HASKELL, HASKELL COUNTY TEXAS, THURSDAY JULY 27, 1933—4 PAGES

FORTY-EIGHTH YEAR

## LOCAL FIRMS PLEDGE SUPPORT TO PRESIDENT

### COMMITTEES APPOINTED FOR VARIOUS DEPARTMENTS OF FAIR TO BE HELD THIS FALL

At a meeting of the board of directors of the Haskell County Fair Wednesday morning the following committees were appointed to assist in staging the annual exhibition to be held on October 19-20-21. Committees on Parade—Bill Oates, Sam Roberts, Raymond Taylor and Henry King. Horse Racing—Walter Murchison, Hollis Atkinson, and Eugene Tonn. Advertising—Theron Cahill, F. M. Robertson, Server Leon. Entertainment—Courtney Hunt, T. C. Cahill, Rex Ragan. Finance—Marvin Post, Clay Smith, and John Riles. Buildings and Grounds—Chas. M. Conner, Dave Persons and J. D. Montgomery. Exhibits—W. P. Trice, Miss Eileen Partlow, Herman Henry and R. H. Maxwell. Anyone who is interested in the fair in any way is requested to communicate with the committees who will have charge of the particular division under which the business will be handled. Plans are being made by the officers and directors for one of the best fairs ever staged in this section of the state and the cooperation of the citizenship of Haskell county is requested in making it the biggest show in all West Texas.

### FALLING ROOF HURTS THREE MEN FRIDAY MORNING

Three men were injured here Friday morning when a section of the roof of the old oil mill which is being torn down collapsed. The three men were Earl Westbrook and R. M. Moore of Stamford and A. D. Brimlee of Haskell. Westbrook and Moore were injured about the head, chest and body. Brimlee, who appeared to be the most seriously injured, was hurt about the back. They were rushed to a Stamford sanitarium in a Kinney Funeral Home ambulance.

### July 31 Last Day to Transfer Students

The transferring of students from one school district to another must be attended to before August 1, according to Miss Minnie Ellis, county school superintendent. Parents and trustees are urged to make every effort to get transferring students accounted for at once in order to avoid confusion and disappointment later. When students are transferred their portion of the state school fund is transferred to the district in which they enter. If their names are on the census roll, pupils may be transferred from any district in this county to any other district in the county. Students may not transfer out of the county unless they live near the county line.

### Former Haskell Boy Dies At Graham

Ellis Cummins Hughes, 21, son of Mr. and Mrs. Dave Hughes, died at the family home in Graham, Texas, Saturday morning after injuries received while swimming in Salt Creek Thursday afternoon. Funeral services were held Monday afternoon at 4 o'clock from the First Christian Church in Graham. The pastor, Rev. Oscar T. Moline conducted the services. Young Hughes was born in Haskell county, where the family resided until a few years ago when they moved to Graham. The family was one of the early settlers of Haskell county. He is survived by his parents, Mr. and Mrs. Dave Hughes and two brothers.

Mrs. C. D. Long, a former resident of Haskell now living in St. Louis visited last week with Mrs. R. C. Montgomery. She was joined here by her sister, Mrs. W. Whitman of Morton, Texas, who visited with her for a week.

Mrs. Marion Bogan of Wichita Falls spent the week end with her mother, Mrs. J. B. Nellums.

### NEW BOARD TAKES OVER R. F. C. WORK

A new board took over all RFC work in Haskell county the first of this week, relieving the voluntary workers that have been in charge since the first of the year. The new committee is composed of Franch M. Robertson, chairman; M. H. Post, H. K. Henry, Porter Campbell of Hale and D. E. Brown of Rockwater. Tom Donohoe has been appointed secretary-director and Joe Brooks, assistant. The voluntary committee handling the work for the past few months was composed of J. F. Kennedy, chairman; Henry Williams, secretary; Courtney Hunt, G. E. Patterson, R. L. Brown and Chas. M. Conner. The committee had not in their organization to Governor Ferguson more than two months ago, but continued with the work until a new committee could be appointed and the duties of the office turned over to it. The new board has assumed their office on the third day of the week.

### Farm Woman Makes \$3.45 for Day's Labor

By canning 19 hens from her poultry flock Mrs. E. E. Welch of Midway Home Demonstration Club made \$3.45 for one day's labor. From the 19 hens she made 13 cans of bonded chicken and 11 cans of ground chicken which she has standardized to sell under the pure food and drug act and approved by home industries specialists at A & M College. These poultry products she values at \$2.50 and deducting expenses for cans, fuel and products she finds she has made a good profit for the day's labor. Miss Marshall Taylor returned the first of the week from Eastland where she had been visiting for a week or two. She was accompanied home by her cousin, Mrs. Carl Smith and baby and Robert Taylor, all of St. Paul. They will visit with her.

### HOME OF B. C. BAKER RAIDED TWICE IN WEEK

The residence of B. C. Baker 8 miles southeast of Haskell was raided by local officers last Wednesday and again Sunday. A small quantity of beer was seized on both occasions. The first raid was conducted by Sheriff W. T. Sarrels and Deputies Olen Dotson and Dan Kirkpatrick. On the second visit the above officers were accompanied by Deputy Henry Townsend of Rule.

### RULE PEOPLE HURT IN AUTO CRASH

Four Rule people were injured when the car in which they were riding struck a bridge rail and overturned five miles east of Albany Tuesday morning. Lee Norman, Rule grocery, the driver of the car, suffered head and back injuries. His wife was hurt in the chest and arm, their daughter suffered a broken rib, and the daughter of a neighbor was hurt internally. Two sons of Mr. and Mrs. Norman, 16 and 18 years of age, were unharmed. The accident occurred on the highway five miles east of Albany at 5 o'clock Tuesday morning as the Norman car was passing a loaded truck. They were on their way to Chicago to attend the Century of Progress exposition. The injured persons were taken to Albany for first aid and taken later to a Stamford hospital.

Miss Mary Sue Hester has returned home for the remainder of the summer from Denton, where she has been working in C. I. A. and T. C. beauty shops for the past year. Dr. Gaines Post, instructor in Harvard University, arrived the first of the week and will spend his vacation with his parents, Mr. and Mrs. H. S. Post of this city.

### MORE THAN 25,000 ACRES COTTON PLOWED UNDER IN COUNTY DURING THIS WEEK

More than 25,000 acres of cotton have been destroyed in Haskell county this week according to H. H. Maxwell, under the emergency permits issued in the acreage production program. The local office received acceptance on 900 contracts Monday morning and the farmers have lost no time in complying with the provisions of the contracts. The 900 acceptances received here this week was the first batch of contracts forwarded to the state office and covered approximately 27,000 acres of cotton. Mr. Maxwell believed that practically the entire acreage on which acceptances have been received by the farmers will be destroyed by tonight. Other permits are expected daily and probably the entire acreage offered will be destroyed before the end of next week. In addition to plowing under the acreage, some farmers are taking advantage of the opportunity to dry plant feed on the land hoping to receive sufficient moisture soon to make a late feed crop. Blanks to be signed after the cotton has been taken out of production have not been received by the local committee, and inspection cannot be made and certified to the county office until the necessary papers arrive, according to Mr. Maxwell.

### CAPTURE OF ED STANTON IN NEW MEXICO RECALLS HIS ACTIVITIES IN THIS SECTION

MAN WANTED IN CONNECTION WITH NUMEROUS ROBBERIES AND SLAYING OF FOUR OFFICERS WAS CONVICTED GENE FOR BURGLARY OF SAGERTON DEPOT. The end was written last week to a bloody story of gun fights, deaths and bank robberies in two states when Ed (Perchmouth) Stanton was arrested and Glenn Hunsucker was killed in a gun battle with officers near Carrizozo, New Mexico. Stanton had operated throughout West Texas and New Mexico in a series of crimes during the past few years. In 1930 he was arrested and charged with the looting of the Orient depot at Sagerton and Old Glory. He was tried in District Court here before Judge Bruce W. Bryant at the April term in 1930 and sentenced to three years in the penitentiary. He was prosecuted by District Attorney Clyde Grisom, who is now District Judge and the following Haskell county men were on the jury that convicted him: Allen Bell, S. L. Parks, Dix Carnes, W. L. Arrington, J. W. Burrows, W. W. Ashby, J. W. Banks, E. D. Allison, O. D. Pool, J. W. Gholson, W. C. Brite and J. H. Pool. Stanton was later tried at Aspermont for the Old Glory job and given two years in the penitentiary. Hunsucker's death and Stanton's arrest marked the end of a trial of blood across West Texas and New Mexico which has seen the death of four peace officers and robbing of banks and other establishments. The four officers, all killed while searching for the outlaws, were Deputy Sheriff Harve Bolin, who was fatally wounded a year ago near Portales, N. M.; John C. Mosley, sheriff of Swisher county, shot down in January; Joe Brown, Deputy Sheriff at Rhome, who was shot down when he took two men and a woman to his office for investigation, and Deputy Sheriff Tom Jones who was killed in the gun battle that ended the life of Hunsucker and the arrest of Stanton, near Carrizozo, New Mexico. Stanton was seen in Haskell early in the year by local officers, and Hunsucker is reported to have spent several weeks picking cotton southeast of Haskell last fall.

### Unanimous Approval of President's Plan for More Jobs and Shorter Hours Is Expressed at Meeting Wednesday.

### ELECTION CALLED IN COUNTY ON THREE-TWO BEER

The Commissioners' Court ordered an election to be held on August 26th to determine if 3.2 beer could be sold legally in Haskell county, if the state should legalize the beverage in the statewide election to be held on the above date. The notices of the election were posted by the sheriff's department Tuesday. The election was called as an economy measure by the Commissioners' Court, in case the state should vote wet on the above date. The local election can be held without any additional expense at this time, but if another election should be held later the expense would amount to several hundred dollars.

In a mass meeting of the business men of Haskell which was held at the courthouse yesterday afternoon the Industrial Recovery Code recommended by President Roosevelt was unanimously adopted and the following telegram dispatched to Washington. "Business men of Haskell in mass meeting adopted Industrial Recovery Code. We are back of you one hundred per cent."

A committee was appointed at the meeting to represent each line of business in the city. The committeemen named are to act as chairmen of their respective groups, and are as follows: Grocers, Hollis Atkinson; Dry Goods, Courtney Hunt; Drugs, W. M. Reid; Hardware, N. I. McCollum; Tailors, Andy Norris; Bakers, Walter Ford; Grain Dealers, E. I. Christian; Barber, S. L. Parks; Markets, A. W. Cox; Cafes, Jack Johnson; Filling Stations, Bert Welch; Beauty Parlors, W. L. Surber; Lumber, D. H. Persons; Banks, A. C. Pierson; Ice, Henry King; Ginners, F. T. Sanders; Plumbers, Joe Maples; Blacksmiths and Tinsmiths, J. W. Johnson; Attorneys, French Robertson; Mechanics, Eugene Tonn; Carpenters, Mr. Diabough; and the group of businesses represented by only one firm in the city, Sam A. Roberts. It is believed that a plan may be worked out and approved by the business interests of the city covering working hours, minimum wage scale and other details in time to be adopted at another meeting which has been called for tomorrow afternoon. County Judge Chas. M. Conner was elected chairman of the meeting yesterday and F. L. Daugherty acted as Secretary.

### Youth Breaks Arm In Fall from Horse

Milam Diggs, son of Postmaster and Mrs. J. M. Diggs, returned yesterday from a Stamford Sanitarium where he had been confined for the past few days as the result of a broken arm. The accident occurred Sunday afternoon on the Baldwin Ranch east of town when he fell from a horse he was riding. His left arm was broken just below the shoulder. He is reported to be resting well and is on the road to recovery.

### Visits Haskell After Absence of 28 Years

James F. Black, minister of the Church of Christ at Del Rio was in the city Tuesday visiting with old friends and looking over his old home town. Mr. Black left Haskell 28 years ago, when he was just a boy and his visit Tuesday was the first time he had been in the city since moving away. Mrs. Leo Southern and sons, Leo, Jr., and Burwell are visiting Mr. Southern's sister, Mrs. Ed Clifton at Pampa, Texas.

### ACREAGE REDUCTION DICTATES A "LIVE AT HOME" POLICY

"The grandchildren of the farmers who plow up cotton this summer will talk about the great event of 1933," declares O. B. Martin, director of the Texas Extension Service. "It is within our power now to cause these grandchildren to regard this event as the turning point in Texas country life. These retired cotton acres are forcing upon us a new land policy. The terms of the contract dictate a living at home policy and a soil conservation policy, and invite the opening up of new sources of income from farm and home manufacture. These are the things the Extension Service has been working for. The present emergency makes it possible to travel further toward these ends in one year than would normally be possible in 10 years," he continues. "The answer to the question of what to do with retired cotton acres and with the time released from tending to them has been written in the fields, in the barn lots and in the homes of 100,000 farmers these passing years," says Mr. Martin. "Now is the time for Texas to cash in on the work of its demonstration army—men and women and boys and girls. Now is the time for decisive action to swing Texas to a better balanced farm system while a new land policy is in force."

### JOB DRIVE AGREEMENT BLANKS DELAYED IN ARRIVAL HERE; ARE EXPECTED TOMORROW

Agreement blanks which every Haskell employer will be asked to sign, beginning today failed to arrive at the local postoffice this morning, but Postmaster Diggs states that he is expecting them on the next mail and they will probably be here for distribution in the morning. The employers who sign the agreement, according to information received here, will be expected to return the blank to the postoffice and receive a certificate showing that they are complying with the President's plan to reduce the number of working hours and raise wages. The text of the agreement which every Haskell employer of more than two persons will be asked by President Roosevelt to sign, beginning today, is given in this article. President Roosevelt's message to employers, accompanying the agreement, follows: To every employer: 1. This agreement is part of a nationwide plan to raise wages, create employment, and thus increase purchasing power and restore business. That plan depends wholly on united action by all employers. For this reason, I ask you, as an employer, to do your part by signing. 2. It is to be noted that the general agreement here is not to be signed by any group of employers who can have that strengthened out by presenting properly their proposed Code of Fair Competition. FRANKLIN D. ROOSEVELT, July 26, 1933. Text of the agreement follows: During the period of the President's emergency re-employment drive, that is to say, from Aug. 1 to Dec. 31, 1933, or to any earlier date of approval of a code of fair competition to which he is subject, the undersigned hereby agrees with the President as follows: (1) After Aug. 31, 1933, not to employ any person under 16 years of age, except that persons between 14 and 16 may be employed (but not in manufacturing or mechanical industries) for not to exceed three hours per day and those hours between 7 a. m. and 7 p. m. in such work as will not interfere with hours of day school. (2) Not to work any accounting, clerical, banking office, service or sales employee (except outside salesman) in any store, office, department, establishment, of public utility, or on any automotive or home driven passenger, express, delivery, or freight service, or in any other place or manner, for more than 48 hours in any one week and not to reduce the hours of any store or service operation to below 35 hours in any one week, unless such hours were less than 35 hours per week before July 1, 1933, and in the latter case not to reduce such hours at all. (3) Not to employ any factory or mechanical worker or artisan more than a maximum week of 48 hours until Dec. 31, 1933, but with the right to work a maximum week of 48 hours for any one week during this period; and not to employ any worker more than eight hours in any one day. (4) The maximum hours fixed in the foregoing paragraphs (2) and (3) shall not apply to employees in establishments employing not more than two persons in towns of less than 2,500 population which towns are not part of a larger trade area; nor to registered pharmacists or other professional persons employed in their profession, nor to employees in a managerial or executive capacity, who now receive more than \$25 per week; nor to employees on emergency maintenance and repair work; nor to very special cases where restrictions of hours of highly skilled workers on continuous production, but in any such special case, at least time and one-third shall be paid for hours worked in excess of the maximum. Population for the purposes of this agreement shall be determined by reference to the 1930 Federal census. (5) Not to pay any of the classes of employees mentioned in paragraph (3) less than \$15 per week in any city of over 25,000 population, or in the immediate trade area of such city, nor less than \$14.50 per week in any city of between 10,000 and 25,000 population, or in the immediate trade area of such city, and in towns of less than 10,000 population to increase all wages by not less than 20 per cent provided that this shall not require wages in excess of \$19 per week. (6) Not to pay any employee of the classes mentioned in paragraph (3) less than 40 cents per hour unless the hourly rate for the same class of work on July 15, 1933, was less than 40 cents per hour, in which latter case not to pay less than the hourly rate on July 15, 1933, and in no event less than 30 cents per hour. It is agreed that this paragraph establishes a guaranteed minimum rate of pay regardless of whether the employee is compensated on the basis of a time rate or on a piecework performance. (7) Not to reduce the compensation for employment now in excess of the minimum wages hereby agreed to (notwithstanding that the hours worked in such employment may be hereby reduced) and to increase the pay for such employment by an equitable readjustment of all pay schedules. (8) Not to use any substance to frustrate the spirit and intent of this agreement which is, among other things, to increase employment by a universal consent, to remove obstructions to commerce, and to shorten hours and raise wages for the shorter week to a living basis. (9) Not to increase the price of any merchandise sold after the date named over the price of July 1, 1933.

# Washington Digest

National Topics Interpreted  
by William Bruckart

Washington.—Cotton farmers of the United States, or a sufficient number of them, have just given a demonstration of what can be done by unified action. We have just seen them sign contracts voluntarily under which they have agreed with their government to destroy certain portions of their growing cotton crop as a concerted effort to force prices higher than their industry may live.

As a result of this action, more than 9,000,000 acres of growing cotton will be plowed under. That means approximately 3,500,000 bales from the potential crop will never be allowed to attain maturity. It will never be on the market; it will never be used for clothing or other fabrication; it is out of the economic life. Whether such a course is good or whether it is contrary to the laws to which all humans must respond, is another question. The fact is that we who live have seen a government and a people take a step that history must record as epochal. The farmers are going to be paid for that portion of the crop which they destroy. I have the exclusive information that the average amount to be paid them will be close to \$150. A great many will receive more because they are larger producers and some will get less, but there are thousands of them who will receive around that sum in cash. All will receive the additional benefit of a higher price for that portion of the

crop which grows on to harvest.

I am told privately, and I think it is an interesting fact, that the bulk of the contracts offered to the secretary of agriculture under the cotton plan carries estimates by the farmers that are proving to be conservative.

The government, through the Department of Agriculture, is arranging the scale of payments so that it will figure out from \$7 to \$20 per acre. If a farmer's land is producing this year an estimated 100 pounds of cotton and not more than 124 pounds, he will receive \$7 for each acre plowed under. From that basis of production, the payments range upward to \$20 an acre where the production is calculated at 275 pounds to the acre or more.

In addition to the plan of payment I have been describing, there is an option plan under which the farmer is given an option on cotton which the government heretofore has acquired. In the various farm relief programs. The purpose of the present plan, of course, is to force the price higher. The cotton which the government holds, therefore, can and will be sold sometime for more money than it was worth when the government bought it. An option is given the farmer by which he can become the titular owner of this government cotton in an amount equal to the amount he agrees to destroy out of this year's crop. He can get this profit instead of the cash payments available otherwise.

The option plan is based upon payments ranging from \$6 to \$12 per crop acre, and the government makes no payment on destroyed crops where the estimate showed a potential production of less than 100 pounds to the acre. This is true regarding payments under the cash plan. Which brings to the fore the real reason there is payment at all. The government considers that the farmer is entitled to a return on his land and the payments, whether in cash or optional holding of old cotton, and gets what amounts to a rental to let it lie idle insofar as the cotton crop is concerned. He can use it for potatoes or something else, just so it is not cotton.

But from whence is the money coming to make these payments and how is the government going to stand such a tremendous drain in order to make good on its promises to the cotton farmer and to the wheat farmer who likewise is soon to sign agreements not to plant so much acreage this fall or next spring?

The processing tax is the answer. The government will collect from the miller 4.2 cents in a tax on every pound of cotton that goes into mills for manufacture into the thousands of uses for which cotton is available. It will collect 30 cents a bushel on every bushel of wheat that enters a mill from which to obtain funds for paying the wheat farmers' ground rental if they withhold a certain portion of their acreage from planting in the next crop year.

It seems intricate to most of us, but the Department of Agriculture experts say it is simple, this method of calculating what the farmer is to receive, whether cotton or wheat. They explained it to me thus: a cotton farmer has been growing an average of 150 pounds of cotton to the acre during the last five years and he estimates that his prospective crop this year will be just about the same. His payment is figured on that basis. The wheat

farmer has been producing a stated amount each year and he contemplates the same acreage next year. His crop over a period of years can be and is averaged up and he gets paid accordingly. The total reduction of acreage in whatever crop is figured out here on reports from farm agents in the various counties and the total cost to the government is arrived at. The total average sales over many years is a matter of record. That is, the records show how much the millers of wheat have handled and how much has been exported and the cotton producers' records also are available. The processing tax then becomes a matter of percentage. It is simplified to the point where the calculation must be made on the difference in the total average value of the crops from 1924 to 1926 and the current prices.

M. L. Wilson, the man who is managing the wheat program for the Department of Agriculture, is just as optimistic about the wheat plan for forcing prices higher as Secretary Wallace and George N. Peek, farm adjustment administrator, are about the cotton plan which now has been effectuated. Mr. Wilson told me after a recent tour of three weeks through the 500-odd wheat counties of the nation that 90 to 95 per cent of the wheat farmers are going with the government on the plan. That means signed contracts just as the cotton farmers signed contracts agreeing to stand together in unified action that reasonable profits may be realized from farming operations.

It is going to be a shorter crop of wheat this year than is usual. The Department of Agriculture estimates it will be around 494,000,000 bushels, whereas, it usually runs around 650,000,000 to 700,000,000. According to Mr. Wilson, the wheat farmers recognize that this year's short crop and higher prices will be followed by larger acreage in the plantings of winter wheat this fall and the spring wheat next spring. On the basis of acreage now growing, fall and spring wheat together, the next year's crop easily could go as high as 800,000,000 bushels. Just figure what that would mean on the basis of wheat consumption of around 650,000,000 a year. The carry over would break the price down to the level where it would be on the same basis as other stock feed and it would be disastrous. So Mr. Wilson says the wheat farmers are coming through in good shape as fast as they can be told what the plan means to them.

There are two other phases of the crop program that must be remembered, according to the authorities. One of them is the necessity for patience, particularly as regards the working out of the wheat programs. It will be slower than that affecting cotton. The other matter is less general but more pointed: the matter of attempts at self-policing the industry involved. I mean to call attention to the age-old practice of "taking the law into our own hands."

In this matter of patience, I believe I state the view of the Washington observers as a whole that the various farm plans as well as the plans affecting industry otherwise, should have a chance to show their worth. It is stated that self-

## Sagerton

It seems like we are going to get more rain before the month closes, as we are having cloudy weather.

Rev. Carl F. Juergensen and family, with his brother and family are spending their vacation at the Century of Progress at Chicago. Rev. Juergensen is the pastor of the Zion Lutheran Church here. Their many

ing will help unless the programs designed to extend such aid are given time to mature. Unless they mature, the results are worth nothing to anybody.

As regards the self-policing problem. The Department of Agriculture the other day Co-operation received information that a self-appointed crew of

Individuals was going about certain sections of North Carolina telling some of the farmers that either they would sign up contracts to reduce their cotton acreage or "we will pull it up by the roots." The threat to pull up the crop was accompanied by another kind of a threat. Agriculture department folks do not want that kind of help in putting over the program. They want it to be voluntary co-operation, a sincere and serious effort to accomplish something by united action.

On the other hand, I am told, the agents in the various counties are accessible to nearly every farmer, and the department is willing to know of any unfair practices. That is part of the idea of co-operation. If a farmer signs a contract and fails to live up to his agreement, obviously he is hurting his own community and to that extent damaging the chances of success for the whole program.

But the point of distinction is that, if there are unfair acts on the part of individuals or groups, the government can and will correct them. It is not up to self-appointed police, say the authorities in the Department of Justice.

friends wish them a pleasant trip and safe return.

Milton Steins and Tullie Herring with his wife and baby are visiting with relatives in Fort Worth.

Winfred Pilley, president of the Epworth League here, attended the District Meeting of the League at Throckmorton Saturday and Sunday. We are expecting a good report.

Miss Lillie Steins from Lubbock is here for a visit with her mother and family, Mrs. E. G. Steins.

Mrs. McCarroll and daughters visited her brother and family at Rotan a few days last week.

Mrs. McCarroll will visit for a few days with her brother and family at Rule this week.

Mrs. McCarroll lives at Waco. She did live here, and has many friends who are always glad to see her.

Mrs. J. B. King, Mrs. Charlie King, Mr. and Mrs. George Bush and family from Tanner Paint, attended church services here Sunday morning. We are glad to have them come to our services. Hope they will come again.

Mr. and Mrs. Paul Summers and family visited with relatives at Plainview, Texas last week.

Wanda Jean Engleman from Spur is visiting here with her grandparent, Mr. and Mrs. Bennett Hess.

Miss Ann Smith and her little sister are visiting at Plainview, Texas, with her aunt and family.

Mrs. H. D. Crabtree is still improving. It is hoped she will soon be up and around.

Mrs. M. Frazier is visiting here with her daughter and family, Mr. and Mrs. J. H. Parsons.

Miss Mattie Shannon is very low yet. The ladies from town have been helping to sit up out there. She is very sweet and patient in her long illness. She is a devout Christian and has lived so that she is ready to go to her eternal home in the heavenly rest.

The Missionary Ladies met in the home of Mrs. J. A. Clark Monday

evening in a business and social meeting. Everyone present enjoyed this good meeting and social together.

Glyn Quade, Alton Spiser and ouise Maske left last week on a vacation to Cheyenne, Wyo. They also expect to visit several different points in New Mexico before they return.

Mrs. B. Hess, Mrs. Elmer Luck and Mrs. W. P. Caudle were shopping in Stamford Saturday.

Mr. E. D. Engleman from Spur spent Friday night with his mother here Mrs. Bennett Hess.

Mrs. Quantrell Caudle and children from Old Glory visited Mrs.

H. D. Crabtree last Tuesday evening.

Mr. Roy Weinke, our ginner here, is having his gin repaired and new boll machinery installed. This when completed will make a first class gin here.

There will be a League Social at the church lawn Thursday night. All Leaguers are invited.

We had a fine Sunday School Sunday—148 or more were present. Bro. McMillian spoke at the 11 o'clock hour. Everyone enjoyed his message.

Come to Sunday School and bring someone with you. We want your help, and welcome you. Come!

# STEEL ALONE IS NOT ENOUGH!

— neither strong enough, nor safe enough, nor quiet enough for the body of a quality car like CHEVROLET

CHEVROLET There is only one type of body construction which Chevrolet will permit on the chassis of the cars it builds: That's the type which every test—and every experience has proved to be the safest, strongest, and best. Not steel alone, because steel alone is not enough. But a Fisher body of steel reinforced by hardwood! The same kind of construction used on practically all the highest-priced cars in America.

Chevrolet well knows that steel alone has one distinct advantage: it's cheaper. Steel also is strong—up to a certain point. BUT—beyond that point, steel alone will bend and crumple under severe stress or shock. It takes the strength and supporting solidity of a hardwood reinforcement to give you the full protection and full satisfaction you want in a motor car body today.

If you're thinking of buying a new low-priced car, better watch this matter of bodies, and watch it carefully. Insist on steel reinforced by hardwood! Fortunately, the only low-priced car with this preferred type of body is also the only car with a proven valve-in-head six; with Fisher Ventilation; Cushion-Balanced Power; a Starterator. That car is Chevrolet—America's most economical automobile.

### Center Point

Health is good here at this writing. Mr. and Mrs. Alvin Corrine and family spent Saturday night on the creek. Mr. and Mrs. T. M. Patterson spent Sunday with Mr. and Mrs. P. A. Patterson of Ross. Miss Betty Mae Mowell spent the week end with Misses Mayme and Nettie Welch of Tanner Point. Mr. Lawrence Eby of Jut spent the week end with his aunt, Mrs. Alvin Corrine and family. Mr. Horace Bland visited Lee Stodghill Sunday. Mrs. Mowell visited Mrs. Woodard Wednesday afternoon of Tanner Point. Mrs. G. E. Patterson and daughter and James Patterson of Childers are spending a few days with relatives here. Misses Thelma and Beta Gregory spent last week with their sister.

Mrs. Henry Darden of north of Haskell. Mrs. Myrtle Bland and Mr. and Mrs. H. F. Harwell Jr., were shopping in Stamford Saturday. Mr. Frank Jeter was in Stamford Monday morning. Messrs. Fred Morgan, Horace and Buck Bland and James Patterson spent Monday night on the creek. Miss Ethel Bland and Mr. Martin of Haskell spent Sunday with the former's parents, Mr. and Mrs. W. E. Bland. Mr. Ray Burt spent last week with relatives in Stamford. Miss Fannie Mowall and Mr. Walter Dominicy of Tanner Point attended church at Rule Sunday night. Mr. W. J. Jeter spent the week end at Abilene. The dance in the home of Mrs. McCain Wednesday night was enjoyed by all present.

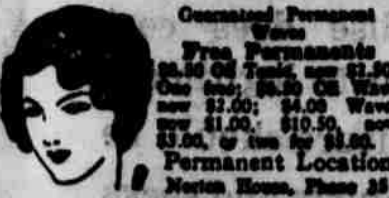

### Rochester

The Church of Christ will begin their meeting next Friday evening the 28th. Elder J. D. Harvey, who held the meeting last year will conduct the meeting. We are praying for a great revival. Mr. D. L. Alsbrook died at his nephew's home, Ray Alsbrook's, last Saturday, very suddenly. He was 76 years old and had never been married. The death of Mrs. C. O. Collins occurred last Tuesday morning. She was laid to rest in Rochester cemetery. The deepest sympathy of this community goes out to the sorrowing relatives. Alton Brown returned a few days ago from Canyon, where he has been attending summer school. Mrs. I. P. Lea and little daughter of Levelland spent last week here visiting her father and mother Mr. and Mrs. D. E. Brown. Mr. and Mrs. Joe Aycock returned last Saturday from a trip to

New Mexico. They viewed Carlsbad Cavern, also Cloudercroft, N. M. Mr. and Mrs. M. N. Graham returned from a bridal trip in the Ozark Mountains of Arkansas. They also visited in Mississippi. Mrs. J. E. Moore has as her guest her nephew, Mr. E. H. Wilkerson and wife of Knox City. Ed Freshour and family from Lubbock are here visiting relatives and friends. He says crops are doing fairly well on that part of the Plains. Mr. Rufus Browder is visiting relatives at Truscott this week. Kay Worley moved to Rule last week. That family will be missed as they were among Rochester's first settlers.

### Rose

Farmers are still needing rain in this vicinity. The revival meeting which closed here Sunday night was a great success, with eleven additions to the church. Mr. and Mrs. Fred Kendricks spent the week end with the latter's parents, Mr. and Mrs. Jesse Miller of Haskell. Mrs. Grady Scott was carried to the Stamford Sanitarium Wednesday last week for an appendicitis operation. On last report she was doing nicely. ## Peace Time Flying Is Better Aid to Aviation Than War

Is the science of aviation developed more by peace or by war? There have been contenders aplenty for the latter theory—the effect that only in the heat and tension of war-time flying were real advancements made in the art and science of flying with heavier-than-air machines. This theory, however, has some serious objectors among the little group of air minded men who worked on Richard Barthelme's latest First National production, "Central Airport", which opens Thursday at the Texas Theatre. Chief among them, perhaps, is William Wellman, director. Wellman's war-time experiences read like a tale from Arabian Nights. He went up to the front with only 22 hours of actual flying experience in the air. He hadn't been up ten minutes at the front, before he was driven to the earth by an experienced boche, who strafed Wellman's landed plane and left the young pilot for dying.

## Nation's Capital Duplicated On Film Studio Set

That the historic settings of "Gabriel Over the White House," sensational drama of an American President, opening Saturday night, Sunday and Monday at the Texas Theatre, are entirely authentic was made certain by the presence at the Metro-Goldwyn-Mayer studio of Eugene Thackeray, expert on national affairs.

Thackeray qualifies on knowledge of the White House by virtue of eight years as White House correspondent for the New York World. He started his career during the last part of Wilson's administration and served at various intervals during the administrations of Presidents Harding, Coolidge and Hoover. It was with his guidance that the offices and study of the President were reproduced exactly, as were

also the East, Blue, Red and Green Rooms of the executive mansion. He also advised Director Gregory La Cava in the minute details of such ceremonies as the Presidential Inauguration, the signing of the "Hammend Treaty" for war debt payments and the President's procedure when meeting a guest, such as a meeting between President Jud Hammond and Nick Diamond, King of Racketeers, in the present picture.

Thackeray was constantly at the side of Walter Huston, who plays the role of the President, when he took over the powers of a dictator, lined gangsters against a stone wall to be shot and settled the problems of unemployment. The traditions surrounding the Presidency are great and it was Thackeray's job to see that Walter Huston followed them to the letter.

"Gabriel Over the White House" is considered to be the most sensational story of a President ever to be filmed. The cast includes, besides Huston, Karen Morley, Franchot Tone, Arthur Byron, Dickie Moore and C. Henry Gordon.

## Brent Again Teamed With Miss Stanwyck

George Brent, who is now playing opposite Barbara Stanwyck in the Warner Bros. production, "Baby Face," which comes to the Texas Theatre on Tuesday and Wednesday, will make his next screen appearance opposite his bride, Ruth Chatterton, in "Lilly Turner." This is the first picture in which the couple were married last Fall, both playing on the Warner Bros. lot in separate pictures.

Many rare collections of both domestic and foreign stamps will be seen in the stamp exhibit which is being arranged for the 1933 State Fair of Texas by the Dallas Stamp Club. Co-operating with the Dallas club will be the State organization. Several very rare collections of stamps are owned in Texas and parts of these collections will be placed on exhibit. The stamp exhibit will be in the Main Exhibit Building.

## Vaseline Well Flows 10 Years and is Curiosity to Oil Men

Lamar, Okla.—A freak oil well which came in 10 years ago as a producer of almost pure vaseline was still pumping, and paying its owner handsome returns recently.

Perhaps the only well of its kind in the world, the well is a marvel to veteran oil men, both as to the oil it produces and its life. Men who have followed the oil industry in many climes said that they never have seen or heard of a similar well.

The well was drilled in at 2,710 feet on January 26, 1923, for production estimated at 350 barrels a day. The "vaseline well" still produces around this amount, and still is the only well in the area. Other drilling attempts have produced dry holes.

The strange kind of oil flowed over the derrick for 200 feet when the well was drilled in. Dark green in color, the oil turned a brilliant golden yellow when it struck the outside air. Analysis showed it to be almost pure vaseline. It was so heavy that it hung from fences near the well like gum.

Because of its thickness, ordinary pipelines would not carry it. A special line, with a steam pipe to heat the almost solid lubricant was used.

Of the 13,500,000 foreign-born persons in the United States almost 1,800,000 are illiterate.

Where in Texas Can You Enjoy

**Travelax**

*Dearborn, Mich.*

IN ANSWER TO A LADY'S LETTER

A lady writes to say that she does not understand why an 8-cylinder car does not cost more to run than a car with fewer cylinders. She refers to my statement that our Ford V-8 develops more power on a gallon of gas than any car we have made.

The use of 8-cylinders does not mean the addition of two or four extra fuel consumers. It is not, for example, a 4-cylinder engine multiplied by two. Our 8-cylinder engine takes the fuel supply of an ordinary 4-cylinder engine and divides it eight ways. And why?

By reducing four larger explosions into eight smaller ones, we get engine smoothness and quietness. Eight-cylinders indicate the way the gas is used, not the amount. It is just the difference between going upstairs in four long jumps or in eight ordinary steps.

Two things use up gas—bad engine design and useless car weight. Besides having an engine that gets a high percentage of power out of the fuel, the Ford V-8 has a light, strong body and chassis so that no power is wasted in moving excess weight.

The only extravagance about the new Ford V-8 engine is in the building of it. The extravagance is ours—the economy is yours.

The whole question of car economy needs clearing up. An economical car gives economy all round. Price, operation, upkeep, all play their part. If what you save on gas you lose elsewhere, that is not economy.

As to upkeep, our dealers say that in recent years the improved quality of Ford cars has out down their repair business 50 per cent.

As to price with quality,—judge for yourself.

As to economy, here is the record of a stock car three weeks out of shop in Oklahoma:

On a run of 10,054 miles at the rate of 1,000 miles a day—the Ford V-8 gave 18.8 miles per gallon of gas. Not a drop of water was added to the radiator. The oil was changed once in 1,000 miles.

That should answer a lot of questions.

*Henry Ford*

July 24th, 1933

Spans is being arranged at the 1933 State Fair of Texas for more than 200 Texas manufacturers to exhibit in the Texas Manufacturing Show. It has been announced here by Holmes Green, director in charge of the exhibit. At the 1933 State Fair of Texas, 125 Texas manufacturers exhibited.

# THE FAMILY NEXT DOOR

**CARD OF THANKS**  
 We wish to express our sincere appreciation to the many friends for their kindness and assistance during the illness and death of our daughter and sister.  
 May God's love be with each of you, and when such sorrow comes to you may you find the same comfort in friends as true and kind.  
 —Mr. and Mrs. R. H. Davis, H. Davis, Mr. and Mrs. Scott Greene, Jr., Mr. and Mrs. John Davis, S. H. Davis and family, T. Davis and family, B. H. Davis and family.  
 Miss Ermine Daugherty went to Streetman Sunday and accompanied her aunt, Mrs. J. R. Cooper to Haskell where she will visit for a while.  
 Dr. Guy Sherrill of Temple, Tex., is here for a few days looking after his business.

**Curry Chapel**  
 As Bro. Hammer, our pastor, is in a meeting at Rose, he could not be with us Saturday night and Sunday. Rev. Joe Sheets of the Rose community preached for us Saturday night, and Rev. Hubert Sego of Rochester preached Sunday and Sunday night. There was a good crowd in attendance and everybody seemed to enjoy the services.  
 Mr. and Mrs. C. W. Marion and children Julie and Carl and Mr. and Mrs. Jesse Kreger and baby are on a few days visit with relatives at Denton.  
 Mr. and Mrs. Bill Adams of Snyder are visiting her mother, Mrs. B. F. Collins this week.  
 Mr. and Mrs. Walters and children spent Sunday with relatives at Goree, accompanied by Mrs. Elbert Collins.  
 Mr. and Mrs. Lawrence Hill, Mrs. B. F. Collins and son B. F. Jr., visited Mr. and Mrs. Charlie Collins Saturday night in the Pleasant Valley community.  
 Mr. and Mrs. Fred Monke, Mr. and Mrs. Raymond Liles are on a visit with relatives at Springfield, Ill. While there they will attend the World's Fair.  
 Mr. and Mrs. G. W. Reed are visiting relatives and friends in Fort Worth and Marlin.  
 Mr. and Mrs. J. T. Robison visited Mr. and Mrs. Cavitt near Haskell Sunday.  
 Mr. and Mrs. Jim Marion and baby spent Sunday with Mrs. Ed Kreger.  
 Miss Ruby Williams is home from a visit at Old Glory.  
 Mr. and Mrs. L. B. Baty of Truscott visited Mr. and Mrs. Clyde Baty last week.  
 Mr. and Mrs. Frank Spencer and

children made a trip to Stamford Monday.  
 There will be prayer meeting here each Sunday. Everybody come.  
**VACANCIES ANNOUNCED BY MARINES**  
 The New Orleans Marine Corps recruiting station, located at 535 St. Charles Street, will enlist a few young men who are graduates from high school or from institutions of higher learning during the month of August. It is announced by Major P. D. Cornell, officer in charge.  
 The Marine Corps offers land, air and sea duty. Marines serve in many foreign lands. Sea duty is very desirable for those wanting travel and adventure. During an enlistment one will travel thousands of miles and will have many strange and thrilling experiences.  
 Men enlisted will immediately be transferred to Parris Island, S. C., for a few weeks preliminary instruction, before going to some school, ship or marine barracks for duty.  
 Enlistment dates in August will be 1st, 11th and 21st. Application blanks will be mailed on request. Applications filed do not obligate men to enlist, it only places them on list as eligible applicants.  
**Center Point H. D. Club.**  
 Center Point H. D. Club met in the home of Mrs. T. M. Patterson with seven members and two visitors present.  
 We had an interesting program on setting the table and entertaining families and guests. At a late hour cake was served to the following: Mesdames P. C. Patterson, W. T. Morgan, T. P. Morgan, H. F. Harwell, Jr., W. C. Storrs, Corrine, Grandma McLennan and Miss Willie Harwell and the hostess, with several children.  
 We will meet with Mrs. W. T. Morgan. We welcome visitors.  
 Reporter.

**PREACHING AT BALLEW SUNDAY AFTERNOON**  
 Rev. C. Jones of this city will preach at Ballew Sunday afternoon at 3:30 o'clock. An invitation is extended to all to attend.  
**Rose 4-H Club News.**  
 The Rose 4-H Club met July 19 at the home of Miss Laverne Gordon. There were six members present and two new ones joined. Members present were Florean Stodghill, Bessie Patterson, Pearl Lee, Ruby Stodghill, Nannie Patterson and Laverne Gordon. Frances and Captola Larned were the new members.  
 The club has just been organized recently and since it is late in the work will be recreational. The last meeting was enjoyed by every one present when a series of jokes and riddles made up the entertainment. Ruby Stodghill is recreational sponsor and she will have games planned that everyone will enjoy. Everybody between the age of twelve to twenty is invited to join. Next meeting will be the first Wednesday in August at the home of Miss Frances Larned.  
 Reporter.

We wonder if the educators who insist you should always answer a small child's questions ever tried giving correct answers to all the questions a ten-year-old can ask?  
 A man recently complained to Judge Davis at Auburn, N. Y., that his wife poured a pan of water in his face every night just to stop him from snoring.  
 The oldest American vessel in operation is the Saltee, 110 years old, owned by an oyster company in Providence, R. I.  
 Prosecutor Pecora has been getting only \$225 a month for conducting that banking investigation, but he's earning a reputation that ought to be good for many thousands.  
 An astronomer asserts that if the sun were to explode we would have only 133 hours to live. But think of all the hot extras the dailies could get out in that time.  
 A Chicago woman complains in her divorce petition that her husband played golf on the floor with her biscuits. Why should she care if he wanted to be reckless with his clubs.  
 A magician is going to marry the girl he saves in half every performance. It was an easy matter for him to capture the girl's heart—he just came, he saved and he conquered.  
 Jack Dempsey isn't through fighting after all. He's married again.

## Voice in a Wilderness

A shopper may wander, aisle after aisle, counter after counter, through a wilderness of "bargains." Things so cheap that yesterday's prices seem to have been ridiculously high; yesterday's purchases unwise and made too soon.

It is a fact that materials and manufacturing costs have been cut. Sound merchandise does cost less. But how often the "bargain," put to legitimate use, proves entirely a phantom. Furniture should be made to live with, not just to be sold. Shirts and socks should give service on the person and through the laundry, as well as appeal to eye and pocketbook in the store. Dress fabrics, cut into little frocks, must be exposed to sunlight, hard wear and repeated tubbings.

How, in this wilderness of manufactured things, can a person be sure of buying the genuine? What is to be his guide? Advertising is the answer! Advertising in the "voice crying in the wilderness." It is a message to you from merchants who have merited your confidence in the past and to whom that confidence means business life. Advertising brings the announcements of manufacturers who would not and could not presume upon your credulity.

In today's market it is more important than ever that you heed the advertisements—that you ask for and receive the kind of merchandise that can be advertised!

# SOCIETY

## News E. B. Club.

The Row Home Demonstration Club and the Row club girls met with Mrs. W. J. Kendrick Monday the 17th. Each member answered roll call with a problem they have with cucumber pickles. Miss Partlow gave an interesting demonstration on "Preparation for brining and pickling cucumbers."

Mrs. Kendrick served tea and cake to about 30 members. Our next meeting will be with Mrs. Fred Lebkowak Friday July 28th.

Mr. and Mrs. Grady Roberts of Chillicothe spent the week end here with relatives.

Mr. and Mrs. I. D. Killingsworth, Jr., of Dallas spent a few days with relatives here.

Rondel Bailey is spending the week in Breckenridge the guest of Monte Reid.

Miss Annie Maud Taylor returned from Denton the latter part of last week where she had been a student in summer school.

Mrs. M. E. Parks had as her guest last week her sisters Miss Ina Thompson and Mrs. J. E. Dillard of Bartlett, Texas.

Mrs. R. C. Stanfield, a former resident of this city was in the office Saturday. Mrs. Stanfield had just returned from a visit with her daughter at Nashville, Tennessee, and is now visiting with her sons, E. M., R. W. and J. E. Stanfield, all of Rochester before going to Wichita Falls where she will make her home.

Five Thousand on Strike in Pocketbook Trade.—Headline. What! Do they still make those things?

Roosevelt's Shift Puzzles British.—Headline. But just wait until they feel his punch.

The condition of a town's streets furnish a pretty good indication of its progressiveness or its financial status.

The Pathfinder declares that times are getting better, citing as proof that a Yale graduate has finally secured a dollar a day job.

**Rose**  
Farmers are still needing rain in this vicinity. The revival meeting which closed here Sunday night was a great success, with eleven additions to the church.

Mr. and Mrs. Fred Kendricks spent the week end with the latter's parents, Mr. and Mrs. Jesse Miller of Haskell.

Mrs. Grady Scott was carried to the Stamford Sanitarium Wednesday of last week for an appendicitis operation. On last report she was doing nicely.

Mrs. Slover Bledsoe and children of Cottonwood and Mrs. Argin Carrigan of Grasshopper are spending this week with their parents, Mr. and Mrs. Frank Patterson and family.

Several from here attended the ball game at Weaver Sunday.

Horace Bland and Hazel Patterson of Center Point spent Sunday with Florine Stodghill.

Mr. and Mrs. Buck Kendrick of Haskell attended church at this place Sunday night.

Little Jean Carrigan is spending this week with Mr. and Mrs. Wilbur York of near town.

Mr. and Mrs. Tony Patterson of Center Point spent Sunday with Amos Patterson and family.

These that visit dinner with Mr. and Mrs. Wilbur York Sunday were Mr. and Mrs. Bob McDowell of Grasshopper, also Argin Carrigan, Slover Bledsoe of Cottonwood and Mr. and Mrs. Amos Carrigan.

**Relieved By Taking Cardal**  
"I was weak and run-down and suffered quite a bit with pains in my side," writes Mrs. Nick Burman, of Beaumont, Texas. "I was nervous, I did not rest well at night, and my appetite was poor. My mother had used Cardal with beneficial result, so I decided to take it. I surely am glad I did, for it stopped the pain in my side and built up my general health. I took seven bottles in all."

Cardal is sold at all drug stores.

**Both as Religious Rites**  
The first great health office known to history was Moses' Moses taught the Israelites sanitation and the value of bathing, after their flight out of Egypt. The latter of a democracy, he made holy laws out of what today would be city ordinances. He had to, in order to get them obeyed.

As a sanitation expert Moses made his people wash-clothes. The religious rites of bathing have been passed down to us in common sense to this day. When in need of an external wash of purified clothing.—Detroit Free Press.

**Service Cleaners**  
On account of advance in price of everything, we will have to discontinue use of coupon books after August 1st.

Phone 183. S. A. Norris, Prop.

## Ammons-Paxton Marriage Solemnized Tuesday Evening.

Quiet simplicity characterized the marriage of Miss Jewell Paxton, daughter of Mr. and Mrs. R. J. Paxton of Haskell and Dr. Ben F. Ammons, son of Mr. and Mrs. G. M. Ammons of Goose Creek, which took place at 8 o'clock Tuesday evening, July 25, at the First Baptist Church.

Preceding the ring ceremony, Mrs. Virgil Lewis of Stamford, sister of the bride, sang "I Love You Truly," accompanied by Miss Hattie Lucile Paxton, also the bride's sister. Miss Paxton played the wedding march from "Lohengrin" for the entrance of the bridal couple. Before the church altar, which was simply but effectively decorated with greenery and summer flowers, Rev. H. R. Whatley read the marriage service, during which music was played softly.

The bride wore a princess gown of blue angel-skin lace. The short sleeves of the hip-length jacket were made of stiffly plated organdie ruffles. She carried a handkerchief of old lace belonging to her mother. The arm bouquet was of Briarcliff roses and lilies of the valley. The groom wore conventional black.

Mrs. Lewis wore a gown of peach organdie, and Miss Paxton, white lace.

Mrs. Ammons was graduated from the Texas State College for Women, Denton. For the past three years she has taught Latin in the Lubbock High School. Dr. Ammons, formerly of Haskell, is a graduate of the Texas Dental College, Houston. The young couple left immediately on a trip to San Antonio and other South Texas cities. For traveling Mrs. Ammons wore a navy sheer suit with white accessories. After August 5, they will go to their home in Goose Creek, where Dr. Ammons is now practicing dentistry.

Out-of-town guests at the wedding were the bridegroom's brother, Dr. E. M. Ammons, Mrs. Ammons, and their son Staron, the bride's aunt, Mrs. Ethie Lee P'Pool, Mrs. J. T. Lee, Miss Shelley Lee, Mrs. Austin Caughran, Mrs. Dave Eiland and daughters, Hazel Dean and Laverne, Mrs. G. R. Eiland and daughter Barbara, and Misses Leona Keel and Lorene Parker, of Monday; Mr. Virgil Lewis of Stamford; and Mrs. J. E. Mansell, Mrs. A. M. Reeves, and Mr. Hobb Smith, of Rochester.

## Bride-Meet Is Complimented at Morning Affair.

Complimentary to Miss Jewell Paxton of this city, whose marriage to Dr. Ben F. Ammons of Goose Creek, was announced July 6, Mrs. John A. Couch and her daughter, Mrs. E. B. Burleson, Waco, entertained with a morning coffee at the Couch home Friday. They were assisted by Mrs. J. Milam Diggs, Mrs. J. William Gidney, and Miss Mary Couch.

After the guests were greeted by Mrs. Burleson, the honoree, Mrs. R. J. Paxton and Miss Hattie Lucile Paxton, mother and sister of the honoree, they were requested to register in the bride's book.

Summer flowers added charm to the entertaining rooms. At the refreshment hour a salad course was served.

Somewhat later Miss Mary Emma Whiteaker read a clever poem, composed by her mother, Mrs. B. M. Whiteaker, which told the story of the romance of Miss Paxton and Dr. Ammons, and was the means of presenting to the honoree the lovely gift of the assembled guests.

The guests were: Mesdames Ralph Dunson, Traversa Everett, George V. Wimbish, J. Elmore Smith, Raymond R. Taylor, R. V. Reynolds, and Troy Post, Fort Worth; Misses Laura Dean, Anaheim, Calif., Lucy P'Pool, Mary Sherrill and Madeline Hunt.

## Joint Hostesses for Two Lovely Parties.

Wednesday July 26th Miss Mary Sherrill and her sisters, Mrs. James Williams and Mrs. Tom Davis were joint hostesses for a morning and afternoon party in the Sherrill home honoring their sister Mrs. Richard Sherrill of Pittsburg, Pa. As the guests arrived little Miss Caroline Williams passed the tallies. Sum-

mer flowers graced the rooms where the tables were laid for the games of bridge in the morning and "42" and bridge in the afternoon. At the conclusion of the games a delicious salad plate with an iced drink was served at both parties.

Guests for the morning party were: Mesdames Richard Sherrill, Pittsburg, Pa., Roy Killingsworth, Elmore Smith, Jno. V. Davis, Bert Welsh, Ralph Duncan, Lola Bledsoe, Barton Welsh, Raymond Taylor, W. M. Thaxton, French Robertson, Clay Smith, Virgil Reynolds, Herman Henry, Marvin Post, Hill Oates, Geo. Henshaw, Jno. Rike, Ben Bagwell, Dennis Ratliff, Geo. Wimbish, Clyde Grissom, Bailey Taylor, Jno. P. Payne, Bailey Post, William Gidney, Misses Mary Emma Whiteaker, Maybelle Taylor, Mary Couch, Madeline Hunt, Frankie Brooks, Hattie Paxton, Mildred Shook, Florence Shook, Laura Dean, Anaheim, Calif.; Mrs. Marlin Wilson, Mrs. J. A. Bradford, Rule; Mrs. Tom French, Dallas; Mrs. Cecil Smith, San Angelo; Mrs. H. M. Williams, Mertzon.

For the afternoon party: Mesdames H. S. Wilson, Sam Chapman, R. C. Couch, Jno. Couch, Myrtle Crow, W. A. Duncan, C. L. Lewis, C. D. Grissom, Jim Bailey, N. I. McCollum, R. C. Montgomery, Vaughn Bailey, O. E. Oates, O. E. Patterson, D. H. Persons, Alfred Pierson, H. S. Post, Marvin Hancock, Sam A. Roberts, F. T. Sanders, Hugh Smith, A. Theis, Alvy Couch, Brooks, T. R. Odell, R. J. Paxton, B. M. Whiteaker, H. R. Jones, Joe A. Jones, Claiborne Payne, Jno. Pace, E. C. Hunter, Mack Martin, Courtney Hunt, A. H. Wair, Dimmitt Hughes, S. A. Norris, Server Leon, J. D. Montgomery, Bill Richey, Jno. Oates, Lynn Pace, J. E. Bernard, Theron Cahill, E. G. Post, Richard Sherrill, Misses Minnie Ellis, Mary Kimbrough; Mrs. Della Foster, J. C. Davis and Westbrook, Rule; Mrs. Dean, Anaheim, Calif.

**Wagon Party.**  
On Monday evening of last week Rondel and Noka Bailey entertained a few of their friends with a lawn party. After a number of games had been played Mrs. Bailey served chocolate bars, vanilla wafers and red punch to Eva Jo Ratliff, Wilma Whatley, Ruth Gilstrap, Mary Lou Johnson, Genetha Isham, Eva Lee Robinson, Comanche; Frances Merie Edwards, Madge Leon, Martelle Clifton, Marjorie Ratliff, R. F. and W. B. Harrison, Andrew and Ariel Stone, Tom Clifton, Delmon and Quinton Bailey, the host and hostess.

**Foil-Warrior.**  
Will Foil of Haskell and Miss Virginia Warren of Rule were married in Haskell Friday afternoon at the Baptist parsonage with the ceremony being performed by the pastor, Rev. H. R. Whatley. The bride is the daughter of Mr. and Mrs. Rufus Warren of Rule and was reared in Rule. They will make their home in Haskell where Mr. Foil is connected with the Singer Sewing Machine shop, recently put in here.

**Gypsy Ramblers.**  
Every Senior Gypsy Rambler who is going to Leuders meet at Ethel Irby's to finish plans Monday July 31 at 6 p. m.

## Wagon Party.

Mrs. W. L. Norton was hostess to the Helen Bagby Circle Monday July 24th. The meeting was opened by singing "Tis So Sweet to Trust in Jesus." Prayer by Mrs. J. B. Bailey. Devotional by Mrs. L. F. Taylor reading the 24th Psalm, followed with prayer by Mrs. C. Brooks. Mrs. Whatley taught our Bible lesson from the 7th chapter of John. Two vocal numbers were then given.

Duet by Mrs. Tom French of Dallas and Lucille Sherrill of Pittsburg, Pa. Solo by Mrs. Cecil Smith of El Paso. Ice cream and cake was served by our group captain, Mrs. O. M. Guest, assisted by Mesdames Vaughn Bailey and L. Gidney. Twelve members and three visitors were present.

## Lawn Party.

On Monday evening of last week Rondel and Noka Bailey entertained a few of their friends with a lawn party. After a number of games had been played Mrs. Bailey served chocolate bars, vanilla wafers and red punch to Eva Jo Ratliff, Wilma Whatley, Ruth Gilstrap, Mary Lou Johnson, Genetha Isham, Eva Lee Robinson, Comanche; Frances Merie Edwards, Madge Leon, Martelle Clifton, Marjorie Ratliff, R. F. and W. B. Harrison, Andrew and Ariel Stone, Tom Clifton, Delmon and Quinton Bailey, the host and hostess.

## Foil-Warrior.

Will Foil of Haskell and Miss Virginia Warren of Rule were married in Haskell Friday afternoon at the Baptist parsonage with the ceremony being performed by the pastor, Rev. H. R. Whatley. The bride is the daughter of Mr. and Mrs. Rufus Warren of Rule and was reared in Rule. They will make their home in Haskell where Mr. Foil is connected with the Singer Sewing Machine shop, recently put in here.

## Gypsy Ramblers.

Every Senior Gypsy Rambler who is going to Leuders meet at Ethel Irby's to finish plans Monday July 31 at 6 p. m.

## The North Circle.

The North Circle met Monday afternoon July 24th with Mrs. D. Scott. The meeting was opened with the song, "Jesus Calls Us." Mrs. George Herren gave the devotional.

Mrs. I. N. Simmons had charge of the Royal Service program which we all enjoyed very much. The following ladies had part on the program: Mrs. Ed Pouts, Mrs. D. Scott, Mrs. Whiteker, Mrs. Chas. M. Conner and Mrs. Paul Kuentler. Mrs. Sam Roberts conducted a short business session.

Eleven ladies were dismissed with prayer.

## Expression Class in Recital.

Junior members of Mrs. C. M. Kaigler's summer class in expression will be presented Friday night in recital at the Methodist church at eight o'clock. There will be no admission fee and the public is cordially invited to attend.

Mrs. George Thomason and children of Dallas spent a few days here this week with relatives.

## Mullens-Patterson.

Mr. Don Mullens of Dallas and Miss Inez Patterson formerly of Haskell, were united in marriage at Durant, Okla., July 23, 1933.

Mr. Mullens is a prominent business man of Dallas. Miss Patterson is the daughter of Mr. and Mrs. T. M. Patterson of the Center Point community and has been with the Fashion Studios of Dallas for the past several months.

Their many friends wish them much success.

## Surprise Shower.

Thursday evening July 20, at the West Texas Utilities Park, a picnic supper and surprise shower was given by the Philathia S. S. Class in honor of Miss Jewell Paxton, whose marriage to Dr. Ben F. Ammons of Goose Creek took place July 25th.

Those present were Mrs. A. J. Brooks, teacher of the class, Misses Hazel Wilson, Betty Jo and Ethel Lou Clanton, Lily Gerard of Thurber, Eula Quattlebaum, Vera Bradley, Thalia and Hazel Boatwright, Winona Johnson, and the honoree.

## PRICES GOING UP TOO FAST

Actual recovery of business for the individual citizen is lagging behind the wave of price increases. In some cases this is making things even worse than they were, since most people have not yet got the benefit of increased incomes, and yet they find that they are being asked to pay more for many things they have to buy. If this condition should continue it would not be satisfactory, but most people feel that this state of things is only temporary and they are showing fine patience and faith while the many plans for general betterment are being given a chance to function.

In the meantime care should be taken to protect the consumer, as there is a suspicion that some are guilty of "wild cat" price lifting, against which Brigadier General Hugh S. Johnson, administrator of the National Recovery act recently issued a sharp warning.

"The administration will not stand for that," said General Johnson. "Our best people understand that this is no time to get rich quick. It is the time to pull our country out of a hole. We need every good man on the ropes and nobody is going to do a thing that makes him a peace profiteer by taking advantage of the patriotic unselfishness of his fellows."

## TWO JULY BIRTHDAYS

Two men of widely different types, each of whom has been prominent in the world's news for a long time, will reach important milestones in their life journey this month. Benito Mussolini will be 50 years old on July 29, and Henry Ford will be 70 on July 30. Both rose from humble beginnings.

In early life Mussolini worked as a common laborer but managed to obtain a fair education. He fought as a corporal in the World War until he was wounded in February, 1917. In 1919 he founded the Fascisti to suppress Bolshevism and by 1922 it had 4,000,000 members. It demanded that Mussolini head the government and he was made premier by the king on October 30, 1922, since which time he has been Italy's dictator. His rule has been stern, but on the whole beneficial to the country.

Henry Ford had only a common school education and began as a machinist's helper, later becoming chief engineer of one of Edison's companies. He was a pioneer in the automobile field and employed more than 100,000 persons at the height of production before the depression, at which time he was reputed to be worth a billion dollars or more.

There is a world of inspiration in the study of these two men, who by their own efforts have risen from obscurity to commanding places in their respective spheres of action.

## THE LIBRARY OF CONGRESS

Within a short time it is likely that the Library of Congress in Washington will become the greatest in the world, if it is not already. In the number of printed books it is surpassed by the Public Library in Leningrad, Russia, but it has many more treasures in the way of maps, charts, music and pictures of every description.

The Library of Congress was established in 1800, but was destroyed when the British burned the capitol in 1814. It was started again by the purchase by Congress of ex-President Thomas Jefferson's private library of 6,700 volumes for \$23,950.

Additions were made from time to time, but another fire in 1851 destroyed about 35,000 volumes. This loss was partially replenished through purchase and donations until the library now has more than 4,477,000 volumes, more than a million maps, charts and views, more than a million pieces of music, and half a million photographs, prints, engravings and lithographs.

The growth of the library has been greatly hastened by the operation of the law which requires copies of all copyrighted books and other material to be deposited there.

Priceless treasures in the way of rare books and manuscripts gathered from all parts of the world are included in the collection, housed in the largest and most magnificent library building in the world, with a floor space of more than 14 acres. In it are kept the originals of the Declaration of Independence and the Constitution of the United States, with thousands of other historical documents.

## SHAMELESS DELINQUENCY

The fact that J. P. Morgan and his 20 partners have paid no income taxes to the government during recent years, and that hundreds of other wealthy men have likewise escaped taxation through loopholes in the law, has aroused official Washington for a realization of the need of remedial legislation at the next session of Congress.

If the Treasury Department under Mellon and Mills had been functioning in the interests of the public, the facts in this connection might long since have been brought to the attention of the country.

## POINTS THE WAY TO SAVE TAXES

The General Federation of Women's Clubs asserts that \$15,000,000 a year can be saved taxpayers throughout the country by a more economic administration of the purchasing agencies of counties and towns, and in an effort to make this saving possible it will conduct a survey of the purchasing systems in use, working through club women in every county.

"At the present time," says Miss Julia Jaffray, national chairman of public welfare, \$1,000,000,000 is spent annually in buying consumer commodities in cities and counties exclusive of salaries. She estimates that 15 to 20 per cent could be saved through increased efficiency, and we believe her estimate is very conservative.

## NEWS FROM OVER WEST TEXAS

### Anson Man Buys Big Ranch

From the Western Enterprise: Willie D. Baker of Anson has purchased the Clark King ranch which lies in west Shackelford and east Jones county, subject to title which is being worked up.

The ranch consists of about 4300 acres and is being surveyed now to ascertain the exact acreage, and is ideally located, being adjacent to Highway 83, and near the railroad at Lueders. It has several producing oil wells. While most of the ranch lies in Shackelford county, 700 acres are claimed by Jones county.

Mr. Baker will run the ranch with good stock, a nucleus of which he has been accumulating from time to time.

### \$40,000 Appropriation Given For Knox County Road

From the Goree Advocate: The Texas Highway Commission has approved a request for \$40,000 for the improvement of the highway from the Haskell county line south of Knox City, Benjamin and Truscott to the Ford county line. Should the claim be approved by the Federal authorities, the money will be used for opening a more direct road north and south through the county. As this is already a State highway, it is hoped that the state will hard surface it later.

### Funeral Services Held at O'Brien for Bob Parnell

From the Munday Times: Funeral services were held Monday at the Christian church at Mineral Wells by the Rev. Fox for Bob Parnell, pioneer citizen of the Knox City community, who died Saturday at his home in Mineral Wells after a brief illness. The remains were brought to O'Brien by R. G. Campbell, local undertaker, and were accompanied there by the Rev. Piers, who conducted the services at the graveside.

Mr. Parnell was about 60 years of age and had resided in the Knox City community for many years until about a year ago when he moved to Mineral Wells, and his death came as a great surprise, as he had been in seemingly perfect health up to within a few hours before his death.

## NOW! PILES MEET THEIR WATERLOO!

death. Mr. Parnell was regarded as one of the most substantial citizens of the Knox City community for many years and was universally loved by those who knew him. He is survived by his widow and four daughters and two sons.

### Prediction For Fall Business

"There is an almost universal belief," says the Philadelphia Inquirer, "that conditions will be still better in the fall." Whether the pick-up "is due to the various laws which were passed by Congress or whether the time had arrived naturally for the change is difficult to determine."

"Shelves of merchants had been depleted some time ago; and when enterprising business men resolved to stock up they started mills and factories into operation and thereby gave employment to hundreds of thousands. In any event, a spirit of optimism is abroad in the land. Psychology is playing its part. When we add to this actual proof of men going to work we are fully justified in joining in the growing hopefulness. The American people have withstood adversity splendidly. Their faith in the future has remained undimmed."

### Snap Shots

If you're sure you're right, go ahead, but don't expect everybody to go with you.

Let's hope the new Federal Reserve chairman, Mr. Black, can get us out of the red.

A special parade of all prize winning animals shown in the Livestock Department at the 1933 State Fair of Texas, will be held for school children of the state on Saturday Oct. 21. It has been announced by Frank P. Holland, Jr., director in charge of the department.

Approximately 20,000 persons were killed in motor vehicle accidents in the United States during 1932.

### CITATION BY PUBLICATION

THE STATE OF TEXAS.

To the Sheriff or any Constable of Haskell county, Greeting:

You are hereby commanded to summon C. E. Orton, if alive, and if dead, the unknown heirs and devisees of C. E. Orton, deceased, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the 104th District Court of Taylor County, to be held at the Court House thereof, in Abilene, Texas, on the fifth Monday in October A. D. 1933, the same being the 30th day of October A. D. 1933, then and there to answer Plaintiff's First Amended Original Petition, filed in said Court on the 13th day of July A. D. 1933, in a suit, numbered on the docket of said Court No. 1734-B, wherein Abilene Building & Loan Association, a corporation, is Plaintiff, and T. E. Sollock, C. E. Orton, if alive, and if dead, the unknown heirs and devisees of C. E. Orton, deceased, Mrs. C. E. Orton wife of C. E. Orton, and Paul Gibson, are Defendants, and a brief statement of plaintiff's cause of action, being as follows:

Suit on Promissory Note, dated February 22, 1929, made by T. E. Sollock, in the principal sum of \$2000.00, payable to Plaintiff, and to foreclose a Deed of Trust lien to secure the payment of the above note, said Deed of Trust being duly recorded in Vol. 35, Page 439, Deed of Trust Records, Haskell County, Texas, and dated February 22, 1929, executed by T. E. Sollock and wife, Ada Sollock, in favor of Plaintiff, and covering the following described real estate, to-wit: Block 15 of the Foster-Jones Addition to the town of Rule, Haskell county, Texas, less 20 feet off of the West side of said Block. Plaintiff alleges that defendants cited herein claim and assert some interest in the above described real estate but that same is inferior and subordinate to the lien

of the Plaintiff sought to be closed.

Herein Fail Not but have to said court, at its next regular term this writ with your return showing how you have complied same.

Given under my hand and seal of said Court, at office in Haskell, Texas, on this 14th day of July, A. D. 1933.

(Seal) Belle Wellborn, District Court, Taylor County, By Zola McKee, Deputy.

## Eliminate the Drudgery of Scouring Pots and Pans...

The tedious and never-ending job of scouring pots and pans, you'll agree, is one of the most irksome of household duties. It is a messy, disagreeable job to begin with — and roughens your hands, irritates your disposition and wears out your utensils.

This drudgerous household task can be eliminated once and for all time from your daily routine... by the simple expedient of eliminating the old-fashioned cooking method that causes the grime and soot to collect.

... with a Modern Electric Range You Merely Wipe Them off!

Progressive home-managers throughout West Texas have found the operative cleanliness of modern Electric Cookery one of its outstanding advantages. There's no time to blacken utensils and mess your hands of disagreeable scouring work. And this same cleanliness also eliminates much of your other kitchen cleaning. Think of the time and money this will save!

Ask about the remarkable cleanliness of the modern Electric Range. Ask also about the sixteen startling superlatives of Electric Cookery. You'll find that this modern "Electrical Servant" will do more for you than you'd imagine anything imaginable could do... and it'll do it all and save money in the bargain! Investigate present LOW PRICES and CONVENIENT TERMS... TODAY!

Call us for an individual investigation of your use of Electric Cookery to determine the cost of cooking by electricity in your home. We'll be surprised to learn that there are many ways to save money that actually decrease the total of electric and gas bills.

### Lower Motor Costs Seen After A. A. A. Test

#### Oil Consumption is Cut 28.5 Per Cent in Run at Indianapolis

MASTIC reduction in the cost of auto operation is forecast as result of motor oil tests conducted at the Indianapolis Speedway under auspices of the A. A. A. test committee.

During these tests a new oil, developed by the Gulf Refining Company, obtained 28.5 per cent more miles to the quart . . . and cost 2.5 per cent less to use, when tested against three popular, high-grade brands familiar to every motorist.

Fords, Chevrolets, Plymouths and Buicks, picked at random from the streets of Indianapolis, were used in the four-day run. Each car averaged 450 miles a day at a constantly maintained speed of 45 M.P.H., using a different brand of oil each day. Oil consumption was rigidly checked by A. A. A. officials, and results were corrected for variations in temperature. The new oil, which out-performed the other oils by a wide margin, is made from a 100 per cent para-

A. A. A. officials checking motor oil during test run at Indianapolis Speedway. (Lower) The cars rounding a turn on the Speedway.

fin base, and is refined three steps farther than ordinary motor oils. Introduction of this advanced process marks a definite step forward in the refining industry and, it is believed, will result in decreased operation costs for the average motorist.

### NEW MARKETING PLAN GETS SUPPORT OF COTTON FARMERS

A new cotton marketing plan which will shift control into the hands of county units, as compared to the previous state-wide control, is receiving the enthusiastic approval of West Texas growers, as expressed in a series of mass meetings last week throughout West Texas.

More than twenty-six hundred farmers took part in the gatherings, at which C. O. Moser, vice president of the American Cotton Cooperative Association, explained the new set-up.

Mr. Moser said that the local office of the Texas Cotton Cooperative Association at Lubbock last year handled cotton at a cost of 21 cents a bale, but that on account of the average costs for other parts of the state coming to \$1.45 a bale, the Lubbock members had to pay that higher amount.

"Under the plan of local organization being set up in West Texas," Mr. Moser said, "the Lubbock members would have paid only the 21 cents of their local costs, plus a district cost of probably less than that making their total cost around a dollar a bale less than under the state-wide plan."

"Local organizations which had higher expenses than Lubbock would have carried the burden themselves, rather than putting part of it on the Lubbock office."

Under approval of the state association, the West Texas Cotton Growers Association was chartered February 4, with T. E. Alvis, of Roby, a director of the state organization, as its president, and B. Walters, Rule, also a T. C. C. A. director, on the board of the association. When the West Texas Association was recognized in July by the American Cotton Cooperative Association, G. Y. Lee, Eden, was elected to serve as the West Texas body's

representative on the board of the national. In addition, to those named, the directors of the West Texas Association include the following: all veteran cotton growers: R. D. Buchanan, Colorado; J. L. Carrell, Snyder; S. E. Clark, Abilene; Hugo B. Haterius, Avoca; C. W. Loe, Bormarton; and J. L. Wilkinson, Coleman.

Clyde Daniel, formerly district manager at Abilene for the T. C. C. A., has been elected manager of the new association, and V. A. (Pete) Taylor, member of the A. C. C. A. sales force for a number of years, has been made A. C. C. A. representative in charge of purchase, sales, classing and financing.

The West Texas association has contracted with the A. C. C. A. to sell its cotton to the national agency, as long as the latter's price is in line with competitive prices, otherwise the West Texas association being at liberty to sell where it pleases. On cotton sold to A. C. C. A., members of the West Texas association will receive one-half the re-sale profits, if any, the remainder going into the A. C. C. A. reserves, which are the joint property of all the A. C. C. A. members.

At most of the meetings which Mr. Moser recently addressed, the audience was asked to express itself by a show of hands as to approval or disapproval of recent policies and activities of the American Cotton Cooperative Association, and the response was unanimously in approval. At a meeting in Colorado, at-

tended by growers from several counties, a resolution was adopted calling attention to the service which the co-ops rendered at Washington in the past few years, and "pledging support in further activity along the same line, particularly in preparing and carrying out a plan for control of cotton acreage next year, in order that improvement in price obtained this season may be preserved and increased." The resolution said that many cotton producers of West Texas have profited \$15 to \$20 a bale through the delayed payment of seed loans and collateralization above market prices, obtained through influence of the cotton co-ops, and also that the co-ops were "largely instrumental in preparation and passage through

Congress of the acreage plan now going into effect, and urged ever to the federal government the action through which the option feature of the plan was made possible."

Remorse is that low feeling that grips you when you return from your vacation and realize that you could have used the money to better advantage some other way.

### Haskell County . . . . . History

As Revealed by the Files of the Free Press 23, 24 and 40 years ago.

The talk is that the Seymour boys are trying to pick a baseball nine from Wichita Falls, Throckmorton and some of their own players with which to beat the Haskell boys. The boys here say that it is all right—they can beat anything that they might import.

Press Broach who lives in the northern portion of the county states that he has harvested one thousand bushels of wheat, one thousand bushels of oats and has no kick against Haskell county, as he has seen in other sections.

Those who sold out and left Haskell county and other counties in the West because of the droughts of 1896 lost vastly more than they gained. Many have long since seen their errors and returned to the West sadder and wiser men, while those who remained here are now as a rule in comparatively easy circumstances.

# MORE SAFETY MORE MILEAGE

STRANGE fact about the tire business is — the PRICE of all tires is about alike. You might as well pick the best — in quality, in safety, in mileage.

What's the best in quality? The public says Goodyear — preferred by more people than any THREE other makes.

What's the best in safety? Accurate tests on wet concrete show Goodyears will stop a car quicker than any other tire. The next best tire skidded 10% more — other tires skidded up to 77% more under exactly the same conditions.

What's the best in mileage? Best test records show Goodyear Tires give 77% more mileage than they gave five years ago.

Now that all prices are headed UP — it's more important than ever to get the most for your money. Better look over your tires and buy new Goodyears now while prices are still low.

REEVES - BURTON MOTOR CO.

# Sign-Posts

Imagine yourself on an unfamiliar highway at night in the country. You want to go to Allison. You come to a forked road. No signs! Which way? You turn left and come to a crossroad. No signs. You turn right. You come to a town. It proves to be Liberty. You go back to the fork and turn left. A mile or so farther on you come to another crossroad. A sign pointing right says "Allison three miles."

But for that sign-post you might have traveled miles—spent hours, and come short of your destination.

Imagine yourself in need of hosiery, clothing, breakfast foods or anything else, and this newspaper without advertisements! Think of the number of stores you would have to visit, qualities and prices to check, reliabilities to consider.

Advertisements are sign-posts. They are information. They save you from wandering aimlessly from store to store. They keep you advised of the newest products; of the latest values. They save you time, and put greater buying power in your dollars. They assure you of quality and service in merchandise, for only honest goods honestly advertised can stand the spotlight of publicity.

READ THE ADVERTISEMENTS

Agreement Blanks

1, 1933, by more than is made necessary by actual increases in production, replacement, or invoice costs of merchandise since July 1, 1933, or by taxes or other costs resulting from action taken pursuant to the Agricultural Adjustment Act, since July 1, 1933, and, in setting such price increase to give full weight to probable increases in sales volume and to refrain from taking profiteering advantage of the consuming public.

bound by any code of fair competition approved by the President. (13) This agreement shall cease upon approval by the President of a code to which the undersigned is subject; or, if the N. R. A. so elects, upon submission of a code to which the undersigned is subject, and substitution of any of its provisions for any of the terms of this agreement.

Peace Time Flying Is Better Aid to Aviation Than War

Is the science of aviation developed more by peace or by war? There have been contenders aplenty for the latter theory—to the effect that only in the heat and tension of war-time flying were real advancements made in the art and science of flying with heavier-than-air machines.

newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the 104th District Court of Taylor County, to be held at the Court House thereof, in Abilene, Texas, on the fifth Monday in October A. D. 1933, the same being the 30th day of October A. D. 1933, then and there to answer Plaintiff's First Amended Original Petition, filed in said Court on the 13th day of July A. D. 1933, in a suit, numbered on the docket of said Court No. 1724-B, wherein Abilene Building & Loan Association, a corporation, is Plaintiff, and T. E. Sollock, C. E. Orton, if alive, and if dead, the unknown heirs and devisees of C. E. Orton, deceased, Mrs. C. E. Orton wife of C. E. Orton, and Paul Gibson, are Defendants, and a brief statement of plaintiff's cause of action, being as follows:

Approximately 29,000 persons were killed in motor vehicle accidents in the United States during 1932.

CITATION BY PUBLICATION

Suit on Promissory Note, dated February 22, 1929, made by T. E. Sollock, in the principal sum of \$2000.00, payable to Plaintiff, and to foreclose a Deed of Trust lien to secure the payment of the above note, said Deed of Trust being duly recorded in Vol. 35, Page 439, Deed of Trust Records, Haskell County, Texas, and dated February 22, 1929, executed by T. E. Sollock and wife, Ada Sollock, in favor of Plaintiff, and covering the following described real estate, to-wit: Block 15 of the Foster-Jones Addition to the town of Rule, Haskell county, Texas, less 20 feet off of the West side of said Block. Plaintiff alleges that defendants cited herein claim and assert some interest in the above described real estate but that same is inferior and subordinate to the lien of the Plaintiff sought to be foreclosed.

A special parade of all prize winning animals shown in the Livestock Department at the 1933 State Fair of Texas, will be held for school children of the state on Saturday Oct. 21, it has been announced by Frank P. Holland, Jr., director in charge of the department.

Cupid Was Busy in the Surf

By CORONA REMINGTON

ONEY, the summer folks are starting to come now and you'll have to take a dip before they get up. City men are awful mean and I don't want you out there when they're in the surf. "But, daddy," Mary protested, "all the city girls that come here have somebody to go in swimming with them and I'm so lonesome," the girl ended tragically. "I know it, honey, but those men wouldn't have any good intentions toward a poor fisherman's daughter."

If it's any comfort to 'em, solons assures hay fever sufferers that the malady only afflicts those of high intelligence. If you're sure you're right, go ahead, but don't expect everybody to go with you. If Mark Twain were alive he might characterize our delegates to the London conference at "cents Abroad."

What is a Vacation?

Every year there is a break in the regular routine of daily work—this we call a vacation. To most of us it is a wonderful chance to "get away"—to rest—to relax and forget about the worries of everyday life. If you want that experience, if you want this vacation to be the most enjoyable and worthwhile you ever had, come this year to the CRAZY WATER HOTEL, Mineral Wells, Texas.

Incidentally, this year the rates are the lowest in history.

Please send me free of charge full particulars concerning a health vacation at the Crazy Water Hotel. It is understood that I will not be obligated by this request. Signed: (Please Print) Street and Number Town

Motorists have 3 kinds of pocketbooks ... and Gulf makes an oil for each!
