After visiting an Indian war council and getting some inside dope upon the determination of about twenty-eight youngsters of Haskell High School we feel that it would be improper not to pass this information on to the fans and citizens of Haskell.

SOCIETY and Club

The Eastern Class, "The Glass of Southern Hospitality."

We had a very good crowd at Sunday school last Sunday but could be better if you hereans would attend more regularly. You don't know what you are missing when you are away. You are missing the time of your life, you are missing the social condition that will bring to you, friends that will help you. It will help the class and each individual. We want you to bring your friends and help them. If you can't come every Sunday come when you can. We are just human as you are. Wear what you want to, we treat every one just alike. This is the class of Southern Hospitality, that's our motto, come and see for yourself.

We are always cutting our programs short at the opening exercise for not being on time. It is as easy to be on time as it is to be late, try and see if it isn't. We start at 9:30 o'clock sharp. Study your lesson also, it helps the teacher, and it helps you to get his message.

You Junior Girls don't know what you missed by not being there, come and bring somebody with you, we had twenty-three present, not counting our sponsors, which made twenty-five. They are the best leaders that we could find anywhere. After the business was completed, we were invited to stay for the social hour, and we were served delicious cocoa and cookies. The next meeting will be at Anita Jo Simmons. Every one try to be present.

Improvements like these pay cash dividends

● The illustration shows a typical case of an old house converted into a modern home. The old porch has given way to a charming, enclosed sun-room which provides the family with all-year comfort. A concrete driveway replaces the old dirt path. The windows have been redesigned to give more light and air. A garage has been added. And over the old framework an attractive stucco finish has been applied.

● Many old homes need even less to convert them into profit-producing properties. Ask your building material dealer, architect or contractor to help you with suggestions for remodeling. This is a good year to make improvements economically.

Drum Is Found To Be Basis of Modern Orchestra

Bernard Barton's Playing of Instrument Gives True Rating New York City.—Though the drum is ordinarily regarded as the backbone of the orchestra, there are some great drummers who bring it to the front. Bernard Barton, manager of the World Super Orchestra, is one great musician who is a drummer. "Though the back of my mind is in the African drum, the drum has not been developed to have the other instruments in the band," Barton explains in his recent address. "The drum is the heart of the orchestra. It is the African drum that has made the American band." Barton is now in the American band. "I have seen him approach me and see him take to playing."

"Musicians as a rule do not take the drum seriously and it is only on rare occasions that one gets the musical value out of the instrument. Yet it would not be possible to have a dance orchestra without a drum, although any other instrument might be substituted for it. Drum beats are the basis of the band." Mr. Barton has studied the drum in many lands, he says. "In Haiti, and in other parts of the world, the drum often drops from conception, trying to keep up with the rhythm of their completed melody." "Many of our most popular tunes are real drum tunes and I am surprised that many bands don't take advantage of the possibilities of the instrument. The drum is the heart of the band. It is the African drum that has made the American band. I have seen him approach me and see him take to playing."

AN APPRECIATION OF R. S. WILSON
(By R. E. Sherrill)

R. S. Wilson was born in Tenn. October 10th 1861, finished his school work and studied law in Washington & Lee University when the law department of that institution was the best the country offered. Losing his wife by death he married again, this time, March 8th, 1890, to Miss Susie Reynolds. With his wife he joined the Baptist church. To this union there were born four children, the oldest one dying when six years old. In 1900 they moved to Texas and cast their lot with the people of Haskell. He entered wholeheartedly into every effort to uphold the community. His public spirited leadership was soon recognized and in 1912 he was elected mayor of Haskell for a term of two years. He had joined the Masonic Lodge, but his passionate love for his family induced him to choose the family company at home above all other things. Nothing was so dear to him as his own home and family. In letters to his

brothers and sisters he always had something nice to say about the family, and claimed he had the best wife and children in Texas. The children were trained like Samuel of old for the Lord who gave them, and their clean, exemplary lives show they were reared in a real Christian home. He was a strong believer in education, and a man of decided convictions and always ready to give a clear reason for his views. His political views were very positive. He never straddled the fence when a moral issue was at stake, and just as certain to be on the moral side of that issue. Public spirited to the highest degree, liberal in his time and limited means for the advancement of Haskell county. He worked for years to develop any oil interest that might be in his county. He led almost alone a determined struggle to secure a vast water supply from the Brazos River for irrigating Haskell county which would have accomplished for Haskell county what Kemp Lake has done for Wichita county, and would have been a lasting memorial to his far-seeing business insight. When success seemed nearly assured a frivolous professional objection, to his disgust, defeated his wonderful opportunity for our county and country.

Another Last Minute Letter From Sing Song to Sang Sang.
Haskell, Texas
November 19, 1939.

Dear Sang Sang:
I almost forgot to write you this week, but I am glad I waited, because I will have more to tell you. Last Friday we gave the operetta, "Nifty Shop," before the Magazine Club, and I must say that it was the best ever put on by a high school choral club. Every member is interested in the work we are doing, and we intend to do more than any other club in Haskell. Now really I am not bragging, and if you think I am just wait and see.

DEPRESSION DIDN'T HIT THESE HENS

A net profit of \$772.46 for the last 12 months from her flock of 297 White Leghorn hens, an average of \$2.60 per hen, marks Mrs. Will Aylor of San Angelo, a poultry demonstrator of Tom Green county, as both a good financial manager and a careful worker with poultry. Mrs. Aylor culled her flock closely and fed them plenty of mash, green feed, maize and some wheat, the cost of which was paid for by the hens before profits were reckoned. Infertile eggs, for which she found a ready market, was the chief source of her profits.

Ukulele Played at Both Poles by Explorer

Richard Kontzer

... famous Musician Takes Hawaiian Instrument on Polar Tours

New York City.—Dick Kontzer played music farther north than any other human being. He accompanied the Byrd expeditions to the North and South poles and was within some hundred fifty miles of the southern extremities of the globe. Accompanying him was his ukulele.

"American dance music is the only music with universal appeal," says Kontzer. "Neither the Eskimos nor the Maoris got any sense out of high class music. It is only when we played synopses that they became interested in the ukulele."

For thirty years he followed the abstract business in Haskell county, and his thoroughness in this business testifies to his conscientious work in this as in all other things. But all these things were secondary to his religion. For a number of years the family attended the Presbyterian church, and after the three sons had joined that church, he and his wife on November the 25th, 1922 united with that church, and in October, 1924, he was by the congregation chosen an elder. In this capacity he was active and absolutely loyal until death. He loved his church; to him it was indeed the church of God. No demand on his time or means for his church was too great, nor anything too good for it. It is wonderful how a man with such positive views can under the influence of grace become so charitable and yielding as he showed himself to be in his church work. He was an affectionate husband and father, a courteous, thoughtful, progressive citizen, a sincere friend, a true Christian. The host of friends attending the funeral was a testimonial to the regard in which he was held in the community.

For some time his health had been giving way. He knew the end was near, and was prepared to depart in peace. November the 7th, 1939, his spirit took its flight to God who gave it, and his body rests in quiet slumber in the Haskell cemetery till the morn ths shall awake the dead who die in the Lord to the full enjoyment of God to all eternity.

How satisfying it is, how comforting it is to know where the dwelling place of the righteous is.

"Tis idle to talk of the future,
Of the sad "might have been" mid our tears.
God knew all about it, yet took him
Away from the coming years.
God knew all about those who loved him,
How bitter the trial must be,
And right through it all God is loving,
And knows so much better than we.

Study of "The Transfiguration" at Methodist M. S.

I have heard that "Cleanliness is Next to Godliness" and evidently the Missionary ladies think so, for a group of members armed with brooms, mops, pails and dustcloths arrived early Monday P. M. for the fall church cleaning and it became a bee hive of industry. We should appreciate our freshly shining church and try to keep it as immaculate as they made. Especially those who use the kitchen must be scrupulously careful to leave it as orderly as they would their own kitchens at home.

At 3 o'clock the call to worship sounded and these same women joined by others knelt to pray and commune with God. Luke's account of the Transfiguration was read by the leader, Mrs. Kimbrough, who also gave an illuminating interpretation of the lesson.

The Transfiguration as depicted in Raphael's masterpiece was discussed by Mrs. F. T. Sanders and Mrs. Fields showed a copy of Reubens "Descent From the Cross," discussing its value as a work of art and as a spiritual messenger. Mrs. Hill Oates sang "Lone in the Grave" and with the afternoon's lesson in mind, we listened to an organ benediction played by Mrs. Patter-son.

The Society meets every Monday at 3 p. m. and whether you receive a special urgent personal invitation each time or not you are expected to be present promptly at 3 o'clock. Please do not let other things interfere with this hour when you are needed at the church. If your name is on our roll and you do not attend, you are a burden to the society. "Be a Booster, Don't Just Belong."

Dunning Demonstration and Piano Recital

Saturday afternoon, despite the storm quite a nice crowd of ladies and young people gathered at the Magazine Library where a very interesting program was enjoyed, given by Mrs. Morrison's Intermediate and Junior pupils. It is really marvelous to see the things the little ones of the Dunning Class can do. Especially the Demonstration of rhythm, transposing, five finger major position and being able to write a little melody by dictation. All the children showed improvement.

Glad Girls Have Party

Thursday evening Oct. 30, The Glad Girls of the Baptist church met at 7:30 in the home of our teacher, Mrs. I. N. Simmons. The following officers were there: Pres. Mattie Muriel Walling; 1st. Vice Pres. Vada Thomas; 2nd. Vice Pres. Lois Stoker; 3rd. Vice Pres., Lucile Gilstrap; Secretary, Lola Beryle Berry; Treasurer, Ethel Lou Clanton; Reporter, Frances Walling.

After a brief business meeting the class was invited to take a ghost walk, which ended in the barn loft. Here numerous spooks and ghosts which afterward proved to be friends of the G. G.'s, had assembled. There Halloween games were played and fortunes were told by a gypsy and witch. They were invited to the house where other games were enjoyed.

The delicious refreshments of pumpkin face salad and cinnamon

sticks and tea was served to the following:

Mattie Muriel Walling, Vada Thomas, Lois Stoker, Lucile Gilstrap, Anna Maude Taylor, Thelma Bruton, Louise Roberts, Esther Johnson, Mae Free, Fay Free, Irene McGregor, Frances Walling, Ethel Lou Clanton, Emma Grace Harcrow, Annabel Burt, Maxine Simmons, Sue Couch, Elsie Bradley, Wallace Sanders, Kenneth Sherman, Gilbert Wilson, Bill Kimbrough, Felix Mullino, Rex Felker, Rob Simmons, Melvin Bruton, Hubert Watson, Herman Pitman.

Letters From a Leaguer

Dear Lili:
I am leader for Sunday night and we are getting up a little play. Here are the characters:
Bro. Yeats, who reads his mail.
A mission doctor.
A disturbed Leaguer.
Two spirits.
The ghosts of Mr. Hughes and Mr. Caperton.
Flora Foreman, a missionary nurse.

Most of these parts are taken by boys. Our League boys are always so nice about doing anything you ask them to help the League. Here is the whole program, in charge of Second Dept.

Song: Give of Your Best to the Master.

Roll Call and Announcements.
Chorus: "We've a story to tell to the Nations"—Elizabeth Stewart, Pauline Diseman, Beulah Cass, Juanita Stone, Agnes Grissom, Pauline Wilfong, Eva Bell Pippen, Jerene Kennison and Frances English.

Scripture Story—Garvin Foote.
Prayer led by Joseph Gose.
Play: "How Two Boys Carried On."

Evening Invocation.
Dismissal Prayer.

You know the second department is the department of missions, so we are especially interested in the Hughes-Caperton Memorial. I guess your League will have a program similar to this sometime in November, as all of us are working together to help the Missionaries.

Yours Leaguery,
Lib.

Preparing for the Big Offensive

THANKSGIVING

When the Pilgrims first celebrated Thanksgiving day in New England, there were only three things to do. They could eat, rest and be thankful that the Indians had not gotten their scalps yet.

Today we celebrate Thanksgiving in pretty much the same way. But there no murderous Indians to worry about, except on the screen.

Today we still eat turkey on the last Thursday in November and everybody has something to be thankful for, just as the Pilgrims had. But people don't sleep on Thanksgiving day afternoon now. Instead they rest while they see a motion picture.

We are prepared to show you an entertaining program on the screen of this theatre November 27. Special shows have been arranged for the day and several short pictures on subjects in keeping with the occasion will be shown. We invite you.—Texas Theatre.

WHY SEND YOUR CHILDREN TO SUNDAY SCHOOL
Eighty-five per cent of the people who have been converted, attended Sunday School before their conversion. This is the greatest of all reasons why every unconverted person should attend Sunday School. No one will be saved unless he gives himself a chance. Only fifteen per cent of the conversions come from that class of people who do not think enough of their eternal welfare to attend God's house. You should not forget that the purpose of your life is not to make a living, but to serve God. You do not live to eat, but eat that you might live and glorify God with your life. Unsaved man, give your soul a chance by coming to God's house every Sunday.

YOUR DYING HUSBAND, WIFE OR CHILD
Reader, do you have a loved one in whose body death is already working and you know that it will be only a short time till the soul will go out to meet God? If that precious one is not a Christian, why not invite the preacher to talk to him about Salvation? Do not be afraid of excitement or making that one worse. It is nothing short of criminal to let the sinner die and go to hell. It is very difficult for the preacher to help unless the family is willing to make the opportunity.

Sunday 11:00 a. m. "THE HYPOCRITICAL FIG TREE"
If you would like to know Christ's attitude toward the hypocrite, just read Matt. 23:15-22. This scripture tells us of a tree that put on a big outward show, but there was no fruit to be found. Christ was so disappointed that He spoke to the tree and it withered forever. The hypocrite is offensive to God and will one day hear the awful sentence, "Cast ye the unprofitable servant into outer darkness."

Felt Bad After Eating

"Ever since I started taking Black-Draught, three years ago, my health was very bad," writes Mrs. C. C. Carson, 945 Concord St., Beaumont, Texas. "I suffered constantly from constipation. I had headaches when I got up in the morning, and I felt dull and sluggish. I hardly ate a meal that my food agreed with me. Frequently I would have gas on my stomach, and felt awful."

"I read about Black-Draught, and I thought it might help me. After I had taken it a little while, I felt much better. It relieves constipation. I keep it on hand so when I need a laxative I will have it. In the three years I have been taking it, I have never found anything as good for constipation."

PRESENTING THE NEW CHEVROLET SIX

Today the Chevrolet Motor Company presents the Bigger and Better Chevrolet Six, a new model of the six-cylinder car which has enjoyed such wide popularity.

In both the chassis and body of this new six-cylinder Chevrolet you will find expressed, as never before, Chevrolet's well-known policy of progress through constant improvement.

For—without departing from the basic features which have won the enthusiastic approval of over 2,000,000 buyers—Chevrolet has produced a six-cylinder car which represents an entirely new standard of quality, value and refinement in the low-price field.

Your first impression of the new Chevrolet will be one of striking fleetness, grace and beauty. The car is longer, lower and modernly smart. The radiator has been deepened and its appearance enhanced by a curving tie-bar and chrome-plated parabolic headlamps. The long

hood lines sweep back unbroken to blend gracefully into the new Fisher bodies. And never was Fisher's fine craftsmanship more evident than in the bodies of the new Chevrolet Six!

Not only are the smart, graceful, new bodies roomier and more comfortable, but as you study them you will discover many gratifying new features and pleasing refinements—many examples of that painstaking attention to detail which is the basis of true quality.

Mechanically, too, the new Chevrolet Six is a better automobile. The wheelbase is longer. The frame is stronger. The steering is easier. The clutch is more durable. There is a smoother, quieter, easier shifting transmission. In fact, wherever finer materials and more advanced design could add to Chevrolet quality or increase Chevrolet's traditional economy of ownership—improvement has been made. See the new Chevrolet Six—and you will agree that here is the Great American Value!

BIG MONEY RAISING SALE

SALE OPENS THURSDAY MORNING AT 9 O'CLOCK NOV. 20—ALL NEW FALL MERCHANDISE TO BE SOLD TO RAISE MONEY REGARDLESS OF COST OR PROFIT.

The Time Has Come For Decisive Action—We bought our stock of Fall merchandise in anticipation of a normal business. You know as well as we, that business has not been normal. Economic conditions have been depressing, unemployment has been nation wide, money has been short—these circumstances have caused buyers to hold back which has resulted in the demoralization of retail selling. This condition has caused us to be heavily overloaded with Fall merchandise. These goods must be paid for but they first must be sold. We know you need to buy some fall wearing apparel and we believe you will buy if you are convinced it is cheap enough. With this in mind this Sale is launched with the greatest sacrifice on prices that this store has ever made.
