## Election is Topic of City Council Meeting

The upcoming City General Election was a topic for discussion at the meeting of the Council on April 13. Present were Mayor Wayne Nance, Councilmen John Bowman, Jim Estes, James Griffin, Dwain Henderson and Secretary Jerry Patton. Absent was Councilman F. E. Hutsell.

The Secretary reported that Joe Brannon would be the Election Judge for the May 2 election, and that Dwain Henderson, F. E. Hutsell and Charles Sarchet had filed applications to have their names placed on the May 2 ballot.

Mayor Nance expressed the Council's appreciation to Councilman Jim Estes for his service to the City.

Minutes of the March 9 meeting were read and approved, and March bills were approved for payment. The March tax collector's report was presented for review.

The Secretary reported that the City had completed the purchase of a 1988 Dodge car from the State of Texas at a purchase price of \$3,350.00, and that the vehicle was in service.

The Council discussed the disposition of the 1980 Plymouth, and a motion was made by Griffin, seconded by Estes to advertise for bids for two weeks and sell the vehicle to the highest bidder. Motion carried.

The Council discussed the April 16 TML Region II meeting and the May 13 Panhandle Water Utilities School.

The Secretary presented information on a sandlot volleyball court. The proposed court is being promoted by Lynn Frizzell. The item was tabled until additional information could be presented.

The Council discussed a general clean-up project for the City, in preparation for the County Centennial Celebration this summer. The number of junk vehicles in the City was discussed, and the Council instructed the Secretary to place a notice in the local newspaper requesting the cooperation of citizens in removing the vehicles. Dick Mayfield will be in Silverton about April 20 to do salvage work and this would be a good opportunity to dispose of the vehicles and other metal items. The Council will give further consideration to enforcing the "Junk Motor Vehicle Ordinance" at the May meeting.

A contract for aerial mosquito spraying was presented for review. Motion was made by Griffin, seconded by Henderson to enter a contract with Southwest Aerial Services, Inc. for aerial mosquito control for the coming summer. Motion carried. The aerial spraying cost will be \$1,318.00 per application.

The Secretary reported that the Briscoe County Appraisal District would pay one half or \$450.00 of the cost to have an ownership map printed for the City and that Guaranty Abstract Company would help update the information for the map for one copy per year. The original cost of printing the ownership map is \$900.00 for ten maps. The cost to update the map yearly will be approximately \$50.00 for ten new maps.

A motion was made by Estes, seconded by Henderson to purchase the ownership map as presented. Motion carried. Councilman Bowman abstained from voting.

The Council discussed the Americans With Disabilities Act of 1990, the Green Thumb Program and On-the-Job Training Program.

## Four-Day Meeting Planned By Local Church of Christ

Silverton Church of Christ will be having a four-day spring gospel meeting beginning Sunday, April 26.

Guest speaker for the meeting will be Michael G. Crowley, sr., of Matador, a graduate of the Sunset School of Preaching in Lubbock. He has been preaching since 1971 and also holds a degree in criminal justice from Missouri Southern State and two diplomas from law enforcement academies.

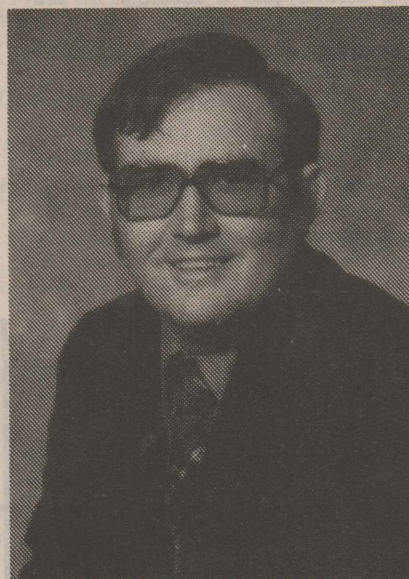

Bro. Crowley's experience includes several years of circuit rider-type mission work in the interior of Alaska and the Arctic Circle, and a mission effort in Mormon country in establishing two new congregations. His teaching experience includes teaching Old Testament and Revelation at the Midwest School of Biblical Studies in southeast Kansas.

A former Marine and veteran of the Vietnam war, he moved to Matador from a mission point in Arco, Idaho.

Bro. Crowley is married to the former Judy Ann Lynch of England, Arkansas, and they have three children. Mrs. Crowley is responsible for their Christian pre-school program in Motley County, and her efforts have made a tremendous impact upon the Matador community for the cause of Christ.

Special topics have been planned by Bro. Crowley for the Sunday Morning Bible Class which begins at 9:00 a.m., the morning worship at 10:00 a.m. and evening worship at 6:00 p.m. Sunday.

The services continue each evening at

Michael G. Crowley, sr.

7:30 p.m., with a special men's breakfast meeting at 7:00 a.m. Wednesday and a ladies luncheon meeting at 10:30 a.m. that same morning.

The local minister, Ted Kingery, has extended an invitation to all members and friends of the congregation to attend this special series of services.

### READING IS FUN

Whether we are a parent, teacher or a significant other doesn't matter. Children love to be read to. April 19-25 has been designated as "Reading Is Fun Week." We can all help children understand the importance of literacy and help them develop a love for reading by setting a good example.

Reading to young children provides a head start for them when they start school. Children who have been read to understand what will be possible when they learn to read. Children's understanding of new words and experiences increase as they ask "What's that?" and "Why did that happen?" and their reader stops to explain.

It is never too soon or too late to read to children. Here are some suggestions to get you started:

- Start before the child is a year old using simple picture books of animals, familiar things, Mother Goose rhymes and songs.

- Read a variety of books. Get into the role by exaggerating facial and vocal expressions.

- Pause periodically and ask your child, "What do you think will happen

next?" and "What would you do?" Similarly, take time out to answer your child's questions.

- Establish a special time to read. Just before bedtime provides a delightful way to end a busy day.

- Set aside 15 minutes a day to read to your children. You can take turns reading with older children.

- Take your child to the library and allow time for browsing in the children's section. Let your child apply for a library card.

- Ask your child to tell you a story. Write the story down as it's told, then read it back and share with others.

Sit down and read to your children, not only to make them better readers, but also to share an adventure, to discover new lands and to share the laughter.

## Friendship Quilters

by Nina Martin

Briscoe County is 100 years old this year and I've lived here 64 years of that 100. I am so thrilled to have had a part in the Saturday quilting bee. We didn't have on aprons and bonnets, but believe me, the aura of the past was present. Our little grandmothers, mamas, and aunties would be so proud that the quilting art is not dying out in Briscoe County. Due to the cooperative efforts of the Friendship Quilters and the Rock Creek Club, the quilting bee was a great success.

The Briscoe Sampler quilt is still set up and everyone is invited to come help us quilt on Thursdays. We invite Judge Burson to come and get his second quilting lesson.

We quilted at Jesse Bomar's last Thursday. The little shower of rain prevented us from finishing her quilt. We will be quilting at the Senior Citizens Center from now on.

## Briscoe County News Crafts Corner

Ronald Dale Kitchens of South Plains shows his grandchildren the fiddle that his grandfather (W. A. Holt) made from pieces of his great-grandmother's furniture. Chance Kitchens, 6, and his sister, T. J., 4, enjoy listening to their father, Blake, play fiddle in the country swing style created by legendary fiddle player and band leader Bob Wills. Kitchens, an avid Wills fan and record collector, plans to be present at the 21st annual Bob Wills Day in Turkey Saturday.

were champion fiddlers, and that's where Kitchens find his common ground with Wills.

"It was my grandpa (W. A. Holt) on my mother's side of the family who played fiddle. Now he played all those old breakdowns. Whenever I was a kid, I remember sitting around listening to all that and, to me, that was real interesting — just sitting and watching all that," said 53-year-old Kitchens.

Kitchens and other country music connoisseurs will gather Saturday to revel in country swing and celebrate the 21st annual Bob Wills Day in Turkey, where the famed musician grew up and began his career.

The festivities begin Friday night with a dance that organizers say will draw together at least 10 former members of Wills' band, The Texas Playboys.

"I like that fiddle music. It brings back memories from when I was a kid. I remember hearing all this from my grandpa, who made this fiddle," Kitchens said while uncovering the fiddle that was hand made from pieces of his great-grandmother's furniture.

After years of trying to play the fiddle, Kitchens, a semi-retired farmer, gave up the quest and handed his grandfather's fiddle to his son, Blake, and persuaded him to master the instrument.

"I just kept on and kept on him to try it. From then on he was hooked," Kitchens said.

Blake Kitchens now plays at least six nights a week in Lubbock, hoping to keep alive the musical style he, his father and others love.

"Blake's trying. He loves that Bob Wills music — that's what he tries to play," Kitchens said. "I raised him on it, too."

Kitchens has more than 50 Wills recordings, 13 of which are the thick, often scratchy, 78-rmp Columbia records that belonged to his grandfather.

While he plays the Wills records, Kitchens listens for some of the musician's trademark "ah has" or his calls to Playboys for a solo.

"That always tickled me about Bob — that he always named off his musicians as they went along and played. And he'd say 'Leon McAuliffe (who wrote 'Steel Guitar Rag') he'd say, 'Take it away Leon, take it away'."

Kitchens' wife, Margaret, said he roped her into the fervor of country swing after they married. The couple waltzed and two-stepped to Wills when he and the Playboys came into towns such as Amarillo and Tulia.

"I like to listen to it, but I like to dance to it better," Mrs. Kitchens said.

Because Wills and many of the Playboys and the Light Crust Doughboys (Wills' first band) have died, Kitchens believes country swing will fade if listeners don't latch on to what his son or other musicians like Jody Nix are playing.

Nix, whose father recorded with Wills, will perform with his band, the Texas Cowboys, at a dance Saturday at 7:00 p.m. at the Bob Wills Center in Turkey.

Organizers are expecting one of the largest groups of Texas Playboys ever assembled for a 9:00 p.m. to midnight dance Friday at the Bob Wills Center, and again Saturday at a 2:30 p.m. concert on the old football field east of the center.

Grammy award-winning writer Charles Townsend will be master of ceremonies. Townsend chronicled Wills' life in "San Antonio Rose: The Life and Music of Bob Wills and the Texas Playboys."

## Kindergarten Day Will Be May 1

Registration day for next year's kindergarten class will be Friday, May 1, from 9:00 a.m. until 12:00 noon.

The children will need to bring 75¢ for their lunch and parents must bring immunization records, birth certificates and Social Security numbers in order for their children to enroll for school next year.

1/ Cotton classed as "Yellow Stained" ( Middling and better grades) will be eligible for loan, if otherwise eligible, at a discount 200 points greater than the discount for the comparable quality in the color group "Tinged".

According to Lubbock-based Plains Cotton Growers (PCG) High Plains producers will see a welcome change in the Commodity Credit Corporation (CCC) loan schedule for the 1992 crop.

The base loan rate for upland cotton will increase from 1991's 50.75-cent level to 52.30-cents per pound in 1992. The change will affect most counties on the High Plains. The only exception is Motley County whose base loan rate has been set at 52.4 cents.

The increase in the base loan rate amounts to a 1.55 cent increase in the value of grade 41 (Strict Low Middling), Staple 34 (1 1/16 inch) cotton over the 1991 loan. The increase is good news for High Plains producers looking for a better year in 1992.

Another bit of good news for producers in the 1992 loan schedule is that discounts appear slightly smaller than in 1991. Unfortunately premiums are also below 1991 levels.

PCG notes that the trend to smaller premiums and discounts for grade and staple also are evident in the micronaire and strength schedules as well.

The strength and micronaire schedules are where the most notable changes have been made for 1992. One of the areas that experienced change in the micronaire schedule was the move to make cotton in the Spotted (13-63) and Tinged (24-54) grades ineligible for the ten-point premium for mike readings between 3.7 and 4.2.

The new strength setup applies the premiums and discounts to a range of strength readings measured to the nearest tenth. The change reflects the move by the classing system in 1991 to report strength readings to the nearest tenth instead of round numbers.

Overall the new loan schedule should prove to be an improvement over 1991.

"Even though the 1991 loan schedule is an improvement over 1991, the producer's biggest need is to have a good year as far as overall crop quality is concerned," explains PCG Executive Vice President Donald Johnson. "Here on the High Plains we will be looking for a normal, or better than normal, year in regard to weather and production. If we get that quality can take care of itself."

The United States Department of Agriculture (USDA) Agricultural Stabilization and Conservation Service (ASCS) announced the 1990-1991 Disaster program would be pro-rated by a factor of 50.04 percent. The announcement came April 13.

County ASCS offices were able to begin printing checks immediately following the announcement. It was expected that most checks would be in the mail by Thursday, April 16.

The \$995 million allocated to fund the program proved to be about one-half the amount needed to complete full funding. The announcement of the 50-percent factor was welcome news to producers who had heard estimates as low as 10-cents on the dollar following the sign-up period.

## Bob Wills Day Coming April 25

The 21st annual Bob Wills Day will be held in Turkey on Saturday, April 25, featuring the 12th reunion of

former Texas Playboys.

A fiddlers' contest will begin at 12:00 p.m. in the auditorium center and gym.

Dancing will be a feature Friday night, April 24, from 9:00 p.m. until midnight at the Bob Wills Center. Ten to fourteen former Texas Playboys will be featured. Another dance will begin at 7:00 p.m. Saturday, April 25, with breakfast served beginning at 11:00 p.m. in the Bob Wills Cafeteria. Music will be by Jody Nix and the Texas Cowboys.

A parade through downtown Turkey will begin at 10:30 a.m. Saturday, April 25.

A barbecue will be served beginning at 11:00 a.m. Saturday, April 25, at the Bob Wills Center.

The former Texas Playboys will present a program at the old football field east of the Bob Wills Center beginning at 2:30 p.m. Saturday. Dr. Charles R. Townsend, Grammy Award winner and author of "San Antonio Rose: The Life and Music of Bob Wills and the Texas Playboys", will be master of ceremonies for the program.

Concession stands will be selling souvenirs, the Bob Wills Museum will be open and an arts and crafts show will be held at the Bob Wills Center. Upstairs at the center, movies and television specials of Bob Wills will be shown.

## Scientists Ready For Field Days

Area farmers, ranchers, agribusiness owners and suppliers are asked to mark their calendars early for two major field day events during the month of May.

On May 13, High Plains producers and growers are invited to attend Texas A&M's field day held annually at the North Plains Research Field Station at Etter to see and hear firsthand results of field trials conducted by researchers with the Texas Agricultural Experiment Station and cooperating specialists with the Texas Agricultural Extension Service. The Etter Field Day

on May 13 is sponsored by the TAEX and TAES and North Plains Ground Water District No. 2.

May 28 is the date of the Panhandle area's annual Wheat Field Day. The day-long conference and tour will begin with a morning program at the Texas A&M Research and Extension Center at 6500 Amarillo Boulevard West. The afternoon segment features a tour of significant field research demonstrations of special interest to area producers. The tour will be conducted at the USDA-ARS Conservation and Production Research Laboratory 0.75 mile west of Bushland.

For more information, contact Dr. Brent Bean of the Texas A&M Research and Extension Center at 806-359-5401.

## Illegal Signs To Be Removed

The Intermodal Surface Transportation Efficiency Act of 1992 which the President signed on December 18, 1991 requires in part 1) Any sign, display or device along the Interstate System or the Federal-Aid primary system which was not lawfully erected (Illegal Sign) shall be removed by the owner of the sign not later than the 90th day following the effective date.

2) If any owner does not remove the illegal sign, the State shall remove it. The owner shall be liable for the costs of removal. Effective control by the State includes this provision, 3) If the State does not exercise effective control, Federal-aid highway funds shall be reduced by amounts equal to 10 per centum of the amounts which would otherwise be apportioned, and 4) A 10 per centum reduction in Federal-aid highway funds to the State of Texas would amount to \$105 million for this fiscal year.

A Federal Highway Administration notice published in the Federal Register on March 6, 1992 states: The FHWA has set a goal of an additional 90 days through June 18, 1992, for the States to act on the removal of illegal signs.

# Little Dribblers End Season With Brisket Supper

A brisket supper and presentation of trophies to the players concluded the Little Dribbler season for another year. There were ten teams playing this year, and each team played the other teams in its division twice, for a total of eight games per team.

In the minor league, for third and fourth grade boys and girls, the Black team, coached by Mike Juarez and Barry Francis, was undefeated with only a tie to blemish its perfect record. The Blue team, coached by Twila Baldwin and Vicki Wederski, finished in second place, with only two losses to the Black team to mar an otherwise perfect record.

The White team, coached by Ken and Nancy Wood, finished with a record of 2-5-1, and the Red team, coached by David and Dianne Johnston, completed the season with a 2-4-2 record. Rance Young and Larry Comer's Green team ended with a 1-7-0 record.

Leading the scoring in the minor division were Nathan Francis, 161 points; Jordan Sarchet, 85; Aaron Wederski, 73; Paul Donahoo, 56; Clint Ivory, 55; Charlie Bomar, 39. Julie Weaver led the girls with eight points to her credit.

In the major league for boys and girls in the fifth and sixth grades, the Black team, coached by Ken and Nancy Wood, finished with a perfect 8-0 record. The Purple team, coached by Dwight Ramsey and Bryan Donahoo, finished with a record of 3-5, as did the Red team, coached by Gary and Cathey Weeks. The White team, coached by Barry Francis, won three games, lost four and tied one. The Blue team, coached by Mickey Smith and Langdon Reagan, won two, lost five and tied one.

Leading scorers in this division were Trey Wyatt, 92 points; Jay Arnold, 67; Jared Francis, 57; Jeremy Holt, 51; Hector Martinez, 46; Juan Angel Garcia, 39; Leland Wood, 37; David Donahoo, 37; Andy Bullock, 33; Trey Ziegler, 23; Chris Justice, 22; Jared Holt, 21. Leading scorers among the girls were Lacy Brunson, 20, and Kenzie Burson, 19.

In the final round of games, the Black 3-4 team defeated the White team 30-12. Nathan Francis led the scoring for the Black with 28 and Vanessa Reyna added two points.

Clint Ivory led the White team with eight points, while Isaiah Ivory and Daniel Castillo rang up two points each.

The Blue team finished with a 45-0 defeat of the Green team. Aaron Wederski led the scoring for the Blue with 21 points and Jordan Sarchet tossed in 20 points. Julie Weaver and Sally Baldwin added two points each.

In the major division, the Black team ran to a 25-10 victory over the Blue team. Leland Wood led the winners by scoring 11 points. Jeremy Holt and Juan Angel Garcia rang up five points each, with Garcia hitting one three pointer, and Lacy Brunson added four.

For the Blue, Hector Martinez and Jared Holt rang up four points each, and Trey Ziegler added a pair of points.

For the Red, Trey Wyatt scored 21 points, with four three pointers to his credit, and Matt Martin added two points.

In the last game, the Purple team defeated the Red team 35-23. Leading the Purple offense was Jay Arnold with 17 points. Andy Bullock added 14 and Dara Ramsey tossed in four points.

For the Red, Trey Wyatt scored 21 points, with four three pointers to his credit, and Matt Martin added two points.

The Little Dribbler organization appreciates the parents and grandparents who assisted in conducting the youth program, and also

those who attended the games and bought food at the concession stand. Without your help, the Little Dribbler program would not be able to make enough money to conduct its program. Money made by Little Dribblers is

used to buy shirts and trophies for the players, and each year a gift is made to the school children. Last year the Little Dribblers bought playground equipment, including soccer goals, for the elementary school playground.

### POISON

by Amy Jasper

As I gaze down at the picture, I see beauty and death, where a white skull leans over some lovely red roses. There is a big white skull with a tall top hat. Behind the black top hat is a set of handlebars to a motorcycle. Towards the bottom of the top hat is a red and blue hat band. The skull is almost snow white and has distinguished marks around the nose, mouth, eyes and forehead. The holes of the mouth, eyes and nose are pitch black on the inside. The skull still has a lot of teeth. There are three red roses that have a very beautiful, sweet smell. The green leaves around the roses are big and fuzzy. To the side of the roses and to the bottom of the skull is a big yellow ribbon. In the center of the ribbon is the word POISON in big, green, bold letters. Below the yellow ribbon is a tube of brown paint. The tube is leaking and you can see and smell the paint. The paint looks glossy and the smell is strong and sour. Wrapped around all this is a big, long, gray piece of barbed wire.

### MY FAVORITE TEACHER

by Peter Trevino

Everyday when I walk in, he sits in his desk. He looks very generous and has concern for others. He is striking, slender and has sparkling grey hair. His eyes are like sparkling crystals. His friendly face glistens in the sun. He always has a kind-looking expression, like two happy birds in a tree. He wears casual clothes that make him look professional. He also has regular features. He dresses like everybody else. He also is kind and caring and gets mad like anyone else would. He does all this, but yet he is still my favorite teacher.

### LANDSCAPE

by Josie Vargas

The landscape scene that I was looking at looked like a place where a person could relax and enjoy themselves. At the top of the drawing, stood a rugged mahogany brown mountain that seemed to rise above the water. The mountain only had a couple of pea-green pine trees and the entire outline of the mountain resembled Mount Everest. At the edge of the mountain, was an ocean that surrounded it and a semi-desolate beach. The clear aquamarine ocean had soft whispering waves that looked as if they were lazily rolling in towards land. The only occupants that were in the peaceful ocean, but near the beach, were a couple of swimmers. On the south side of the ocean, appears a round sandy pebbled beach with only two people lying on the beach on turquoise towels. Behind the two people in the middle of the beach, were two apple-green palm trees. When I held the drawing away from me and really looked at it, I could almost feel a sense of calmness and peacefulness. The smell of salty air even came to me as I looked at the drawing.

### THE DESCRIBED MAN

by Rosie Segura

The man staring blankly into space has many facial and physical features about him. Beginning from top to bottom, the man is seen with a purple and green feather sticking out from behind his head. His hair is long, black, parted in the middle, and then is tied in purple and green ribbons. Just above his right ear, he has another feather polking out of his head. His forehead is small but it has its share of wrinkles. The big eyebrows bordering his forehead, bring out his clear eyes. Around his eyes, the wrinkles creep up

on him. Next is his wide, flat nose that can probably sniff danger from afar. The man's cheekbones are slightly outlined by new coming wrinkles. Lips that are still, chapped and cracked belong perfectly on his face. His double chin hides a part of this man's wide neck. From his facial features this man looks old, but his broad shoulders show that he is still strong—and willing.

### LANDSCAPE

by Jennifer Hester

The magnificent landscape of mountains against the evening sky and sunset was breathtaking. As the creamy clouds crept along the multicolored sky, the lemon-colored sun still shone brightly. Across the glossy almond mountains runs a porcelain-colored stream. Right in the middle is a shiny ivory house with a long line of smoke coming from it. Running aside the mountains is an ash road and beside the road is a celery-green sign telling that we are 35 miles from the Rocky Mountains.

### THE DESERT

by Leslee Weeks

The vast desert land fills the landscape only to be broken by a towering windmill in the foreground extracting water from the lively stream below. The old brown windmill that is pumping the cool refreshing water in a cylindrical stock tank; that is on the left of the windmill. The windmill stands taller than the tank. The stand of the windmill is like a flat-sided cone; it's larger at the bottom than at the top. The long slender poles that make up the stand are all arranged in an order only an architect could think of. The sides have the long poles going down vertically into the hot burning soil. The other poles cross and make an X design. On top of the stand is a platform made of the same sandy brown wood. The top of the windmill is a circular-shaped part that squeaks as it goes round and round, to pump the crystal clear water. In the background are rolling hills. The hills are bronze with patches of emerald green grass. Prickly cacti are spotted on the landscape, like black dots on a ladybug. The cacti seem to raise their arms to the sun, as to give a high five to a good friend. In the left corner is a blazing orange sun as it prepares to say goodnight to the desert plains below.

### RAINBOW FISH

by Holly Nance

As the red and green luring bait on the end of the line flicked above the water, the rainbow fish leapt above the water's glowing surface, in attempt to catch the bait. The fish's scarlet eye followed the bait. Its large mouth opened wide in reaction to its eye's sight; hopeful for a filling meal. Following the bait, the fish arched its body, revealing its rigid fins across its back and the huge spectrum of colors of scales on its long glistening body. At the end of its body was a greenish-grey brushlike tail, which splashed the soft pastel colors from out of which the fish leapt. Behind the fish, the drops of the soft pastel water suspended in mid-air glistened as the setting sun gleamed through. Beyond the disturbance of the stillness, the russet sky remained peaceful.

### GARFIELD

by LaToya Baker

Garfield is trying to express that people should read. Garfield has a large orange body frame. He has two large feet that hold him up. Connecting to his feet are his gaunt legs. Between his legs hangs his tail. Garfield's tail looks as if he has an extra leg. Garfield's round plumed belly joins to his legs. In his left hand he presses a navy blue book to

his belly. The pages in the book are a snow-white color. His right hand is free like a bird. Followed by Garfield's body sits his big head. Garfield's upper lip has a shiny gold to it. Past his upper lip a blood red nose pugs out. His large droopy eyes make him look as if he's sleepy. Just above his eyes are two small ears that point left and right. (Overall he is ready to face the world.)

### OVER THE RAINBOW

by Rusty Miller

This is a man we all know from

somewhere over the rainbow. Starting from the top, you can see the fluffy, sapphire-blue clouds. Next, you can see a man wearing a violet-purple cap and a tattered, worn, yellow shirt with patches on it. Then you travel down to see his brown rope belt and his brown pants with hot pink and light blue patches on it. Finally, you can see his black shoes, but just above that you can see the multicolored rainbow of purple, green and blue.

...with the Dual Fuel Heat Pump.

Two reasons why it can save you money:

**High Efficiency.** The Dual Fuel Heat Pump makes the most of every energy dollar. It is as much as twice as efficient as your old air conditioner. So, you start saving money the moment you switch on your Dual Fuel Heat Pump.

**Low Electric Rates.** Residential prices for electricity are 21% lower in the SPS service area than they were nine years ago. (Can you think of anything else that costs that much less than it did in 1983?) Our prices are among the lowest in the nation.

## CLOSE FRIENDS BECOME EVEN CLOSER IN TIMES OF CRISIS

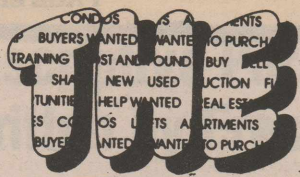

Like any good neighbors, our two adjoining nations of Canada and the United States have always enjoyed a friendly relationship, despite some minor differences. This has been evident from our 3,000-mile unguarded boundary line that spans the continent, and in recent years, by our joint participation in sports. Moreover, another ingredient was added during last year, with all its turmoil and startling developments on the world scene. It is in times of crisis that people and countries show what they are made of, and the similarity of our responses to these events has brought us even closer together. At our House of Worship, let us thank God for this wonderful relationship, and pray that it will continue forever, as an example to the rest of the world.

CARDS OF THANKS

We wish to take this opportunity  
especially to thank each and every one  
for the prayers, food, cards, and many  
acts of kindness and love at the loss of  
our loved one. Thanks many times over.  
Bill Williamson and family

Dear Silverton friends and neighbors,  
We are so humbled by your wonderful  
outpouring of love and support for our  
family. The cards, the abundance of  
delicious food, and the beautiful plants  
and flowers we continue to enjoy have  
just been overwhelming. Two angels of  
mercy even came to clean our house! A  
special thanks to Tina and Patsy!!

We feel so fortunate to live in such a  
fine Christian community as Silverton.  
Your visits have inspired me and your  
acts of kindness have touched me  
deeply. It has made this time of crisis  
much easier to bear and I feel blessed to  
the point of tears often.

We thank God for each and every one  
of you who have touched our lives  
during this time. We love and  
appreciate you more than we can  
express! We continue to covet your  
prayers and hold you in ours, also.

David and Debbie  
Lance, Zeh, Jared, Jeremy and Cade

May God bless our Silverton friends.  
We deeply appreciate your  
thoughtful expressions of sympathy  
which was of the greatest comfort to us  
in our sorrow.

Troy and Marge Jones

We thank you, our relatives and  
friends, for making our golden wedding  
anniversary such a memorable event.

Edwin and Claudine

We would like to say thank you for  
each expression of sympathy in the  
death of Freeman's brother, Otis Tate.  
You are a special people.  
Freeman and Jackie
