### Vote Haskell Boy Best Camp Player At C. M. T. Camp

The following article concerning Cecil Leflar, one of the seven Haskell youths attending the Ft. Bliss C. M. T. C. will be read by Haskell people with interest. The clipping is from an El Paso paper: "Cecil Leflar, 17, Haskell, was voted the best baseball player at the Ft. Bliss C. M. T. C. The honor carries an award of a baseball autographed by Babe Ruth and presented by Col. Jake Ruppert, head of the New York Yankees, and a Louisville Slugger bat, autographed by the Babe and presented by the Louisville Slugger Co. Leflar captained the Troop A team in the camp baseball tournament."

In addition to the above award, young Leflar has won five medals in various athletic events he states in a letter to his parents, Mr. and Mrs. J. E. Leflar. Jerry Westmoreland of Rule has also won five medals, these two Haskell county boys being the only ones attending the camp to win this number of medals.

Another Haskell youth, Joe Bryant, playing with Leflar, won the Tennis Doubles for the camp.

### VACATION CHURCH SCHOOL JULY 14-26

So many children have inquired "Are you going to have a Vacation Church School this year? We want to come if you do!" There seems to be an insistent demand for this type of church work each year and will be promoted by the Presbyterian Church beginning next Monday morning, July 14th at 9:00 o'clock.

What is the need and value of the Vacation Church School? The Sunday School is fundamental; we can never get away from it, but the Vacation Church School has its own unique contribution to make to the child life of the churches. In two weeks it provides thirty additional hours, three consecutive hours each day, in which to give spiritual instruction to boys and girls under such delightful conditions that they thoroughly enjoy it. Its daily sessions are in the mornings from 9 to 11:30 o'clock.

There are four departments: Beginner, Primary, Junior and Intermediate and the ages will include children from four to sixteen years. The daily programs begin with a worship period. There follow Bible stories, character and habit stories, patriotic and mission stories. There are memory periods, when the children memorize great passages of scripture. There are Bible drill periods, when they learn to locate the books and chapters of the Bible, and the contents of some of the books.

There is a music period daily and the pupils learn to sing and memorize several of the fine hymns. Then there is a patriotic period each day when the pupils give a pledge of allegiance to the United States, the Lord Jesus Christ and Bible. Also there will be supervised play periods and weekly social outings for the pupils and the last thirty-five minutes of each day are given to handwork or the making of things when good habits and altruism are taught.

The Vacation School department will be in charge of the following capable teachers: Mrs. L. J. Isham, Mrs. Irwin Frierson, Mrs. M. L. Baker, Misses Mary Sue Hester, Beatrice Thomason, Ethel Frierson, Messrs. R. E. Sherrill, Ira Hester and Rev. M. L. Baker.

### COUNTY AGENT DISCUSSES COMING SHORT COURSE

Every year the custom of holding a short course for five days as has been the practice of the Extension Service of Texas A. & M. College will again offer the opportunity for all farmers and others who wish to attend the five day meeting. Advance information comes to the county agent that there will be on hand at least 5,000 people as were last year when all attendance records were smashed.

Ladies Clubs, Boys and Girls 4-H Clubs from every county in Texas that offers extension service to its residents will be represented. Haskell county is expected to send a delegation of both 4-H Club members and adults. There will be plenty of room available for those who wish to go. The fee for room rent for the five days is \$1.50. For those who do not care for rooms and wish to camp out while the short course is in progress, shade and places for camping will be provided.

Those who expect to go should get in touch with Miss Partlow or myself as the list of persons going must leave this office not later than Monday, July 21. Room rents are to be paid in advance to your County or Home Demonstration Agent. We would appreciate very much your co-operation in registering with us so that you may have your rooms reserved. Those who desire to eat in the dining hall on the campus may do so by paying \$1.00 per day rate, on arrival at A. & M. College. If you expect to attend the course get your name on roll as soon as possible for after Monday we cannot accept names on our list.

Kearns, Senior Deacon. Joseph Meacham, Junior Deacon. E. C. Christian, Senior Steward. J. B. Draper, Junior Steward. P. P. Quattlebaum, Tiler.

### 1700 Shares W.T.U. Preferred Stock Sold in West Texas

The greatest month of stock sales to date, is the record that June has brought with it in the sale of more than 1700 shares of 80 Preferred Stock of the West Texas Utilities Company, all of which has been sold in West Texas. This record, surpassing that of any month in the history of the organization, has brought the sale of stock for the first six months of 1930 to the grand total of 5,990 shares, a figure which has also never been equaled before during a half year's period. Comparing a few figures, it is found that during June of 1929 exactly 643 shares were sold as compared with 1778 shares for June this year. For the first six months of 1929, there were 2,982 shares of 80 Preferred Stock as compared with 5,930 shares for the corresponding period this year. The responsive approach to this year's record is a sign that the public confidence in this stock is as high as it has ever been. It is free to all, and is especially welcome to those who were sold during that month.

### Large Crowds Here for Trades Day and Candidate Speaking

Haskell's third monthly Trades Day observed last Monday—drew the largest crowds of any preceding one in the estimation of those having the affair in hand. Threatening clouds Monday morning cut into the morning attendance, but in the afternoon the crowds literally flocked into town.

One of the major attractions of the day, the candidate speaking, drew a large audience, who gave their attention to the various candidates during their talks. The speaking was held on the east side of the courthouse, with County Attorney French M. Robertson acting as chairman. T. R. Odell of Throckmorton, candidate for Representative, was first to address the crowds, followed by Dennis P. Ratliff of this city, also candidate for Representative.

Judge Bruce W. Bryant, District Judge and candidate for re-election, next addressed the gathering, followed by Tom Davis of this city, who is opposing Judge Bryant for the office.

G. W. Pland, candidate for Sheriff, was the next speaker, and was followed by W. T. Sarrels, present incumbent who is a candidate for re-election to his second term. During the day music was furnished by the Haskell Bands, under the direction of Joe Meacham, and this proved a very entertaining feature of the day. Haskell and this section should feel proud of their Bands, which are capable of entertaining crowds on occasions such as Monday's.

The committee on arrangements for the next Trades Day which will be held on August 4th, have already announced a free picture show at the Texas Theatre, beginning at 8:30 in the morning. Other features will also be arranged for the day which will assure a profitable and entertaining day for all who attend the Fourth monthly Trades Day.

### West Texas Crops In Fair Condition At Present Time

West Texas crops are in satisfactory condition at present, according to a survey just made over the 45 counties which the West Texas Utilities Company serves. This is due to the good rains which have been had during the spring and early summer at all points over the section.

Crops as a whole over West Texas properties will average normal to 15 per cent increase in production if rains continue through the full growing season as they have this year to date. Though cotton and wheat crops have shown a near normal production, feed crops have been above average this year. Trade and business conditions are reported to be much better than thirty days ago but are still sub-normal.

While crops are in a satisfactory condition at present and promise an average to above normal production, at least moderate rains must continue through the summer to insure their full success.

### FRITTS TRIAL AT ROBY IS SET FOR SEPTEMBER 15TH

The case of the State of Texas vs. Will Fritts, charged with the murder of D. W. Hamilton, which was transferred from Haskell to Fisher county, has been set for trial at Roby on Monday Sept. 15th by Judge W. R. Chapman. Fritts was recently tried and convicted at Haskell for the murder of Earl Hamilton, son of E. W. Hamilton.

### LARGE CROWDS AT LUEDERS FOR ENCAMPMENT

The annual Lueders Baptist Encampment was opened Tuesday July 8th, with an attendance which gives promise of exceeding that of any previous year. The camp will continue until July 20th, and a splendid teaching program has been arranged for Women's Work, Sunday School and B. Y. P. U.

The afternoons will be given for rest, croquet, baseball, basket ball, golf, horseshoe throwing, swimming, etc.

The encampment speaker this year will be Dr. Wallace Bassett, pastor of the Cliff Temple Baptist Church, Dallas. He is one of the greatest preachers and pulpit orators in the South. Dr. W. R. White, secretary of the State Baptist Mission Board, will be present a part of the time and will speak.

Hon. Pat M. Neff, ex-governor of Texas, will speak Sunday afternoon, July 20th.

Electricity and plenty of splendid drinking water is available on the encampment grounds. A well-arranged cafeteria will be in operation and those who remain throughout the encampment will have their meals for the low sum of \$10.00 for the twelve days. Fresh groceries, vegetables, fruits, ice, milk, etc., will be sold on the ground at the regular price of such articles elsewhere. Registration will be required of everyone this year. A car will be registered for the sum of \$1.00 for the entire encampment, on time 50 cents, individuals without cars, 50 cents.

### NEW STAR ROUTE BETWEEN WICHITA FALLS, STAMFORD

On July the first this year, a star route running from Wichita Falls, Texas to Stamford, Texas was established. The carrier leaves Wichita Falls at 2:00 a. m. daily, and reaches this office at about 5:45 a. m. All first class mail, special delivery, and special handling mail is dispatched from this office by this star-route carrier to Stamford, Texas. We also receive the same classes of mail at this office which the carrier brings from Wichita Falls and intermediate points. The Department established this route for the accommodation of the patrons living between Wichita Falls and Stamford. This is a temporary arrangement, but probably will be continued if the mailings justify it. Patrons at this office who desire to send the above mentioned classes of mail south, east, west, may do so by depositing same in the drop box at this office not later than 5:30 a. m.

H. C. Foote, Postmaster.

Ill With Typhoid Fever Elmer Irwin, Jr., son of Mr. and Mrs. Elmer Irwin former Haskell residents who are now living in Wichita Falls, is ill with typhoid fever at the home of his grandparents, Mr. and Mrs. W. D. Kemp in this city. He was brought to Haskell Tuesday afternoon by his parents, and on last report was doing as well as could be expected.

### Members of H. D. Clubs of Haskell, Baylor and Knox Counties to Meet Here

### MEN ARRESTED FOR VIOLATION OF LIQUOR LAWS

Joe Helton, a resident of Rule, was arrested by Sheriff W. T. Sarrels Tuesday morning at his home in that city, and about four gallons of liquor was seized by officers after a search of the premises. Helton was brought to Haskell where three complaints were filed against him by the officers, two charging the sale of intoxicating liquor, and one complaint charging possession of liquor.

After being brought to Haskell, Helton waived examining trial and bond in the amount of \$1,000 in each of the three complaints was set by Justice of the Peace Dotson. The bonds were perfected Tuesday afternoon and the defendant released from custody to await the action of the Grand Jury at the next term of court.

In making the raid which led to the arrest of Helton, Sheriff Sarrels was accompanied by Deputy Sheriff C. A. Lewellen and City Marshal Henry Townsend of Rule.

After the arrest of Helton, a man by the name of Woods, proprietor of a filling station on the Rule road, was taken into custody by Prohibition Agents Bryant and Hamilton of Abilene on a charge of violation of the liquor laws. Mr. Woods came to Haskell Tuesday afternoon, but no charges were preferred against him in the county courts, and he was released on his own recognizance to appear at Abilene Wednesday afternoon in U. S. Court in connection with his case.

Mrs. Eugene Snodgrass and Mr. and Mrs. John Barber of Williamson county spent several days last week with Mr. and Mrs. W. T. Sarrels of this city. Mrs. Snodgrass and Mrs. Sarrels are sisters.

Mrs. John Oates was in Amarillo last week.

### MRS. GASTON FOOTE WRITES OF SIGHTSEEING IN EUROPE

The following letter from Mrs. E. Gaston Foote has been received by the Free Press and will be read with interest by their many friends here. Mr. and Mrs. Foote and Misses Nettie and Kathleen Mullino are in Europe for a six-weeks tour.

The letter is given below: Amsterdam, Holland June 23, 1930.

Dear Friends in Haskell: Greetings from a distant but still devoted friend!

This letter is to everyone I'd like to write to but haven't had time. That means all of you, for we go such a swift and exciting pace, I've scarcely time to brush my teeth, much less write letters.

The farther we go the better our trip gets! The ocean voyage was ideal; days cold and clear, nights starlit and the Atlantic tranquil. London is like a picture book so many funny customs and uniforms and so much to see and do. We went to Westminster Abbey, Houses of Parliament, London Tower, King James Court, London Museum, National Art Gallery and crowned a perfect day in a perfect way, by seeing a real Shakespeare play as it really should be played. Had a wonderful day at Oxford, another in the Shakespeare country, in the quiet village where he lived and wrote and among the old-world castles not far away. Of course we went to church at Wesley Chapel, went in his home and saw his study with prayer room where he spent 4 or 5 hours daily in prayer. No wonder he was a man of power.

Celebrated June 19 by crossing the Channel into Bruges, quaintest of the Belgium cities. Took a hansom and clattered about the stone-paved streets of a wonderful town. Saw old women making exquisite Bruges lace, an amazing sight. Train time cuts all too soon but Brussels is

The town of Haskell will be host to between 250 and 300 H. D. Club Women from Baylor, Knox and Haskell counties on Wednesday and Thursday of next week, when the annual Three-County Encampment of H. D. Clubs will be held in this city.

Miss Eileen Partlow, County Home Demonstration Agent, states that interest which is being manifested by the club women of the three counties in the Encampment promises a large attendance, and an entertaining and instructive program is being worked out for the two days meeting. The business men of the city are also co-operating in furthering an extensive plan of entertainment for the club members while here, and the whole town will be at their disposal.

The site of the encampment will be either English Park or the Haskell County Fair Park and buildings, both of which have been placed at the disposal of the Encampment for their use.

### OFFICERS LIONS CLUB FOR THE YEAR ARE INSTALLED

The Lions Club held their regular meeting last Thursday at noon at the Tonkawa Coffee Shop. Good attendance was reported, with only a few members who were out of town being absent.

Recently-elected officers for the ensuing year were installed at this meeting, as follows: President—Leo Southern. Vice President—J. U. Fields. Secretary and Treasurer—E. C. Hunter.

Lion Tamer—Hyman Davis. Tail Twister—F. L. Daugherty. Directors—C. V. Payne, Sam A. Roberts, Courtney Hunt and D. H. Persons.

Mrs. Frank Williams is spending several days in Jacksboro this week with relatives and friends.

We think of you people constantly, we speak of you every day and remember you in our prayers, and you seem very near and dear to us. After all, the same dear Father looks after us at home or abroad and we pray He will keep you safely and that all is well with you. Soon we will be back where face are familiar and folks speak English. Best wishes for your happiness. Mrs. Gaston Foote.

# Haskell County Soldiers Who Served During the World War

Prepared by R. E. Sherrill when writing the history of Haskell County.

This list includes the names on the induction lists published in the Haskell Free Press when the men left for service, supplemented by all other names on the induction lists published in the Haskell Free Press when the men left for service, supplemented by all other names on the induction lists for Haskell County on file in the Adjutant General's office at Austin. It should, therefore, include all who served during the National Army; but it does not include all who served during the World War. We have no list of those who entered the service through the National Guard, or by voluntary enlistment in the Regular Army, Navy or Marine Corps; but have from memory only added such as we could remember.

Readers are requested to furnish Mr. Sherrill with names omitted from this list, giving the full correct name, time of entry, department of service entered, and also the names of any who were wounded or killed or died in service, that the list as finally published may be complete.

### THIS SEASON

Has become known as a Tornado period. At this season of the year the Twister's Terrifying Threat often becomes a reality laying waste thousands and thousands of dollars' worth of property and snuffing out many lives. Tornadoes are beyond the control of man, and the only defense is insurance to pay for the damage they cause. Almost every day the newspapers carry big headlines with reference to the latest disaster. No locality is exempt—you may be next. Anywhere in this country—windstorms can and do destroy millions of dollars worth of property. Each year adds to the list of places which "could never have a destructive wind storm"—and did. Windstorm insurance rates are so low that it is not worth the risk to be without it. Let us tell you how little it costs to protect yourself from loss through damage done by wind, to have a business property or car. Wind destroys a 7-where! Play safe and INSURE.

### Miles of Conveyors in Ford Plant

This picture shows two types of conveyors in use in the Rouge Plant of the Ford Motor Company.

AN ENDLESS chain conveyor, three and a half to four miles long, said to be the longest in the world, has just been completed at the Rouge Plant of the Ford Motor Company at Dearborn, Michigan. On it parts of Ford cars in the process of manufacture are transported from one building to another and completed parts are carried direct to railroad cars for shipment to branch assembly plants.

The conveyor, which carries its cargo on suspended hooks, has a daily capacity for 300,000 parts weighing over 2,000,000 pounds. It supports freight cars and trucks which have been used for the transfer of many parts from one point to another in the Ford plant.

This longest conveyor of them all is a development of the Ford policy that nothing should be done by manual labor that could better be done by machine.

In the early days of his manufacturing career, Mr. Ford devised the assembly line—a moving track

on which cars in the process of assembly went to the workmen instead of the workmen carrying parts to the car. The assembly line, perfected in many ways, is now used by automobile manufacturers generally.

The value of the conveyor in reducing physical labor, in saving time, in preserving system and in cutting costs soon became apparent and its use was extended to other purposes about the plant. Now there are literally miles of conveyors of various types in the Ford plant. Some of them carry parts from one building to another and are carefully synchronized so that the parts arrive at precisely the right moment and in the exact spot where they are needed. Others transport red hot ingots of steel weighing nearly a ton each. Still others move outgoing shipments.

If it were not for the conveyors, according to officials of the Ford Company, mass production would not be possible on its present scale.

## WICHITA FARMER CALLS TO TELL OF NEW EXPERIENCE

Orgatone Brings Him Relief From Ten Years of Suffering, He Says.

C. D. Sears, a well-known farmer residing on rural route No. 4, Wichita Falls, Texas, who is a man of high standing and many friends, while in Allison's Drug Store a few days ago said:

"I have never had anything to do with the good Orgatone has. Since taking it I feel strong and full of energy, and in fact, I never felt better in my life than I do now."

"I have been suffering for ten years from indigestion and liver trouble. My stomach would fill with gas and bloat me up and make me miserable for two or three hours after my meals. I had no appetite at all, and got so I dreaded to eat, because the little I managed to force down would sour and cause me so much trouble. I was so nervous and restless I could hardly sleep at all, and always felt tired and good for nothing in the mornings. I had a sluggish depressed feeling, my strength and energy were getting less all the time, and I just had to force myself to work."

"I'm glad I tried Orgatone, for I'm sure it has saved me many a sick day. I was getting worse all the time until I began using it, and I've been getting better ever since the day I started taking it. I have found after taking it two or three days that no gas formed on my stomach, my food stopped getting sour, and I had no uncomfortable feelings after eating. I have a great big appetite now and eat anything without it hurting me in the least. I sleep as sound as any man, and just feel bubbling over with new life and energy. It would be hard to tell the value Orgatone has been to me. I feel it has saved me many a dollar, and best of all, it has saved me my health and kept me up so that my work is a pleasure again. Everybody ought to know about a medicine like this, and I'm glad to endorse it."

Genuine Orgatone may be obtained in Haskell at the Oates Drug Store.—Adv.

## 30 MAJOR INDUSTRIAL ENTERPRISES ESTABLISHED BY W. T. UTILITIES CO.

Approximately 30 major industrial enterprises have been established during the first six months of this year over the territory served by the West Texas Utilities Company, according to a survey recently completed by the Industrial Department of that company.

In addition to these industries added, there has been a large increase in the electrification of oil fields within the six-month period. This factor has been increased in and built over a list of ten oil fields. The remainder of the industrial enterprises which cover a varied field, are comprised of, in the main, grain elevators, railroad shops, cotton gins, refrigeration plants, gravel pits, iron works, food products companies, hotels and a theatre.

The year 1928 was the first in which the Industrial Department of the West Texas Utilities Company covered a 12-month period of active operations.

During that year approximately 40 industries were located in West Texas through the direct efforts of the department. During 1929, the department more than doubled this figure, aiding in the establishment of nearly 90 industries. The 1929 report consisted of major industrial enterprises such as carbon black plants, gins, airports, hotels, produce companies, supply companies, compresses and other productive concerns which, though just beginning business activities during 1929, materially added to West Texas progress.

The Industrial Department of the West Texas Utilities Company, functioning in conjunction with Chambers of Commerce toward accelerating West Texas progress has, this year to date, been instrumental in the location of an additional 30 enterprises. The quota set this year is much beyond that of 1929 and its attainment is confidently expected. During the late summer and early fall, with business prospects continuing as they are, a perceptible increase will be noticed among the newly established concerns.

# “Now that you're married”

“You'll have to give some thought to a household budget but don't worry, my dear, your income can be made to meet your bills and leave a bit each month for emergencies. I had the same unhappy feeling when I discovered that my expenses could not be covered by that first monthly pay check of Dad's.

“It may surprise you, as it did me, to learn that it was the nickels and dimes I inadvertently wasted that put the large figure in the wrong column of my little account book. When I made this startling discovery, however, I began to have more respect for those nickels and dimes.”

“I began watching the newspaper ads every day for unusual values. Three bars of ten cent soap for a quarter began to mean a nickel on the right side of my ledger—I even coined that household slogan you've heard me repeat so often 'Respect the nickel and read the ads.'”

## UNDER THE STERLING PLAN TAXES WILL BE REDUCED IN HASKELL COUNTY

The taxpayers of Haskell County, including the farmers, home-owners and business men are now assessed an average tax of approximately 15 Cents on the \$100.00 valuation to pay for the construction of State Highways, a tax that should be borne by the State.

**UNDER THE STERLING TAX REDUCTION PLAN** the State will assume this obligation and pay for it out of the gasoline tax.

The Sterling Tax Reduction Plan will place the burden of paying for the state roads your county has built on the traffic, where it belongs.

The Sterling Plan will provide the state with adequate funds to build a connected state system of hard surfaced, all-weather highways and for paving the gaps over the state without county aid and without increasing the gasoline tax one penny.

The Sterling Tax Reduction Plan provides that no property tax shall ever be levied to carry out its purposes.

### Vote for R. S. Sterling and LOWER TAXES

Explanatory Note.—The estimated reduction in the tax rate has been calculated in accordance with the best available information. The exact figure will depend upon varying conditions in each county. But that a material reduction of the ad valorem taxes would be affected under the plan is certain.

I had severe headaches, and such a tight, smothering feeling. I would be obliged to eat a little, then it would hurt me. A friend said to me: 'Why don't you take Black-Draught?' I was just too weak then to do my work. I began taking small doses after meals, and in just a few weeks I could eat anything I wanted to, then take my small dose of Black-Draught and feel fine. I soon regained my health and strength. Costs only 1 cent a dose."

One Healthful form of Necessary Nourishment that kids need no coaxing to drink

Little "human dynamo" run out of "juice" between meals. That's why they tease for sweets. Sugar is the quickest energy food and Mother Nature knows it. She prompts the appetite. It's as natural as hunger can be.
If your kiddies crave sugar, give them as much as they want... but in a form that can't be abused. Dr. Pepper contains fruit juice for flavor and health... pure sugar for quick-energy supply... and sparkling water for bulk and thirst. No tax on digestion. No ingredients that can possibly harm. The small proportion of sugar to water is a safety-valve against excess.

# Life Story of R. S. Sterling One of Triumph Over Difficulties

### Practical Understanding of People's Problems Fits Him For Governorship

Ross Sterling was born on a farm near Anahua, in Chambers county, in 1875, one of 12 children of parents impoverished by the Civil war. His father was a captain in the Confederacy, and an uncle on his mother's side fought with Sam Houston at San Jacinto.

Early in his youth he left the farm to engage in freighting produce and merchandise across the bay between Anahuac and Galveston in a schooner. At the age of about 20 he opened a little "general merchandise" store in his home country.

From there he ventured into the oil field regions of Humble and Sour Lake, establishing feed and produce stores, and later expanding his activities to include country banking. In 1898 he was married to Miss Maude Abbie Gage. Five children have been born to them.

Mr. Sterling launched into the oil business in 1910, purchasing two producing wells. Adding to these properties, he organized the Humble Oil company.

In 1925 he retired as head of the Humble Oil and Refining company and parted with his holdings in it, to devote his time to other affairs, private and public.

He has been a member of the Houston Port commission since its inception, in about 1912, and chairman of the commission since 1921, during which period the port of Houston has been developed from a dream into one of the major ports of the country, and the city's size has been doubled.

For a number of years Ross Sterling has served as chairman of the board of trustees of Hermann Hos-

pital estate, which has built and is administering a \$1,500,000 charity institution. He is a director and for several years was president of the Y. M. C. A. of Houston.

In memory of Ross Shaw, Jr., who died in 1924, Mr. Sterling gave the Y. M. C. A. of South Texas a beautiful wooded camp on Galveston Bay. Recently he purchased 100 acres of the old Sam Houston homestead, adjoining this camp, for donation to the State of Texas as a park.

Governor Dan Moody appointed Mr. Sterling chairman of the state highway commission early in 1927. He and his colleagues, Commissioners Cone Johnson of Tyler and W. R. Ely of Abilene, reorganized the department, sponsored an increase in the gasoline tax, and for the past three and a half years have carried on an intensive program of highway construction and maintenance.

Having achieved success, in all his private and public endeavors, Mr. Sterling became a candidate for governor through an expressed desire to be of further service to his state; declaring that state progress and growth demands a business-like administration of the state's affairs, and that the man best fitted to give such an administration and meet the demands of the changing times should be elected.

He advocates relieving the counties of financial responsibility for building state highways, and believes the people should be given an opportunity to decide at the polls whether they want a state bond issue, to be retired wholly with proceeds of a motor fuel tax. He proposes the refunding to counties of money already spent on state highways, as a means of lifting the heavy burden of county road taxes, and developing a system of internal roads.

His platform pledges constructive and progressive executive efforts toward equalizing the tax burden, to the end that the small farm, ranch and home owner be relieved and mineral wealth may bear its just share of taxation.

He proposes a modernization of the prison system, useful employment of prisoners, and segregation of youthful offenders.

Mr. Sterling promises hearty support of the rural and urban schools and the colleges of Texas. A lifelong prohibitionist and total abstainer, he promises vigorous enforcement of the dry laws and all other laws.

He would give earnest attention, if elected, to problems of labor, eleemosynary institutions, agriculture, conservation of natural resources, judicial reform, regulation of public utilities, and departmental efficiency.

Finally, he pledges his utmost efforts to end factional strife in Texas Democracy, and to restore harmony.

Bible School 9:45 a. m.  
Morning worship and Lord's Supper 11 a. m.  
Junior Church 11 a. m.  
Evening worship 8:30 p. m.

As a special feature for the Bible school and morning worship next Sunday, the Ruth Bible Class will have entire charge of the music. Be on time for the Bible School and then remain for the morning worship and enjoy the singing of these good ladies, who will lead the congregation. Too many folks are late for the Bible School. It disturbs the entire program of the morning. Make a special effort to be on time each Sunday morning. You will feel better and it will help the program. Better late than never, but much better to be on time.

We are getting some fine co-operation from the parents in the building up of the Junior Church. If a few more will get in the harness great work can be accomplished with these young members of the Junior Church, and the future members of the Church.

## PRESBYTERIAN CHURCH

Sunday morning at eleven o'clock the pastor will preach on the subject "The People God Forgot." The service Sunday evening will be full of interest for young and old alike. Good singing and a gospel message for all.

The Sunday School begins each Sunday at 9:45 a. m. Every one is invited and urged to be present on time. The Christian Endeavor Society will meet at seven fifteen p. m. The evening church service will begin at 8:15.

A most cordial welcome is extended to all. Come and worship with us.

## WICHITA FARMER CALLS TO TELL OF NEW EXPERIENCE

Orgatone Brings Him Relief From Ten Years of Suffering, He Says.

C. D. Sears, a well-known farmer residing on rural route No. 4, Wichita Falls, Texas, who is a man of high standing and many friends, while in Allison's Drug Store a few days ago said:

"I have never had anything to do me the good Orgatone has. Since taking it I feel strong and full of energy, and in fact, I never felt better in my life than I do now.

"I have been suffering for ten years from indigestion and liver trouble. My stomach would fill with gas and bloat me up and make me miserable for two or three hours after my meals. I had no appetite at all, and got so I dreaded to eat, because the little I managed to force down would sour and cause me so much trouble. I was so nervous and restless I could hardly sleep at all, and always felt tired and good for nothing in the mornings. I had a sluggish depressed feeling, my strength and energy were getting less all the time, and I just had to force myself to work.

"I'm glad I tried Orgatone, for I'm sure it has saved me many a sick day. I was getting worse all the time until I began using it, and I've been getting better ever since the day I started taking it. I first found after taking it two or three days that no gas formed on my stomach, my food stopped getting sour, and I had no uncomfortable feelings after eating. I have a great big appetite now and eat anything without it hurting me in the least. I sleep as sound as anyone, and just feel bubbling over with new life and energy. It would be hard to tell the value Orgatone has been to me. I feel it has saved me many a dollar, and best of all it has saved me my health and built me up so that my work is a pleasure again. Everybody ought to know about a medicine like this, and I'm glad to endorse it."

Genuine Orgatone may be obtained in Haskell at the Oates Drug Store.—Adv.

Judge and Mrs. Clem Calhoun of Borger, were in Haskell for a short visit Tuesday. Judge Calhoun is District Attorney in Borger, but is not running for reelection. They will be located in Amarillo or Abilene after the expiration of his office.

# ANOTHER VICTORY

FOR THIS REGULAR STOCK MOTOR OIL

CLOSE ON THE HEELS OF ITS ACCOMPLISHMENT AT

INDIANAPOLIS MAY 30, CONOCO WINS 3RD, 4TH, AND 5TH PLACES AT ALTOONA AT BETTER THAN ONE HUNDRED MILES PER HOUR

Frank Farmer, in a Miller Special, "placed" third with an average speed of 102.2 miles per hour. "Shorty" Cantlon, in a Miller-Schofield Special, was fourth with 101.5 miles per hour. "Speed" Gardner was fifth in a Miller Front Drive Special. All three used CONOCO Germ-Processed Motor Oil in this convincing demonstration of the qualities of this regular "stock" motor oil. At Altoona, as at Indianapolis, this was the first time that a stock oil had placed so high in the finish of the race.

Indianapolis race; after they had observed its full body and good color as it came from Dave Evans' motor, the word went out that CONOCO Germ-Processed Motor Oil had displayed the qualities necessary to solve the lubrication problems of racing motors. CONOCO had earned the respect of this most skeptical group—and earned it fairly.

In view of the Indianapolis results, it was only natural for a majority of the drivers at Altoona to choose CONOCO Germ-Processed Motor Oil for America's fastest competitive race.

And as these cars whizzed around the boards at Altoona on June 14, CONOCO again proved its worth in a field previously dominated by castor blends—a field which other stock oils have repeatedly tried to enter without success.

So chalk up another victory for CONOCO
