Haskell Schools Face Grave Crisis

Josh Lee, Oklahoma Humorist and Philosopher to Speak at Saturday Morning Session.

Board of Trustees Declare That \$4,000 in Delinquent Taxes Must Be Collected at Once.

The greatest crisis the Haskell Public Schools have ever faced is now before the Board of Trustees and patrons of the system, and unless \$4,000.00 in delinquent taxes are collected in the next few weeks the schools will be closed according to a statement issued by the Board of Trustees in a meeting of the Board and several interested citizens held at the high school building Tuesday evening.

The Board explains that this debt was created last year in order to keep the schools running the full nine months. Script was issued in paying teachers salaries, against the expectation of delinquent tax collections which has not been forthcoming.

In another column of the Free Press will be found a statement issued by the Board of Education concerning the present situation and in this statement they make an appeal to the patrons for assistance, as they will not run the district deeper into debt, than the present outstanding obligations.

Each patron is urged to talk to his neighbor who has not paid his 1930 school taxes and wherever possible pay 1931 taxes now instead of waiting until the close of the tax-paying time.

C. R. COOK BUYS SAM ROBERTSON SERVICE STATION

Through a deal which was closed last week, C. R. Cook, well known filling station operator of this city has taken over the management of the Sam L. Robertson Service Station located on the southeast corner of the square, having purchased the station from Sam L. Robertson who has conducted the business for the past year.

Mr. Cook will have personal charge of the station, and will also continue the operation of the new station which he erected the past summer several blocks south of the square on Highway 30.

The station on the square will be known as the Cook Service Station, and in addition to the well known Humble gasoline and oil products, also carry a complete stock of tires, tubes and accessories. Mr. Cook invites the public to visit his new station for a demonstration of real service.

Miss Elaine Partlow, Home Demonstration agent for Haskell County is attending a district meeting at Lubbock this week.

H. M. Cooner and S. J. Reeves of O'Brien were in the city today as jurors in district court.

AMERICAN LEGION HAS INTERESTING MEETING FRIDAY

Thirty one members of Press Rogers Post No. 221 were present last Friday night in their regular meeting at the City Hall. This was the largest gathering of American Legion boys to assemble in a meeting here in several months. The officers of the local post are planning to make Press Rogers Post one of the outstanding Legion organizations in this section of the state during the coming year.

The local post will co-operate with the Harmony Club in giving a program here on November 11. Arrangements have also been made with the management of the Texas Theatre to give a benefit picture show on the above date, the proceeds to be used in the Legion Charity fund.

Refreshments were served at the close of the meeting, while Frank Reynolds' "Yo Yo" band furnished the music. The next meeting will be held on November 10th instead of Friday November 13th, the regular meeting night.

As the Legion is constantly striving to serve the community, it is indeed appropriate that the public should give encouragement and aid the organization in every possible way to build up its membership strength for increased service in the coming year. Every citizen can co-operate by urging those who are already members to renew their 1932 membership at once and by encouraging those who are not members to join up during American Legion Week.

LEGION TO STAGE PROGRAM HERE ON ARMISTICE DAY

The local post of the American Legion will sponsor an Armistice Day program to be given on the courthouse lawn Wednesday Nov. 11th, from 10 to 11 o'clock a. m., according to plans which were inaugurated at a recent meeting of the local post.

Music will be furnished by the Haskell Band and the Harmony Club, with addresses by well known speakers, and a short American Legion program.

Everybody in the county will be urged to attend this patriotic program. The detailed program will be given in our next issue.

FUNERAL SERVICES FOR HUGH COBURN HELD HERE TODAY

Funeral services for Hugh Coburn, well known citizen of Haskell, were held at the Church of Christ in this city Thursday afternoon at 2:30 o'clock, conducted by Rev. J. D. Harvey of Colorado, Texas, former pastor of the local church. Interment was in Willow Cemetery, with funeral arrangements in charge of J. H. Kinney of the Kinney Funeral Home.

Mr. Coburn died at his home in this city Wednesday morning, Oct. 28, after a lingering illness of several years duration. Deceased had been a resident of Haskell for a number of years, and up until a few years ago was in charge of the local plant of the West Texas Utilities Company. A stroke of paralysis suffered several years ago seriously impaired his health and forced him to give up active work, however, and he had suffered a general decline in health since that time.

Surviving relatives are: his widow, Mrs. H. Coburn, two daughters, Misses Stella Mae and Anita, and three sons, Austin, Wayne and Vernon Coburn, all of this city. Two brothers, Paul Coburn of Big Spring, and Edwin Coburn of Blum, Texas, also survive and were present for the funeral services. A sister, Mrs. Stella Mae Hall of San Diego, Calif., was unable to reach Haskell in time for the services.

Pall bearers were: Dale Anderson, Jim Rose, J. L. Wright, I. A. Brooks, J. D. Cook and A. C. Boggs. Honorary pall-bearers were: J. M. Boggs, Willie Johnston, Ira Johnson, H. C. King, R. C. Thomas and Charlie Rose.

Flower girls were: Mrs. O. L. Johnson, Mrs. Chas. Rose, Misses Maggie Boggs, Mildred Wright, Anita Collier, and Mrs. Donnie Campbell.

Two Local Golfers Make Hole-In-One to Become Dodos

The excitement created in Haskell's Golfing circle last week over John A. Couch making a hole-in-one on the local course, overshadowed the fact that the local club already had a member of the dodo club in the person of Dr. J. D. Smith, who performed a similar feat two or three years ago on the old number one hole (number seven now) a distance of 223 yards. The reporter erred last week in stating that Mr. Couch was alone in winning this honor. This statement is made in order to keep the record straight.

Curry Chapel News of Interest

Everybody was proud of the good rain last week, which stopped the water hauling, and wish for some dry weather now so as to get their cotton gathered.

Bro. Curry filled his regular appointment here Saturday and Sunday.

Mr. and Mrs. Raymond Long of Quanah visited her mother and father Saturday night, Mr. and Mrs. C. W. Marion.

Mrs. Alice Baty and Mrs. L. B. Baty and children of Truscott spent Saturday night and Sunday with Mr. and Mrs. Clyde Baty.

Mr. and Mrs. Henry York of near Haskell spent Sunday with Mr. and Mrs. W. Hill.

Mr. and Mrs. Dave Terrell and children spent Saturday night and Sunday with Mr. and Mrs. Jack Terrell.

Mr. and Mrs. C. W. Marion and children and Mr. and Mrs. Ernest Marion of Haskell spent Sunday with Mr. and Mrs. Jim Marion near Weinert.

E. W. Keager Jr. is suffering with a sore foot caused by a nail.

There will be singing here Saturday night, Sunday School Sunday and Prayer Meeting Sunday night. Everybody is invited to come.

INDIANS TO MEET ANSON TIGERS HERE FRIDAY

Tomorrow (Friday) afternoon at 3:30 o'clock the Haskell Indians will be host to the Anson Tigers on the local football field, and the game promises to be a battle royal. The Tigers are old rivals of the Indians, but the last two years they have gone down in defeat before the local squad and they are coming to Haskell tomorrow after revenge. The game will probably be the last one on the local field this season unless one of the conference games scheduled away from home is changed, and the game played here.

The advanced dope gives the Indians and Tigers about a 50-50 break, as the only conference team the two towns have played this season up to the present time is Merkel. Haskell winning her game 19 to 0. Anson played Merkel Tuesday and won 20 to 0.

The entire citizenship is urged to attend the game tomorrow and help boost for the Indians.

20,236 Bales Cotton Ginned in County

There were 20,236 bales of cotton, counting round as half bales ginned in Haskell County from the crop of 1931 prior to Oct. 18th, 1931, as compared with 12,660 bales ginned to October 18th, 1930, according to Jas. E. Lindsey, Statistical Agent for the Bureau of the Census of the Department of Commerce.

Mr. and Mrs. DeWitt Yost of Ft. Worth, Texas, visited her parents, Mr. and Mrs. J. O. Chitwood, the past week-end.

GRAND JURY MAKES FINAL REPORT FOR THIS TERM COURT

The Grand Jury impaneled for the current term of District Court finished their work of investigation and made their final report to Dist. Judge Clyde Grissom Monday afternoon, and were discharged from further duty for the term.

Seventeen bills of indictment were returned by the body, and 188 witnesses appeared before the Grand Jury during its sessions. The report in full is given below:

The State of Texas, County of Haskell, In the District Court of Haskell County, Texas, September Term.

To the Hon. Clyde Grissom, Judge of Said Court:

We your Grand Jury, having been in session for two days at this setting, and having finished up our investigation of the unfinished matters, desire to make this our final report and adjourn for the term.

We have all told examined 188 witnesses.

We have returned 17 bills.

Because of the persistent rumors coming to the Grand Jury relative to matters concerning the County Judge and the Commissioner's Court charging said body with graft, we have gone into the matter and ran down every rumor that has been reported or called to our attention in anyway and find all of said rumors groundless.

The facts out of which the charges originated, according to our investigation, and we here now make said facts in this report in justice to everybody concerned, are as follows:

That prior to March 23rd, 1931, the court set March 23rd as the day for accepting bids on court house warrants and the court set out notices to a number of bond buyers

NEW BAKERY TO BE OPENED HERE BY WALTER FORD

Walter Ford, well-known baker who has resided in this city for the past several years, is this week installing equipment preparatory to the opening of the Good Eats Pastry Shop which will be located, one door west of Grissom's Store.

Modern equipment, including a revolving oven of the latest type, as well as electric mixing machines etc., are being installed which will make the bakery as modern as any in this section. Mr. Ford states that the business will be operated as a retail establishment, the location being convenient for all who trade in Haskell, and that all products of the bakery will be offered fresh every day as they will be manufactured only in quantities to care for the retail trade.

In addition to staple lines of bakery products, he states that the shop will also specialize in fancy pastries of all kinds for parties and special occasions.

Mr. Ford states that he expects to be able to open his new shop about the first of the week, and invites the public to call and inspect the plant at any time.

Courtney Hunt, Misses Madaline Hunt and Lewis Manly spent last week-end in Dallas.

Robert Whitman has accepted a position in Sweetwater as pharmacist in the Davis Drug Store.

EXAMINATION FOR POSTMASTER HERE TO BE GIVEN SOON

To fill the vacancy in the position of postmaster in this city, the United States Civil Service Commission has announced, at the request of the Postmaster General and in accordance with an order of the President, an open competitive examination.

To be eligible for the examination, an applicant must be a citizen of the United States, must reside within the delivery of this post office, must have so resided for at least two years next preceding the examination date, must be in good physical condition, and within the prescribed age limits. Both men and women are admitted.

Under the terms of the Executive order, the Civil Service Commission will certify to the Postmaster General the names of the highest three qualified eligibles, if as many as three are qualified, and the Postmaster General will select one for nomination by the President. Confirmation by the Senate is the final action.

Applicants will not be required to assemble in an examination room for scholastic tests, but will be rated on their education and business training and experience. The Civil Service Commission will make inquiry among representative local business and professional men and women concerning the experience, ability and character of each applicant, and will assign ratings upon the evidence secured.

Nothing will be permitted to appear in the evidence upon which ratings are assigned which might even suggest the political affiliation of any candidate.

Full information and application blanks may be obtained from the secretary of the local board of civil-service examiners at the post office in this city, or from the United States Civil Service Commission, Washington, D. C.

Funeral services for W. H. Pearsey, pioneer business man of Haskell who passed away last Thursday morning, were held at the family home in the east part of town Friday afternoon at 3 o'clock, with Rev. Tucker of Rule officiating. Interment was in Willow Cemetery, with funeral arrangements in charge of W. O. Holden of the Jones, Cox & Company.

News of Interest From Bunker Hill

Singing was well attended Sunday afternoon.

Mr. and Mrs. George Logan of Abilene spent the week-end with the latter's parents, Mr. and Mrs. W. G. Roberts.

Misses Tilda and Lillie Schluter of Fort Worth have been visiting in this community this week.

The dance at the Belcher home Saturday evening was enjoyed by a large crowd.

Mr. Clyde Linville of Amarillo spent the week-end with Mr. and Mrs. Lonnie Cornelius.

The party at the home of Mr. and Mrs. Joe Kimball Saturday evening was enjoyed by all present.

Mr. and Mrs. R. V. Hagle and little son of Pleasant Valley visited Mr. and Mrs. E. I. Chatwell Sunday.

Grandma Chatwell is very sick at this writing.

Mrs. W. W. Newton, Mrs. Iola Green, and Daughter Mildred, Mrs. Melvin Morgan and little daughter motored to Rule and Haskell Tuesday.

The singing given by Mr. and Mrs. William Pritchett Sunday evening was enjoyed by all present.

Mrs. Hugh McLendon and Mrs. Wm. Breusted of Waco are in Haskell this week looking after their farms and land interests in this county. Both are very much pleased with the condition of the crops. All that is lacking is the general prices are so very low for farmers and stockmen. Mrs. McLendon is a sister and Mrs. Breusted a cousin of our fellow townsman, Chas. McGregor, whom they are visiting on their trip. They are to return to Waco Friday.

Mrs. J. S. Keister of Dallas is visiting her niece Mrs. J. B. Post and family here. Mrs. Keister is a former resident of Haskell.

Dr. and Mrs. J. M. Goar visited in Haskell the past week.

Josh Lee, Oklahoma humorist and philosopher will be the outstanding speaker on the Tri-County Institute program here Saturday morning at 11 o'clock according to announcement made this morning. He will speak at the Christian Church and the general public is invited to hear him. There will be no admission charge.

The Institute will open Friday morning and more than 300 teachers from Haskell, Stonewall and Throckmorton counties are expected in attendance. A well prepared program has been arranged for the two days.

The county superintendents of the three counties co-operating in the institute comprise the executive committee. They are E. D. Condren of Throckmorton, S. L. Stewart of Aspermont, and Miss Minnie Ellis of this city. Section Chairman are Supt. H. W. Rice of Throckmorton, chairman of High School section; V. E. Boyd of Aspermont, Intermediate Section; and Mrs. B. W. Eaton of Rule, Primary Section.

General sessions will be held in the auditorium of the First Christian Church. The High School Section, with Dean D. M. Wiggins of Simmons University as instructor, will meet in the basement of the First Methodist Church. The Intermediate section with President H. W. Morelock of Sul Ross State Teachers College instructor, will meet in the auditorium of the Methodist Church, and the Primary Section, with Mrs. J. C. Matthews of North Texas State Teachers College as instructor, will meet in the auditorium of the First Christian Church.

Funeral services for W. H. Pearsey, pioneer business man of Haskell who passed away last Thursday morning, were held at the family home in the east part of town Friday afternoon at 3 o'clock, with Rev. Tucker of Rule officiating. Interment was in Willow Cemetery, with funeral arrangements in charge of W. O. Holden of the Jones, Cox & Company.

W. H. PEARSEY BURIED HERE LAST FRIDAY

Death came after a long illness, deceased having been confined to his bed for the past several months. He was 68 years of age at the time of his death, and a greater part of this time he had been identified with the business interests of this city, failing health causing him to retire from active business early this year.

He is survived by his wife, Mrs. W. H. Pearsey, a son, Lewis Pearsey, and a daughter, Mary Pearsey, and a number of near relatives.

Out-of-town relatives who were here for the funeral services were: Mrs. E. L. Tucker, Denison; Mrs. Baldock, Dallas; Harvey Tucker, Dallas; R. E. Martin and son, Memphis, Texas.

Active pall-bearers were: J. A. Frasier, Will Sherrill, John Tubbs, John Pace, Felix Prieron, Marley Branch.

Honorary pall-bearers: Jim Ellis, R. P. Simmons, J. A. Bailey, T. J. Lemmon, P. G. Alexander, R. C. Montgomery, L. D. Ratliff, B. Cox and Dr. L. F. Taylor.

Flower girls were: Misses Mary Sue Hester, Ethel Frierson, Mary Sherrill, Hazel Wilson, Oia and Ollie Frasier.

Paul Zahn was awarded 23 ribbons at the State Fair at Dallas in his farm exhibits last week, bringing his total to more than 100 premiums won at Lubbock, Amarillo and Dallas. Mr. Zahn is considering taking his products to Beaumont. The Fair opens there the second week in November. The publicity that Mr. Zahn has given Haskell County with his exhibits will be of undoubted benefit from an agricultural standpoint.

Mr. and Mrs. Ed Sprules had as their week-end guest, a aunt, Mrs. T. D. Briley of Dallas who has been visiting her sister, Mrs. R. H. Sprules of Lubbock.

NEWS FROM OVER WEST TEXAS

Thieves Loot Safe of Paducah Lumber Yard.

From the Paducah Post.

Another robbery was committed in this city either Sunday night or early Monday morning.

When George Norman, manager of the Higginbotham-Bartlett Lumber yard in Paducah, came down Monday morning to open the place he found that a side door had been forced open by unknown parties, and the safe, in the inner office, had been opened.

Investigation showed that the knob of the safe had not been knocked off, as is usually the case in robberies of this kind. The combination had been worked, as though by an expert, and the door stood wide open. The lock on the money drawer inside the safe had been forced open and something like \$20 or \$25 had been removed from the cash box there.

It seemed that cash was all the intruders desired, for so far as could be seen nothing else had been taken. No cans of paint, varnishes, brushes, or anything of this kind had been

taken.

The robbery was reported to officers as soon as discovered, and they are working on the case.

So far as known no clues have been found as to who did the work.

Log Out From Snyder Youth.

From the Scurry County Times.

Slipping into the huge hull house augur at the Fuller Cotton Oil Company mill Thursday afternoon, Ensley Jenkins, 12, was severely injured. His left leg was practically severed four inches below the knee, and had to be amputated.

Ensley and two companions were playing in the hull house when the accident occurred. When Ensley slipped or became overbalanced, one of the boys gave the alarm to a workman outside, who immediately stopped the machinery. The leg that was caught in the augur was cut to the bone above the knee, in addition to the major injury, but amputation was made below the knee. No other injuries were sustained.

The operation was performed at the Emergency Hospital, where the boy was carried in an Odom ambulance. He was moved to the home of his parents, Mr. and Mrs. Homer Jenkins, Saturday night. Slight complications arose during the week-end, but the attending physician believes the wounded member will heal. The boy is reported to be slightly improved today.

Spur Man Killed In Auto Crash.

From the Texas Spur.

C. A. Dement, 70 year-old farmer of the Afton community, was almost instantly killed Friday afternoon when the car in which he and a companion were riding, crashed into a truck on the highway north of Elton. Mr. Dement suffered two fractures of the skull and his neck was broken in the crash. He was rushed to Dickens by Mr. Noland, who lived nearby, for surgical aid, but died a few moments after arriving in that city.

Mr. Dement's companion, J. L. Hornbecker, a traveling salesman out of Lubbock, was painfully but not seriously injured. He was brought to Nichols Sanitarium here for emergency treatment being removed later to his home in Lubbock.

Tahoka Youth Struck By Lightning.

From the Lynn County News.

Armel Sosebee, a youth 17 or 18 years of age, son of J. S. Sosebee, who resides on the R. L. Littlepage farm in the Midway community was struck by lightning during the rain-storm Tuesday night and rendered unconscious for several hours. By Wednesday morning he had partially regained consciousness but was still in a somewhat dazed condition. He has shown considerable improvement since, however, and it is now believed that he will soon fully

recover from the shock.

Armel was in or near the front door of the Sosebee residence when struck, it is thought. No one saw the accident, other members of the family being in other parts of the house at the time. There was a blinding flash of lightning and a deafening crash and a moment later one of Armel's sisters heard him groaning and discovered his prostrate body on the floor of the front room. Members of the family and then the neighbors were notified, and after consulting a physician they labored with the patient several hours in efforts to resuscitate him. Their efforts proved to be successful and it is hoped that his injuries will be only temporary.

Throckmorton to Have Improved Mail Service.

From the Throckmorton Tribune.

Beginning next Monday Throckmorton will have two mail services a day rather than one. In addition to the morning mail which is brought in by the train there will be mail coming in at 2:30 p. m. by bus. The bus will also carry mail out of the city on its return to Breckenridge.

Roy E. Mosier is owner of the bus company that will carry the mail.

Seven-Months Old Baby Killed in Accident.

From the Rule Review.

The many friends at Sagerton and around Rule will be grieved to learn of the accident which happened to Mr. and Mrs. H. C. Magness of Friona, Texas, which occurred Sunday afternoon near their home and cost the life of their seven month old baby boy. The accident occurred about three o'clock in the afternoon as they were out driving. Something broke about the steering gear, causing the car to turn over. The baby died several hours after the accident and Mr. Magness was seriously injured. The mother escaped with a few scratches. She was before her marriage, Miss Eula Mae Gibson of Sagerton. Funeral services for the baby were held Monday at Friona. Mr. and Mrs. O. R. Gibson, parents of Mrs. Magness, and her grandfather, Wiley Hale, and aunt Mrs. Darden, Travis Beal and Jim Darden all of Sagerton attended the funeral and are at the bedside of Mr. Magness.

Rochester Schools Re-Open Monday.

Rochester Reporter.

The Reporter is authorized to announce that the Rochester schools will re-open next Monday, October 26th. Supt. Ligon asks us to urge every patron to arrange to have their children in their places at school at that time. The school has been suspended several weeks in order for the children to assist in the gathering of the crops, and now it is highly imperative that the work be resumed and prompt and regular attendance be made, and it is hoped that the parents will co-operate in every way to make the schools the greatest success possible.

Trail Drivers Visit Seymour.

From Baylor County Banner.

Seymour was host for a brief time Tuesday to quite a distinguished group of Texas citizens, members of the Trail Drivers Association. The visitors sprang a complete surprise by their coming, otherwise they would have been entertained in royal style. They planned to return through here tomorrow and promised to send word ahead, but on account of the heavy rain they may not be able to make it through from Vernon.

The Trail Drivers came through in a big bus, 24 of them. The bus started at San Antonio, picking up members all the way to Menard. Their destination was Vernon, where that town is celebrating its 50th anniversary. A monument to the trail drivers has been erected at Doan's Crossing, near Vernon, and the members were going up to accept it.

Spur Drug Store Burns.

From the Texas Spur.

The City Drug Store of Spur was almost totally destroyed by fire early Thursday morning of this week. Damage is estimated at between ten and twelve thousand dollars to stock and fixtures and building.

The city was aroused at 2 a. m. Thursday by a double fire alarm. The fire department responded immediately and the blaze was controlled beyond more than local damage. It is believed to have started in trash and refuse left in the rear of the store.

The greater portion of the back end of the store was totally destroyed and the contents of the entire building were damaged by heat and smoke.

Which reminds us that real estate men make their income multiply by subdividing.

HASKELL SCHOOLS IN DANGER

To Patrons of Haskell Schools:

We, your Board of Trustees, wish your attention to be called to some matters concerning the situation of our schools. During the school year 1929-30 the Board announced the necessity of collecting taxes more rapidly or closing the schools short of nine months. People rallied to the situation and made it possible to go the full time without creating a deficit. Again in 1930-31 the same plea was made and resulted in collection of more taxes, but not enough to run the schools for the full time. In order to do this it was necessary to create a debt of \$4,000.00 above prospective income from state funds. This means that the school is now faced with this debt and that it has no money with which to operate.

The Board has carried this burden as long as it can possibly do so. We have recently had a meeting with a group of representative business men and citizens and came to the conclusion that it is absolutely necessary to collect the \$4,000.00 in delinquent taxes and sufficient of this year's taxes to cover operating expenses other than teachers' salaries. We are making an appeal to you to assist us in this matter. Talk to your neighbor who has not paid his taxes for last year, and pay your own for this year if at all possible.

Please do not consider this matter lightly. We are face to face with a crisis in our school situation and must collect this money at once or close our schools within a very few weeks. As members of your Board of Trustees we are unwilling to run your school district in debt beyond the prospect of possible recovery. **WE WILL NOT DO SO.** We must collect this money or close the schools.

Respectfully yours,
BOARD OF TRUSTEES,
R. C. COUCH, President.
T. J. ARBUCKLE, Secty.

SAGERTON

Mrs. Cliff LeFevre and children with her mother, Mrs. Laughlin and sister Ladin went to Stamford shopping last Monday.

We have had one of the biggest rains here that has fallen in quite a long time. It rained two days and nights making sufficient moisture for wheat, which will be a great help for winter pastures.

Miss Margaret Brooks with Hazel Eastland of Haskell visited her aunt,

ROCHESTER

Another big rain fell in Rochester vicinity last Wednesday and Thursday. It is fair now and we are expecting to get in some more work gathering our crop. The maize was damaged by too much rain. It was too cheap before it was damaged.

Our dear little friend Sarah Green left last week for the Indian Reservation in Arizona where she procured a position.

Born to Mr. and Mrs. Harley Brown, a baby girl last Friday.

Mr. and Mrs. Richard Hall visited his parents, Mr. and Mrs. A. Hall of this place, last week. Dick is traveling for an oil co.

Mr. Jake Riddell accepted a position in Dr. Gray's Drug Store the first of this month.

School was dismissed for 3 weeks so the children could help gather the crops. Weather conditions were so unsettled for most of the time that it was decided to start school again today and we hope it doesn't have to be dismissed any more.

Tomatoes, Ripe and Green

(Eileen P. Partlow)

Now is the time to use the last of the tomatoes ripening on the vines and to put up any surplus for future use. When frost comes gather the green ones. It is well to check over your supply and see whether you can utilize the last of the crop to best advantage. Canned, in catsup, chutney, pickles or relish. Tomatoes without blemish may be prepared in paper and placed in a cool dark place for ripening.

Green tomatoes may be cut in thick slices soaked overnight in lime water in proportion of 4 tablespoons to 1 quart of water to crisp them. In preparation for relishes and pickles chopped, vegetables should be ground and soaked in salt water.

An enamel vessel with wooden spoons should always be used in picking. Spices should be tied in small cloth.

Spanish Pickle
3 cups chopped green tomatoes.
3 cups chopped onions.
1 cup chopped sweet pepper.
1 cup chopped celery or 2 table-

spoons celery seed.
4 cups ripe tomatoes.
1-4 teaspoon each mace, cloves and allspice.
1 quart vinegar.
1-3 cups brown sugar.

Place the green tomatoes, onions and peppers in salt for six to eight hours. Rinse and drain well, add celery, ripe tomatoes, and seasoning tied in cloth. Cook about an hour. Pack and seal while hot.

Crystal Pickles
7 pounds green tomatoes, 2 gallons water, 2 cups lime, 4 1/2 pounds sugar, 2 quarts vinegar, 6 strips cinnamon bark, 1 teaspoon ground nutmeg, 1 teaspoon ground ginger, 2 tablespoons salt.

Slice green tomatoes one fourth inch thick and soak in lime water overnight. Rinse well in clear water. Dissolve sugar in vinegar, add cinnamon sticks, and cloth containing nutmeg and ginger. Heat vinegar and sugar and allow to simmer for one hour. Add tomato slices and boil rapidly until slices take on a glazed appearance. Pack and process short while.

Chili Sauce
1 gallon chopped ripe tomatoes, 1/2 cup chopped white onion, 1/3 cup chopped green pepper, 1/2 cup chopped red pepper, 1/2 cup brown sugar, 2 tablespoons ginger, 1 tablespoon cinnamon, 1 tablespoon mustard, 1/2 tablespoon nutmeg, 1 quart vinegar, 5 tablespoons salt, 1/2 teaspoon cayenne.

Peel the tomatoes, and onions. Chop onions and peppers fine. Boil all ingredients except the vinegar together for two hours or until soft and broken. Add vinegar and simmer for one hour. Stir frequently. Seal while hot.

Green Tomato Mince
1 peck green tomatoes, 5 cups brown sugar, 4 cups raisins, 2 cups beef suet, 1/2 cup vinegar, 2 tablespoons salt, 2 tablespoons ground cinnamon, 1 teaspoon nutmeg, 2 cups chopped apples, 1 teaspoon cloves.

Run tomatoes through food chopper, allow to drain, cover with cold water, boil for five minutes. Drain well, add suet, vinegar, fruit and seasoning, return to the fire and simmer for forty-five minutes. Pack while hot and process fifteen minutes.

Green Tomato Soy
8 cups chopped green tomatoes, 3 cups chopped onions, 1 tablespoon salt, 1 teaspoon each cinnamon, cloves, allspice, 2 1/2 cups brown sugar, 1/2 cup celery or 2 tablespoons celery seed, 1/2 tablespoon pepper, 1 cup vinegar, 2 tablespoons mustard seed.

Mix all ingredients. Let stand four to six hours. Cook about 20 minutes, stirring occasionally. Pour into sterilized jars. Seal and process 15 minutes.

Knox City Man Suffers Loss in Arm, in Car Accident.
From the Knox County Herald.

Citizens of Knox City were shocked and grieved Tuesday evening in the car accident which cost Hattie Huntsman his left arm.

Hattie was driving a Ford coupe belonging to W. C. Ballard of this city, going toward Benjamin when he met D. W. Davis driving a truck loaded with a bale of cotton and also a trailer attached with another bale. The two managed to pass each other the length of the truck but the trailer and coupe collided. Hattie had his left arm resting in the window of the coupe and the weight of the trailer completely crushed it. Davis brought Hattie to town in the truck, which was not touched in the accident, and from there Hattie was carried to the hospital by G. T. Hardberger. He was given immediate attention and the arm was amputated just below the shoulder. He is getting along nicely.

Drug Store at Munday Closes Doors.
From the Munday Times.

A voluntary petition in bankruptcy was filed the first of the week by W. I. Cutler, proprietor of the Cutler Drug Company here.

Mr. Cutler came to Munday about a year ago from Lingleville, in Erath county, and opened a drug store in the Tull building. Since that time business conditions have been very unfavorable and every line of business has suffered.

Graham Man Owner of New Airplane.
From the Graham Leader.

Dewey Knox has purchased a new Ken-Royce airplane and has been busily engaged in learning to operate it under the tutelage of Pilot Goss of Kansas City. The plane is a three place ship, accommodating the pilot and two passengers. It has an unusually high speed motor, combined with the advantage of a low landing speed.

Jim: Say, Joe, can you tell me why there are fewer railroad accidents?

Joe: Well, perhaps not exactly, but I think it is because the engineer isn't always hugging the fireman.

Mrs. Nurich was determined that the world know of her fortunes. "Molly," she said to her new maid, "you may take the dog out now and give him some air."

"Yes, ma'am," acquiesced Molly. "and please ma'am, where will I find the nearest service station?"

Brown: "Yes, Smith showed a great deal of sympathy for poor Jenkins."

Green: "Did you try him for a contribution?"

Brown: "No fear. I know Smith. He is like the letter 'P'."

Green: "What do you mean by saying he is like the letter 'P'?"

Brown: "First in pity, old boy, and last in help."

Burglars Busy in Goree Over Week End.
From the Goree Advocate.

Burglars have been busy in parts of the country the past week and several places near Goree were visited. It appears that those who lost the most were south of town, where Prof. Palmer of the Brushy school and Mr. J. N. Newton who lives three miles south of town, report lost heavily.

Prof. and Mrs. Palmer were away from home and the burglars entered the house, which was locked, by tearing in at a window. They report the loss of nearly all their clothes, a gun, a flash light and several other articles.

Mr. Newton lost some of the accessories from his truck, harness, a saddle and other things taken from about his barn.

The sheriffs of several nearby counties have been notified and are working on these cases. At the time we go to press, no report of a clue has been received.

Paper Salesman In Collision With Car.
From the Lynn County News.

The genial Sam Acton, salesman for the Southwestern Paper Company, was a business caller at the News office Tuesday. Among other stories, he related a most exciting experience he had just undergone a day or two before. As he drove along a highway at night, a little Jersey bull emerged suddenly from the ditch alongside the road and about the second leap placed him directly in front of Acton's car. The confused bovine either found it impossible to get out of the way or decided to buck the big snorting machine that Sam was driving. At any rate there was a collision between the bull and the Buick, or whatever make of car it is that Sam drives. When hostilities were over, the bull limped away but the car was unable even to limp. Repairs on the car cost thirty-nine dollars and six bits. The calf was worth possibly \$2.30. There are two lessons to be learned from this incident: first, dairymen should keep their calves off the highway; second, paper salesmen should not drive more than 75 miles an hour over our highways in the night time.

Graham Man Injured in Fall.
From the Graham Leader.

Berry Flowers sustained a broken collar bone and painful lacerations about the face when he was hurled from the roof of the local fire station after coming in contact with a live wire Monday afternoon. He fell about 12 feet, striking the concrete sidewalk below. Employees of the City Hall hurried to the injured man's assistance, and he was taken immediately to the hospital for medical attention.

Beaumont Man Hurt in Accident Near Albany.
From the Albany News.

In a serious automobile accident which occurred a few miles west of town on the Bankhead highway Thursday morning, S. F. Nichols of Beaumont was critically injured, receiving a fractured skull and dislocated shoulder. Mr. Nichols was rushed to a Stamford sanitarium after receiving first aid treatment in Albany. Dr. Buchanan reports the young man is in a serious condition, though he has a chance to recover. The accident occurred when a motor truck attempted to pass another car and ran head-on into the Chevrolet coupe driven by Nichols. Occupants of the truck were uninjured. A brother who also resides in Beaumont is on his way to the bedside of the injured man.

MANY WOMEN Have Been Helped Like This

"About four years ago, I suffered a great deal with pains in my back and side," writes Mrs. D. A. Bush, of Houston, Texas. "I did not feel like doing my housework, or anything else. I would get nervous, and my back would hurt worse. One of my neighbors asked me what I was doing for myself. I told her 'most everything.' Then she asked me if I had ever taken Gardul. I told her 'no' but I would try it. Before I had finished one bottle I could tell the difference in my feelings, but I kept on taking Gardul until I felt strong and well again."

FARMERS AND MACHINES

By many the plight of agriculture, as well as that of other basic industries, is blamed on the introduction of machinery which has displaced manual labor. At this present moment it seems that this indictment of the machine age is well founded.

But, without the aid of modern machinery it is pertinent to enquire what would be the condition of civilization today. One recent student of economics points out that if we were forced to return to the old hand methods of production, both in agriculture and industry, it would be impossible to have the standards of living, either rural or urban, which exist at present.

Before the age of machines daily living was in a primitive state. The obtaining of food, clothing and shelter was about all any-one could hope for. There were few opportunities for recreation, amusement or culture for the great mass of the people. There were no motion pictures, no automobiles, no radio, no electric conveniences, no leisure.

Farmers of fifty years ago enjoyed none of the comforts and conveniences which the machine age has made possible for them. The back-breaking toil which farmers of a past age experienced is unknown today. No longer do they cut wheat with a cradle or thresh it with a flail. They have been emancipated from most of the drudgery of former times.

So, in spite of the complaints which we hear on every hand, it must be admitted that the farmer of the present is much better off than his father or grandfather ever was. Machines have been a blessing to the farmers, in spite of the temporary overproduction of crops which they have made possible in recent years.

THE SEVEN WONDERS

Nearly everyone has heard of the seven wonders of the world, but probably few could name them and fewer could tell what became of them. Those interested in such things might clip this out for their scrap-book.

The seven wonders of the world were so named by Antipater, a writer of Palestine, about 200 B. C., as follows:

- The Hanging Gardens of Babylon, destroyed in 484 B. C., more than 200 years before they were listed among the wonders.
- The Temple of Diana at Ephesus, burned in 262 A. D.
- The Statue of Zeus at Olympus, destroyed in 408.
- The Colossus of Rhodes, sold for junk in 653.
- The Lighthouse of Pharos at Alexandria, fell in an earth quake in 1373.
- The Mausoleum of Artemisia destroyed in 1402.
- The Pyramid of Cheops, the only one of the "Seven Wonders" still in existence.

Such were the seven wonders of the ancient world. Many lists of modern wonders have been made, but a recent writer selects not the perishable works of man, but the discoveries and inventions which have revolutionized civilization.

He names the radio, the telephone, the airplane, the antiseptics, spectrum analysis and radium. Whether his list is the best that might be made or not, the wonders mentioned will survive as long as humanity exists, bestowing untold benefits upon mankind.

WISDOM FROM THE EAST

Addressing a world conference of missionaries, Rev. Harris Kirk, of Baltimore, declared that "heathens have good reasons for disliking civilization, because it always introduces the vices and evils of civilized countries."

He also predicted that the world will eventually look to the Orient for political and moral leadership.

Many missionaries have complained of increasing difficulties since the World war, owing to the bad impression created by so-called Christian nations engaged in that unholy orgy of death and destruction.

Even in peace times it can not be denied that the prevalence of crime, especially in the United States, is a rather sorry example to hold up to the heathen. No wonder they are skeptical of western culture and religion, when such fruits are borne by our vaunted white civilization.

Alluding to this phase of the problem, Robert Doan, of Columbus, expressed the view that "practicing Christianity at home is more essential than preaching it abroad."

Rev. Kirk is no doubt sound in his idea that we have much to learn of philosophy and true morality from some of the Eastern peoples. The Orientals have been from time immemorial given to serious meditation of these problems.

We might also remember that Christianity, like all the other principal religions of the world, had its beginning in Asia.

SHORT SELLING

Growing agitation against "short selling" in security and commodity markets has attained such proportions that it is predicted that if the stock exchange does not act in the matter voluntarily, legislation to curb it is certain to be offered at the next session of Congress, and responsible leaders in both houses predict that it has a good chance of passage.

The latest burst of short selling to arouse important Congressional groups occurred when the governing board of the New York stock exchange, after banning short selling for two days following Britain's suspension of the gold standard, saw a rescinding of it soon followed by sharp drops in securities. During the two days of suspension of short selling prices recovered rapidly, but they had barely got under way when the ban was lifted and prices slumped, although there was little news of a disturbing nature to warrant such a great drop. On the contrary there was considerable optimism following the rise of the previous days.

In his recent speech at Indianapolis, President Hoover, in referring to short selling, said "Small groups in the business world make their contribution to distress by raids on the market with a purpose of profit from depreciation of securities and commodities. They are within the law, but they are equally condemned by our public and business opinion; they are by no means helpful to the nation."

The result of the bear raids and short selling has been seen throughout recent weeks. Thus at a time when the business and industrial world and legitimate investors have been struggling to overcome the depression, they are forced to contend with the short seller, with his false and malicious rumors and injurious activities, seeking to drive values deeper and deeper into the mire.

If "short selling" and bear raids, ever had any justification in stabilizing prices in times of inflation, certainly none can be claimed at the present time when the sole effect has been to hamper constructive measures toward recovery.

Whether they know it or not, the indisputable fact is that the stock exchange and all those intimately identified with it have fallen into general public disfavor and a large number of citizens hold "Wall Street" chiefly responsible for the nations present plight. Further flouting of an aroused public is dangerous.

Mr. Jones who represents Scarff & O'Conner of Dallas arrived Monday and shipped the type and presses of the Haskell Star back to Dallas.

S. W. Scott, Esq. and W. C. Ballard made a business trip to Dickens County last week. Mr. Scott returned Monday, but Mr. Ballard will remain until spring.

C. B. Banks informs us that the postal service to Benjamin has been changed to a semi-weekly mail. This is one more stride for Haskell in the right direction.

R. A. Mason and wife, H. G. McConnell and wife, J. E. Wilfong and wife went down to the Sod ranch on the clear fork Thursday peccan hunting and fishing. We hope the party meets with success and have a good time.

Donley County Sheriff Captures Big Still.

From the Clarendon News.

The largest liquor distillery ever captured in Donley County was seized last Monday morning on the Leck Goldston place 2 1/2 miles south east of Jericho. The still was cleverly concealed in a vacant tenant house close to a ravine, making access and departure to the building unnoticeable. The capacity of the still was approximately 200 gallons with one of the most complete outfits ever taken in this part of the country, included in the capture were 12 gallons of whiskey, 22 50-

Knob Knocked Vainly

From the Newcastle Register.

Sometime during Saturday night the grocery store of M. E. DeLong here, was entered by knob knockers and the safe robbed of \$40.00 in cash and about \$50.00 in checks.

Entrance was made through a rear window and the knob of the

safe was knocked off and the combination punched out.

These robbers are getting to be quite frequent here, as only one week before the Bowman Lumber Co. safe was robbed.
