FORTY-FOURTH YEAR

## LARGE CROWDS ATTEND 5th TRADES DAY HERE

### NUMBER OF FARMERS SIGN CONTRACTS

About two hundred farmers of this section attended the mass meeting at the courthouse in this city Monday afternoon, at which time Mr. E. C. Whitson, field man of the T. C. C. A. discussed the contract offered the farmers by the association. I. S. Grindstaff of this city presided as chairman of the meeting and introduced Mr. Whitson.

Close attention was given the speaker by those present, and he discussed the various features of the contract in an able and thorough manner, and afterwards devoted some time to answering questions in which he explained the different points of the contract. Considerable interest was manifested in the Association's plan, and quite a number of contracts were signed at the meeting Monday, with additional farmers signing up since that time.

I. S. Grindstaff, well known farmer and cotton buyer of Haskell, is acting as receiving agent for the Association in this city, and anyone interested in the contract offered by the Association may have the same explained to him fully by Mr. Grindstaff without any obligation whatever.

### FARMER GETS 38 TONS OF MAIZE FROM 27 ACRES

D. R. (Doran) Brown, Rochester farmer, planted 27 acres to milo from pedigreed seed, secured from the Lubbock Experiment Station.

Twelve acres of the field were planted with the third row out and the fifteen acres were planted solid with plenty distance in the drill. From the twelve acres with the third row out, Mr. Brown harvested 300 pounds more per acre than the part planted every row. He says that from now on he will plant all the feed with the third row out. Mr. Brown believes in putting back into the land what is removed with the crops. He planted the third row too, in Blue Goose peas in order to build up the land. He says we should rebuild the land where possible by planting some kind of legume crop.

Mrs. W. D. Hallmark and daughter Miss Margaret and Mrs. Fulton Brown and little daughter Rachel are of Lampasas are visiting in the home of Mr. and Mrs. Jesse L. Collier.

### GOOD WILL TRIPPERS FROM ABILENE VISIT HASKELL THURSDAY

Some fifty Abilene business men, headed by D. H. Jeffries and T. N. Carwell, secretary of the Abilene Chamber of Commerce and accompanied by the Simmons Cowboy band, visited Haskell Thursday morning on their second day's good-will trip through West Texas.

The trippers, traveling in two large buses, were met at the outskirts of town at nine o'clock by a delegation of Haskell business men, who escorted them into town where a delegation paraded around the square and then assembled on the west side of the courthouse lawn, where a large crowd had gathered. Mayor Emory Menefee in a few chosen words welcomed the trippers to Haskell, followed by Chamber of Commerce manager Turner E. Camps of the Association who spoke briefly of the coming Haskell County Fair, and the support and pledges of Haskell's support to the West Texas Fair at Abilene. He also extended an invitation to Abilene to send a representative young man of that city as "Pioneer" for the coronation which will crown the Haskell Fair. A response was given by the Abilene

J. A. Cassie, Rule.  
H. M. Cooner, O'Brien.  
C. C. Cunningham, Goree.  
R. B. Neal, Rule.  
John V. Davis, Haskell.  
J. W. Nanny, Haskell.  
A. C. Pierson, Haskell.  
H. Weinert, Weinert.  
P. H. Campbell, Rule.  
O. L. Darden, Sagerton.  
J. E. Mansell, Rochester.  
John P. Payne, Haskell.  
John W. Driskill, Rule.  
Dimmitt Hughes, Haskell.  
L. M. Kay, Rochester.

### Large Enrollment In High School Agricultural Class

There is no truth in the statement that people do not need to study agriculture and that anyone can farm. This is evidenced by the fact that there is a growing interest in agricultural work in spite of the drought and depressed economic conditions. Not all of the coming generation is planning on leaving the farm. Some are preparing themselves for a life of usefulness on the farm.

Thirty-eight boys enrolled in Vocational Agriculture for the coming year at the opening of school Monday. Not all of these will farm but some of them will. The purpose of the Vocational Agriculture teacher is to train the pupil along the lines he wishes to train for and if by giving encouragement to those who are to feed us tomorrow the agriculture teacher can cause them to more efficiently think out their problems he will have served his purpose.

Many activities of varied scope and size are being planned for the coming year. A detailed outline of this year's program of work will appear in next week's issue of this paper.

who signified unanimously that they would have a representative here. Mayor Thos. E. Hayden was next introduced by Mr. Carwell, and in a brief but eloquent talk Mayor Hayden presented a token of Abilene's friendship for Haskell and her citizenship.

Rupert N. Richardson, of Simmons University in a five-minute talk outlined the purpose of the goodwill tour and commended the spirit of the citizenship of West Texas in the face of the reversals and drought conditions of the past two years. His talk was full of optimism and reflected the spirit of the true West Texas.

### THIRTY BOYS REPORT FOR GRID PRACTICE MONDAY

Something over thirty boys reported for football practice Monday afternoon. Not only is there quantity in numbers in this year's team but there is perhaps as much weight as many college teams have. Size and numbers does not count for everything in football and it won't have to be depended on for a winning team this time. There should be power in the veteran team of this year.

Eight letter men reported from last year's squad: Wallace Sanders, Rogers Gilstrap, John Clifton and Joe Smith are veteran line men and will be depended on as nucleus for this year's line. A large number of boys are cut to fill the other vacancies and form the reserves for the line.

For the backfield there is the most promising material in several years. Four letter men are back from last year's team: Captain Bill Kimbrough looks better than ever and is expected to lead this team thru undefeated. Rex Felker, Herman Pittman, and Kenneth Sherman are the other backs reporting from last year's squad.

New faces and bigger and better material for reserves is a feature of this year's squad. Both coaches and townspeople await with anxiety the opening games so they may see in action a team boasting so much size, power and speed.

Mrs. Virgil Reynolds visited friends in Wichita Falls this week-end and was accompanied to this city by Mrs. H. S. Wilson and Gilbert.

### FARM RALLY HELD HERE SATURDAY

#### Tidwell's Shows Booked For the Haskell Co. Fair

For the fourth consecutive season, The Haskell County Fair patrons will see the T. J. Tidwell's Shows on the Midway at the annual Haskell County Fair to be held in Haskell, October 16, 17 and 18. Arriving on its special train and unloading Monday morning two days before the fair opens. It's a real treat so advance men say to see this ten car train start its unloading process. We really believe that we have one of the cleanest and best carnival companies on the road today says Turner E. Camps, Manager of the Haskell Fair. We have been impressed with their shows for the past three years and they seem to be growing each year, more riding devices have been added and several new shows and I believe we are assured of some real value for our money.

As the Haskell people know from past experience, the T. J. Tidwell shows are of high class and are unusually clean. The Tidwell Shows this year will offer probably as many riding devices as any show its size in America, bringing some 250 performers, artisans, and laborers, making a miniature city on the Fair Grounds, these people spending a week in the city will leave several thousand dollars in our midst, besides the regular carnival expense money which will be left here.

Mr. L. B. Campbell State Secretary of the Farm Bureau Federation closed the meeting by making a strong appeal to those present to organize and present a solid front. Especially the need of farm representatives to watch tax bills and other measures that vitally effect the farms.

Mr. Campbell is a farmer himself and knows the present condition of farmers and presents their claims in a forceful manner.

Mr. and Mrs. P. L. Daugherty have gone to Graham to visit their relatives, Mr. and Mrs. Houston Bolin, Miss Ermine Daugherty, who has been spending several weeks in Colorado will accompany them home from Graham.

Hon. T. W. Davidson of Dallas transacted legal business in Haskell this week.

### DROUTH RELIEF MAY BE HAD FOR COUNTY

The Drouth Relief Committee appointed by Gov. Moody at a meeting in Wichita Falls August 29th, passed resolutions to the effect that a committee composed of Gov. Moody, D. A. Barden, manager of West Texas C. of C. and Mr. Fuqua, Texas member Federal Farm Board call on Pres. Hoover and try to get a special session of congress to pass a bill and provide \$15,000,000 for Texas counties in the drouth area and get 50 per cent reductions on freight rates into the drouth area. A question of state relief was brought up as well as the Red Cross, but Texas can only appropriate Two Hundred Thousand Dollars according to the constitution, and as some counties will need that much in order to make a crop the coming year.

It is possible that Haskell County may get some funds for relief and to make a crop on the coming year, but in order to get any relief we must have an estimate of how much will be needed in the county so that we will know how much to apply for. If on reading this you know of any who needs to have aid to put in next year's crop have them to get in touch with the County Agent at once and file application. A committee composed of R. C. Couch, Leo Southern, B. Walters, County Judge Joe A. Jones and Joe C. Williams were appointed on a committee by the Governor for investigating applications for aid.

The committee must have this information by Saturday if we are to get any drouth aid. The whole of Haskell county does not need aid but some sections of the county are in real need of aid.

### Large Crowds Attend Style Show At Robertson's

Tuesday evening at 6:30, Robertson's Dry Goods Store had their formal opening for business in Haskell, with a Style Show.

The friends and future customers were met at the door by Mrs. R. J. Reynolds, who introduced Miss Hazel Robertson, head of the Ladies Ready-to-Wear, Miss Flora Jones formerly of Clyde, head of the Piece Goods Department, and John E. Robertson who will be Manager of the Store.

Miss Lois Earnest, assisted by Misses Gilstrap and Walling poured punch.

Mr. Joe Meacham and his High School Band rendered very effective music throughout the entire Style Show, in which Misses Leita Robertson, Nancy Guest, Lela Welsh, Maurine Couch, Mary Couch and Mrs. Virgil Reynolds acted as models.

First the girls modeled Sun-Ray house frocks, made in California. Following were sport clothes in various colors, with sport shoes, hats and berets. Stylish winter coats, with and without fur, and suitable accessories were shown next. Afternoon frocks with beads, purses, handkerchiefs, hose, and all accessories were then displayed.

Mr. Robertson who needs no introduction to his friends of Haskell and Haskell County, as he has been in the Mercantile business here before, made a short talk inviting his friends to visit his store and share their business with him, in turn offering them quality and service.

A large and representative crowd attended and expressed their appreciation for the hospitality shown by the entire store family, and praises of the fashions exhibited.

### FIDDLING CONTEST WILL BE HELD HERE SATURDAY NIGHT

An old-time fiddling contest and dance will be held at the Simpson building south of the square Saturday night, according to E. K. Bludworth, who is sponsoring the affair, and who states that any fiddler in this section is eligible to compete in the contest, all entrants playing by ear.

The promoter states that among those who will be entered in the contest are The Morrow 4, of Monday, Sam Marvel, C. A. Ward, J. E. Holmesly, The Williams Bros Band, and Charlie Adams. Further particulars regarding the contest appear in an advertisement in this issue.

R. C. Montgomery and wife have returned from a vacation spent in Colorado.

### Varied Entertainment Features Prove Excellent Drawing Card.

#### TWO LOCAL FIRMS ADVOCATE MOODY BUY-A-BALE PLAN

Two Haskell business firms are in accord with Governor Moody's plan to "Buy a Bale at 15c" in an effort to bolster up the price of cotton.

Courtney Hunt & Company was the first Haskell firm to buy a bale of cotton and pay 15c per pound, the bale being placed on display in front of their store Monday. Mr. Hunt states that the one will not be sold until the market price reaches 15c per pound.

Atkinson's "M" System store are also advocates of the Buy-a-Bale plan, and will have their bale on display this week, according to Hollis Atkinson.

### SAVE YOUR BEST PRODUCE TO SHOW AT HASKELL FAIR

Every man woman and child is urged this year of all years to save their agricultural products and bring them to the Fair. While the world is crying hard times and Haskell County being in the so-called arid district, let us show to Texas and the world what Haskell county can produce in a year when other counties can produce nothing. The Fair this year coming the middle of October with the crops late it could have been no better, also this year's poultry show should be the best ever and we are urging all in this County to do their utmost to make the creditable showing that we can make if we so choose.

### Last Quarterly Conference of Year Held by Methodists

The last quarterly conference of the year was held at the First Methodist Church in this city last Sunday evening. A report of the work in full was given for the conference year, in which a substantial advancement in the work of the church was noted. Additions reported for the year thus far totalled 51 persons.

Miss Ruth Clough, who formerly taught in Haskell Public Schools, and who is now teaching in the Dallas schools and mother are visiting Miss Hazel and Eunice Wilson of this city.

### SUCCESSFUL REVIVAL CLOSED SUNDAY AT BAPTIST CHURCH

#### Associational W. M. U. To Meet In Rule Tuesday

The annual all-day business meeting of the Haskell Association, W. M. U. will be held in Rule Tuesday Sept. 9th, beginning at 10 o'clock a. m.

All officers and chairmen are expected to bring written reports. All women in the association are invited to be in the meeting, and all active members are especially urged to be present, on time and praying for a good meeting. Mrs. Caldwell, our district president, will speak at 11:30. Those attending are asked to bring six sandwiches, as in other meetings.—Contributed.

Rev. Gaston Poole, accompanied by Rev. Kenneth Pope, returned to Haskell this week.

Marked by the largest attendance of any like affair yet held, Haskell's fifth monthly Trades Day was also one of the best in point of attractions and entertainment features, with business men who are co-operating reporting a noticeable increase in patronage during the day.

One feature of the day which was the cause of much merriment was the disguise effected by four Haskell business men who walked and rode around the business section for several hours before being recognized. An award of \$2.50 in gold was given to each person who recognized the disguised men.

Two other awards were also given, one for the family coming the farthest distance to Haskell for Trades Day, and the other for the largest family attending the Trades Day.

Another attraction which drew a large audience was the water fight staged by the Haskell Fire Department, which was given on the southeast corner of the square at 5 o'clock.

Music by the Haskell Band was enjoyed by the large crowds, and the band boys presented a very creditable appearance in their new uniforms.

The committee who have in hand the Trades Day for next month state that they are planning many additional features for the occasion, entirely different from anything yet staged, which will be announced next week. For one thing, an award will be given the farmer bringing a bale of cotton from the longest distance and having it ginned in Haskell. Several of the gins have already signified their intention of co-operating in the Trades Days, and practically every gin in Haskell will likely join the movement as the ginning season opens.

Full details of the various attractions for the next Trades Day will be contained in circulars and advertising which will be out next week, and every person in Haskell's trade territory should take advantage of the inducements being offered by Haskell business firms to those who "Trade in Haskell."

### Panhandle Station Under Management of I. R. Samuels

Management of the Panhandle Filling Station, one block north of the square, was taken over the last of the week by I. R. Samuels of Stamford, who has moved to Haskell and will make this place his future home. Mr. Samuels is an experienced man in this line of business, and states that he is well pleased with the patronage that has been accorded him since coming here. The station is one of the most modern in the city, and in addition to the complete line of Panhandle products carried, a large stock of Firestone tires and tubes is also handled by the station.

### Associational W. M. U. To Meet In Rule Tuesday

The annual all-day business meeting of the Haskell Association, W. M. U. will be held in Rule Tuesday Sept. 9th, beginning at 10 o'clock a. m.

All officers and chairmen are expected to bring written reports. All women in the association are invited to be in the meeting, and all active members are especially urged to be present, on time and praying for a good meeting. Mrs. Caldwell, our district president, will speak at 11:30. Those attending are asked to bring six sandwiches, as in other meetings.—Contributed.

# OLD TEXAS TRADITION COMES TO LIGHT

THE CRAZY WELL—1930

This magnificent structure has replaced the old one room shack of 1885, and is a popular playground, health and recreation center for people from all parts of the globe, and is familiarly known to them as the home of Crazy Water.

Mineral Wells, Texas, Aug. 1930. Among the most romantic of legends which have woven themselves about the existence of Texas is one which has lain idle in the memories of a few gray bearded pioneers of the eighties. Like a nugget of gold that at last glows in the hands of the prospector after nesting unfound for decades, the legend of the founding of Mineral Wells and the discovery of Crazy Water glows with all the romance that the story of the discovery of a medium which has benefited so many people should find when after 75 years it is brought to light and sold.

The story of the accidental discovery of Crazy Water hidden deep in the earth, and which now attracts a hundred and fifty thousand visitors annually to Mineral Wells reads like fiction: A homeseeker, who in the early fifties had trekked to Texas in the traditional covered wagon, experienced difficulty in finding a water supply. No shallow vein could be located and finally when a driller chanced along the trail, he bartered one of his much prized teams of oxen to induce him to sink a deep well. The water was strongly mineral—unsuited for cooking and would not lather soap. They almost feared to drink this water, but hard-pressed, they did so. And lo! The invalid wife who was suffering from a disease called hysteria dementia was cured of her ailment, and thereafter this well bore the name of Crazy Woman Well until time simplified it to plain Crazy Well.

And beginning thus with the grateful settler's wife, down through over half a century, the waters of Mineral Wells have gained fame, until it has become the place "Where America drinks its Way to Health."

The discovery of Crazy Water in 1885. This is the place where the water was first found and given a name.

**Citation By Publication**  
The State of Texas,  
To the Sheriff or any Constable of Haskell County—Greeting:  
You are hereby Committed, that you summon, by making publication of this notice in the Haskell Free Press, a newspaper published in Haskell, Haskell County, Texas for four consecutive weeks previous to the return day hereof, W. A. Lewis whose residence is unknown. The nature of the cause to which

this notice is given is as follows:  
No. 1846  
The State of Texas,  
County of Haskell.  
We the undersigned, Special Commissioners appointed by the County Judge of Haskell County, Texas, to assess damages to W. A. Lewis and against Haskell County by reason of the condemnation of a certain right-of-way over and through their property and premises, the same being described as follows:

W. A. Lewis  
B. B. B. & C. R. R. Survey, Section No. 12, Beginning at the S. W. corner of the W. A. Lewis property, said point of beginning being 40 ft. from and at right angles to chain station 1-01; Thence N. 89 deg. 04' W. 1309 ft.; Thence N. 89 deg. 56' E. 10 ft.; Thence S. 0 deg. 04' E. 1309 ft.; Thence S. 89 deg. 56' W. 10 ft. to point of beginning and containing 0.30 acres, more or less.

**NO SUFFERING FOR FOOD BECAUSE OF THE DROUGHT**  
No suffering for food because of the drought will be experienced by the more than 4,000 Texas farm families who early in the spring planned their year's food supply using the 4-H pantry outline as the basis of their plans, according to Miss Lola Blair, Extension Service Specialist in Nutrition. June reports indicated that 1007 4-H pantry demonstrators are enrolled in 94 counties in which county home demonstration agents are working, and that 3,000 more farm women are canning according to budget and feeding their families by healthful standards as worked out by the demonstrators.

## English Musical Comedy Actress Gives Recipes for Coffee Desserts

Miss Lillian Bond, petite English star of "Follow Thru," some of whose favorite coffee recipes are given below.

**COFFEE** is not only America's favorite drink, but—surprisingly enough—it is also the favorite recipe favoring of an English actress. The actress is Miss Lillian Bond, star of the musical success "Follow Thru," who is herself an excellent cook and has collected more than one hundred recipes for delicious desserts and drinks in which coffee is a principal ingredient.  
Miss Bond has found hot coffee of enormous benefit to her in the exacting life of the theatre. Often she must act a role when she is tired and feeling quite unlike the gay, lively person who must appear behind the footlights—then a cup of fragrant coffee gives her the proper physical and mental stimulation to play her part.  
When she makes her own coffee, this petite young Englishwoman is careful always to get the proper proportions—a heaping tablespoonful of coffee to a cup of water. She believes that the time of infusion should be as short as possible so that there will be no bitterness and that, to be at its best, the coffee should be made.  
But right after the coffee is made, she adds a dash of cream.

- WALNUT MOCHA CAKE**—  
1/2 cup butter  
1 cup sugar  
1/2 cup coffee (cold)  
1/2 cup flour  
2 1/2 teaspoons baking powder  
Whites of 3 eggs  
3/4 cup broken walnut meats  
Cream the butter, then gradually add sugar, coffee, flour mixed and sifted with baking powder, nuts and egg whites beaten stiff. Bake 40 minutes.
- COFFEE FUDGE ICING**—  
4 ounces chocolate  
1/2 pound butter  
1/2 cup coffee (cold)  
Add enough sugar to make it the right consistency to spread.
- COFFEE JELLY**—  
1 envelope sparkling gelatine  
1/2 cup cold water  
3 cups clear strong coffee  
1/2 cup sugar  
Juice of 1 lemon  
Soak gelatine in the cold water 5 minutes and dissolve in the hot coffee. Add lemon juice and sugar, stir until dissolved. Turn into a mold, first dipped in cold water, and chill. Serve with whipped cream.
- COFFEE CREAM PUNCH**—  
3 quarts boiling coffee add 1/2 cup granulated sugar and 4 cups maple extract. Allow to simmer over crushed ice and add 1/2 cup cream. Stir and chill.

Also a tract of land to be used for cutting a drainage ditch, described as follows: Beginning at a point 50 ft. from and at right angles to chain station 3-95, and to right of Centerline; Thence N. 89 deg. 56' E. 50 ft.; Thence N. 0 deg. 04' W. 20 ft.; Thence S. 89 deg. 56' W. 50 ft.; Thence S. 0 deg. 04' E. 20 ft. to point of beginning and containing 0.02 acres more or less.

Also a tract of land out of the W. A. Lewis property, B. B. B. & C. R. R. Sur. Sec. No. 12, to be used for borrow in Roadway Embankment, and being described as follows: Commencing at the N. W. corner of the W. A. Lewis property; Thence N. 89 deg. 56' E. 10 ft. to point of beginning, 10 ft. to point of beginning, said point being 50 ft. from and at right angles to Chain Station 14-10; Thence S. 0 deg. 04' E. 410 ft.; Thence N. 41 deg. 56' E. 1114 ft.; Thence N. 0 deg. 04' W. 300 ft.; Thence N. 45 deg. 04' W. 141 ft.; Thence S. 89 deg. 56' W. 90 ft. to point of beginning and containing 0.50 acres, more or less.

Having been sworn to assess said damages fairly and impartially and in accordance with law, do hereby appoint as the place and time for hearing said party, the Court House in Haskell, Haskell County, Texas on the 30th day of August, 1930.

Emory Menelee,  
J. E. Leflar,  
T. A. Pinkerton,  
Special Commissioners.

Herein Pail Not, and have you before said Commissioners, on the above said date, this Writ with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of office in Haskell, Texas, this 5th day of August, 1930.  
(Seal) Jason W. Smith, Clerk County Court, Haskell Co., Texas.

### COWS TESTED IN GALVESTON COUNTY

H. Stoneking, who is one of the Galveston county dairy demonstrators who weigh the feed and milk of each cow daily, finds that he has one cow that pays him an income over feed cost of \$20.79 and another out of the same herd, purchased for the same price, that pays only \$7.51 for the same period of time. If the entire herd were like the first cow he estimated that he would get \$9.48 per day for his labor and interest on his investment while if all the cows were no better than the last one he would net only \$3.00 per day.

### ALFALFA SEED IS BOUGHT COOPERATIVELY

Ten more demonstrators in growing alfalfa have been lined up by the county agent of Wichita county. A total of 188 acres will be included in these new demonstrations and the seed for planting will be bought cooperatively, all the seed inoculated and most of it sown in September provided there is a suitable season. All grown under irrigation will be sown the first part of Sept.

### MEMBERS OF THE LEGISLATURE SHALL RECEIVE FROM THE PUBLIC TREASURY A PER DIEM OF NOT EXCEEDING \$10.00 PER DAY FOR THE FIRST 120 DAYS OF EACH SESSION AND AFTER THAT NOT EXCEEDING \$5.00 PER DAY FOR THE REMAINDER OF THE SESSION.

In addition to the per diem the members of each House shall be entitled to mileage in going to and returning from the seat of government, which mileage shall not exceed \$2.50 for every 25 miles, the distance to be computed by the nearest and most direct route of travel, from a table of distances prepared by the Comptroller to each county seat now or hereafter to be established; no member to be entitled to mileage for any extra session that may be called within one day after the adjournment of a regular or called session.

Sec. 3. The foregoing constitutional amendment shall be submitted to the electors of this state qualified to vote on constitutional amendments at an election to be held throughout the State on the first Tuesday after the first Monday in November, A. D. 1930.  
(A correct copy.)  
Secretary of State  
JANE Y. McCALLUM,  
No. 4102  
Citation By Publication  
The State of Texas,  
To the Sheriff or any Constable of Haskell County—Greeting:  
You are hereby Committed, That you summon, by making Publication of this Citation in some newspaper published in the County of Haskell if there be a newspaper published therein, but if not, then in the nearest County to said Haskell County, for four consecutive weeks previous to the return day hereof, D. D. Eoff whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Haskell at the Court House thereof, in Haskell, Texas on the 22nd. day of September, 1930, then and there to answer a Petition filed in said Court on the 14th day of August, A. D. 1930, in a suit numbered on the Docket of said Court No. 4102, wherein Realty Trust Company is the plaintiff and D. D. Eoff and wife Mrs. Middle Eoff, F. L. Daugherty, Mrs. J. R. Cooper and husband J. R. Cooper, and W. P. Crouch are the defendants. The nature of the plaintiffs demand being as follows, to-wit:

Plaintiff prays judgment for debt, interest attorney's fees, foreclosure of lien, costs of suit, etc., alleging that on the 14th day of September, 1928, the City of Haskell, Texas, acting by and through its proper officers issued certificate of special assessment in the sum of \$257.43 to the Tibbetts Construction Company for the pro-rata part of the cost of paving and improving Houston Street, against the Defendant, D. D. Eoff, and his property, described as all that tract piece, or parcel of land lying and being situated in the City of Haskell, County of Haskell, State of Texas, being Lot No. 3 in Block No. 5 of the J. W. Meadors Addition, fronting 50 feet on the West side of Houston Street, which assessment was payable in six equal installments. That Defendants, D. D. Eoff and wife Middle Eoff executed their written mechanic's lien contract for said work and agreed to pay to said Tibbetts Construction Company the amount of said assessment in said installments. Prior to the maturity of the second installment said Tibbetts Construction Company transferred and assigned to the Plaintiff said assessment and contract and lien securing the same, and that said Plaintiff has often requested the Defendants to pay same, but Defendants have failed and refused to pay any part of said indebtedness, to Plaintiff's damage in the sum of \$350.00, and further damage in the sum of \$75.00 attorney's fees, which have been incurred.

Herein Pail Not, and have you before said Court, on the first day of said term thereof, this Writ, with your endorsement thereof, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Haskell this, the 26th day of August, A. D. 1930.  
(Seal) Lois Earnest, Clerk District Court, Haskell Co., Texas.

### FAYETTE COUNTY FARMERS TO PLANT ALFALFA

Fayette county farmers plan to sow about 2000 acres to alfalfa this fall and winter as a result of seven successful alfalfa growing demonstrations. On a recent alfalfa tour organized by the county agent, farmers saw spring-sown alfalfa on the Fritz Lampy Farm making its second cutting this season, and the same record from last November-sown alfalfa on the Fred Page Farm. Another field on this latter farm that had been in alfalfa three years had given two good cuttings and was ready for the third.

Alfalfa should be sown here in early fall if moisture will permit, W. H. DuPuy, county agent says, and the seed bed should be well prepared and very firm. Seed sown in this county is to be inoculated with bacteria before planting to insure the development of the characteristic legume root nodules which store the nitrogen fixed by the plant from the air.

Sec. 2. That Section 24 of Article 3 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

## NO NEED TO DELAY FIXING LIVING ROOM

A cheerful living room in good taste is now within reach of most farm families, and this is almost as true of tenants as of owners, so the records of nearly 5000 Texas farm women who have improved living rooms last year show. In a recently compiled report from 873 women who completely revamped this social center of the home with the help of home demonstration agents, and from 3932 other women who went part or all of the way in this improvement work, it is revealed that \$25 in cash was sufficient to revolutionize the average living room. The cooperators, whose changes were not quite so sweeping, brought about marked improvements for an average of \$7.50.

"In three years more than 10,000 Texas farm homes have been brightened by simple, inexpensive changes in the living room," Mrs. Bernice Clayton, Extension Service Home Improvement Specialist declares. "It is unnecessary to put off having a pleasant place for the development of family social life until the new house is built, and foolish, when one remembers that nearly one fourth of the family's time is spent in the living room or its equivalent. Our demonstrators and cooperators in home demonstration clubs have done real service for rural Texas in showing how much can be done with a little."

Selecting from the comprehensive report of 1930 living room improvements it may be noted that more than one-third of 495 farm homes in which these changes were made were occupied by tenants. Landlords frequently furnished material and the tenants the labor. Again, it is found that much of the improvement didn't take money at all. As good as new furniture was obtained in 4418 cases by refinishing at the cost of labor and practically no varnish, stain or paint; and in over 2000 homes a tasteful rearrangement of furniture worked wonders. In 816 cases home be-

came more cheerful by the simple expedient of getting completely rid of useless furniture. Similarly, the removal of undesirable pictures and the re-hanging of others wrought untraced, especially when accompanied by the elimination of bric-a-brac. Among other shifts that cost these women nothing was obtaining floor coverings from hand woven rugs. While 627 women bought store rugs 757 wove their own.

Miss Lena May Avery of Wichita Falls spent Sunday and Monday with her parents, Mr. and Mrs. I. T. Avery.

The American Child's Chance

The first day of school in the fall is a wonderful picture of American opportunity. The sight of all those boys and girls trooping to school for another year of work, is an inspiring one. Their bright and eager faces are due more to the pleasure of meeting their mates again than to love of study, yet as a rule they are not lacking in ambition.

Will these young folks make the best of these opportunities, which are equalled in scarcely any country on earth? As distractions come in to call away their attention, will they lie down on their work and be satisfied just to get by and barely pass?

They should realize that their parents make great sacrifices to provide these opportunities. The expense of running schools is almost always the largest item in the tax bill. Families deny themselves the comforts and pleasures they desire, so that their children can have good schools. If the children can only realize that these parents are giving up many satisfactions in order that the young folks may have this education, it may spur them on to make the best of it.

They should also realize that to make good in the world, people must have useful knowledge. The things their textbooks teach are the tools of daily work. If they can't use those tools skillfully, they are as awkward as the boy who tries for a place on the football team without ever having seen a football before.

It is easier to lead children than to drive them. Attempting to force them to study may or may not get results. If they can be shown that they need study to accomplish the results in life they desire, they are likely to take hold and do some real work.

Forces of Progress

Organization accomplishes everything that is accomplished. Lack of organization does nothing. There may be a practically unanimous sentiment in a community like Haskell in favor of some improvement. But if that sentiment is not organized, if some group of people is not appointed to carry out that idea, or if some group do not take it on themselves to get together and put it through, it will never be accomplished.

An idea without some organization pushing it, is about like an automobile with an empty gasoline tank. It may be the finest car in the market, but it won't move. Give our good ideas some motive power behind them.

Regular Trade

It is always an advantage for a store to have certain regular customers, who come back time after time and ask for goods. A concern that has built up a trade like that has created a strong foundation for success.

No such advantages are all on one side. It is also an advantage for a person to have regular buying places. In that way he secures more careful attention. His wants are looked out for more thoughtfully. People take more pains to see that his interest is protected. He is more likely to be warned against purchases that will not prove satisfactory. You get that kind of protection when you buy in the good home stores of Haskell.

They Hate To Give Up.

"How these old veterans hate to give up marching in the parade," was remarked at Cincinnati, when nearly 1200 Civil war veterans paraded at the Grand Army Encampment. "They continue to walk long after they should stop," it was said.

So it is with all the old folks of Texas. Age is a tragic thing. When people have to quit some form of activity that they have carried on all their lives, it takes courage to face this decline of strength. It takes calm philosophy, faith in the ultimate rightness of things, and trust in the power that guides us all.

Economic Effect Of Advertising

It would be a difficult thing to find a business authority in these times that would not say that advertising is one of the very essential features in business. It performs a certain service that needs to be performed for successful operation, and if that service is lacking, business suffers.

When you advertise a business in some medium having a circulation among the people you desire to reach, you attract public attention to the merchandise provided by that business. The result is to draw people to see those goods, and to increase sales. A well advertised store ought to sell twice as many goods as one that is not advertised.

This doubling of the volume of a business, or whatever increase is secured, works for efficient and economical distribution. When the sales of a business are thus doubled, the expense of doing that business should not rise in anything like the same proportion.

You may be able to double the volume of your trade, while your expenses may not have increased by 25 or 50 per cent. Hence your expense per article sold is reduced by the advertising. You can sell goods cheaper to the public. Your ability to do this draws still more people to the store. So a well advertised business not merely sells cheaper and makes more money, but it is in a position to enlarge and go on to become a much bigger concern, the profits of which will far exceed those it gained before it started to bring its goods to the attention of the public.

Thus all parties profit by advertising. The public gains information it desires to have, the concern increases its trade and its profits.

Home Town Thoughts

So far no community was ever pushed ahead by the smart critics that sit around and point out its defects.

The people who go away from home to do their shopping, do not figure their additional time as a part of the cost of such goods. The concerns that expect their customers to give them free advertising, might be reminded, that these customers have other things to do with their time and attention.

Lawless America

George W. Wickham, head of the president's law enforcement commission, recently made some remarks on the unwillingness of the American people to obey the laws. His commission will in due time make some suggestions.

Meanwhile we all know about how far the laws will go, if people do not feel like obeying them, and if no effort is made to enforce them. You may post a perfectly reasonable notice on every road in Texas fixing speed limits for automobiles. But if no one is brought into court for violating that notice, almost anyone who desires to travel at a faster rate will do so.

One may deplore this tendency and say that people ought to obey the laws. Yet they have always had this strong tendency. They seem to have inherited it from the days when the English government tried to order them around. When they began to tax tea and other things, the independent minded colonists threw the tea into Boston harbor. Their descendants are still active.

So we have a mountain of laws that are not well obeyed. The majority are good and useful laws, and would improve things if they were adhered to. But our independent people often refuse to consider what would be for the good of the community. They claim to know better than the lawmakers as to what is good for them. They do as they like until some officer comes around and invites them to interview the judge. After which their views frequently change. And of course legislators are human and often pass laws that are wrong and can never be enforced.

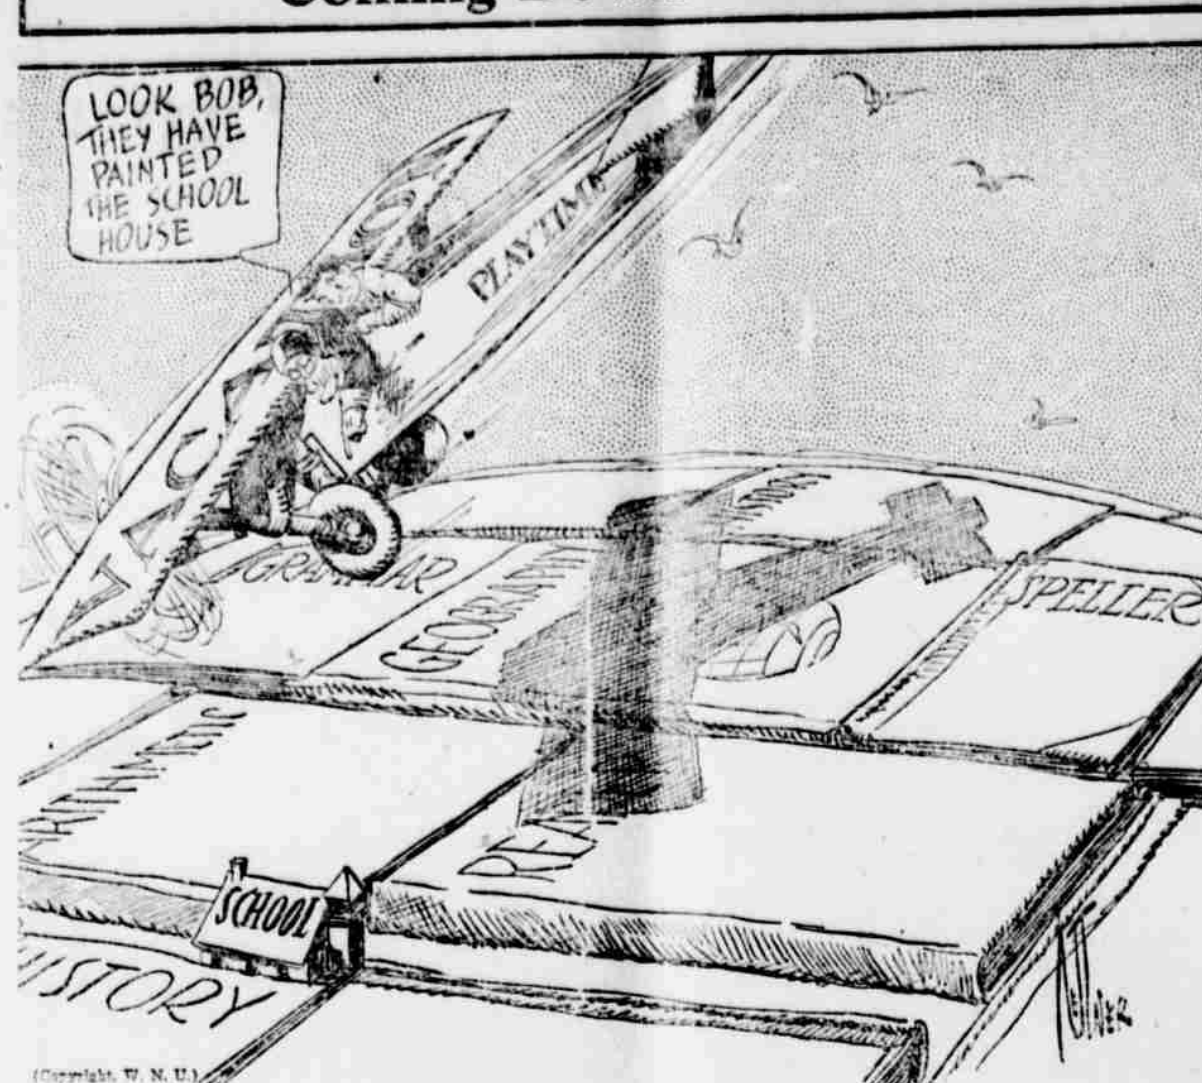

Citation By Publication

The State of Texas,  
To The Sheriff or any Constable of Haskell County, Greeting:

You are hereby commanded to cause to be published for 20 days exclusive of the day of the first publication and the return day thereof in some newspaper published in Haskell County, Texas, a copy of the following notice:

The State of Texas,  
To All Persons Interested in the Estate of Kate F. Morton, deceased, whereas Joe Lee Ferguson filed in the County Clerk's office his final report as Temporary Administrator of said estate after his removal as such Temporary Administrator and a hearing on said report and all exceptions thereto will be heard by our said County Court on the First Monday in September, 1930, same being the first day of said month, at 10:00 o'clock a. m. at the Court House of said County in Haskell,

Coming Down to Earth

Texas, at which time all persons interested in said estate may appear and contest said final account should they desire to do so.

Herein Fail Not, but have you before said Court on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court at office in Haskell, Texas as this 21st day of July, 1930.

Citation By Publication  
The State of Texas,  
To The Sheriff or any Constable of Haskell County—Greeting:

You Are Hereby Commanded, That you summon, by making Publication of this Citation in some newspaper published in the County of Haskell if there be a newspaper published therein, but if not, then in the nearest County to said Haskell County, for four consecutive weeks previous to the return day hereof, Mrs. Middle Eoff whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Haskell at the Court House thereof, in Haskell, Texas on the 22nd. day of September, 1930., then and there to answer a Petition filed in said Court, on the 14th day of August, A. D. 1930, in a suit numbered on the Docket of said Court No. 4192, wherein Realty Trust Company is the plaintiff and D. D. Eoff and wife Mrs. Middle Eoff, P. L. Daugherty, Mrs. J. R. Cooper and husband J. R. Cooper, and W. P. Crouch are the defendants. The nature of the plaintiffs demand being as follows, to-wit:

Plaintiff prays judgment for debt, interest, attorney's fees, foreclosure of lien, costs of suit, etc., alleging that on the 14th day of September, 1928, the City of Haskell, Texas, acting by and through its proper officers issued certificate of special assessment in the sum of \$237.43 to the Tibbetts Construction Company for the pro rata part of the cost of paving and improving Houston Street, against the Defendant, D. D. Eoff, and his property, described as all that tract, piece, or parcel of land lying and being situated in the City of Haskell, County of Haskell, State of Texas, being Lot No. 3 of Block No. 5 of the J. W. Meadors Addition, fronting 50 feet on the West side of Houston Street, which assessment was payable in six equal installments. That Defendants, D. D. Eoff and his wife Middle Eoff executed their written mechanic's lien contract for said work and agreed to pay to said Tibbetts Construction Company the amount of said assessment in said installments. Prior to the maturity of the second installment said Tibbetts Construction Company transferred and assigned to the Plaintiff said assessment and contract and lien securing the same, and that said Plaintiff has often requested the Defendants to pay same, but Defendants have failed and refused to pay any part of said indebtedness, to Plaintiff's damage in the sum of \$350.00 and further damage in the sum of \$75.00 attorney's fees, which have been incurred.

Herein Fail Not, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Haskell this, the 26th day of August, A. D. 1930.

SUNDAY 11:00 a. m. "HOW TO BECOME GREAT IN THE KINGDOM OF HEAVEN."

Please read Matt. 18:1-10, before coming to this service. This will be our scripture lesson for the morning service. The following are some of the questions that will be answered:

- 1. What is meant by becoming a child in order to enter the Kingdom of Heaven?
- 2. What is meant by being the greatest in the Kingdom of Heaven?
- 3. What will happen to the person who tries to lead one of these little ones astray?
- 4. What is meant by the expression "Their angels do always behold the face of My Father which is in heaven?"

SUNDAY 8:15 p. m. "HOW YOU MAY KNOW THAT YOU HAVE BEEN CONVERTED."

We are anxious that this service will be a blessing to every child of God. We believe that it will be helpful to the unsaved. If there are those in our community who are not certain of their conversion, we will do our best to help you. If you hear this service you will know whether you are saved or unsaved.

A GREAT CHURCH ORCHESTRA

Our orchestra continues to improve. There will be ten or more instruments present in the services Sunday. The music and singing will be of such nature that it will feed your soul.

403 IN SUNDAY SCHOOL LAST SUNDAY

You are urged to find your place in our Sunday School. It will prove a blessing to your life. You cannot afford to miss what we have to offer you.

THE MASSES WANT THE BIBLE

People go to church to hear the Bible explained. When they hear other things they go away disappointed. We pledge you that we will do our best to bring you a message out of God's Word every service.

# SOCIETY and Club

**Mr. Oscar E. Oates**  
 Mesdames John and Hill Oates entertained in the home of the latter last Friday afternoon at four o'clock, complementing their sister, Mrs. Oscar Oates, recently married in Ft. Worth, with a pretty Bride party.

A handsome Madeira Table-cloth was awarded the honor guest, and Mrs. Leo Southern received high score prize at Bridge, and Mrs. W. H. Murchison consolation.

A chicken plate consisting of pressed chicken salad, rolls, cake and punch was served to the following friends: Mesdames Courtney Hunt, Clyde Grissom, M. P. Wilson, A. Bradford and J. B. Pumphrey of Rule, Bon Adkins, W. H. Murchison, John P. Payne, Bailey Post, Clay Smith, John V. Davis, J. C. Bernard, Tom French of Dallas, Herman Bettis, Leo Southern, Tom Davis, John Pace, W. P. Trice, Mack Martin, Virgil Reynolds, A. H. Wair, Wallace Cox and Misses Madalin Hunt, Lela Welsh, Lola Welsh, Nettie McColm, Maye Belle Taylor, Mary Couch, Maurine Couch, Katherine Rike and Lois Earnest, the honoree, Mrs. Oscar Oates, and the hostesses.

**Lawn Party.**  
 Last Friday afternoon, the spacious lawn of Mrs. R. E. Sherrill was the scene of a beautiful forty-two party. The lawn was artistically decorated with baskets of flowers, and a salad and ice course was served to the following: Mesdames W. H. Murchison, H. S. Post, Travis Lebeckle, Labry Ballard, W. A. Limbrough, J. D. Westbrook, J. C. Davis, Miss Della Foster and O. Cole of Rule, Tom French, L. P. Taylor, Tom Donohoo, Alvy Couch of Weirert, Mart Clifton, Joe Jones, W. A. Duncan, J. T. Ellis, C. **Tuesday Bridge Club.**  
 Mrs. Wallace Cox was hostess to the Tuesday Bridge Club this week, and arranged her home very artistically with zenias. An ice and sandwich course was served to the following members and guests: Mesdames Clyde Grissom, John P. Payne, W. P. Trice, Theron Cahill, M. P. Wilson, A. A. Bradford of Rule, Hill Oates, and Miss Madalin Hunt.

**Mr. and Mrs. Herman Bettis Entertain.**  
 The Supper Club were guests of Mr. and Mrs. Herman Bettis' last Tuesday night. The Bettis lawn was artistically lighted, and tables were laid for Bridge thereon. A delicious ice and cake course was served to the following: Mr. and Mrs. John V. Davis, Mr. and Mrs. John P. Payne, Mr. and Mrs. W. P. Trice, Mr. and Mrs. Theron Cahill, Mr. and Mrs. C. V. Payne, Mrs. Clyde Grissom, Mr. and Mrs. Herman Bettis, and Misses Mary Couch and Elizabeth Bettis.

**Misses H. D. Club Meets.**  
 The Josslet H. D. Club women had a called meeting Sept. 2nd, at the home of Mrs. Jess Josslet with members present and received a new member. The house was called to order by our President, C. L. Tolliver and we had our business meeting in the usual way. All of the members are looking forward and planning to take part in the county fair.

After the business was finished there was a social hour and all had a good time and declared Mrs. Josslet a good hostess.

We will meet Tuesday Sept. 9th at Mrs. Allen Adams. All members are asked to be present. We will reveal our capsule friends and those absent will miss the fun.

## A CORRECTION

Last week's issue of the Free Press carried an erroneous announcement of the marriage of Archie Wiseman and Miss Bertha Turner, popular and well known young people of this section. The article regarding the purported wedding was received through the mails by the Free Press, bearing the signature of J. T. Berry, and the information contained therein was accepted as authentic and reliable, and was published as such. But since it has developed that the report was erroneous, we gladly offer this correction in deference to these young people.

Mr. and Mrs. Oliver Williams and little daughter Marcene, of Fort Worth, were guests of Mr. and Mrs. Frank Reynolds last week.

# OF COURSE

WHEN you want to get down-town in a hurry, you don't sprint ten or twenty blocks in order to be there on time. You take an automobile.

WHEN you want to ask a question of a friend who lives a mile or so away you don't walk to his house to find out what you want to know. You call him on the telephone, of course.

AND SO IT GOES—in all the affairs of your daily life. You take the easy, intelligent means of accomplishment every time.

WHEN YOU WANT TO BUY a refrigerator or a car or a piano, you don't need to look all over town to discover the kind you want. You read the advertisements. They bring you all the facts necessary to decide just which refrigerator or car or piano will give you the most satisfaction, how to pay, where to buy it.

YOU BUY through the advertisements because they save time and effort. Because they enable you to command certain values. Because they assure you of getting reliable and economical products every time.

IT PAYS TO READ THE ADVERTISEMENTS

## Textbook Publishers Defendants in Million Dollar Damage Suit

Publishers of geographies used in the public schools of Texas and several other states will shortly be made joint defendants in a million dollar damage suit. A majority of the directors of the West Texas Chamber of Commerce endorse a recommendation of the organization's Publicity Committee.

At a recent meeting of the committee, the West Texas Chamber of Commerce was asked to institute suit for "at least \$1,000,000" against certain publishers for "scandalous and damagingly untrue descriptions of West Texas territory." Facts to back up the request were set out in a 3,800 word brief which contained excerpts from public school textbooks some published as late as 1929, in which West Texas is described as a semiarid region unfit for agriculture; swept by piercing winds and subjected to severe snowstorms and sudden and marked temperature changes; and having no production of cotton, wheat, oil or other minerals.

All directors of the West Texas Chamber of Commerce have been supplied, during the past week with a referendum ballot on the suit, and if a majority of them favor the action, immediate steps will be taken to start legal machinery in operation to get the litigation underway, officials of the Regional Body say.

"We have just and sufficient grounds for the suit," says Max Bentley of Abilene, chairman of the Publicity Committee, and we have been advised by competent attorneys that we have an excellent chance to get judgment if we prove our contentions in court, and we are prepared to do so.

"In addition we will be able to bring about corrections of these untrue and misleading statements regarding West Texas in the next editions of the geographies and the newspaper stories that will be carried all over the United States in connection with the suit will serve to enlighten people of the true conditions in this area."

Some of the mis-statements in geographies being used in the public schools, to which the committee objected are:

"In western Oklahoma and Texas, the rainfall is so slight in the great plains area that vegetation is scanty."

"The Rio Grande is the fourth in length of the rivers of North America. The whole course of the stream lies through arid country."

"The winters of the west and northwest (speaking of Texas) are often long and severe. Icy winds from the frozen north sweep over this section and the ground is covered with snow for several weeks."

"Agriculture (in Texas) is chiefly carried on east of the 100 meridian. This meridian passes through Abilene and Ballinger."

"The eastern part of the state (Texas) with heavy rainfall has thick forest and swamps. The western part has few streams, thorn cactus plants, scattered bunches of grass and low bushes. One side of the state has so much rain it is in the cotton belt. The other so little rain it has large ranches, with few farms and few people."

"Another of the valuable rock products of the South is the petroleum or crude oil, found especially in the coastal sections of Texas and Louisiana and in Oklahoma."

A child studying books in which the above statements and countless others of similar nature, would never realize that in 1929 West Texas produced practically 40 per cent of the cotton crop of Texas; nor would it have any reason to know that West Texas produces consequently the maximum or crude oil of the United States; the West Texas Chamber of Commerce Publicity Committee contends.

In addition to presenting the ob-

ject to effect corrections in public school textbooks on misleading statements concerning West Texas, the West Texas Chamber of Commerce Publicity Committee has undertaken several other projects of importance including the distribution of several hundred thousand lithographed stamps advertising the attractive features of West Texas; publication by all towns in the West Texas territory of interest compelling literature and also lending assistance to a campaign to popularize Texas-made goods and increase their consumption in the state.

### Family Reunion.

Mr. and Mrs. Claude Wheatley and family, Miss Virginia and Robert, were hosts to a very happy group Saturday night and Sunday. Mrs. Wheatley's mother, three sisters, with their families carried out previous arrangements for a meeting at her home. They had not been together in several months. After a pleasant hour at church Sunday morning they enjoyed a delightful lunch. Sunday afternoon kooking and riding added to the joy of the occasion. Those enjoying this very pleasant affair were: Mrs. D. E. Thrash of Bradshaw, Texas, Mr. and Mrs. E. P. Sherrill and son Frank P. Jr. of Saint Jo, Texas, Mr. and Mrs. R. Rockwell Cloud and sons Ray Rockwell Jr. and Frank Duncan of Floydada, Texas, Miss Rufie D. Thrash of Bradshaw, Texas and the hosts.

Mr. Vestal Payne of Stephenville, friend of Miss Virginia, was a Sunday guest.

Early in the evening Mr. and Mrs. Thomas F. Glover and 2 little sons of Benjamin, Texas, stayed a short while with the group, most of whom departed Sunday night for their homes. Mrs. Thrash and Rufie D. remained for a short visit this week.

Hugh Anderson who has been working in Hobbs, N. M., for the past several months, is spending a few days with his parents, Mr. and Mrs. Dale Anderson.

### FARMERS ATTENTION

Farmers seeking new homes should investigate farming possibilities under irrigation in the Big Wichita River Valley in Texas, Texas. A place where crops mature every year due to the use of irrigation water from Lake Kemp. We have a deep rich soil, a long growing season and an adequate storage water supply for 100,000 acres. We irrigated 35,000 acres in 1929. Our greatest need is more good young farmers to make their homes with us. Any visitors will be shown around through the irrigated section. ON TEXAS FARMS BY W. H. DARROW, EXTENSION SERVICE EDITOR

After cutting 10 tons of hay from five acres of third-year alfalfa up to July 1st, J. G. Biffle of Myra, Cooke county, concluded that alfalfa pays on upland.

On the other hand, sweet clover is holding its own in farmer favor, particularly of dairymen, some of whom, like Charles Jenkins of Martindale, Caldwell county, think it superior to sudan as a pasture.

Yet sudan grass is unrivaled as a late spring, summer and fall pasture for both dairy cows and other stock.

Mother of Mrs. L. F. Taylor Dies In Memphis, Tenn.

Mrs. E. A. Berneo of Memphis, Tenn. mother of Mrs. L. F. Taylor of this city, died at the home of her son E. W. Berneo in Memphis at 6:50 o'clock Thursday evening, August 28th. For over two years she had been in ill health, and for the past year had been confined to her bed. Mrs. Berneo was born May 31, 1840, in Weadley county, Tenn., but spent most of her life in Memphis. She was the mother of five children, P. W., L. E. and T. E. Berneo of Memphis; Mrs. L. F. Taylor of Haskell; and Mrs. D. E. Johnson of Mexico. Funeral services for Mrs. Berneo were held at Bethel, Miss., at 3:30 p. m. Friday. All of the children were present for the services with the exception of Mrs. Taylor, who was unable to attend. Mrs. Berneo will be recalled by many Haskell people, she having spent several months with her daughter Mrs. Taylor about four years ago. And although rearing 30 years of age, she remembered clearly events of a half century ago, and told of experiences during the Civil War, when she risked capture by Union troops to smuggle quinine and other needed medicines to the retreating Confederate forces after Memphis had been captured by the Federal forces.

No. 4102 Citation By Publication The State of Texas, To the Sheriff or any Constable

of Haskell County—Greeting: You Are Hereby Commanded,

That you summon, by making Publication of this Citation in some newspaper published in the County of Haskell if there be a newspaper published therein, but if not, then in the nearest County to said Haskell County, for four consecutive weeks previous to the return day hereof, D. D. Eoff whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be held in the County of Haskell at the Court House thereof, in Haskell, Texas on the 22nd day of September, 1930, then and there to answer a Petition filed in said Court on the 14th day of August, A. D. 1930, in a suit numbered on the Docket of said Court No. 4102, wherein Realty Trust Company is the plaintiff and D. D. Eoff and wife Mrs. Middle Eoff, F. L. Daugherty, Mrs. J. R. Cooper and husband J. R. Cooper, and W. P. Crouch are the defendants. The nature of the plaintiffs demand being as follows, to-wit:

Plaintiff prays judgment for debt, interest attorney's fees, foreclosure of lien, costs of suit, etc., alleging that on the 14th day of September, 1928, the City of Haskell, Texas, acting by and through its proper officers issued certificate of special assessment in the sum of \$257.43 to the Tibbetts Construction Company for the pro-rata part of the cost of paving and improving Houston Street, against the Defendant D. D. Eoff, and his property, described as all that tract piece, or parcel of land lying and being situated in the City of Haskell, County of Haskell, State of Texas, being Lot No. 3 in Block No. 5 of the J. W. Meadors Addition, fronting 50 feet on the West side of Houston Street, which assessment was payable in six equal installments. That Defendants D. D. Eoff and wife Middle Eoff executed their written mechanic's lien contract for said work and agreed to pay to said Tibbetts Construction Company the amount of said assessment in said installments. Prior to the maturity of the second installment said Tibbetts Construction Company transferred and assigned to the Plaintiff said assessment and contract and lien securing the same, and that said Plaintiff has often requested the Defendants to pay same, but Defendants have failed and refused to

pay any part of said indebtedness, to Plaintiff's damage in the sum of \$350.00, and further damage in the sum of \$75.00 attorney's fees, which have been incurred.

Herein Fail Not, and have you before said Court, on the first day of said term thereof, this Writ, with your endorsement thereof, showing how you have executed the same. Given under my hand and seal of said Court, at office in Haskell this, the 26th day of August, A. D. 1930 (Seal) Lois Earnest, Clerk District Court, Haskell Co., Texas.

FARMERS ATTENTION Farmers seeking new homes should investigate farming possibilities under irrigation in the Big Wichita River Valley in Texas. A place where crops mature every year due to the use of irrigation water from Lake Kemp. We have a deep rich soil, a long growing season and an adequate storage water supply for 100,000 acres. We irrigated 35,000 acres in 1929. Our greatest need is more good young farmers to make their homes with us. Any visitors will be shown around through the irrigated section.
