FORTY-SEVENTH YEAR

FRED FRAME WINS 500 MILE EVENT AT INDIANAPOLIS

Fred Frame, the winner of the 500 mile Indianapolis Speedway race on Monday, has raced several times on the track of the Haskell County Fair Association here. His first appearance was during the Fair in 1926, where he won one of the largest purses. He was one of the favorites among Haskell county racing fans.

Frame is 37 years old with 10 years of racing experience. He smashed all existing records for the 500 mile race when he bounced his little racer over the finishing line. He covered the 500 miles in 40:03.79 to average 104.144 miles an hour, breaking the former record of 101.13 established by Peter DePaolo in winning the 1928 classic.

By his triumphs, Frame finds himself in a position to cash in about \$25,000. He received \$20,000 as first prize and will pick up other thousands racing this season as the winner of the motor classic always is a major attraction on the dirt courses of the nation.

Frame was a dangerous threat every inch of the way and never was worse than tenth at any time. He took the lead on the last 100 miles, snatching it away from Wilcox Shaw, Indianapolis, who was forced to stop at the pits for supplies and had trouble starting again, losing nine minutes before he could get back on the track.

In the last 100 miles, Frame and Wilcox staged a daring duel of driving skill, at one time only eight seconds separated them. As they swung into the 400 miles, Frame was a lap ahead of Wilcox, with Berge holding down third place. Hall was fourth, two laps behind Frame, and Shaw had dropped back to fifth place, five laps in the rear and then a few seconds later dropped out of the race because of a broken axle.

The position at 450 miles was the same with Frame leading Wilcox, Berge third and Hall fourth.

Frame, driving carefully and not taking chances, began to slow down in speed in the last five miles, falling along at less than 100 miles per hour. Frame kept plugging ahead, maintaining a lead of a mile, while the frantic Wilcox stepped on the gas in an effort to overtake him but Frame kept the youthful Wilcox in the background while he sailed on to victory.

Services Will Be Held at Church of Christ Sunday

Elder Elmer Walker of Stamford will fill the pulpit at the Church of Christ Sunday morning and evening. The subject Sunday morning will be "How God Speaks to Man." Sunday evening, "God's Plan Designed." The public is invited to attend both services.

PLANS MAPPED FOR STATE LEGION MEET AT CORPUS CHRISTI

D. C. Bradley, Commander of the local Press Rogers Post of the American Legion, is in receipt of information from the headquarters for the 14th annual State convention of the American Legion of Texas, to be held in Corpus Christi on Aug. 1, 2 and 3rd, that State Commander V. Earl Earp of Sweetwater, after a conference in Corpus Christi this past week, has stated that plans for the convention have been unusually mapped out and are progressing in a most satisfactory manner.

With the business sessions to be held in a huge pavilion built over the water in the heart of the north beach playground, and one of the city's first class hotels located just across the beach from the pavilion, affording committee room facilities near the convention hall, Commander Earp states it affords one of the most comfortable and unique convention halls he has seen in Texas.

"It is my opinion," stated Adjutant Whitaker, "that the Corpus Christi convention will be one of the largest attended we have ever had; because of the opportunity Corpus Christi offers the summer visitor to take advantage of an economical vacation in the many splendid tourist camps and hotels, it is my belief many of the delegates to the convention will bring their families for the pleasures of swimming, fishing, boat riding, etc., while they attend the convention sessions. The Corpus Christi boys are working enthusiastically on their convention plans and have the wholehearted support of their business leaders."

OLD FIDDLERS TO STAGE CONTEST AT STAMFORD REUNION

The old fiddlers' contest, one of the popular features of the Texas Cowboy Reunion at Stamford each year, promises to have a larger entry list and keener competition than ever during the third annual Reunion which will be held in Stamford July 4, 5 and 6. The fiddlers' contest will be held one day only, Tuesday July 5, the second day of the Reunion, beginning at 9 a. m.

Cash prizes totalling \$30 will be awarded. No entry fee will be charged and spectators will be admitted free to the City Auditorium, where the contest will be held. H. F. Jackson is chairman of the committee in charge of this feature of the Reunion.

Only fiddlers fifty years of age or over, are eligible for the contest. Each fiddler will be limited to two break-down tunes of his own selection. He may play alone or choose his own second. Five judges will decide the winners of the following prizes: First prize, \$15; second, \$10; third, \$5.00.

Quilt Show in Grimes Building

The Ruth Bible Class of the Baptist Church is giving a quilt show Saturday, June 4. There has been a large number of quilts and pieces of hand work secured for the show. There are handmade, home-spun bedspreads, besides other various antiques. We are anxious to have an interesting quilt show with the latest, newest, and most attractive quilts in Haskell. Those who have quilts, bedspreads or any other kind of hand-work or antiques are especially invited to bring them Friday to the Grimes building. Everybody is invited to come and see our display.

There will be cakes, pies, and candy for sale.

The admission will be a small fee of five cents.

DR. L. J. SHERRILL DELIVERS SERMON AT A & M COLLEGE

Dr. Lewis J. Sherrill, dean of the Louisville Theological Seminary, Louisville, Ky., who is a son of Mr. and Mrs. R. E. Sherrill of this city, delivered the baccalaureate sermon that marked the formal opening Sunday morning of the fifty-sixth annual commencement program at Texas A. & M. College.

The coming week, known as Senior Week, will be marked by a number of events, culminating in the presentation of diplomas Saturday, June 4, to a class of 378 graduates. President E. O. Lovett of Rice Institute, Houston, will deliver the commencement address.

RED AND WHITE STORES TO HOLD PICNIC JULY 20

Representatives of the Red and White Stores held a meeting in Abilene the first of the week to formulate plans for their annual picnic which will be held at Buffalo Gap on July 20th.

The picnic will be held on the Presbyterian encampment grounds. The affair is to be an old fashioned "basket picnic" and each guest is to bring a basket lunch. Customers of the Red and White Stores will be asked to join the employees in the outing.

Stores served by the supply houses at Stamford, Sweetwater, Big Spring, San Angelo, Coleman, Snyder, Spur and Abilene will join in the meeting.

W. A. Holt of this city attended the meeting at Abilene.

Thurman Melton Receives Degree from Simmons U.

Among the ninety-three graduates who will receive their diplomas from Simmons University June 2, is Thurman Melton, son of Mrs. H. E. Melton of the Sayles community. Thurman is getting his B. A. degree in Chemistry. During his senior year he was the assistant chemistry teacher. In this capacity he worked with Professor Rant, the city chemist; some of his duties being the testing of city water, gas, gasoline, milk and ice cream.

His excellent work in science earned him a recommendation of the University of Akron, Ohio, Scholarship, he being the only 1932 Simmons university applicant. He was vice president of the Science Club, and a member of the Business Administration club.

He won a letter "S" in tennis and a place on the Simmons tennis team. He also won the singles championship.

Jno. E. Robertson and Family Move to Houston, Texas

Jno. E. Robertson and family left Wednesday for Houston where they will make their future home. They were accompanied by Mrs. W. E. Robertson and little daughter, Betty, who had been visiting here.

Mr. Robertson has been identified with the business interests of Haskell for several years and he will be missed among the business circle of the city. His friends here wish him success in his new location.

CYCLONE DAVIS WILL SPEAK HERE TUESDAY JUNE 7

Cyclone Davis, who has been on the political firing line in Texas for the past 50 years and is now a candidate for Congressman-at-large, will speak at the courthouse here on Tuesday evening June 7th at 8 o'clock in the interest of his candidacy.

He is a politician of the old school and a fluent speaker and will entertain those who will come out to hear him.

4-H CLUB GIRLS IMPROVE BEDROOMS AT SMALL COST

Papered walls and closets for each of the ten bed rooms belonging to thirteen 4-H club girls of the Lake Creek community, Haskell county, will cost the owners 10c for tacks except where larger rooms are being done over and will require more tacks.

With the aid of the local sponsor, Mrs. Hazel Weaver, principal of the Lake Creek school, three rooms were papered by club members working together. Floral paper was used for one room, ceiling paper for one and the wrong side of mixed patterns used for one bed room.

"Old materials, cotton sacks and gunny sacks were used to cover cracks and for canvas and paste was made from flour which was infested with weevils. Enough paper can be secured locally for other bed rooms which need papering and closets are to be built out of waste card board from printing offices," said Mrs. Weaver.

Woodrow Adcock Will Fill Appointment at Howard

In the absence of Rev. Edgar A. Irvine, pastor of the Morris Chapel Methodist Church of Howard community, Woodrow Adcock will fill the pulpit at the 11 o'clock hour Sunday morning June 6. He will talk on the subject "Why Read the Bible." The public in general is cordially invited to attend this service.

NEW ICE COMPANY TO OPEN STATION HERE SATURDAY

The Haskell Ice Company have completed their new drive-in ice station one block north of the square on Highway 30, and just north of the Bert Welsh garage, and will open for business Saturday.

Bert Welsh, local business man, will have charge of the new firm's business here and they will handle the well known Banner Ice Company products.

They expect to begin delivery service Saturday. The station is conveniently located to serve the rural trade of this section and they expect to make a serious bid for patronage.

HASKELL GIRL RECEIVES DEGREE BAYLOR UNIVERSITY

Mary Couch, of Haskell, is one of the 232 candidates to receive degrees from Baylor University on Wednesday June 1. Miss Couch, who majored in English and minored in French and education, will receive the degree of Bachelor of Arts. She is a member of Peta Pi Theta, honorary French fraternity, Alpha Omega, and the 1932 Round Up staff, and has been prominent in her class affairs.

The baccalaureate address was delivered to the graduating class Wednesday morning, by Kirby Page, native Texan, who is now a resident of New York City, editor of "The World Tomorrow," and an internationally recognized authority on religious, social and economic problems.

Dennis P. Ratliff Named Receiver for Insurance Firm

According to press dispatches from Austin, D. P. Ratliff of this city was named Friday, as receiver for the Central West Texas Insurance Association of Stamford, by District Judge W. F. Robertson.

A petition, filed in 129th district court by the state attorney general's department, claimed a deficit had been found in the company's mortuary fund. Judge Robertson granted the state a temporary injunction restraining Dr. N. H. Bickley and E. D. Jefferson, as individual defendants, from merging the membership of the association with any other company. The company is a local Mutual Aid association.

L. L. Nichols, a prominent farmer of west of town has purchased a new McCormick-Deering combine from Jones, Cox & Company, local dealers.

A cordial invitation is extended to the public to be present. Bible School at 9:45 a. m., followed by the program and the Lord's Supper.

HOW TO COMBAT GRAPE LEAF HOPPER

How to combat the grape leaf hopper, pest to grape culture in West Texas, is given below by Prof. C. E. Russell, head of the horticulture department in Texas Technological College.

"The growing of grapes in this section is made more difficult by the attacks of an insect called the grape leaf-hopper. This insect is present on the vines every year. The injury is most noticeable in August, and at that time of the year most of the injury is done, and are easily seen, but cannot be controlled.

"This is the time to spray because the nymphs are easily killed as compared with the killing of the adults. Two sprays should be put on at this time: the first one immediately, the second in about a week or ten days. The same materials are used for both. To make these sprays it is recommended that one pint of nicotine sulphate be mixed with 100 gallons of water in which 2 pounds of soap have been dissolved. For those who have only a few vines and need less material the amounts would be one teaspoonful of nicotine sulphate in one gallon of water, in which a cubic inch of soap has been dissolved. Nicotine sulphate is sold under various trade names, any of which is satisfactory, and can be purchased at most drug stores.

"Thoroughness of spraying is very important. The spraying should be done during the middle of a warm day. Care should be taken to direct the spray upward so as to hit the insects that are on the undersides of the leaves. The insect must be hit in order to kill it. All of the leaves should be sprayed and particularly those leaves that are older and nearer the ground."

HASKELL GIN CO. FILES PETITION IN BANKRUPTCY

A voluntary petition in bankruptcy has been filed in the United States District Court at Abilene by the Farmers Gin Company of this city. Accompanying schedules give liabilities as \$22,981.81 and assets of \$20,400.00, mostly real estate.

The petition was filed by Stinson, Hair, Brooks & Duke of Abilene as attorneys for the company. The Farmers Gin Company is one of the oldest gin companies in Haskell.

PLANS COMPLETE FOR LEGION MEET AT THROCKMORTON

Great preparations are being made by the local Legionaires and Auxiliary members for the thirteenth District Convention which will be held in Throckmorton on June 4-5. The territory in which this Convention operates covers the thirteenth Congressional District of Texas. It embraces thirteen counties. There are seventeen Legion Posts in the District, and several thousand Legionaires. These Conventions, besides being occasions of good fellowship among the Legionaires and their friends, are the clearing houses for the business of the District.

A committee is now canvassing the city for homes for the visitors and delegates who will be in attendance at this Convention over Saturday night. A Central District Convention Committee was appointed some time ago, which has about perfected plans for the Convention. Sub-committees are now busy consummating these plans. Before the "zero hour" arrives for the Convention the fatted calf will have been killed, and all things will have been made ready for the great feast.

Luncheon will be served all delegates and visitors, from the city of Throckmorton as well as those from out of town, Sunday at noon in the banquet room of the Methodist Church. Honorable J. H. (Cyclone) Davis will deliver an address in the main auditorium of the Methodist church at 11 o'clock Sunday morning.—Throckmorton Tribune.

FOOD PLANNING BUDGET HELPFUL TO FARM WOMAN

"Yes, I plan to make another food preservation budget this year," said Mrs. H. D. Gammill, home demonstration club woman in response to a question asked by the home agent of Haskell county, Eileen Partlow.

"Since early last year we have bought only flour, sugar, coffee and salt and instead of money eggs were used to pay for these staples. We have had a year round garden with Swiss Chard, turnips and greens, and winter onions growing in the garden all winter. My husband planted corn successively from July to September in a lake bottom in which cotton would not grow. We had fresh corn until October and a good number of cans of corn left in my cellar. There are 24 varieties of vegetables growing in my garden now besides garden fruits, dewberries and strawberries. I always make plenty of tomatoes. We have beans, peas, and corn planted in the field now. My budget last year consisted of more than 400 quarts of food and I intend carrying more this year."

Mrs. Gammill is a member of the New Mid Home Demonstration Club and lives 4 miles southwest of Rochester.

CASH MEAT MARKET OPENS AT STEPHENS

The Cash Meat Market opened last Saturday in the R. D. C. Stephens grocery on the north side of the square. Through an error last week the Free Press stated that the new market would open in the Fields Grocery on the west side.

The new market is in charge of H. W. Clanton. Look over their specials in their advertisement this week.

Remarkable Rug

Since feet must walk on something, a famous artist and bride-to-be of New York—to whom money means nothing—designed the most marvelous Persian altar rug made entirely of real flowers to be used during the bride's wedding ceremony. A perfect design was worked out in the Persian colors and so perfectly they blended that their realism would have been unbelievable save for their exotic color.

First American Cent

The American cent was proposed in 1782 by Robert Morris, the great financier of the Revolution, and was named by Jefferson two years later, wrote David A. Wells in "Things Not Generally Known." It began to make its appearance from the mint in 1792. It bore then the head of Washington on one side and a chain of thirteen links on the other.—Kansas City Times.

Oxen in Defense Circle

When danger threatens a herd of milk-oxen the adults form a close circle with the calves and young of the herd in the center. The older animals stand facing the outer edge of the circle with their lowered horns hung close together at just the proper height for an effective charge should a wolf or other predator try to break through their ranks.

Well, That's a Thought

An egotist is a fellow who thinks he's seeing himself as "others" see him when he goes into a mirror.

Probably Legend

The William Tell story is founded on a ballad which was certainly written before 1474. It seems that a mythological marksman and a ballist bearing the name of the real family had been distorted and helplessly confused with distorted reminiscences of events from 1245 to 1247. In the stories of this period the names of many persons had been inserted and many unauthenticated acts had been attributed to them.

Europe in America

England's possessions on this side of the Atlantic embrace the mainland colonies of British Guiana in South America and about 400 islands, an area of about 110,000 square miles in all. France has French Guiana, the Guadalupe islands, Martinique, St. Pierre and Miquelon and a number of smaller islands, her total area being approximately 33,000 square miles.

Dog's Service to Man

Such fidelity of dogs in protecting what is committed to their charge, such affectionate attachment to their masters, such jealousy of strangers, such incredible acuteness of nose in following a track, such keenness in hunting—what else do they evince but that these animals were created for the use of man?—Cleora.

Bus Makes Summer House

By adding a porch to a double-decker motor bus a German family transformed the vehicle into a home that serves very nicely so long as Berlin's temperature does not fall too near the frost mark. The "two-story" home is large enough for three or four persons, and it also has numerous windows.

NEWS FROM OVER WEST TEXAS

Mrs. Brummett Drowned Near Albany.

The remains of Mrs. J. H. Brummett, aged 54, of the Rock Hill community, was found Sunday in a tank near her home. Uncle Bill Manning held an inquest and the testimony indicates that she wandered from her home during the night before unbeknowningly to her family and the tragedy occurred between that time and daylight. Uncle Bill rendered a verdict of suicide.

Alfalfa in Baylor County.

Few farmers realize the true value of alfalfa in Baylor county. Those that do realize the real worth of alfalfa are skeptical of its doing well here. There are 15 acres now growing in this county. R. F. and J. J. Sumner had faith enough last March to sow two measured acres to alfalfa, dising and harrowing in 75 pounds to the acre on cotton land. Weeds came along with the alfalfa, but by cutting down most of the weeds last summer and letting the alfalfa choke the balance of them out, the Sumners boys this week cut 118 bales, averaging 65 pounds to the bale, for a total of 7670 pounds on two acres. In tons this figures 383 tons, or 1.9 ton per acre, dry weight. Alfalfa is quoted at \$15.00 per ton in Wichita. At this rate the Sumners boys have \$87.45. The labor was \$1.50, wire \$1.25 and rent of baler \$2.35, a total of \$5.10 expenses, leaving a net of \$49.35, on the two acres. If the alfalfa will live only through two years this beats most of our other crops.

Owner of a badly worn racing car: "You'd be surprised at the speed of this car. How much do you think I got out of it?" Sarcastic Friend: "About every other block."

Tax Valuations Knox County Reduced Almost Million.

The commissioners court of Knox county was in session the first of the week in its capacity as equalization board for the county, and we are informed by Commissioner D. C. Osborne that the property values of the county will be reduced approximately a million dollars at this meeting, and the reduction in valuation, which was divided as nearly as possible on an equitable basis, will automatically bring about a reduction of approximately \$200 per year in the salaries of the members of the commissioner's court, according to Judge Osborne's statement.

Perfectly Good Mule Drowns on Sand Last Week.

A "Believe It or Not" tale of a mule drowning on a sandy farm was related here today by Gsady Price, Wilbarger county deputy sheriff and brother of Claude Price on whose farm the incident occurred last week. Claude Price was farming on the old W. P. Banta place, 17 miles southwest of Vernon, at the time of the occurrence, late last week. He was planting cotton with six mules to a two-row lister when the mules started bogging in a stretch of sand. The plot had just been planted and Price was circling the mules over the place when five of the mules sank in the supposedly dry sand. The mules piled up in the sand and before Price could release them from the harness, water three feet in depth had risen thru the sand. When the mules were finally extricated, the one at the bottom of the head had been drowned by the sudden rising of the water. The water is still standing in the place where only dry sand was in evidence before the mules bogged.

Lake Anson Gets Much Water from Very Heavy Rains.

Rain, glorious rain, fell in wonderful quantities here Tuesday, measuring 2.28 inches, adding six feet or more to the city lake which now has more water than at any time in its history save one, according to Wheeler Gray, who has charge of the water system. The water surface now indicates twelve feet above the intake, and at that the water lacks a great deal being to the spill way.

Leadership Was Lacking.

I am not a pacifist. Until enlightened understanding points us to the council table of peace rather than to the battlefield, there will be a need for armies and navies. But let us not say that we choose the latter course in ignorance of the tremendous costs of the game. Rather let us admit generally the fact of courageous leadership which dares to align itself with the right at the risk of being unpopular.

Human Angle of Problem.

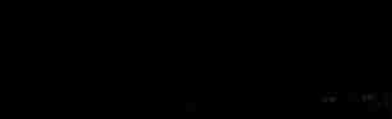

In speaking more particularly of the character of responsible leadership in America, I am assuming that human conduct has differed little in most countries of the world. It is my purpose to talk about the human side of the problem.

Melvin A. Traylor, of Chicago Cites Human Failure in World War Crisis

"New Era" Theory a Myth.

Speaking before the International Chamber of Commerce at Washington, Melvin A. Traylor, President of the First National Bank of Chicago, said in part:

Melvin Traylor

Howard.

The health of this community is very good at this writing. The singing Sunday night was well attended. Mr. and Mrs. Bill Earles of Douglas visited Mr. and Mrs. Jack Medford Sunday.

HE CALLED HIMSELF TO ORDER.

The Wichita Falls Times, digging around in the factual debris of last week's democratic conventions, brought to light a curious circumstance, or incident. Two of them, in fact. In one precinct a lone democrat showed up. Undismayed, the solitary upholder of democracy's rights proceeded to call himself to order, elected himself chairman of the meeting, instructed himself for John Garner, and wound up by naming himself delegate to the county convention.

Lack of Courageous Leadership One Cause of World Depression.

"New Era" Theory a Myth.

Reams have been written, countless addresses have been made, and more will follow in the search for the genesis of the present world depression; and, likewise, recovery will come and the crisis be only a memory without there having been found a universally accepted cause or a unanimous agreement on methods for the prevention of future defaults.

Lack of Courageous Leadership One Cause of World Depression.

But I cannot escape the conclusion that the dawn of the present situation broke over the world in July, 1914, and it came not from ignorance of the ultimate results of the economic factors, but because of a complete breakdown of world political sanity.

Lack of Courageous Leadership One Cause of World Depression.

There was no lack of knowledge of the consequences, but rather of courage to face the facts, to throttle national pride, and to demand common counsel in an honest search for a basis of peace. Such a search might have failed, but unfortunately, history does not indicate that it was honestly made.

Lack of Courageous Leadership One Cause of World Depression.

In that obligation we have failed, and until we know wherein we have failed and why, we will not have found that stability which is the universal desire of mankind today.

Lack of Courageous Leadership One Cause of World Depression.

Mr. Ripley's well-known cartoon, but later developments placed a pall of insignificance over it. In another precinct, it was found, a lone democrat showed up and went through all the formalities followed by the other. In addition to electing himself chairman, this stickler for the rules likewise nominated and elected himself secretary of the meeting. After listening to himself instruct himself for John Garner, the one-man convention, determined to go the whole hog or none, then proceeded to make a speech. As the convention key-

noter he made his speech, and as convention secretary, moved as chairman to adjourn the meeting, seconded the motion as secretary, put the question as chairman, voted at chairman and secretary, and declared the motion carried.

Lack of Courageous Leadership One Cause of World Depression.

Then presumably, this ingenious democrat went out and bought himself a campaign cigar, shook hands with himself, and called it a day—Woodson Record.

A man crossing the street was struck by a dog and fell. As he was getting up, he was struck by an ancient car and fell again. An onlooker inquired if he was hurt and he replied: "The dog didn't do me any harm but the tin can that was tied to his tail nearly killed me."

THE WORLD expects the best from Firestone in tires.

Race drivers know Firestone Tires are the safest and best—for thirteen consecutive years all the winning drivers at the Indianapolis 500-Mile International Sweepstakes Race have driven their cars to victory on Firestone Tires.

Why should you or your family take unnecessary chances by using anything but the safest and best tires that experience and skill can build?

The great organization Mr. Firestone has built—every employee a stockholder—takes a greater interest in building the best tires that can be made because they know that every tire bears the name "Firestone", which is a guarantee of superior quality and workmanship.

Firestone patented construction features with the Extra Values of Gum-Dipping and Two Extra Gum-Dipped Cord Plies Under the Tread and other exclusive Firestone features, make Firestone Tires outstanding in all the grades, at unbelievably low prices.

Drive in today and compare sections cut from Firestone Tires and others. See for yourself the Extra Values you get in these safest tires, at prices lower than they have ever been before.

These Extra Values in Firestone Tires cost you no more than ordinary tires.

COST OF GOVERNMENT

Here are some of the figures which show the staggering cost of government in this country and the rapid and recent growth which accounts in a large measure for the present deficit.

In 1911 the Department of Agriculture cost \$268,000,000 and in 1931 it cost \$294,850,000 a 10% increase. In the same period the country's agricultural business expanded by only about one-third.

The cost of the government's independent offices jumped from \$16,000,000 in 1911 to \$2,200,000,000 in 1931—an increase of more than one hundred percent.

The Department of Commerce quadrupled its budget in that time, going from \$12,200,000 to \$51,400,000.

The cost of the Department of Interior nearly doubled, increasing from \$60,000,000 to \$117,000,000.

There was almost a tenfold increase in the Department of Justice, whose expenditures rose from \$10,000,000 in 1911 to \$94,500,000 in 1931.

The cost of the Department of Labor in 1931 was \$120,000,000, a 100% increase over 1911.

The Navy Department's expenses jumped from \$12,700,000 in 1911 to \$500,000,000.

What was the War Department's record? A small profit in 1911, it had a deficit of \$24,200,000 in 1931.

The cost of the State Department increased from \$10,000,000 in 1911 to \$100,000,000.

The budget of the Treasury Department increased from \$12,000,000 in 1911 to \$1,040,000,000 in 1931—another increase which is a little hard to believe.

In the War Department's budget went from \$17,000,000 in 1911 to \$400,000,000.

The cost of maintaining the Federal Reserve System in 1931 was \$100,000,000, a 100% increase over 1911.

In the light of these staggering increases it is not wonder that there is a large deficit. What has happened cannot be met by a reasonable tax rate. It is time to turn our backs and bring a new order to the country.

JOBS—THE SUPREME NEED

A feeling of entrapment grips the country as a result of the absence of new credit to assist banks, railroads and other fundamental organizations in the nation's affairs. Not only has the tax not increased production of required jobs, it has done some jobs are about forth-coming, hope is the reconstruction agencies which will turn to dis-employment.

Prosperity depends primarily upon trade of home and abroad. For foreign trade has been practically ruined by the tariff-reduction tariff, and President Hoover has made impossible the maintenance of our last foreign trade by the action in signing a bill providing for negotiations with our foreign customers for reciprocal arrangements to reopen the markets. There can be no revival of home trade, so vital to the mar-chants as long as \$900,000,000 are out of work, starving, as it is. \$2,000,000,000 men, women and children who no longer have the money will spend it too.

There is not going to be a renaissance of prosperity in this country until something is done to revive trade through the restoration of purchasing power, and the restoration of purchasing power depends upon jobs for the vast army of unemployed. There will not get jobs until there is a demand for manufactured goods and there will be no in-creased demand on the factory until there is an increased demand of the stores, and there will be no increased demand on the stores until jobs are got to work and earn money.

To all that he sees that no real solution for recovery will come until the Federal government, in its great emergency measure such as putting hundreds and thousands back to work, and thousands of them are no demands for their products it is not expected that the stimulus will get them back to work. It is therefore up to the Federal govern-ment to start the ball rolling.

REPUBLICAN ALIBIS

In the upcoming Presidential contest, the Republican are not only the economic different from what it has been in the past. Prosperity which in the past has been produced by a great Republican pro-gram will not be much increased. Neither will the "old timer" fail.

Instead of his so-called support, the support that last as things are, they would have been made worse had it not been for the frantic an-der and needless disclosure of the Great Engineer in the White House. That is the also the cause of every failure in every branch of endeavor. It will be said to leave it to the people for a direct decision of the contest.

We know perfectly well that had Governor Smith come to the White House on March 4, 1933, instead of Herbert Hoover, the same would that are now making excuses for the President would have been pointing out that Democratic responsibility and Democratic incompetency were wholly responsible for the depression. Moreover, if a Democrat sits in the White House next year and business continues bad, our Republican friends may be depended upon to assert that the con-tinuation of the depression is wholly his fault, and that all would have been well had Mr. Hoover not been interrupted in his program of re-habilitation. On the other hand should the return of prosperity be contemporary with the Democratic administration, they would claim that the Democratic President had no part in bringing about the good times, which, according to them would have been merely the harvest of the seed sown by Mr. Hoover.

On . . . Texas Farms

By H. H. DUNN, Dallas News

In these days of restricted farm income the fine points of the game become acute now. Two Karlov county poultry demonstrators have gotten some milk averaged

for the month an egg apiece more per hen than two demonstration flocks without skim milk and produced eggs for two cents less per dozen. The four flock owners averaged a profit of 9% cents per hen in March.

Time was when 40-cent corn was held in contempt, but A. L. Miller, a Jackson county cattle feeding demonstrator who got that price by feeding corn to 22 plain bred calves in a satisfied "country agent customer." The agents made a market too for a lot of cheap roughage otherwise not suitable," he says.

William Vanstary has convinced his dad that the self-feeder is a better way to feed hogs than doing out the gran by hand. William is a Lubbock county 4-H boy who made his pigs gain 12 pounds per day for 80 days. His father was so pleased "he bought some pigs to feed on a feeder himself."

At least 95% of Williamson county farms have demonstration gardens this year, the home demonstration agent reports.

If the 70 canning budget cards turned in by 4-H poultry demonstrators may be taken as a guide, Dickson county will double its canning over last year when 27,000 quarts of food were put up.

Are You a Well-Informed Person?

In every issue this newspaper is filled with news. And our experience is that the news which interests you most is the news which affects you most. When one of your friends has participated in a minor accident, you are more interested in that than in a major accident in another city.

Advertising, too, is news of the first importance. It affects you. It is intimate, local news addressed to you. It deals with your comforts, your pleasure and your business. It saves you time by telling you where the merchandise is. It saves you money by announcing fair prices. It is the guide to efficient spending. When you fail to read the advertisements, you do not keep up with news that is most important to you. You miss many opportunities.

The best-informed people are those who read the advertisements regularly. In fact, in this modern age, you cannot ignore the advertisements in your newspaper and still be well-informed!

Haskell County History

Forty Years Ago Today 1892

The Albany "Cannon Ball" was held up by a lone masked highwayman last Wednesday evening. He ordered Mr. Yoe and his only passenger to alight while he went through the contents of the hack. He was sorely disappointed as he had mistaken this to be a mail hack. The old gentleman offered to give him his note for a few hundred dollars but the saucy robber refused.

J. W. Becknell gave a social Monday night which was a farewell party for Professor Warren and Edward and Walter Robertson. They left Tuesday for New Mexico.

Murray Caudle of Howe, Texas, was in the city this week and informed us that he had purchased the stock, farm and implements of Mr. York 12 miles west of town. The consideration was \$2700. Mr. Caudle will move to Haskell as soon as he can dispose of his farm in Grayson county.

Thirty Years Ago Today 1903

Z. M. Marcy left last week for Lubbock county where they will make their future home. Mr. Marcy was among the first settlers of Haskell county.

As a result of the meeting held at the Baptist church by Rev. I. N. Alvis, sixteen were converted, and ten of them presented themselves for baptism.

A. C. Carothers who has been enrolling the scholastic population of the school district embracing the town informs us that he has made as correct a census list of the people within the town as he could and his figures show a population of the town of Haskell of 1047.

G. H. Cobb who is a candidate for Tax Assessor withdrew from the race this week. There were so many out for the office he doesn't care to be in the mix-up.

Twenty Years Ago Today 1912

Last week the Sons of Herman gave a picnic at their hall for the candidates near the Throckmorton line fifteen miles east of Haskell. A large crowd was present and everything was done to make the occasion a pleasant one.

George Clifton was bitten by a moccasin just above the shoe top Sunday out at his father's ranch. He immediately tied a cord above and below the wound; this caused the wound to bleed excessively and as a consequence he suffered no ill effects.

Nearly all of the wheat and oats have been cut and baled, owing to the fact that they did not get tall enough to bind.

H. B. Ashburn of the firm of Brown & Ashburn who have the contract and are grading the Stamford & Northwestern railroad, was here Monday. He reports that they have completed the grade for six miles.

Last Saturday being the regular time for electing officers for the Masonic Lodge the following officers were elected for the next ensuing Masonic year: James A. Hankerson, Worshipful Master; W. F. Thompson, Senior Warden; W. B. Alexander, Junior Warden; G. E. Lankford, Treasurer, and E. F. Lamm, Secretary.

"As Advertised"

Here is a phrase with which shoppers are becoming more and more familiar. "As advertised"—these words are full of meaning. Placed with stacks or heaps of merchandise, they announce plainly for all to see—"Here are the goods we promised you, exactly as they were described in our advertisement." Such merchandise is dependable. Its quality is fully vouchered for by the manufacturer who made it and by the store or dealer who is now offering it to you.

As it is advertised—so it is. Experience proves this to be true. The advertisements in this newspaper are sincere messages to you from the most progressive merchants who affix their signatures to attest to the correctness of every statement made. In his advertisements, the advertiser expresses the soundness of his entire business policy.

Read the advertisements in every issue of this newspaper. They are interesting. They will keep you informed of all the newest and best offerings to be found in the shops and stores. The advertisements are a record of business progress. They will save you time and money and assure fullest value for every purchase you make.

FUNERAL SERVICES OF I. J. HARCROW HELD HERE TODAY

The funeral services of Isaac Johnson Harcrow, age 75, were held at the First Baptist Church this morning at 9:30 o'clock. Rev. J. S. Hubbard of Hamlin officiated, with Rev. C. A. Tucker, pastor of the Presbyterian Church assisting. The deceased had been a member of the Baptist Church for many years and was a man who was held in the highest esteem by all who knew him. He moved to Haskell county with his family about 25 years ago and was a man who was always interested in the welfare of his county. He and his wife, by whom he is survived, raised a large family of children, all of whom were present at the funeral.

J. K. Phillips. Flower girls: Mrs. Guy Mays, Mrs. L. J. Isham, Mrs. Chas. Rose and Mrs. Tom Baker. Funeral arrangements were in charge of W. O. Holden of Jones, Cox and Company.

MRS. E. S. MCGUIRE DIES AT FAMILY HOME

Last week we did not have time to get any particulars about the death of Mrs. E. S. McGuire, her death coming so shortly before we went to press. We give them this week. Mrs. Hattie McGuire was born in McMinnville, Tenn., in the year of our Lord, 1873, February 6th. The family moved to Texas when she was a girl of eleven years. Early in life she became a christian and united with the Methodist church. Later she joined the Church of the Nazarenes with her husband. She had been a devoted wife and mother, and lived a beautiful christian life.

She was married to Mr. E. S. McGuire in 1892. To this union was born nine children, all of whom are living, as follows: Rev. N. E. McGuire of San Angelo, Texas; R. T. and Ocie McGuire of Rochester, Texas; Mrs. W. H. and Mrs. H. K. Paul of Knox City, Texas; Ernest, Vera Kate and David McGuire of Weinert, Texas. All present at the funeral. Besides her husband and children, she is survived by three sisters, Mrs. W. S. Carter and Mrs. Lizzie Pveatt of Anson, Texas, and Mrs. W. L. Hines of Rule, Texas. Also three brothers, Mr. W. S. Smith of Pendleton, Texas, J. L. Smith of Rule, Texas, C. M. Smith of Elk City, Okla.

Deceased answered the great summons Wednesday May 18th, after about a month's illness from complications resulting from flu, closing a good and useful life covering a period of 59 years, three months and twelve days.

Funeral services were conducted at the Methodist church Thursday afternoon by Rev. Duff of Weinert, assisted by Rev. M. R. Pike and Rev. O. L. Dennis. Interment was in the Rochester cemetery in charge of E. Hob Smith of the Smith-Mansell undertakers establishment.

Beautiful floral offerings testified in a silent way the esteem in which friends held for this good woman. The following were the flower girls: Ima Alexander, Katie Goodson, Thelma Beason, Gwendolyn Scott, Roxie Lane, Florine Lewis, Christine Stanfield, Bell Buckner, Hattie Underwood.

The following were the pall bearers: D. H. Craddock, W. J. Lane, J. J. Beason, P. A. Mansell, Price Hines, Allen Bell.

The deepest sympathy of everyone goes out to Mr. McGuire, the bereft husband, and the noble sons and daughters, and other relatives. May the comforting spirit of the Father in whom she trusted touch their hearts with healing power.—Rochester Reporter.

Green and Black Teas

The same kind of tea leaves can be used for the manufacture of either green or black tea, the difference of the two teas lying merely in the process of curing. Some varieties of tea leaves, however, are better adapted than others for making certain kinds of teas. In producing green tea the leaves are sterilized by steam. This prevents oxidizing or fermentation of the leaf which retains its green color and when boiling water is poured over it the result is green or greenish-yellow liquid. In manufacturing black tea the leaf is allowed to ferment, which changes its color from green to very dark brown. In the case of oolong or semi-fermented tea the fermentation is allowed to reach a certain desired point.

Wooden Leg Uninsurable

The Supreme court of California has decided that a workman cannot collect a workman's compensation liability benefit for injuries to a wooden leg, in the case of John Driscoll, a teamster, whose wooden leg was broken when his horse shied and threw him. The case was bitterly fought, three judges dissenting from the majority of the bench. It was urged that loss of an artificial member was a real disability. The majority held that a decision favorable to the workman would open the door to claims for damage to crutches, eyeglasses and false teeth.

Shiny-Headed Monster

At three o'clock in the morning we were awakened by a loud knocking at the door. On looking out of the window, we saw a queer looking beast about six feet long, having four legs, no neck and a shiny head three feet long. Before we could get a gun it disappeared in the darkness. We thought it an escaped animal from the circus. The next morning, cautiously walking, we found a big stray pig with its head tightly wedged in a ten-gallon milk can.—Farm Journal.

Business No Barrier

A lad employed in a northern Indiana factory has recently become quite popular with the girls. Numerous phone calls were coming to the lad's employer, and on one occasion he answered a sweet young girl's request, saying: "Bob is busy just now." "You tell him it is Mary and he will want to talk, anyway," was the reply.—Indianapolis News.

Letting Timber Grow

Let the timber grow, is the advice of the United States forest service to owners of farm woodlands who cannot find a market in advance of cutting. Thinning dense stands of young timber, cutting needed fuel and timber for home use is entirely practical. And where markets are to be had for fuel wood, posts, or timber the woodland will help pay some of the farm bills. But there is less of both material and labor if trees are cut and the wood remains unsold until it begins to decay. The best place to keep sound timber is in the living tree, says the forest service. The tree keeps on growing into more and better timber likely to be more salable when market demand is favorable.

Pleasure Lovers

The term hedonist means a person who believes that pleasure is the sole or chief good in life. Hedonism, the doctrine, also teaches that moral duty is fulfilled in the gratification of pleasure-seeking instincts and disposition. The chief advocates of hedonism in antiquity were the Epicureans and the Cyreniacs, the latter inclining to the grosser interpretation of the doctrine. In modern times utilitarianism, seeking good in the greatest happiness of the community as a whole, is the chief hedonistic doctrine.

Old Toothache Remedy

A century ago a New York paper carried this ad for a toothache remedy: "The subscriber, Jonathan Dodge, in his practice as a dental surgeon, having extensively used for cure of the Toothache Thomas White's Vegetable Toothache Drops and with decided success, he can recommend it when genuine as superior to any other remedy now before the public. If obtained of the subscriber a cure is guaranteed."—Detroit News.

No Use

It was a warm December day, Joan wished to remove her shoes and go outside. The mother compromised by permitting her to run about the house in her bare feet, saying that it was not as warm outside as it looked. Joan retorted: "Now, mother, there is no use to 'gargle' the matter with me, for I know summer has come."

At least prohibition has been a howling success as a subject for argument.

Then spend your money with Confidence

For some one, every day, the biggest news is not on the front page. It's not even in the news columns.

There may be an earthquake in Italy or a revolution in Central America. There may be a hot election campaign or a million-dollar fire or a metropolitan crime wave. But for Jim Jones, who has decided to buy a new sedan, and for Mrs. Thompson, who needs some school dresses for little Mary Lou, the BIG news of the day is in the advertisements.

Even the doings of Congress and the big-league baseball results pale into significance beside the news of something you really want.

The advertising columns bring you sound information about quality, style and price. They announce new products and new developments that save time, trouble or expense for millions of people. They point out healthful habits of eating, sleeping, exercising.

Consistently advertised goods are safe goods to buy. Behind them stand the manufacturer and the merchant, guaranteeing their uniform quality. Read the advertisements before you buy.
