Rev. S. H. Babcock, Arkansas Conference. Rev. H. C. Morrison, Louisville Conference. Rev. E. R. Hendrix, D.D., Missouri Conference. Rev. J. D. Shaw, Texas Conference. Rev. O. P. Fitzgerald, D.D., Pacific Conference.

The election of secretary of the Board of Missions was next taken up, with the following result: First ballot--R. A. Young, 78; J. S. Key, 61; D. Kelley, 16; J. D. Shaw, 5; L. M. Wilson, 1; M. S. Andrews, 8; W. W. Duncan, 9; R. N. Sledd, 3; H. F. Johnson, 2; C. W. Miller, 2; J. E. Evans, 1; E. A. Yates, 1; L. S. Burkhead, 1; W. W. Bennett, 1; E. M. Finney, 2; A. H. Bedford, 1; A. G. Haygood, 1; J. W. Hinton, 1; W. V. Tudor, 1.

At the conclusion of this vote, Dr. D. C. Kelley arose and said that his friends knew that he could not accept the office of secretary of the board.

Second ballot--R. A. Young, 100; J. S. Key, 89; A. G. Haygood, 1; J. D. Blackwell, 1; B. Craven, 1; D. C. Kelley, 1; R. N. Sledd, 1.

The election of Dr. Young was announced. The election of treasurer of the Board of Missions was next taken up and resulted as follows: D. C. Kelley, 132; J. S. Key, 36; Stephen Noland, 13.

The election of secretary of Church Extension coming up next, resulted as follows: David Morton, 117; A. R. Winfield, 36. Some scattering.

Bishop Parker announced the appointment of the following committee to nominate a board of managers for Church Extension: C. W. Miller, William Burr, G. R. Browder, B. M. Messick, and A. B. Stark.

Rev. W. G. E. Cunyngnam was re-elected Sunday-school editor by acclamation. Rev. O. P. Fitzgerald was re-elected editor of the Christian Advocate by acclamation.

The election of book editor was next taken up and resulted as follows: First ballot--W. P. Harrison, 58; A. M. Shipp, 45; B. Craven, 17; J. M. Wright, 11; R. H. Rivers, 11; R. W. Bigham, 11; J. W. Hinton, 10.

Second ballot--W. P. Harrison, 92; A. M. Shipp, 72; R. H. Rivers, 11. The announcement of the election of Dr. Harrison was made, and the conference adjourned.

EIGHTEENTH DAY.

The Committee on Fraternal Correspondence submitted as reports Nos. 7 and 8, the following resolutions, which were adopted:

Resolved, That the General Conference has heard with pleasure the fraternal greetings conveyed in the address of Bishop Halsey, of the Colored Methodist Episcopal Church in America, and in the letter of Bishop Hood, of the African Methodist Episcopal Zion Church, and heartily reciprocating the kindly feelings of said churches, as expressed in the aforementioned address and letter, we pray that the God of all grace may continue to keep and prosper them in every good work.

Resolved, That the secretary be instructed to send the fraternal salutations of this General Conference to the General Assembly of the Presbyterian Church in the United States, now in session at Atlanta, Ga., and also to transmit the following to Bishop Foss, our late fraternal messenger from the Methodist Episcopal Church, viz.: The General Conference of the Methodist Episcopal Church, South, learns with pain the dangerous illness of Bishop Foss, and sends him Christian greeting and sympathy.

The following report on episcopacy, No. 9, was read: The committee had under consideration a paper signed by P. P. Ellis and others, and referred by the conference asking that the pastoral address of the bishops, issued in 1874, and inserted in the appendix in the present edition of the Discipline, be inserted in the next revised edition of the Discipline, with such alterations or additions as the college of bishops may deem proper. The committee recommend concurrence.

The committee has considered the question of the support of the general superintendents for the next four years, and reports as follows: The allowance of each general superintendent shall be \$3000, including traveling expenses. The whole amount necessary for their support and for Mrs. Wightman is ascertained to be, for the next four years, \$111,900, and is distributed among the conferences as follows (per annum):

Table with 2 columns: Conference Name and Amount. Includes Virginia Conference (\$1,200), North Carolina Conference (\$1,200), South Carolina Conference (\$1,200), South Georgia Conference (\$1,200), Florida Conference (\$1,200), Alabama Conference (\$1,200), North Alabama Conference (\$1,000), Louisiana Conference (\$800), Mississippi Conference (\$800), North Mississippi Conference (\$800), Memphis Conference (\$800), Kentucky Conference (\$800), Indiana Conference (\$800), Louisville Conference (\$800), St. Louis Conference (\$800), Southwest Missouri Conference (\$800), Missouri Conference (\$800), Little Rock Conference (\$800), Arkansas Conference (\$800), White River Conference (\$800), Indian Mission Conference (\$800), Texas Conference (\$800), South Texas Conference (\$800), North Texas Conference (\$800), East Texas Conference (\$800), West Texas Conference (\$800), Columbia Conference (\$800), Pacific Conference (\$800), Los Angeles Conference (\$800), Illinois Conference (\$800), German Mission Conference (\$800), Denver Conference (\$800), Montana Conference (\$800), Western Virginia Conference (\$800). Total estimate: \$7,900.

The committee recommends the following for adoption by the conference: Whereas, the Discipline requires the board of finance of annual conferences shall send to the book agent their receipts for payments on bishops' fund; and

Whereas, the Discipline also requires of the bishops to report to the book agent the amount received by them of the several annual conferences; therefore,

Resolved, That the book agent, as treasurer of the bishops' fund, is hereby instructed to make an annual settlement with the bishops, and to report the same to the General Conference. That the balance of \$1022.46, now in the hands of the bishops as a balance, shall be charged up to them as part payment of their salaries for the ensuing year. In case of the death of a bishop during the year his widow shall be allowed the full salary to the end of the year, and after that the allowance of his widow shall be \$1000 a year. Respectfully submitted.

Dr. Bennett moved that the report be adopted. Dr. Edwards moved to adopt item by item, and upon the reading of the first item, moved that the conference non-concur. He opposed allowing any alterations made in the bishops' address, which position was also taken by Dr. McFerrin.

Rev. I. Vandeverter moved that the address be published as it now reads. Drs. Evans, Guilford Jones, Mangum, and Bennett discussed the question. Bishop Pierce announced that the bishops did not intend to alter the address or to make any change whatever in it, and the motion of Mr. Vandeverter was agreed to, and as amended the item adopted.

Item four, not requiring action, was received by the conference. Item four coming up was discussed at some length, and Dr. Edwards raised the point that the book agent was not treasurer of this fund, and to make him such would be a change in the Discipline, and would require the report to lie over for a day.

The question elicited some discussion and resulted in the suspending of the rules and the creating of the book agent as treasurer of the bishops' fund, and the item in the report was adopted, as was also the last item, and the report as a whole was adopted.

Report of Committee on Itinerancy, No. 11, which was laid over for the rule.

Your committee notes with pleasure the improvement in journals of the annual conferences. There is a more complete record of proceedings, greater uniformity of method, and such marginal notes as facilitate reference. It is believed that these results are largely due to the action of the General Conferences of 1866 and 1878.

That all journals may be correctly kept, your committee begs leave to submit the following rules, which, with some modifications now made, have heretofore been enacted by the General Conference: The secretaries of the annual conferences are hereby instructed to record in the conference journals respectively all the acts of the conference of every kind whatever, in the order of their occurrence, or in an appendix, especially all complaints, charges, and specifications, with the decisions in all such cases; and also all resolutions, reports, and communications, statistics, memorials of deceased ministers, and the appointment of preachers, and whatever else enters into and constitutes a complete historical record of each annual session.

2. The several annual conferences are hereby instructed to require their secretaries to conform their journals to the plan indicated in rule 1.

3. Reports of standing committees and statistics may be recorded in the appendix, but other matters should, when practicable, be recorded in the body of the journal.

4. The bishops are hereby instructed to supervise the conference journals; to direct the secretaries to the requirements of the General Conference as to the manner of keeping their journals; to supply the secretaries with copies of their decisions on all questions of law submitted to them in an annual conference; and to affix their signatures in all cases to the minutes of the conference on which they preside.

5. The secretaries are hereby directed to keep up a running heading from page to page of the journals, stating the date of the conference session; also, to make such marginal notes of the matter in the body of the journal as will facilitate reference thereto.

6. In all cases where an approved edition is required upon the course of study, prescribed by the bishops as a condition precedent to reception on trial, continuance on trial, election to deacon's and elder's orders, etc., the secretary is hereby directed to record the fact of such examination; and also, of the recommendation of a quarterly conference, where such recommendation is required by law.

7. In the event of the failure of a bishop in reporting ordinations to the annual conference, to mention who are traveling and who are local preachers, it is hereby made the duty of the secretary to make such discrimination in his record.

8. It is the duty of the secretary to record all the disciplinary questions, under which the business of the conference is to be transacted, in full, and with their appropriate numerical notation; and it is specially directed that such appropriate notation on one question shall not be transacted nor recorded under another.

The attention of bishops and secretaries is directed particularly to this rule. The fact that the application of a local deacon for elder's orders is duly accompanied by a note certifying his belief in the doctrine and discipline of our church, is to be recorded by the secretary.

10. It is directed that in all elections of delegates to the General Conference there shall be made a full record of the aggregate number of clerical and lay members, as well as the number of delegates to which the conference is entitled, and the number of ballots cast, the number of votes given for each respectively, the declaration of election before the conference by the president of the conference, with any other facts accompanying, as, for example, whether the election, in accordance with the Discipline, was by the same body as the conference assembled under the president of the conference, or in rooms apart of clerical and lay votes respectively, in violation of the Discipline.

11. The secretaries of the annual conferences are requested to use such books for their records as will conveniently comprise the regular proceedings of the four annual sessions coming between the sessions of the General Conference, with the appendix for reports, etc., so that only one book of medium size shall be necessary to be forwarded to the General Conference for the use of the Committee on Itinerancy.

ville is hereby instructed to print, on convenient slips of paper, these rules and directions, which shall be furnished to the bishops and also to the secretaries of the several annual conferences, who shall paste the same in their journals for constant reference.

Report on missions, No. 10, was submitted. CHAPTER 10--DISCIPLINE. Sec. 2. In view of the fact that the women of most heathen countries are accessible only to teachers of their own sex, the women of the M. E. Church, South, are hereby authorized to organize special missionary agencies under the following:

Article I. This society shall be called the Woman's Missionary Society of the M. E. Church, South.

Art. II. The object of this society shall be to enlist and unite the efforts of women and children in the work of sending the gospel to heathen lands through the agencies of female missionaries, teachers, physicians and Bible readers.

Art. III. The work shall be accomplished by organizing societies in each charge, conference societies in each conference, and shall be controlled by an executive body to be known as the Woman's Board of Missions, each to be constituted as directed hereafter.

Art. IV. The operations of this Woman's Board shall be conducted in conformity with the Parent Board of Missions, and subject to its advice and approval. When appropriations are made, the funds shall be sent through the treasurer of the Parent Board of Missions under its charge, and shall be used for no other purposes than those designated by the Woman's Board.

Art. V. The board shall consist of a president, a vice-president, corresponding secretary, treasurer, recording secretary, three managers, and an auditor, to be elected triennially by the Board and the Corresponding Secretaries of conference societies; and the secretary of the Board of Missions shall be an honorary member of the Woman's Board.

Art. VI. The Woman's Board shall meet annually, and shall be held in a city designated by the board. A majority of the members shall constitute a quorum for the transaction of business. Five shall be a quorum for monthly or called meetings, the transactions of the called meetings to be subject to review and approval of the annual meeting.

Art. VII. The funds of this board shall be derived from private offerings, membership fees, and from public collections on all anniversary occasions.

Art. VIII. The president shall preside at all meetings, and countersign all drafts on the treasury. In her absence the vice president shall preside, or, in the absence of both, a chairman shall be appointed pro tem.

Art. IX. The corresponding secretary shall conduct the correspondence, attend to all legal business, prepare the annual report, and make a written statement of the condition of the work. The corresponding secretary shall reside where the Board of Missions is located.

Art. X. The treasurer shall hold the funds of the board in safe deposit, which deposit shall be made by her as treasurer subject to authenticated drafts. She shall furnish annual and quarterly reports to be published with those of the corresponding secretary.

Art. XI. The recording secretary shall keep the minutes of all meetings in a permanent record, obtain the signature of the president as approved.

Art. XII. The auditor shall be a business man, having no voice in the proceedings of the board.

Art. XIII. The board shall fill all vacancies that occur.

Art. XIV. The three managers shall be members of some one of the auxiliary societies at the place where the Board of Missions is located.

shall go to the widow of deceased so long as she remained his widow; and, in case she died his widow, the whole should go to the M. E. Church, South. It also provided that if the widow married again, one-half of the estate should go to the church, and the other half to the widow. She (the widow) was married again and persistently refused to comply with the conditions of the will. I have consulted several lawyers about the propriety of bringing suit for the church's undivided half, and find them differing in opinion--some of them think that, under the constitution and laws of the State at the time the will was made and probated, it will be impossible to execute the provisions therein stated without the consent of all the parties concerned. Others differ. The land is worth about \$2500. The statements are made for information and for further direction.--Fnos. M. Cobb.

Judge Shackelford opposed the bringing of suit, as it would bring the church in disrepute. Rev. P. A. Peterson moved that "it is the sense of this conference that a suit be not prosecuted."

Jordan Stokes desired to enter his protest against the abandoning of the legacy. He moved that Mr. Cobb be satisfied as agent.

Mr. Cobb said that he was satisfied that as long as Mrs. Bearden lived the church would never receive a cent of the legacy; but that she was old and feeble. The conference retained Mr. Cobb as agent.

UNFINISHED BUSINESS. Under the call for reports submitted and laid upon the table, and coming up in their order, the following business was transacted: Report on missions adopted without discussion.

Report 1, on Revision coming up, articles 1 and 2 were adopted, and then the report as a whole. The hour having arrived for the consideration of church extension, Mr. Miller presented a report, which was read, and Rev. H. J. Adams arose and said that he was anxious to have some man on the board from the Western part of the country.

Dr. Miller said that the committee has considered the question, but believed the expense attached to the traveling of a member from the Pacific coast would be too great. Dr. McAnally suggested that the officers had not been nominated.

Dr. Hogan, H. J. Adams and O. P. Fitzgerald moved the appointment of a member for the Pacific coast. On motion of E. R. Hendrix, the report was recommitted to the committee, who subsequently submitted the following report, which was adopted:

The duty of nominating a board of managers for the Church Extension Society beg leave to offer the following names: President, James S. Lithgow, Louisville, Ky.; Vice-president, Presley McAnally, Louisville, Ky.; Treasurer, John W. Proctor, Danville, Ky.; Secretary, David Morrie, Louisville, Ky.; Managers--James G. Carter, Louisville, Ky.; Chas. B. Seymour, Louisville, Ky.; J. C. Woodward, Lexington, Ky.; E. B. Carroll, Parkersburg, West Va.; G. D. Shanda, Senatobia, Miss.; I. Vandeverter, St. Joseph, Mo.; C. E. Brown, Waxahatchie, Texas; J. C. Morris, Louisville, Ky.; H. C. Settle, Louisville, Ky.; W. T. Harris, Brownsville, Tenn.; W. F. Coaption, Ukiah, Cal.; Joseph Evans, Corvallis, Oregon; James H. Carlisle, Spartanburg, S. C.

REPORT ON BIBLE CASES--NO. 1. Your committee has had under consideration the resolution signed by A. H. Sutherland and M. N. Shilve, in reference to the headings of chapters in the Spanish version of the Scriptures, as published by the American Bible Society. Brother Sutherland appeared before the committee, and after a free and frank discussion, it was agreed that the best course would be for Brother Sutherland to correspond with the committee on versions of the Bible Society, which he said he would do. Your committee recommend that no further action be taken.

Resuming the regular order of business, Report No. 2 on Revision was taken up, and after a spirited discussion sections 1 and 2 were adopted, pending the consideration of section 3, the hour of adjournment arrived.

AFTERNOON SESSION. The conference reassembled at 3 o'clock, Bishop McTeirre presiding. Devotional exercises were conducted by Rev. J. D. Shaw. Bishop McTeirre read a dispatch announcing the death of the wife of Rev. John A. Thompson, assistant secretary, who had died in North Alabama. A prayer was presented and adopted, tendering him the sympathies of the body in his bereavement.

Rev. E. H. Moore, a brother of the deceased, was granted leave of absence. UNFINISHED BUSINESS. The conference resumed the consideration of report 2, on Revisions, and the remaining sections were adopted without amendment, and the report as a whole was then adopted.

Dr. Craven, chairman of the committee having charge of the Quarterly Review, submitted a report in which he announced that the arrangements for its publication by the Publishing House; also recommending the election by the conference of an editor of the Review. The conference refused to adopt the report.

On motion of Dr. Scarritt, Report No. 10 of the Committee on Missions, providing a constitution for the Woman's Missionary Society, was taken up and after considerable discussion, the first seven sections were adopted. Pending discussion of the eighth section the conference adjourned.

NINETEENTH DAY. Dr. Evans moved that the regular order of business be suspended in order to read the constitution and report of the Committee on Missions, No. 10, providing for a constitution for the Woman's Missionary Society, which motion prevailed, and the secretary read article 8 of the report, which was being considered when the conference adjourned on yesterday. The article as reported was adopted. Articles 9, 10, and 11 were adopted without discussion. Article 12 was laid upon the table and a substitute adopted, to read: "An auditor shall be elected annually to audit the accounts of the society." Article 13 was adopted. Article 14 was taken up and the article as amended to suit the ladies having the matter in charge was adopted, and the report coming up as a whole it was after some discussion adopted.

Report on the Bible cause, No. 3: The Bible is the foundation of our holy religion. It is the base of operations in all Christian enterprises at home and abroad--the sine qua non in every church work, and in personal and family religion as well. It is the great source of the principles of civil law and civil government, and is the first factor in the advance of Christian civilization over the world.

The multiplication and distribution of the Bible until it shall be printed in every spoken language and dialect, and a copy placed in every family throughout the world, is an undertaking superlatively grand in its conception, and worthy of the united prayers and labors of all churches, the full accomplishment of which would thrill earth and heaven with joy. The American Bible Society has this work in hand, and it may be truly called the greatest of all missionary movements, foreign and domestic in our land. We rejoice in its past history and pray that God may bless its future a thousand-fold more.

Resolved, That we most cordially commend to all our congregations the American Bible Society as well as desiring the support of all Christian people. 2. That we recommend to our pastors to give to their congregations, so far as practicable, the privilege of contributing to the Bible cause.

Resolved, That we joyfully accept the visit of Dr. A. S. Hunt, one of the corresponding secretaries of the society, and will always welcome him in our midst, and that a copy of this report be furnished him to be presented to the board of managers. The report was adopted.

Election of Editors. J. D. Shaw and Dr. Joseph S. Key presented the following: That the General Conference authorize the annual conferences owning and publishing church papers to report to this conference, through their delegations, the editors chosen for their respective papers. The resolution was adopted.

UNFINISHED BUSINESS. Report No. 2 of the Committee on Missions adopted without discussion. On motion of Dr. Johnson, it was decided to consider the reports item by item.

Report No. 3 on Publishing Interests. Dr. Lupton moved that the preamble be stricken from the resolution recommended.

Dr. Edwards favored the appointment of a competent committee to prepare a revised edition of 600 or 700 selected standard hymns.

Dr. Ansoa West thought the last publication of a small hymn-book was the poorest speculation ever made by the church--that there might as well be published a small edition of the Bible with a postscript of hymns. He wanted the hymn-book to contain hymns suited to every subject and any occasion.

Prof. R. H. McIntosh protested against the tune and hymn book being called an error. It was the best music to be found, and he wanted a standard book for the church.

Dr. McFerrin stated that the sales of the tune and hymn book had been large. The preamble was stricken from the report.

T. Magruder thought the songs sung in the different sections of the country were sung differently, and urged the appointment of a committee of gentlemen versed in music, from the different sections of the country, to prepare the revised edition of the hymn book.

Rev. P. A. Peterson moved to table the resolution. Rejected. Rev. T. T. Christain proposed an amendment authorizing the appointment of a committee of seven to perform this duty. Rejected.

Article 1 of the report was adopted, and article 2, after being amended so as to appoint instead of electing the committee, was also adopted, and the report so amended was adopted.

Report No. 5, majority and minority, of the Committee on Itinerancy, coming up was discussed by Drs. Ellis, Morrison, Peterson and Prettyman. Dr. Hiner offered an amendment that the bishop be instructed not to appoint a preacher to a station longer than four years.

On motion of P. A. Peterson, the minority report was laid on the table, and the majority report was adopted. Report No. 3, on Missions, was adopted.

The secretary has spared no pains to secure a perfect record. The Presiding Elder Question. Remarks of E. B. Prettyman on report of limiting the term of presiding elder to four years.

Mr. President--As a part of the membership of this conference is composed of honored brethren who either are now or have been presiding elders, and whose lips are therefore closed by feelings of delicacy in this discussion, it seems proper that a few things should be said from a layman's standpoint. And first, though not a fossil, not opposed to progress, but one ever disposed to recognize the logic of events, still, I beg to suggest, even though it may seem trite--that polity under which our church has flourished so long should not be lightly changed, and especially on what is probably the last day of the conference, and under the influence of ardent and eloquent speeches.

In my conference we have been fortunate in having generally had, as presiding elders, our strongest and best men, and they are most welcome each quarter as they visit the charges; and, instead of the people running from the presiding elders (as the last speaker asserted) they run to meet them, and the church is edified and cheered.

The leading argument of the last speaker, though not his personal motive, seems to be founded upon the ambition of the younger preachers of the church. It is claimed that the presiding eldership is the road to the episcopacy, and that when you place "shoulder straps" upon the younger men you stimulate them to increased exertion and zeal. It is suggested in reply that had general elections, and that ability and the fitness that come from experience are the best recommendations for promotion. Humility is a grace much commended in the Holy Scriptures. As a Methodist by choice and by long descent, I love the polity of our church, and am willing to leave our honored bishops untrammelled in their office, and our presiding elders as the interests of the church in their discretion may require.

Mr. Prettyman, in claiming long descent from Methodists, said, in the haste of utterance, that his people had been Methodists for two hundred years, which brought a burst of laughter from the conference. Mr. Bright moved to lay the first hundred years of the pedigree upon the table. (Laughter.)

The brother rallied, and amended by saying that his people had lived in bondage for two hundred years, and that presiding elders as the interests of the church in their discretion may require. Mr. Prettyman, in claiming long descent from Methodists, said, in the haste of utterance, that his people had been Methodists for two hundred years, which brought a burst of laughter from the conference. Mr. Bright moved to lay the first hundred years of the pedigree upon the table. (Laughter.)

Dr. Edwards favored the appointment of a competent committee to prepare a revised edition of 600 or 700 selected standard hymns. Dr. Ansoa West thought the last publication of a small hymn-book was the poorest speculation ever made by the church--that there might as well be published a small edition of the Bible with a postscript of hymns. He wanted the hymn-book to contain hymns suited to every subject and any occasion.

Prof. R. H. McIntosh protested against the tune and hymn book being called an error. It was the best music to be found, and he wanted a standard book for the church. Dr. McFerrin stated that the sales of the tune and hymn book had been large.

The preamble was stricken from the report. T. Magruder thought the songs sung in the different sections of the country were sung differently, and urged the appointment of a committee of gentlemen versed in music, from the different sections of the country, to prepare the revised edition of the hymn book.

Rev. P. A. Peterson moved to table the resolution. Rejected. Rev. T. T. Christain proposed an amendment authorizing the appointment of a committee of seven to perform this duty. Rejected.

Article 1 of the report was adopted, and article 2, after being amended so as to appoint instead of electing the committee, was also adopted, and the report so amended was adopted.

Report No. 5, majority and minority, of the Committee on Itinerancy, coming up was discussed by Drs. Ellis, Morrison, Peterson and Prettyman. Dr. Hiner offered an amendment that the bishop be instructed not to appoint a preacher to a station longer than four years.

On motion of P. A. Peterson, the minority report was laid on the table, and the majority report was adopted. Report No. 3, on Missions, was adopted.

Report No. 9, on Fraternal Correspondence, was adopted. Resolved, That the second Wednesday of the General Conference, to be held in the city of -- in May, 1886, is suggested as the day for the reception of fraternal delegates, and that the evening of that day, and such other evenings as the conference may order, shall be set apart for listening to addresses from delegations, and that all bodies in correspondence with us be fully advised in our letters and by our visiting delegates of the day ordered by this body for the reception of fraternal delegates, their letters, and their words of greeting.

Report No. 3, on Sunday-schools, was taken up, and, after some discussion, adopted with a few slight changes, and the old Committee on Sunday-schools retained.

EDITORS OF PAPERS. The announcement of the election of the following named editors was made: Samuel L. Webber, Southern Christian Advocate; W. H. Potter, Wesleyan Christian Advocate; T. T. Christain, Alabama Christian Advocate; F. R. Richardson, Holston Methodist; W. K. Black and F. L. Reed, Raleigh Methodist Advocate; Z. Meek, Central Methodist; I. G. John, TEXAS CHRISTIAN ADVOCATE; D. McAnally, St. Louis Christian Advocate.

Report No. 2, on Education, having been partially adopted on a previous day of the conference, was considered. An amendment suggested by Rev. H. J. Adams to strike out a portion of the report was agreed to, and the report, as a whole, was adopted.

UPON RESUMING the regular order of business, Reports No. 4 on Revision, both majority and minority, were read. The majority report was laid on the table, and the minority report was taken up. Article 1 was adopted; article 2 was amended by striking out the word "non" in the recommendation of the committee, and as amended adopted. Articles 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12 were adopted. Articles 13 and 14 were tabled. Article 15 was taken up and amended. Article 16 was discussed, and in concluding the discussion Mr. Mangum said that, on behalf of the Committee on Revision, he wished to disclaim any intention to require a contract between the preachers and boards of stewards. The article was adopted. The report as a whole was then adopted.

Report No. 4 on Temperance, suggesting a chapter to be inserted in the Discipline, and the minority report, recommending that the chapter now in the Discipline was sufficient on the subject, and no legislation was deemed necessary.

The minority report was tabled; whereupon, P. P. Ellis presented a substitute as a chapter in the Discipline, which was also laid on the table. The following is the substitute for the part of Report No. 4 from the Committee on Temperance, proposing a new chapter in the Discipline on temperance: CHAPTER NO. --, ON TEMPERANCE.

Ques. 1. What directions are given concerning the sale or use of malt and distilled liquors by members? Ans. 1. That our members shall truly abstain from the manufacturing, buying, selling, or using as a beverage, malt, distilled or alcoholic liquors.

Ans. 2. When any of our members disregard their obligation as church members by drinking of liquors, in answer 1 of this chapter, they shall be deemed guilty of immoral conduct, and shall be dealt with as the Word of God and the law of the church provide. The question recurring on the majority report, it was adopted.

H. J. Adams, rising to a question of privilege, said: "As far as the drinking of spirituous liquors is concerned, the law as it is, is sufficient; but as to the manufacture and sale it is not." The conference next considered reports, majority and minority, of the Finance Committee, No. 2, relative to the bequest of Mrs. Toly, of Russellville, Ky. The majority recommended that the bequest of \$1000 be used for missionary purposes, and the minority recommended that the money be used by the church at Russellville, her former home. After a spirited discussion the majority report was adopted by a vote of 75 to 69.

Report on finance, No. 4, was adopted without discussion. Report on education, No. 2, was taken up. It recommends concurrence upon the paper for the organization of conference boards of education, etc. The following is the substitute for report No. 3 on education: 1. For the promotion of the work of Christian education among us there shall be a Board of Education consisting of six ministers and six laymen, members of our church, appointed by the General Conference.

2. The object of this board is to devise and execute measures for promoting the work of Christian education throughout the church; and in aid of this object the board shall receive gifts for such general educational purposes as hereinafter mentioned, and curely hold them as hereinafter provided. 3. To promote the objects of this board and to direct the minds of our people to its special work there shall be kept in each church a day to be known as "Children's Day," on which appropriate services shall be held in all our congregations specially for children, and that on such a day a collection shall be taken in aid of the work of this board, to be known as the "children's educational fund." It is recommended that the second Sunday in May of each year be observed as "Children's Day."

4. The board shall endeavor to secure the establishment of suitable high schools or academies in the different church conferences, one in each presiding elder's district if possible; and also to induce three or more annual conferences to unite in the support of not more than two colleges--unless more are already established--one for the education of young men, and one for the education of young women, and to discourage the increase of colleges beyond the wants of the people and their ability to sustain them.

5. The board shall use the funds that may be given it in making loans or donations to young men preparing for the ministry, and young men or young women preparing for missionary work as preachers or teachers, and in aiding existing theological schools and Biblical departments in our institutions of learning, and in aiding the work of work-existing institutions, and such as may hereafter be established with the approval of the board, provided that no appropriation of the general funds of the board shall be made for the purpose of erecting buildings.

6. In order to promote the work of education among us, and give all our congregations proper information on the subject, it shall be the duty of each preacher in charge to preach once a year at least in each society upon the subject of Christian education, and to circulate tracts and books on the general subject. He shall also present the claims of an educational work to our members and friends in his regular pastoral intercourse with them, and endeavor to secure donations in aid of this cause. He shall also make an annual collection in every congregation, to be known as the "Educational Collection," which shall be used for the purpose of promoting the work of education within the bounds of the Annual Conference in which it is taken, and to be controlled and applied by the Annual Conference Board of Education.

7. The board shall organize by the election of such officers as may be necessary to carry out its purposes, and shall obtain such a charter as may be deemed needful for the safe holding of its funds. The report was adopted. J. Whitworth moved that the conference take up the question of a place of meeting. Carried.

Jordan Stokes of the General Conference, commencing on the first Wednesday in May, 1886, be held in Nashville, Tenn.

Report No. 4, on Episcopacy, coming up, was adopted item by item, and then adopted as a whole.

Continued on fifth page.

Texas Christian Advocate. Business and Secular.

PUBLISHERS' DEPARTMENT.

A bevy of little children were telling their father that they had got at school. The eldest: "Reading, spelling, and definitions." "And what did you get, my little one?" said the father to a rosy-cheeked little fellow, who was at that time slyly driving a tenpenny nail into the door panel. "Me? O, I gets readin', spellin', and spunkin'."

Menstrual Pain. The only preparation of beef containing the essential nutritive properties. It is not a mere stimulant like the extract of beef, but contains blood-making, force-generating, and life-sustaining properties, invaluable for Indigestion, Dyspepsia, nervous prostration, and all forms of general debility; also, in all enfeebled conditions, whether the result of exhaustion, nervous prostration, overwork, or acute disease; particularly if resulting from pulmonary complaints. Price, 50 cents per bottle. Dr. J. C. Riker, New York. Sold by druggists.

A recent competitor authority says a chicken ought to be boiled one hour for each year of its life. This accounts for the landlady getting up before daylight when she has chicken for dinner. -New Haven Register.

Mothers! Mothers!! Mothers!!! Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of Mrs. W. S. SOOTHING SYRUP. It will relieve the poor little sufferer immediately--depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. -20 cents a bottle.

Our workmen's unions are very faulty in one respect--namely, in that they allow their constituency to starve while they are trying to raise the price of labor. Why not have these suggestive lines painted on the walls of their assembly rooms:

Skin Diseases. "Swayne's Ointment" Cures the most inveterate cases of skin diseases, such as "Swayne's Ointment" for eczema, "Swayne's Ointment" for psoriasis, "Swayne's Ointment" for scald head, barber's itch, sores, all crusty, scaly, itching, eruptions, and that distressing itching complaint "Swayne's Ointment" the only effective "Swayne's Ointment" cure, no matter how long "Swayne's Ointment" standing.

Ask for it and take no other. It cures where all else fails. Sold by all Druggists. Thompson, George & Co., Galveston, wholesale agents.

The world does not accept a statement without verifying it. We are told that the way of the transgressor is hard, and pretty nearly every man in the community is trying to find out for himself just how hard it is.

From Eminent Dr. H. E. Hopson, Memphis, Tenn. "I have made use of Golden's Liebig's Liquid Extract of Beef and Tonic Invigorator in several cases of dyspepsia and general debility, and have found it to act admirably in such cases as a nutritive food, tonic, and stimulant." (Take no other.) Of druggists.

Three hundred and seventy-eight Mormon proselytes, of whom 140 were German, four Scotch, and the remainder English, were landed one day last week at Castle Garden, New York.

When a man says he is a miserable sinner, if you look him in the face, he will tell you he is on the whole better than to do it till you get on the other side of the fence.

At certain seasons of the year nearly every person suffers to a greater or less extent from impurity of the blood, biliousness, &c., &c. This should be remedied as soon as discovered, otherwise serious results may follow. When man's "Prickly Ash Bitters" will effectively remove all taint of disease and restore you to health.

"Do the wonders of nature ever move you?" asked the philosopher of a man who had the habit of skipping away in order to save paying rent bills. "No," was the calm reply, "I get moved for half rates. I have a yearly contract with an expressman." -Brooklyn Eagle.

Persons who will persist in dying by inches with dyspepsia and liver disease when Simmons' Liver Regulator is an unfailing remedy for these maladies.

"Do you think, Mary, you could leave father and mother, and this pleasant home, with all its ease and comforts, and go to the far West with a young lawyer who has but little beside his profession to depend upon, and with him search for a new home, which it should be your joint duty to beautify and make delightful and happy like this?" Dropping her head softly on his shoulder, she whispered: "I think I could, Archy." "Well," said he, "there's Tom Jones, who's going West, and wants to get a wife. I'll mention it to him."

A mechanic never goes to work without his tools. Neither should you start on a journey without being fully equipped by always having a bottle of POND'S EXTRACT in your knapsack. In cases of accident, dislocated joints, over-straining, etc., when you are probably far from medical assistance, the importance of having it at hand can not be over-estimated. Pedestrians, oarsmen, base-balls, cricketers, gymnasts, and all athletes will find it a true friend. For relieving and curing sprains, bruises, foot-soreness, chaffs, swellings, varicose veins, insect bites and stings it is simply invaluable.

The Texas Marriage Aid Association, of Dallas, Texas.

This is one of the best-organized associations and simplest in its construction of any now known. It is doing an immense business, and is extending its work into all of the States. The incorporators and managers are among the best men of the city of Dallas, and all of its obligations are being promptly met. Any unmarried white person of good character, or child, can hold from one to five shares, each of which shares draw fifty cents per day from application till marriage; and if not married in 2000 two thousand days, each share draws \$1000--being 50 cents per day. These amounts will be paid at marriage, or at the expiration of 2000 days, by an assessment on the members. No assessment is greater than \$1 on the share. No assessment is made so long as there is a fund on hand. Ten per cent. of assessment is reserved in a fund for the benefit of members; and ten per cent. goes to expenses of the company; while eighty per cent. thereof is paid immediately marriage demands. Communications strictly confidential.

For plan and information address T. S. Burnett, Secretary, No. 4, LaGrange building, Austin street, Dallas, Texas.

The accused was the wife of the complainant, and the charge was that she had struck him across the nose with a chunk of wood. Magistrate to prison--Did you have any quarrel with your husband? Prisoner--No, your honor. Magistrate--Did he ever scold or abuse you? Prisoner--No, your honor. Magistrate--Why, then, did you commit this assault upon him? Prisoner--Because I heard the doctor say he ought to be beat.--Brooklyn Eagle.

A Valuable Addition. Because it is beneficial to the scalp and adds to personal beauty by restoring color and lustre to gray or faded hair is Mrs. Parker's Hair Balsam, such a popular dressing.

President Arthur's mail averages 600 letters a day.

Agents can now grasp a fortune. Omit worth ten dollars sent free. For full particulars address E. G. Riddout & Co., 10 Barclay St., N. Y.

The bronze statue of the elder Dumais, by Dore, soon to be erected in Paris, represents the great story teller at the age of forty-five, in the prime of life and genius.

Good for Babies. When I have a baby at breast nothing is so useful for quieting my own and baby's nerves as Parker's Ginger Tonic. It prevents bowel complaint and is better than any stimulant to give strength and appetite.--A Newark Mother.

It was somewhere in New Jersey that a man got a little mixed on Scripture, and said at a prayer-meeting, "Brethren, when I consider the shortness of life I feel as if I might be taken away suddenly, like a thief in the night."

Franklin, Ind., Journal. Mr. Frank S. Mueller, 925 West Franklin street, cited to a Journal reporter the case of Mr. Henry Rheinek, who for four years suffered with Rheumatism, which was cured by the use of two bottles of St. Jacobs Oil.

Every man who begins life by saying: "I can't do anything," ends by saying: "I haven't done anything."

German Corn Remover eradicates corns. Beware of base imitations. Get the genuine. 25c. All druggists.

The lawyers are so opposed, possibly for financial reasons, to the noble doctrine of free agency that they would allow a man's will to be respected even if he is dead.

HOUSAH'S ACID PHOSPHATE As a Cooling Drink. Dr. M. H. HENRY, New York, says: "It possesses claims as a beverage beyond anything I know of in the form of medicine, and in nervous diseases I know of no preparation to equal it."

Music, said Dr. Johnson, is the least disagreeable of all noises. The learned doctor did not know everything. He never lived next door to a cornet amateur or a piano-banging young lady.

What Are Your Symptoms, Sufferer? Are they a furred tongue, headache, oppression after eating, constipation? If so, you are dyspeptic and bilious, and nothing will meet your case so efficiently as Simmons' Liver Regulator.

"I owe you a grudge, and I will pay it yet," said a man in the heat of a revengeful temper. "I have no fear," was the cynical reply. "If you do pay it it will be the first debt you ever paid in your life."

Fond du Lac Commonwealth. Mr. S. Clark, one of Fond du Lac's oldest citizens, states: "I have used St. Jacobs Oil, and am well satisfied that it is a splendid article to relieve pain, and that very quickly."

In Cambria county, Pa., there are two springs, only a few feet apart, one of which finds its way into the Atlantic Ocean and the other into the Gulf of Mexico.

Rev. M. P. Remington, Ithaca, N. Y., writes: "From too close application to my calling my health underwent a severe strain. I felt a weakness in every part of my body. My digestion especially failed me, and my nerves became all unstrung. Recreation did not do me proper benefit. Finally, on the recommendation of a brother minister, I tried Brown's Iron Bitters. It has made me feel better and stronger than I ever before felt since I was a young man."

Jones--"What did you think of my argument, Fogg?" Fogg--"It was sound, very sound. Jones is delighted. Nothing but sound, in fact." Jones reaches for a brick.

CONSTIPATION is a disease-maker and leads to indigestion, acid stomach, heartburn, fevers, biliousness, sick-headache, torpidity of the liver, colic, inflammatory diseases, nervousness, loss of appetite, etc. These can all be removed by the use of Dr. Williams' Pink Pills.

Dr. J. W. GIBSON, of Ark., writes: "For many years my wife was a sufferer from a terrible female complaint that baffled the skill of all physicians around me. She used Dr. Dromgold's English Female Bitters, they cured her sound and well, and I do not hesitate to say they saved her life."

A STRONG ENDORSEMENT.

MEXIA POLYMERIS INSTITUTIO, Mexia, Texas. R. M. MEXIA, St. Louis. He writes: "I take pleasure in saying that the Prickly Ash Bitters and Sore which I bought of you, five years ago, for my school, are good to use as when I first placed them in the school-room. With what a relief they were to my young men, and how they are appreciated by all. For circular and information, address R. M. MEXIA, St. Louis."

The high price of beef is gradually drawing the yellow dog of Georgia into the vortex of the bologna sausage factory.--Atlanta Constitution.

A FORTUNE can be made by hard work, but can neither be made nor enjoyed without health. To those leading sedentary lives Dr. R. V. Pierce's "Golden Medical Discoveries" is a real friend. It purifies the blood, and is the best remedy for consumption, which is scrofulous disease of the lungs. By all druggists.

A Shrewd lawyer asked the judge for a merciful sentence for his client on the ground that he was a single man. "And pray," said the judge, "what has that to do with the matter before us?" "A great deal, Your Honor," was the quick reply, "for the prisoner was too conscientious to marry, and this ought to be considered in passing sentence."

The judge was considerably befogged and asked further explanation. "Why, Your Honor," said the lawyer, "my client knows he is a consummate scoundrel, and he has persistently refrained from marriage lest his children should follow in his footsteps, and the point I wish to make is that, although he is guilty, he has had so much of an inevitable evil by remaining single."

"Why, of course you want a telephone put in your house," said the canvasser to the business man; "it will be so handy when your wife wants to talk to you." "There," exclaimed the business man, picking up a stool, "that will do. I listened to you when you urged the point that I could order provisions from the store, and I looked with favor on your representations that it would afford unequal facilities for ordering in the coal, but when you tell me that the only rest I get during the day is going to the telephone, I am not going to be troubled with it."

"I say, pa," said a young hopeful at breakfast, "what do they mean when they talk about a 'rested dirt'?" "A political dirt, my son, is a despicable kind of a man who goes from one party to another for the sake of office. Why do you ask?" "Oh, nawthin' much," replied the boy, "I thought they said you were a 'rested dirt' in this time it wasn't much of a compliment. Another cup of coffee, ma?"

"Don't you give it to the impudent fellow," screamed the old gentleman. "Go away from the table, sir. I'll teach you--you--you."--New Haven Register.

A member of the legislature who voted against the purchase of Huddle's pictures of the ex-Governors of Texas by the State gave the following unique reasons: "Two hundred and fifty dollars is a good price for them oil paintings. Oil ain't so dear as it used to be. I bought some the other day at two bits a quart. Besides, chromos are a heap cheaper. I bought a chromo of Wellington crossing the Alps, and that was a heap in the picture, and it only cost \$1.50. None of the pictures of these ex-Governors of Texas has got a loss in it."--Texas Sittings.

Dr. Pierce's "Favorite Prescription" always becomes the favorite remedy of those who try it. It is a specific for all female "weaknesses" and derangements, restoring strength to the limbs and back, and color to the face. Of all druggists.

A newspaper man, though of the most ordinary sort, sometimes suggests a very interesting train of thought. For example, an Illinois teller of a man who owns a pig weighing about 150 pounds, and so far the story excited me over a right pig, but when I found that the pig was born twenty-two years ago; that it was born with only two legs; and that it goes about just like the rest of the family, we cannot wonder why the new species is confined to Illinois.

Life is not really lived that can be enjoyed. The nerves must work harmoniously, or there can not be happiness. In Dr. Benson's Celery and Chamomile Pills the nervous lady finds relief. They cure indigestion, flatulence and neuralgia.

At the club--"I say, Gus, old boy, I haven't seen you about very lately. What have you been up to?" "My Oh, I've been preparing my 'Personal Recollections of Longfellow' for publication." "Why, I didn't know you enjoyed his personal acquaintance." "I didn't. I never knew him. But I have a friend in Cambridge who once sent me the poet's photograph."

"Oh! I predict your book will be a pronounced success."--New Haven Register.

A New Feature in Blank Books. I take pleasure in announcing to the business community that I am now prepared to fill orders for the REMOVABLE COVER-BLANK BOOKS. The best and most complete blank book ever introduced, combining in it the three greatest requisites to a perfect book: strength, durability and convenience in opening.

The simple and practical attachment of this book and cover, over the tight bound covers of the old style, gives a treated case in opening, and that fast and ever so desirable in the use of Record and Account books.

The despatch of the cover, ready and easily accomplished by throwing the sides of the cover back and parallel to each other, drawing the inside from the outside cover. The book is replaced in its cover by a similar process.

The advantages of this cover are many, and are readily apparent to a careful observer. We note: 1st. The book and cover in the necessities of their construction, require such additional strengthening as can not be placed in the old style binding.

2d. A principal feature of the Removable Cover is the relief from strain on the binding cords, in that, when the book is closed, it does not exist in this binding, as the same parts are not attached.

3d. This cover by its removable feature can be used for more than one book, thereby saving the expense for the second, third or more covers, and saving the weight and bulk of extra covers. A book of any kind, with this Removable Cover, costs no more for the first one than the same book in the old style of binding, with this advantage, that subsequent duplicate books cost only about one-half the original price, as covers cover up with all the original additional cost.

I manufacture all the different kinds of blank books, using none but the best material, and am prepared to deliver work at the shortest notice, and at reasonable prices.

Usually communicated outside the trade as sides and back.

Agents wanted in Texas. Address all communications to G. S. FRY, P. O., University of Virginia, Albemarle, Va.

CENTRAL HOTEL. J. H. DAVIDSON, Proprietor. Cor. Market & 24th Sts., GALVESTON, TEXAS.

Transient Board, per day \$2. Board by Day, Week or Month.

An old hunter out West once gave a bit of advice which is important, if true.

He said: "If you grasp a rattlesnake tight about the neck, he can't possibly hurt you." We have been thinking about this matter and can not help shaking our heads. If we were out in the woods and should suddenly be confronted by a snake as long as ourselves, who shook his rattles like a chime of bells to intimidate that he was about to enter into business, it occurs to us to ask what the snake would be doing while we marched up to him and tried to get a firm grasp on his neck. So far as our experience goes, rattlesnakes don't thrust their heads out and say: "Come along; I won't bite till you get a good hold." Of course, if a hunter happens to wake up out of a sound sleep to find that he has got the snake by the throat with his two hands he is not very likely to let go to see what the "insect" will do. He keeps hold, but wishes himself at home with his mother-in-law, where, at least, his death would be less violent. The best advice we can give to a man who is likely to meet a rattlesnake is this: Drop your gun and fishing rod, get over the fence as fast as you can and then hold your watch in your hand and see how long it will take you to run a mile. Moral: If you have any other bad habits treat them in the same way.

Prickly Ash Bitters. The majority of the ills of the human body are the result of a derangement of the Liver, affecting both the stomach and bowels. In order to effect a cure, it is necessary to remove the cause, irremove the system, the Liver, the Bowels, Headache, Sickiness at the Stomach, Pain in the Back and Loins, etc., indicate that the Liver is at fault, and that nature requires assistance to enable this organ to throw off impurities.

Prickly Ash Bitters are especially compounded for this purpose. They are easily in their action and effective as a cure, and are not only safe, but are easily taken by both child and adult. Taken according to directions, they are a safe and pleasant cure for Dyspepsia, General Debility, Biliousness, Constipation, Dizziness, Headache, etc., etc. As a Blood Purifier they are superior to any other medicine.

No. 56 USE THE GLASSES. A WONDERFUL AND SCIENTIFIC DISCOVERY!

These Glasses are chemically treated in the process of manufacture, and possess the property of keeping your eyes in good condition as when first you use them. They have been carefully examined and analyzed by American and European oculists, who claim that the MEDICATED GLASSES have no equal, and can in some cases restore the sight if used in time, but in no case can the eyes become impaired by their use for the following reasons:

1. The chemicals soften the light of the eye, compelling reason: 2. The chemicals keep the glasses hard; they retain their polish. Hence you will always see through them as bright and clear as at first. 3. The chemicals keep the glasses cold, and the result is that the optic nerves are always cool, doing away with any feverish sensation to the eye. 4. With these glasses you can read, write or sew all night, the light having no effect on the eye, with no distressing or tiresome sensation, which necessarily improves the eye.

BEWARE OF COUNTERFEITS. The MEDICATED GLASSES are all stamped on the frame H. HOUSAH, Medicated. NONE GENUINE UNLESS STAMPED. Dealers Supplied Wholesale at Liberal Discount.

ALL EYES SUITED. Persons residing at a distance who may wish to procure these spectacles can send for a circular containing full prices, etc., and directions for insuring a perfect fit, and have them sent by mail, by addressing:

Texas Christian Advocate.

L. G. JOHN, D.D., Editor. Associate Editors: H. S. Finley, H. S. Thrall, J. D. Shaw, E. S. Smith.

SHAW & BLAYLOCK, Publishers.

CONDENSED CORRESPONDENCE.

Notice. T. H. BOWMAN, Austin, June 6: There will be a meeting of the Board of Trustees of Southwestern University, at Georgetown, June 21.

5 Conversions--5 Accessions.

R. C. ARMSTRONG, Mexia, June 9: Our third quarterly meeting was held at Forest Glade, 4th and 5th Street. We had a good meeting. On Sunday night five persons were converted and five added to the church. Others expressed a determination to seek God in the pardon of sin. Bro. Mackey, who lives in the hearts of the people, was at his post. The speech at the General Conference of H. C. Morrison on the presiding elder question is contradicted by facts and experience.

The Official Record--Church Statistics.

According to the United States census of 1880, the church membership of Texas is as follows:

Table with 2 columns: Denomination and Membership. Includes Methodist (157,000), Baptist (150,000), Presbyterians (12,000), Episcopalians (4,000), Lutherans (2,000), Total (325,000).

16 Conversions.

E. F. BOONE, Rusk, June 9: A very gracious revival at Rusk, lasting five weeks, resulting in about thirty-five conversions. We are expecting a very general revival on the Rusk circuit this year.

18 Accessions.

W. C. BRODIE, Comanche, June 5: We closed a protracted meeting at this place last night, having continued for ten days. Four conversions, three accessions, one adult baptism, and the church greatly revived, are among the visible and present results. We are indebted to Bro. J. C. S. Baird, and to others. Eighteen accessions to date on the circuit. About thirty Texas Advocates taken. The Advocate is very popular.

Bring Your Own Chickens.

B. H. BOARDS: Will preachers of Terrell district, North Texas Conference, please drop me a card giving the names of local preachers and delegates who will be expected to attend the district conference at Rockwall, June 23 to July 1? We expect to be able to provide amply for the conference, but owing to a two years' siege of chicken cholera, preachers will be expected to bring their own chickens.

Correction.

J. S. P. ROGERS, Elkhart, Anderson county: Somehow or other, the Advocate and some of its correspondents have gotten my name mixed. Occasionally it occurs correctly. Sometime ago A. J. and sometimes Joseph P. True, I live in a vicinity where "Joseph the Seer" has "a branch," but I consider it injustice on that account to corrupt my good and uncommon (?) name (James) thus. Please give this the correction for the Advocate and others. Religious outlook good. God's people seem encouraged.

8 Accessions.

J. FARMER, San Saba, May 31: Second quarterly conference for the district, held at San Saba, June 10. The presiding elder was at his post and executed his work faithfully. Owing to the inclemency of the weather the official attendance was small; still we had a gracious meeting. Twenty-nine dollars and forty-two cents quarterly revenue. \$19.42 for preacher in charge, and \$10.33 for presiding elder. Pastors reported--Accessions to the church, 8; infants baptized, 3; cause of missions, \$12.80; books sold, \$20; delegates' fund, \$5.

10 Accessions.

U. B. PHILLIPS, Tyler station, Smith county, June 6: The second quarterly conference for Tyler station convened on the 5th inst. Bro. John Adams, fresh from the General Conference, handled the gavel with his usual urbanity. Ten were reported as having been received into the church during the quarter; four removed by letter and one by death. Bro. Adams raised for the support of the ministry, \$287.50; for missions, \$78.70. Congregations large; prayer meetings well attended; songs spiritual; prayers fervent. The Sunday-school, under that prince of superintendents, Col. T. B. Bonner, is a vine rich with foliage and laden with luscious fruit; most of the additions by ritual to the church last year were from the Sunday-school. The practice of the superintendent in Catechetics is not only very instructive but one of the most powerful of building up the school to its present status. These exercises are largely attended by many whose names are not enrolled upon the school register, frequently filling up the seating capacity of our large auditorium. The status of limitations at the next annual conference seems the connection of the writer with this charge. Fortunate will be the brother who becomes the shepherd of such a fold. We came to it with fear and trembling; we will leave it with confidence.

30 or 40 Conversions.

W. F. CLARK, Sherman, Grayson county, June 10: I have had a meeting here in progress for two weeks which is still going on with good interest. Results to date are between 30 and 40 conversions and 25 accessions. Several penitents are still at the altar. Congregations very large. This meeting is held in the East Sherman Mission Church, which was placed in charge after reference without any organization. Have now forty members enrolled, all converts of this meet-

ing except twelve. Outlook for a sweeping revival throughout Sherman Circuit is excellent. Have procured six acres of land for camping-ground, eight miles southeast of Sherman, where a camp-meeting will commence August 17. We expect a glorious time.

At Last Persuaded.

J. P. CALDWELL, Cot Shields, San Jacinto county, June 10: I have just closed a week's meeting at Chincapin. The church members were greatly revived. A Mr. Root, an old citizen, who is near seventy years of age, was converted and joined the church. He is a good man and a man of determination. May his few remaining days be spent usefully in the church. Our camp meeting committee met in the interest of the circuit, and have decided to improve the Boss camp ground. They carried in the tents and a shed to be used, to be completed by the first of August. A special invitation to our ministers and to all others who come to work.

3 Accessions.

W. J. BLUDWORTH, Rinnels, June 9: Our second quarterly meeting over a good attendance and much interest. Bro. Stockton was on hand. Three members received by letter, and nine children were baptized. Many thanks to Sister Stockton for her first visit among us. We love the Advocate and love to see it come. It helps me preach.

Andrew Anderson, Salado, Bell county, June 12: A self-sustaining camp meeting will be held at the Jones camp-ground, near the Sulphur Springs, beginning on Thursday before the first Sunday in August, and continuing over the second Sunday.

J. Whit, June 10: Prohibition carried in this precinct three to one. We thought that it can be carried throughout Parker. [NOTE--"Balance," being in a manner personal, could only appear under full name.--ADVOCATE.]

Are Long, Caddo, Stephens county, June 12: Caddo mission is moving in right. We have a good prospect for a general revival. Sunday-schools and prayer-meetings doing much good.

L. F. PALMER, Dexter, Cook county, June 11: We are troubled on Dexter circuit with a doctrine that is mystical and Quakerish, on the perpetuity of the sacraments of the church. It is extended to the Gentiles and Lord's Supper on the Day of Pentecost. It is fatal and erroneous.

M. E. BLOCKER, Henderson county, June 7: One of the Sunday-schools on my work was displaced with our intermediate quarterly because it contained the revised text, and they laid in a new text. Bro. Bringham has concluded to omit the revised version hereafter.--ADVOCATE.]

J. A. ALLISON, Florence, Colorado, June 5: Our new church and school-house of brick, has been commenced--and we hope its construction will be as rapid as our need for it is momentous. Much rain and cold weather here yet. Health good; weather cool; abundance of fruit.

J. O. ARMSTRONG, Denton, June 8: Three brothers in this county all the same age, and all together weigh twenty-five bushels per acre.

J. J. CANAVAN, Hamilton county, June 5: The wheat in this section is much better than was supposed. I have heard of one crop turning out as much as 25 bushels per acre. The average yield will be from 12 to 15 bushels. Prospects fine. Everything promising and everybody cheerful.

J. FARMER, San Saba county, June: We had an abundance of rain during last month. Crops are looking fine. Wheat and corn are doing better than was expected. Oats are exceedingly fine. There is but little cotton planted in this county. Farmers think it pays better to raise wheat and oats.

Egyptian Riots.

The complications in Egypt were intensified the past week by a bloody riot at Alexandria last Sunday (11th) between natives and Europeans. It is said the British consul, a severely man-of-war Superb was killed, the Greek and Italian vice-consuls were severely wounded. Some 100 people are reported killed in the riots. The object of the rioters, in a great measure, is said to have been to drive the British man-of-war Superb out of the harbor. The rioting was in a great measure, it is said, the result of the killing of the Greek and Italian vice-consuls. The rioting was in a great measure, it is said, the result of the killing of the Greek and Italian vice-consuls.

Post Office Savings Bank.

A bill to establish postal savings banks is before Congress. Some objections have been raised against the pending bill proposed to pay 2 percent on deposits, and to invest the same in United States bonds, and it does not contemplate any other mode of investment. The practical question, then, is, whether the bill is an adequate basis for a postal savings system. On the first of this month the total amount of bonds bearing interest was, in round figures, \$1,455,000,000, and this total includes a good many millions of bonds of the Texas Pacific Railroad Company. Of the total, about \$200,000,000 were held by the treasury in trust for the national banks. Probably the savings banks, trust companies, and executors of estates hold \$200,000,000, and permanent investors (W. H. Vanderbilt alone not less than \$50,000,000) \$200,000,000 more. Deducting these items, which obviously are not available, there remains the sum of \$683,000,000 in bonds which may be regarded as available as the basis of a postal savings system. The current financial year the debt will have been reduced fully \$150,000,000. At the same rate of payment the last of the \$683,000,000 would be wiped out in a little over five years. Even if the rate of payment should be kept strictly within the requirements of the banking fund act the amount of bonds available ten years hence would be wholly inadequate as the basis of a government savings system. And there is a very fair prospect that it will be entirely inadequate five years hence. Now, is it really worth while to go the trouble of establishing a system which must probably fail in five years, and almost certainly in less than double that time, for want of anything to stand on?

SENATOR JONES introduced in the United States Senate June 9 a bill, now in the judiciary committee of the House, in which body it was introduced by Representative Ellis, which proposes to allow the Southern Pacific Railroad Company, and confers upon the three first named companies, or the consolidated company, all the franchises, rights, power, authority, grants and privileges conferred upon the Texas and Pacific Railroad Company by the act of March, 1871, pertaining to that part of the Texas Pacific Railroad line situated west of the Rio Grande, and authorizing to them the grant of public

Secular Summary.

Ax and Accident.

ANE LONG, Caddo, Stephens county, June 12: Miss Alice Wade, about fifteen years of age, was, June 11, drowned while bathing in Lone creek.

Local Option Carried.

R. M. LEATON, Blanco, Blanco county, June 7: Local option was carried again in this precinct yesterday by a vote of four to one. Thank God. The temperance lecturer, Bro. Cheeny, did a great deal of good. He gave several lectures the week before the election. It would pay other communities to employ him. His address is Rev. G. Cheeny, Dallas, Texas.

Hydrophobia.

EASTLAND, June 6: On Thursday last, Eastland, June 6, about four years old bitten by a mad dog. All efforts are being made to extract the poison. The dog was followed into the town of Cisco and killed. Since then a great many dogs have been seen in the vicinity, thought to be mad by their baying fits.

Man Drowned.

J. N. BROWNING, Mobeetie, May 31: On the 24th inst. Tom Greer, son of Geo. W. Greer, of Shackelford county, while attempting to swim a small stream near Hank Cresswell's ranch in Roberts county, was drowned. He leaves a wife and one infant child. Country very busy. Town full of cattlemen. Rev. James T. Hosmer was here and preached for us last Sunday and Sunday night. He is an industrious laborer for the cause of Christianity.

Lynching a Boy.

Minnesota is a place of high ideas of morality--especially in its bearing upon children. A twelve-year-old boy, John Tribbitt, committed murder. He was jailed at Perham, Minn. A mob of about 200 men gathered outside the jail, broke into his cell, took him there and hung him until dead. "Over in Minnesota" is where a great deal has been said about barbarities in Texas.

Business Outlook.

The Financial Chronicle thinks the inclination in speculative circles is to the support of the tariff, and the country are wholly dependent upon the next harvest. An abundant production in every department of agriculture is the general expectation. The Chronicle thinks, would be a powerful and wholesome influence, and our import trade continues simply enormous. (1) In the first place mercantile business is greatly depressed. (2) Production of goods is unprofitable. (3) Labor is disturbed and striking everywhere. (4) Our import trade continues simply enormous. (5) General prices are high. Last year's bad crop can not explain all this. Have bad crops made prices of other articles than food and cotton high? These are questions worth a thought, and are having a decided influence among those who know the disturbing power of a vicious currency.

A Mother Poisons Her Four Children and Herself.

The wife of a Chicago baker, in the absence of her husband, June 9, poisoned her four children by giving them arsenic. She was arrested and committed to jail. She is charged with poisoning her four children and herself. She is charged with poisoning her four children and herself. She is charged with poisoning her four children and herself.

The Tariff Commission.

The tariff commission nominated by the President comprises William A. Wheeler, of New York; John L. Hayes, of Massachusetts; H. A. Oliver, Jr., of Pennsylvania; Austin M. Garland, of Illinois; Jacob Amble, of Ohio; John S. Phelps, of Missouri; Robert P. Porter, of the District of Columbia; J. W. H. Underwood, of Georgia, and Duncan F. Kenner, of Louisiana.

There has been a rise in the price of copper in England, which is partly due to the belief that the extensive use of electricity will increase the demand for that metal.

Failures for the week ending June 9, reported to New York, number 106, as against 135 last week. Of these the Southern States had 22.

The will of General Garibaldi orders the cremation of his body and the preservation of the ashes in an urn near the tomb of his child at Caprera. His family, however, refuse to allow the cremation.

The Annual Convention of the American Bankers' Association will be held at Saratoga, the 19th and 17th of August.

Miss Phoebe Cousins, of St. Louis, now in Washington, is candidate for the Utah commission, five of whom are to be appointed.

The gold exports from New York since April 1 have been about \$17,000,000, the greater portion of which will be used by Italy in resuming specie payments. It is believed that the contractors have about \$10,000,000 more to furnish the Italian government.

Two sons of Garibaldi's daughter Theresa, wife of Gen. Canzio, are named Abraham Lincoln and John Brown.

It is stated by a Boston telegram of June 9 that the Chicago Advance has been purchased by Boston parties. Rev. Robert West, of that city, will be the editor.

The bill appropriating \$75,000 for a court-house and postoffice at Dallas, Texas, has passed the lower house of Congress, and efforts will be made to get it through the Senate before the session ends.

A SPECIAL from Danville, Va., says reports from Patrick county are to the effect that 500 persons are starving. The drought last year greatly curtailed the crops. A load of corn was received at the court-house a few days ago. A hundred starving women and children crowded around imploring and begging for a quart of corn. The yard was crowded with men, women and children begging for bread. Three hundred had not tasted food for two days.

The American Tract Society has elected Wm. C. Chapin president. During the last year twelve millions of pages of tracts were issued in excess of the previous year. Receipts for the year, \$379,221; expenditures, \$374,997.

would only suffice to excite the Arabs to a general massacre. The English man-of-war Superb came round to the harbor at midnight Sunday. The report that she was about to land marines to protect the consulate having spread, soldiers directly crowded the beach and the boats of the Superb were ordered to keep off.

The proportion of Arabs killed in the late riot was insignificant.

The Times correspondent at Alexandria telegraphs as follows: "That the debt is almost a source of danger is shown by the fact that when the French stationed a vessel opposite the consulate to receive refugees, she was immediately surrounded by Egyptian launches which remain, and a collision may occur at any moment."

The Irish on the Irish Question.

The Irish bishops have issued an important address to their flock, in which they support the policy expressed in favor of a protective tariff for wool. They condemn the policy of the English government, and believe they were due to evictions which it is the duty of the government to stop at any cost.

The oldest dead in America is said to be in the possession of Major Leand, of New York City. It was written eighteen years after the discovery of the new world by Columbus. The document is a conveyance of Fisher's land, near a mouth of the sound, from certain Indian chiefs to the celebrated navigator, John Cabot, whose signature it bears.

The Chicago News estimates that there is more money spent in that city for liquor than for schools, churches, boots and shoes and clothing by the entire population of the city.

In the census year 1880 the woolen mills employed 161,231 persons; capital invested, \$18,740,071; wages paid, \$7,214,000; material used, \$103,055,928; value of products, \$266,798,454.

Mr. Michael Davitt, president of the land league, cabled over to say that he would be in Boston June 16 and 17, to attend the great land league jubilee at the Charitable Mechanics' building.

The city board of school trustees, Austin, Texas, have determined to advertise for teachers to fill vacancies.

New York at last is in a fair way of recovering its long-lost right to self-government, both houses of the legislature having adopted the preliminaries of a constitutional amendment which contemplates the total abrogation of the present charter and the consequent transfer of municipal administration from the State capital to the city hall.

Mr. O. d'Estery, president of the First Hungarian-American Colonization Society, is in Richmond, Va. The object of Mr. d'Estery's visit to Virginia is to inspect her lands with a view of locating a colony of Hungarians. He informed a reporter that there were 600 families in Hungary now ready to come to this country, and that they were all farmers and a class of people that would be of great benefit to this country; that they were well educated, refined and possess ample means.

The Mormons have selected a delegation of seven monogamists to present to Congress the constitution for State of Utah recently adopted.

"A Dublin telegram of June 8 says: "A murder occurred at Ardhan, seven miles north of Gort, Mr. Bourke, a magistrate, was riding in front of his dragoon escort, when a volley from his rifle was fired at them from behind a wall, and both fell dead."

There has been a rise in the price of copper in England, which is partly due to the belief that the extensive use of electricity will increase the demand for that metal.

Failures for the week ending June 9, reported to New York, number 106, as against 135 last week. Of these the Southern States had 22.

The gold exports from New York since April 1 have been about \$17,000,000, the greater portion of which will be used by Italy in resuming specie payments. It is believed that the contractors have about \$10,000,000 more to furnish the Italian government.

Two sons of Garibaldi's daughter Theresa, wife of Gen. Canzio, are named Abraham Lincoln and John Brown.

It is stated by a Boston telegram of June 9 that the Chicago Advance has been purchased by Boston parties. Rev. Robert West, of that city, will be the editor.

The bill appropriating \$75,000 for a court-house and postoffice at Dallas, Texas, has passed the lower house of Congress, and efforts will be made to get it through the Senate before the session ends.

A SPECIAL from Danville, Va., says reports from Patrick county are to the effect that 500 persons are starving. The drought last year greatly curtailed the crops. A load of corn was received at the court-house a few days ago. A hundred starving women and children crowded around imploring and begging for a quart of corn. The yard was crowded with men, women and children begging for bread. Three hundred had not tasted food for two days.

The American Tract Society has elected Wm. C. Chapin president. During the last year twelve millions of pages of tracts were issued in excess of the previous year. Receipts for the year, \$379,221; expenditures, \$374,997.

lands made to the Texas Pacific by the act of March, 1881. The condition attached is that the whole of the railroads of said companies and of the Texas Pacific Railroad Company shall be operated as one continuous line.

HON. JAS. G. BLAINE, in correcting his testimony before the Peruvian investigation committee, said he desired to say, "the dirty portion of the Democratic and Republican press," instead of "the dirty Democratic press."

News Chips.

The semi-annual convention of the Texas Wool-Growers' Association assembled in San Antonio last week. The attendance was large and much interest was taken in the meeting. There was strong sentiment expressed in favor of a protective tariff for wool.

Our importation of coffee from Mexico has totaled about 3,881,880 pounds during the fiscal year ending June 30, 1875, to 13,911,910 pounds during the fiscal year ending June 30, 1881. This increase is very gratifying. During the last mentioned year our total import of coffee was 455,189,513 pounds.

The oldest dead in America is said to be in the possession of Major Leand, of New York City. It was written eighteen years after the discovery of the new world by Columbus. The document is a conveyance of Fisher's land, near a mouth of the sound, from certain Indian chiefs to the celebrated navigator, John Cabot, whose signature it bears.

The Chicago News estimates that there is more money spent in that city for liquor than for schools, churches, boots and shoes and clothing by the entire population of the city.

In the census year 1880 the woolen mills employed 161,231 persons; capital invested, \$18,740,071; wages paid, \$7,214,000; material used, \$103,055,928; value of products, \$266,798,454.

Mr. Michael Davitt, president of the land league, cabled over to say that he would be in Boston June 16 and 17, to attend the great land league jubilee at the Charitable Mechanics' building.

The city board of school trustees, Austin, Texas, have determined to advertise for teachers to fill vacancies.

New York at last is in a fair way of recovering its long-lost right to self-government, both houses of the legislature having adopted the preliminaries of a constitutional amendment which contemplates the total abrogation of the present charter and the consequent transfer of municipal administration from the State capital to the city hall.

Mr. O. d'Estery, president of the First Hungarian-American Colonization Society, is in Richmond, Va. The object of Mr. d'Estery's visit to Virginia is to inspect her lands with a view of locating a colony of Hungarians. He informed a reporter that there were 600 families in Hungary now ready to come to this country, and that they were all farmers and a class of people that would be of great benefit to this country; that they were well educated, refined and possess ample means.

The Mormons have selected a delegation of seven monogamists to present to Congress the constitution for State of Utah recently adopted.

"A Dublin telegram of June 8 says: "A murder occurred at Ardhan, seven miles north of Gort, Mr. Bourke, a magistrate, was riding in front of his dragoon escort, when a volley from his rifle was fired at them from behind a wall, and both fell dead."

There has been a rise in the price of copper in England, which is partly due to the belief that the extensive use of electricity will increase the demand for that metal.

Failures for the week ending June 9, reported to New York, number 106, as against 135 last week. Of these the Southern States had 22.

The will of General Garibaldi orders the cremation of his body and the preservation of the ashes in an urn near the tomb of his child at Caprera. His family, however, refuse to allow the cremation.

The Annual Convention of the American Bankers' Association will be held at Saratoga, the 19th and 17th of August.

Miss Phoebe Cousins, of St. Louis, now in Washington, is candidate for the Utah commission, five of whom are to be appointed.
