FORTY-SEVENTE TRAN

## TAX VALUATIONS FOR 1932 ARE REDUCED

missioners' Court as a Board of Equalization for Haskell County, a motion was made by Commissioner Tanner and duly seconded by Commissioner Darden that the taxable values on all farm, ranch and improved city real estate in Haskell County, for the year 1932, be fixed as nearly as may be deemed equitable on the basis of 80 per cent of the taxable values fixed on such property for the year 1931. This motion was carried by a unanimous vote of the Court and appears of record in the Minutes of said Court on file in the office of the County

This means that a general reduc tion of 20 per cent on property ified as above was made the year 1932 as compared with the preceding year of 1931.

The 174 new corporations granted equalling the authorized capital iness Research

firms whose authorized capital penetrate the centers. stock was \$100,000 or more, this head the list of new corperations in number, though both

of these groups were smaller than in May: the manufacturing groups, on the other hand, increased from and compared with fourteen in June a year ago. During the first six months of the

year, 986 new corporations have received charters, with total authorized capital stock of \$23,428,000. This number is the lowest on record for the first half since 1825, and not since 1915 has capitalization been so small.

Twenty-seven out-of-State corporations were granted permits to op-erate in Texas during June; this total represents an increase of ten over that for the previous month, but is three short of equaling that for June a year ago. During the first six months of the year, 170

Haskell Baptist to foreign permits were granted, as compared with 237 in the corresponding months in 1931.

#### Making Plans for Second Scout Camp

August 14th to 28th has been by tation for mose as the date for the second Boy a way to go.

Scout camp which will be held at Boys Those who would like to go are the church to meet at the church August 14th to 28th has been set who wish to attend the camp are requested to register on or before August 10th, as the officials state

Algust 10th, as the officials state that abey must have as many as 50 registered Scouts before the camp will be opened. A less number would be a losing proposition.

Swimming, life-saving, and American Red Cross test will be under the supervision of Joe Missa, instructor and certified examiner of the American Red Cross. He will be assisted by several center Red Cross life savers.

from life savers.

Cross life savers.

Special provisions are buley made for boys who have not passed the tenderloot test to attend Comp and pass their test during their attendance. All boys are urged to register full two weeks.

#### At a recent sitting of the Com. Thomason Returns From Campaign Trip Over District

Y. L. Thomason returned Tuesday from Eastland, Stephens and Throckmorton counties, where he has been in the interest of his campaign for State Senator. Mr. Thomason says that he would not trade his chances in the Democratic primary for eith- tion Pattern 10%; and Contest er one of his other opponents. He is confident he will be in the runoff from the reports he has received from his friends in Jones and Taylor counties.

#### Size of Can Or Jar Important

In the midst of the biggest home canning season in Texas history comes a warning to canners to be sure to select the right sized can or Cothron, winner of second place in jar according to kind of food to be the contest and a member of the to can the varieties of fruits and vegetables that will give a healthful diet. For families of two, points out Miss Lola Blair, nutritionist in declared "If I get nothing else from the Texas A. and M. #### Re-Elected Post Commander Here

D. C. Bradley was re-elected Commander of Press Rogers Post of the American Legion at a meeting held at the Legion Hall Friday night J. D. Mostgomery was elected vice-Commander to succeed D. H. Per sons; J. E. Reeves succeeds V. W. Meadors as Adjutant The followother of cers we elected: J. Leo Southern, Chap ain; Woods, Screent-at-Arne and C. M. Conner, service officer.

The .ew'y elected of dee. . .. pected to attend the state meeting in Corpus Christi in August. They will be installed in their respective official positions in November. About 30 members attended the meeting Friday night.

the recent Democratic National and answering their questoins. Convention at Chicago and made a brave fight for two planks before the Platform and Resolutions Committee. The two planks were as

1. Making it a felony to sell any farm product that was not actually owned by the seller. It is King's contention that such a law would destroy the destructive policy of 'short selling" and "bear raiding" which heretofore has brought ruin upon the farmer.

2. Requiring all national banks to carry depositors insurance. This would afford protection to the man who deposits money in the bank against the carelessness or crime of unscrupulous bank officials. William G. McAdoo approved this proposal and fought for it on the floor of the National Covention.

Mr. King's planks were rejected by the national convention but he proposes to continue his fight for these principles, and states that if elected to Congress he will introduce measures which will bring in to effect these ideas.

Funeral services for Ross T. Pittman, 18-year-old son of Mr. and Mrs. R. F. Pittman of this city, who School of Medicine was killed in a truck crash near Ft. Sill, Okla., last Saturday July 9th, were held at the First Christian Church in this city Monday afternoon at 3 o'clock. Rev. L. R. Wilson conducted the funeral services and Hon. Dennis P. Ratliff, the youth's Sunday School teacher, paid a tribute to his fine qualities of character.

In the crash in which young Pittman was killed, two others were seriously injured. He was attending the Citizen's Military Training Camp at Ft. Sill when the accident

The man who was driving the truck lost control when he turned from the Post road into the main highway, striking a concrete pillar. Witnesses said that Pittman, who was riding on the outside of the truck cab, was crushed between it and the concrete pillar. The driver of the truck is being held at Lawton pending investigation of the accident.

Besides his parents the deceased is survived by two sisters, Annie Lee and Virginia, and three brothers Albert, Herman, and Roy Pittman. Active pall bearers and flower girls were his class and school mates. Active pallbearers were: Hubert Watson, Howard Wilson, Roy Baldwin, Willie Foil, Commie Brasher, Woodrow Roberts.

Flower Girls: Maple Smith, Hortense Walling, Theda Maples, Velma Johnson, Sue Kinney, Edell Smith.

Honorary pallbearers: Lynn Pace, Dr. D. L. Cummins, W. T. Sarrels, D. Montgomery, George Fields, R. A. Hays. Local funeral arrangements were

in charge of W. O. Holden of Jones. Cox & Company. Interment was in Willow Cemetery.

## III UUIVIIVIENUIAL

Commercial failures in Texas declined by somewhat more than the usual seasonal amount during June, according to the Bureau of Business Rev. Jenson of Wisconsin will be- lieved that the auditorium will be Research of the University of Texorchestra, for the past five years, gin a Baptist revival meeting at filled to capacity before the meet. as. This favorable showing is dimmed, however, by the fact that there was an increase of 39 per cent in average liabilities per failure,

"Pifty-nine firms were reported in bankruptcy during June by R. G. Dun and Company, an average of about fifteen a week," the Bureau's report said. "The total for the month is 26 per cent below that for May, although the usual seasonal decline amounts to only about 4 per cent; last year in June, only 40 firms went into the hands of re-

"The total liabilities of the fail-Henry, who has charge of the plant. Approximately 4,000 cans have been handled since the plant was opened three weeks ago:

The largest day's run was Monday of this week when 624 cans were filled.

Red Crcss workers are in charge today, canning vegetables for the needy this winter.

May, and more than three times those in June a year ago. Assets, on the other hand, dropped from \$936,000 in May to only \$554,000 in June. Of the firms which took bankruptcy in June, four had total liabilities of more than \$100,000, and three owed \$90,000 or more; one firm had total liabilities of about \$150,000 and listed assets of only \$5,000, leaving its creditors only a doubtful 3 cents on the dollar. Average liabilities per failure lar. Average liabilities per failure for the whole group of failures were \$25,271 in June, as compared with \$11,450 in June a year ago.

"During the first six months of the year, 532 firms with average liabilities of \$21,357 went into bank-

primary phito' as the second s rears 1991-1998."

loss to you if you were

provided with an expenditure of but with a bit of work they could

There was the black satin that in the skirt lit had the riose fitting lines around the hips so fastcombite this season and was lengthened also

By rearranging the brim and the Haskell County Wardroke Con-Gowers in my orchid hair braid test, sponsored by the Home Dem has I rould wear it another season. I confined my porchages streetly to coston materials. It is more setard of my personal appearance to vicentile economical and just as athave better garments for the mores tractive in the new shades, and invested, and to have adequate prints, as it the more expensive alland rayons.

Did it take grit and determine ! I had a number of floor and lend which arrived the 5th of this month. tion to plan and build a well at sacks. I made a sport dress and a Miss Ines Patterson of Center kell spent Saturds. ranged closet of the odds and ends pair of payarnas of the sacks, tients: Point spent last week with Floring Regree and family

I also made the contest dress of the feed sacks.

Of the ravelings of an old white sweater I crocheted a tam and an open mesh sweater.

There was a remnant of imitation leather left from recovering our car and. top, that was made into a pair of bedroom suppers.

I have at more prosperous times made my pin money by sewing clothing that could be removated to Mrs. Fred Lebkowsky.

In this way I have a georgette Center Point were at singing Scnby 39 inches, and extends to the dress, a wool suit, a tam, 3 print day night. ceiling, measuring 82 inches in dresses, a printed crepe, and two Mr. and Mrs. W. J. Hendricks hats for my labor.

> Of course I realize in a contest we can not all win, but I think each rewarded for her work.

> We have learned the necessity of have a foundation pattern.

> We have learned to alter com-

design suitable to use of garment and becoming to wearer

ability to utilize the knowledge gleaned from my four years expen-

The next step was to take up in. As a wardrobe femoretrator, I money I have spent but the realzation that I have really accomplished something, and that I have reached the goal set.

That is: I understand the influence a good fitting pattern has upon the making of a garment, and the effect a good fitting dress has

upon the wearer. But most of all: I realize the advantage of "A place for everything

and everything in its place." My well arranged closet takes many, many steps from my daily routine of housework.

I have remarked many times and it was true that I spent one-half of my time hunting things, but since I have a place for each type of garment and have made a practice of putting things in their places, it does away with that endless searching for things and wondering where I put them

I am glad to report four of the O'Brien home demonstration club women have built closets for storing things.

Total expenditures, \$6.00 from Jan. 1st to July 1st. Mrs. R. P. Barnard.

FOR CONGRESSMAN AT LARGE, PLACE

No. 3

THROCKMORTON, hrockmorton County

TO THE PEOPLE OF TEXAS:

This announces my candidacy for the office of Congressman at Large, Place Number 3.

I am a farmer and have been all my life. I have served several years in the Texas Legislature. Among the laws introduced and passed by me I mention the following: The law placing the Highway Department under the control of the Legislature as to salaries and budget. The law providing for state payment of tuition for country boys and girls through high school. This law has and will help thousands get a high school education who otherwise would have gone no farther than the eighth grade.

IF ELECTED I SHALL ADVOCATE:

1. The immediate payment of the soldier's bonus. This would be a real relief measure as it would mildly inflate the currency and make money more plentiful and materially help the small business man.

2. Regulation of the public utilities in order that the stock-holders may get a fair return on their investments and that the people may not For Commissioner of the General Land be hi-jacked by unreasonable charges.

3. Making it unlawful to sell grain or cotton unless actually own ed. This would prevent the bear raids and drastic decline in prices.

4. Requiring all banks to protect their depositors by a fair system of insurance. This would not cost the sound banks any big sum and the people who deposit money want no other kind. This would mean fewer and better banks and the business would be better for the bankers. Runs and busted banks with all the resultant distress would be a thing of the past. If this were done millions of money would come out of the ground, tin cans, fruit jars, pockets and safety deposit boxes and go into banks. Confidence would be restored and business would become normal again.

5. Making it unlawful to collect more than eight per cent interest on any note or debt. The time has come when no farmer or business man can live and pay more.

6. As there are now many millions of men unemployed, I favor a shorter work day and a shorter work week in order that more families may be kept from starvation.

7. The immediate repeal of the two cent tax on checks and the 1 cent tax on gasoline recently levied by Congress. The tax on checks will cause thousands of people to withdraw their money from banks and some may have to close on this account.

8. The reduction of Federal salaries, including members of Congress, in proportion to the decline in the cost of living during the last three years. The common sense way to balance a budget is to cut expenses.

9. The door should be closed to European immigration and the key thrown away.

10. I say to the farmers: Organized we eat, unorganized we hunger. Organize for protection, information and better prices.

11. The people have a right to know what the candidates for Con- For Associate Justice of the Supreme gress stand for. Blind voting without investigation is largely the cause Court: of the present governmental proubles. This is not the time to vote for velvet-footed candidates for Congressman at Large who have done nothing in the past and promise nothing constructive for the future.

You may not agree with me in all I propose but if you agree in some of the important things I ask your suggest and promise you honest and faithful service.

I received more than 300,000 votes for Commissioner of Agriculture A. H. KING. Candidate for Congressman at Large, Place No. 3

Throckmorton, Throckmorton County, Texas.

The following is a copy of the ballot that will be used in the Democratic Primary to be held on July 23. It is complete with the exception of the names of the precinct chairmen, which will appear on the tickets in each voting precinct, and the listing of precinct offices where candidates have not filed for the place.

The ticket this year is probably the longest ever used in a primary election in Haskell county, on account of the large number of state candidates for some of the position-especially for Congressman-at-Large. With only three to be elected, the voters have a list of thirtyeight contestants from which to make their choice.

## Primary Ballot

"I am a Democrat and pledge myself to support the nominee of this Primary."

of Texas:

Marvin Jones of Potter County.

For Congressman At Large, Place No. 1: Mrs. Alex L. Adams of Bexar County. Ernest C. Ozro Cox of Travis County. Ida M. Darden of Tarrant County. W. Seldon Reed of Travis County. E. G. #### TO THE VOTERS OF HASKELL COUNTY

\*

I want to thank you for your loyal support in the past, and I am taking this method of soliciting your vote in the coming election. For two or three reasons I will not be able to see everyone personally. First, the duties of the office require most of my time. Second, the short time until the election. And third, having lost both legs I cannot drive a car and cannot do much walking.

Again thanking you one and all,

## Modern Electric Refrigeration Will Help You Cut Expenses

Acclaimed for its great convenience, its value as an essential health safeguard, and for the delicious frozen desserts and salads available through its use, modern Electric Refrigeration is a household necessity for yet another important reason . . . the substantial cash savings it will bring you.

With Electric Refrigeration, "left-overs" are not wasted . . . but safely and conveniently preserved for future use in novel and tasty dishes. And in addition to the economies realized in this manner (statistics show that over 10 cents a day is lost by throwing out usable "left-overs"), further savings can be made through the safe refrigeration of "bargain day" quantity purchases . . . through buying larger sizes of canned goods—at a much lower cost per ounce . . . and through the elimination of food-spoilage.

These important savings are possible with Riectric Refrigeration because the constant low temperature necessary for the safe preservation of perishable foodstuffs is maintained automatically.

Let Electric Refrigeration help you cut expenses. Ask a seleamen to show you our new models . . . or see your nearest electrical dealer . . . Today!

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill? West Texas Utilities

#### A NEW DEAL

In concluding his speech of acceptance of the Democratic nomination for the presidency of the United States, Governor Roosevelt said:

"Millions of people cherish the hope that the old standards of living have not gone forever. Those millions cannot and will not hope in vain.

"I pledge you, I pledge myself to a new deal for the American people. Let all of us here assembled constitute ourselves prophets of a new order of confidence and courage. It is more than a political campaign. It is a cause. Give me more than your votes. Give me your help in this crusade to restore America to her own peo-

The Democratic platform to which he gave his unqualified approval, demands the protection of the investing public by requiring public records of true information regarding all foreign and domestic stock and bond issues and Federal regulation of securities and commodities exchanges, holding companies and utilities doing an interstate business.

The financial world should realize that public sentiment is going to demand a re-shuffling of the cards and a square deal. The public has reached the very definite conclusion that too much license has been granted the unscrupulous to swindle folks out of their savings; that stern legislation with teeth must deter the dishonest from fleecing the honest, and that robbery, heretofore legal, must be made illegal.

Hostility is especially bitter against those of supposedly high and unimpeachable standing who sponsored the issuance and distribution of what were represented as trustworthy securities. This bitterness is widely prevalent among people who have been fleeced.

The people have reached the conclusion that it was the smart gentlemen who so energetically promoted and sold stocks during the boom, and the unwary and the boobs who bought, and there is a grim determination that there must be no repetition of this fleecing of the public without incurring jail sentences. The public no longer feels that it must continue at the mercy of shysters, fakers or financiers who heretofore have gone scotfree, no matter how heavy the losses inflicted by their operations.

The election of Roosevelt and Garner, and a Democratic Congress will mean a new deal and a square deal for the common people of the United States.

#### THE PEDDLER NUISANCE

House to house peddlers and solicitors of orders for this and that are becoming an ever greater nuisance to the American home, as any housewife might truthfully testify. Still the housewife whose home is constantly invaded by these itinerant super-salesmen has the remedy in her own hands.

A timely suggestion along this line is made by Prof. Conrad, of the New Jersey Teachers' College, who points out that the peddles who boasts that his firm has no store is trying to make a store out of your home. You are expected to furnish a place where he may do business free from the expense which other merchants must pay.

Besides, he insists on making you shop at his convenience, no matter how much it may interfere with your daily routine. He takes up your time arguing you into buying something that in most cases you neither want nor need. Sometimes you buy to get rid of him, when you ought to say:

"This is a home, not a place of business, and I am not going to allow you to use it as a store. Good day."

That might seem rather inconsiderate. But it is one way of discouraging the peddler, who has not the slightest consideration for your peace and comfort, but uses your home as a market place, in unfair competition with home merchants who pay rent, taxes, license fees, and in other ways contribute to the welfare of the community.-Herald, Sauk Center, Minnesota.

#### WHEN A CHILD WON'T EAT

Parents who coax and coddle and threaten when a child refuses to eat are on the wrong track, according to Dr. Frank Richardson, a noted child specialist. They are merely causing the child to become neurotic and self-

centered by paying too much attention to his whims.

Instead of humoring the child by urging or bribing him to eat, he should be made to sit down at the table five times a day, for 30 minutes at the three regular meals and for 20 minutes at mid-morning and mid-after-

Suitable foods are to be placed before him each time, but no effort whatever is to be made to induce him to eat. He may eat or he may not as he chooses. But at the end of the time set he should be made to leave the

be end of the time set he should be made to leave the able whether he has eaten or not.

Dr. Richardson delares that there is no danger that child will starve himself under such circumstances, but within two or three days the "cure" will be under ay. In conclusion, the doctor says:

"The splief afforded sorely tried parents by this two or three days that parents usually won-

## Did You Ever Stop to Think?

THAT the right kind of advertising will put new life into any business.

The service of advertising is dependable; it serves both buyer and seller and serves them well.

Advertising is valuable to the buyer because it tells where and what to buy at money-saving prices, and at the same time assures quality.

Discriminating buyers who have been taught the value of quality merchandise always find it profitable to read the advertisements before they buy.

The advertising of quality builds business for the seller, because everyone knows that only quality can stand the light of advertising and everyone wants the best for their money.

Advertising creates desire, which in turn creates the demand that is so necessary to open the door to better business.

Well advertised products are distinctive. People are always talking about them. They are in domand everuwhere.

Read the advertisements before better to be safe than sorry!

#### PUBLIC NOTICE

To all persons interested in the

Estate of Kate F. Morton, deceased: On this the 22nd day of June, A. D. 1932, the Judge of the County Court of Haskell County, Texas. takes judicial knowledge of the filing in said Court on this date of the Mandate of the Supreme Court of Texas, in cause No. 4757, Alex M. Perguson, Plaintiff in Error, vs. Alvah Perguson, et al., Defendants in Brror, wherein the said Supreme Court of Texas affirmed the Judgment of the District Court of Haskell County, Texas, in admitting to Probate the Last Will and Testament of Kate F. Morton, Deceased. And it appearing to the Court that said Judgment of the Supreme Court is final in said cause, that there is not now pending in any Court of competent jurisdiction a contest of said will, and that the statutory time for the filing of any such contest has elapsed, the Court is of the opinion that the tempor-ary administration of said estate should be closed, and that a per-manent administration thereof be

had at the earliest practicable date.

It is therefore ordered, adjudged and decreed by the Court that A.

M. Ferguson, Temporary Administrator of the Estate of Kate F. Morton, Deceased, be and he is hereby directed to file in this Court on or

directed to file in this Court on or before August 1, 1929, his final ac-counting of such temporary Admin-istration, as required by law. It is further ordered that the Clerk of this Court cause to be ser-ved upon the said A. M. Pergustin, Temporary Administrator as afore-said, a certified copy of this order for changement.

Joe A. Jones, County Judge, Haskell County, Texas

## TEXAS RAILRUADS SUBSTANTIAL PART OF STATE'S TAX BURDEN

Taxes is one of the large fixed charges connected with the operation of Texas railroads. From the standpoint of the welfare of state, counties and communities, railroad taxes are of much importance. This annual obligation must be met from the earning capacity of the rail carriers.

In 1931 the railroads of Texas paid a total of \$8,303,108.47 in federal, state, county, municipal and miscellaneous taxes. The distribution of this amount to the various tax funds is shown below:

Amount Paid	
The state of the s	Total Tax Paid
J. S. Government \$ 61,270.1	3 74
State 1,954,435.4	7 23.54
Jounty 1,146,669.9	7 13.81
loads 1,699,764.1	
mprovement Districts 175,606.8	7 2.12
ichoels	4 17.31
1 792 994 8	1 21.50
discellaneous	9 A2
Total \$8,303,108.4	7 100.00
	7 100.00

It can thus be seen that railroad taxes represent an important and indispensable factor in the economic life of our state. They sip in a large measure to pay the expense of our state, county and municipal government, build and maintain highways, pay he cost of drainage and other improvements, and support our chools and educational institutions.

It is the desire of Texas railreads to extend this helpful texas counties and communities in carrying this heavy lowever, their ability to meet these obligations as they no depends upon their ability to earn sufficient reven-thick to pay this and other heavy expenses connected with
