mile relay team is made up of Tammy Whitefield, Tina McCombs, Ginger Duke and Blanche Gentry. All are seniors and have been on the track team for 4 years. Tammy, Blanche and Ginger have run on the mile relay team for 3 years and have been just a

### Brown Orchid

This Sunday is Mother's Day, and it's the one time a year that we get the opportunity to single out Mom and show her our appreciation for the wonderful things she has done for us.

As I sat down to write this week's column, I was reflecting back on some of my experiences growing up and remembered the special "Mother's Day" gift I purchased for my mother 25 or so years ago.

Your faithful scribe, the oldest of 8 children born to George and Genevieve Pease on a cold winter night in February of 1942, decided back when I was about 10 or 11 years old that it was high time I purchased my mother a real "Mother's Day" present.

Times were tough—I can remember that. Our family was poor, I think, however, we were never hungry, but there wasn't an abundance of small change in the Pease house. In order for me to purchase a present I had to have some money.

My scheme to make money—I set out to get her present by travelling up and down the street picking up 2 cent soft drink bottles, returning them to the local store for the deposit.

Late that Saturday afternoon I went to a flower shop with a pocket full of change and I still remember how proud I was that I had scraped together enough to get my Mom an orchid. The lady at the shop said to be sure and keep the orchid refrigerated or it would ruin, so I ran all the way home for fear my newly purchased gift would wilt before my eyes.

After sneaking in the back door, avoiding my Mom, I reached the refrigerator and strategically placed the attractively boxed orchid behind several quarts of milk. When I closed the refrigerator door I began wondering about what the flower shop lady told me. She said, "keep it refrigerated or it will ruin". I thought to myself, if refrigerated it will keep it from ruining, freezing it ought to keep it even better, after all the freezer is much colder than the refrigerator.

I dug it out from behind the milk bottles, and stashed it behind a rock-hard half-gallon of ice cream.

Needless to say, the dumb orchid was a pitiful mess on Sunday morning but that didn't matter to Mom, she proudly pinned it on her Sunday best dress and we all set out for church.

She was the only mother at church with a dead, brown orchid, that had the appearance of a month old piece of lettuce.

Mrs. Joe Roberts came in the office last Friday with the following "Mother's Day Message" entitled Mothers Are People. I'll bet she has fond memories full of recollections of dead orchids, etc. when her three children were growing up. Mrs. Roberts will be 82 in October. Her three children—Mrs. Francine McKinney, Mrs. W.E. Partin, and Harold Roberts have given Mrs. Roberts 10 grandchildren; who have in turn given her 8 great-grandchildren. Won't Sunday be a wonderful day for Mrs. Joe Roberts.

Here is the message she gave us.

Mothers are people who cook things, Like breakfast or lunch or a snack.

Dexterous people who hook things, Which button or zip up the back.

Mothers are people who blow things, Balloons and kisses and noses.

Green thumbish people who grow things, Like ivy and puppies and roses.

Mothers are people who sent things, Like letters and strawberry tarts.

Magical people who mend things, Like blue jeans, and elbows and hearts.

Mothers are people who find things, Like mittens and homework and germs.

Fuss-budget people who mind things, Like cusswords and snowballs and worms.

Mothers are people who sweep things, Like porches and cobwebs and rugs.

Softhearted people who keep things, Like art work, report cards and hugs.

Mothers are people who nurse things, A boy or girl or a spouse.

And all in all there are worse things than Mothers to have in your house. . . Author Unknown

## Will Receive Citations Search Underway By Mayors For Five Vietnam Veterans

The mayors of Rotan and Roby are putting on a county-wide search for five Vietnam era veterans that have exemplified outstanding community achievement in order that they can be presented a Presidential certificate during Vietnam Veteran's Week to be observed in Fisher County May 28 through June 3.

Rotan Mayor Lester Sescil and Roby Mayor Carl Matthies are encouraging all Fisher County clubs, organizations, churches and individuals to nominate a veteran now residing in Fisher County that served whether overseas or state side during the period from 1960 until 1975.

The mayors will appoint a county cross-section nominating committee to screen all nominations to narrow the field of applicants to five outstanding community achievement recipients.

In a letter from The White House concerning the recognition certificates, it said "Veterans of the Vietnam Era did not receive the Nation's full gratitude during a long and controversial war, nor after it was over. Further, upon their return to the community, they were often burdened with myths and stereotypes attributed by many to Vietnam veterans—"walking time bomb," drug-addict, anti-patriotic and the like. The purpose of this Presidential recognition program is to bring to the general public's attention the contributions of these veterans to American life. Hopefully this acknowledgement of good citizenship will counteract many of these myths."

The mayors indicated that nominations will be received for the Presidential Awards until Friday, May 18. The selection committee will meet on Monday, May 21, and review all nominations.

As criteria for nominating Fisher County veterans that have served in the military between 1960 and 1975 the following guidelines should be considered: (a) making significant contributions to the community, state or Nation in civic involvement, community projects or human assistance; (2) overcoming obstacles, whether physical, social or economic, to attain positions they now have; (3) demonstrating personal involvement, such as volunteer service in civic, religious, youth and other activities; (4) helping other veterans through counseling and assistance; (5) demonstrating outstanding character in civilian life through an act of

bravery or heroism; (6) representing general excellence or accomplishment in any civic, professional or personal endeavor.

Mayor Sescil and Mayor Matthies have recruited the assistance of Fisher County VFW Commander Austin McKinney in collecting nominations. For

the benefit of those desiring to nominate a veteran for the honor, there is a simplified nomination entry on page 6

## Rotan Council Votes To Build Sewer Line, Looks At Radar

The Rotan City Council voted to install approximately 5 blocks of new city sewer line for the residents on the east side of Roby Ave., at their meeting last Tuesday night.

The action was taken after two residents, Mrs. Ellis Markham and Mrs. Cynthia Weaver appeared before the council requesting that the sewer line be installed. The motion to install the line was made by Councilman Nowlin and seconded by Councilman Rodney Tankersley.

In other action the council listened to a presentation by David Fuller, representing Kustom Signals, Inc., of Shawnee Mission, Kansas, concerning the purchase of a new moving

radar unit for the police force. The radar salesman explained the workings of the unit and told councilmen that the cost would be \$1,895.00. No action was taken on the matter. It was requested that Police Chief LaFever look into getting some literature on other radar units for consideration at a future meeting.

Mayor Sescil reported to the council on a special meeting of the Council and the Rotan Housing Authority Board conducted last Monday night. At the meeting, according to Sescil, it was agreed to increase the charges to users of the Rotan Community Center. Effective May 1, all charges on dances and family reunions being conducted at the Community Center will

be increased to \$50.00 each.

the state's best and fastest mile relay team in Class A competition which includes some 250 or more schools.

"I think our closeness and team desire was the biggest reason for success. These young ladies worked hard to improve each day, not for individual glory but for team success. Their times at the state track meet was close to the same on each leg. Good balance with each one doing their fair share was a goal we worked at each day in practice. Depending on each other drew them closer as a team and, as I told them on the way home from Austin, that the most impressive things I witnessed at the state meet was them holding hands and praying just before their race. I knew that their goal was to work as a team while running their race and help each other as a team to win the mile, said Coach Barnes.

"I don't think we would have gone as far as we did if we hadn't been pushed and coached the way we were, but in the long run it all paid off", said Tammy Whitefield. Tina McCombs said, "We worked hard all season long and we finally reached our goal. We wanted to give everything we had for the other teammates and not let them down. The only way we could do that is by winning and we finally did".

"We would not have done it without having dedication and desire to win. We wouldn't have been satisfied with 2nd because we worked too hard to be the winner. We knew we could reach our goal before the season was over with", said Ginger Duke.

Blanche Gentry said, "I just did not want to get beat. Second place would not have been important at all, even at state. I wanted to be first and that is what we did". Ann Gentry, alternate on the mile relay team, said, "I knew they could do it and they proved they could. I was behind them all the way."

# CREATIVITY

Only man can create with his hands, making beautiful things from the substances that come from God's earth. Only man can truly reason. Only man can run the full gamut of feeling from joy and victory to despair and defeat.

We are complex creatures, because we can create and reason and feel. Sometimes it seems virtually impossible to bring our faculties into a sensible focus. Everything from unpaid bills to vital decisions affecting ourselves and our loved ones seems to be just a step ahead of us. We are eternally running to keep up, and often falling short.

No one ever said that we had to go it alone. The Church isn't a crutch but it is a sanctuary, a place where souls are healed. Have you been there lately?

Never operate a window or attic fan in an air conditioned area, a housing and home furnishings specialist recommends. It will force cool air outside, and waste energy.

Some kep tables contain high arsenic levels. Researchers report high levels of arsenic in the urine of people who took help tablets. Arsenic exposure of industrial workers is linked with cancer.

## Parker Won't Snip This Friday

# A.B. Taking Barber's Holiday - First Since Opening In 1936

For the first time in 41 years, A.B. Parker, 70 year old owner of the Ideal Barber Shop in Rotan, will close his shop for the day.

The special occasion is his oldest granddaughter's graduation ceremony at West Texas State University in Canyon. Brenda Hinson, 22-year old daughter of Mr. and Mrs. Garvis Hinson, will receive her Bachelor of Science Degree in Nursing from WTSU this Friday and Parker, the dean of Fisher County barbers, says "I plan to be there to see her get that degree".

He'll close his shop for the day Friday for the very first time since opening for business on July 5, 1938. "Oh, I've had a few days off over the years, but the shop has never been closed", he said. "Usually whenever I've taken off, it's been for a fishing trip and I've had someone working for me that would keep the shop open", said Parker.

For the past 5 years A.B. Parker has been operating the Ideal Barber Shop by himself.

He came to Rotan in March of 1926 when he was 18 years old and went to work as a barber for Allie Hardin. He stayed with Hardin until Christ-

mas Eve of that year, then went to work for E.T. Warren. He barbered for Warren until opening his own shop in 1938.

Parker married Oleta Mize, daughter of Mr. and Mrs. H.F. Mize of Rotan, on June 1, 1928. They

have one daughter, Alta B. Parker, who married Garvis Hinson.

Garvis and Alta Hinson have three children. Brenda, the oldest, who will get her degree this Friday at West Texas State University. She has accepted a

position at the coronary care unit of Methodist Hospital in Lubbock. Their son, Paul, age 20, is a sophomore at Angelo State University, and the youngest daughter, Linda, will get her diploma in a few weeks from Rotan High School. She plans to attend college in San Marcos in the fall.

When asked when he was going to retire and take life easy, Parker said, "I am not. Not as long as I am able to do my work—never", he flatly said. "I just enjoy being around people and I really love what I am doing", said the 70 year old barber.

When he started cutting hair in Rotan in 1926, haircuts were going for 50 cents—now they are \$3.00. "Business was pretty good in 1926, 27 and 1928", said Parker. When the depression in 1929, haircuts were dropped to

35 cents.

Back in 1926, men used to get their hair cut just as high as possible on the sides, with just a little hair on top. In the 50's and 60's there were a lot of flat tops and burrs, and of course now we're seeing a lot of long hair.

Parker has never missed a day of work because of sickness. "I've had a little cold and gone to work, but nothing more serious than that in the 53 years that I have been cutting hair", he said.

"When I first went to work as a barber in Rotan we used to work on Saturday from 7:00 a.m. until 10:00 p.m., that's 16 hours, and it wasn't uncommon to walk out of the shop at 2:00 in the morning", he said. They used to close the door to the shop at 11:00 p.m., but it would take 2 or 3 hours work out the customers already in the shop at

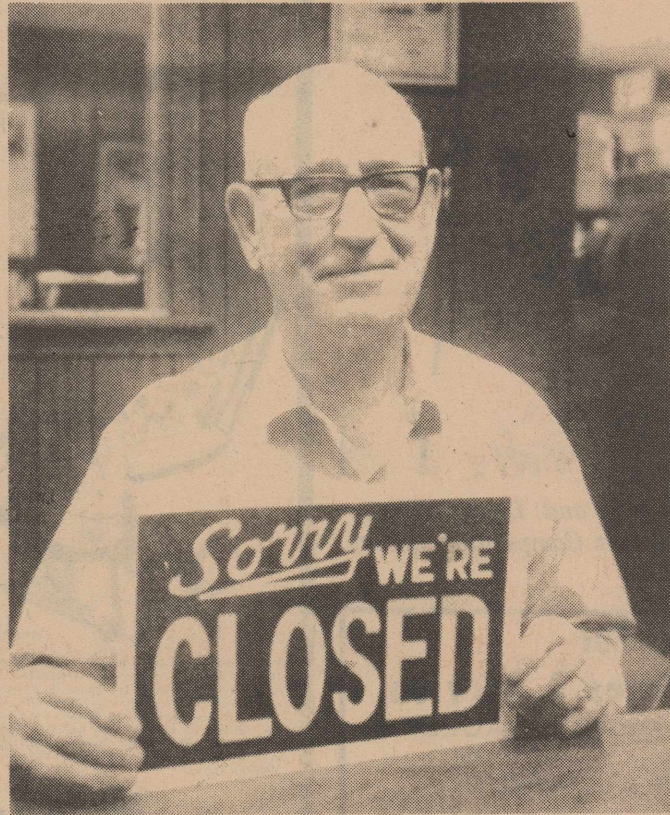

closing time.

"Back in the early days Saturday was by far the biggest haircut and shave day. Almost every man that came into the shop on Saturday wanted a haircut and shave." "Now", said Parker, "I guess my best shave customer is Louis Hayes, and I'll average shaving him about once a week. There are a few others that will get a shave once in a while, but not many."

This Friday is going to be a special day in the life of A.B. Parker. He'll be on the road to Canyon and there'll be a "Sorry-We're Closed" sign hanging in the window of his shop.

"I just know my customers are going to understand—after all, she's the oldest granddaughter and Oleta and I feel we need to be there to see her get her degree. She's worked hard in college working toward this de-

gree and we can certainly excitement and honor", take a day off to share her said Parker.

**TAKING DAY OFF:** A.B. Parker, owner of Ideal Barber Shop, will close his shop this Friday for the first time since opening in 1938.

### Card Of Thanks

#### THANK YOU ROTAN

I would like to take this opportunity to thank the fans and players here at Rotan for making this year what it has been in girls athletics. With the continued dedication from the girls and fans, this year has been a very rewarding one. I want each of you to know that I personally appreciate and certainly recognized how important you have been to our success in both basketball and track. I appreciate the faithfulness of each girl and the continuous support from the Rotan people throughout the year.

The 40 to 50 Rotan fans at the State track meet was certainly "icing on the cake" as an ending for this year's girls athletics. As their coach, I believe I can speak for each one of the members of the mile relay team and say the inspiration that was shown by you as a group at the State track meet sure helped our team to win as it has all thru the year. Thanks, Rotan.

## Hustlin' Round Hobbs

By Joy Walker

Well another good rain last Thursday, which filled up all our tanks and we are really wet out this way. I think we got a lot more rain than a lot of folks, but its really what we needed just before planting.

Congratulations to Mr. and Mrs. Ronnie Kincaid of Deere Park on the birth of a big baby boy, named Zachary. He was born the 1st of May, and both he and his mother, Gina, are doing fine. Congratulations also to the grand-parents, Mr. and Mrs. Windle Kincaid of Rotan, and to the great-grandparents, Mr. and Mrs. J.D. Kincaid.

Todd Etheredge spent the weekend visiting with Mr. and Mrs. Windell Barrett and family.

Mr. and Mrs. Dale Cave went to Abilene on Sunday to visit with Mr. and Mrs. Jerry Stephenson and girls.

Mr. and Mrs. Bruce Schofield and girls and Ami Lassingame, all from Farmington, New Mexico, are all here spending the next few days with Mr. and Mrs. J.C. Cave.

We were pleased to learn that Ivy Jones is now home from the hospital in Lubbock, and seems to really be doing well. We hope that he will continue to improve.

I am sorry this is so short this week, but had to go to Lubbock Tuesday to help Melody bring all that stuff home from college, and so I had to get this in Monday. If I missed you this week, I will be sure and call you next week.

Mr. and Mrs. Jimmy Walker visited with Mr. and Mrs. Blake Walker at Ennis Creek on Monday and ate supper with them. We also visited with Jim Ratliff one day last week, just for a short time, and he really seems to be doing well.

See you all next week.

## Leisure Lodge Report

Again we thank all our volunteers for all they do.

Fisher County Singing Group came last week and had a wonderful singing. All our residents really look forward to the first Tuesday of the month too.

This week we would like to feature as our resident Mary Etta Hale. Mrs. Hale has been in Leisure Lodge since Jan. 31, 1974. She was born Dec. 12, 1891. She has one son, W.E. Hale of Rotan, also five grandchildren and several great-grandchildren. Mrs. Hale lived on the farm until her husband passed away. Since, she has resided in Rotan. She sewed for the public until her health forced her to retire. We all love and appreciate Etta.

Our out of town company this week have been Mr. and Mrs. Doug Simmons and family of Abilene and Sally Etheredge of Roby visited the Tom Simmonses.

Visiting the Gaines Smiths was a nephew and niece Glenn Smith and Mary Ellen Neighbors both of San Angelo.

Mrs. F.O. Crawford of Odessa visited Bud Crawford.

Mr. and Mrs. Jack Stout of Abilene and Mrs. Francis Smith of Hamlin visited the R.T. Shippis.

Velma Cave and her great-grandson Ronnie of Jayton, Bess Palmer of Roby, and J.C. and Alice Cave visited Jimmie Brewer. Ronnie is Jimmie's grandson. Mr. and Mrs. Dalton Sharp of Roby visited Pearl Sharp this past week.

Mrs. Dorman Swindle of Abilene visited Lena Williams last Friday.

Vesta Merle Burns of Ft. Worth and Jack Barker of Roby visited Mary Lee Barker.

See you next week.

## Homemaker's Club To Meet On May 22

The Rotan Extension Homemaker's Club met in the home of Mrs. Obed Hughes May 3, at 10:30 a.m.

Mrs. Dollie Curry, club president, was in charge of the meeting. Mrs. Effie Murphree called the roll and read the minutes.

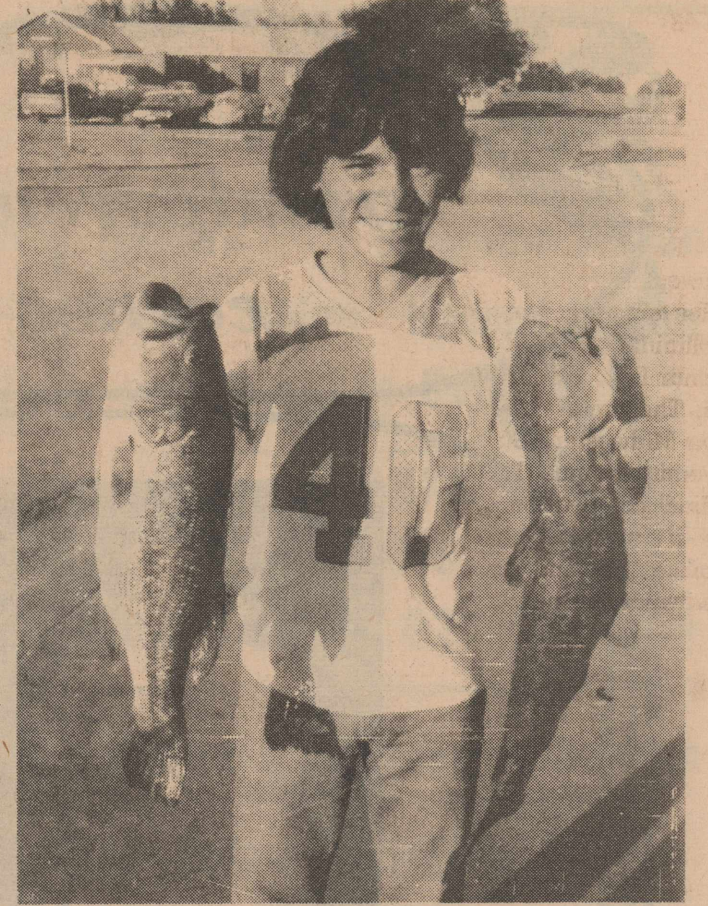

Alice Ballenger, Extension Agent, brought an interesting program on planning menus for one or two. Well balanced meals should be planned around the milk, meat, bread-cereal group and the vegetable-fruit group. Ways were shown to avoid left overs and recipes designed for one or two were given. The program also included clothing for the mature woman, showing colors, styles and accessories with appearance, comfort, care and cost in mind as the mature woman plans her wardrobe.

At noon a salad luncheon was served to thirteen

members and one visitor. Those enjoying the special meeting were Mrs. Hughes and her guest, Dollie Curry, Effie Murphree, Lois Sparks, Mary Posey, Louada Posey, Rommie Kersh, Oma Long, Bill Cleveland, Ardell Floyd, Laura Lee Hudnall, Mrs. Porter, Hazel Aldridge, and Alice Ballenger.

Next meeting will be a tour Tuesday, May 22.

Recipe for the day was Lois Sparks' Chess Cookie Squares: 1 stick oleo melted in a 9x13 inch pan. Mix one box of yellow cake mix (dry) with two eggs using a fork to mix until crumbly, spread on top of melted butter to cover bottom of pan. Then mix together one box powdered sugar, 8 oz. cream cheese and 2 eggs. Spread this on top of cake mix. Bake in 350 deg. oven, 35 to 40 minutes or until brown. They freeze well if you are lucky enough to have any left over.

**BIG CATCH:** Randy Martinez, son of Mr. and Mrs. Joe Martinez of Rotan, hooked a seven pound catfish, right, and a six pound bass, left, at a stock tank north of Rotan last Sunday afternoon.

It takes five seconds for the sound of thunder to travel one mile.
