 minutes, 43.4 seconds. Average speed was miles per hour. 154 breath-taking curves make this a test of balance and handling ease. You can buy a duplicate the Pikes Peak President from any Studebaker dealer. So drive it—own a Studebaker champion, now available in models at new low prices, \$2860 to \$2350 at the factory. Tune in Each Tuesday and Friday Evening 8 O'clock on KFYO for the Studebaker News.

AN IMPORTANT OFFICE

It is with genuine regret that we take note of the resignation of our capable and efficient County Agent, W. P. Trice. During the six or seven years that he has served Haskell County and its farmers, we believe that the results that are visible from his work, as well as the foundation of practical, scientific farming which he has laid will be of untold benefit to our county in future years.

In this connection we will also express the sincere belief that the decision of the Commissioners Court to continue the work of both the County Agent and the Home Demonstration Agent is a wise one, and one that will meet with the approval of a majority of the farmers, housewives and business men of our county. It is an indication of progressiveness, a step toward building the future prosperity of our county.

We hope that a successor for Mr. Trice will be named within a short time, in order that the work of this important office will not be hindered.

RULE COMMUNITY FAIR

The Rule Community Fair will be held in our neighborhood city on Sept. 19-20-21, and the Haskell Free Press is of the opinion that Haskell citizens will be seen there on those three days in goodly numbers. And we should be there. The progressiveness that is being manifested by those citizens of Rule who are sponsoring the Community Fair should be encouraged, not only by the people of Haskell, but by the entire citizenship of Haskell county.

Let us keep these dates in mind, and visit our neighboring city during their Fair.

The recent rains throughout Texas and Oklahoma have brought reassurance to farmers, stockmen and business men alike, where a few weeks ago there was a growing feeling of doubt as to the outlook for the future. The extremely dry weather brought to mind the belief in some quarters that another 1918 was in store for West Texas, but with the rains have come a new note of optimism. Farmers in this section express the belief that cotton and feed crop will be materially benefited, some going so far as to state that a late frost will insure a bumper cotton crop. We do not think however, that a bumper cotton crop is possible this year—but the fact that cotton has been materially benefited cannot be questioned. A good season has also been provided for winter pasturage, which will help solve the feed problem where enough feed has not been raised to carry the livestock through the winter.

ABILENE HOUSEWIFE TALKS

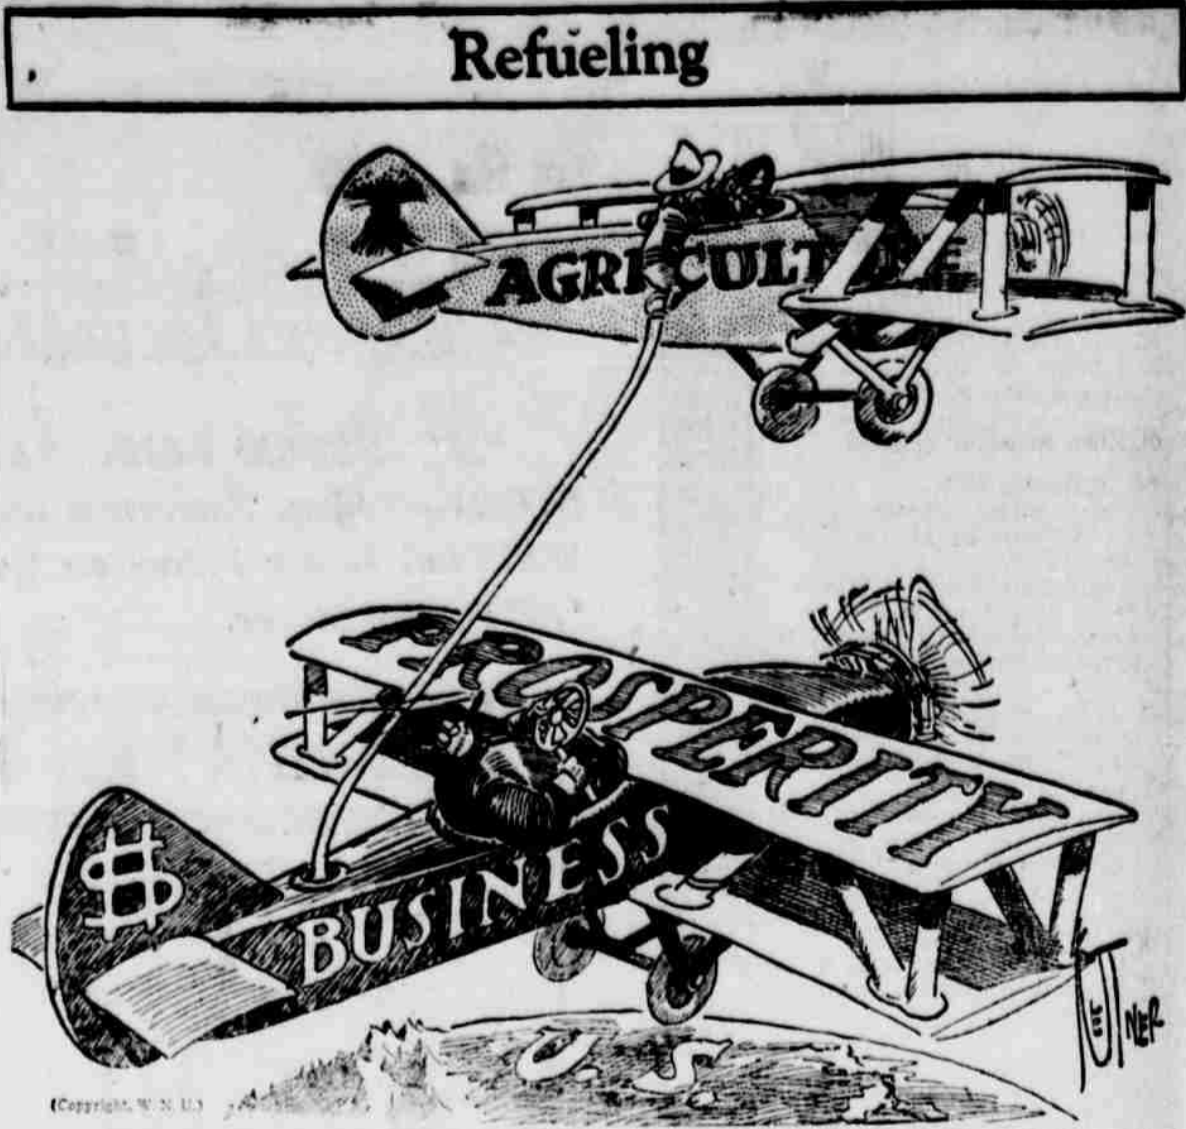

She Suffered About Seven Years With Stomach Troubles, Orgatone Restored Her

"If I had heard of this Orgatone about ten years ago, I would have been a healthier and stronger woman today," said Mrs. J. L. Campbell of 1729 Anson Avenue, Abilene, Texas.

"I have been a constant sufferer for several years with stomach trouble and digestive troubles and the misery I went through was terrible. After eating I would just be miserable for hours afterward. Gas would form and I would have that puffed up bloated feeling. I had to limit my food to just a few things and couldn't eat any kind of sweets and got to where my appetite was very poor.

"I noticed Orgatone recommended so highly in the local papers that I decided to give it a trial and it has certainly been a help to me. I had tried most every kind of medicine I saw or heard of, but I have just taken three bottles and I now eat everything I want, without the slightest effect afterwards. In fact, my general condition has improved and Orgatone in my estimation is a wonderful medicine."

Genuine Orgatone may be obtained in Haskell from the Oster Drug Store.

District Court, at the next regular term thereof, to be holden in the County of Haskell at the Court House thereof, in Haskell, Texas, on the Fourth Monday in day of September, A. D. 1929, then and there to answer a Petition filed in said Court, on the 20th day of August A. D. 1929, in a suit number 4029 wherein Mrs. Mary Jane York is plaintiff and G. W. York is defendant. The nature of the plaintiff's demand being as follows, to-wit: A suit for a divorce, and the plaintiff alleges as follows:
 That on or about the 22nd day of March, 1925, plaintiff was legally married to the defendant in Haskell County, Texas, and continued to live with the defendant as his wife, until about the 22nd day of May 1925, when the defendant, without any cause or provocation whatever did voluntarily leave and abandon plaintiff, with the intention of living separate and apart from her, and has continued to so live that plaintiff never caused, procured nor consented to defendant abandoning her, and that defendant refused to live with her any longer and still refuses to do so.
 That plaintiff's name before her said marriage to the defendant was Mrs. Mary Jane Merchant.
 Wherefore, plaintiff prays that the defendant be cited in terms of law to appear and answer herein, and that on final trial she have judgment from the court dissolving the said marriage relations, that her former name of Mrs. Jane Merchant be restored to her by judgment of the court, for costs of suit, and for such other and further relief, general and special, legal and equitable, to which she may be justly entitled, etc.

Herein fail not, and have you before said Court, on the said first day of the next term thereof this writ with your endorsement thereon, showing how you have executed the same.

Most People Prefer Bakery Bread

A man in a restaurant saw a sign on the wall, "Coffee Like Mother Used To Make." When the waitress came to his table he said, with a reminiscent look, "Bring me a cup of tea."

We don't mean to detract in the least from Mother's reputation as a cook. Not that!

But when it comes to bread baking, the scientific methods now used by the bakeries results in a loaf that is more than worthy of Mother's best efforts.

Fact is, we don't know of many families in the Haskell community who dine on home made bread. Our local bakery makes such good bread that Mother no longer cares to bother with the weekly baking.

We have a good bakery in Haskell. It produces exceptionally good bread and other bakery goods. And by so doing, they are entitled to our patronage.

SIMMONS COWBOYS REPORT FOR FIRST WORKOUT OF SEASON TUESDAY

Thirty six men greeted Coach Frank B. Bridges at the first work-out of the Simmons University Cow-boys at Abilene, Tuesday morning. Several others coming in late will swell the total to forty or more candidates.

Thirteen letter men reported for the first practice and two others were due by Wednesday. The fol-
lowing letter men reported: Smith,
Jennings and Gregg, ends; Pearce,
Cuipepper, and Ribbie, tackles;
Daniel, guard; G. Goughly and
Allen, centers; Hude, captain, quar-
terback; Clark and Sanders, halves;
Houghton, fullback; Kuhn, half;
and Andrus, end, are the other two
veterans due to report.

Squad men almost certain to let-
ter this year who reported are:
Hamilton of Slaton, guard; Stafford
of Wellington, end; and Fitzgerald
of Houston, guard. Other who will
make a strong bid are: Davison of
McCauley, tackle; Gallimore of San
Angelo, guard; Harris of Abilene
and Crawford of Haskell, ends; and
Lester Goughly of Thornton and
Leroy Hamilton of Waco, halves.

Members of last year's tenderfoot
squad who reported are: Marshall
of Floyd, fullback; Byron of
Mineral Wells, Campbell of Caddo,
Cooper of Temple and Rushing of
Desdemonia, halves; McLeod of
Lubbock, tackle. Marshall shows
the most promise of these men up
to date. He is big, can ram the
line, punt 60 yards and is improv-
ing on the defense.

Red Bennet of Slaton, another
man who nearly lettered last year,
was expected by Wednesday. He
will make a strong bid for center.
Eight new men showed up for the
first workout. They are: Powell of
Wichita Falls, Weiman and Good-
win of Port Arthur, and Pearce of
Comanche, Okla., halves;
Rhodes of Port Arthur and Sanders
of Taft, ends; Bean of Kirbyville,
tackle; and Webb of Mineral Wells,

guard.
All the new candidates for back-
field look fast and promising, the
ends are long and rangy, and the
two line aspirants have plenty of
bulk and look good.

Coach Bridges laughed at the
rumors that the Cowboys would run
off with the Texas Conference flag.
"We ought to have a fair team,"
he said. "Nothing but hard prac-
tice and superior team work will
keep us in the race, however."

Church of Christ

In last weeks Free Press under the heading, "Haskell Baptists" we noticed the follow-
ing explanation, given by them, on Baptism and the Lords Supper:

"If Baptism is the Bible method of induction into Christ, then we must be consistent
and teach as do the Catholics, that the Lord's Supper is the Bible method of induction of
Christ into us. If there is no way to get into Christ except through baptism, then there
is no way to get Christ into us except through the Lord's Supper."

The above is an assertion without proof. And I deny the accuracy of it and challenge
for the proof. The gentleman cites further down Acts 10:43, Gal. 3:26, and Eph. 3:17.
Gal. 3:26 reads, "For ye are all the children of God by faith in Christ Jesus." May I ask,
Why so? Read the next verse. "For as many of you as have been baptized into Christ
have put on Christ." The word "For" is the causal conjunction, showing the reason why
we are the children of God by faith. So Faith makes one a child of God when it causes
him to be baptized into Christ. This certainly shows that Baptism is the method by
which faith inducts a person into Christ.

But, Eph. 3:17 reads, "That Christ may dwell in your hearts by faith." But it has no
causal conjunction, "for" following and connecting the reason Why, by saying "For as
many of you as have eaten the Lord's Supper have inducted Christ into you." Whether is
there such an intimation in the Bible. The Baptist "Explainer" should learn the scrip-
tures more perfectly before he tries to do further teaching in the Free Press.

CHALLENGE FOR DEBATE

Seeing there has been, and now is a long ranged debate between the Baptists and my
brethren on what we deem a vital subject, and believing that a full and free discussion of
our differences would be of benefit to all, we hereby invite the Baptists to such a discus-
sion to be oral, and conducted by a representative man on each side. Said discussion to
be at a time that may be mutually agreed upon by the two disputants selected, and to be
held in Haskell, Texas, sometime this fall or winter.

And we propose the two following propositions:

FIRST: The Churches known by me and my brethren as Baptist Churches of one of
which I, J. W. Chism, as a member is identical in origin, faith,
doctrines and practice with the church described in the New Testament. Church of Christ denies.

SECOND: The Church known by me and my brethren as the Church of Christ, of
which I, J. W. Chism, as a member is identical in origin, faith, doctrine, and practice with
the church described in the New Testament, Church of Christ affirms.

Each of the above propositions to be discussed at least three days, two sessions each
day.

And we hereby avow that, a refusal to accept this invitation to such a discussion, or
any attempt to evade it, or ignore it, will be regarded by us as an acknowledgment on the
part of the Baptists that they realize that their teaching and claims will not bear careful
investigation.

U. S. Leading World in Wallpaper With Business of Over \$250,000,000

New York.—America now leads the world in another industry—the manufacture of wall paper—according to E. D. Belknap, Executive Vice-President of the Wall Paper Association, which has just closed its annual convention in New York City.

E. D. Belknap, Executive Vice-President of the Wallpaper Association

"The yearly wall paper business in this country is now in excess of 260,000,000 rolls and \$250,000,000," said Mr. Belknap.

"Yet as a unified effort, the manufacture of wall paper is an infant industry in America. England and France have both had wall paper industries, unified under associations, for many years. But in the brief period of our activity as an association, some fifteen years, we have outstripped the world in the amount manufactured, in the gross amount of business per year, and in the amount of invested capital.

"In an artistic sense the rise of the American industry has been even more striking. A few years ago the sources of artistic wall paper designs were France and England.

"The artistic possibilities of wall paper were not realized in this country. As a consequence, interest in wall paper waned, painted walls were the fashion, and the American wall paper industry fell far behind the industries of France and Britain, both in volume of business and in artistic merit.

"The common danger roused the manufacturers to action. This association was formed with the fundamental idea that we had something of basic educational and artistic value to the public. The manufacturers thought, and think, that the decorations in the American home are bound to have a pronounced effect upon the physical, mental, and even moral qualities of our people. Wall paper is the only medium which permits great variety in the decoration of walls, the largest spaces for decoration in the house.

"The aid of the greatest designers and interior decorators was enlisted. Ancient and modern arts were re-examined with the view of producing the greatest possible beauty and variety of design and color.

"Both adult and child psychology were studied; the effects of form and color combinations upon the developed, as well as the growing, mind were considered. The distinctly modern tendencies in art were utilized.

"The result is that wall paper has become the fashion, not only in the great houses of the rich, under the advice of highly paid interior decorators, but in the average home throughout the country, wherever people are alive to artistic beauty. Even hospitals are using it upon the walls of patients' rooms because of the psychological effect in giving cheerful surroundings to the sick and thus hastening convalescence.

become the fashion, not only in the great houses of the rich, under the advice of highly paid interior decorators, but in the average home throughout the country, wherever people are alive to artistic beauty. Even hospitals are using it upon the walls of patients' rooms because of the psychological effect in giving cheerful surroundings to the sick and thus hastening convalescence.

"From an interior position, the American wall paper industry has developed to a business of over a quarter of a billion dollars per year which is far in excess of the business of any other country in the world.

"The American style tendency in wall paper is a combination of the modern with the naturalistic, according to Mr. Belknap. Fifty per cent of wall papers show the modernistic touch, the lines simple, with several tones of one or two colors instead of the ten or twelve of former years.

"We have found that the extreme, modernistic lines of many foreign papers do not suit the American taste," added Mr. Belknap. "So we have combined the liveliness and strength of modern designs with the depth and softness of the naturalistic. We are convinced that today American wall papers will compare favorably, in an artistic sense, with those produced by any other country."

Clayborn Payne Entertains Executive Board of Magazine Club With Luncheon

Mrs. Clayborn Payne spared no expense nor effort in preparing an elaborate and artistic setting in her home last Thursday when she entertained the executive board of the Magazine Club with a luncheon at 2 o'clock which was followed in the afternoon with glasses of forty-five. The club colors of white and blue were strictly adhered to for decorations and the menu and service were ideally and cleverly carried out. As the guests stepped across the threshold at the entrance, their attention was attracted to a large table of white periwinkles; in the room were golden rods; in the dining room the table was centered with yellow zenias and white periwinkles and in the living room were plants and bowls of pond lilies, low rose buds and scabiosa and was here that the small tables were laid for the luncheon; half of the tables were spread with white cloths and the other half with yellow and centering the white tables in bowls of yellow pond lilies and on the tables laid in yellow and white bowls of white pond lilies, and on the three course luncheon of fresh fruits and ices in the bright colors of yellow and white, relating so perfectly with the color scheme, was placed on the tables, was charmingly pleasing as well as palatable. After lunch the tables were cleared and "42" was played. Clay Smith won high score and awarded with a beautiful green glass fruit bowl; Mrs. D. C. Bradshaw second high and was given a silver dish. Before taking leave of lovely courtesy of the incoming president of the Magazine Club, the vice president, Mrs. R. C. Chatham thanked the hostess in behalf of the executive board and Mrs. Chatham responded with a few well chosen remarks. Two of the board members were out of town, Mrs. V. Meadors and Mrs. Hill Oates. The others were present. They were: Mesdames R. C. Chatham, Lee Glazner, John V. Davis, Post, J. U. Fields, S. R. Rike, M. Smith, W. H. Murchison, J. Bernard, W. P. Trice, D. C. Hiley, C. L. Lewis, Courtney Hill Oates, R. J. Reynolds, Miss Allie Thomas of Dallas, a guest of Mrs. W. P. Trice and hostess, Mrs. Clayborn Payne.

Hill Oates Hostess Friday Luncheon With Bridge Party

Hill Oates entertained with tables of bridge in her lovely home last Friday afternoon and entertaining rooms were aglow with the hot house verbenas and ferns. In the afternoon Mrs. Clyde Grissom won high and was given a handkerchief. Miss Matilda Gunn made low and was consoled with a vase. The hostess presented Lela Welsh with lingerie call attention to the fact that Miss Welsh was leaving soon for Wichita where she will teach in the Falls schools this winter. Saying adieu delicious refreshments were partaken of by Lela Welsh, Matilda Gunn,

Mrs. O. E. Patterson Golf Widows Club Hostess

The cheer of the interior of the home of Mrs. O. E. Patterson was in marked contrast with the outside elements on last Tuesday afternoon when she was hostess to the Golf Widows Club. Crepe Myrtle was the favored flower and when the games were over and it was time to say good bye, before leaving club mem-

Madalin Hunt, Lewis Manley, Nettie McCollum, Lois Earnest, Ermine Daugherty, Allie Thomas of Dallas and Mesdames Eugene Regen of Cleveland, Ohio; L. P. Johnson of Abilene; W. P. Trice, Joe Hendricks of Wichita Falls; R. E. Hall, John P. Payne, Clyde Grissom, Lola Bledsoe, Clay Smith and the hostess Mrs. Hill Oates.

Mesdames J. P. Payne and W. P. Trice Joint Hostesses in Lovely Breakfast

On last Friday morning in the home of Mrs. A. C. Pierson, Mrs. J. P. Payne and Mrs. W. P. Trice entertained jointly in a lovely eight thirty o'clock breakfast, introducing Miss Allie Thomas of Dallas and L. P. Johnson of Abilene as the honorees. Covers were laid for twelve and the service was of the dainty rose Marie glass ware. Fruit juice, crisp bacon, scrambled eggs, buttered biscuits, jelly and coffee comprised the delicious breakfast served by the hostesses to: Miss Allie Thomas of Dallas; Mrs. L. P. Johnson of Abilene; Mesdames Jess Campbell, of Wichita Falls; Clayborn Payne, Clyde Grissom, Theron Cahill, Hill Oates, Bert Welsh, Lee Glazner, Harry Bettis, R. E. Hall, house hostess, Mrs. A. C. Pierson and the joint hostesses, Mrs. J. P. Payne and Mrs. W. P. Trice.

Methodist Missionary Society Has First Fall Meeting In Church

In the summer months it has been the custom for the Methodist Women's Missionary Society to meet in the homes of the members and this they have done the past summer, meeting for the first time in the church last Monday afternoon since fall began. The president, Mrs. C. L. Lewis directed the program. Mrs. Breedlove was introduced to the ladies and gave the devotional. Then Mrs. Yandel Gilbert who is a member of Rev. R. L. Shuler's church in Los Angeles, Calif. told of the interesting activities of that great church. Then there was a round table discussion of some new plans under consideration. On next Monday afternoon at the church there will be a Japanese Tea and the program on Japan will be in charge of the following directors: Mesdames J. L. Southern, Pitman, Wallace Cox and A. H. Wair.

Christian Women's Missionary Society In Home of Mrs. T. A. Pinkerton

One of the outstanding meetings of the year as reported by one of the members of the Christian Women's Missionary Society, was that which met on last Monday afternoon in the home of Mrs. T. A. Pinkerton, when she and her daughter Mrs. W. W. Koonce were joint hostesses. The president Mrs. H. S. Post had charge of the business session. The general subject was, "Witnesses To His Compassion," the theme for the worship period was, "God Waits For True Partners," Mrs. W. W. Fields gave this; leader of the presentation period was Mrs. J. M. Glass; silhouettes of the Congo, Mrs. Manley Branch; Union Schools for Advanced Students, Mrs. Courtney Hunt; a vocal duet, "Oh, Master Let Me Walk With Thee," was sung by Mesdames J. F. Morrison and W. W. Koonce. There were a number of interesting diversions. One was guessing who the ladies themselves represented; they were dressed or wore something that brought to mind some missionary and this made a splendid guessing game. The diversion that caused much favorable comment and interest was the one where Mrs. T. A. Pinkerton had woven the names of 50 foreign missionaries into a story and as she told the story she paused for the members to supply the names. Of course the better one was familiar with missionary personages and fields the better they could help out with the story. The hostesses served a salad plate to the president Mrs. H. S. Post, and Mesdames, J. M. Glass, W. W. Fields, R. B. Fields, C. D. McNeill, Lyn Pace, J. F. Morrison and Miss Dulin Fields.

Misses Lela Welsh and Elaine Mills Honorees at Bridge Party

On Thursday evening of last week Mrs. Roy Killingsworth and Miss Nettie McCollum were hostesses in the home of the former honoring Miss Lela Welsh, who has since left for Wichita Falls, where she will teach this year and Miss Elaine Mills who with her mother has moved to Rule, where she will reside in the future, with a bridge party. Season flowers were effectively used through out the reception suite. Gifts from the honorees were hand painted silhouettes. The high score prize was captured by Mrs. Wayne Koonce and she was given a bridge table bell; second high score was won by Mrs. Hill Oates and she was awarded with a bridge score pad. A salad plate of molded salad, sandwiches, olives and punch was served to: Misses Lela Welsh, Elaine Mills, Lois Earnest, Lola Bledsoe

Lucy Cummins, Ermine Daugherty, Helen Harbison, Florence Shook, Maurine Couch, Hattie Paxton, Lillian Paxton, Jewell Paxton, Thornton of Mabank, Texas; Thomas of Dallas; Marguerite McCollum, Maybell Taylor, Magjorie Whiteker, Madalin Hunt, Lewis Manley, and Mesdames George Wimbish, Joe Hendricks, Hill Oates, Theron Cahill, Jess Campbell of Wichita Falls; Wayne Koonce, Bert Welsh, W. P. Trice, John V. Davis and John P. Payne.

A Fall Social

The fall social activities were opened last Friday afternoon, Sept. 6, 1929 in the home of Mrs. H. J. Hambleton, assisted by Mrs. J. M. Crawford. The reception suite was made lovely with cut roses and clematis. After the registration the guests were ushered in the guest room where piano music was enjoyed, furnished by Miss Naomi Potet, who leaves soon for C. I. A. The honor guest, Mrs. Cal Wilfong, was ushered in to greet a room filled to seating capacity with ladies and close friends where upon amusements were indulged in for a short duration.

The refreshment plate held, tea, devil's food cake and dove sandwiches, which were served to the following: Mesdames Cal Wilfong, honor guest; C. Edwards, J. C. Christian Women's Missionary Society In Home of Mrs. T. A. Pinkerton

One of the outstanding meetings of the year as reported by one of the members of the Christian Women's Missionary Society, was that which met on last Monday afternoon in the home of Mrs. T. A. Pinkerton, when she and her daughter Mrs. W. W. Koonce were joint hostesses. The president Mrs. H. S. Post had charge of the business session. The general subject was, "Witnesses To His Compassion," the theme for the worship period was, "God Waits For True Partners," Mrs. W. W. Fields gave this; leader of the presentation period was Mrs. J. M. Glass; silhouettes of the Congo, Mrs. Manley Branch; Union Schools for Advanced Students, Mrs. Courtney Hunt; a vocal duet, "Oh, Master Let Me Walk With Thee," was sung by Mesdames J. F. Morrison and W. W. Koonce. There were a number of interesting diversions. One was guessing who the ladies themselves represented; they were dressed or wore something that brought to mind some missionary and this made a splendid guessing game. The diversion that caused much favorable comment and interest was the one where Mrs. T. A. Pinkerton had woven the names of 50 foreign missionaries into a story and as she told the story she paused for the members to supply the names. Of course the better one was familiar with missionary personages and fields the better they could help out with the story. The hostesses served a salad plate to the president Mrs. H. S. Post, and Mesdames, J. M. Glass, W. W. Fields, R. B. Fields, C. D. McNeill, Lyn Pace, J. F. Morrison and Miss Dulin Fields.

Misses Lela Welsh and Elaine Mills Honorees at Bridge Party

On Thursday evening of last week Mrs. Roy Killingsworth and Miss Nettie McCollum were hostesses in the home of the former honoring Miss Lela Welsh, who has since left for Wichita Falls, where she will teach this year and Miss Elaine Mills who with her mother has moved to Rule, where she will reside in the future, with a bridge party. Season flowers were effectively used through out the reception suite. Gifts from the honorees were hand painted silhouettes. The high score prize was captured by Mrs. Wayne Koonce and she was given a bridge table bell; second high score was won by Mrs. Hill Oates and she was awarded with a bridge score pad. A salad plate of molded salad, sandwiches, olives and punch was served to: Misses Lela Welsh, Elaine Mills, Lois Earnest, Lola Bledsoe

A Fall Social

The fall social activities were opened last Friday afternoon, Sept. 6, 1929 in the home of Mrs. H. J. Hambleton, assisted by Mrs. J. M. Crawford. The reception suite was made lovely with cut roses and clematis. After the registration the guests were ushered in the guest room where piano music was enjoyed, furnished by Miss Naomi Potet, who leaves soon for C. I. A. The honor guest, Mrs. Cal Wilfong, was ushered in to greet a room filled to seating capacity with ladies and close friends where upon amusements were indulged in for a short duration.

The refreshment plate held, tea, devil's food cake and dove sandwiches, which were served to the following: Mesdames Cal Wilfong, honor guest; C. Edwards, J. C. SPILLS OF BACKACHE

HAVE used ARDU at intervals for sixteen years, when I suffered from weakness, and it always helped me." Mrs. J. W. Wright, R. F. D. Troy, Ala. "Mostly I was troubled with backache. At times I felt as if my back would break. I could drag one foot after another, in a helpless sort of way, and once I got up in bed. My husband and me to take Cardui, and I soon found what a medicine it really was. When my second child was little, I was in very bad shape. I did not pick up. I should have. I was fat and sickly. I do not know that I would have gotten through, but for Cardui."

The Bible Plan of Salvation Fits Every Bible Conversion

A sure way to test the plan of Salvation we teach is to apply it to Bible conversions. If it will not save sinners of the New Testament, it will not save them now. There never has been but one plan of Salvation. Old Testament sinners looked forward to the atoning death of Christ and New Testament sinners look backward to His atoning death. He was as a Lamb slain from the foundation of the world, therefore the blessings purchased by His death were received by Abraham (Rom. 4:1-5). You will find the plan of Salvation Paul preached in Acts 20:21. Repentance toward God and Faith toward Christ saved the worst sinners in Ephesus, and this plan will save the worst today. This plan will fit every conversion in the Bible.

1. The helpless sinner in Mark 2:5, was saved through repentance and faith without baptism.
2. The penitent sinner in Luke 7:37, 38, 47-50, was saved through repentance and faith without baptism.
3. The praying sinner in Luke 18:13, 14, was saved through repentance and faith without baptism.
4. The dying sinner in Luke 23:42, 43, was saved through repentance and faith without baptism.
5. The Bible reading sinner in Acts 8:36, was saved through repentance and faith without baptism. Philip said to the eunuch, "If thou believest with all thine heart, thou mayest." In 1 John 5:1, we have these words: "Whoever believeth that Jesus is the Christ is born of God." The moment the eunuch believed in Christ with all his heart he became a child of God by the spiritual birth.
6. The good sinner in Acts 10:1-3, needed to be saved like all other sinners (Acts 11:13-14). Through repentance and faith he became a child of God and began to shout during the preaching service. Baptism followed as in the case of the eunuch and as it should in every case.

Money To Loan

On Farms and Ranches by the JOHN HANCOCK LOAN COMPANY, the best Loan Company doing business in West Texas. We give you a low rate of interest, payable annually, any month you want to pay interest, no inspection or attorney fee, and no stock to take, with option to pay \$100.00 or any multiple of \$100 at end of any year, up to one fifth, without notice. You get all the money you borrow.

We write only one deed of trust and one note, no commission notes that you have to pay in full for the entire life of the loan no matter how much you pay before maturity on the principal note. When you pay \$100 or more on our loan it stops ALL INTEREST on the amount paid.

Come in and see us and let us explain the John Hancock Loan to you, and the loan where they write two deeds of trust and two sets of notes. Few farmers understand the difference between these loans. I have been in the loan business for 44 years. If you are considering making a loan I would advise you to get it before the end of the year. Conditions are not good, and interest may get higher.

Dr. Paul Henry Packard to Speak Here Sunday

Dr. Paul Henry Packard, pastor of the Church of the Air, radio station KGKO, Wichita Falls, Texas, has notified friends in Haskell, that he will speak from the pulpit of the First Christian Church of Haskell, Sunday, September 15th, at the 11:00 o'clock service. Dr. Packard states that the letters and messages coming from Haskell and surrounding territory, in response to his Radio Revival have been so numerous and so encouraging that he has a real desire to meet the folks of this section, and he has therefore accepted an invitation to come to Haskell and speak. He extends a cordial invitation to all who can, to be present for this service.

Reports Hail Damage In Northwest Part of Haskell County

Charles W. McGregor, three of whose farms face the Brazos River on the west side of this county, reported a serious hail storm Sunday night which did damage to the extent of five to six thousand dollars on these places. Mr. McGregor also states that M. S. Shook, G. K. Lynch, J. L. Fannin and Parish Keller's farms were in the wake of the same storm, and likewise suffered severe losses. These valley farms had to date the best prospects for a nearly normal crop, and picking had just begun.

Baptism Service Held at Baptist Church Sunday

At the services of the First Baptist Church in this city, twenty-three candidates were baptized into the Church Sunday evening. There are quite a number who joined the church during the revival that will be baptized later. The weather was very threatening Sunday night and many of those who were to be baptized did not come. 34 additions to the church were reported during the recent revival and most of them were candidates for Baptism.

AUTO STOLEN HERE RECOVERED IN BRAZOS BRACKS

The Model A Ford Sedan, which was stolen from Tom Baker on the streets of Haskell last Wednesday, was located Thursday in the brakes of the Brazos River west of Jdd, where it had been abandoned after the driver had forded the river and found that he could not reach a road on the other side of the river. The heavy rains of Wednesday night had also made the river impassable at the point, and the officers could not return the car until Friday. When the car was located, Deputy Sheriff Lowellen was forced to swim the river in order to get to the automobile and drive it back to the river bank.

Action Taken By Commissioners After Hearing Held Tuesday.

W. P. Trice, Present County Agent, Resigns From the Office.

The Commissioners Court voted Tuesday afternoon to continue the appropriations for the work of the County Agent and Home demonstration Agent in Haskell county. Preceding the session of the Commissioners at which this action was taken, a hearing was held in the District court room, with between

Haskell, Texas, September 10, 1929. Extension Service, A. and M. College, College Station, Texas. Dear Sirs: Please accept my resignation as County Agricultural Agent of Haskell County to take effect October 1, 1929. This resignation is being tendered to you as the outcome of certain differences that have occurred during the past few weeks here. Remaining as always an advocate for Extension Work. I am, Very truly yours, W. P. Trice, County Agent.

one hundred and fifty and two hundred people present, at which time the question of continuing the two agencies was discussed by representatives from over the county. Sterling C. Evans, director of County Agents work, from A. & M. College, and Miss Myrtle Murray, supervisor of the Home Demonstration work, were both in attendance at the meeting, and gave brief outlines of the work that is being done by the two agencies.

VETERAN TEXAS OFFICIAL DIES

The man who served as an official of his State longer than any other is dead. Land Commissioner J. T. Robinson, 68, died at the home of his son, Dr. J. T. Robinson, Jr., in New London, Conn., at 11:10 p. m. Friday, Sept. 6th. The death of the venerable Commissioner did not come as a surprise to his friends throughout Texas, as he had been sinking slowly for several days prior to his death.

both by the men and women present, were very illuminating, bringing out many phases of the work that is being done that had not occurred to the average person who is not thoroughly familiar with the work. It would be interesting and educational if the remarks of the various speakers could be given here. Taking the speakers in the order in which they came, talks were made by Sterling C. Evans of College Station, C. E. Orton of Rule, S. M. Davis of Rule, R. C. Couch of Haskell, Doren Brown of Rochester, Dr. J. C. Davis of Rule, W. H. Murchison of Haskell, and R. E. Sherrill of this city, all of whom stressed the value of the work and the desire for its continuance. Mrs. Dute Anderson, chairman of the County Council then made a brief talk regarding the work of the Home Demonstration Agent, followed by representatives from a number of Clubs throughout the county, with Miss Murray summing up the work which is being done by this department.

The meeting was concluded about three-thirty o'clock, with the Commissioners Court making their decision in the matter public a short time later. At this session of the Court, County Agent W. P. Trice presented his resignation to take effect October 1st, in which he stated that this action was taken because "of certain differences that have occurred during the past few weeks." The resignation was addressed to the Extension Service, A. & M. College, which department has supervision of the work throughout the State. The full text of the resignation is given elsewhere in this article. Mr. Trice has served as County Agent for the past six years, during which time he has accomplished wonderful results with his work throughout the county. His resignation brings regret to the many farmers with whom he has come into contact and for whom his office has meant much. Although he has made no definite announcement of his plans for the future, it is to be hoped that he may remain a citizen of our town.

New Oven Doubles Capacity of the Haskell Bakery

The Haskell Bakery, under the management of Harrow's Milk Dairy, has recently completed the installation of a new oven, which has doubled the capacity of the bakery. The new oven is a modern one, and will enable the bakery to meet the increased demand for bread and other bakery products in the territory. The new oven was installed by the Haskell Bakery, and is now in operation.
