

Texas Christian Advocate. REPORTS EAST TEXAS CONFERENCE.

Board of Education - No. 1. To the President and Members of the East Texas Conference, in session at Henderson, Texas: DEAR FATHERS AND BROTHERS--In accordance with the provisions of our discipline, and after having carefully considered such papers as have been referred to your Board of Education...

Board of Education - No. 2. To the Bishop and Members of the East Texas Conference: From reports referred to us and other means of information, we are glad to see that the East Texas Conference is enjoying a degree of prosperity gratifying to the principal and friends of the institution.

District Conference Records. To the Bishop and Members of the East Texas Conference: Your committee appointed to examine the records of the district conference would respectfully submit the following report: We find that the district is furnished with suitable books for the following purposes:

REPORT NO. 2. Resolution adopted by the Church Extension Board of the East Texas Annual Conference, 1882: 1. That the Board of Church Extension be authorized to raise the sum of \$1000.00 for the purpose of carrying on the work of the Board...

PRICKLY ACH BILTERS. CARBOLINE. A Wonderful Discovery!

The majority of the illness of the human body arise from a derangement of the Liver, affecting both the stomach and bowels. In order to effect a cure, it is necessary to remove the cause. Irregular and sluggish action of the bowels, Headache, Dizziness, Stomach Pain, Flatulence, and other ailments, indicate that the Liver is at fault, and that nature requires assistance to enable this organ to throw off impurities.

Prickly Ach Bilters are especially compounded for this purpose. They are mild in their action and effective as a cure; are pleasant to the taste and taken easily by both children and adults. Taken according to directions, they are a safe and pleasant cure for Dyspepsia, General Debility, Habitual Constipation, Diseased Kidneys, etc., etc. An Blood Purifier and a most valuable medicine for cleansing the system thoroughly, and imparting new life and energy to the invalid. It is a medicine and not an intoxicating beverage.

AYER'S PILLS. A Large proportion of the disease which cause human suffering result from derangement of the stomach, bowels, and liver. AYER'S CATHARTIC PILLS act directly upon these organs, and are especially designed to cure the diseases caused by their derangement, including Constipation, Indigestion, Dyspepsia, Headache, Dysentery, and a host of other ailments, for all of which they are a safe, sure, prompt, and pleasant remedy. The extensive use of these PILLS by the most prominent medical practitioners, and the high estimation in which they are held by the medical profession, are sufficient evidence of their value.

Bank of England. The constitution and government of the Bank of England are not fully understood, even by many otherwise well-informed residents of the city of London itself. It differs from most corporations in the fact that it has no permanent governor or chairman, further more, the remuneration paid to the directors for their services is individually small. The governing body consists of twenty-six directors that is to say, one governor, one deputy governor, and twenty-four directors. This body has been subject to frequent changes of personnel, and the government is now well settled in the hands of a permanent body of twenty-six directors.

Miller once lived in San Augustine County, Texas State, and between the years of 1851 and 1853 he killed a man there and fled from the country. At that time he had a wife and four or five children. Any person who knows what became of the wife or any of the children, or a favor me by writing to me, Mountaineer, Baxter County, Arkansas.

PRICKLY ACH BILTERS. CARBOLINE. A Wonderful Discovery! THE ONLY ARTICLE THAT WILL Restore Hair on Bald Heads. WHAT THE WORLD HAS BEEN WANTING FOR CENTURIES. From the earliest discovery of petroleum to the present day, there has been a strong conviction that the good qualities of crude oil have not been appreciated, and that it undoubtedly possesses great medicinal properties. Every one who has handled petroleum knows what a penetrating, active agent it is. It can be retained in active form in all climates, and it is not so impervious material, and it is not surprising that it has long been used in the treatment of a person's hair, when it can find its way through the best oiled scalp.

Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. YOUNG, All experience the wonderful effects of Ayer's Sarsaparilla. CHILDREN - Children of five, seven, or eight years of age, may be made healthy and strong by using Ayer's Sarsaparilla. Sold by all Druggists; \$1, six bottles for \$5.

Scientific.

Prepared for the Texas Christian Advocate.

OUT OF 140,000 known species of plants only about 300 are used by man

In Norway woodpeckers bore into telegraph-posts, being misled by the humming of the wires into the belief that the wood contains insects

A ZONE of country in Hungary remarkably affected by meteorites has been noted by Herr E. Doll

The smallest insects are proportionally the strongest of all animals, according to some ingenious experiments by Mors. Pasteur

In the environs of Poitiers Mons. Lisch has discovered a whole Gallo-Roman town which he declares to be a small Pompeii in the centre of France

The entomologist of the British Royal Agricultural Society, Miss A. E. Ormerod, says that some kinds of caterpillars may be frozen in their winter shelters so that they may be broken like sticks without being injured by the freezing

In reply to a suggestion that raw manure should be more generally used Dr. T. R. Robinson points out that at least seven diseases are known to be communicable from the lower animals to man

Writing upon "the doomed comet," Mr. J. A. Westwood Oliver says that from our knowledge of the nature of cometary bodies, etc., we may infer that the approaching disaster to our present celestial visitor will bring to us nothing more than abnormal magnetic disturbances, auroras, or possibly nothing at all

The energy of the human heart, working day and night while life lasts, is enormous. During an average working day a good climber can only raise his own weight 1000 feet an hour

During a recent discussion at the Philadelphia Academy of Natural Sciences it was doubted that the odors of insects are emitted as a protection from the attacks of enemies, as is generally believed

An interesting experiment has been made in Paris by Mons. Mangin. A Swan incandescent electric lamp was attached to the inside of a paper balloon about eight feet in diameter

The great expense of the multitude of expeditions fitted out to observe the transit of Venus across the sun's face on December 9th, has been incurred simply to reduce an uncertainty in the sun's parallax of one-tenth of a second

A River of Hot Water. The great Sastro Tunnel, cut to relieve the celebrated Comstock mines at Virginia City, Nevada, of vast quantities of hot water which is encountered in them, affords an outlet of 12,000,000 tons every twenty-four hours

Family Reading.

BY UNCLE IKE.

We shall not think the less of any of our readers if their hearts grow tender and their eyes grow moist

The air was keen and frosty. There was a sharp dash to the falling snow that seemed to pierce the faces of the people

In a little corner, where the great building broke the force of the storm, two ragged, dirty children were standing

"Oh! but it's worse to lose one's mother 'tis one's father," sobbed the other child, with an extra burst of grief

Mrs. Arnold paused in her rapid walk and did something she had never done before in all her easy, careless life

"Yes, 'm," said the child, taking his small, dirty hands from his face, and looking up at her through tearful eyes

"This mornin' an' they buried her right off," cause Mrs. Murphy said as how she hadn't paid any rent lately, and she couldn't be kept out of her room any longer

"And where is your father?" Mrs. Arnold had forgotten the storm, the people on the street, and she had even forgotten her own sorrow

"I don't know, ma'am. Mrs. Murphy says I can't stay there another night, and there's no place for me to go now

"A fresh wave of despair arose from the little fellow's heart as he said this. Mrs. Arnold stood silent for a moment

"I might do it," she thought, "but then— She glanced with a feeling of disgust at his ragged and dirt-covered clothes

"The boys call me Willie, but ma used to call me 'Willie,' a quiver creeping over his chin as he spoke of his mother

"I hope you didn't give him your name," she said. Her voice had a ring of impatience in it seldom heard when speaking to Willie

"Why, yes, mamma, every one of them, and I wished I had more to give him. 'Well, I shall be careful not to leave you again,' said Mrs. Arnold, taking Willie by the hand and leading him out of the store

The circumstance soon passed from her mind, but not from Willie's. He came strolling around the kind little heart that longed to do good

Dr. CLARK JOHNSON'S INDIAN BLOOD SYRUP. Cures all diseases of the Stomach, Liver, Bowels, Kidneys, Skin and Blood. MILLIONS testify to its efficacy in healing the above named diseases, and pronounce it to be the Best Remedy known to Man.

WHAT WILL THE WEATHER BE TO-MORROW? Pool's Signal Service Barometer. OR STORM GLASS AND THERMOMETER COMBINED. WITH TELL-TALE.

PROFITABLE EMPLOYMENT. For all who are able and willing to work in circulating literature that will be a power for good.

SUNDAY-SCHOOLS! CHRISTMAS! DECORATIONS. Large alphabets, with letters for cutting up to make into cards

McSHANE BELL FOUNDRY. Manufacture these celebrated Chimes and Bells for CHURCHES, ACADEMIES, ETC.

BUCKEYE BELL FOUNDRY. Manufacture these celebrated Chimes and Bells for CHURCHES, ACADEMIES, ETC.

SWAYNE'S PILLS. ACT AS A HEART CORRECTOR. And in cleansing, regulating, and strengthening the organs of digestion, secretion and absorption

CISTERSN. We have again reduced the price of our celebrated Cistersn, which we manufacture of the very best Alabama Heart Cypress

ESTERLYN. Our skilled artists by costly experiments, are constantly introducing new styles of Organs with varied effects

THE GREAT GERMAN REMEDY FOR PAIN. Relieves and cures RHEUMATISM, Neuralgia, Sciatica, Lumbago, BACKACHE, HEADACHE, TOOTHACHE, SORE THROAT, QUINSY, SWELLINGS, SPRAINS, Strains, Gout, Rheumatism, BRUISES, SCALDS, and all other bodily pains

JOHNSON'S Commercial College. 210 and 212 North Third Street, St. Louis, Mo.

Texas Christian Advocate.

I. G. JOHN, D. D., Editor. Associate Editors: R. S. Finley, H. S. Thrall, N. J. Hawkins, E. S. Smith. SHAW & BLAYLOCK, Publishers. JOINT BOARD OF PUBLICATION.

WHERE ARE THE NINETY AND NINE?

We attended the thanksgiving service November 30th, in which the Methodist, Baptist and Presbyterian Churches of Galveston joined with other citizens of this highly favored community.

the new style of hop-skip-and-jump music, they would do the long suffering innocents a grateful service.

The three leading religions of the world are the Christian, Buddhist and Mohammedan. While the lands of Buddha and the false prophet have made no advance for centuries, and their empires are crumbling to decay, Christian nations are the pioneers of modern civilization, and are fast assuming supremacy over the entire world.

Many papers regard the defeat of Gov. St. John, in Kansas, as proof of a reaction of public opinion in that State on the liquor question. The tone of its leading journals do not reveal such a result.

"Go your way and tell his disciples." The command was given to the women who were "first at the sepulchre," as they had been the "last at the cross."

Many people are concerned about living grace. It is a blessed thing to have, but we will need it only when we hear the summons from which there is no appeal.

"America, to save herself, must save the world." The remark was recently made by an advocate of missions before the American Board.

Monterey and Mexican Missions.

Reading Dr. Kelley's remarks about Monterey, in which it is said, in substance, that things are not quite ready for the occupation of Monterey yet, I go back in memory a quarter of a century.

Dr. Leo Rosser has not been transferred to the Denver Conference, but was, by a vote of the conference, appointed to that work by the bishop.

How the Advocate Reporter Explains.

There is in tropical seas a creature known as the ink-squid that has the power, when approached by an enemy, to eject a murky secretion, and thus hiding itself from view, retreat to a place of safety.

Bro. Cox writes in good spirit. No doubt error has been committed on all sides in these conference border matters. It is this, by whomsoever committed, that makes the history painful.

The San Antonio district embraces the territory south and west of Bandera county to the Rio Grande, reaching that stream at Del Rio and at Laredo.

The first meeting was held at San Antonio, the people gave their pastor and his wife a cordial reception. The pastor, Bro. W. J. Young, having entered the matrimonial state, was, with his bride, overwhelmed with congratulations and valuable presents.

The second quarterly meeting was held for the Citico circuit at the mid-way school, in the town of Elm, on the 10th inst.

What can be done to order that the church may shake herself free from this occupant? Many things. First, stop the supply. Guard the gates of Zion more jealously.

To All Whom It May Concern.

Since mailing my rejoinder to the Advocate reporter and Rev. H. V. Philpott, I have received the Advocate of the 9th instant, containing articles from Bro. Cox, Andrews, Addison and Graves, in reply to my article in the issue of November 25th.

Bro. Cox writes in good spirit. No doubt error has been committed on all sides in these conference border matters. It is this, by whomsoever committed, that makes the history painful.

swung it across our shoulder and footed it a mile to the depot. In the cool December morning the run out was most delightful. One never tires of the scenery of this magnificent country.

SOUTHERN METHODISM.

The Virginia Conference, raised \$19,000 for missions this year. Good! Rev. R. N. Price is appointed to write the history of the Holton Conference.

Dr. C. W. Miller, though still an invalid, is improving. He is to spend the winter in Macon, Ga. Rev. H. B. Avery, pastor of St. Paul's M. E. Church, South, in Jacksonville, Fla., died recently in that city.

Dr. John E. Edwards in a letter to the Southern Christian Advocate, suggests that the Board of Missions appoint some one as special agent to raise the \$200,000 required to secure the premises for Dr. Allen's Anglo-Chinese University.

Bishop Granbery has just returned to his home in Richmond, after an absence of two and a half months attending Western conferences. He is in good health.

Bishop Kavanaugh keeps a steady gait, traveling and preaching after the manner that has been usual with him since 1854. In Florida, if he does not find the fountain of perpetual youth, he will carry it with him—a soul filled with love to God and man.

Miss B. Blanche Gilbert, daughter of the late Rev. John L. Gilbert, of the Baltimore Conference, is going out to labor in our Mexican Mission. She is personally known to us as an accomplished Christian lady.

Mission work among the Indians can scarcely be considered fruitless, in view of what has been accomplished by the Methodist Episcopal Church, South. The mission in the Indian Territory has grown until there is now a roll of 3000 members.

We give the following items from the report of the Virginia Conference in the Richmond Conference, 1882. There was a conjunction of delightful events that made the conference memorable as a charming reunion.

in its second session at Henderson, Texas, December 2, 1882. Mrs. Adams, Vice-President in the chair. Delegates present, Mrs. Thompson, Mrs. Booty, Mrs. Moore and Mrs. Carter. Religious services were conducted by E. S. Finley.

It is thought the gift of Mrs. Sarah E. Atkinson, of Memphis, Tenn., to Vanderbilt University will net \$50,000. Bishop Hargrove's residence for the present is Los Angeles, Cal.

The venerable editor of the St. Louis Advocate announces that he is to be absent from his office "the knows not how long—it may be but a short time only, it may be for a longer time."

Dr. John E. Edwards in a letter to the Southern Christian Advocate, suggests that the Board of Missions appoint some one as special agent to raise the \$200,000 required to secure the premises for Dr. Allen's Anglo-Chinese University.

Bishop Kavanaugh keeps a steady gait, traveling and preaching after the manner that has been usual with him since 1854. In Florida, if he does not find the fountain of perpetual youth, he will carry it with him—a soul filled with love to God and man.

A Kentucky paper says: "We were walking along the street the other day when we noticed a heavy set, black-haired man. We soon discovered him to be Bishop Kavanaugh, of the Methodist Church, who is eighty years of age, and in active service as a bishop."

Miss B. Blanche Gilbert, daughter of the late Rev. John L. Gilbert, of the Baltimore Conference, is going out to labor in our Mexican Mission. She is personally known to us as an accomplished Christian lady.

Mission work among the Indians can scarcely be considered fruitless, in view of what has been accomplished by the Methodist Episcopal Church, South. The mission in the Indian Territory has grown until there is now a roll of 3000 members.

We give the following items from the report of the Virginia Conference in the Richmond Conference, 1882. There was a conjunction of delightful events that made the conference memorable as a charming reunion.

Change of Appointments. Please announce that Rev. J. S. Smith has been changed from the Terrill district to the pesiding elder of the Dallas district, and Rev. R. M. Powers has been appointed presiding elder of the Terrill district.

Transferred. We learn that Rev. Joel T. Daves has been transferred from the Louisiana to the East Texas Conference, and stationed at Marshall, Tex.

Change in Appointments. Since our last issue went to press we have received notice of the subjoined change, which should have appeared in the appointments of the East Texas Conference.

Personal. O. L. Geer, of the American Sewing Machine Company, New Orleans, made the Advocate office a pleasant visit during the week.

THE MINUTES. Dr. Harrison calls upon the secretaries of the conferences in Texas for answers to the thirty-two questions in the discipline, and we presume these answers will be promptly forwarded.

As our minutes are now published they give no information as to the number and value of our churches, parsonages, college buildings, etc., and no clue by which an estimate can be formed of our contributions for ministerial support.

We have read some where of a Kentucky preacher who was annoyed during revival sermons by the rude conduct of a couple of rowdies. He went up to them and reproved their conduct sharply.

It is officially announced that the new hymn book ordered by the late General Conference will not soon appear. This afforded great relief to some of our pastors.

WHAT has become of the proposition to celebrate the centennial of Methodism in 1884? So far as we have observed, the topic has not been mentioned at any of our late conferences.

Texas Christian Advocate.

A young lady in one of our rural districts was escorted home from an evening party, not long since, by a young man to whom she was not particularly partial. On taking his leave, he remarked: "I guess I'll come and see you again next Sunday night."

A new departure in the treatment of chronic diseases has been made. Send to DR. STARKLEY & PALIN, 1109 Grand Street, Philadelphia for their Treatise on Compound Oxygen, and learn all about it. Mailed free.

Robert Burns once in a while hit hard at our weaknesses. Is he drawing your picture when he sings-- "But human bodies are sie fools. For at their colleges and schools, That when nae thro' their complex eye, They make o'nae themselves to vex em."

Mothers! Mothers! Mothers!!! Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately--depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

The congressional committee appointed to investigate the needs of the Mississippi river is at Memphis, and Captain John Crowder is following in its wake. It is understood that the commissioners regard an attempt to improve the channel as useless. Examinations were made of the work of the government force at Island No. 30, at Osceola bar and the plant at Plum point.

AGENTS: Office Catalogue and particulars sent free. FATTEN & CO., 47 Barclay St., New York.

The government daily paper of Tokio, Japan, consents to insert an advertisement of the Scriptures, which is regarded by the missionaries as an important concession.

Pure Cod-Liver Oil made from selected fish, on the seashore, by CASWELL, HAZARD & Co., New York. It is absolutely pure and sweet. Patients who have once taken it prefer it to all others. Physicians have decided it superior to any of the other oils in market.

Chapped Hands, Face, Pimples, and rough skin, cured by using JUNIPER TAR SOAP made by CASWELL, HAZARD & Co., New York.

The gross receipts of the Post office Department for the fiscal year, ending June 30, 1882, have been \$41,205,317.10, against \$36,217,511.55 the previous year; receipts from the sale of postage stamps, postal cards, and envelopes, \$39,553,317, against \$34,678,212 the previous year.

AN ONLY LAUGHTER CURED OF CONSUMPTION. When death was hourly expected, all remedies failed, and Dr. H. JAMES was experimenting with the many kinds of medicine, he accidentally made a preparation which cured his only child of CONSUMPTION. His child is now in the full enjoyment of good health. He has proved to the world that CONSUMPTION can be positively and permanently cured, and that it is not necessary to pay any money for a cure. This medicine is sold free, only asking to three-cent stamps to pay expenses. This herb also cures night sweats, coughs, and all other ailments. Address: HAZARD & Co., 47 Barclay Street, Philadelphia, sending this paper.

"I don't believe in this learning (German, Spanish, French, or any foreign language)," said a Michigan man the other day. "Why, I lived among a lot of Germans, and I got a long with them just as well as if I had known their language; but I didn't--not a word of it." "How did you contrive it?" "Why, you see, they understood mine."

Lady, tender your skin white with Glen's Sulphur Soap. Pike's Toothache Drops cure in one minute. "No, sir," said the man, "you needn't tell me a woman ever had her dress pocket picked. I don't believe a thief could discover it. I know I've tried for two hours to find the pocket of one of my wife's dresses, and had to give it up."

Habitual constipation is not only one of the most unpleasant, but at the same time one of the most injurious conditions of the human system, and is but a forerunner of disease, unless removed. This is usually accomplished by the use of purgatives, which for the time afford relief, but after their immediate effects have passed they leave the system in a worse state than before. To effect a cure it is necessary that the remedy used should be one that not only by its cathartic effect relieves the bowels, but at the same time acts as a tonic, so as to restore the organs to a sound, healthy condition. This "Purifying and Restoring" will do it. It removes the cause and restores health.

The Paris Gazette estimates that Europe will want 500,000,000 bushels of wheat this year, but India, Russia, and the Danubian provinces will compete with the United States to supply the demand. "Lydia E. Pinkham's Vegetable Compound cures all female complaints by removing the cause.

During the next two months the government will disburse \$41,500,000 in the payment of the called bonds, and in interest on the public debt and pensions. Opinion of Eminent Dr. R. S. Stearns, President Maryland Hospital, Baltimore. "I HAVE USED Golden's Liebig's Liquid Extract of Beef and Tonic Invigorator for more than a year. It combines the virtues of food and tonic in a remarkable way, and I am satisfied has saved life when no other medicine could do so." (Remember the name, GOLDEN'S--take no other.)

During the past century the population of the United States increased elevenfold and its churches thirty-sevenfold. A hundred years ago there was one church to every 1,700 inhabitants; now there is one for every 529.

Relief from Sick Headache, Drowsiness, Nausea, Dizziness, Pain in the Side, &c., guaranteed to those using Carter's Little Liver Pills. These complaints are nearly always caused by torpid liver and constipated bowels. Restore these organs to their proper functions, and the trouble ceases. Carter's Little Liver Pills will do this every little. One pill is a dose. Forty in a vial. Price 25 cents.

CONSUMPTION CURED. An old physician, retired from active practice having had placed in his hands by an East India Missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma, and all throat and lung affections, also a positive and radical cure for General Debility and all nervous complaints, after having thoroughly tested his wonderful curative power in thousands of cases, feels it his duty to make it known to his fellows. The recipe, with full particulars, directions for preparation and use, and all necessary advice and instructions for successful treatment at your own home will be received by you by return mail, on payment of one dollar, with stamp or stamped envelope to DR. J. C. RAYMOND, 164 Washington St., Brooklyn N. Y. Please mention this paper.

The rose bush which tradition alleges to have been planted by Charlemagne at Hillshelm never bore better than this summer. It stands on the outer wall of the cathedral crypt. Its branches extend about thirty feet upward and thirty-four in width. Shoots grafted on its trunk in recent years are growing.

The Merry Days of Old. In reading of the middle ages one is struck by the accounts given of feats of strength, etc., of the life actors of those times. The suits of armor worn, would certainly indicate the possession of greater physical strength than is developed by men in these latter days. What wrought the change? Men lived in the merry days more out-door life than this advanced civilization of ours can afford. There is a greater consumption of brain matter, and that increased demand on mental and physical power necessitates the use of a pure vegetable, stimulant tonic such as the Home Sanative Cordial.

"When I look at the moon in the sky," said perumed Adolphus to a farmer's daughter, and was about to dilate upon the lunary which is the stock in trade of all lovers the world over, she quietly asked: "Well, sir, did you ever happen to gaze at it when it was not in the sky?" He turned away with a sigh, and she went into the kitchen and was soon elbow-deep in dough.

ENGLISH FEMALE BITTERS is intended for young girls as well as married ladies who have by some exposure become irregular, pale and feeble, with headache, leucorrhoea, pain in the side and back, falling of womb, or female weakness or excesses. Its use strengthens and tones the stomach, invigorates the nerves, gives iron to blood, corrects irregular uterine action, and removes unnatural obstructions. FOAMING and sparkling Baiter's Saline Aperient is the cheapest and most delightful purgative in use. For dyspepsia and habitual constipation it delights every body.

"Didn't you tell me, sir, you could hold the plow?" said a farmer to an Irishman whom he had taken on trial. "Arrah, be aisy now," said Pat; "how the deuce can I hold it and two horses drawing it away from me? But give it to me in the barn, and be jabers I'll hold it wid anybody."

A SLIGHT EXPOSURE IN BAD WEATHER, when the system is out of order, often brings on a Stubborn Cold; the attending Cough irritates the Lungs, and if not promptly treated, frequently develops a tendency to a tuberculous condition. To avoid this danger, those troubled with Colds should resort at once to Dr. Jayne's Expectoant, which soon loosens and eradicates Coughs, soothes and heals inflamed membranes, and removes all anxiety by setting the patient on the way to good health once more.

In a provincial town the low comedian at the theatre giving a series of imitations at the cafe, to the exceeding joy of his companions. "Is there any one else you would like to have me imitate?" he finally asks of the proprietor. "O sir," gently replies that long-suffering person, "if you would only imitate some of the people that pay."

Sudden Changes of Weather are productive of Throat Diseases, Coughs, Colds, etc. There is no more effective relief in these diseases to be found than in the use of BROWN'S BRONCHIAL TROCHES. Price 25 cts.

Last week the clever Russian police arrested an English missionary, having "mistaken" his robes for Nihilist literature. A little knowledge is a dangerous thing, and the Russian detective, who had a smattering of our language, thought he had got hold of a real plot when he made out the word "Revelation."--Punch.

Baby's Warning. When baby has pains at dead of night. Mother in a fright, father in a plight; When worms do bite, baby must cry; If fever sets in, baby must die. "I'm sorry you're all together, but in that house there's no Castoria. For mothers, nurse without delay, Castoria cures by night and day."

It was the custom of a Troy minister to preach just forty-five minutes by his watch, which he placed on the pulpit in front of him, and not one of the boys forced to go to church, nor the man who went just to keep up appearances, but one of the deacons is believed to be the man who got hold of that watch and had it fixed so that it would indicate a run of forty-five minutes in about fifteen minutes.

Dr. C. W. Benson of Baltimore, Md., prepares a skin cure that is the best thing for skin diseases ever known. It cures eczema, tetter, ring-worm and all rough and scaly skin diseases in the shortest time. Sold by all druggist at \$1. per package.

Half of the trouble in life is caused by taking too much exercise. Both men and women would be happier if they would "jump at conclusions" less frequently. There are many forms of nervous debility in men, that yield to the use of Carter's Iron Pills. Those who are troubled with nervous weakness, night sweats, &c., should try them. Every body is willing to take religion when he has got out of the world all it can give him. A clear head is indicative of good health and regular habits. When the body feels heavy and languid, and the mind works sluggishly, Ayer's Cathartic Pills will wonderfully assist in a recovery of physical buoyancy and mental vigor. The constipated should use them.

A Reminiscence of Sir John Franklin. Sir John seemed never to be happier than when speaking of his former voyages, and he encouraged me to converse freely with him as we strolled over the grounds together or rode out into the country. He had a complete and most perfect and elaborate set of charts of the Arctic regions, as far as they had been explored, upon which he had his own explorations and those of Captains Parry and Ross and other Arctic explorers were distinctly marked out; and it was his greatest pleasure of an evening to display these charts and point out the spots he had visited; also tracing the route of his own expedition, and to pursue if it should ever be his "good fortune," as he expressed himself, again to be employed in what was the great hobby of his life. There was not a point he had discovered nor a spot that he had visited respecting which he had not some anecdote to tell or a narrow escape to relate. And to me it was delightful to listen to these anecdotes from the lips of a man who had bravely dared and overcome the perils of which he spoke, and who had already rendered his name famous as one of the boldest and most energetic and persevering of Arctic discoverers. Besides, I must confess it was flattering to my pride to hear a post-Captain and a Lieutenant Governor conversing thus freely with a young midshipman, and encouraging me to express my own opinions, and listening to them kindly and attentively. I spent a pleasant visit at the Penns, and was sorry to return to the ship. While we lay in port an emigrant and a female convict ship arrived. The latter one of the last, if not the last, female convict ship that left the shores of England--and Sir John and Lady Franklin visited them both immediately on their arrival. It was her ladyship's chief pleasure, and she seemed to regard it as a duty, to encourage me to express my own opinions, and listening to them kindly and attentively. I spent a pleasant visit at the Penns, and was sorry to return to the ship. While we lay in port an emigrant and a female convict ship arrived. The Prophet Honored in His Own Country, even in His Own Home. The latest, staple narrative of Mrs. S. J. Wither, who resides at No. 177 Williams St., Providence, R. I.

During the past six or seven years I have been severely afflicted with kidney disease, causing intense back aches, dizziness, and other severe pains through my body and limbs, rendering life so wretched and painful that at times it was impossible for me to do any part of my household work. I have had also a swelling of the heart, and was terribly distressed for breath, I was very miserable, and completely worn out.

McREYNOLDS--Adah, only daughter of B. W. and M. E. McReynolds, was born Oct. 22, 1881; baptized by Rev. W. C. Haskill in July, 1882; died Sept. 15, 1882. Weep not, father and mother, for it is well with the child.--JOHN W. MURPHY.

McREYNOLDS--Lily Elvira, daughter of J. F. and Esther McReynolds, was born April 23, 1879; departed this life Oct. 6, 1879. Little Lily was left alone by her parents for a few moments, and in their absence caught fire and burned to death.--JOHN W. MURPHY.

DOBNEY--Mrs. Mary Ann Dorsey, daughter of William and Elizabeth Ralston, was born in England in the county of Devon, England, in the year 1800. Her pilgrimage is ended. Having had only a short acquaintance with her, I know but little of her Christian journey or religious experience, but doubtless she saw enough of the roughness of the way to rejoice that "there remaineth a rest to the people of God."

STAMPEY--The subject of this notice, Mrs. O. M. Stampey, wife of Dr. J. S. Stampey, and daughter of Dr. B. B. and Sarah McDonald, was born in Bibb county, Ala., March 8, 1838. In 1859 her parents moved to Mississippi, and settled in Neshoba county, where she grew to womanhood, and on the 5th of July, 1859, was married to C. A. Garrett, who died in 1861, leaving her a young widow with three children. In 1867, with her child and parents, she removed to Yazoo county, Miss., where she was married to Dr. J. S. Stampey, Oct. 10, 1871. In 1874 the family came to Texas, and Dr. Stampey settled in the town of Grimes county, where, on the morning of the 17th of November, 1882, she died, as she had lived, in the full vigor of a Christian life. Her only child, James L. Garrett, died a little more than three years ago, since which time she has been slowly but surely declining. Disease and sorrow have done their work, and the loved and lost have met in heaven.--C. H. BROOKS.

GOTTL--Died near San Saba, Texas, November 22, 1882, Lucy J. Gottl. Her maiden name was Smalley. She was born in Kentucky, December 18, 1815, and moved with her parents to Missouri when quite young. She was married to James Gottl, August 19, 1871, and came to Texas in 1877. She united with the Methodist Church in San Saba, March 26, 1882, and lived a consistent member until death. Her religious experience was bright and happy. She was the mother of five children, and when asked by her husband if she had any advice to give with reference to them, replied, "God will take care of the children." In conversing with the writer a short time ago, she said she was resigned to the divine will, and had no fear of death. It is consoling to know that the same loving Saviour who sustained the departed, and gave her such a complete victory over the last enemy, will sustain her mother and children in the trials of life, and enable them to reach the haven of eternal repose.--RUSH McDONALD.

JONES--William Edward, only son of James C. and Mattie P. Jones, a born near Greenwood, Caddo parish, La., Aug. 22, 1861, and died suddenly of congestion, at his home in Lake Charles, La., Oct. 15th, 1882. He professed religion during the "Hammond revival" at Galveston, and was afterwards joined St. John's Church. Taken while yet "the dew of youth was on his brow," he is spared the trials and disappointments of earth, and is now, we trust, where "a happier lot than ours, and larger light surrounds him than here." He was a good affectionate son, a generous, noble hearted brother, a kind, genial, social friend, the center of the social circle in which he moved. Naturally of a bright, joyous disposition, often assuming a gloomy, some might have supposed, a little thoughtless; but those whom he chose to confide, know well that in his heart he treasured up a Saviour's love, and trusted in Him alone for his salvation. Let this precious thought bind up the broken hearts of father, mother, sisters, all. Just a step, and-- "Where immortal spirits reign. There we shall meet again."--E. A. SANFORD.

TOWELL--Fannie, daughter of Sister Mattie Russell, age five years, died of her residence in Hamilton county, Nov. 29, A. D. 1882. Little Fannie was a sweet girl. With an earnest Christian mother, she had been to imbibe the spirit and teachings of our holy Christianity. With bright face and cheerful heart, she had little taste in sister Alice, cheered the home until fourteen days before her death. Typhoid pneumonia set in, slowly but steadily the disease continued, until God said it is enough, and through the gate into the eternal city she passed. Her father, who with the aid of light, to be with Jesus, who said, "Suffer little children to come unto me, and forbid them not, for of such is the kingdom of heaven." Her father was killed suddenly by being thrown from a wagon; but she found an affectionate stepfather in Bro. Russell. May this little beacon light unite with the beams of love divine to draw the bereaved family and friends to that heaven of eternal rest.--R. V. GALLOWAY.

McREYNOLDS--Elizabeth Meador, daughter of William and Elizabeth Ralston, was born in England in the county of Devon, England, in the year 1800. Her pilgrimage is ended. Having had only a short acquaintance with her, I know but little of her Christian journey or religious experience, but doubtless she saw enough of the roughness of the way to rejoice that "there remaineth a rest to the people of God."

STAMPEY--The subject of this notice, Mrs. O. M. Stampey, wife of Dr. J. S. Stampey, and daughter of Dr. B. B. and Sarah McDonald, was born in Bibb county, Ala., March 8, 1838. STATISTICAL STATEMENT, EAST TEXAS CONFERENCE.--COMPILED BY REV. J. THOS. MURRISH.

Table with multiple columns: PASTORAL CHARGES, No. Local Preachers, No. Members, ADDITIONS, REMOVALS, BAPTISMS, SUNDAY SCHOOLS, FOREIGN MISSIONS, DOMESTIC MISSIONS, CHURCH PROPERTY, BISHOP'S FUND, CONFERENCE COLLECTIONS, PRESIDING ELDER'S SALARIES, SALARIES PREACHERS IN CHARGE, BOOKS. Rows include Marshall District, Palestine District, San Augustine District, Beaumont District, and Receptation.

Without a Parallel in Medical History.

The remarkable results which have attended the administration of Compound Oxygen, the new remedy for chronic and so-called "incurable diseases," are without a parallel in Medical History. As dispensers of this new remedy, we have, after over twelve years of earnest, untiring and costly effort, introduced it to those who need its vitalizing and health-restoring influences, succeeded in resting its claims on the basis of facts and results of so wide and universal a character...

In this country nearly every active business or professional man, is overworked, and suffers from waste of vitality.

In this country nearly every active business or professional man, is overworked, and suffers from waste of vitality. Few reach the age of forty-five without this waste of vital force showing itself in some form of disease more or less troublesome or dangerous. Another class suffering from depressed vital action is that of the weary convalescents, who have had a long, or it may be a brief, encounter with some acute disease, in which they have barely won in the struggle between life and death, and out of which they have come exhausted and enfeebled. A large majority of these never get back the health they had before, although still in the prime of life. Some recover to a state of invalidism more or less permanent, and out of their broken powers, it may be many years, while others pass over into a slow decline. A number of fatal cases, can be largely shown from the results obtained during the past twelve years, that Compound Oxygen is the most efficient agent yet discovered by the medical profession, for the recovery of nervous and professional men, and by all who suffer from nervous exhaustion and low vitality, would save many thousands more the ability to work with their brains, and the ability to perform their usual avocations, and to enjoy the pleasures of life which new attend their labors. It is gratifying to know that both the general public and the medical profession are beginning to recognize the fact that there is in this substance which we call Compound Oxygen, an active principle which, when introduced into the system by inhalation, gives a new impulse to all the nerve-forces. They are coming to understand that it is not to be classed with any of the drug-remedies, nostrums, or patent medicines by which weak people are deceived, and to obtain inward. The rapidly accumulating evidence in its favor, seen in the restored health of many hundreds of persons who had been invalids for years, is an argument which cannot be resisted. Our large correspondence with patients and health-seekers, throughout this and other countries, gives evidence of the increasing confidence which is steadily growing in the public mind favorable to the Oxygen cure. The living witnesses to its remarkable efficacy, and the warm advocates of its dispensation are, as we have said, rapidly increasing. By personal influence and correspondence, those who have been relieved from distressing complaints, or cured of diseases which were steadily growing worse and worse for years, are sending the good news of their recovery to friends and neighbors, near and remote. Many of these order the treatment, and it helped or cured, as rarely fails to be the case, become in turn the friends and advocates of this new method of cure. So the knowledge is spreading, and the use of Compound Oxygen growing with a rapidity of which few outside of our establishment have any comprehension. To those who wish to inform themselves in regard to this new treatment, we will send, free of cost, our "Treatise on Compound Oxygen" and our pamphlet containing over fifty "Unselected Testimonials" also "Health and Life," our Quarterly Record of Cases and Cures, under the Compound Oxygen Treatment, in which will be found, as reported by patients themselves, and open for verification, more remarkable results in a single period of three months than all the medical journals of the United States can show in a year. DRS. STARKEY & PALEN, 1109 and 1111 Girard St., Philadelphia.

On the road from Pendleton to Centerville, Oregon, several log houses are being erected by Italians and half-breeds, who have picked out their one hundred acres and have commenced farming.
