FORTY-SEVENTH YEAR

## THEIS DRY GOODS CO. TO OPEN STORE IN ALEXANDER BLDG.

The Theis Dry Goods Company of Big Lake, Texas, have secured a lease on the Alexander building on the southwest corner of the square and will open a complete dry goods store here in the near future, according to Mr. A. P. Theis, who was in the city the first of the week. Mr. Theis states that he is unable to set a definite opening date at the present time as he expects to have the front of the building remodelled and the entrance changed to the center, with modern display windows on each side of the entrance, and it will take several days to assemble the stock of merchandise from the markets. Mr. Theis is an experienced dry goods man, and has been in business in southwest Texas for a number of years. He states that he has been looking for a new location for some time and believes that Haskell offers the best possibilities of any city in all West Texas. Mr. Theis is married and has three children and expects to move here and make this his permanent home.

## J. EDWIN BROWN NAMED DISTRICT SUPERVISOR LOANS

J. Edwin Brown, who has had charge of Crop Production Loans in Haskell county with offices in the courthouse, has been promoted to District Supervisor of the West Texas division, which covers most of the West Texas counties. Mr. Brown states that he will continue to make his home here and work the territory out of Haskell, which will be good news for his many friends in this section. C. M. Betterton from the Dallas office, will have charge of the local office in the future. Mr. Betterton worked with the local office last year and is known by a good many people of this section, and is said to be one of the most efficient men in the organization. He will make his home in Haskell.

## Atwater-Kent Radio Audition to Be Held Soon

The Atwater-Kent Radio Audition will be held soon after September 1st, according to Mrs. O. E. Patterson, who has accepted the chairmanship for Haskell county again this year. The try-out will be held at the Methodist Church in this city, and anyone who wishes to enter is requested to get in touch with Mrs. Patterson during the next few days. Several have signified their intention of entering this year and the contest promises to be interesting.

## Tax Relief for Haskell County (An Editorial.)

The people of Texas have been asking for relief from their present high tax rate. The county tax payer now has the opportunity to be relieved of their biggest tax burden, that is, their county road bonds. Governor Sterling proposes, at the special session of the Legislature that he has called for the first of September, for the state to assume the interest payments and sinking funds on the road bonds of this county. This will mean a net saving of 80c on the \$100.00 valuation. This is the first time that this county has had an opportunity to really cut down their tax rate. The tax payers of this county should give this proposal some serious thought before they cast their vote next Saturday.

Governor Sterling is also responsible for the \$3,000,000 homestead exemption amendment being submitted to the people next November. When this amendment is adopted it will mean that over 90 per cent of the homesteads of this county will be exempt from all further state taxes. This would mean a net saving next year of 69c on the \$100.00 valuation. This will also mean that many thousand dollars heretofore sent to the state treasury by Haskell County will be kept at home for the benefit of the home owners of this county. Every citizen of this county should be in favor of the two above measures for it is the first real tax relief offered this county in over twenty years.

## BURGLARS MAKE RAID ON SEVERAL HASKELL HOMES

Breaking into a number of homes in the city last Friday night, burglars escaped with thirty or forty dollars in money, several watches and other items of value as their loot for the night's work.

The homes that were entered and reported to officers were: T. E. Ballard, G. F. Mullino, Lynn Pace, R. C. Montgomery, J. W. Gholson, Claude Warren, Cliff Berry, M. H. Post, and possibly others.

In a few instances the intruders were interrupted in their work by some member of the family being awakened while he, or they, were in the house, but in each instance managed to escape without being seen. The officers have very little clue on which to work, and no arrests have been made.

## Miss Lucille Kendall Awarded Scholarship at Randolph College

Miss Lucille Kendall, the highest ranking girl in the 1932 graduating class of the Haskell High School, has been awarded free scholarship by Randolph College, Cisco, Texas. The young people are being made to realize that not only is there honor in taking high rank in scholarship, but also that it has a financial value. This should encourage our young people in the high school to do their best, and should have a wholesome effect in stimulating rivalry in attainment throughout our high school.

Success to our young friends in their college career.

## SUPERVISORS FOR PRIMARY ELECTION MAY BE NAMED

The Election Law (Article 2942) authorizes "any one-fifth of the candidates whose names appear on the official ballot," or before the day preceding the election, to agree in writing signed by them upon two supervisors of election. The two persons so selected are required to take the oath as election officers, along with the presiding judge of elections before the opening of the polls. They must be qualified voters of the county and election precinct in which they serve and subject to none of the following disqualifications:

1. Must not be a holder of an office of profit, or trust under the United States or this State, or in any city or town in Texas (except a notary public), nor have held such an office within the last thirty days.
  2. Must not be a candidate for office.
  3. Must have paid poll tax.
- While the election is being held they are required to remain in view of the ballot boxes until the count is concluded. When any voter permanently disabled from marking his own ballot is assisted by the presiding judge of election, they are required to be present to see that the ballot is marked in accordance with the wishes of the voter, but such supervisors must remain silent except in cases of irregularity or violation of the law while so in attendance. It is also made their duty to see that each ballot is correctly called, and if they note any fraud or irregularity whatever in the conduct of the election, they are required to report it to the next grand jury.

## Rev. Chas. Solomon at Presbyterian Church Sunday

Rev. Chas. Solomon of Karnes, Texas, will have charge of the morning services at the Presbyterian Church Sunday morning August 28th. His brother, Rev. Johnny Solomon of Hornsby Bend, near Austin, will make a short talk at the Sunday School hour. The Rev. Solomon's were reared near Haskell and are well known here. The local pastor, Rev. C. A. Tucker, urges a large attendance.

Mr. and Mrs. Warren Baccus, Mr. and Mrs. Lee Roy Baccus and son of Red Springs were the week end guests of Mr. Wm. Baccus and family.

## FARM NOTES (By Joe C. Williams)

### Poultry Worms

Most every day the agent is asked how to rid the hens of worms, indications of worms and other poultry trouble. The typical wormy hens are thrifless feathers ruffled, dirty, usually pale comb and watery, loss of weight and of appetite, in other words, just general run down condition.

Treatment for worms may be given in capsules or worm tablets usually can be had from most any feed dealer or drug store, at costs varying from one and one-half cents to four cents each depending on the kind and brand used.

The following home remedy seems to give pretty good results when used. Three parts turpentine to one part of salad oil, which may be any one of the following: Wesson Oil, Plato, or olive oil. One-half pint of this mixture is sufficient to treat 100 hens. Feed it to the hens in the last feeding of the day, pour it over the mash and the birds will eat it readily.

The good part about this remedy, it is cheap but usually takes two or three treatments to rid the flock of worms. The second treatment should be given in two weeks after the first.

### Laying Mash

One of the best that I have been able to get a chance at is plenty of grain with at least two to four gallons of sweet milk per hundred birds. Of course green feed should be available at all times.

### Rat Riddance

Since the county over has an abundant fed crop and lots of feed from last year on hand we can expect plenty of rats and mice this fall and winter. One of the best ways to get rid of rats is the use of Barium Carbonate, when used with cheap salmon. The usual dosage is one-fourth pound of barium carbonate to one pound of salmon. Mix the salmon well into small pieces or preferably mash it up well and add the poison to it.

Put out in quartered newspapers one tablespoonful to each piece of paper and twist up in the form of a sack and put around places where rats usually stay. Put this mixture out for three nights and you will not be bothered with rats. After the third night gather up all that is not eaten and burn or bury it as it might possibly kill some cat or pet dog, even hogs, should they get very much of it.

### Worms In Hogs

There are two kinds of worms found in hogs, Stomach and Kidney Worms. The stomach worm is indicated by unthrifty appearance of the hog hair; eats hearty but does not fatten; usually very hungry.

Treatment: One tablespoonful of copperas to each hog, given in milk or slop after the hog has not had anything to eat for at least one day. One treatment is usually sufficient.

Kidney Worms: The indications of kidney worms are: loss of use of hind feet and legs, in fact they drag around and cannot use them in walking. Eats hearty and seem to fatten well and grow in size.

Treatment: One tablespoonful of cod liver oil mixed with one teaspoonful of ordinary lime twice each day will usually get the hog up in five days to ten, according to the amount of worms. This can be given best in dough, made of meal and a little flour, or given directly into the hog's mouth.

## HASKELL SCHOOLS TO OPEN SEPTEMBER 5TH

## LET'S CONTRACT FOR ANOTHER BRICK BUILDING

A contract was let the first of the week for another brick building on the east side of the square, filling the last gap in the row of buildings made vacant by the disastrous fire here last fall.

The contract was let by A. M. Robertson of Abilene to E. W. Simpson who is erecting the building on the adjoining lot for J. F. Jones. The Robertson building will occupy the lot made vacant when the Haskell Dry Goods store was destroyed.

## EGGS DROPPED NEAR STERLING SPEAKERS

Several rotten eggs were dropped from the courthouse window to the platform while two members of the Legislature were speaking here Saturday afternoon in the interest of Governor Sterling.

The eggs struck near Representative Bob Long of Wichita Falls, who made the principal talk, and Representative Dennis Ratliff of this district, who introduced him. The eggs splattered on the trousers of both men.

The speakers proceeded with their talk. Representative Long, a militant representative of the independent oil interests in the past two Legislatures, and re-elected to the next one, spent considerable time attacking alleged legislative lobbying by Ex-Governor Jim Ferguson in a recent session in the interest of major oil interests. Long said Sterling's opposition to the program Ferguson was pushing defeated this program, which, if it had succeeded, would have virtually eliminated the independents. He praised Governor Sterling's program for tax relief.

## D.C. Hudson Accepts Position With Local Automobile Concern

D. C. Hudson of Dallas has accepted a position with the Post-Maloy Chevrolet Company as salesman. Mr. Hudson has been in the automobile business for a number of years and is very optimistic over the business outlook for this section. He states that he has traveled over the most of Texas and Oklahoma this summer and he believes that Haskell has the finest prospects for a bumper crop than any section in the southwest. Mrs. Hudson will join him here at an early date and they will make their home in Haskell.

## HASKELL TEAM PLAYS ROCHESTER HERE FRIDAY

Local baseball fans will have the opportunity of seeing the locals in action against the fast Rochester team of the Brazos Valley League here Friday afternoon at Fair park.

The game promises to be an interesting one, as the locals have been playing good ball recently. The Rochester team likewise is rated as a real aggregation of players, having won the first half of the season in the Brazos Valley League. The game will be called at 3:30 o'clock, and a large crowd is expected.

## INFANT DIES

The funeral services of the infant son of Mr. and Mrs. C. C. Snowden were held Tuesday afternoon at 4 o'clock at Willow cemetery, by Rev. J. A. Tucker. Funeral arrangements were in charge of W. O. Holden of the Jones Cox & Co. Interment in Willow cemetery.

Mrs. J. G. Mulkey and children returned home from Plainview Sunday, where she had been visiting her parents, Mr. and Mrs. Neal.

## PERKINS-TIMBERLAKE COMPANY WILL OPEN STORE IN HASKELL

## TAX COLLECTING COMPANY WILL NOT CONTEST SUIT

The Texas Plat Book and Map Company of Dallas will not contest the suit filed by County Attorney French M. Robertson.

J. R. Germany, acting for the aforesaid Company, says that his company will not oppose the setting aside of contract entered into by his company and the Commissioners' Court of Haskell county. He says that in view of the fact that the County Attorney has failed and refused to co-operate with his company in the filing of tax suits that it will be impossible for his company to accomplish the purpose of the contract calling for the collection of taxes by suit and foreclosure in cases where necessary.

This means that the Texas Plat Book and Map Company will surrender their contract with Haskell county, that delinquent taxes will not be collected by this company, that no tax suits will be filed and that Haskell county will be released from all responsibility and obligation placed upon it under the terms of said contract with the exception of the fees for work done before suit was filed.

## R. S. Lockeridge Robbed by Lone Bandit Saturday

R. S. Lockeridge was held up and robbed by a lone bandit Saturday night about 10 o'clock and relieved of his pocketbook containing eight or ten dollars in money.

The hold-up occurred on Houston street near the old Lewis home, recently vacated by Walter Frazier. Mr. Lockeridge was on his way home from town when the bandit stepped from behind a big tree in the yard and commanded him to "stick 'em up." Mr. Lockeridge had several bundles under his arm and thought at first that it was one of his friends playing a trick, but when he looked around, a gun was shoved into his face, and the man reached into his right hand pocket and secured his purse and vanished into the darkness.

Mr. Lockeridge believes that the hold-up was staged by local talent, and a suspect has been questioned by officers, but no arrest has been made.

## RED CROSS WILL GIVE GARDEN SEED TO NEEDY

The local Chapter of the American Red Cross has secured a supply of garden seed and will distribute them to the needy of Haskell county on Saturday August 27th, and Saturday September 3rd. Those who are unable to secure garden seeds are requested to call at the Red Cross warehouse (building formerly occupied by the R. J. Reynolds & Son) on the west side of the square on the above dates between the hours of two and five o'clock in the afternoon when the seeds will be distributed.

The local officers state that with the excellent season now in the ground, it will be possible to raise a splendid fall garden, and they are very anxious to get this shipment of seeds to the right families, as it will be almost impossible to assist them in any other way this fall and winter, as they will not have any money to carry on the work, as it has been done in the past.

Mrs. Edward Barison of Waco returned home with her mother, Mrs. John A. Couch, who had been visiting her, the first of the week for a few days visit.

Clinto Busby of San Antonio is visiting relatives here.

Mr. R. O. Cunningham and family returned to their home at McAbee after spending a few days with relatives here.

F. P. Timberlake, vice-president of Perkins-Timberlake Company of Wichita Falls was in Haskell Saturday of last week, conferring with Judge Clyde Grissom and taking a lease on the building on the north side of the square, formerly occupied by the Grissom-Robertson Co.

While a definite date has not been set for the opening of this new Perkins-Timberlake store, but according to Mr. Timberlake it will be in the very near future, with a brand new stock of merchandise and announcements will be carried in the Free Press.

Perkins-Timberlake Co. is one of the country's oldest and most reliable merchandising institutions, carrying men's and women's ready-to-wear, apparel for boys and girls, shoes, piece goods, and all manner of merchandise to be found in an up-to-date department store.

Perkins-Timberlake Company has been operating stores for the past 34 years in Texas and Oklahoma and their coming to Haskell assures a store for this section of Texas that will meet every requirement for quality merchandise at the lowest possible prices.

The buyers for this institution are now in the markets assembling merchandise for the new store and work will go forward at once to complete arrangements for the opening of the store at an early date.

In negotiating for the location of the new store, Mr. Timberlake was much impressed with the outlook of conditions in this section, and expressed the opinion that now is the time for a program of expansion, and that Haskell will be one of their best points for merchandise distribution.

## RULE RECEIVED FIRST BALE COTTON OF SEASON MONDAY

The first bale of Haskell county cotton from the 1932 crop was brought to Rule Monday of this week by John Bullinger, who resides on the Simpson Ranch west of Rule. According to reports received here, the bale was sold at 8 cents per pound.

Several farmers in different parts of the county are planning to begin picking the last of this week or the first of next, but the general movement will probably not begin before the middle of September.

## The Presbyterian Sunday School Enjoys Picnic

About fifty people from the Presbyterian Church motored to Scott's Crossing Wednesday for an all day picnic, being the second picnic of this year. A bountiful basket lunch was enjoyed at lunch time. In the afternoon they were joined by about 25 who were unable to go in the morning. Swimming, indoor baseball, and bible readings were enjoyed throughout the day. After an ice cold watermelon feast all expressed having enjoyed the day immensely and returned home.

## Wheeler, Woolsey, in Ace Comedy Cast

Popped up to the cadence of rippling Gerahwin melodies, a merry melange of comedy opens at the Texas Theatre Aug. 31, Sept. 1st, in the form of RKO-Radio Pictures' all star comedy "Giri Crazy."

The film which marks the rebirth of film comedies made under the new ideal sound reproducing conditions, presents one of the finest all-star comedy casts of the season in a screen rendition of the famous Broadway extravaganza of the same name.

Mr. and Mrs. Virgil Hudson and son Jack returned Sunday from Houston and Dallas where they spent two weeks. Jack will visit here a few days before returning to Chicago where he will resume his school work.

Miss Edythe Hinkle of Dallas was the guest of Miss Ida Johnson Wednesday.

# Longhorn Cave, New Discovery in Texas Believed Will Prove Largest and Most Beautiful Cave In World, Soon to Open

(By Frank Earnest Nicholson)

(Special member Cave Explorers Club of France, who led the New York Times-Carlsbad Cavern Expedition, discoverer and developer of Cascade Cavern, New Publicity Council for Texas State Park Board.)

Like the old man who discovered a pot of gold beneath the doorstep of his ancestral home, Texas awakens to find beneath her feet a gigantic subterranean playground.

The actual discoverer of Longhorn Cave is unknown—its spectacular entrance has doubtless been a landmark since pioneers first trekked across what is now Burnet county, Texas. Indeed, records show in the 1840's General Lee, stationed in that vicinity, captured bands of Indians by driving them into the gaping mouth of this giant cavern.

Recently the cave and two thousand and thirty-two acres surrounding its entrance, was through the efforts of D. E. Colp, chairman of the Texas State Park Board, deeded to the State. Development of the cave made possible by Jack Nassamer of San Antonio, is now under way. Trails are being built, the most modern of electrical lighting is being installed—in fact every comfort and convenience is being provided for the visitors.

A few weeks ago, this writer in company with Chairman Colp, Mr. Nassamer, representatives of various departments of the State of Texas, made a trip far into the depth of the labyrinth. To attempt a description of its vastness and variety of decoration is to find the English language wanting in superlatives. The rooms are colossal; recesses with glittering calcide walls which cast back the rays of our flashlights like showers of diamonds. These chambers have been lavishly decorated by nature with fantastic formations in glittering onyx and sparkling crystal. From the dim loftiness of the ceiling, suspending mammoth chandeliers—clusters of stalactite of every size and shape. Against the walls are frozen cascades of milk-white flowstone, jutting rocks support long slender formations.

We found mystery abounding at many a turn in the winding tunnels and passageways. Throughout the trip we found no two rooms similar in decoration nor did we find the formations alike in symmetry or shape. If one thinks of the cavern furnishings in terms of animal life one concludes heartily, a bear, reptile, or bird is now there reproduced in marble-like formations which has been built up by the slow dripping of water.

This water, seeping through the ground from surface rains is impregnated with a teason of minerals to the gallon. The water, seeping in drop by drop, evaporates, leaving microscopic deposits of mineral—one upon the other. Ages ago it began and drop by drop it has continued. Long ago science established conclusively that 100 years is required for a single cubic inch of formation to "grow". The mininity of this building-up process as compared with the time involved can be graphically described by pointing out that an ordinary five-cent match box contains 100 cubic inches; in other words, 10,000 years are necessary to be formed of stalactite equal to a match box. In Longhorn Cave we found huge formations so tall their tips disappeared in the gloom of the vaulted ceiling far above our heads.

As we tramped on gothic arches opened on every side, constantly inviting us to turn off. Far ahead, beyond the rays of our flashlights, white formations, grotesque and eerie, rose like phantoms in the distance. We came to three rooms, the walls, flooring and ceiling built of slabs of crystal. As we turned our lights into these chambers the crystal seemed to blaze in a riot of color! In exploring caves on three continents I have never seen a cavern that has so great an abundance of crystal deposit. The substance itself is transparent and has been built up in a variety of shapes.

Traversing the halls and recesses of Longhorn Cave is somewhat like a cloister walk—as though one were trodding the catacombs of some old monastery. It invites quite a reaction, with at no time the feeling that one is underground. This can perhaps be explained by describing the walls as canyon sides with a roof built of snow-white formation—so high above the rays of a light that the ceiling casts back the mellow glow of starlight. It is as if one is traveling about in the depth of a canyon in a moonlight night.

Eight miles of the cave have been explored—but its extent is still unknown. Smooth, dry trails are being constructed within the explored area. A dining room is being equipped in one of the large rooms and what will be the world's only underground theatre is being built within a chamber leading on the main entrance. It has a seating capacity of several thousand people

and will be utilized for dramatic presentations, conventions, public meetings, and the like.

From all appearances, Longhorn Cave, when completely explored, may surpass in size any known cavern, and it is but befitting that the largest State in the Union should have the biggest cave in the country. Since Longhorn Cave is a State park, it is your cave and mine. For years Texans have journeyed to Kentucky, Virginia and New Mexico to thrill at the marvels with which nature has endowed her underground palaces. During the twelve months of last year in excess of 40,000 Texans journeyed to New Mexico's Carlsbad Cavern.

On the surface of the 2,032 acre cave park, club houses and tourist cottages are being built, two dams are under construction, which will form a lake for boating and swimming. Likewise it will be stocked with fish. Jack L. Gubbels, well-known landscape gardener, is supervising beautification of the surface park. John Marier is architect of the unique buildings, which are Indian in their motif.

Longhorn Cave Park is located on Highways No. 66 and No. 29, in Burnet county, between Burnet and Marble Falls. It is opening this month, and will be open to the public every day in the year.

## Rochester

The revival meeting at the Methodist Church is in progress, with the pastor doing the preaching, and Mr. and Mrs. Thomas of Houston conducting the song services, assisted by Miss Margie Grimes at one piano and Mrs. Thomas at the other. The music is inspiring, and Bro. Pike is preaching enough gospel to save any hearer that isn't saved. The meeting is to continue through this week.

Dr. Lee Martindale and Mrs. Minnie Martin Frederickson of Oakland, Calif., Sim Martindale and his brother Luther, and Mrs. Leonard Hedgespeth of Dallas, and Mrs. Mike Stoker of Fort Worth came last week to join their brothers and sisters here, Hicks Martindale, Mrs. Wheeler and Mrs. A. S. Lambert in a family reunion with their parents, Mr. and Mrs. J. A. Martindale, but even before they had an opportunity to eat one meal together their father was taken seriously ill and died. It had been twenty-eight years since all the children and parents had been together and what was planned to be a happy reunion proved to be a sad one because of the sudden death of their father. They have a lot to console them. First, their father has been

## WE SHOULD ELECT W. B. COLLIE

(Editorial from Eastland Weekly Chronicle)

Honorable Wilbourne B. Collie of Eastland, in the runoff for State Senator from this district, which is composed of 12 West Texas counties, is entitled to the undivided and solid support of every voter in Eastland county and should run well ahead of his opponent, Senator Oliver Cunningham, of Abilene, in the other counties of the district, with the possible exception of Taylor county, where Collie received a splendid vote. Mr. Collie received overwhelming majorities in Eastland county in the first primary, and it is our prediction that he will receive the solid support of the people of his home county in the election August 27.

Mr. Collie, a native of Eastland county, has a clean record, both in private and public life, and against which nothing could be said. He possesses innate ability, is absolutely honest, energetic and trustworthy. He is a tried and true Democrat, as the people well know, and against whom the charge can not be truthfully made that he ever bolted the ticket. He has never aligned himself with any political organization or clique other than the democratic party, he does not follow the attributes of small bore politicians by advocating measures to arouse the prejudices of men. On matters affecting public welfare he lends an undaunted influence for the right and in the Senate chamber at Austin he could be found with his visor down. This young man inspires confidence and makes friends upon acquaintance, but the district is so large his friends should help him in the other counties of the district. With some assistance he will be elected the next State Senator from this district, and be one in which the people may justly be proud.—(Political advertisement.)

## TO THE VOTERS OF HASKELL COUNTY

I sincerely solicit your vote and influence in the Second Primary, Saturday, August 27th.

If re-elected as Sheriff of this county I will endeavor to keep faith with you, and serve this important office to the best of my ability.

Sincerely,

W. T. SARRELS

Haskell, Tex., Thurs., Aug. 26, 1927

few enjoyed the address given by Dr. J. W. Hunt of Abilene for the Sterling Rally here. It was clean, and plain facts, in regard to both sides.

A Mr. Martin also spoke here Saturday evening at a late hour, for the Ferguson candidacy for Governor.

Quite a few attended the speaking in Stamford last Saturday night which was a Ferguson Rally.

E. D. Engleman from Spur, who was here doing business for the International Harvester Company last week end, visited his mother while here, Mrs. Bennett Hess.

Mr. and Mrs. W. P. Caudle have returned from a fishing trip. They had a fine catch and their friends visited them in their camp. Among those visiting them were Mr. and Mrs. Hess and Mr. and Mrs. Billy Tabor. All of the names were not learned, but anyway they had a wonderful time.

Mr. and Mrs. Marvin Ross from Fort Worth are spending a few days here with his parents and family, Mr. and Mrs. M. Ross.

Mr. and Mrs. Bryant and family of Sagerton moved to Rule last week. Mr. Bryant hauls sand for Highway No. 18.

Mr. and Mrs. G. E. Russell, Jr., of Girard were in Sagerton Sunday. Their friends were glad to see them again. They were driving a nice new car.

Mrs. Dallas Scarborough of Abilene, along with Mrs. Hiner, were in Sagerton last week in regard to the Sterling campaign.

Mrs. J. W. Burrow was on the sick list last week for a few days, but is getting along nicely now.

Clyde Carrol, who formerly lived here, but now of Anson, had the misfortune to lose the sight of his right eye, when he was struck in the eye with a wire, causing him great suffering. His friends here are very sorry for him.

Sunday night August 20th, Mr. Cliff Lefevre took his truck loaded with the Leaguers to the Post community Church, where a revival meeting was going on. There were 26 in number who enjoyed this treat, and enjoyed hearing a wonderful message from God's word, brought by Rev. Marvin Williams of Abilene, who is conducting the revival, assisted by the pastor, E. A. Irvine. We feel this meeting will be a success as Bro. Williams is a powerful preacher. He has many friends in Sagerton who enjoy hearing him preach.

Mr. and Mrs. Cliff Lefevre and family visited in Rule last Sunday evening in the homes of Van Laughlin and family, and Mr. and Mrs. M. L. Laughlin. Robert Laughlin returned with them for a stay here.

The presiding elder of the Stamford district, Rev. Slover, will hold Church Conference here at the Methodist Church Sunday August 28. He will preach at the 11 o'clock hour Sunday morning, so be sure to come hear him.

## BIG NEWS ... for those who want to Save!

Here's a fact that will interest you . . . if you're interested in saving money! And who isn't, during these times?

Modern Electric Refrigeration soon pays for itself! . . . and then goes on for many years paying big dividends in health, money and convenience.

If yours is an ordinary family, government figures show that more than 10 per cent of the foodstuffs you buy are thrown away. In some families, this waste amounts to as much as 20 per cent! What is your yearly food bill? Figure how much Electric Refrigeration will save you!

A new Frigidaire costs less today than ever before. It will soon pay for itself and keep paying additional cash dividends, every month in the year, for years to come. Surely you should take advantage of present low prices and Special Terms. See one of our salesmen today!

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

Sunday and Sunday night. Everybody come and bring someone with you.

### Cottonwood

Health in this community is very good at this writing.

Bro. Sego and Bro. Jensen have just closed the meeting, with seven conversions.

Mrs. Sego spent the week with her parents and attended the meeting.

Mr. Slover Bledsoe and family spent the week with his parents, and attended the meeting.

Miss Pauline Bledsoe has returned home from Snyder where she has been visiting her brother there. Mr. Buster Bledsoe remained at Snyder where he has acquired a filling station. We wish his much success.

Mr. Hubert Bledsoe and family spent Sunday afternoon with the former's parents.

Mr. Will Dryden has relatives visiting them.

Mrs. Dorgan from the plains is visiting her sister, Mrs. C. M. Overman.

There seems to be no end to these prohibition debates. During an argument over the dry question a New Jersey man slapped his wife, and then the judge slapped a fine on him.

Some umpire's decisions would exasperate a saint, a Chattanooga judge said in ruling on a pop bottle throwing case. And, strangely enough, so would the decisions of some judges.

## Williams-Atkeison.

In a quiet wedding which took place at the First Baptist Church, Henrietta, Texas, Sunday afternoon August 21, Miss Mary C. Williams of Fort Smith, Ark., was married to Mr. Hollis Atkeison of Haskell. The Rev. J. N. Hunt, pastor of the church, read the ceremony which united the two, with only a few witnesses present.

Mrs. Atkeison is the daughter of Mr. and Mrs. G. C. Williams of Fort Smith. She was graduated from Texas State College for Women, Denton, and has taught in the Wichita Falls public schools for the past three years. She has many friends here, having been the guest of Mrs. Ralph Duncan, nee Miss Lela Welsh, a number of times.

Mr. Atkeison is well known in Haskell. He is the son of Mr. and Mrs. W. H. Atkeison of Munday. He has been a resident of Haskell for six years and is manager of the Atkeison M System Grocery.

Mr. and Mrs. Atkeison left immediately after the ceremony for a short tour through Colorado. They will return to make their home in Haskell.

Their many friends express a wish for their every happiness.

## Miss Aletha Faye Davis Hostess to J. O. L. Y. Bridge Club.

Last Friday afternoon August 12 Miss Aletha Faye Davis was hostess to the J. O. L. Y. Bridge Club. The main diversion during the afternoon, other than bridge, was the throwing of "brick-bats" and bouquets. We can't truthfully say yet who won in this, but Mavis and Kate won high scores in bridge.

Mrs. Davis joined us during the social hour when Misses Ruth Jossilet and Eula Mae Davis assisted our hostess in serving delicious ice cream, cakes and lemonade to the following: Misses Mavis Branch, Lilly Faye Stoker, Lillian Kaigler, Wilda Phippen, Anita Collier, Frances Ratliff, Morris Gilbert, Seymour, Elizabeth Gilbert, Louise Warren, Anna Maude Taylor, Frances Walling and Kate Darnell.

## Federated Missionary Society Program.

The following Federated Missionary Society Program will be given Monday August 29, at 3:30 p. m., at the First Christian Church: Our Children and Their Place in Religious Life. Song. Introductory Talk—Mrs. Ferris Morrison. Prayer—Mrs. Burl Cox. Devotional—Mrs. B. M. Whiteker. Song. The Bible and the Child—Mrs. C. A. Tucker. Solo—Mrs. Berryhill. Religious Training of Children—Mrs. Dennis Ratliff. Song by group of children. Prayer—Mrs. H. R. Whitley.

## Mauldin-Chenault.

Leland Mauldin of Stamford and Icel Chenault of near Rochester were quietly married on Saturday evening August 13th at the Baptist parsonage with Rev. King conducting the ceremony.

The bride is the daughter of Mrs. J. R. Chenault of the Jud community and is an ex-graduate of Rule High School, having finished with the 1930 class. She has many friends there who wish for them all the

happiness and success together obtainable.

The groom is the son of Mr. and Mrs. M. T. Mauldin of near Rule. He is now engaged with the L. E. Whitam Construction Co. They will make their home in Stamford.

Those attending the ceremony were: Clarence Yarberry and Zada York, best man and bride's maid; Lois and Lucile Mauldin, sisters of the groom; Jack Chenault, brother of the bride; Glenn Yarborough and Bob Richards.

## Baptist Missionary Society Holds Last Meeting of the Year.

The Missionary Society of the Baptist Church met at the church in the last meeting for the year.

Mrs. Bailey, the outgoing president was in charge, and expressed her thanks and appreciation for the fine co-operation of the women in the work.

Each officer of the organization gave a report of work done.

The mission report shows the 3 weeks of prayer as set aside by the state were observed, and 82 women attended. Forty-eight Royal Service programs were rendered. Letters written, and boxes were sent to missionaries during the year.

There are seven organizations among the young people of the church fostered and carried on by the women.

Good reports of personal service done throughout the year were given. Visits to the sick, visits to strangers, help to poor, and good literature were distributed. One school of missions was held by the church, fostered by the women, and seventy-five reported attending.

For all purposes fostered by the women there were \$819.69.

The officers for the coming year were introduced as follows: President—Mrs. Whitley.

First Vice President—Mrs. George Herren.

Second Vice President—Mrs. I. N. Simmons.

Third Vice President and Young People's Leader—Mrs. Kenneth Sherman.

Recording Secretary—Mrs. Sam A. Roberts.

Corresponding Secretary—Mrs. Vaughn Bailey.

Treasurer—Mrs. R. J. Paxton.

Standing Committee Chairmen: Social—Mrs. Trice.

Personal Service—Mrs. Gilstrap.

Librarian—Mrs. Cates.

Mission Study—Mrs. R. C. Couch.

Flowers—Mrs. Pierson.

Parliamentarian—Mrs. Reynolds.

Pianist—Mrs. Bailey.

Chorister—Mrs. Whiteker.

Benevolence—Mrs. Scott.

House—Mrs. Ellis.

Education—Mrs. Ed Fouts.

Mrs. Whitley made an inspiring talk and urges the women to study stewardship and to tithes, and pray, and make the coming year the best in the history of the church.

Miss Margaret Brooks Entertains Club.

Wednesday night Miss Margaret Brooks entertained members of the What Next Club in her home.

Vases of summer flowers were arranged about the room where two tables were placed for games of bridge. At the conclusion of a number of games Miss Henrietta Isbell won high school, Miss Francis Ratliff receiving low. A dainty refreshment plate was passed to the following: Misses Henrietta Isbell,

Francis Ratliff, Bessie B. Kaigler, Mary Charles Taylor of Dallas, Vivian Bernard, Vannie Lee Marrs, Naomi Poteet and the hostess.

## What Next Club.

On Tuesday of last week Miss Naomi Poteet was hostess to members of the What Next Club for a bridge luncheon, naming Miss Mary Charles Taylor of Dallas as honor guest. The rooms were decorated with a profusion of summer flowers. A number of games of bridge were played, Miss Vannie Lee Marrs receiving high score with the honor, Miss Mary Charles Taylor, winning consolation.

A two course luncheon consisting of chicken salad sandwiches, perfection salad on lettuce leaf, iced tea, with ice cream and cake, were served to Misses Mary Charles Taylor of Dallas, Bessie B. Kaigler, Henrietta Isbell, Margaret Brooks, Francis Ratliff, Vannie Lee Marrs, Louise Warren, Vivian Bernard and the hostess.

## Club Items From the "Sunflower Club" of Mitchell.

We met at our usual place, the school house, and enjoyed a watermelon feast, also had an interesting report from our delegate who attended A. and M. College. She told us many interesting things. We sure received our money's worth from sending a delegate and as she was our Wardrobe Demonstrator, also it was more interesting.

We would be glad to see all of our members present at our next meeting which will be Sept. 2nd, at the schoolhouse.

Our club is progressing nicely, although it is a young one—less than a year old—and we hope to accomplish much more in the coming year.

Lets all come and help make and partake in our club.

## PIANO STUDENTS

Students wishing to enroll as piano pupils with Mrs. Geo. H. Morrison may call at my studio on Monday September 5th.

Miss Louise Kaigler will teach with me this fall and we will use two studios.

We are planning to use the outline of study that is used in the St. Louis Conservatory. Each progressive teacher has recently been asked to use this outline. They are raising the teaching standard each year.

The merit system is used as a stimulus to intermediates. Those meeting the requirements each semester will have their names published on honor roll. We are offering two prizes to be given at the close of school, to the one making the best grade in High School and the one making the best grade in Grammar School.

Miss Louise will reorganize her orchestra and will also have choruses, songs, dances, etc., as program novelties.

We will be glad to talk to those interested.

## "Arsene Lupin" Clever Mystery Film Here Soon

An auspicious event of the 1932 screen season is the opening Aug. 29-30 at the Texas Theatre of "Arsene Lupin," presenting John Barrymore and Lionel Barrymore in the first joint appearance of the celebrated stars in a motion picture. Karen Morley, John Miljan and Tully Marshall have important supporting roles in the production, which was directed by Jack Conway, who last scored with "Paid." The well-known mystery stories of Maurice Le Blanc which idealize the debonair French thief, Arsene Lupin, supplied the motivation for the first appearance together of the two Barrymore brothers, although the picture is more directly based on the Paris stage success on which Le Blanc collaborated with Francis de Croisset.

We read that most of our knowledge of ancient Assyria has come from bits of shattered pottery. Apparently the figures of the old days had their meaning.

## Josselet

Everyone is rejoicing over the sunshine, so they can get back to their work.

# ARISTOPHANES *Stands Bewildered*

Aristophanes remarked of women, 2300 years ago, "They dip their wool into hot water, according to the ancient plan, all of them without exception, and never make the slightest innovation. They sit and cook as of old. They carry upon their heads as of old." Could you summon Aristophanes into our today—he would stand appalled at the speed of women's present innovations.

Just about everything you are accustomed to becomes out-moded, discarded, in an incredibly brief time. Ways of cooking, serving, traveling; of keeping clean, healthy, beautiful, young—these are the modern tasks, "as of old." But science in alliance with factories and kitchens keeps new ways coming along so fast that poor

old Aristophanes and those soft-sandaled women would be breathless with keeping up. Yet you are used to swift change . . . used to comforts that a short while ago were luxuries . . . that a little way from now will seem Grecian-quaint themselves. From advertisements in your newspaper you reap news of these ways to live healthfully, richly, advantageously—young!

Sit and cook as of old? Carry upon your head as of old? No, you carry IN your head knowledge of the best that is buyable. Advertisements give you easy, happy surveys of new ways. Glance over all the advertisements you can, every chance you have.

## FARMERS' STRIKE

Farmers in Iowa are striking for higher prices for their produce. A call has gone out from the Farmers' Holiday Association to withhold, beginning August 8, all farm products from the market for thirty days, hoping by this means to assist supply in its unequal battle with demand. It is announced as entirely a voluntary movement, with the expectation that it will spread into neighboring states.

Iowa farmers, seeking a way out of their dilemma, at least have shown initiative. By this sellers' strike they hope to force buyers of farm products to a greater realization of their values. Dairymen are expected to feed their milk to hogs and poultrymen must eat their eggs or destroy them. Nothing is to leave the farm.

Were every farmer in the United States to follow this plan for thirty days there would come a swift realization of what farm crops mean to the wealth of the nation.

As this Iowa plan works out it will probably prove, due to lack of concerted action, to have no other effect than to call the attention of the general public the sad plight of agriculture, but it shows that Iowa farmers have ideas, and have a mind to do things. They possess the spirit that demands action and plenty of it.

## ECONOMY DRIVE

In these times of stress most families are doing without luxuries which they enjoyed during the abnormal prosperity of a few years ago. They are eating simpler food, buying plainer clothes and using their automobiles longer. In short, they are economizing. Government must also economize. Public officials must realize that they no longer have the same tax resources to draw on, any more than the private citizen has the same income he had a few years ago.

In the past taxation budgets have been balanced by increasing taxation, rather than by economies and reduced governmental overhead. This process must be reversed and budgets balanced by bringing government expenses and taxation within the ability of the people and industry to pay, without hardship, out of normal peacetime income.

The people begin to realize that public indebtedness which they pay by taxing themselves, is not wholly due to extravagance of public officials, but is due largely to burdens which they themselves demanded and encouraged, and this realization promises a hope of greater understanding and co-operation between the taxpayers and the officials who levy and spend the taxes.

## NOT MUCH CHANGE

Each generation of men from time immemorial has produced its pessimists and cynics, who have viewed with alarm the deplorable tendencies of their contemporaries.

According to these gloomy individuals the downward trend of human morals has always been in evidence, with the skids to perdition well greased.

As a matter of fact there has been little change in human nature since the dawn of civilization. At any time in the world's history there has been ample grounds for pessimism on the part of those who prefer to look on the dark side. A writer in the Boston Chronicle in the year 1800 pictured conditions closely resembling those of the present day, from the viewpoint of the alarmist. In an article entitled "Prices Current," he wrote:

- Morals—Falling rapidly.
- Modesty, (female)—Quite out of fashion.
- National Honor—None on the market.
- Public Taxes—In great abundance.
- Religion—No price offered.
- Public Virtues—A contraband article; if discovered would ruin its possessor.

But there was nothing original in the lugubrious reflections of this writer of 132 years ago. The same things, in substance, were said centuries before, are being said today and will probably be said for centuries to come.

## TOO MANY IN COLLEGE

President Arthur T. Hadley, of Yale, has made a valuable contribution to the current discussion concerning the advisability of trying to make "college men" out of unsuitable material.

It would naturally be supposed that the head of a great university would stress the importance of a college education regardless, but it is an encouraging sign that leading educators are coming to realize that for the vast majority of young people the four years required by a college course is largely a waste of time, money and efforts. We quote from Dr. Hadley in part:

"People engaged in public instruction are inclined to go too far in thinking that everyone should be encouraged to pursue his schooling to the furthest possible degree. They lament what seems to them the highly inadequate proportion of elementary school children who go to the high schools and of the high school pupils who proceed to college; and they glory in any increase of these proportions. They seem to forget that the classroom is not the only means of education; that a youth may get more intellectual and moral training from practical work that he likes, than from formal lessons that he loathes."

Now, this does not mean to depreciate in the least the value of higher education to those who by intellect, temperament and inclination are capable of acquiring it and putting it to practical use. It simply means that unless a young person has the native ability to work with his brains, he had better be taught to work with his hands.

## THERE'S ALWAYS A JOY-KILLER

## Snap Shots

Anger is the welding of all the baser passions.

Unrequited love—the fang that tears deepest in the human heart.

A face that cannot smile is like a rose that cannot bloom.

God makes the sunshine; we make the shadows.

Life and death are the opposite sides of the same great orb.

The constancy of love is to be measured by the strain brought upon it. The point where it fails is the measure of its strength.

People who fail do so not for the want of capital, but because of the waste of it.

The world does not canonize her mere money-getters. Who were the millionaires of fifty years ago? Can you tell?

The human heart is like a harp of many strings. Harmony or discord depend on the hands that sweep the chords. If the music happens to be harsh, don't blame the harp.

There are just three social classes: Those who are misunderstood, those who have missed their affinity who do not live their real self, and ties—and are still on the hunt.

## On Personal Side

The old timer who spent hours and hours learning to play the guitar so he could serenade his best girl now has a grandson who gets a lot better results with an automobile horn.

The mystery about mystery stories is how one plot can yield so many.

Another bad feature about the situation is the slump in gangster funerals.

It would be fine if the nations could settle all their differences in the Olympian manner.

The only certainties are death and taxes, and unfortunately the taxes come first.

Flattery, to be effective must be used sparingly. And the same goes for other kinds of lying.

After 62 years of married life a couple in Enid, Okla., seek a divorce. Some people are so impulsive.

With all the fishing, golfing and politics, membership in the Ananias Club ought to be picking up.

Who remembers what the Wickrham Commission found out about prohibition, if anything?

There may be a lot of Republicans holed up this fall, but we doubt if there are any postmasters among them.

A gullible person is one who believes all that Hoover said in his acceptance speech about what the Republican administration has done to help the people.

Political mathematics are funny. No matter how many parties pop up, all except the Republican and Democratic are called "third" parties.

"Yes," said the lawyer to his client, the grocer, "you've got the best case I've ever heard. You can't help winning, and I shall be very pleased to assist you."  
"Thanks," said the client, grabbing up his hat and making for the door.  
"Where are you going?" asked the astonished lawyer.  
"I'm going to settle this case out of court," the other informed him.  
"But why waste money?" urged the lawyer. "I've told you it's the best case I ever heard."  
"Maybe," said his client, "but not for me. I've told you the other fellow's side."

"I don't know how to fill out this question."  
"What is it?"  
"It says, 'Who was your mother before she was married?' and I didn't have any mother before he was married."

"I wonder if you'll love me when my hair has turned to gray."  
"Why not? I've loved you every time you've changed color so far."

"That blindfold test isn't so hot. My brother died from it."  
"How is that?"  
"Well, the whole thing is, he was before a firing squad."

An Irishman who worked for the city came home one evening after a very hot summer's day and began to kick at his wife for not having his supper ready.  
"What do yez mane by talkin' to me that way?" she said to him.  
"Here I am all day slavin' my health an' strength away over the washtub on a hot day like this, and you down in your nice cool sewer."

Customer—To what do you owe your extraordinary success as a house-to-house salesman?  
Salesman—To the first five words I utter when a woman opens the door: "Miss, is your mother in?"

**Notice of Sheriff's Sale.**

The State of Texas, County of Haskell.

Notice is hereby given, that by virtue of a certain execution and order of sale issued out of the Honorable District Court of Orange County, on the 26th day of July, 1932, by T. M. Dodd, Clerk of said Court, for the sum of Nine Thousand and Three Hundred Sixty-Two and 37/100 (\$9,362.37) Dollars and costs of suit, under a certain judgment in favor of The First National Bank of Orange, Texas, in a certain cause in said Court, No. 6807 and styled The First National Bank of Orange, Texas, vs. H. V. Gudger, placed in my hands for service, I, W. T.

Sarrels as Sheriff of Haskell county, Texas, did, on the 10th day of Aug. 1932, levy on certain Real Estate, situated in Haskell County, Texas, described as follows, to-wit:

40 acres the N. W. 14 of the N. E. 14 of Survey No. 7 in the name of James Gray by virtue of Donation Warrant No. 565, Abstract No. 150, patented to Verplank Ackerman, assignee of James Gray on the 28th day of February, 1860, by Pat. No. 762, Vol. 2, said 40 acres being more particularly described as follows, to-wit:

Beginning at a point in the center of the N. line of said James Gray Survey No. 7 for N. W. corner of the tract herein conveyed. Thence S. 475 vrs. to corner; Thence E. 475 vrs. to point in N. line of said survey No. 7 for N. E. corner, this tract; Thence W. along N. line said Survey No. 7, 475 vrs. to beginning, containing 40 acres of land.

And levied upon as the property of H. V. Gudger, and that on the first Tuesday in September, 1932, the same being the 6th day of said month, at the Court House door, of Haskell County, in the city of Haskell, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said execution and order of sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said H. V. Gudger.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Haskell Free Press, a newspaper published in Haskell county.

Witness my hand, this 10th day of August, 1932.

**UNEQUAL REGULATION IN TRANSPORTATION CAUSES DISORDER AND CONFUSION**

The instability, confusion and disorder which unrestrained truck transportation has brought about is responsible in large measure for much of the distress in which all business finds itself today. Texas has moved to find a remedy and all concerned in the welfare of this state and its institutions should cooperate in the effort to restore stability and order to our transportation systems.

The Texas Railroads, in these advertisements, have endeavored to place before the people of this state some of the reasons why the existing laws, regulating motor transportation, should be upheld and enforced.

- The railroads are necessary for the successful marketing of the enormous production of this state, which is used and consumed in every other state in the union.
- Uniform, published, non-discriminatory transportation service rates are essential to the orderly conduct and welfare of business.
- Unregulated truck transportation inevitably results in discriminatory charges and practices, rebating, unfair and unbusinesslike competitive methods, bringing about losses and commercial insecurity.
- The wholesaler, jobber, retailer and local merchant suffer from the unfair competition of truckers and peddlers who, for the most part, are non-residents, pay no taxes and contribute nothing to the community welfare.
- The farmer and agricultural producer must have at his command facilities adequate to transport crops and produce which move long distances in large volume, at low cost, by rail.
- The railroads build and maintain their own roadways, pay heavy taxes for the support of state and municipal governments and institutions, and expend millions of dollars for payrolls, materials and supplies. Railroad workers are substantial citizens, home owners, and valued members of their communities.
- Rail transportation is the most efficient and economical in existence for the movement of traffic in volume by land.
- Texas highways belong to the people and are built and maintained at heavy cost. Their use for commercial purposes is a privilege, not a right. They should be kept safe for general use and not prematurely destroyed by heavy trucks.
- The stability, security and orderly conduct of business require reasonable control and regulation of all transportation agencies.

## Contract Let For Drilling of Gas Well at Woodson.

From The Woodson Record—  
A contract has just been closed for the drilling of a gas well on the Mrs. B. C. McCarty old home place in the town of Woodson, including lots 8, 9, and 10 in block 10. The well is to be drilled by Somer & Son and drilling is to begin not later than the last day of September 1932. The location will be made on lot 9. There is no agreement reported as to the depth the hole is to be drilled.

## Worms About Quit the Cotton Fields.

From The Green Advertiser—  
Reports are coming to the Advocate office from all sections of the country that the boll worms are not damaging the cotton now as much as they were a week ago. Most of the reports state that no new signs of the worms can be found.  
The prospects for a bumper crop in this immediate section was never better at this time of the year.

## Pioneer Lueders Physician Dies at Home Wednesday.

From The Western Enterprise, Anson—  
Dr. Robert Dunlap, for 32 years a practicing physician at Lueders, died at his home Wednesday from effects of heart trouble, and was buried in the Lueders cemetery Thursday afternoon.  
He located at Lueders after practicing a few years in Callahan county.

## Planning to Open Flour Mill at Rotan Soon.

From The Rotan Advertiser—  
J. R. George is planning to open a small flour mill here in the near future, and it is a certainty if the people who have wheat will cooperate in getting the mill established.  
For the past year many have been hauling wheat away to other places and trading it for flour. In this way they take a larger stock of flour than can be safely kept until used and it has not been entirely satisfactory.

## Sixteenth Man Hurt on Highway Project.

From The Stamford American—  
Sixteen minor injuries have been received by employees of the L. E. Whigham Company on the Sagerton road construction project. One man received a permanent disability when his foot was crushed.  
The latest injury was that to E. L. Lendop, who sustained a fractured arm on August 8, when the member was caught in the belt of a concrete mixer.

## Opens New Refinery at Newcastle.

From The Newcastle Register—  
The Moon Refining Company is the name of the new refinery just east of Newcastle. This refinery is an up-to-date plant in every respect, and they are now turning out as good gasoline as can be found anywhere.  
The manager of this plant is Mr. M. R. Hemphill, who is well known in Newcastle. Hemphill tells us that he is making three grades of gasoline, known as "Moon 1 and 2," and "Moon Silent," the best grade.  
He also informs us that he is trying to make arrangements for a loading rack here and if successful, will load all of his products here.  
We are glad to have this institution near our city and trust that it prospers.

## Mrs. C. M. Kaigler Will Resume Her Classes in Expression.

Beginning with the opening of the Haskell schools, Mrs. C. M. Kaigler will resume her classes in expression. This will be Monday Sept. 5. On Mondays and Thursdays she will be in the High School and will be able to take care of students from the North Ward school and High School. Days in the South Ward school are Tuesdays and Fridays. Local credits are given for high school work and when a student has completed the required course a diploma is issued from the expression department. To the new patrons of the town Mrs. Kaigler extends a cordial invitation for them to inquire into her work over a period of twelve years, before deciding under whom they will place their children for the years' study in public speaking.

## TO THE VOTERS OF HASKELL COUNTY

Many people seem to be under the impression that our son and brother William Pierson, who is a candidate for re-election to the office of Associate Justice of the Supreme Court is an East Texas man. Judge Pierson came to Haskell county in 1889, with his father, the late M. S. Pierson, and assisted in the hauling of the lumber from Abilene when the old Pierson home was erected in Haskell. He lived here until he finished school—opening his law office in Greenville.  
If you do not have any special preference, he will appreciate your support in his race for re-election and we will consider it a personal favor ourselves as we believe that his record on the bench during the past entitles him to another term. Thanking you in advance for your support and influence, we are,  
Yours respectfully,  
Mrs. M. S. Pierson,  
Alfred C. Pierson.

## Methodist Young People.

We're still having fun. We had a grand time on our picnic Tuesday afternoon. Having started late we arrived at Leuders in time for a two hours swim before we ate. After eating all those that could swim enjoyed another swim. The rest roamed over the country round about. We left the creek in time to stop at Avoca for a young people's service, for they were having a Methodist Revival in their town. Then the last event of our entertainment was a watermelon feast and play hour at the Stamford Park, where the iced watermelons were delicious.  
We all reported one of the best picnics we ever attended, for even the ride in the truck was great fun. We hope all the young people can

## COUNTY MEETS

By Roy Bedichek, Chief, Interscholastic League Bureau, The University of Texas  
(The following article is one of a series written by Mr. Bedichek on various aspects of the Interscholastic League work in Texas—Editor)

September is a significant month in American life for in this month, generally throughout the entire nation, "school begins." These magic words mobilize the boys and girls on a scale and with a thoroughness unparalleled in the recorded history of past centuries and unknown in any other country of the world today. The American free school is at once the inspiration and the despair of aspiring democracies throughout the world. It is the one distinctively American institution; it is the greatest step as yet made towards the great ideal of "equal opportunities for all and special privileges for none."

Associated in Texas with the work of the public schools, organized by them and largely conducted by public school teachers and officials is the University Interscholastic League. Its organization for the current school year also begins in September. In counties where county teachers institutes are held before the classroom work of the schools begins, we usually find a period devoted to the organization of the county league. For many years the constitution and rules of this organization has contained the following paragraph:

"First of all, aim to secure a good live county organization. As the creases, emphasis should more and membership of the League in more be placed on county meets, since it is here that the schools as a whole receive the most benefits from the league activities."

The county organization is formed on a thoroughly democratic basis. The county executive committee (each member of which has specific duties assigned in connection with the different contests and features of the county meet) is elected by popular vote of the teachers assembled. There is one ex-officio officer in the person of the county superintendent of schools who looks after the interests of the rural

schools in the meet. Last year there were 220 of these county organizations formed which means that practically every county which contains any schools formed a county league organization.

All of the contests which are thus provided for are directly connected with the work of the schools and so planned that the schools may prepare for them and use them as a stimulus to better endeavor on the part of the pupils without encroaching to any measurable extent upon school time and unduly burdening any teacher with the work of preparation.

The program of the county meet is meant to be broad enough to include the activities and enlist the interest of practically every pupil in the school. If the pupil likes speech-making and desires to learn how to address public gatherings, there is a wide variety of contests in this field which he may enter. If he has a gift for spelling, a contest is provided in which he can show his proficiency and develop his ability. There are contests in music and art for the artistically inclined, a contest for the "wizard with figures," and so on.

On the athletic side, there are games to suit every type. There are group games and individual contests. There are games for girls and games for boys, all organized so as to bring up genuine competition, that is, "competition with a kick in it" for every school. Of course, it is necessary in order to secure effective competition to make many different divisions and classifications, both of schools and of the pupils themselves, but that is too technical a matter to be described herein.

Beginning, then, in September, with the early county institutes, the leagues are formed, all pointing towards the great day of the county meet which occurs in March, usually on Saturdays in order to economize

## AND ALSO

Because During His Administration

1. The State tax rate was fixed at 69c (Ferguson had highest in history, 77c.)
2. Confederate Pensions are \$25 monthly (under Ferguson \$11 approximately.)
3. The prison system is turning back to the treasury \$500,000 with 5-cent cotton (Ferguson had a deficit of \$1,882,000 with 20-cent cotton.)
4. Governor Sterling has effected substantial savings in every department under his control and has aided in the investigation of fees charged by county officials, which resulted in a tremendous saving and conviction of several alleged fee grafters.
5. Rural school aid is \$2,500,000 per year (Ferguson, \$1,500,000).
6. Part of the tax burden was shifted from the home and farm owner through the enactment of the cigaret and cement tax laws and the increase in the sulphur tax.
7. He declared martial law in East Texas to restore order and enforce conservation laws, resulting in a tremendous increase in the revenues of the land and royalty owner and great benefit to the people over all the State through greater oil tax collections.
8. His action to permit the State to drill for oil in the Sabine River Bed is estimated to be worth \$3,500,000 to the State treasury.

## AND ALSO

1. Governor Sterling proposes drastic reduction in county road bond taxes where the money was spent on State highways.
2. As chairman of the Highway Commission and Governor, Mr. Sterling has built more roads in 5 1-2 years than were built in the 20 years preceding.
3. He proposes to keep the State on a sound financial basis as he has done in the past.
