

Where Nine New Buildings Will Be Erected at Texas U.

This retouched aerial photograph will give you some idea of how the Texas university campus at Austin will look when the present \$3,000,000 building program is completed.

DETAILS OF THE NEW FORD CAR MADE PUBLIC

Complete details of the new V-8 cylinder Ford car which is to be introduced March 31st, were made public here today by J. D. Montgomery of the Haskell Motor Company, local Ford dealers.

The new Ford is large, long, roomy, fast, powerful and alert. Its V-8 cylinder engine develops 65 horsepower and it is capable of 75 miles an hour.

Fourteen body types of modern, streamline design are offered. A four-cylinder engine developing 50 horsepower also can be supplied with any of these body types at a lower price.

Numerous mechanical advances are incorporated in the new car. These embrace a synchronized silent gear shift and silent second gear, rubber engine mountings, down-draft carburetor and carburetor silencer, automatic spark control, fuel pump and rear fuel tank.

The engine is of the 90-degree V-type, developing 65 brake horsepower at 3400 r.p.m. The 65-pound crankshaft is of the 90-degree type, with its four cranks at right angles to each other.

The crankshaft is statically and dynamically balanced and its throws counterbalanced. The crankshaft, connecting rods and pistons are in balance so that the smoothness at all engine speeds.

by the long hood with its rustless steel center strip, the slanting safety glass windshield, and rounded roof line. The convex lamps, full-crowned fenders and long, low running board harmonize with the balance of the design.

Body interiors are roomy and richly furnished. Seats are of new style, designed for utmost comfort.

Driver seats in all closed cars are adjustable. A large ventilator is provided in the cowl. The oval instrument panel is in engine-turned finish and has a rustless steel mounting strip. Inside sun visors, which fold out of the way when not in use, are provided in all closed cars.

The New Ford V-8 engine is remarkably free from vibration. Frequent and overlapping impulses deliver the power in a smooth constant flow.

The engine is of the 90-degree V-type, developing 65 brake horsepower at 3400 r.p.m. The 65-pound crankshaft is of the 90-degree type, with its four cranks at right angles to each other.

The crankshaft is statically and dynamically balanced and its throws counterbalanced. The crankshaft, connecting rods and pistons are in balance so that the smoothness at all engine speeds.

Cylinder blocks and crankcase are cast in one unit, giving exceedingly rigid engine construction. New type, one-piece valves, which eliminate tappets, operate directly from the camshaft without push-

rods. Connecting rods from opposite pistons are placed side by side on each 90-degree crankshaft throw. These are mounted on new floating steel bushings, babbitted inside and out which serve to give the benefit of the full crankpin bearing area to each connecting rod thus affording longer wear.

A cast aluminum cover embracing the intake manifold forms the top of the engine, giving it an unusually finished appearance. The down-draft carburetor and the fuel pump are mounted on this cover.

The gas is preheated in the intake manifold by a hot spot created by hot exhaust gases surging back and forth through a small passage in the manifold cover plate. Exhaust ports are on the outside of the engine blocks, the left exhaust pipe being carried around the front of the engine.

The distributor operates directly from the front end of the camshaft eliminating the use of interposed gears. Spark control is automatic. Crankshaft and crank pin bearings are lubricated by pressure as are the main bearings of the camshaft. Pistons and valves are oiled by spray and splash.

A fan of airplane propeller type and two centrifugal water pumps together with the large surface of the radiator insure ample cooling under all driving conditions.

The rugged new double-drop frame is formed to the shape of the new body and, with the new low rear spring, provides a low center of gravity, with consequent increase in roadability.

The riding comfort of the cars is due to many factors, but particularly to the new flexible transverse cantilever springs, larger tires, rubber insulation and the newly designed shock absorbers.

The new features have been incorporated in the Houdaille hydraulic double-acting shock absorbers. One, a thermostat control which compensates for varying temperature conditions, and the other, a special valve which automatically lessens the effect of sudden road shocks.

The Ford rear spring is of new design, being flatter and lower. It is mounted on perches at the rear of the axle housing and bowed out so as to clear the differential housing.

The new brakes have a braking surface of 186 square inches. Wheels are 18 inches in diameter. The large hubs enclose the bolts which attach the wheel to the drum. There are 32 steel spokes, sharply pitched and electrically welded to the drop-center rim and hub shell, forming an unusually strong unit. Tires are 18x5.25 inches. Each is balanced to prevent "tramping" or vibration at high speeds. The drive is of the familiar Ford torque tube type, the drive shaft being of tubular construction.

Murder and Suicide for Lack of Funds

A soda jerk and a young saleswoman are dead in Houston because the boy didn't make enough money to be married on. H. E. Wingo shot and fatally wounded Mrs. Lou Suttle, then turned his gun on himself. They were engaged to be married, but Mrs. Suttle backed down at the last minute. In the picture above officers are examining the bodies, indicated by the arrow.

Harris of Sayles Sunday. Mrs. Ewell Lusk's sister spent last week with her.

TO MOTHER.

Mother! Dear Mother. Be with us yet. They say you are gone. But we believe it not. For thou art with us still. And will be to the end.

Though not with us in person, Thy guiding spirit shall be our guide, And ever shall we hear thy loving voice.

Saying—"Children come home." Clearer, now, does thy call come ringing.

Yes, we're coming, coming one and all.

God only knows when He shall call. But thy beckoning spirit as the star most bright, Shall lead us through the night.

Mother, we love you— Though our wayward hearts have caused—

Pain, grief, and tears to flow, We loved you then; We love you now, And our hearts are torn with sorrow and regret.

'Till falls the tears as falls the rain, But Mother! We love you yet, And shall for evermore. In our hearts, Your love with God's love Shall ever reign.

Mother, you are not dead. The poet says it plain—

Flowers fade only that seed may grow— Seed decay only that flowers may come anew— So it is with life:

You have only passed to be with Jesus, And with Him forever to reign.

Dear Mother—May thy loving spirit Ever guide and direct us in the path of right.

And may we our lives to others dedicate, As you your life to us have dedicated.

May we so live that When flowers round us are laid, Your life shall not have been in vain.

(In Memory of our Mother, Mrs. R. A. Stone. By her children.)

Anson Golf Course to be Ready by Sunday.

From the Western Enterprise (Anson)

The Anson Whitman golf course will be ready for use Sunday, according to enthusiastic local linkers. Hugo White who has had charge of the alterations, states that they have a very good fairway and smooth sand greens.

This nine hole course was abandoned about two years ago, but due to request that the links be reconditioned; so as to afford some place of diversion for Ansonites and others, Mr. White took it upon himself to do the work.

The George Oil Well A Mile Deep

Think of a hole in the ground near Hamlin one mile deep. The feet is a-w-a-y down yonder.

The George well, a Cranfield nolds well, is near the Jean well which is a big producer, but when the George well should have struck oil there was but little. So they and down they kept going until they are a MILE deep. No show deep oil yet.

When HEADACHE Is Due To Constipation

Order one of the first-aid effects of constipation is a HEADACHE. Get at the bottom of the trouble with a dose or two of Theodor's Black-Draught. Don't struggle nature's outcry with more pain-killers but relieve the constipation—enjoy the refreshing relief which thousands of people have reported from the use of Black-Draught in such conditions.

Black-Draught is made of finely powdered leaves and roots of approved medicinal plants. Mr. L. P. Duncan, 329 W. Lincoln St., Tullahoma, Tenn., writes: "A few weeks ago I had headache. Having Black-Draught on hand and knowing it was good, I took it and it relieved me. A few nights ago I took it again with splendid results."

Higher Prices for Cotton and Wheat are Guaranteed

Higher prices for wheat, corn and cotton are guaranteed by the International Harvester Company in an offer to this year's purchasers of certain important crop-producing and harvesting machines. The higher prices guaranteed are 70 cents a bushel, Chicago, for wheat, 50 cents a bushel, Chicago, for corn and 8 1/2 cents a pound, New Orleans, for cotton.

George A. Ranney, vice president in charge of sales, said today: "We are convinced that the reluctance of farmers to buy implements needed for the economical production and harvesting of their wheat, corn and cotton crops is due to the present unsatisfactory prices of these commodities, and we believe that if they were assured of higher prices for their products they would not hesitate to purchase the new cost-reducing machines that they need."

"In order to meet this situation, and to evidence our faith that prices of farm products must soon improve, we are now offering growers of wheat, corn and cotton assurance of higher prices with which to pay notes given hereafter and maturing this year for purchases of certain machines most vitally needed in making and gathering these crops."

"The list of machines to which this offer applies includes farm tractors, harvester-threshers or combines, windrow-harvesters and stationary threshers. The higher prices which these new terms guarantee are 70 cents a bushel, Chicago, for No. 2 hard wheat, 50 cents a bushel, Chicago, for No. 2 yellow corn, and 8 1/2 cents a pound, New Orleans, for middling cotton."

"On notes maturing in 1932, given hereafter in payment for the machines listed and representing not more than 40 per cent of the purchase price, there will be endorsed the equivalent number of bushels of wheat or corn or pounds of cotton computed at the prices named. If the average market quotation for the 5-day period prior to and including the maturity date of the note is less than the price named, the purchaser will be credited with an amount representing the price differential multiplied by the number of bushels or pounds endorsed on the note."

"For example, if the note due in 1932 amount to \$420, it will require 600 bushels of wheat at 70 cents, Chicago, to meet the obligation. Should the price of wheat at maturity be less than 70 cents, say 60 cents per bushel, Chicago, the purchaser's note will be accordingly reduced \$60."

SCOUT ACTIVITIES

Mr. S. W. Scott of San Antonio has been kind enough to give the use of some vacant lots in the Scott Addition of Haskell for Troop No. 36 to use as a play ground. The Scouts of this troop have been active with hoes, rakes and shovels and it will soon be one of the beauty spots of the town as well as serving as a play ground.

On Monday night of this week Troop No. 36 met in their regular meeting at the Methodist Church with a good number in attendance. Scout Master, Lewis Sherman, was in charge and a very interesting study period was enjoyed.

On last Monday night Emory Menefee, J. E. Bernard, Dave Persons and Eagle Scout, Ralph Bernard drove to Weinert and assisted Scout Master, Jack Thompson and Assistant Scout Master, Hughes, in a course of instruction to their Troop. This Weinert Troop is newly organized with about twelve boys to start with and under the leadership of Scout Masters Thompson and Hughes are making wonderful progress.

Wednesday afternoon Scout Master Dave Persons accompanied the Scouts of Troop No. 36 to Rochester for a game of play ground ball. Not all the Rochester regular school team were on hand but a mixed team was soon assembled and a cleanly played, hotly contested game followed. The Scouts finally came out winner by a 7 to 3 score.

Next Monday night, April 4th, will be regular monthly Court of Honor night. Every one interested in Scouting are urgently requested to come out and know what your boys are learning and doing in their scouting and encourage them in this work.

Calvin Whatley, a student of Simmons University at Abilene spent the week-end with his parents Rev. and Mrs. Whatley here.

Miss Maybell Taylor, teacher in the public schools at Albany spent the week end with her parents, Mr. and Mrs. L. F. Taylor.

BRING US your cream, we will pay you the top market price. Haskell Feed Store.

Pleasant Valley

The Pleasant Valley school closed its fifth month last week. Those getting their names on the honor roll in Miss Patty's room were: Doris Robertson, Milbert Opitz, Chester Robertson, Carl Opitz, Junior Walker, Roddy Garrett and Evalee Robertson. Those in Miss Jackson's room were: Blanche Anderson, Willie Stephens, Eula Matthews, Zula Matthews, Josephine Robertson and Irene Logsdon. Little Ted Berryhill was a new pupil in school last week. His father has recently been transferred to this Station from Hamlin.

Mr. and Mrs. Vern Derr have moved to Pleasant Valley from Weinert.

The Pleasant Valley Union Sunday School had an Easter Egg hunt Sunday afternoon which was enjoyed by several people. Kodak pictures were made after the hunt. Sunday school has been organized since Christmas and is steadily growing. More than fifty members have been enrolled. The hour for meeting is at two o'clock in the afternoon. Visitors and new members are welcome.

Otis Matthews and family have moved to Westbrook. There will be a school trustee election at the school house Saturday, April 2nd.

League News

Dear Lil:

It's been a long time since I wrote to you but that doesn't mean that the League has stopped working for a long time. We are still the same snappy bunch and still working as hard as ever. I wish you could have seen the pageant the League dramatized for Easter. It was fine and we were proud of it.

Our union is still working, too. We all met at Avoca last Saturday night and we did some good union work and planning. One of the best things our League is going to do in April is to have a union institute and it's going to be held right here in Haskell.

Our council officers are still on the job. In a meeting on Wednesday evening plans were discussed for electing new officers and for financing the League.

When your League starts doing better work than that, let me know.

Yours Leaguely,
Lib.

"There's A New Man In Town"

In the South Ward P. T. A. play "There's A New Man In Town," each of the teachers who have a part in this screamingly funny comedy, try all of the known arts in capturing this new man for herself. The funniest incident of all is when each one thinks she has succeeded when a gay young widow walks off with the prize. Then preceding this main play, the high school band will render some music; also the one-act play, "Riders to the Sea" will be given—several good readings and the quartet, Joe Maples, Paul Crawford, John Thomas Crandall and Jack Simmons will sing a new song they are daily rehearsing.

The South Ward P. T. A. promises the public one of the most tense melodramas ever produced by high school students in Haskell, in "Riders to the Sea," then going from the sublime to the ridiculous, a comedy will be given that insures a laugh every second. With the band music and special solos and readings the public will be given a splendid program for the price of eggs. Eight o'clock Tuesday night April 5th, Haskell High School.

Members of Sixty Minute Club Attend Banquet of Y. W. C. A. At Abilene, Tuesday Night.

Twelve representatives of the Sixty-Minute Club were attendants at a banquet held in Abilene Tuesday night as part of an international celebration staged by units of the Young Women's Christian Association. The G. A. P. Club, young business and professional women of Abilene, sponsored the affair held in the crystal room of the Hilton and more than ninety guests were in attendance.

The banquet table was arranged in the shape of a "Y," with balloons and greenery along its center. At one end of the room the lighted triangle, which is the symbol of the organization, flashed above an urn of flags representing all countries sponsoring the Association. The pioneering spirit of the organization was the theme of the decoration opposite, a

Scenes of Flat Iron Double Murder in East Texas

Like a true detective thriller reads the story of how an aged well digger, George Brimberry, and his wife, were clubbed to death with a flat iron, and robbed of what little they had. Above is the two-room cabin near Arp, Texas, which was their home. In the lower left hand corner are Mr. and Mrs. Brimberry in front of an oil well near their home. Scrawled on a peculiarly fitting page of a magazine the cryptic message at lower right was found. "A negro killed me," it said. Officers thought the clue false. Within less than 20 hours after the killing, Smith County officers arrested a white man and charged him with the crime, his shoes fitting footprints found near the scene and his pants bearing blood stains.

Celebrates 80th Birthday

On Easter Sunday a dinner was given at the home of Mr. and Mrs. J. L. Tolliver honoring Grandpa Jossett's 80th birthday. This dinner was given at his old home. The first one that has been there since three years ago Mother Jossett gave before she died the following year in August.

This occasion brought back many sweet memories as well as sad ones. All the children and grand- and great-grandchildren were present except the following: F. J. Jossett and family, he and Janita were injured with the flu. J. D. Jossett and family of Sierra Blanco and Miss G. B. King and family of Portobello, N. M.

The honored guests were Mr. and Mrs. W. D. Gilliland and son Lloyd, Mr. and Mrs. Dave Terrell and daughter Mae Pearl, Mr. W. D. Rogers and son Gene, and Mr. and Mrs. Bill Schwartz and family. In the afternoon all enjoyed the egg hunt. The prize winners were: Berta Mae Thomas for finding the most eggs, Herman Jossett for finding the big goose egg, and Mae Pearl Terrell for finding the prize egg.

There were 69 present to enjoy this occasion. Many congratulations and words of pleasure to Mr. Jossett were given and all left feeling the day was much too short.—One Present.

NEWS FROM OVER WEST TEXAS

3850 Sheep Bought by Woodson Man.

From the Throckmorton Tribune.

Glenn Vick of Woodson received a shipment of 3850 ewes Thursday. It was necessary to delay the Cisco and Northeastern passenger train several hours in Woodson while the 40 cars of sheep were unloaded. Mr. Vick bought the ewes at Big Lake, Texas. He will take the sheep to his place where he already has several thousand.

Pneumonia Takes Rochester Citizen.

From the Rochester Reporter.

The death of Mr. R. L. Woodward occurred Sunday morning after a brief illness from pneumonia. Mr. Woodward first had the flu and was up for several days and had resumed his work with the section crew, when he relapsed and pneumonia developed, death resulting in a few days.

Funeral services were held at the family home Sunday afternoon at 4 o'clock. Rev. O. L. Dennis conducting same. Burial in the Rochester cemetery.

Many friends deeply sympathize with the loved ones left behind in their sorrow.

Cold Did Not Kill All of Fruit Crop.

From the Gove Advocate.

It was generally believed after the ten days of freezing weather that the fruit crop was totally destroyed, however, reports coming to The Advocate would indicate that this section has a chance to make some fruit. Some trees, the reports state, have all the peaches that they should have, some will have but half a crop and others will have none.

Mr. Jeff Peak says that this certainly proves that we have winter fruit in this section. Since the first of March this section of the state has had eleven nights when the temperature went below freezing, and at times as low as 18. The general belief is that any tempera-

ture below 26 will kill peaches and plums that are in the bloom. While it is not known how it will be cold enough to injure the fruit.

Windstorm Throws City in Darkness.

From the Graham Leader.

During the severe windstorm

Monday night Graham was without lights 45 minutes, due to a heavy sign being thrown across the 2200 volt primary feeder which serves this city. The sign, belonging to the Panhandle Refining Co., and located at the service station on North Elm street, opposite the Graham Mill & Elevator Co., was torn from its supports by the force of the wind and thrown into the feeder.

Spending to Save through . . . ADVERTISING

Not many of us, these days, are troubled with so much money that we cannot spend it. But we ARE interested in spending the money we have, to get the most out of it.

One way—and not a new way, either—is to make a budget. Put down, week by week, the money that comes in. Put down beside it, week by week, the money that goes out. So much for food, so much for clothing, so much for rent. So much for giving, and for luxuries.

It won't always be easy, of course, to stay within the budget. That's where advertising helps you. Advertisements in this newspaper tell you how much butter, foods, meats, clothing, drugs will cost, BEFORE you go shopping! They point out ways to save money. They show you how to cut a little here, a little there. And they tell about new products, new ways of doing things, that help make this life of ours very much worth living!

Chicago, Convention Champion of 1932

Chicago Stadium in which the Democratic National Convention will be held. Capt.—Melvin A. Traylor, member of the Civic Commission which obtained the Convention for Chicago.

CHICAGO has jumped into a long lead over other cities in the race for winning convention assignments. Getting the two great assemblies of Democrats and Republicans in June puts Chicago well in the lead and gives the "Windy City" an opportunity to stage these colorful affairs as a certain ruler to the "Century of Progress" which will be a headline attraction in 1933. Already the convention has been named as one of the greatest business men are competing to receive thousands of visitors in Chicago during June.

One of the leaders who has helped bring the blue ribbon convention assignments to Chicago is Melvin A. Traylor, president of the First National Bank and a business man with a reputation for being a "go-getter". He has received national and international
