

HASKELL—A town of Good Schools, Churches—and the best Citizenship on Earth. . . .

The Haskell Free Press

There may be Bigger Towns than HASKELL—But There Are None Better. . . .

ESTABLISHED JANUARY 2, 1888

HASKELL, HASKELL COUNTY TEXAS, THURSDAY, SEPT. 8, 1932—4 PAGES.

FORTY-SEVENTH YEAR

HASKELL SCHOOLS OPENED MONDAY; 680 ARE ENROLLED

The Haskell Public Schools opened Monday morning with an enrollment of 680 in all departments. The High School reported an enrollment of 206. The North Ward had 280 present and the South Ward reported 186.

The following is the faculty for the 1932-33 term: C. B. Breedlove, Superintendent. High School—Geo. V. Wimbish, principal; W. L. Richey, mathematics coach; H. K. Henry, vocational agriculture; Miss Donna Davis, English; Mrs. Geo. V. Wimbish, mathematics and English; Miss Jessie Vick, Spanish and history; Mrs. Nina Young, home economics.

South Ward—Mrs. Irene Ballard, principal, first grade; Mrs. W. M. Murphy, second grade; Miss Alma Senick, third grade; Mrs. O. W. Nake, geography and penmanship; Miss Mary Sherrill, arithmetic and spelling; Miss Velma Hambleton, English and Reading.

North Ward—Miss Lewis Manly, principal, English and spelling; Miss May Fields, arithmetic and penmanship; Mrs. C. T. Jones, history and geography; Miss Madeline Hunt, public school music and reading; Mrs. H. K. Henry, fourth grade; Mrs. Virgil Reynolds, third grade; Mrs. Cretia Brooks, second grade; Miss Ruby Fitzgerald, first grade; Mrs. M. D. Crow, first and second grades.

MORE OIL FIELDS IN PROSPECT ON U. OF T. LANDS

Austin, Texas, Sept. 1.—There are prospects for another potential oil field on land owned by the University of Texas, according to information received here. Upon a block of 80,640 acres of land belonging to that institution in Ward county, a test by Renaud & Pretzman penetrated the pay sand at a depth of 2,684 feet and made an initial showing of 72 barrels hourly. This is the first producing well to be drilled on University land in that county. In Andrews County where there is located a block of 24,400 acres of land belonging to the University some oil has been found and later developments may prove some of that acreage, operators believe. It is from the Big Lake field on University land in Reagan County, that most of the oil has been obtained that has brought millions of dollars of revenue in the form of royalties to that institution and the A. & M. College. The block of land owned by the University in that county embraces 194,500 acres, comparatively little of which has been exploited for oil.

FOOTBALL NEWS (BY A FAN)

Football season is almost here—so let's get acquainted with the players! Thirty-five huskies answered the call of Coach Richie this week and we are expecting a jam-up grid team this year. Most of the boys are young and have had no experience, but they seem to be willing to learn and that is about seventy-five per cent of football. Now, fans, let's watch this column each week because you are going to get the news concerning football as it shows up on the practice field and in the games. Bad weather has kept the boys from doing much—so little can be said this week. Coach Richie hopes to receive plenty of help from these boys: Rod Clifton, Clinton Hoving, Doyle Eastland, Leroy Owen, Alvin Sherman, Garland Symon, S. A. Parker and Wendell Gray, respectively. Coach is also receiving plenty of action from Jack Sims, Sherry Bates, Roland Lewis, Carl Hines, Crockett Baggett, Leo Fry, Ed Allison and Ralph Rowland and about twenty others. Let's start with the football team supporting the school. Some reports are that the team has been here in

Too Much Rain Causes Chick to Grow Web Feet!

"Believe it or not" but we have had so much rain in West Texas during the past few months, the chickens are growing web feet—at least R. A. Bradley, a reliable farmer living southwest of town, is responsible for this statement. He claims to have a Dominique chicken on his farm, with web toes on both feet and offers to produce the chicken to substantiate the story for anyone who might doubt his veracity if they will visit his farm. Page Mr. Ripley, please.

THIRTEEN FOOTBALL GAMES SCHEDULED AT THE DALLAS FAIR

A total of 13 football games have been scheduled for the 1932 State Fair of Texas, which include 4 major college games and 9 high school football games. One college game—S. M. U. and Centenary College of Shreveport, will meet at night—Saturday, Oct. 22, the first time either school has played under lights. S. M. U. will also meet Rice Institute of Houston during the fair, and the other big game will be on the second Saturday between Texas University and Oklahoma University.

Many special trains will be run to the 1932 State Fair, from points in Texas, it has been announced by various railroads. In 1929 a total of 21 special trains were run to the State Exposition on special days, and it is expected that with the unusually low rates being offered on all roads this year that this number will be exceeded. Trains are being planned from Gainesville, Tyler, Brownwood, Palestine, Longview, Marshall, Mount Pleasant and other Texas cities.

Four of the State Fair buildings will be refinished with white stucco for the coming exposition. The administration building at the main entrance gates, the Art Building, the Main Exhibit Building, and the Poultry Building are being given the coating of white stucco, it has been announced by Otto Herold, president of the state exposition. Massed band concerts in which all bands competing in the statewide contest to be held at the 1932 State Fair will be heard, to be held each evening during the exposition. The massed band concerts will be directed by Karl L. King, and at least 200 musicians are expected to participate in each one. At least 100 bands are expected to try for the \$1,000 cash prize offered the winning band.

Because of the demand for space for county exhibits at the 1932 State Fair, arrangements have been made in the agricultural building to care for thirty additional counties wishing to show. The entire farm show will be held this year on the first floor of the Agriculture Building, and the balcony will be given over to the Texas Museum of Natural History, which organization is planning a huge exhibit for the 46th Annual State Fair of Texas.

Convict Who Made Escape From Bud Russell Recaptured

Carlos Brazil, 29, sentenced to 60 years in the state penitentiary on to robbery charges and who escaped from "Uncle" Bud Russell, prison agent at Abilene July 26, was captured by immigration board border patrolmen near El Paso Monday. Brazil's dash to freedom marred "Uncle" Bud's perfect record of transporting prisoners to the penitentiary for 26 years without an escape. Miss Irene Gault of Rochester returned from Dallas the past week with a fortnight visit with her mother, Mrs. J. T. Nicholson, who has been ill for some time.

HEAVY RAINS OF PAST WEEK CAUSE DAMAGE TO FEED

The heavy rains during the past week has done untold damage to the feed crop of this section. The maize in many of the fields are sprouting and if the weather does not clear up soon many acres will be a total loss. More than seven inches of water has fallen here during the past week. Most of it coming in a slow rain, thoroughly soaking the ground which has put one of the best seasons in the ground this county has experienced in several months.

Many of the rivers and creeks in this section have become raging torrents, reaching the flood stage. The railroad bridge on the North-western across the Brazos west of Sagerton was partially washed away Wednesday. The Clear Fork of the Brazos at Leuders is higher than it has ever been known before. The Leuders Baptist Encampment grounds was under from five to seven feet of water this morning. It was feared that some of the buildings closest to the river banks would be swept away.

Marvin Hancock Accepts Position With Ford Dealers

Marvin H. Hancock has accepted a position with the Haskell Motor Company as salesman and will begin work this week. Mr. Hancock has been identified with the business interests of Haskell for a number of years and is well known here. He will be a valuable addition to the Ford people's sales force.

PETIT JURORS FOR FIRST WEEK OF COUNTY COURT

The following persons have been drawn by the Jury Commissioners to serve as Petit Jurors during the First Jury Week of the September term of County Court: Jimmie Best, I. E. Alvis, George Klose, H. C. Adams, M. J. Lane, A. E. Martindale, R. L. Johnson, W. L. Davis, J. H. Bland, W. D. Edge, E. L. Hatfield, O. O. Atkins, J. A. Frazier, Carl H. Fischer, D. T. Elmore, J. D. Anderson, Felix Frieron, Leon Gilliam, Allen Adams, Bert Griffin.

Club Girl Helps to Fill Pantries

Extra shelves built and products yet to store is one result of food preservation work done by Pearl Lee, 4-H Club girl of Post, Haskell county. 582 containers of beans, field peas, English peas, corn, carrots, squash, spinach, beet pickles, pepper relish, cucumber pickles and peach pickles, grapes, plums, peaches, apples, and fruit juices are on these shelves and a beef is yet to be canned when the proper weather comes. "Since mother was away from home most of the canning season," said Pearl, "My sisters and I did all of the canning for our own pantry. Besides the 582 containers I have helped six different neighbors can 186 containers. I traded products some times and took vegetables for work at other times." The farm food supply budget made out by Pearl for her family, calls for 670 containers of canned food, one beef to be canned, 104 pounds of dried peas. Mrs. Albert Curry of Abilene, Miss Nadine Hughes of Seymour, and Tom Watson of Olney were week-end guests of Mr. and Mrs. M. B. Watson and family. Mrs. B. M. Whitaker went to Stanton Tuesday to be with her mother, Mrs. J. T. Nicholson, who has been ill for some time.

"Ma" Would Force Committee to Certify Her as the Nominee

The first move in what is expected to ultimately become a stubborn legal controversy over the democratic nomination for governor of Texas was made in Austin Wednesday. Mrs. Miriam A. Ferguson, who apparently received more votes than her opponent, Governor R. S. Sterling, incumbent, in the August primary, filed an application for a writ of mandamus in the state supreme court in an effort to preclude what she described as "gratuitous intermeddling of any factions" with normal functioning of the party machinery as it operates to produce a nominee. The court relief, if given, simply would direct the democratic executive committee to certify as nominee the candidate receiving the most votes, according to official returns, and instruct the convention to nominate that candidate. The court set the application down for hearing tomorrow.

GOV'T ESTIMATE OF COTTON YIELD ISSUED TODAY

Government crop estimate released today at 11 a. m., Eastern standard time shows 11,310,000 bales cotton, with condition of 56.6. Texas estimate is 4,092,000 bales, Oklahoma 928,000 bales, causing the market to break 100 points or \$5.00 per bale since Wednesday close. Yield per acre estimated Sept. 1st 147.8 pounds per acre and as of August 1st, 149.6 per acre.

River Winds 17 Miles Between Two Bridges Only 3000 Feet Apart

Gibb Gilchrist, state highway engineer, is chock full of interesting anecdotes concerning Texas. Gilchrist is charged with seeing that the vast highway organization functions smoothly and efficiently in the task of building and maintaining the State's road system. His duties require traveling from one end of the State to the other inspecting projects and advising with his division chiefs. Gilchrist is an observing sort of person and takes considerable interest in the unusual. His mind is a storehouse of things out of the ordinary.

"People sometimes wonder why the highway department constructed two bridges across the Colorado river near Columbus approximately 3,000 feet apart," Gilchrist said. "You can drive across one of the bridges and see the other easily. On the face of it, it looks sort of out of place for two large structures to be so close together. But there was no way out of it. You see, that darned river winds around and travels 17 miles from the time you cross it the first time until you meet it the second time." It is also interesting to learn that while it is a comparatively short distance between Brownsville and the coast, the Rio Grande winds a tortuous route in excess of 100 miles between the two points.

Mr. Alvin Hester of San Angelo visited in the home of his uncle and family, Mr. J. T. Hester this week end.

HASKELL COUNTY WILL BE WELL REPRESENTED AT STATE CONVENTION

Haskell county will be well represented at the Democratic State Convention at Lubbock if all who have signified their intention of going attend. The county convention elected 21 delegates, who will have the responsibility of casting the county's seven votes in the State Convention. The Haskell county delegation is bound by the unit rule, and must vote on all questions that come before the convention as a unit. The delegates named are as follows: D. P. Raliff, Lubbock; Dr. J. C. Brown, Lubbock; E. C. Whitaker, Stanton; Frank Piley, Sagerton; John A. Couch, Haskell; Joe Lee Ferguson, Haskell; C. A. Duane, Haskell; Roy Baker, Rochester; W. H. Carothers, Rule; F. H. Campbell, Rule; S. B. Harris, Rule; John Coates, O'Brien; H. Weibert, Sr., Weibert; E. Tom, Sagerton; J. W. Mason, Rule; Walter Hamilton, Haskell; W. E. Gresham, Rochester; A. C. Prewitt, Haskell; D. B. Hill, Sagerton; E. H. Hamilton, Rule; W. H. Hamilton, Rule; E. C. Whitaker, Stanton.

FT. SILL ARTILLERY AT WICHITA FALLS GOLDEN JUBILEE

Wichita Falls, Sept. 7.—Two battalions of Fort Sill artillery, including eight huge howitzers never before exhibited in this country, will participate in daily parades here during Wichita Falls "Golden Jubilee" celebration September 26, 27, and 28. The battalions will include full complements of men, horses, and war time equipment. The movement from Fort Sill to Wichita Falls will be in the nature of an army maneuver. The post band of forty pieces will accompany the troops. Four hundred rounds of ammunition will be carried. Salutes will be fired daily honoring distinguished visitors. Among the horses will be twelve which took part in the Olympic contests. National Guard and veterans organizations will participate in the parade. Indians, cowboys, pioneers, stage-coaches, covered wagons, pack, trains, oxen and other things reminiscent of the pioneer days will add color. Rodeo performances will be given daily. Worlds champions in riding, bulldogging, roping and other events will compete for \$4,000 in cash prizes. The greatest collection of historical exhibits ever gathered in the Southwest will be on display. A pageant depicting events in the history of this section will be presented. More than 2,000 persons will take part in the presentation. Each day's program will be opened with a religious service in which outstanding leaders of Jewish, Catholic and Evangelical faiths will speak. Ace speakers in the national political campaign will represent their respective parties. Thousands of old-timers, who have made history in the Southwest, have already registered and will hold a reunion during the celebration. Old fiddlers contests, cowboy dances athletic events, water polo games, pistol matches, style shows and group reunions, will be among the other features of the three gala days honoring the early settlers of Northwest Texas and Southern Oklahoma.

Will Open An Optical Shop In McConnell Bldg.

T. J. Connors, O. D., will open an optical shop upstairs in the McConnell building the last of the week, where he will be prepared to test and properly fit glasses for anyone who may be in need of his services. Dr. Connors has been practicing in Wisconsin for several years, going there from Waco, Texas. He holds a standard certificate in this state as well as a number of others. Mrs. Connors, who is a graduate nurse, will join him here after Nov. 1st.

Miss Hattie Paxton Left Monday for Abilene and San Angelo to visit a few days with friends and relatives before going to Big Lake where she will teach in the public schools.

Miss May Bell Taylor leaves tomorrow for Albany, where she will teach in the schools again this year.

HASKELL COUNTY FAIR TO BE HELD THIS YEAR ON OCTOBER 20-21-22

Radio Audition Test on Monday Evening Sept. 12

The Atwater-Kent Radio Audition test under the supervision of Mrs. O. E. Patterson will be held at the First Methodist Church on Monday evening, Sept. 12th, at 8 o'clock. Those who are contemplating entering the contest are urged to see Mrs. Patterson at once.

FALL OF THE YEAR PROSPERITY ARRIVES

Haskell is fast looking like two things—the Fall of the year and the resumption of Prosperity. The hard luck stories are no longer heard. The long faces have drawn up to normal size, and the frown has been replaced with a smile. With cotton beginning to come in; the hum of the gin being heard in the air once more, it would seem that business has once more given place to the thrush of the hot days. The dry goods stores of Haskell are presenting lively scenes once again. New goods recently bought for the coming Fall and Winter trade, have begun to arrive, and in front of the buildings, all over town are to be seen large boxes, filled with the season's latest in wearing apparel, waiting to be unpacked and placed on waiting shelves. The incoming orders this year are the largest of any which have been shipped in for the past three years. In many of the dry goods stores additional help has been placed on the floor to take care of what is expected to be the best trade this part of Texas has known in many years. Taking everything into consideration it looks at this time as though the corner around which Prosperity has been hiding, has been discovered, and that the old boy will come out in person to make glad hearts of a people long worried by the so-called depression which apparently is a thing of the past out here.

25 Additions to Church Close Revival

As a climax to the two weeks of revival meetings, held at the First Baptist Church here August 21 to September 4, a baptismal service was held Monday night. A large attendance witnessed the baptizing of twenty-five new members of the church, after a short song service which preceded a talk made by the pastor, Rev. H. R. Whitley. The total additional membership to the church, as a result of the two-weeks series of services, was forty-two. Besides these, a number came for reconsecration. The Rev. S. D. Taylor, pastor of the First Baptist Church, San Saba, had charge of the preaching services and Burl King, Abilene, directed the singing. Although the rains throughout last week kept the regular attendance down both morning and evening, only one service was dismissed on this account and the work progressed with good spirit. Church officials are encouraged by the renewed interest and express great hopes for the coming year's work.

Huey Cook Undergoes Operation at Shamrock

Huey Cook, well known Haskell barber, who has been located for the past two years at Shamrock, underwent an operation for appendicitis in that city last Friday morning. His father, W. R. Cook, and brothers Floyd and Roy Cook and I. V. Marrs returned from Shamrock Monday afternoon and report Huey getting along nicely.

William Kimbrough returned to College Station today to resume his work in Texas A & M College for a second year.

Earl T. Williams and family of the Redwood Ranch, near Post, returned today to resume their work on that place.

The Haskell County Fair will be held this year on October 20, 21 and 22. These dates were definitely selected at a meeting of the Board of Directors Tuesday afternoon.

One of the feature attractions will be the Rodeo and Round-Up staged in the race track section in charge of the Press Rogers Post of the American Legion. It is planned to use only local talent in the rodeo, from the ranches in Haskell and adjoining counties.

The committee in charge of the exhibits are very enthusiastic over the response they have received from the farmers and stockmen of this section, and they are of the opinion that this year's exhibition will be the best, from an agricultural standpoint, in the history of the Fair. The premium list will be completed this week and will probably be turned over to the printer in the next few days, and be ready for distribution in about two weeks.

DECLINE IN POULTRY SHIPMENTS FROM STATE IS SHOWN

Austin, Texas, Aug. 31.—Poultry and egg shipments to other states from Texas during July amounted to 86 cars or 16 per cent less than the 115 cars shipped out of the State in July, 1931, according to the Bureau of Business Research of the University of Texas. The decline occurred in poultry shipments which were 30 per cent less than in July a year ago. Egg shipments of 38 cars were 13 per cent greater than the 33 cars shipped in the corresponding month last year. "Receipts of eggs from other states totaled only four cars compared with seven cars in July, 1931," the report said. "Two cars were shipped in from Oklahoma and one each from Kansas and Missouri.

"Egg prices in New York showed marked improvement during the early part of July, as a result of the relatively small receipts of good eggs; but much of the gain was lost later in the month when the higher prices attracted larger supplies. "Storage holdings of eggs as of August 1 was much below those of last year. Total case equivalent of both shell and frozen eggs on Aug. 1, 1932, was 9,236,000 cases or 27 per cent less than the 12,781,000 cases on the corresponding date last year.

"While the storage situation is favorable for stronger egg prices an offsetting factor recently has been a relative increase in receipts at the principal markets compared with last year. While receipts continue to lag behind those of last year the difference is not so great as it was earlier in the year."

730 Different Kinds Soil Found in Texas

Seven hundred and thirty different kinds of soil have been identified in Texas within the 22 per cent of the state surveyed during the last thirty years. In a recent review of data on soil surveys, the division of soil survey, Texas Agricultural Experiment Station, found that 153 series of soils had been established, and from these 730 soil types and phases of type mapped. Each of these soils, distinguished by certain individual features, represents a definite resource, either actually or potentially, if used for the purpose for which it is best suited. If utilized without regard to their natural adaptation, however, or not protected and managed properly, these soils may fall into the marginal class and become unprofitable. Soil surveys are expected to continue until all the counties of Texas have been covered and complete soil resources are known and catalogued and this invaluable information made available to the public. No plans for land utilization or for economic utilization of soil resources can be made properly without a knowledge of the soil through a soil survey.

JUST WHAT ITS NAME IMPLIES, a trench silo is simply a trench dug into the ground into which chopped feed crops may be stored for feeding as succulent ensilage to dairy cows, beef cattle and work stock during periods of dry pastures or bad weather. Cheap, easily dug, easily filled, ensilage easily removed, the big disadvantage of a trench silo is excessive spoilage which may be avoided by properly filling, and by providing drainage. More than 200 were dug in Texas in 1931 and county agent reports indicate a big increase for 1932, especially in West Texas.

TRENCH SILOS FOR BIG TEXAS FEED CROP

College Station, Sept. 1.—Trench silos for storing the abundant feed crop in Texas this year are recommended by M. R. Bentley, farm engineer of the Texas A. & M. College Extension Service. Calling attention to this old practice which has been revived throughout the State in recent years with great success, he gives the principal advantages of this mode of storage as low first cost, and the short time required to dig one ready for filling. It is easy to get the silage out, except possibly in rainy weather. The greatest disadvantage of a trench silo is the danger of excessive spoilage which may be avoided by care in filling, he says.

Recent observations of a number of trench silos indicate that the thing that should be emphasized in reducing spoilage losses are the packing of the silage; the filling of the trench full to running over; and then covering the silage in such a way that rainfall and surface water will not run down through the silage. Mr. Bentley states: "More water should be added to the silage put into a trench than would be required in a pit or above the ground silo."

"The silage covering, whether it be dirt or green-out vegetation, should be put on so that surface water will not run down the trench walls. While the rainfall that actually falls on the silage does not put enough water in the silage to injure it, the fact that the top of a filled trench is comparatively large in proportion to the amount of silage, much silage may be tainted by the rainfall water pouring down through the rotted covering into the upper portion of the silage. The point is, enough water should be applied to the covering to make it form an airtight lid, as

much as possible, avoid letting water pass down through the covering or down the walls into the silage. A generous amount of covering material is desirable to prevent the loss of silage on the top.

"Several trenches were filled with unchopped stalks last season. Apparently unchopped stalks do not make quite as high quality of silage as chopped stalks, but the practice should certainly be continued rather than do without silage.

"With reference to the size of the cross section of a trench, it should conform to the size of the herd that is to be fed, but a shallow trench, say less than six feet deep, is likely to show a proportionately larger amount of spoilage. The depth will be governed by the convenience of getting the dirt out and the feed hauled out, as well as the size of the herd. One cubic foot of silo space should furnish room for about 25 pounds of silage.

"There is apparently no advantage in sloping the trench walls except to prevent them from caving. Straight up and down walls are not uncommon. It is suggested that the walls be made as near vertical as practicable when the trench is to be filled immediately, and then if the walls cave after the trench is emptied, slope them before refilling.

Applying the Word

A little girl was out walking with her aunt when a man passing them raised his hat.

"Who was that auntie?" she inquired.

"That's Mr. Brown, dear," was the reply; "he's the village undertaker."

"Oh, yes, I remember him now," said the child; "he undertook grandma."

ON TEXAS FARMS

By W. H. Darrow, Extension Service

A fifty per cent bigger hay crop of double the usual quality was made this year by John Murphy, Leon county farmer, by following a county agent suggestion to plant 5 pounds of Korean lespedeza to the acre in a 15-acre native grass meadow. He expects another crop but even without it says the increase cost him only \$3.25 per ton for seed and inoculation.

Eighty bushels of oats to the acre have been reported to the county agent of Haskell county by Carl Smith, cooperator living near Rule, who sowed 12 acres, following the contour lines. Land across the fence drilled to oats in the ordinary way made 60 bushels.

Twenty-eight miles of terraces were built in July on the old Holloway Ranch in McLennan county, and 2,000 more acres will be terraced next winter, according to the county agent. All terraces are 24 feet wide and 22 inches high.

The first trench silo on a Walker county farm was dug in July on the Smith farm, and will be filled with 200 tons of feed after the three upright silos are full. The county agent reports enough cattle to use up the ensilage in all four silos.

"I have spent \$1.50 in cash for groceries since last September and we have as much to eat as we ever had," declared Mrs. John Dohmeir of Nazareth Home Demonstration Club in Castro county. She has a garden and 4-H pantry.

A dress made from feed sacks at a cost of 54 cents won first place in a contest in the Dilworth Home Demonstration Club in Jim Wells county. Until told differently, everyone thought it a linen dress.

Woodville—Like most others, Frank Weeks, Tyler county farmer, got in debt two years ago trying to pay everything out of cheap cotton. On the suggestion of County Agent B. B. Martin, he shifted his system January 1st a year ago by buying a brood sow, milk cow and a few good chickens. He has since raised all the food and feed for family and stock, sold a few chickens, eggs, and vegetables, and has obtained additional cash from an acre of tomatoes and a few acres of cotton. He has terraced his farm which he says is building up rapidly under the new system. Mr. Weeks declares his family has more to live on now than ever before.

Canton—Careful planning and buying, keeping accounts, and the exercise of good taste enabled six Van Zandt county farm women to

dress well in the year ending July 1st for an average of \$23.35 each, it is reported by Mrs. Mary Ethel Brandon, home demonstration agent. The women were wardrobe demonstrators for their respective home demonstration clubs. Their average expenditures were \$6.73 for outer clothing, \$2.55 for underclothing, \$4.20 for materials for dresses, \$1.85 for hats, \$4.74 for shoes and hose, and \$3.28 for accessories.

Kingsville — Turkeys that she boned, ground, canned and sold as standard "Texas Better 4-H Products" have brought an average profit of 96 cents per bird above present market prices to Mrs. R. R. Sullivan, home demonstration club member at Riviera in Kleberg county. Market price of the birds, and cans, labels and fuel were figured as costs. She finds that chickens have brought her an average profit of 32 cents each marketed in the same way. The white meat of turkeys cans much nicer than the white meat of chickens, Mrs. Sullivan observes, but the opposite is true of the dark meat.

We Believe This One

A Scotchman lay dying in a London hospital and the doctor told the nurse to give him anything he wanted. She asked him what he would like and he said: "I would like to hear the Bagpipes afore I dee." A piper visited the ward and played a tune. The Scotchman recovered but all the other patients died.

Not Loud Enough

The shy curate was put next to the very deaf duchess at dinner, and she wished to be gracious. "I didn't quite catch your name," she said. "Will you tell me what it is?"

"Jinks, your Grace," answered the curate.

"Just a little louder, please."

"Jinks, your Grace," repeated the curate, raising his voice.

"I'm awfully deaf," apologized the duchess. "Would you mind saying it just a little louder?"

"Jinks, your Grace," he almost yelled.

"I'm sorry," said the duchess, giving it up. "It sounds just like 'Jinks' to me."

Punctuation Made Easy

Returning from school the other afternoon little Dorothy proudly informed her mother that she had learned to "punctuate."

"Well, dear, and how is it done?"

"You see, Mama," explained Dorothy, "when you write 'Scat' you put a hatpin after it, and when you ask a question then you put down a button hook."

Mother of 7—Still Young

THE woman who gives her organs the right stimulant need not worry about growing old. Her system doesn't stagnate; her face doesn't age. She has the health and "zip" that come from a lively liver and strong, active bowels.

When you're sluggish and the system needs help, don't take a lot of "patent medicines." There's a famous doctor's prescription for just such cases, and every druggist keeps this standard preparation. It is made from fresh laxative herbs, active senna, and pure pepsin. Just ask for Dr. Caldwell's syrup pepsin. Take a little every day or so, until every organ in your body feels the big improvement.

The next time you have a bilious headache, or feel all bound-up, take this delicious syrup instead of the usual cathartic. You'll be rid of all that poisonous waste, and you haven't weakened the bowels. You'll have a better appetite, and feel better in every way. The constant use of cathartics is often the cause of a sallow complexion and lines in the face. And so unnecessary!

Would you like to break yourself of the cathartic habit? At the same time building health and vigor that protects you from frequent sick spells, headaches, and colds? Get a big bottle of Dr. Caldwell's syrup pepsin today. Use often enough to avoid those attacks of constipation. When you feel weak and run-down or a coated tongue or bad breath warns you the bowels need to be stimulated. Give it to children instead of strong laxatives that sap their strength. It isn't expensive.

DID YOU KNOW

Cool Weather is just around the corner? Why not have those Fall Clothes cleaned before time to put them on?

We have one of the best equipped Dry Cleaning plants in this part of the country..

SERVICE CLEANERS

S. A. NORRIS, Prop.

Phone 188

Valiant Soul

A successful American business of nation-wide proportions was built up by a man who, because of an accident, was never able to leave his bed. Facing the dual handicaps of poverty and permanent physical disability, he developed an institution that stands high in the list of business concerns.

Steinmetz, the miracle man who played with electricity as a child plays with a toy and brought the realization of untold dreams to the scientific world, was a hunchback, a dwarf, pathetically frail.

Roosevelt fought face to face with death from disease until well into the years of his manhood.

Elizabeth Browning, during all the years when she was giving the world the sweet fruits of her pen, never moved from her invalid's chair, excepting when carried in the devoted arms of her husband.

Lincoln was laughed at for his uncouth mannerisms, his abnormal feet, his awkward demeanor. Napoleon was a physical underling.

And so the story might go on endlessly from epileptic Caesar, down the ages past blind Milton and deaf Beethoven to our own day with its countless valiant souls who press on bravely despite tragic odds.

If you can't see any beauty in a real sunset or a real tree, there's no use going to an art museum and looking at pictures of them.

He who does not understand your silence, will probably not understand your words.

Cash Prices—Other Stores in Proportion

Reeves-Burton Motor Co. HASKELL, TEXAS

A small boy went into a grocery store and asked for a box of matches. Presently he returned, saying:

"Please, mother says these matches won't light."

"Won't light," cried the grocer. "Why, look here!" and he struck one on his trousers.

The boy took the matches away, but presently returned with them once more.

"Please, sir, mother says she hasn't time to come and scratch all her matches on your trousers!"

There is no such thing as success in a bad business.

To seek friendship is commendable; to find it fortunate; but to be in need of it is weakness—George Eastman.

PAIN

HEADACHES, NEURITIS NEURALGIA, LUMBAGO...

Whenever you have some nagging ache or pain, take some tablets of Bayer Aspirin. Relief is immediate!

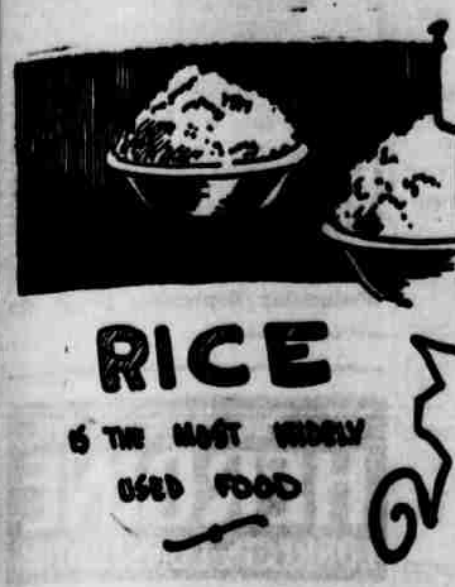

There's scarcely ever an ache or pain that Bayer Aspirin won't relieve—and never a time when you can't take it.

The tablets with the Bayer cross are always safe. They don't depress the heart, or otherwise harm you. Use them just as often as they can spare you any pain or discomfort. Just be sure to buy the genuine. Examine the package. Beware of imitations.

Aspirin is the trade-mark of Bayer manufacture of monoaceticacidester of salicylicacid.

ODD—BUT TRUE

THE BUS BOOK LISTS TEXAS "FIRST" IN SOUTH

The Bus Book, annual publication of the Manufacturers Record, publishes a list of the things in which Texas is first among the Southern States, as follows:

Area, productive power, agriculture, crop acreage, livestock value, number of farms, cotton gins, cottonseed products, mineral products, sulphur, petroleum, gas, carbon black, gypsum, sand and gravel, cement, railroad mileage, new railroad mileage, highway mileage, highway construction, motor registration, number of airplanes, airports and landing fields, electric power production, paid-in bank capital, individual deposits in National banks, education, outlays for new school buildings, school enrollment, new insurance business written in 1931.

But for the inclusion as "Southern States" of Missouri, Kentucky, Maryland and West Virginia, Texas would have been "first" in a number of other items, as the Dallas News editorially points out, among them total wealth, total manufacturing, total bank clearings and "a number of others."

One of the two girls in the bus was reading a newspaper. "I see," she remarked to her companion, "that Mr. So-and-So, the octogenarian, is dead. Now, what on earth is an octogenarian?" "I'm sure I haven't the faintest idea," replied the other girl. "But they're a sickly lot. You never hear of one but he's dying."

The Final Thrust

A newspaper man was told that he had but a few days to live. He summoned his attorney and instructed: "Make my will so my overdraft at the bank goes to my wife—she can explain it. My equity in my car to my son—he will have to go to work to keep up the payments. Give my good will to the supply houses—they took some awful chances on me and are entitled to something. My equipment you can give to the junkman—he has had his eye on it for several years. I want six of my creditors for pallbearers—they have carried me so long they might as well finish the job."

Rural Community News Items

Sagerton

The Sagerton community has received another big rain. It was indeed a big rain, continued all last week. Monday morning looks like we are in for another week's bad weather.

The work on Highway No. 18 is delayed for quite a while now, from the continued rains.

Dr. Speer's daughter, Miss Inez Speer of Fort Worth, spent a few days here on a visit with her father last week. She returned home Sunday with her uncle to Ft. Worth.

The many friends of Mrs. Dedman, extend to her their heartfelt sympathy in the recent death of her father, Mr. Williams. He was buried last week at Pinkerton. He lived to be quite an old man. He was loved by all who knew him.

Mr. and Mrs. E. D. Engleman and Wanda Jean, from Spur, spent Saturday night here with his mother, Mrs. Bennett Hess.

Mr. and Mrs. Cliff LeFevre have returned from Houston, where they attended the funeral of his sister, Mrs. Dunn, who has been so very sick there for some time. The many friends here of Mr. and Mrs. LeFevre extend to them their sorrow in the loss of their sister.

Mr. and Mrs. Nye Clark, with his mother, Mrs. T. C. Clark, all from Lockhart, are visiting his brother and family here, Mr. and Mrs. J. A. Clark for a few days. The mother is going to stay for some time with her son here. Nye and his wife will leave Tuesday for Lockhart.

Also another brother and family from Holiday came down Saturday night to spend Sunday with the brothers here. Those who came were Mr. and Mrs. Charlie Clark and daughter, Mr. and Mrs. Planner and children, making four of the Clark brothers together Sunday in the home of J. A. Clark and family. They all had not been together for some time with their mother. A delicious dinner was prepared by Mrs. J. A. Clark, and each had a very happy and pleasant day together.

Mrs. H. D. Crabtree had a family reunion at her home Sunday. All four of her married sons with their families being present, and Vivian at home, making all of them at home with her. They were Mr. and Mrs. Wayne Crabtree of Dallas, Mr. and Mrs. Reginald Crabtree and children of Ropesville, and Mr. and

Mrs. Scott Crabtree and children, also of Ropesville, Mr. and Mrs. Duard Crabtree and their children from Rule. Reginald and Scott and families will spend a few days here. Wayne and his wife left Monday evening, he only had a short stay. Their friends here were so glad to see all the brothers again together here in their home. All of them lived here most all of their lives.

Mr. W. P. Caudle also visited with her sister, Mrs. Crabtree and family Sunday and Monday.

Paul Banks and Reece Clark are in Abilene this week. They are interested in school work, and are there looking for a location. We hope these young graduates get to go on to school.

Mr. and Mrs. Norman Kelly and son came by from Houston last Friday, and stopped over with his uncle and family, J. A. Clark here.

There will be preaching services at the M. E. Church Sunday morning and night, by the pastor, E. A. Irvine. Everyone come, you are welcome.

Howard

Mr. and Mrs. Rice Alvis and children of Midway visited the latter's parents, Mr. and Mrs. Bunyan Howard the last of the week.

Mr. and Mrs. Brenson Berry and baby of Stamford are visiting Mr. and Mrs. Floyd Gilleland.

Mr. Gene Medford and family of De Leon have moved back. We are glad to have them with us.

Mr. Sport Hudson, and children of Ralls, Texas, visited relatives in this community part of last week.

Miss Wenster of Topan, Texas, is visiting her sister, Mrs. Wells and family.

Lela Evelyn Cox of Weaver spent last week with Mabel Cox.

Mrs. Jack Medford spent last week with relatives in the Josslett community.

Mr. and Mrs. R. I. Reect of Sweetwater visited Mr. and Mrs. Wells and family Monday.

Some from here attended the party in the Weaver community Saturday night.

Mr. and Mrs. Edmund Medford spent the week end with the latter's parents, Mr. and Mrs. Andrew G. Beatty.

Garland Andress, who has been here for several weeks, has returned home.

Everyone has had enough rain. We would like to see some pretty weather now so the maize headers could get back to work.

"Say, what kind of company are you expecting, if you don't want to let them in?"

"The gas company, the telephone company, and the electric company."

M SYSTEM

When Wives Go Stepping

They know that every step between their home and the "M" System is a very saving step. Whether you walk or ride, it will pay.

PERKINS-TIMBERLAKE COMPANY
INCORPORATED

HASKELL'S NEWEST STORE

Will Open Saturday, Sept. 17th With a Brand New Stock of High Grade, First Quality Merchandise.

Perkins-Timberlake Company has been operating stores in Texas and Oklahoma for the past 34 years and most people of this section of west Texas have either traded at our stores or know of this institution.

Founded in 1897, and starting as a small store, Perkins-Timberlake Company has steadily grown until now it is known and recognized as one of the largest merchandise distributors in the Southwest.

Our merchandise is bought in large quantities, direct from the manufacturers. Going into the markets with "spot cash" we are enabled to get special concessions which mean the very lowest price on fine quality merchandise.

Our buying is not done haphazardly. Every item of merchandise that enters our stores must undergo a rigid inspection. Lines from leading manufacturers are assembled in our buying and sampling rooms, where they are carefully and thoroughly examined by a corps of buyers each of whom is an expert in lines handled by Perkins-Timberlake Company's stores.

Even the minutest detail is considered—merchandise is carefully examined and compared—stitch for stitch—button for button—and thread for thread, in order to get merchandise that will measure up to Perkins-Timberlake Company's standards of quality.

This rigid buying assures you of getting just as good merchandise as can be manufactured—merchandise that has stood the test of comparison, and each purchase, however small, must give absolute satisfaction or your money will be refunded, or a satisfactory adjustment made.

Each and every department of this store will be in charge of thoroughly experienced and capable people, and it is our desire that this store shall be of such a character and shall render such satisfactory service as will merit a share of your patronage.

We sell for cash only—operating on an extremely close margin and quick turnover. These advantages together with modern equipment and a competent salesforce guarantees a store of which this community may be proud.

We want you to look forward to the opening of this store.

Test our policies that have endured for more than a third of a century.

SOCIETY and Club

What Next? Club.

Tuesday morning at 9 o'clock Miss Vana Lee Marrs was hostess to members of the What Next Club at her home. Summer flowers were placed about the entertaining rooms where three tables were laid for games of bridge. At the conclusion of a number of games the hostess served a lovely plate, consisting of chicken salad sandwiches, potato chips, olives, cake, and punch to the following: Mesdames Glenn Marrs, Carl Maples, Clyde Railey, Misses Henrietta Isbell, Naomi Poote, Lena Bell Kemp, Bessie B. Kaigler, Francis Ratliff, Vivian Bernard, Janie Lisle Martin, Mavis Branch and the hostess.

Josselet Annual Homecoming.

The Josselet Home-Coming met last Sunday August 28th in the home of Mr. and Mrs. J. L. Tolliver. At the noon hour dinner was spread on a long table on the porch, as there were too many to be seated. Dinner was served cafeteria style.

In the afternoon the gathering never is complete without assembling in the living room for some of the favorite songs. But as it was already late before starting they met back that night and several quartets and duets were arranged, besides the many other songs that were sung.

At a late hour they all bid Mr. and Mrs. Dave Josselet and sons, Homer and Richard, good-bye, as they were to depart early Monday morning for their home in Sierra Flanca.

Special guests were Miss Eula Mae Davis, Alvin Ray Kreger, V. P. Terrell and Ray Harden.

Methodist W. M. S.

The Methodist Missionary Society met in their first meeting after a three months vacation, Monday afternoon. Mrs. H. M. Smith, the president, presided. The roll calls were most interesting. "My Vacation" in rhyme. Mrs. Rike read the scripture, the parables of the Ten Virgins, and The Sower.

The women decided to serve lunch both days to some of those attending the four county Teacher's Institute to be held here the last of October. Mrs. Smith and Mrs. Montgomery reported they had netted a nice little sum of money for the Society selling magazines. Mrs. Montgomery also reported that a box will be packed next Monday Prints for dresses, needles, thread, buttons, domestic, baby clothes, used clothing, almost everything is needed.

A large box of Christmas cards was on display, to be sold at a very reasonable price. The president reported sixteen dollars had been borrowed at the bank to pay a very urgent call to help keep some of our Missionaries in the field. The women expressed their pleasure in being back in the fellowship again.

The following were present: Mesdames B. Cox, C. B. Breedlove, C. L. Lewis, R. C. Montgomery, A. H. Wair, Bob Harrison, F. T. Sanders, R. J. Earnest, Guy Martins, Gordon, E. Martin, J. M. Martin, O. E. Patterson, Shriver, F. L. Caldwell, Sims, Wilson, H. M. Smith, Gilbert Sowell, S. R. Rike.

Woman's Council.

The Woman's Council of the Christian Church met Monday Sept. 5th in the home of Mrs. Manly Branch.

The President, Mrs. Hunt, presided, with Mrs. Clyde Grissom in charge of the devotional period.

The lesson topic being "The American Indians" Mrs. Duncan led an interesting discussion, with Bro. Walhall (our former pastor) as the principal speaker. Others assisting were Mesdames Press Baldwin and H. S. Post. Mrs. R. B. Fields led the questions on "Hidden Answers."

A good attendance evinced their interest by close attention and many words of commendation.

All members took part in the beautiful benediction asking that: "God be merciful unto us, and bless us,

And cause His face to shine upon us.

NEWS FROM OVER WEST TEXAS

Stamford Filling Station Is Robbed of \$28.00.

From the Stamford American—

A lone, unmasked bandit took \$25 from the cash register of Johnny Griggs' filling station, known as the Sunset Service Station, on the Anson highway just outside the city limits last Friday night. The hijacker first ordered Mr. and Mrs. Griggs to lie on the floor. He was unable to open the cash register and ordered Mr. Griggs to open it for him.

The holdup occurred at about 11:30 p. m. While the crime occurred outside the city limits, Chief of Police G. G. Flournoy assisted the county officers in investigating the robbery. Mr. Flournoy said no clues had been found thus far.

Cotton Loan Borrowers Have Margin Left Now.

From the Merkel Mail—

Farmers who have cotton up as collateral on their 1931 government loans may now settle up in full and have a margin left. The cotton was put up on a basis of 8 cents, the borrower to pay or receive the difference in what the cotton brings when sold.

However, collateral cotton cannot be sold until the loan office at Dallas receives notification from the farmer borrower, Charles W. Sherrill, loan director for the state, has announced.

In a telegram, sent in reply to a request for information from several Taylor county borrowers, Sherrill said that regardless of the place of storage—in warehouses here or at other points, or in Texas Cotton Cooperative association storage—the cotton will be sold immediately or notification.

When the cotton was put up by Taylor county farmers on the 8 cent basis, the price was around 6 cents, and had the cotton been sold then borrowers would have suffered a loss. Based on the 6-cent quotation, cotton sold on the present market would bring between \$15 and \$16 more per bale than last fall.

Thirty one loans are yet to be paid in this county. Sherrill stated in his telegram that the secretary of agriculture is anxious to liquidate balances due as soon as possible.

Loans cannot be settled—will still be due—until the borrower gives formal notice for sale of cotton up as collateral, it was pointed out.

Oil Leasing Activities Booming After the 6,000 Foot Strike.

From the Hamlin Herald—

The Herald came near having something sensational to tell you this week. In fact, it is really sensational to know that there has been more activity in the oil fields west of town this week since the early days of the find in this community.

The George well, now standing on oil at the 6,000 foot level should have told what it had, but after running the three inch pipe to the bottom it was found that the automatic packing did not shut out the water. Cementing had to be resorted to and that means a delay of about one week to let it set.

There has been much renewed releasing and new leasing done the past few days, but the George well holds the key to further buying and perils drilling.

Shot Fired Into Robert Lane Home Monday Night.

From the Rotan Advertiser—

Mystery still shrouds the shooting into the Robert Lane home Monday night.

Occupants were awakened at 3:30 by a bullet crashing through the wall and having the appearance of being a .28 caliber ball.

Mr. and Mrs. Lane live on the Hamlin highway close in. The bul-

let apparently was fired by someone traveling on the highway. It is not known whether it was fired mischievously, accidentally, or maliciously.

Highway Engineer Wanting Water.

From the Newcastle Register—

Mr. Byron Reese, Resident Engineer, of Throckmorton, who will have charge of the hard surfacing of our road going east and west, No. 120 to the Throckmorton county line, informed the local road committee yesterday that he was anxious to get in touch with the land owners or others who might have ponds, or tanks of water, or even water in creeks along the road that they would sell to the Highway Department or contractor.

Downtown Fire Damages Building and Fixtures.

From the Baylor County Banner—

The building occupied by the Owl Cafe, formerly the offices of the Haskell Telephone Co. across the street from the postoffice, was damaged by fire in an early morning blaze at 5 a. m. Tuesday.

The building was owned by E. L. Craddock. Damage was estimated at several hundred dollars entirely covered by insurance. Damage to the fixtures was very slight, and was covered by insurance. Joe McDaniel was the proprietor of the cafe. He was sleeping on the second story of the building and was trapped by the flames escaping by way of the roof of the building to the south.

D. C. Osborne Wins in Commissioner's Race, Knox County.

From the Munday Times—

D. C. Osborne was re-elected county commissioner of precinct No. 4, at Saturday's primary, over Peter Loran of Rhineland, Mr. Osborne receiving 479 votes, and Mr. Loran 282. Munday gave Osborne 276 to Loran 115, Goree gave Osborne 145 to Loran 26, Hefner gave Osborne 42 to Loran 18, while Rhineland gave Loran 124 and Osborne 16.

Telegraph Service Re-Instated For Goree.

From the Gore Advertiser—

Goree was made a telegraph station again on September first, after having been without this service for one month.

A few weeks ago the railroad began working out an economy program and decided to cut a number of towns off as telegraph stations. Goree was one of the number. However, it appears now that the business of Goree did not justify the change and when the local business men and the Chamber of Commerce entered a protest, the telegraph service was again given the town.

COMING—
"But the Flesh is Weak"

Plainview

Mrs. Roy Billingsley and children returned home after a ten days visit with her parents in Johnson county. They returned with her for a few days visit.

Mr. and Mrs. Roy Overton visit in this community Sunday.

Miss M. Elaine Blackwell and brother Norman have returned from a visit with their grandparents in Turnerville.

Miss June Miller who has been working in Eastland, is visiting her home folks.

Mr. George Connell, wife and son of Stamford visited his parents Sunday evening.

Mr. John Kohut and Rufus Connell made a business trip to Tuxedo Sunday evening.

Mrs. W. T. Overby is on the sick list this week. We hope for her a speedy recovery.

Pete West and wife of Stamford visited Tom Jenkins Sunday night.

Mr. and Mrs. Roy Overby and sons visited Cleve Philips of McConnell Sunday evening.

T. J. Brimberry and family and Maxine Adams also visited in the Philips home Sunday evening.

Miss Mable Jenkins left Sunday for a weeks visit with her brother in Oklahoma City.

Rochester

The first bale of cotton for the year 1932 was ginned at Rochester last Monday. Mr. Preston Murphy brought the bale to town and it was ginned at the Reeves Gin Co. The business men contributed a premium of \$43.50 to Mr. Murphy and the bale was sold for 10 cents per pound.

Rochester school opened Monday with a large attendance at high school auditorium.

Methodist revival closed last Sunday night with several additions to the church.

Mr. Roy Miller and Miss Wilma Wayne Fuller surprised their friends here last Sunday by driving to Altus, Okla., and were united in the holy bonds of wedlock. They have the best wishes of their friends for a long and happy married life.

Howard Bell left last week for Texico, N. M., where his school began Monday the 6th.

Miss Geraldine Norris of Haskell spent last week end with her grand parents, Mr. and Mrs. W. E. Watkins.

Miss Sarah Greer left last Friday afternoon for Keams Canyon, Ariz., to resume her work at that place in the Indian Reservation School. She was accompanied by Mr. and Mrs. H. W. Stone of Haskell, who teach in the same school.

Mr. and Mrs. Carney Doss spent last week end at Dallas.

Joe Clark made a trip to Fort Sumner, N. M., last week to spend a few days with his family.

Black-Draught Clears Up Staggish Feeling

"I have used Theodor's Black-Draught for constipation for a long time," writes Mrs. Frank Champion, of Wynne, Ark.
"If I get up in the morning feeling dull and sluggish, a dose of Black-Draught taken three times a day will cause the feeling to pass away, and in a day or two I feel like a new person. After many years of use we would not exchange Black-Draught for any medicine."
P. S.—If you have CHILDREN, give them the safe, pleasant-tasting SYRUP of Theodor's Black-Draught.

A Total LOSS?
It would be a complete loss to you if you were not fully protected by either fire or property damage insurance. And no one can tell when such an event may happen in your life. Ask for our representative who will explain.

F. L. Daugherty

One Hundred Letters Addressed to You Personally

Think of the advertisements in this paper as so many letters addressed to you, personally. That's what they're intended to be, and, actually, that's what they are. This newspaper is, in effect, a mail-bag which brings you news of events and news of the best merchandise at the fairest prices.

You don't throw away letters unread. You don't read three or four letters carefully and skim through the rest. Treat the "merchandise letters" in this newspaper the same way. Read them all. Read them carefully. One single item will often repay you for the time it has taken to read them all.

Many good housekeepers have formed the habit of reading their newspaper with a pencil and paper, ready to jot down the articles they wish to look at when they start out on their shopping tour. Try this method. It saves time, and saves money, and provides you with the pick of the day's merchandise.

Every Advertisement Has A Message All Its Own

Haskell, Texas, Sept. 8, 1932.

TAX BANKRUPTCY

Between 1913 and 1929 the national wealth increased from \$192,500,000,000 to \$361,873,000,000—an increase of 88 per cent.

National income increased from \$34,400,000,000 to \$85,200,000,000—an increase of 147 per cent.

During the same period total governmental expenditures, Federal, State and local, grew from \$2,919,000,000 to \$13,048,000,000—an increase of 347 per cent.

Governmental indebtedness increased from \$4,205,000,000 to \$30,194,000,000—an increase of 615 per cent.

In 1913 governmental expenditures represented 8.5 per cent of the national income, and in 1929 represented 15.3 per cent.

Bad as this may seem it by no means tells the worst. Since 1929, taxes have steadily risen while incomes have sharply declined. It is reliably estimated that this year government will absorb not less than 30 per cent of the national income.

It is apparent that we are facing tax bankruptcy. There is a point beyond which we cannot pay—a point at which taxation ends and confiscation begins. All over the country farms, homes, real estate, even factories, have been taken over by the states in lieu of taxes. We are at last paying the price of government waste and extravagance. Only a decisive "tax revolt," that demands economy and efficiency and government retrenchment can save us from the inevitable consequences of the present trend.

"THE REPRESSION"

We laugh when Amos and Andy speak of the "repression," yet, in search of comedy, they have struck the exact truth, for it is from repression rather than depression that we have been suffering—a holding back or a suppressing of our own normal desires and activities. We have been prey to a fear that has caused us to grasp that which we have too tightly. We ceased spending with others, making it impossible for them to spend with us. This great repression, which has played havoc with so many and "scared" the rest of us almost stiff, was not so much forced upon us by any outside depressing force as it was a creation of the individual who just held his economic breath until he was financially almost black in the face. But now a lot of folks are seeing how foolish this all is, their sense of humor is returning, and no one can laugh and continue to hold his breath. We as individuals caused the repression and we as individuals are ending it.

Chas. G. Dawes, who is perhaps better qualified than any other to speak with authority on the subject, expresses the opinion that improvement is starting at the bottom and will work upward. If we watch the stock market, the unfilled steel orders and other indices of big business for the first indication of improvement we will fail to note the fact that smaller business units are already on the upgrade. History has proved that in economic recovery small business leads and big business follows.—Southwestern Ambassador.

RAILROADS A NECESSITY

We are all interested in the railroads, whether we know it or not. They occupy a position of the first importance in the industrial scheme and their prosperity is directly related to the prosperity, or the lack of it, of all lines of business and industries. In other words whatever effect the railroads will, directly or indirectly affect us all.

The public is always the loser when competition is unfair. We hold no brief for the railroads—neither are we fighting their battles for them. Probably some of the blame for their present predicament was brought on by the management in times past. But we do believe in fair play. The unregulated competition has forced railroad retrenchment, resulting in the passing of dividends by many lines and contributing further to unemployment. Our own local station is a good example of the cut in payrolls that has been made by the Wichita Valley and other lines, during the past two or three years.

The railroads also pay a large portion of the tax, supporting our schools, city, county and state governments and if the public does not wake up to the fact that the railroads are being slowly strangled by unfair competition it will mean financial ruin to our transportation system. The nation can ill afford to do without our railroads.

The Association of Railroad Executives recently issued a statement to the public which deserves the widest possible attention.

It points out that the railroads were never better able to serve our transportation needs than now; that their properties are very modestly capitalized; that they have been subjected to increasing financial pressure for many years, depression or no depression. Perhaps most important of all, it points out that of the \$12,000,000,000 of railroad bonds outstanding, \$4,300,000,000 are held by insurance companies and savings banks and \$2,250,000,000 by endowment funds of colleges, hospitals and similar institutions. As a consequence, every one of us has a stake in the railroad problem.

The financial problems of the railroads have resulted largely from our transportation policy. We have refused to tax or regulate competitors of railroads on a basis of equality, while subjecting the railroads to restrictive and hampering regulation.

Equality of regulation for ALL common carriers is essential to the public interest, which, in so many particulars, parallels the railroad interest.

THE RETURN OF THE TORMENTOR

Snap Shots

We need less advice on how to get a job and more on how to hold one.

There is no market for unkind feelings.

He is a fool who wastes his nerve force in one vast wave of anger.

Every man journeys toward a kingdom where he is to be king or vassal.

No one envies the pioneer until he begins to gather in his spoils.

The element of time enters into everything. Given time, the problem will not only be solved, but slowly and imperceptibly outgrown.

Because a man happens to be extravagant with his love is no sign that he will ever come to want.

A FOOL—the fellow who expects to get something out of life and yet refuses to put anything into it.

That man who wilfully neglects his own, or that woman who deliberately refuses the crown of motherhood—these are the shoals upon which the American home is sure to wreck. It has never failed. It cannot fail.

The mystery of the great soul is to be found in that dramatic crisis—the moment when the action of brain and heart would be a torment to the common rabble.

The Personal Side

A good way for an orchestra leader to invite a sudden end just now would be to have his boys play "Turn on the Heat."

"Two is company" but three will form a bloc that will try to get some fool law passed.

Some minds are so open that they don't seem able to hold anything.

Anyway the campaign oratory can hardly be any worse than some we've been hearing over the radio.

A Denver minister says that women still prefer their husbands, home and babies. Maybe he was misquoted and meant husbands at home with the babies.

Al Smith may be somewhat inconsistent as to political policies, but he still pronounces it "raddio."

Physical exercise and lots of sleep are recommended as aids to long life. We're willing to try the long sleep part of it.

According to Senator Huey Long a drunk is one who "prostrate lies and cannot rise." If that's the case our courts have been handing out a lot of unjust punishment.

Attaching the beer bill as a rider to the home loan bill was good political strategy, in view of the fact that Congress finds it hard to keep from granting appropriations.

A college president says that an alumnus is a nuisance. And undergraduates probably feel the same way about a college professor.

A legislator proposes that we designate our language as "American." We'll agree that a lot of the lingo we hear is not English.

A survey by civic experts discloses that what we need is "better public officials." Experts would discover something like that.

The people of Massachusetts have rejected a portrait of Governor Allen because it shows him with his hands in his pockets. A portrait showing a politician with his hands in his own pockets ought to be accepted as a real work of art.

A fellow who insists that he isn't the least bit superstitious reminds us that it isn't necessary to light three cigarettes with the same match.

Who says there are no self-sacrificing politicians. Speaker Garner is willing to give up his present job for that of Vice President.

Monkeys have no facial muscles with which to smile, and being accused of kinship with man they would hardly use them anyway.

A government bulletin says a cow should have three quarts of water for every quart of milk produced. At last the dairyman's pump is vindicated.

The Man—I have killed five flies—two masculine and three feminine. The Woman—How do you know that?

The Man—Two were on the table and three on the looking glass.

College Senior—I would give five dollars for just one kiss from a nice little girl like you.

Innocent Co-ed—Oh, how terrible! College Senior—Did I offend you? Co-ed—No, I was just thinking about the fortune I gave away last night.

ATTENTION, FARMERS!
Bring us your surplus cotton seed. We pay the top price. Haskell Electric Gin.

Do You Use Baking Powder Printing?

Do you use stationery furnished you by the jobbers and manufacturers of Baking Powders, Tires, Coffee, Floor Polish, Spark Plugs, Laundry Soap, Overalls, Roof Paint, and a thousand and one other products? The stationery which bears the large advertisement of the product, and your own name in LESS conspicuous line?

Better let your stationery advertise your own business and your own personality and buy it of your home printer. He will not throw in any spark plugs or baking powder but he will give you a good clean job of printing which reflects your business and personality. The best advertisement you can give yourself and your business is to proclaim the fact that you are loyal to home industries, including the home print shop.

It doesn't cost any more.

MORE SCHOOL DEBT NOW PAYABLE
Scrip issued by the Haskell Independent Schools District of the county of 1931-32 is now payable up to and including No. 1200. Parties holding these scrips and who may present them to the Secretary of the board for payment.

NOTICE OF SHERIFF'S SALE

Notice is hereby given that by virtue of an order of sale issued by the Clerk of the District Court of Bowie County, Texas, on the 25th day of August, 1932, and to me directed, which order of sale was issued upon a judgment rendered by the District Court of Bowie County, Texas, for the Fifth Judicial District, on the 3rd day of August, 1932, in a suit wherein the Federal Life Insurance Company was the plaintiff, and M. A. Clifton, et al, were the defendants, the said cause being numbered 18816 on the docket of said court, and by which judgment the said Federal Life Insurance Company recovered of the defendant, M. A. Clifton, a personal judgment for the sum of Eight Thousand Eleven and 13-100 (\$8,011.13) Dollars, with interest thereon from the 3rd day of August, 1932, at the rate of ten per cent per annum, together with the sum of Fifty-five and 65-100 (\$55.65) Dollars as costs of suit, and by such judgment a lien given to secure the indebtedness so adjudged against M. A. Clifton, was foreclosed upon the land hereinafter described, in favor of the said Federal Life Insurance Company against the said M. A. Clifton, as well as against his wife, Mary Clifton, Clyde F. Elkins, A. J. Tuck, John W. Pace and H. H. Moore, also defendants in said suit, I, the undersigned, as Sheriff of Haskell County, Texas, will hereafter, on Tuesday, the 4th day of October, 1932, and between the hours of ten o'clock A. M. and four o'clock P. M., sell to the highest bidder for cash, in front of the court house door of Haskell County, Texas, in the City of Haskell, in said County, the following described tract or parcel of land, to-wit: All that certain lot, tract or parcel of land situated in Haskell county, Texas, to-wit:

Being 220 acres of improved farm land, Half-Section No. 2, located by G. H. & H. Ry. Co. by virtue of Cert. No. 34-646 State School Land sold to R Steel Abstract No. 765 described by metes and bounds as follows: Situated on the waters of Miller's Creek, a tributary of the Brazos River, beginning at the Northwest corner of No. 1 by virtue of same Cert. Thence South with West line of No. 1, by virtue of same Cert. 1585 vrs. to its S. W. corner. Thence West with the North line of 80 in the name of Ford 1171 vrs. to its N. W. corner, also S. E. corner of No. 90 F. Jeffries. Thence North with the East line of said Jeffries 1585 vrs. to S. W. corner of No. 92 in name of J. Stephenson. Thence East with said Stephenson South line 1171 vrs. to place of beginning, and being the same land sold and conveyed by R. Steel and wife to M. A. Clifton and wife, Mary Clifton, by warranty deed dated July 24th, 1908, recorded in Vol. 28, page 68, Deed Records of Haskell County, Texas, containing 220 acres of land, more or less.

Given under my hand, this the 3rd day of September, A. D. 1932.
W. T. SARRELS,
Sheriff, Haskell County, Texas.

SHERIFF'S SALE

The State of Texas, County of Haskell.
Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Haskell County, Texas, on the 27th day of August, 1932, by Lois Earnest, Clerk of said District Court for the sum of One Thousand Three Hundred Sixty-Four and 02-100 Dollars, (\$1,364.02), and costs of suit, under a judgment in favor of Realty Trust Company, a corporation, in a certain cause in said Court No. 4100, and styled Realty Trust Company vs. First Baptist Church, et al, placed in my hands for service, I, W. T. Sarrels, as Sheriff of Haskell County, Texas, did on the 2nd day of September, 1932, levy on certain Real Estate situated in Haskell County, Texas, described as follows, to-wit: All that tract, piece or parcel of land lying and being situated in the City and County of Haskell, State of Texas, being the North 1-2 of Lot 3 in Block 76, fronting 195 feet on the South side of Walton street. And levied upon as the property of First Baptist Church of Haskell, Texas, and that on the first Tuesday in October, 1932, the same being the 4th day of said month, at the Court House door of Haskell County, in the City of Haskell, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale, I will sell the above described Real Estate at Public Vendue for cash, to the highest bidder, as the property of the said First Baptist Church of Haskell, Texas. And in compliance with the law, I give this notice of publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Haskell Free Press, a newspaper published in Haskell County, Texas. Witness my hand this 2nd day of September, 1932.
W. T. SARRELS,
Sheriff of Haskell County, Texas.

After a fellow start a running account it isn't long until it has him on the run.

DID YOU EVER STOP TO THINK?

By Edson R. Waite, Shawnee, Okla.

George E. Masters, publisher of the Yankton (S. Dak.) Press & Dakotan, says: That advertising is really a sweet pill for merchants to take this year when they feel so full of business aches and pains. And the best testimonial for skeptics to read is that from men and firms who consistently have been space users in newspapers and have increased profits to show for their efforts.

Indiscriminate expenditure for advertising, of course, is to be avoided as much as lack of budget allowing for advertising. There are enough successful men and firms who can tell you the approximate amount necessary for advertising. In one line the advertising budget might be only one per cent of the gross sales, in another three per cent, in still another five per cent. The advertising budget is as necessary as that for heat or for rent or for labor.

Communities, too, that have resources and advantages that point to growth should also realize that these "wares" must be advertised if they expect profitable returns from them. They should, however, have a program for expansion; they should have leaders to carry out the program; they should expect to work if success is wanted.

Pronunciation

The oculist was examining the eyes of the patient. Pointing to the letters N P R T V Z B D F H K O on the chart he said "Please read that line." The patient squinted several times, rubbed his chin and then shook his head. "What's the matter?" asked the oculist. "Can't you read letters that size?" "Yes," replied the patient. "I can see them all right, but hanged if I can pronounce the word."

Haskell County History

20 YEARS AGO TODAY
Six cars of cattle were shipped to Fort Worth from this point this week. Williams and English shipped three cars, Smith and English shipped two cars and J. O. Chitwood shipped one car. G. R. Couch had a few head in the shipment. Messrs. Couch, Chitwood, Smith and Eugene Williams accompanied the shipment to Fort Worth. Walter Marsh and Dr. H. N. Robertson chartered a car this week and shipped their household goods to Port Arthur which place they will make their future home. The families left Friday evening.

J. J. Stein and company the popular real estate firm has decided to issue a monthly magazine which will be printed by the Free Press. The magazine will contain write-ups of improvements of Haskell county.

30 YEARS AGO TODAY
J. J. Stocton brought the first bale of cotton this year to town Wednesday. It classed as middling and was bought by F. G. Alexander and sons and company at 8 cents per pound. The merchants made up a premium for Mr. Stocton. Mr. Porterfield who resides on the Wild Horse prairie, fell from his horse Sunday morning and received a severe concussion on the head which rendered him delirious for several hours. Dr. Neathery who was called to attend him says he is recovering and will be all right in a few days.

40 YEARS AGO TODAY
A party of civil engineers left Haskell Monday for the northwest. The dirt will be flying on the Texas Central in a few days. The town is

Clifton and wife, Mary Clifton, by warranty deed dated July 24th, 1906, recorded in Vol. 38, page 62, Deed Records of Haskell County, Texas, containing 320 acres of land, more or less.

Given under my hand, this the 3rd day of September, A. D. 1932.

W. T. SARRELS, Sheriff, Haskell County, Texas.

SHERIFF'S SALE

The State of Texas, County of Haskell.

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Haskell County, Texas, on the 27th day of August, 1932, by Lois Earnest, Clerk of said District Court for the sum of One Thousand Three Hundred Sixty-Four and 02/100 Dollars, (\$1,364.02), and costs of suit, under a judgment in favor of Realty Trust Company, a corporation, in a certain cause in said Court No. 4100, and styled Realty

Trust Company vs. First Baptist Church, et al, placed in my hands for service, I, W. T. Sarrels, as Sheriff of Haskell County, Texas, did on the 2nd day of September, 1932, levy on certain Real Estate situated in Haskell County, Texas, described as follows, to-wit:

All that tract, piece or parcel of land lying and being situated in the City and County of Haskell, State of Texas, being the North 1-2 of Lot 3 in Block 76, fronting 196 feet on the South side of Walton street.

And levied upon as the property of First Baptist Church of Haskell, Texas, and that on the first Tuesday in October, 1932, the same being the 4th day of said month, at the Court House door of Haskell County, in the City of Haskell, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale, I will sell the above described Real Estate at Public Vendue for cash, to the highest bidder, as the property of the said First Baptist Church of Haskell, Texas.

And in compliance with the law, I give this notice of publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Haskell Free Press, a newspaper published in Haskell County, Texas.

Witness my hand this 2nd day of September, 1932.

W. T. SARRELS, Sheriff of Haskell County, Texas.

McCormell

Health of the community is good. Heading maize is the order of the day when the weather permits.

Bro. Roy Adams of Stamford filled his appointment here Sunday. Mr. Lawton Bates and family spent the week end visiting his parents, Mr. and Mrs. Guy Bates.

Miss Iva Mae Rasco entertained the young folks with a party Saturday night.

Mr. N. J. Ivy and family visited their daughter, Mrs. Raymond Lusk of Haskell Monday.

Mr. and Mrs. J. D. Jones spent Sunday in Rule visiting Mrs. Ollie Kittle.

Bob Winstead of Haskell called on his brother, W. O. Winstead Friday.

Those visiting in the home of Cleve Phillips and family Sunday were: Mr. and Mrs. Philips of Haskell, Mr. and Mrs. Roy Overby and sons, Mr. and Mrs. T. J. Brimberry and little daughter, Dorothy Lee, of Plainview, Mr. Roy Adams of Stamford Maxine Adams of Post, also Mr. and Mrs. N. J. Ivy and daughter Edna.

Mrs. Carrie Chapman and children of Plainview spent Sunday with Mr. and Mrs. T. J. Rasco.

Mr. Raymond Lusk and wife of Haskell were in this community Friday night.

Bro. Hensen of Stamford will preach at this place next Sunday morning.

Mr. and Mrs. W. O. Winstead lost their new Ford by fire Tuesday night of last week.

Straton Bates is attending High School at Haskell.

Horace and Leo Ivy have returned home after several weeks absence.

Remember we still have Sunday School at this place every Sunday morning at 10 o'clock. Everyone is invited to come and join or visit with us.

"Our dog is like one of the family." "Which one of the family is he?"

A country is not made great by the number of square miles it contains, but by the number of square people it contains.

Once upon a time there was an old lady who refused to meet a well-known "strip artist" because she said she objected to painting in the nude.

Isn't it perfectly amazing how much misinformation some people can gather when they set about to do so?

Chickens Turkeys

Star Parasite Remover given in their drinking water will rid them of all lice, mites, fleas, blue-bugs, and will kill all intestinal diseases causing germs and worms in their inceptions; keeping the fowls in better health and egg-production during the hot weather and moulting season or money back.

Oates Drug Store Haskell, Texas.

For lazy liver, stomach and kidneys, biliousness, indigestion, constipation, head-ache, colds and fever. 10¢ and 35¢ at dealers.

PAIN

HEADACHES, NEURITIS NEURALGIA, LUMBAGO...

Whenever you have some nagging ache or pain, take some tablets of Bayer Aspirin. Relief is immediate!

There's scarcely ever an ache or pain that Bayer Aspirin won't relieve—and never a time when you can't take it.

The tablets with the Bayer cross are always safe. They

don't depress the heart, or otherwise harm you. Use them just as often as they can spare you any pain or discomfort. Just be sure to buy the genuine. Examine the package. Beware of imitations.

Aspirin is the trade-mark of Bayer manufacture of mono-aceticacidester of salicylicacid.

SAFE

Mother of 7—Still Young

THE woman who gives her organs the right stimulant need not worry about growing old.

Her system doesn't stagnate; her face doesn't age. She has the health and "pep" that come from a lively liver and strong, active bowels.

When you're sluggish and the system needs help, don't take a lot of "patent medicines." There's a famous doctor's prescription for just such cases, and every druggist keeps this standard preparation. It is made from fresh laxative herbs, active senna, and pure pepsin. Just ask for Dr. Caldwell's syrup pepsin. Take a little every day or so, until every organ in your body feels the big improvement.

The next time you have a bilious headache, or feel all bound-up, take this delicious syrup instead of the

usual cathartic. You'll be rid of all that poisonous waste, and you haven't weakened the bowels. You'll have a better appetite, and feel better in every way. The constant use of cathartics is often the cause of a sallow complexion and lines in the face. And so unnecessary!

Would you like to break yourself of the cathartic habit? At the same time building health and vigor that protects you from frequent sick spells, headaches, and colds? Get a big bottle of Dr. Caldwell's syrup pepsin today. Use often enough to avoid those attacks of constipation. When you feel weak and run-down or a coated tongue or bad breath warns you the bowels need to be stimulated. Give it to children instead of strong laxatives that sap their strength. It isn't expensive.

DID YOU KNOW

Cool Weather is just around the corner? Why not have those Fall Clothes cleaned before time to put them on?

We have one of the best equipped Dry Cleaning plants in this part of the country..

SERVICE CLEANERS

S. A. MORRIS, Prop. Phone 163

... Is the kind we do. The order is never too large or too small for us to handle. If it is a bond issue or a hand bill it will receive the proper attention. ... Our plant is one of the best equipped in all West Texas and you will find that our prices are as low or lower for the same class of work than can be found elsewhere. ... The money you spend with us will come back to you.
