# Americans Are Becoming Authorities on Music

CHARLIE FRY

## No Longer Unappreciative of Art, Says Leader

New York City.—The not infrequently heard accusation that Americans do not appreciate good music is absurd. Americans do like good music but it must be translated for them into their own American rhythm. They do not understand it in French, Italian or German phraseology. It is Charlie Fry, musical director of the Million Dollar Pier at Atlantic City, who is authority for this theory. Fry has played to twelve million people in the last few years. In fact, he holds the greatest attendance record of any musical director in this country.

All Native  
"Examine the good music of any land," he insists, "whether it be that of Italy or the South Sea Islands, and you will see that it is native music. It speaks the language of the people for whom it was created. America is a new country, politically and musically speaking. We have no record of its music before the English and

Spanish settlements, except in rare cases of Indian tribes. While America was creating and evolving its own music, alien artists presented us with the works of their native masterpieces. "Because we did not respond to it as did their own countrymen, we have frequently been accused of not appreciating 'good music.' But now that America has a music all its own, the absurdity of this idea is obvious!"  
Music-Mad  
"Today as a nation, America is music-mad but highly discriminating. In fact, all the civilized countries of the world are borrowing this rhythm which we have created. Many of our popular numbers will be classics of the new generation."  
"I am playing a record this year, 'You're A Real Sweetheart,' which I predict will live as long as the folk dances of Hungary and the coal-miner songs of Wales. It has 'it!'"  
Charlie Fry has a vivid family background for his own career as a foremost interpreter of modern American music. His grandfather was first violinist for Joseph Haydn and one of the first to attempt to take native American music seriously.

## Along the Way

Engaged that Thanksgiving turkey yet?

A certain party whose turk flew out on him last year says he's going to get a dressed one next time.

Funny thing about money. Some people have it to burn and others freeze onto it.

Misery doesn't love company when it's the company that's causing the misery.

In politics the dark horse sometimes turns out to be a white elephant.

Maybe it's called Dame Rumor because, womanlike, it always has the last word.

"There's a darn smart man" is synonymous to "There's a fellow who agrees with me."

Man proposes—but generally only after the woman has tangled him up so there's no escape.

Some people have such great respect for the truth that they keep emphatically away from it.

The happy man is he who knows how to get along with what he has and without what he doesn't have.

The pallid look on the groom's face may not be due so much to the solemnity of the occasion, dearie, as to the whoopee of the night before.

The speaker who is always injecting funny stories into his after dinner stories must feel awfully flat when broadcasting over the radio.

The optimist is the sick physician who thinks some other doctor's pills will cure him.

Isn't it about time for someone to predict what kind of a winter we're going to have by the length of the squirrel's fur?

It used to be that every boy wished his father would buy a candy store or an ice cream parlor, but now they want him to buy a filling station.

WOMAN IS PRIZE LIAR  
Now comes a new kind of competition—the "biggest liar" contest. Not that competitive lying is new but it is an innovation to award prizes for prevarication.

At one of these contests held in Collinsville, Ill., recently the first prize of \$20 was won by a woman, and a newspaper woman at that, and newspaper people particularly will appreciate that she was justly entitled to the honor.

The winner, Miss Ernestine C. Smith, of the Columbia Star, told that in all her years of writing obituaries, wedding stories and other social items she had never deviated from the truth in the slightest degree.

And if anyone thinks that isn't a whooper, let him tell one.

## Largest Perfect Jade Selected for China's Seal

Shanghai.—The largest piece of perfect "flesh-colored" jade known to be in existence is to be carved into the new seal of the republic of China. This piece of jade, five inches thick, seven inches long and a little more than five inches wide, has just been found in far-off Sinkiang province. It has been purchased by Gen. Chin Shujen, chairman of the Sinkiang Provincial council, and by him has been presented to the Nanking government.

## Eat Horse Meat

Budapest.—Horse meat has become a staple among the poor of Hungary since the war, although before that there was not one butcher shop in the country where one could obtain it. Several thousand army horses were slaughtered this year to provide meat for poverty-stricken homes.

## Girl Chases Bear Believing It a Dog

Ashland, Wis.—Mothers caught up their children and fled in terror from a large decidedly wild black bear which roamed about Ashland, Wis., for half an hour. Men seized rifles to protect families, but it remained for six-year-old Hilda Anderson to play the role of heroine. Hilda, thinking the bear was a big woolly dog, ran after it. Becoming as frightened as the populace, the bear turned tail and dashed into the woods.

## a revolutionizing Motor Oil, a new principle and a Challenge

### the Challenge

Several years ago, the exclusive North American patent rights on the Germ Process were acquired by this Company. It was evolved and patented by two British scientists after exhaustive chemical and physical laboratory tests.

Germ Process oils were revolutionary in that they met every requirement, through special characteristics, for each type of internal combustion motor. These scientists, by the Germ Process, eradicated the prevalent weaknesses existing in motor oils regardless of their base.

This Company has made innumerable laboratory and road tests, under every conceivable condition, over the past seven years, and we are now prepared to state definitely that your motor oil problem is solved by the Germ-Processed Motor Oils.

By comparison, our tests prove that the "Germ Essence" creates the only safe motor oil under all conditions and at all times operates at the highest obtainable efficiency.

We are now prepared to meet any challenge of competitors. I confidently believe that Conoco Germ-Processed Paraffin Base Motor Oils are superior to any other motor oils made from any crude by any process.

More than twenty thousand outlets are now prepared to offer to the public such a motor oil for the discriminating buyer, and for a technical problem which has always been recognized but not solved until now.

*J. M. Moran* President.  
CONTINENTAL OIL COMPANY

### Here are our Claims for Conoco Germ-Processed Motor Oil—Check against the oil you are now using

- Under the Germ patents . . . exclusive to CONOCO for North America . . . there is imparted to CONOCO Germ-Processed Motor Oil an "oiliness" which is responsible for its greater lubricating value, greater film strength, greater penetrativeness, greater adhesiveness, greater tenacity, greater permanence, greater stability, greater stamina and a more nearly perfect compression seal than any other oil on the American market. Because of this affinity for metal—this actually combining with the metal itself, CONOCO Germ-Processed Motor Oil never leaves the bearings. Where other oils drain out and leave the surfaces dry, Germ-Processed oil penetrates the metal surfaces, forming a film that adheres for months. This "carry-over" film—this always present film gives ample lubrication to all parts needing it when a cold motor is started, until such time as oil from the crank case can reach them.
- This remarkable and exclusive feature of CONOCO Germ-Processed Motor Oil is reinforced by the fact that these oils are refined from only carefully selected paraffin base crudes by the most modern and scientific methods known to the petroleum technologist. Patented processes are used to remove all objectionable elements, leaving a perfectly balanced, stable product that is 100% lubricating oil. Thousands of tests demonstrate its remarkable resistance to corrosion. The majority of motor oils never receive this degree of refining. None ever exceed it.
- Increased gasoline mileage and improved motor performance are realized through the use of this new oil. The exclusive CONOCO Germ Process so adds to the "oiliness" of this lubricant that metal-against-metal friction is eliminated, even in motor starting after all oil ordinarily would have drained from the motor into the crankcase. The perfect sealing qualities of the CONOCO fracture-proof film insures a high compression efficiency that results in greatly increased motor performance. Marked improvements in power, speed, acceleration and flexibility are noticeable.
- Due to the Germ Process and the selected premium paraffin base crude stocks used, CONOCO Germ-Processed Motor Oil positively does not break down under the most intense cylinder wall heat. A climb, high speed, heavy load, temperature extremes—none of these strains cause the oil to heat sufficiently to actually burn, break down or evaporate to any appreciable degree. By comparison with many oils on the market, you may confidently expect a saving in oil consumption up to 50%.
- Automotive engineers agree that 40% to 60% of all motor wear occurs during the starting period. This destructive wear is definitely reduced by the use of CONOCO Germ-Processed Motor Oil. Ordinary oil, thinned by heat and dilution, drains down past the piston rings when the motor is stopped, leaving little or no protective film. On starting the motor, a considerable time is required for the oil to reach all bearings and working surfaces. Under adverse conditions, such as winter temperatures, this time may be from 15 to 20 minutes or even longer. Since CONOCO Germ-Processed Motor Oil never leaves the bearings and working surfaces, it is always there under any and all conditions to provide needed lubrication until the normal supply of oil arrives.
- Unlike other oils, dilution does not impair the "oiliness" value of CONOCO Germ-Processed Motor Oil.
- CONOCO Germ-Processed Motor Oil retains its fluidity at sub-zero temperatures. No practical operating conditions in winter will affect its immediate lubricating value at the first touch of the electric starter.

We invite you to enjoy the many additional miles of pleasure your motor car owes you by using this amazing new motor oil regularly. You will find it today at all stations displaying the CONOCO Red Triangle.

## CITY FIREMAN TELLS OF RELIEF AFTER SUFFERING

### "ORGATONE HAS BROUGHT ME BACK," HE SAYS

"My main trouble was indigestion," said Mr. J. E. Harrison, prominent and well known fireman Station No. 6, and who resides at 1008 Speight Street, Waco, Texas, while telling of his experience with Orgatone.

"My stomach seemed to be out of order most all the time. I could never eat just what I wanted, for some foods, even the very lightest would disagree with me. Most all I ate would sour on my stomach and gas would form causing those awful indigestion pains. They were so bad at times I could hardly stand. I was always constipated, and nothing I tried seemed to correct this trouble.

"Well after suffering four months with this trouble I decided that I must get some relief some way. I noticed that Orgatone was highly recommended for such troubles as mine, and after having a friend recommend it to me personally, I bought a bottle and started using it. Well it was a lucky break for me, for it has surely done the work. I now eat like I used to, and do not have to think of the suffering I must have to do afterwards, for there is no suffering to be done now. I am not bothered with constipation as I was. I have just finished my second bottle of this wonderful medicine, and am very glad for the opportunity to recommend it because of the good it has done me. I would like to tell everybody it is certainly a good medicine."  
Genuine Orgatone may be obtained at Oates Drug Store—Adv.

### No 1314 In Bankruptcy

#### Notice of Bankrupt's Petition For Discharge

In the District Court of the United States for the Northern District of Texas.

In the matter of Martins Drug Store, a copartnership composed of John William Martin & James Mason Martin as a copartnership and as individual bankrupts.

### OFFICE OF REFEREE

Abilene, Texas, Nov. 16, 1929. Notice is hereby given that Martins Drug Store, as aforesaid, of the County of Haskell, and district of Kansas, did, on the 26th day of November 1929 file in the clerk's office of said Court, at Abilene, a petition setting up that he has been heretofore duly adjudged a bankrupt under the act of Congress approved July 1, 1898; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the Court touching his bankruptcy, and praying for a full discharge from all debts provable against his estate in bankruptcy, save such debts as are excepted by law from such discharge.

On considering the above mentioned petition, it is ordered that any creditor who has proved his claim, and other parties in interest, if they desire to oppose the discharge prayed for in said petition, shall, on or before the 30th day of December 1929, file with the Referee for the Abilene Division of said district, a notice in writing of their opposition to a discharge in the above entitled cause.

D. M. OLDHAM, Jr., Referee in Bankruptcy.

Citation by Publication. The State of Texas. To the Sheriff or any Constable of Haskell County—Greeting:

You are hereby commanded, that you summon, by making publication of this citation in some newspaper published in the county of Haskell if there be a newspaper published therein, but if not, then in a newspaper published in the nearest County to said Haskell County, for four consecutive weeks previous to the return day hereof, James McCauley whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be held in the County of Haskell at the Court House thereof, in Haskell, Texas on the 6th day of January, A. D. 1930,

then and there to answer a Petition filed in said Court, on the 6th day of November, A. D. 1929, in a suit numbered on the Docket of said Court No. 4011, wherein Pearl McCauley is plaintiff and James McCauley is defendant. The nature of the plaintiff's demand being as follows, to-wit:

Suit for divorce on the grounds of cruel treatment of such a nature as to render their living together as husband and wife insupportable. Plaintiff alleging that the Defendant is guilty of excessive cruel treatment, and outrages toward Plaintiff. Defendant drank to excess, frequently cursed and abused the Plaintiff and on one occasion struck Plaintiff on the head with a beer bottle. Plaintiff sues for her former name and for cost of suit. Herein fail not, and have you before said Court, on the said first day of the next term thereof, this writ with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at the office in Haskell, Texas, this 6th day of November, A. D. 1929.

L. L. Earnest, Clerk District Court, Haskell County, Tex.

day. I thought I would have to give up my business, which would have cost me thousands of dollars.  
"Six bottles of Sargon made me like a different man. If I have an ailment left I don't know it. My appetite is keen, all trace of stomach trouble is gone, and I sleep like a top. I've gained seven pounds and feel as well and strong as I did 25 years ago. I go to my office every morning ready for a real day's work. It's a pleasure to endorse this remarkable treatment."—David S. Beekman, President Beekman Steel Fence Co., San Francisco.

### EXPERT SEES DANGER TO COCONUTS MARKET

Destruction of the market for Texas coconuts may result within the next five years unless something is done to curtail free importations of Philippine Island vegetable oil, according to Clarence Ousley, former assistant secretary of the U. S. Bureau of Agriculture.

In a comprehensive study of the cotton industry of Texas and its potential competitive commodities Mr. Ousley discovered what in his opinion, formed one of the greatest obstacles to economic independence of the Texas farmer.

### PRESIDENT OF FIRM ENDORSES SARGON

"At the age of 79 I'm still active in business, and I attribute my splendid energy and vitality to Sargon. I believe it added years to my life.

DAVID S. BEEKMAN

"Before I took Sargon my health had been failing steadily for five years. What I ate soured almost as soon as it reached my stomach. My nerves were all to pieces and I hardly ever got a good night's sleep. I was continually bothered with constipation and biliousness. I tried many medicines but kept losing weight and getting weaker every

"Official figures show that within the next five years the free importations of coconut oil from the Philippines will be equal the total production of cottonseed oil in Texas and other cotton producing states." Mr. Ousley said.

"This expansion of the Philippine coconut oil industry appears inevitable in view of the fact that at this time less than two percent of the arable land of the Philippines is under cultivation. In addition, land is easily acquired under Philippine law by individuals or corporations, labor is astoundingly cheap and, under this regime, profits are great.

"Profits upon coconut plantations cultivated according to modern scientific methods are about 45 percent annually upon the investment after the first five years of waiting for the trees to come into bearing, and experience proves that the trees reach their maximum fruitfulness within 10 years and maintain it for at least 100 years."

With such potential expansion and such a margin of profit Philippine coconut oil production under the present American tariff policy promises competition with cottonseed

**Glad Girls Bible Class of Baptist Sunday School.**

Mrs. I. N. Simmons, teacher of the Glad Girls Bible Class of the Baptist Sunday School entertained the young ladies in her home last Tuesday evening November the 12th, with a pot luck supper. Yellow chrysanthemums made the entertainment rooms very attractive. All of the old favorite games were played and then a puzzle was given to each, this was to be the first to spell correctly all of the jumbled names of fruit and vegetables in the list. Miss Clara Lampkin proved to be the most efficient in this contest and was given a prize, a turkey contest came next and Miss Elsie Bradley was the lucky one in this game. Radio music completed the evening's entertainment. Due to the inclement weather only a small percent of the class membership was present, these were: Eula Lee Quattlebaum, May and Faye Free, Mrs. Harry Edwards, Eudora Bradley, Vera Thomas, Elsie Bradley, Clara Lampkin, and the teacher and her family. Listen girls, there's a secret to be shared, something's up, don't fail to be present next Sunday morning, at 9:45.

compared at the piano by Mrs. D. L. Cummins. Little Miss Jeane Conner gave two appropriate readings.

The white elephant sale created a great deal of enthusiasm and interest and a nice sum of money was realized from the sale. Mrs. Ted Blessingame acted as auctioneer in the sale. The guest of honor was Mrs. Mary Bryant who has been adopted by the circle as the minister's wife to do special favors and kindnesses for Mrs. Bryant was lead to the seat of honor, which was beautifully draped in lavender and a basket of ornamental and useful gifts were presented to her as a love token from the circle. The meeting was closed with prayer by Mrs. Scott Green and the next meeting of the circle will be in Mrs. Green's home December the 9th. Members present Monday were: Mesdames Jim Gilstrap, W. L. Norton, R. J. Reynolds, John Ellis, Vaughn Bailey, R. E. Dehard, W. C. Williams, L. F. Taylor, D. T. Cowley, K. D. Simmons, Boyd Reid, H. C. Cate, guests were: Mrs. Scott W. Green, Mrs. B. M. **Legal Enactments for Settling Public Lands**

During the existence of the government under the Articles of Confederation, congress on September 6, 1780, passed a resolution recommending the survey and disposal by the several states of their waste and unappropriated lands to aid in paying the public debt incurred by the War of the Revolution. In the beginning these lands were regarded as an asset for the payment of this debt. The earliest efforts were to sell the land in large blocks and prior to the organization of our present government, congress made three such sales. On June 15, 1785, congress under the Articles of Confederation passed a resolution forbidding settlement on the public domain. The act of March 3, 1807, prohibited such settlement under penalty of forfeiting any right or claim a settler may have, and the President was authorized to use civil and military force to remove such persons from the lands. Certain exceptions were made in favor of those who had settled there before the passage of the act, and later, for those who had settled before February 1, 1816, a privilege of temporary occupancy was given. From time to time acts were passed providing for the pre-emption rights within certain areas and subject to varying conditions.

**Identify Biblical City Destroyed by Joshua**

It was some two hundred and fifty years before the wooden horse was pulled into ancient Troy that Joshua brought the sun to a halt upon Gibeon and the moon in the valley of Ajalon. Joshua's military successes against the five kings of the Amorites and the kings of Jerusalem, Hebron, Lachish et al. were so astounding that Jabin, the king of Hazor, was moved to send word to the various kings nearby, and to the Canaanites, Hittites, Jebusites and Ilvites, to mobilize against the upstart newcomer and his Israelites. But, at the waters of Merom, Joshua and his forces "smote them and chased them into great Zidon . . . until they left them none remaining." Then Joshua returned and took Hazor, "the head before-tines of all those kingdoms," and burned it alone of all the cities he captured; the rest he destroyed, but not by fire.

More than three thousand years has Hazor paid the penalty of oblivion, but now like the fabled phoenix it has risen from its ashes. It has been discovered and identified by Garstang, the great British authority on the Ilvites, who for many years has been the director of the British school of archeology in Palestine.

**Incident Gives Proof of Reason in Insects**

Students of nature, we are told, are familiar with instances of an animal making efforts to protect another, when in danger. Here is an example: The worm, about five inches long, was proceeding across a path; the beetle, jet black and resembling a caterpillar, was seen running around it and jumping upon it in a state of great anxiety. As the observer came near the beetle withdrew to shelter, and the worm proceeded on the path, which was plainly the path of danger. But the self-sacrificing beetle could not bear to see a fellow-creature running such risks. It rushed again to the worm, seized it by the head, turned it around, and conducted it tenderly to a hole in the ground, into which, gratefully, we hope, it at once retreated. That worm on the open path might at any moment have been picked up by a keen-eyed blackbird. It probably owed its life to the disinterested efforts of a friend.—Montreal Family Herald.

**Shadow**

A young Irishman went in to the minister and told him, with a very long face, that he had seen a ghost. "Where and when?" asked the pastor.

"Last night," said the timid man. "I was passing the church, and up against the wall of it, did I, without the shadow of a doubt, behold a specter."

"In what shape did it appear?" inquired the pastor.

"It appeared in the shape of a doberman," replied the man.

"Go home and hold your tongue about it," replied the minister. "You are a very timid man and have been frightened by your own shadow."—Vancouver Province.

**Preserve Memories of Japanese Quake Dead**

A method of preserving the names of 104,019 victims of the great earthquake of September 1, 1923, was perfected by Hideo Nagata, former mayor of Tokyo.

These names were sealed tightly in a special container and buried beneath a tower on the sacred Mount Koya, where generations of descendants may revere the memory of those who perished in the catastrophe.

Special paper was used to bear the names, 100 to the sheet. Rolled into scrolls, each sheet was metal bound at the center and ends and wound with black and white silk mourning ribbons. All the scrolls were placed in a special crystal jar a yard and a half in diameter and a foot high, made airtight to prevent decay. These were placed in a lead casket surrounded with a packing of carbonium as protection against deterioration.

**Old Weather Proverbs**

The fifth month has a singular wealth of weather proverbs, due attention to which may, or may not help to count a cloud till May is out. "A swarm of bees in May is worth a load of hay," we are instructed; also, that "The birds are good when dipped in May flood"; that "A cold May and windy, makes a fat barn and busy"; and that "Mist in May and heat in June, make harvest come right soon." From which it may be gathered that the old time prophets backed both ways, and were able, whatever old weather came along, to say, "I told you so."

**And All but One Laughed**

Speaking of the law reminds me of a story about a lawyer who was cross-examining a witness:

"You say the fence was about 14 feet high, and you were standing on the ground—not mounted on a ladder or anything."

"I do," responded the witness.

"In that case," said counsel "perhaps you will be good enough to explain to the court how it was that you, a man of five feet four, could see what happened on the other side of a fence 14 feet high?"

"Certainly," chirped the witness snively. "There was a knot hole in the fence."—Kansas City Star.

**Minimum Motion**

A traveler from southern California tells me of a Mexican gambling game—familiar, perhaps, to many of you who may be interested in such matters—in which each player places on the table a lump of sugar, and the lump of sugar on which a fly first alights indicates the winner of the stakes whatever they may be. A charmingly restful game, I should say, for the most part. And yet the exercise incidental to putting in and withdrawing the money must be somewhat fatiguing.—D. H. Talmadge in the Portland Oregonian.

**Venerable Newspapers**

Germany leads the world in the number of daily newspapers published continuously since the Seventeenth century. There are nine of these still in existence. The oldest is the Masdenburgische Zeitung, founded in 1023, and hence more than three hundred years old. The oldest daily in the United States is the Hartford Courant, which observed its one hundred sixty-fourth birthday. Germany also leads in the number of daily newspapers. It has 3,257 to the 2,272 in the United States. The population of Germany is just half that of the United States.

**Odd Topic of Discussion**

There is a story of the late Earl Rosebery which gains peculiar significance through his death. One night at dinner he was observed in deep conversation with his partner, paying no attention to any other member of the company. In the smoking room his host rallied him upon his undivided attention to the lady in question, suggesting that they must have found a topic of absorbing interest. "We did, indeed," replied Lord Rosebery, "we were considering what it must feel like to be dead."

**Daylight Saving Time**

Summer time, says a correspondent in the Edinburgh Dispatch, is not an institution of yesterday nor of man. For verification of this refer to the Bible—Isaiah, chapter 38, verse 8. The verse is as follows: "Behold, I will bring again the shadow of the degrees, which is gone down in the sun dial of Ahaz, ten degrees backward. So the sun returned ten degrees by which degrees it was gone down."

# "The Trespasser" First Sound Attraction Here

## Gloria Swanson Stars in All-Talking, Singing Bill at The Texas Friday Night

Remember the roles that established Gloria Swanson as the "best-dressed woman in the world?" Ever wonder how Gloria Swanson was going to sound in talking pictures?

These and kindred queries will be answered at the Texas Theatre next Friday and Saturday when Miss Swanson makes her debut from the audible screen in "The Trespasser," her first all-talking picture for United Artists, written and directed by Edmund Goulding.

In a part said to be the most dramatic she has yet essayed, Miss Swanson at the same time reveals a wardrobe that is even more modish than any she has worn in the pictures which earned her sartorial distinction.

And Miss Swanson speaks and sings from the screen for the first time! Her voice is rich and well-modulated, it is declared; she not only talks in all the scenes in which she appears, but in addition sings two songs in the United Artists picture. One of them, "Love," was composed especially for her by Edmund Goulding, author and director of "The Trespasser."

### Cast

Gloria Swanson—Marion Donnell.  
Robert Ames—Jack Merrick.  
Purnell Pratt—Hector Ferguson.  
Henry B. Walthall—Fuller.  
Wally Albright—Jackie.  
William Holden—John Merrick, Sr.  
Kathleen Frederick—Miss Potter.  
Ray Hammond—Catherine "Flip" Merrick.  
Mary Forbes—Mrs. Ferguson.  
Marcella Corday—Blanche.

### The Story

Marion Donnell, stenographer for Hector Ferguson, Chicago corporation lawyer, elopes with Jack Merrick.

On the third day of the honeymoon, wealthy John Merrick senior, convinces Jack that he should obtain a quiet annulment, and arrange a dignified wedding at a later date. The father's real motive is to get rid of Marion and have Jack wed "Flip" Carson, a girl of his own set. Marion, enraged at Jack's approval of his father's plan, leaves him abruptly.

A year and a half later, Marion is the mother of baby boy, living in a cheap apartment, and at work in the Ferguson offices to which she has returned. Marion still stubbornly refuses to seek assistance from Jack, who does not even know of the baby's existence. When she reads of Jack's marriage to "Flip" Carson in France, however, she seeks aid from Merrick senior, who ignores her while hastily departing for France, where Jack's bride has been seriously injured in an auto crash.

Suffering a nervous breakdown, Marion is induced by her employer, Ferguson, to take a rest with the baby in the country. Although his attitude suggests nothing but the tenderest solicitude for the girl, his face reveals a much deeper interest when she accepts the offer.

Three and a half years later, Marion is found to be owing in a luxurious apartment. Awaiting Ferguson, who is to meet her on the spot, she receives a note that he is coming. She is sure now to see Ferguson home by Mrs. Ferguson. While the two women stand face to face in the doorway, Ferguson proclaims his love for Marion. But Marion pleases Mrs. Ferguson's hand in her husband's hand, Ferguson has followed it in Marion's life, she has been.

Ferguson has yielded a half million dollars to Marion who surrenders the best, fearing that if she were a soundly married woman her child. However, she calls Jack Merrick to gain for Jackie the possession of the name to which he is entitled. Then, fearing the Merricks will take Jackie from her, she attempts to send Jack away. But the child runs into the room and Jack learns the little fellow is his own son. He is overjoyed.

Merrick senior, threatens to take Jackie from Marion by law. She responds by forcing Jack to acknowledge his love for her. The two plan to run away, with Jackie, in the morning.

The Merricks, father and son, quarrel while Marion is packing. "Flip" Merrick shrewdly surmises the issue. She goes to Marion and begs her to take Jack, Marion, deeply

moved, forces herself to say she does not love Jack. Jack, arriving while "Flip" is in the nursery with Jackie, is convinced by Marion that he must remain loyal to his crippled wife. And after they leave, Marion sends Jackie to them, thus sacrificing her dearest possession on the altar of love.

In New York, later, the Merricks, father, son and grandson, stop at a hotel enroute to Europe. Flip has been dead a year. As young Merrick dictates a letter by phone to the hotel stenographer, he recognizes the stenographer's voice as Marion's. Jack dashes to her side, and in a moment later the two are reunited.

### INTERESTING NEWS FROM THE O'BRIEN SECTION

The weather has been so unfavorable for the last month that the farmers haven't finished gathering their crops. We hope that it will be fair for a while now.

Mr. Coot Thomas was here last week-end.

Lendon LaDuke went to Amherst last week to work.

Bacyle Barnett took his mother, Mrs. C. G. Barnett and Lynnell to Amherst Saturday where they will stay for the winter.

## Inventor of the Phonofilm

DR. LEE DEFORST

Dr. Lee DeForest, inventor of Phonofilm and chief of engineers of General Talking Pictures Corporation, is one of the best known of American inventors. He is recognized as the supreme authority on long distance communication. He has been named to the French Legion of Honor, and has been awarded both the Elliott Cresson medal and the John Scott medal. These last two honors, the most coveted recognitions in scientific circles, were both accorded him for his invention of the audion amplifier, the only method of unlimited sound amplification. The audion made the talking motion picture possible for it provides the undistorted volume required for a theatre. Every loud speaker radio also employs the audion, and it is used on all long distance telephone lines.

## To The Public

We take a great deal of pride and pleasure in offering sound pictures to the citizens of Haskell and the surrounding country.

The DeForest Phonofilm, which we have installed, is the product of Dr. Lee De Forest, father of radio and reproduction of sound from film. It is of the highest quality, and we invite comparison with any sound system you have heard in any other theatres.

Now! You will be able to see and hear the greatest variety of high class entertainment ever offered the American Public. Broadway is brought right to your door. Now you will be able to hear as well as see your favorite stars. They will talk and sing for you as the choicest stories of the masters unfold before your eyes. You will hear Gloria Swanson and all the other big names you've read of, but which have been available only to the big city theatre goes.

Your real entertainment starts when you have first heard Phonofilm.

**Mr. and Mrs. Raymond Lusk Honored With Shower At Baptist Church.**

On last Friday night there was a lovely shower party in the basement of the First Baptist church for one of the season's bride and groom, Mr. and Mrs. Raymond Lusk. This courtesy was a special favor because both Mr. and Mrs. Lusk are members of the church orchestra and the entire church appreciate the splendid music furnished from Sabbath to Sabbath by this orchestra. The Meacham Band was present also as honor guests. Bowls and baskets of yellow chrysanthemums made a bright and beautiful setting for this happy occasion. As the guests arrived they were invited to register in the bride's book that was presided over by Miss Fay Free. For a while games were played and then the band rendered several popular selections and Frances and George William Fouts gave readings.

Rev. H. R. Whatley gave a special toast to the bride and groom and presented them with the first gift, it was a rolling pin and spoke eloquently of whom Rev. Whatley considers "boss" in the home. Then little Miss Evelyn Sue Quattlebaum and J. W. Holland brought in a basket full of gifts that were both ornamental and useful and turned it over to the honorees as they sang a little song. Wafers and tea was served to Messrs. and Mesdames N. J. Ivy, J. E. Walling, Walter Franzer, Tom Holland, Ed Fouts, Charlie Quattlebaum, Horace Oliver, W. L. Bruton, Eugene English, John B. ## Of Interest To The Progressive Farmer

### WOMAN WINS TON LITTER CONTEST MEDAL

**Bedias**—Believed to be the first woman in Texas to successfully finish the state ton litter contest. Mrs. Maggie Shanks, Grimes county demonstrator working with County Agent W. I. Ross, has made a litter of 10 grade Duroc Jersey pigs weight 2383 pounds at the age of five months. For this feat of quickly producing the ideal size hog according to packer standards she will receive a medal and perhaps other prizes awarded by a leading Texas farm journal.

Mrs. Shanks fed her pigs a balanced ration of corn meal, protein supplement and a little skim milk in the ratio of two parts corn meal to one part protein supplement. They were fed in a creep and ran with the sow until they weighed at 50 days, when they weighed 412 pounds. Every ten days Mrs. Shanks weighed the litter and on the 130th day the ton mark was reached. At 140 days the pigs averaged 225 pounds each, considered the ideal packer size.

It cost \$35.52 to feed the sow until the pigs were weaned. Mrs. Shanks says, and \$133.22 to feed the pigs from weaning time until they were sold at the pen for meat purposes for \$242.95. The cost of live weight of these pigs when sold was slightly more than seven cents per pound which is considered economical production. Her net profit above feed cost amounted to \$44.21.

### Finda Manure Profitable

**Colorado**—Barn yard manure has increased the yield of milo maize 525 pounds per acre in a demonstration carried on by Carroll Smith of the Buford 4-H club in Mitchell county. Half an acre was left undertilized and the other half covered with five loads of about 1000 pounds of well rotted manure, applied before bedding last spring. Pure line maize seed was used on both plots. The manured half fired more during the 90-day drought but yielded 1249 pounds of heads against 987 pounds on the half acre unfertilized. The land was deep sandy loam.

### Native Plants Add Charm To Kerr County Homes

**Kerrville**—Native shrubs have played a prominent part in the four-year yard improvement contest in Kerr county in which 102 home yards were beautified, 46 of them being entered in the contest. The work has been done by home demonstration club women aided by Miss Veta Culpepper, home agent, and in co-operation with local civic and commercial organizations.

Such evergreens as cedar, agarita berry and mountain laurel were used in this Kerr county landscaping, and other native shrubs including redbud, buckeye, and sumac were also transplanted from the woods. Honeysuckle and many kinds of cactus were used.

Rock walks, fences, porches, columns and steps were built in many places out of the beautiful native rock that abounds in the Hill Country, illustrating the beauty and economy of using material that is at hand.

The total cost as given by the 46 contestants amounts to about \$300, not counting the time of friends or members of the family, nor material on hand. No records were kept on the other yards improved as a result of the contest.

### Home Mixed Feeds

**Beaumont**—C. T. Heisig, dairy farmer at Hamshire in Jefferson county, has secured a mill for grinding his own feed and plans to grind the product of 155 acres of hegari, peanuts, soy beans and cow peas as a basis for home grown and home mixed dairy rations.

### Cultivation and Dusting Saved Crop

**Orange**—A yield of more than half a bale to the acre on his entire cotton acreage worked by French tenants is announced by E. C. Settleff of Orange county as a result, he says, of following the suggestions of R. R. Morrison, county agent, in handling the crop after the boll weevil arrived last June. About to abandon the crop, he changed his plans according to suggestions and cultivated shallow with large sweeps and shovels and dusted the crop twice with calcium arsenate. The shallow cultivation was continued at 10-day intervals until harvest.

### Rugs Cheaply Made

**Coleman**—A rug worth \$10 or \$12 has been made for 40 cents by Mrs. F. Hamilton who weaves it out of burlop furniture shipping covering obtained free from a store. The dye cost 30 cents and thread 10 cents. Another home demonstration club woman taking part in the Coleman county rug campaign by the home demonstration agent is Mrs. S. A. Moore, who has made a wool rug out of old trousers at a cost of 12 cents for thread.

### Club Girl Reports Profit

**Cooper**—A Delta county club girl has reported to Miss Anna Mae Russell, home demonstration agent, a net profit of \$179.78 for her year's work. She is Malvin Whitaker, and \$145.83 of her income was from a flock of White Leghorns raised from chicks this year. She now has 40 pullets and four cockerels on hand. Canning brought this girl an additional \$21.45 and sewing \$9.50.

### Lubbock Club Girl Has Good Report

**Lubbock**—Nearly \$100 was made the past season by Lura Barton, second-year 4-H club girl from Grovesville in Lubbock county. In her report to Miss Louise Baird, home agent, Lura shows net profits of \$38.50 on her poultry flock, \$37.20 on canning from her garden, and

has done \$8 worth of sewing for herself, as well as improved the home to the extent of \$1075. In last spring's bed room improvement contest for club girls in this county, Lura won first place among 49 entries.

Mr. and Mrs. Berle McKee of Miles, returned to their home Sunday after a fortnights visit to her father, Dr. O. M. Guest.

Amos Kemp and Glenn Marra, students of Randolph College, Casco, were home visiting relatives and friends last week end.

## Haskell Baptists

### Why Baptists Vote On Prospective Members

1. The authority to transact business is vested in the church. The key is used in scripture as a symbol of authority. The man who carries the key has authority to open and shut. Peter received the keys of the kingdom in behalf of the church. We find in Matt. 18:17, 18, the church is commanded to exercise authority. Christ declared that the actions of the church would be recognized in heaven. If lodges think it necessary to vote on members, surely churches should protect themselves with the same right.
2. The action of the Jerusalem church in Acts 1:21-26, shows that authority was vested in the church. When one was to be chosen to take the place of Judas, two men were nominated, a prayer was offered for divine guidance and the church, composed of a hundred and twenty members, voted. The majority of votes were cast for Matthias.
3. In Acts 6:16, where the first deacons were ordained, the church selected the men. After the selection had been made an ordination service was held by the apostles. The apostles recognized church authority.
4. In I Cor. 5:15, Paul urges the church to turn out a wicked member. He suggests it would be a good thing to turn him over to Satan. This man needed a real sifting, so if there was anything good about him it could be found. A sheep turned out of the fold will want back, but a goat will drift further away. If the church had a right to turn a member out, the church has a right to take a member in.

Necessity always changes things as it did when David ate the shew bread. If a preacher should have a convert in some distant place where there was no church, he should baptize the young convert without the authority of a church. Like Paul, he can be accepted by the church at a later time.

### A. K. (DAD) SHORT ADDRESSES LION CLUB MEMBERS

Members of the Lions Club at the regular meeting last Thursday heard with interest a talk dealing with the value of terracing, made by A. K. (Dad) Short of Houston, Soil and Water Conservation Agent of the Federal Land Bank. The speaker stressed in a graphic way the need for terracing, stating that "any land that will not be benefited by terracing should be ditched to drain off the surplus water," or in other words, that all land except that which is water-logged would derive benefit from being terraced.

### Farm Notes By Joe C. Williams County Agent

Every day some men come into the county agents office and want to know when I can go out to their place and terrace the land. I am making every effort possible to reach all that come in and let me know they have land to terrace. We are getting ready for the county wide terracing campaign at the present time. We have signed for 11,600 acres to be terraced in Haskell county. The dates for terracing schools with the community and farm are given below and all who are interested in terracing are invited to attend one of these two day Free Terracing Schools for farmers. It is very important that you attend the two full days in order that you will learn all about the terracing instruments in every way.

Dates for schools:  
Nov. 21 and 22—T. F. Parks farm, Ballew community.  
Nov. 23 and 24—Frank Simmons farm, Post community.  
Dec. 3 and 4—Clyde Gordon farm, Rose community.  
Dec. 5 and 6—C. A. Thomas farm, Pleasant Valley community.  
Dec. 12 and 13—J. C. Montgomery farm, Howard community.  
Dec. 17 and 18—L. C. Phillips farm, McConnell community.  
Dec. 19 and 20—J. C. Lewellen farm, Roberts community.

Twenty-five men met Thursday to arrange for community terracing schools to be held in each community of the county. Over 11,000 acres were signed up for terracing and more continues to come in daily.

We have set 50,000 acres to be terraced as the goal of Haskell county. Indications are that we will reach that figure and more before the season is over.

### INDIANS HELD SCORELESS WHILE STAMFORD ACCUMULATES 21 POINTS

The much-touted Indians, contenders for district honors in the eastern half of this section, met inglorious defeat at Stamford, Monday, when the Stamford Bulldogs literally "snowed 'em under" to the tune of 21 to nothing.

The Indians were the favorites to win by disinterested observers, but somehow, somehow—they didn't. Seemingly the Bulldogs just had the better team, and in that case should have won.

The game was witnessed by a large crowd, a number of Indian supporters journeying along with the team. The defeat Monday practically eliminates Haskell from the district championship race, with the exception of a tie game between the leading teams which might put the boys back into the race. However, the game Monday is now history—the boys must work and hope for a win next time.

### R. V. Robertson Co. Announce Semi-Annual Sale

R. V. Robertson Company, one of the oldest mercantile establishments in this city, announce this week the opening on, Friday Nov. 22nd, of their semi-annual Clearance Sale. ### Car and Garage Destroyed in Fire Thursday Morning

The garage at the home of J. W. McKnight in the north part of town was destroyed by fire of undetermined origin Thursday morning about 10 o'clock. A Chrysler automobile in the garage was also burned, both the car and the garage being practically a total loss. The loss is partially covered by insurance.

No one was at home at the time, according to Mr. McKnight, and it is not known how the fire could have started. The fire department made a quick run to the scene and extinguished the flames, saving a part of the garage walls.

### What the Livable Living Room Should Have

1. Plenty of sunshine and fresh air, cozy and cheerful.
2. Plenty of natural and artificial light at every center.
3. A finish easily cleaned.
4. A restful yet cheerful color scheme.
5. Some designs in the furnishings but not too many.
6. An efficient heating system.
7. Furniture that provides for the comfort, convenience, pleasure of all their activities.

### SEVEN AND HALF YEAR SENTENCE GIVEN JOHN MIX

John Mix, who was arrested by local officers several weeks ago on complaints of abduction, kidnaping, and a statutory offense, was convicted in District Court at Aspermont last week on a statutory charge growing out of the Haskell county offenses, and was given a penitentiary sentence of 7 1/2 years.

Mix was returned to the county jail here Tuesday, where he is being held for safe-keeping until his transfer to the penitentiary, according to Sheriff W. T. Sarrels.

Miss Gladys Kennedy of Weisner is spending this week with her uncle J. F. Kennedy, of this city.

### Courtney Hunt And Grissom's To Consolidate

A double-page advertisement in this issue heralds the opening Friday morning of a great Consolidation Sale, starting jointly at the Courtney Hunt & Co. and Grissom's Store, two of the leading dry goods stores in this section. Announcement is made that these two stores will be consolidated, and the large stock of merchandise must be out in half. Although no prices are quoted in the advertisement, customers are assured that they will find lower prices than ever before during this event, and the slogan "If you don't think you bought a bargain, bring it back and get your money" will be backed in every instance, according to the management, guaranteeing a bargain in every purchase. Attractive gift surprises are also offered as an added inducement to their customers. Read the big advertisement in this issue.

### POULTRY TRADES DAY HELD AT LOCAL HATCHERY

The poultry trades day held at the Haskell Hatchery, Friday and Saturday of the past week was proclaimed a success by the many poultry fanciers who view the birds during the two days. Many varieties of birds were represented at the event and several birds changed hands during the two days.

Varieties represented were Buff Orpingtons, Rhode Island Reds, White Leghorns, Buff Cochins, Bantams, Banded Plymouth Rocks and White Holland Turkeys and White King and Red Carneaux Pigeons.

There will be a play at Midway, "The Southern Cinderella" Friday night, November 29, at 8:00 o'clock. Midway school will observe their annual community day, November 28. The parents will prepare lunch for the visitors. Everyone is cordially invited to be present on that day. There will be basket ball for both boys and girls and other teams are invited to be present to play on our courts. There will be a program beginning promptly at 10 o'clock. Rev. G. R. Forrester of the First Christian Church, Haskell will be one of the chief speakers.

The highest average in Mrs. West's room for the past month was made by Lee Roy Leffler who made an A. Miss Phoe Saunders of Cross Plains, Texas, is visiting her cousin, Miss Sibyl Scott.

Miss Fern Baird of Knox City is visiting her parents C. M. Baird. Mr. and Mrs. A. B. Adkins returned from Minert Wells where she has been taking treatments. We are glad to hear that Mrs. Adkins is getting better.

Miss Ada Adkins of Big Spring is visiting her niece Miss Velma Adkins.

### Planning To Organize Pool Turkeys at Rule

Messrs. J. W. Herrine and M. D. Ross of Sagerton were in Haskell Monday, and stated that they were working on organizing a pool of turkeys at Rule for the Christmas market. They issued a call for all persons owning turkeys who are interested to meet with them at the Lee Humphreys Bakery in Rule next Saturday afternoon, at which time plans for formulating the pool will be worked out.

### Barn in North Part of Town Burns Wednesday

A barn at the home of Clarence LeWellen in the north part of town was practically destroyed by fire Wednesday afternoon about 4:30 o'clock. A small quantity of feed stored in the barn was burned also. Origin of the fire is unknown.

Lee Pierson and son, M. S., of San Diego, Calif., arrived here Tuesday evening and will probably remain in this section for several weeks looking after Mr. Pierson's extensive property interests. They made the trip in their car and report excellent roads practically all the way.

### Issuance of \$985,000 Road Bonds To Be Submitted to Voters

Haskell county voters will have the opportunity on December 21st of approving or rejecting a bond issue of \$985,000.00 to be expended in road construction in the county, following the action of the Commissioners' Court Tuesday in issuing an order for the election following the presentation to that body of a petition signed by several hundred voters of the county. The election notice appears in full in this issue of the Free Press.

### Funeral Services of Mrs. Sullivan Held Saturday

Early on last Friday morning the sad news of the death in Sweetwater of Mrs. Spencer Sullivan (nee Miss Melba Sue Bledsoe), was conveyed to friends and relatives in Haskell and the entire community was wrapped in sorrow at the sudden going of this fine young woman who was just on the threshold of life.

Melba Sue Bledsoe, came when but a small child, with her parents to Haskell and was reared here to young womanhood, being away only a few months at a time when she would be off in her chosen college and after her marriage last April to Mr. Spencer Sullivan of Roscoe, Texas. The deceased was born July the 23rd, 1908 and died in the Sweetwater Sanitarium November the 15th, 1929 at 5:30 a. m.

She was a student of the Haskell High School, John Tarlton College, Stephenville, and Baylor College, Belton. She was converted early in life and was a member of the Baptist church and it was at this church in Haskell that the funeral services were conducted by the pastor, Rev. H. R. Whitley on Saturday afternoon at three o'clock, Nov. 16, after which interment was made at Willow Cemetery. The casket was completely covered with the large and beautiful floral offerings sent by loving friends.

The choir sang several songs and then Miss Mae Fewe sang beautifully and feelingly, in her clear contralto voice, "Some Day We Will Understand" and the little Sunday School class of the deceased, little boys and girls sang her favorite song, "Jesus Loves Me, This I Know".

Mrs. Sullivan is survived by her husband, Spencer Sullivan of Roscoe; her parents, Mr. and Mrs. C. W. Bledsoe; 2 sisters, Mrs. A. D. Adams of Haskell and Mrs. M. A. McLaughlin of Ralls; and three brothers, Carroll, C. W. Jr., and Edwin Bledsoe all of Haskell, and a large circle of warm friends to mourn her going.

The pall bearers were: Messrs. Ralph Raney, Harry Bradley, Bob Winsaw, Robert Whitman, Ed Sprowls and Holt Eastland.

Out of town relatives and friends present for the funeral were: Mr. and Mrs. E. P. Shugart, Mrs. Fannie Sullivan and son of Spur; J. B. Bledsoe of Wichita Falls; and Mrs. S. L. Treat of Abilene.

### State Food and Drug Inspector Visits Haskell

G. C. Adrian of Austin, State Food and Drug Inspector, was in Haskell Monday in the interest of his department. He reported that after making an inspection of the meat markets and the slaughter houses used in this city, that he found these places in "fairly good shape."
