FORTY-FOURTH YEAR

TRADES DAY MONDAY OFFERS NEW FEATURES

To Discuss Co-Op at Meeting Monday

Farmers Urged to Attend and Learn of Cooperative Marketing Plan.

A county-wide mass meeting of farmers and business men will be held in this city Monday, Sept. 1st at 2 p. m. at which time well-known speakers will explain the tagging and marketing instructions and other information concerning the new Cotton Cooperative Association.

All members of the old Farm Bureau and the new Cooperative Association are urged to be present in order that they may become thoroughly familiar with the workings of the association.

Mr. E. P. Whitson, of Midland, field man for the Texas Cotton Cooperative Association in this area, will be present, as well as other officials of the Association, and all farmers and others interested in the matter should be present on this date.

With J. B. Simpson in charge as manager and classes, the Stamford branch office of the Texas Cotton Cooperative Association was opened Monday of this week in the Stamford Chamber of Commerce office.

Service to members of the cotton crop in the territory attached to the Stamford office is now available and will be maintained during the cotton gathering season, Mr. Simpson says. The manager is a licensed cotton classifier and stapler and has over 30 years experience in the cotton business, during which time he has been associated with several top cotton firms.

All members of the TCCA in

Kent, Storewall, King, Knox, Haskell, Throckmorton Baylor, Shackelford and the north half of Jones County will be served from the Stamford office. Classing service for non-members of the association will also be available at a charge of 25 cents per bale.

When the sample of bales of cotton owned by co-op members are sent to the office and the class and grade established, ninety per cent of the market value of the cotton will be advanced on deliveries to the seasonal pool Mr. Simpson says. He is authorized to advance 9 cent per pound on cotton grading seven-eighths of an inch staple length put in the seasonal pool and on other grades in proportion.

During this week, Mr. Simpson and E. P. Whitson, field men for the TCCA in this area, have been appointing receiving agents for the organization in the various towns in the area that will be served from the Stamford office. In every town where a gin is located a receiving agent will be designated to represent the association and assist the members in shipping their cotton, drawing the advance and taking samples when a final settlement at the time of delivery is desired.

Interest in the co-op program under direction of the Federal Farm Board is increasing all over this section and indications are that a considerable quantity of cotton will be handled by the association out of this region.

FARM RALLY TO BE HELD HERE SATURDAY EVE

There will be a general farm rally at the Court House on next Saturday evening, August 30th, at 2:30 p. m. The principal speakers will be Mr. and Mrs. L. R. Campbell, of Dallas. Mr. Campbell is State Secretary of the Farm Bureau Federation, and Mrs. Campbell is an agricultural writer and speaker with a national reputation. Mr. Campbell will discuss the purposes and aims of organized agriculture. He will especially go into details concerning the services operated by the Farm Bureau Federation. Mrs. Campbell will speak upon the educational and social welfare, community life and other topics effecting farm people. Between them they will discuss all movements such as 4-H club work and vocational work in schools.

Everybody is invited to be present. All farmers are urged to come and bring their entire family. Mr. Campbell is anxious to meet all teachers and other people interested in rural work. This is the first time that Mr. or Mrs. Campbell has been in this section of the state. Come and hear these people discuss the vital issues effecting agricultural work and people.

RAINS OF MATERIAL BENEFIT TO CROPS IN THIS SECTION

Ending a near-drouth which threatened to materially reduce cotton and feed yields in this section, rains which began falling Friday night and continued until Monday have been general over this territory.

The total rainfall recorded here amounted to 1.70 inches, as gauged by the government observer, with some portions of Haskell's trade territory reporting varying amounts. The added moisture and cooler temperatures which have been prevailing cause business men and farmers to feel jubilant over crop prospects, although a bumper crop is not expected by any means. A fair yield of feed is assured, however, and with a late frost, much late cotton could mature.

Some damage from worms is reported in a few sections, with farmers poisoning in an attempt to control the pests.

CLUB WOMEN AND GIRLS TO DISPLAY PRODUCTS AT FAIR

Haskell County women and girls who have been active in home demonstration club work, are to have a chance to display their products at the Haskell County Fair. This special department is in charge of Miss Eileen Partlow, home demonstration agent. Some capable judge from A. & M. College extension department will officiate and appropriate awards are offered. Any regular organized club in Haskell County, having been regularly instructed by a home demonstration agent, is eligible to compete, while any regular enrolled member of the club may compete for individual honors.

Much Interest Being Shown In Baptist Revival

Increasing interest in the Revival Meeting now being conducted at the First Baptist Church in this city is being noted by the large attendance at the evening services, an average attendance of one thousand people being reported. The services, conducted by Rev. H. R. Whatley local pastor, are held twice daily, at ten o'clock in the morning and at night. Rev. Whatley is doing a wonderful work, his sermons are thought-provoking and inspiring.

More than twenty conversions have been reported to Thursday morning and a revived interest in all church work in our city is noted as a result of the meeting.

Song services are under the direction of Mr. and Mrs. Joe Trussell, with the Baptist Orchestra furnishing a musical program. Services will continue through Sunday, August 31st.

ROBERTSON'S TO OPEN NEW STORE HERE WEDNESDAY

Announcement is made this week that Haskell's newest store—"Robertson's"—located on the east side of the square in the building formerly occupied by the L & M Store, will open for business Wednesday morning September 3rd, with a full and complete stock of well-selected merchandise.

John E. Robertson, former resident of Haskell and Weiner, and well-known here, is manager of the new business. He is no new comer to the game, having been engaged in the dry goods business for many years, and the opening of his new store means a substantial addition to Haskell's business circles.

Mr. Robertson states that their buyers have just returned from market, where they purchased a large selection of ladies apparel and other merchandise for the store.

An informal style review will be held at the store Tuesday evening from 6 until 8 o'clock, when the newest fashions and styles will be displayed, and a cordial invitation is extended to the women of this section to attend the review.

Read their advertisement on page eight of this issue.

Several Added Attractions Promise Plenty of Entertainment for All Who Come.

With Haskell's fifth monthly Trades Day to be held Monday September 1st, those having the event in charge state that all indications point to the biggest affair of its kind yet staged. Merchants and business men who are co-operating in the Trades Day state that increasing interest is being manifest in the monthly events. People of this section are finding that Haskell merchants offer the best values in this section in all lines, and in addition to the substantial savings offered, are showing their appreciation for their patronage in giving these Trades Days each month. You can afford to drive many miles to Haskell on Trades Day to make your purchases and in addition to your savings share in the events of the day.

Added features for Monday's affair include awards from the largest family coming to Haskell on this day, and also to the family coming the farthest distance.

Another attraction which will be something new will be the "Four Mystery Men"—well-known persons from Haskell business firms who will attempt to conceal their identity while mingling with the crowds during the day. Awards will be made to the first person who recognizes anyone of the four.

A water fight between two companies of the Haskell Fire Department will be another attraction which has never been staged heretofore. This event should provide plenty of fun for all who see it, for the boys are determined to put on a good show. Other attractions which have been arranged assure a most enjoyable and profitable day for everyone who attends.

As will be noted in another column, a mass meeting of farmers and business men will also be held on this date, at which time Mr. Whitson, field man for the Texas Cotton Cooperative Association, will discuss the workings of the Association, and explain shipping and marketing instructions necessary for those farmers who sell their cotton through the Association. All farmers are urged to attend this meeting.

Without mentioning the entire program for the day, the foregoing outline assures a most profitable and enjoyable day for everyone who attends the Trades Day. Make your plans to attend, and while enjoying the fun, take time to investigate the values offered by Haskell merchants—you can find that you can effect substantial savings by "Trading in Haskell."

Christian Churches Will Hold Fifth Sunday Meeting

The Christian Churches of Baylor Knox and Haskell Counties will hold their Fifth Sunday Meeting with the Church at Haskell, next Sunday, August 31st. The number of the churches in these three counties are expected to come together for a great fellowship meeting. The program begins with Bible School at 9:45, Lord's Supper and sermon by Elder A. R. Caudle, Benjamin, Texas, 11:00 a. m., luncheon furnished by the Haskell Church at the noon hour, song service at 2:30 p. m., sermon by E. D. Hagaman, Seymour, at 3:00 p. m., hymns address at 3:45 p. m. by a prominent layman, evening lunch at 6:00 p. m. and sermon at 8:00 p. m. by Patrick Henry, Highland Heights Christian Church, Wichita Falls, Texas. Dr. Henry's subject will be "After Pentecost What?" Every member of the churches in these three counties is expected to be present. The public generally is also invited to attend the services.

SENIORS AND JUNIORS TO SELECT PRINCESS FOR COUNTY FAIR

The Princess who is to represent the city of Haskell during the Haskell County Fair this year and participate in the Coronation of the Queen and be one of her Royal Court composed of some forty Central West Texas beauties is to be chosen from the two nominees of the High School, one to be selected by the Junior Class and one from the Senior Class. The election of the young lady as Princess will be by ballot, each season ticket sold to the Haskell County Fair entitling the purchaser to one vote for his favorite candidate. This friendly rivalry and competition will not only interest and add a savory flavor to the Fair, but also be a medium through which the Fair this year will be a financial success. The season ticket this year will entitle the holder not only a vote for this most popular young lady, but to entrance at front gate at any and all times up and come at will and to every performance and entertainment in the race track section, three afternoons and three nights. The Management will ask these two classes to choose their candidates on or before September 15th and the season tickets will go on sale that day and will absolutely close the day before the Fair, October 15th, after which date no season tickets will be sold at any price.

The High School Band To Resume Work September 1

Director Meacham states that the High School Band will be bigger and better than last year. He is planning to enter his band in the state contest, this fall and the district contest next spring. This is Mr. Meacham's third year in Haskell and during this time has built up a splendid municipal band and a good high school band and one of the best church orchestras in the state. His studio opening announcement appears in this issue of the Free Press.

ABILENE GOODWILL TRIPPERS TO VISIT HASKELL SEPT. 4

Abilene's 1930 "Friendship Special," made up of three modern motor-buses, will visit Haskell next Thursday Sept. 4th, arriving at 8:52 a. m. for a twenty-minute visit with Haskell citizens.

Seventy-five of Abilene's leading citizens and business men will be on the Special, and the Cowboy Band of Simmons University of the Abilene High School Band will be along and will furnish a short program of band music during their stay in our city.

From Haskell the Trippers will go to Weiner, Munday, Knox City, Rochester, Rule and Sagerton during the day, returning to Abilene, Thursday night.

Mrs. R. J. Earnest is visiting her daughter, Mrs. C. A. Murray of Canyon this week.

Miss Flora Pinkerton is visiting friends and relatives in Haskell.

COUNTY'S VOTE TOTALS 3,476 IN RUN-OFF PRIMARY

With a total of 3476 votes cast in Haskell county, last Saturday's run-off primary failed to attract the interest of as many voters as took part in the July primary.

In the Governor's race, Mrs. Ferguson carried the county by 112 votes over R. S. Sterling. Although a majority for Ferguson was conceded, it was predicted that she would lead her opponent by a much larger total. The vote by precincts for the county is given in the table on this page.

In the state, latest reports show Sterling to be leading Mrs. Ferguson by over 90,000 votes. The total vote in the state exceeded 850,000, divided as follows: Sterling 471,172; Ferguson 378,828.

Other totals were:

Lieutenant-governor: Edgar Witt 423,499; Sterling P. Strong 357,213.

Attorney general: James V. Allred 404,813; R. L. Bobbitt 336,598.

State treasurer: Charley Lockhart 412,700; John E. Davis 343,200.

Commissioner of agriculture: J. E. McDonald 437,426; A. H. King, 306,514.

Railroad commissioner: Pat M. Neff 451,273; W. Gregory Hatcher 330,202.

FOOTBALL ASPIRANTS TO GET EQUIPMENT FRIDAY AFTERNOON

All boys intending to come out for football for the coming year should report to the High School at 2:30 o'clock Friday afternoon, at which time equipment will be issued.

Mesdames J. D. Westbrook, J. C. Davis and Oswald Cole of Rule were in Haskell Friday afternoon as Mrs. Sherrill's guests.

Vote by Precincts in the Run-Off Primary (Returns from Precinct 22 (Rule) are included in Precinct 5 Returns.)

FIREBOYS ALL SET FOR BIG WATER FIGHT HERE TRADES DAY

Members of the local fire department have received the large water ball and other equipment to be used in staging their water fight next Monday (Trades Day) and most of the boys are evidencing a lively interest in the coming contest.

This will be the first contest of its kind ever staged here, and will provide plenty of amusement for all who witness the event. Teams will be chosen from the two companies of the local department, and the lines of how will be laid, and a party of guests invited to the pump.

Keep the date in mind for Trades Day.

Screen Stars Delve Into Culinary Mysteries

OUT in Hollywood they're taking seriously the edict of the producers that girls of the silver screen must eat plenty of energy foods. Including sweets and potatoes, as well as with the new fast pace set by the talkies. Above a group of screen girls are shown in one of the studio kitchens learning from a chef how to make meals delicious as well as energizing.

One Town or Many

Electricity is required at different times for different purposes. This simple fact explains why a widespread electric system, serving many communities over a wide area, can operate more efficiently than small plants each serving a single community. Serving a larger number of people, with a greater variety of demands, the widespread system keeps its facilities working over more hours of the day.

There is another important advantage of the widespread transmission system over the small plant serving a single community. The transmission system can meet increased demands at once. No delay is necessary for increased facilities, as so frequently is the case with the small plant.

Community growth is thus encouraged and hastened.

The West Texas Utilities Company places at the disposal of 116 prosperous cities, towns and communities in West Texas, the "Land of Opportunity", 100,000 horsepower of electrical energy—generated by three Major Generating Stations and 22 Auxiliary Plants, and distributed over a network of more than 2,500 miles of transmission lines.

Notice of Sheriff's Sale

State of Texas, County of Haskell. Notice is hereby given that by virtue of a certain order of sale issued out of the Honorable 48th Judicial District Court of Tarrant County, Texas, on the 8th day of July 1930 by R. E. Neely Clerk of said Court for the total sum of \$11,241.85 and the costs of suit, under a judgment (with foreclosure of lien on the real estate below described) in favor of The Alliance Trust Company Ltd. (without banking privileges) vs. C. M. Kaigler et al. and placed in my hands for service, I, W. T. Sarrels as sheriff of Haskell County, Texas did on the 7th day of July 1930 levy upon certain real estate hereinafter described, the same as described in the foregoing order of sale, the above judgment being foreclosure of lien to the extent of \$3255.75 together with interest and costs on the tract described as first tract and to the extent of \$7985.33 together with interest and costs on the tract described as second tract, the lands being as follows: FIRST TRACT. All that certain lot, tract or parcel of land situated in Haskell County, Texas, a part of the Hell O. Campbell survey No. 110, Abstract No. 92, Cert. No. 701, Patent No. 206, Vol. 16, Block No. 2 meted and bounded as follows: Beginning at a stone in the east line of H. O. Campbell survey, 906 3-10 varas North of the Southeast corner of said Campbell survey. Thence North 906 3-10 varas to a stone for the northeast corner of said Campbell No. 2. Thence West 772 1-2 varas; Thence South 906 3-10 varas to a stone for southwest corner this tract. Thence East 772 1-2 varas to place of beginning containing 124 acres, being the same land conveyed to C. M. Kaigler by R. L. Wade.

SECOND TRACT. Consisting of two lots or parcels of land in Haskell County, Texas, parts of the H. O. Campbell survey No. 110 Cert. 701 Abstract 92 patented to Isham G. Belcher, assignee, by patent 206 Vol. 16 and being Block 4 of said survey containing 146 1-10 acres and Block 13 of said survey, containing 100 acres and being the same land conveyed to C. M. Kaigler by F. G. Alexander et al by deed dated February 21, 1918 recorded in Book 74, page 134 of the deed records of Haskell County, Texas; The above land levied on as the property of the defendants in said suit to wit; C. M. Kaigler, The Miller-Johnson Company, Viola Court Company and Guy E. Mayes; being judgment against C. M. Kaigler and Viola Court Company jointly and severally for the amounts above named and against them and also the other defendants as above named for foreclosure of lien. And I further give notice that on the first Tuesday in August A. D. 1930 the same being the 5th day of said month, at the court house door of Haskell County, Texas, in the city of Haskell Texas, between the hours of ten A. M. and four P. M. by virtue of said levy and said order of sale, I will sell the above real estate described as "first tract" and as "second tract," selling said tracts separately, at public outcry for cash to the highest bidder, as the property of the defendants named. And in compliance with law, I give this notice, by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale in the Haskell Free Press, a newspaper published in Haskell County, Texas. Witness-my hand this 7th day of July A. D. 1930. W. T. Sarrels, Sheriff Haskell County, Texas.

Citation By Publication The State of Texas, To the Sheriff of Any Constable of Haskell County, Greeting: You are hereby commanded to cause to be published for a period of twenty days, exclusive of the day of the first publication and of the return day thereof, in some newspaper regularly published in Haskell County, Texas, a copy of the following notice:

THE STATE OF TEXAS To all persons interested in the Estate of Mattie Cobb, Deceased, O. E. Patterson, Administrator of said Estate, has filed in the County Court of Haskell County, Texas, a final account of said Estate, which will be heard by our said County Court on the third Monday in August, 1930, the same being the 18th day of said month, at the Court House of said County, in the City of Haskell, at which time all persons interested in said Estate may appear and contest said final account, should they desire to do so. Herein Fail not, but have you before said Court on the said return day hereof, this writ, with your return thereon, showing how you have executed the same. Given under my hand and seal of said Court, at office in Haskell, Texas, this the 22nd day of July, A. D. 1930. Jason W. Smith, Clerk, County Court, Haskell Co., Texas. I hereby certify that the above and foregoing is a true and correct copy of the original writ now in my hands. W. T. Sarrels, Sheriff, Haskell County, Texas.

No. 4102 Citation By Publication

The State of Texas,
To the Sheriff or any Constable of Haskell County—Greeting:
You Are Hereby Commanded,
That you summon, by making Publication of this Citation in some newspaper published in the County of Haskell if there be a newspaper published therein, but if not, then in the nearest County to said Haskell County, for four consecutive weeks previous to the return day hereof, Mrs. Middle Eoff whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Haskell at the Court House thereof, in Haskell, Texas on the 22nd. day of September, 1930, then and there to answer a Petition filed in said Court, on the 14th day of August, A. D. 1930, in a suit numbered on the Docket of said Court No. 4102, wherein Realty Trust Company is the plaintiff and D. D. Eoff and wife Mrs. Middle Eoff, F. L. Daugherty, Mrs. J. R. Cooper and husband J. R. Cooper, and W. P. Crouch are the defendants. The nature of the plaintiffs demand being as follows, to-wit:
Plaintiff prays judgment for debt, interest, attorney's fees, foreclosure of lien, costs of suit, etc., alleging that on the 14th day of September, 1928, the City of Haskell, Texas, acting by and through its proper officers issued certificate of special assessment in the sum of \$237.43 to the Tibbetts Construction Company for the pro-rata part of the cost of paving and improving Houston Street, against the Defendant, D. D. Eoff, and his property, described as all that tract, piece, or parcel of land lying and being situated in the City of Haskell, County of Haskell, State of Texas, being Lot No. 3 of Block No. 5 of the J. W. Meadors Addition, fronting 50 feet on the West side of Houston Street, which assessment was payable in six equal installments. That Defendants, D. D. Eoff and his wife Middle Eoff executed their written mechanic's lien contract for said work and agreed to pay to said Tibbetts Construction Company the amount of said assessment in said installments. Prior to the maturity of the second installment said Tibbetts Construction Company transferred and assigned to the Plaintiff said assessment and contract and lien securing the same, and that said Plaintiff has often requested the Defendants to pay same, but Defendants have failed and refused to pay any part of said indebtedness, to Plaintiff's damage in the sum of \$300.00 and further damage in the sum of \$75.00 attorney's fees, which have been incurred.
Herein Fail Not, and have you before said Court, on the said first day of the next term thereof, this

Writ, with your endorsement thereon showing how you have executed the same.

Given under my hand and seal of said Court, at office in Haskell this, the 26th day of August, A. D. 1930.

F. G. Alexander & Sons

Most Goods in Haskell are near pre-war prices

don't hesitate to buy the things you need!

According to the government, a dollar at the clothing stores now has the purchasing power that \$2.19 had at the peak in 1920.

Now is the time when shoes are cheapest. In this last full month of summer the stores go through their stocks and find lines that are overstocked or that are to be discontinued. Prices are marked down to where they would appear ridiculous at other times. On certain sizes which have not sold well prices are cut low enough to be certain the excess is sold. And even on standard style and new autumn stock the price cutting spirit frequently prevails. Offering of Haskell stores are unusually attractive right now. That's especially so since the new tariff may send up prices of shoes later. It's a good time to buy shoes for the whole family.

The present generation of young women have never seen wearing apparel offered at the present low level of prices. For those to whom savings are important, the present is an unusually good time to buy.

Such important items as flour, eggs, sugar and coffee, are almost the cheapest within memory. Other things are down nearly as much. The dollar, as a whole, buys more at the grocery store than at any time in six years.

Buy, not because it will benefit some one else, but because your dollar will buy more than it has since 1913.

SOCIETY and Club

Married.

Mr. Thurman Naron and Miss Easter Murphy surprised their many friends by driving over to Hollis, Oklahoma and getting married, August 18 at 3 p. m. The bride is the daughter of Mr. and Mrs. W. C. Murphy of the Midway community. The groom is the son of Mr. and Mrs. Ed Naron of Byrds, Texas. Mr. and Mrs. Naron will be at home at one half mile west of Midway. We wish them many happy years together. We hope they may prosper, have health and happiness during all of their lives.

Slumber Party.

Mrs. Virlie Morgan of the Sayles community entertained the girls with a slumber party last Tuesday night. All reported a fine time. Games were played and we did not go to bed until a late hour.

Those present were Jewell Her-ring, Hazel Patterson, Nettie Rodgers, Inez Patterson, Jewell Johnson, Anna Lula Bray, Mary Cloe Morgan and hostess, Miss Virlie Morgan.

Turner-Wiseman.

Mr. Archie Wiseman of this city and Miss Bertha Turner of Haskell were married last Friday in Oklahoma, according to announcements which have been received here. The bride is the beautiful and talented daughter of Mr. and Mrs. G. A. Turner of Haskell. The groom is the son of Mr. and Mrs. W. A. Wiseman, and has been a resident of Haskell county for many years. The happy young couple have a host of friends who wish for them a very happy future.

Mrs. Morris U. Lively of Shreveport, La., and her little daughter, Clara Ann, are the guests of Mrs. Lively's parents, Mr. and Mrs. J. T. Therwanger of Weimer. Mrs. Lively will visit with her parents while her husband, Professor Morris U. Lively of the Bible Department of Centenary College, Shreveport, is in New York state attending a conference of teachers of religion. The conference which Professor Lively will attend is given by the Biblical Seminary in New York, and it is held at Silver Bay, N. Y. While at the conference Professor Lively will be the guest of Doctor Wilbert W. White the president of the Biblical Seminary.

Methodist W. M. S.

One of the most interesting meetings of the year for the Methodist Missionary Society was held at the church Monday afternoon of last week.

On entering the women were served punch by Mrs. J. L. Southern and Mrs. Mack Martin members of Mrs. Montgomery's circle. Mrs. E. Gaston Foote gave an inspirational talk on her trip abroad, especially the Passion Play. She also dressed in her native Dutch costume which is very quaint. Mrs. Guy Mays the first vice president directed a short business session and on leaving the following were again served punch. Mesdames B. Cox, Wallace Cox, Bruce W. Bryant, Virgil Reynolds, A. Q. Gentry, J. O. Chitwood, Irene Ballard, C. L. Lewis, H. M. Smith, R. L. Harrison, F. T. Sanders, A. H. Wair, F. G. Alexander, Mart Clifton, W. A. Kimbrough, Ethel Irby, J. L. Southern, Mac Martin, O. E. Patterson, Andrew Shriver, John Wilson and Earl Morgan.

Boys H. D. Club.

The Rose Home Demonstration Club met last Friday with Miss Mary Schetz, with five members and one visitor present. There was no program rendered but just a round table discussion of the fair, ways of making money and preparations for a social. They decided to wait until the President, Mrs. Tom Goode, returns from New Mexico before having their social. The next meeting will be with Mrs. H. G. Scott, Sept. 12th. The program will be about Pictures and Their Relation to the Home. All members are urged to be present. It will not be long until the election of new officers.

Ward H. D. Club.

The Ward Home Demonstration Club met with Mrs. Ernest G. Boone Wednesday afternoon. Mrs. Boone gave a report of her trip to the A. & M. Short Course. Mrs. H. L. Beyer assisted in giving this report. She also a short talk on butter was given.

After the business meeting was adjourned, the hostess was assisted by Mrs. Mary Liles in serving refreshments to the following: Mrs. E. H. Bailey, A. Q. Gentry, J. O. Chitwood, C. L. Lewis, J. L. Southern, O. E. Patterson, Andrew Shriver, John Wilson and Earl Morgan.

Misses Mabel Bailey, Ouida Ray, Peggy Wynell Bosse, Messrs Radley Steve and Raybourn K. Dalton.

Roberts H. D. Club.

The Roberts H. D. Club met on August 14 in the home of Mrs. Jim Stanford at 10 o'clock and made cheese. Mrs. Stanford opened the meeting. There were 35 ladies present. The ladies had good luck with their cheese making and all the ladies enjoyed the day. Lunch was served at the noon hour. —Reporter.

Quilts For Orphan Home.

A number of women from the Church of Christ met at the home of Mrs. M. F. Williams, Monday, for the purpose of quilting some quilts for the Ball's Orphan Home. YOUR HOUSE AND LOT TO BE MEASURED; IT'S FOR A MAP THIS TIME

Haskell people who during recent months have become accustomed to having strange men measure their houses and drive stakes in their front yards for folks to puzzle over, are in for another similar visit during the next few weeks.

George Young, insurance engineer of the Sandborn Map Company, New York, is making a new insurance map of the city. However, he is thoughtful enough to tell the people through the newspapers in advance what he is doing in order to save the usual puzzling of minds.

Mr. Young will take measurements of houses and lots in both the residential and business sections. The map is for the use of insurance underwriters and agents and is the first of its kind to be made of this city since 1921.

CENTER POINT GIRL DIES IN SANITARIUM

Miss Frances Storrs, daughter of Mr. and Mrs. W. C. Storrs of Center Point, age about 16 years, passed away, August 22, in the Stamford Sanitarium, after an illness of 13 days. She underwent an operation for appendicitis and other complications set up. All that human hands and loving care could do, was done but to no avail. God thought best to take her away to a better world, where, she'll know no sorrows or pain. Frances was a sweet girl, with a kind and loving disposition and to know her was to love her. She was laid to rest in Rule cemetery, Saturday afternoon at 4 o'clock. Services were held by Rev. E. Gaston Foote of Haskell. She leaves to mourn her going, her parents, three sisters and four bro-

thers, with many other relatives and friends. The bereaved have the heartfelt sympathy of the entire community.

Dr. Packard To Speak at Christian Church Next Sun.

Among the out of town speakers to appear on the program of the Fifth Sunday meeting to be held at First Christian Church Sunday will be Dr. Paul Henry Packard. Dr. Packard, who is among the nationally prominent and popular evangelists of the Christian Church, became widely known in this section of the country a few months ago when he carried on a Radio Revival for a number of weeks, speaking each day over Radio Station KGKO, of Wichita Falls. During the campaign there he visited Haskell and preached one Sunday to one of the largest audiences this church has witnessed in some time. The many friends and admirers of Dr. Packard will be delighted to know that they will be given another opportunity to hear this outstanding evangelist next Sunday. Dr. Packard will begin a revival meeting in Rule, Texas on Monday evening following the fifth-Sunday meeting here. It was this fact that made possible the visit to the Fifth Sunday Meeting. The former members of the evangelist's Radio audience will be delighted to have the opportunity of seeing and greeting again the man who became so widely popular throughout this section during the Radio revival.

Home Town Thoughts

The man who fails to stand by his own family hasn't much standing in the community, and the person who fails to show loyalty to his home town can not expect much standing in the business world.

Money spent at home helps pay taxes at home.

Business conducted without advertising can be expected to come out about like crops planted without fertilizer.

Making Business Attractive

If you take two lunchrooms or refreshment stands along a leading motor route, and decorate one with a pleasing display of flowers and shrubs, while the other is left plain and unadorned, which one will get the business? Naturally it will go to the decorated one. People will think that a proprietor who takes so much pains to have a pleasing place, will take equal pains with his food.

It is just the same in the appearance of a business center. One that has neat and attractive buildings, kept clean and fresh, and located in a town with trees and well kept grass will get more business. It will go ahead of a plain one where no attention is paid to appearance, and where there is no beauty in the community.

Growing Trade

Some business concerns are constantly growing, while some remain stationary. In many cases the proprietors and employees of the growing and the stationary places are working equally hard, and have equally good experience and judgment. What then makes the difference?

Usually the difference is that one concern is pushed, while the other is not. The people of the growing concern constantly call the attention of the public to their goods, while the people of the stationary business wait for trade to come without being pushed. If people want business to grow, they should get out and push it with advertising.

See America First Plan

The government is working out a plan to bring more foreign tourists to this country, and also persuade more of our own people to travel in our own country and see that before going abroad. The enormous amount spent by our tourists in foreign lands suggests that some of that money should add to American prosperity by being spent at home.

The government plan calls for a new bureau to promote American travel. Many of our marvellous attractions have never been much advertised. They have just as much romance and fascination as the scenes which people cross the wide oceans to visit.

Abraham's Home Discovered

Bible students are much interested in the discovery of American archaeologists in the Holy Land, who have dug up 19 ancient cities once the home of Abraham and Lot in the 20th century before Christ. These excavations verify essential facts in biblical history.

The men who wrote the Old Testament scriptures knew nothing of modern science, and could not write from that point of view. Nevertheless, their record comes much nearer being accurate than any other ancient history. The heroes of those old books have stamped their genius on the history of the world, and will still be inspirers of modern thought when their critics are forgotten.

Who Pays For The Drought

American industry has suffered a heavy loss through the drought which has afflicted many states. While this destruction constitutes a heavy blow, yet adverse things are happening every year. This year's losses may not be any heavier than those from floods, hurricanes, and other disasters of the past.

The damage sounds serious when estimated in dollars or bushels of grain. Yet when compared with the total production of all commodities, it is not so bad. A period

of unemployment where millions of people are out of work would do far more harm.

The farmers of many states suffer serious injury. Yet if a man loses 25 per cent of his crop by reason of lack of rain, but sells the remainder for a price enough higher to make up, he has not suffered. The consuming public stands in the gap and pays for the loss. The farmers have been complaining about hard times due to production of a surplus of commodities which they could not control and could not sell for a price giving them any profit, and often they had to sell at a loss.

Now this surplus of some commodities has been removed from the market by a sudden and swift act of nature. For many farmers that problem is ended. Whether the farmers will get enough higher prices to pay for the crop damage is open to question. Yet many of them may come out better off, because it will require less labor to market the remainder of the crop which they are selling at higher prices.

While the public of some sections may pay higher prices for foods owing to crop scarcities, yet the upward swing in general business which is generally expected as soon as fall weather sets in, should far more than offset the additional burden created by rising food prices.

Drought Relief

While recent rains in the drought affected states have saved many farm areas, yet great amounts of these food products, which had been hopelessly stunted by dry weather, have suffered irreparable damage. It is up to the states and the government to see to it that the sufferers by this calamity do not have to bear the whole burden of the loss.

There are still 300 counties acutely affected by the dry weather. If nothing was done to help them, many of these farmers would be ruined. When people suffer as the result of their own fault, they have to feel the penalty of their mistakes. When nature goes back on all old records, the nation should be generous with its help.

S. J. R. No. 19 Proposing a Constitutional Amendment to be Voted on November 4, 1930.

Be it resolved by the Legislature of the State of Texas: Section 1. That Section 5 of Article 3 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

The Legislature shall meet every two years as such time as may be provided by law and at other times when convened by the Governor. When convened in regular Session, the first thirty days thereof shall be devoted to the introduction of bills and resolutions, acting upon emergency appropriations, passing upon the confirmation of the recess appointees of the Governor and such emergency matters as may be submitted by the Governor in special messages to the Legislature; provided that during the succeeding thirty days of the regular session of the Legislature the various committees of each House shall hold hearings to consider all bills and resolutions and other matters as may be submitted by the Governor; provided further that during the following sixty days the Legislature shall act upon such bills and resolutions as may be then pending and upon such emergency matters as may be submitted by the Governor in special messages to the Legislature; provided however, either House may otherwise determine its order of business by an affirmative vote of four-fifths of its membership.

Sec. 2. That Section 24 of Article 3 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

Members of the Legislature shall receive from the public Treasury a per diem of not exceeding \$10.00 per day for the first 120 days of each session and after that not exceeding \$5.00 per day for the remainder of the session.

In addition to the per diem the members of each House shall be entitled to mileage in going to and returning from the seat of government, which mileage shall not exceed \$2.50 for every 25 miles, the distance to be computed by the nearest and most direct route of travel, from a table of distances prepared by the Comptroller to each county seat now or hereafter to be established; no member to be entitled to mileage for any extra session that may be called within one day after the adjournment of a regular or called session.

Sec. 3. The foregoing constitutional amendment shall be submitted to the electors of this state qualified to vote on constitutional amendments at an election to be held throughout the State on the first Tuesday after the first Monday in November, A. D. 1930. (A correct copy.)

WHEN THE CONOCO MAN ASKS "ETHYL?" say Yes! and you'll say it again . . .

THE next time you drive into a CONOCO station, the man at the pump will ask you a one-word question. "Ethyl?", will be his query.

And in justice to yourself and the car you drive, we urge you to answer, "Yes!"

For Ethyl, added to CONOCO, the gasoline we're proud of, is like seasoning added to food. As seasoning brings out taste and deliciousness, so Ethyl brings out the qualities which have made CONOCO Gasoline famous.

Ethyl stops the knock that makes the foot secret from the accelerator when you would rather "bear down" harder. Ethyl stops the knock that forces you to shift gears on hills. Ethyl stops the knock that embarrasses you when you let in the clutch in traffic.

So when the CONOCO salesman asks, "Ethyl?" . . . Say, "Yes!" . . . and you'll say it again.

When A CLEANSING MEDICINE Is Needed

"I HAVE taken Black-Draught all my life, whenever in need of a medicine for constipation," says Mrs. G. C. Burns, of Buna, Texas. "My mother and father used it in their home for years, and I was raised to think of it as the first thing if I had a headache or was constipated."

"At one time I had indigestion real bad. I was all out of sorts; my skin was sallow, and I had gas pains. After a course of Black-Draught, I got all right. I have given Black-Draught to my children, whenever they needed a medicine of the kind."

His plan is to bring a company to discontinue price cutting, and results of Mr. Flatt's plan will be on to American retailers upon his return Aug. 25.

Now Is Best Time To Plant Fall Gardens

Everyone with available space should plant a fall garden. Since the recent rains sufficient moisture is in the ground for planting. The atmosphere is cool enough now to insure quick growth and early maturity.

The trouble with most of us is that we are afraid certain garden crops will not mature before frost. Practically all of the vegetables

planted in the spring can be planted now without great danger of their being killed. Peas, beans, turnips, radishes, lettuce, carrots and others should make.

Everywhere we hear the story of hard times. If we would all plant a garden and live at home as much as possible, we would forget to a great extent at least the so often talked of story of "Hard Times."

Mr. and Mrs. George Wimbish have returned from their summer vacation to resume their school work.

BONEHEADS HAVE BEST ATTENDANCE SUMMER MONTHS

The Bonehead Club held their regular weekly meeting Tuesday of this week, with the best attendance yet reported for the summer months, and one of the most enjoyable meetings of the year. An excellent program was furnished by Messrs Westmoreland and Orr, who gave several old-time selections on violin and guitar. To climax their program, an exhibition of jig dancing staged by a local colored boy brought hearty applause from the members.

Two guests were present for the meeting, Coach Bill Richey of the Haskell Indians, and Manager Campe of the Fair Association. Mr. Richey briefly discussed the outlook for the Indians this year, and was assured the hearty support of the Boneheads in encouraging a winning team for the coming season. Mr. Campe in a short talk mentioned a few of the plans already worked out for the coming Fair, in which the Boneheads to a man are actively interested.

A booster trip advertising the Fair will be staged by both the Boneheads and the Lions Club of this city, each Club making a one-day trip to surrounding towns, and this event was discussed at Tuesday's meeting, those in charge promising a number of novel features for the occasion.

Messrs. Atkinson and Williams, captain and manager of the Boneheads Polo Team which will be seen in action for the first time during the Fair, report much preliminary work being done by themselves and a select list of players in preparation for the games, and every member of the team will be placed on a strict training schedule soon, according to Mr. Atkinson.

Reports from those having the Trades Day in charge indicate that Monday's affair will be one of the best yet staged, with a number of special features added to amuse the large crowds expected.

Mrs. Soule Elliott and daughter, Ruby Elliott have returned to their home in Dallas after a few days visit with her sisters, Mrs. Joe E. Pace and Mrs. J. A. Frazier.

Anson Lions Club Accept Challenge For Polo Game

The Anson Lions Club accepted a challenge of the Haskell Lions to a game of Burro Polo to be played in front of the Grandstand during the Fair, the winner of which will play the Munday Lions Club and the winner of this contest will play on Saturday October 18th, the local Bonehead Club for the International Burro Polo championship and the beautiful engraved cup. The mounts are all being groomed for this occasion and are in training daily. Any player importing his own mount must sign an agreement before the animal is brought within the city limits that he will take it out of the city limits after the matches.

Mr. T. C. Cahill will soon have out the rules and regulations that are to govern the game.

PROMISING OUTLOOK FOR POULTRY DEPT. AT COMING FAIR

An indication that the poultry department of the Haskell County Fair will be of the highest type and offers this section of West Texas an exhibit seldom seen is shown in the announcement of W. P. Trice, Director, that competition is open to the world. With the variety of classes in which premiums are offered there is every evidence, it is said, that the department will stand out as one of the big features of the Fair.

The Revised American Standard of Perfection is to be the guide of the judge in rendering the awards on all standard breeds and varieties and all specimens will be judged according to comparison.

There is one feature that should please the exhibitors. It is that the Association will be pleased to undertake the sale of birds for exhibitors free of charge. To facilitate and assist this project it is essential that the selling price of every bird be stated as it is entered.

There must be three or more entries of each variety in each class to receive first money and ribbon, two entries to receive second money and ribbon and if there be only one entry it will receive first honor and third money. In no case, however, will a premium be awarded unless the specimen is worthy. Handsome silk badges are to be given for each of the best cocks, hens, cockrels, pullets, turkey toms and turkey hens.

Former Haskell County Citizen Dies In Ft. Worth

Funeral services for T. A. Mays, an early settler of Haskell county, who died Tuesday night in Fort Worth, will be held at Rule today (Thursday) where Mr. Mays lived for several years.

The deceased is well known among early residents of this section, having moved to Haskell county and located near Jud in the early 90's, where he was engaged in farming for many years. During his long residence in this county he was actively identified with the development and upbuilding of this section, active in church and community affairs.

Mr. Mays moved from his farm to Rule about 1906, where he made his home for several years, later moving to Fort Worth where he has resided until his death. He is survived by two sons, Chas. Mays of Munday, Howard Mays of Crosbyton; Mrs. Hugh Porter of Lubbock; Miss Mattie Mays of Fort Worth.

HASKELL GIRLS RECEIVE CERTIFICATES

Patsy and Ella D. Koonce of Haskell was among the 113 students who received degrees, certificates and diplomas at the summer quarter commencement held at the Sul Ross State Teachers College, Saturday, August 23. Miss Patsy Koonce was awarded the 6-year high school certificate, and Ella D. Koonce was awarded the permanent elementary certificate.

Twenty-eight received bachelors degrees and the balance awarded diplomas and certificates allowing them to teach in the public schools of Texas.

This summer graduating class is the largest in the history of the college. Each year the classes have grown larger.

A. H. Hughey, superintendent of schools at El Paso, delivered the commencement address.

Rev. E. Gaston Foote and Gilly Mulkey transacted business in Plainview last week.

Mrs. W. E. Lowe, who has been visiting her daughter, Mrs. French Robertson, has returned to her home in De Leon.

NEW ELECTRIC RATE SCHEDULE IS ANNOUNCED

A new system of domestic rates, measuring all service through one meter and affecting a 20 per cent reduction on the second and third lights, has been announced from the General office of the West Texas Utilities Company at Abilene. The new rate schedule is effective on current billings.

With the object of encouraging greater use of electric service, the new rate schedule allows a premium to those domestic customers taking fuller advantage of the conveniences of electric service.

The new schedule makes it possible to use all household appliances including electric refrigerators and ranges on a one-meter service. The company has been working the last two years adjusting its rate schedules through the properties so as to be able to perfect a plan allowing one-meter service and at the same time have a rate with a strong incentive for a customer to use several times as much service as under the old rate without materially increasing his total bill.

This is in line with long-established policies of the West Texas Utilities Company to lower rates as economies and increased business will permit.

It was pointed out that "costs are established by the customer's acts: by the amount of electricity he elects to use; by the time and place at which he chooses to use it, and by the duration of his use. The consuming habits of the company's patrons—and principally those patrons who comprise the domestic market—really control the cost of providing electric service."

The Company plans to release, through the local newspapers in the towns served, a series of educational advertisements explaining the new rate schedule and enlarging upon the economical conveniences of increased electric service.
