Bank deposits in Haskell increased from \$458,633 to \$628,458 in nine months from March 1, 1933, to March 1, 1934. Before all banks in the county closed, until December 31, 1933, a calculation shows. During the length of time, loans decreased from \$302,796 to \$203,563.

Why did the banks in Haskell increase in deposits, while loans, and practically every bank in West Texas shows figures which showed that the financial condition of the various banks was much better compared with some of the banks in other sections of the state?

Officials in both the Farmers & Merchants State Bank and Haskell Bank express optimism regarding the condition of the financial condition of the county.

Theatre Has Repaired Lobby and Interior

Lobby and interior of theatre has recently been repaired, in a manner which has improved the appearance of the theatre. The lobby has also improved. The theatre has been fringed and a distinct color entered, with rich-toned carpets and rugs, which prevents undue disturbance by disturbing the listening to the show. Improvements will be made, according to the manager.

A. M. Turner Made Active Vice-President and Joe L. Cooper Cashier

At the annual meeting of the stockholders in the Farmers & Merchants State Bank of Haskell last week, officers were elected as follows: J. C. McKenney, president; J. T. Hester, vice president; A. M. Turner, active vice president; Joe L. Cooper, cashier.

The stockholders present were J. C. McKenney, T. C. Cahill, J. T. Hester, J. D. Montgomery, W. H. Atkinson, W. P. Crouch, W. M. Reid, and John Rike.

Those present approved the manner in which the bank is being handled under the direction of A. M. Turner, who came to the local bank last summer.

Mr. Turner, who was made active vice-president, started in the banking business over 19 years ago, and in that time has worked in every branch of the business. Part of the time he was associated with the state banking department and the national banking department.

Before moving to Haskell, he was connected with the Farmers & Merchants National Bank in Abilene, looking after their interests in the Sagerton and Jayton communities.

In accepting the responsibility of the local bank, he expressed himself as well pleased with Haskell and the people residing here.

He, with Mrs. Turner and their four children are residing in the M. O. Shook residence, north of the high school building.

Joe L. Cooper, new cashier, has been associated with the banking business for several years, in Haskell and Rochester. Both his former employers and his present employers speak highly of his work and integrity. Mr. Cooper was married in the early part of 1933 to Miss Fay Hamilton, of Rochester.

WEEKLY PAYROLL OF CWA MAY TOTAL \$6,000 THIS WEEK

Sanitation Work Throughout County Showing Active Progress

The sum of \$5,277.65 was paid to CWA workers in Haskell county last week, to about 470 men, according to the figures compiled in the office in this city. A still larger sum, which will probably reach \$6,000 will be paid out this coming Saturday.

Local CWA officials state that the work on the Rule road is proceeding at a satisfactory speed, with 45 men being employed. Two separate crews are being worked, three days each on grading and drainage.

According to C. A. Mayberry, local sanitation supervisor, more calls are being made for sanitary work than can be handled by the present crew, but in spite of this it is expected that still greater efforts will be made to place all outhouses in Haskell county on a more sanitary basis during the coming weeks.

Prize Money For Poultry Show Is Being Assembled

With applications for entry being received daily for the annual Haskell County Poultry and Pet Stock Show by H. K. Henry, indications point to the holding of a much greater show on February 1, 2 and 3 than was held last year. An Abilene poultry house has donated \$20 in prizes for the show, besides the many others which will be awarded.

Rules for entering the show are as follows: An entry fee of ten cents per bird will be charged on singles and twenty-five cents per pen composed of male and two females. Pen entries may also compete in singles.

Haskell Men Talk At Community Meet In Midway Tuesday

At a community meeting held Tuesday night in the Midway school house, C. A. Mayberry spoke on the sanitation work which is being done in this county and H. K. Henry explained the government's cotton reduction plan to those assembled.

The meeting was attended by a representative crowd, which paid close attention to both talks.

Some men have plenty of initiative, but their wives have the referendum.

6-Months-Old Daughter of Mr. and Mrs. Caldwell Buried At Rochester

Funeral services for Opal Inez Caldwell, 6 months old daughter of Mr. and Mrs. Claid Caldwell, who live near Rochester, were held Thursday morning at eleven o'clock in Rochester, with Elder A. F. Thurman officiating.

The baby succumbed January 17 in a Stamford hospital, as a result of the automobile crash which occurred Sunday between the Caldwell automobile and another driven by Jack Farmer, of Olney.

Survivors are the parents and one sister, Willie Elizabeth.

Pallbearers were Henry Dabney, Bill Williams, James Layton and Alton Blair, while Misses Lolita Mae Thompson, Beulah Faulkner, Jessie Thompson and Elva Caldwell served as flower girls.

J. H. Kinney of the Kinney Funeral Home, was in charge of the funeral arrangements.

1202 Cars Have Been Registered In This County

Whether more automobiles are being brought into the county or said vehicles have been stored among mothballs, deponeth sayeth not, but the fact remains that almost double the amount of automobiles have been registered in this county up to January 16 than for the same period last year, according to the records as kept by Ed F. Fouts, tax collector. A total of 1203 passenger cars are now registered in 1934 compared to 603 in 1932.

All cars and trucks that have been run during the month of January, according to the law, will have to be registered before February 1, or suffer a 20 percent penalty in addition to the annual fees.

In case you think the time limit may be extended, it will take an act of the Legislature to do so, and that illustrious body is not scheduled to assemble any time near the above date.

Miss Ola Belle Kennedy returned Friday from Wichita Falls, where she was the guest of Mr. and Mrs. Roy Watson.

PRESIDENT'S SWIFT MOVE TO SAFEGUARD GOODS OF AMERICA

Orders Tariff Commission To Make Immediate Investigation

MATCHES ARE "HIT"

Use of Goods Made In Japan And Other Countries Are Harming Nation

WASHINGTON. — Acting under section 4 (b) of the National Industrial Recovery Act, President Roosevelt has directed the United States Tariff Commission to make immediate investigation of complaints that matches and wool-felt hat bodies, hoods, forms and shapes for hats are being imported "on such terms and under such conditions as to endanger the effectiveness" of a code of fair competition for the American match industry, approved January 2, and a code proposed by American wool-felt hat body manufacturers.

Application of the match industry for investigation, which was approved by General Johnson, states that the ratio of imports of matches from Japan to domestic production rose from 10 percent in 1932 to 67 percent in the 3 months' period from August to October 1933.

THROCKMORTON MAN GIVEN YEAR AND A DAY BY JURY HERE

Charged With an Assault to Murder Upon Person of Sheriff McWhorter

Assessing a sentence of one year and one day, the jury in district court found Gene Buchanan, 33, of Throckmorton guilty Tuesday afternoon. A motion for a new trial is expected to be filed by Buchanan's attorney, Judge Thos. B. Riddell, of Breckenridge.

Buchanan was charged with assault to murder upon the person of Sheriff Zack McWhorter. He had previously been tried in the county where the offense was alleged to have been committed, but a hung jury resulted. The case was transferred here on a crange of venue.

The Throckmorton sheriff testified that on April 30, 1933, he noticed Buchanan on the streets of Throckmorton, and in a condition which led him to believe the defendant was intoxicated. He warned Buchanan that he would have to place him in jail unless he went home, to which the accused answered.

HUNG JURY IS RESULT IN TRIAL OF DOYE ARNOLD

Discharged After Remaining Out From Thursday Until Sunday Morning Here

After deliberating from Thursday afternoon until Sunday morning, the longest a jury ever stayed out in this county on a case, the jury sitting on the alleged murder of Zelma Arnold by her former husband Doye Arnold, in district court here before Judge Clyde Grissom, were unable to agree, upholding the tradition that the death penalty has never been assessed by a jury in Haskell county. The case will be continued over to the May term of court. Eleven jurors favored the death penalty, while one held out steadfastly for a life sentence.

The case was previously tried in Stephens county, where the crime was committed, and a death penalty was rendered, but was reversed. The defense attorneys, L. H. Welch and Floyd Jones, of Breckenridge, and F. M. Robertson, Haskell, plead insanity for Arnold. The accused gave no trouble while in the courtroom, although exhibited traits of an insane person while in jail.

Ben J. Dean, district attorney of Breckenridge, Leo Brewster of Fort Worth, and H. F. Grindstaff, district attorney, Haskell, formed the prosecution.

MOVIES

In "Dr. Bull"

WILL ROGERS NAMES IT "DR. BULL"; IT'S GREAT

"Name it and you can have it," said the Fox company to Will Rogers when they bought James Gould Cozzens' best seller novel, "The Last Adam." Rogers named it "Dr. Bull," and proceeded to make the genial doctor one of his best screen characterizations, truly as great and as human as his role in "State Fair."

But the picture, which will be shown at the Texas Sunday and Monday Jan. 21-22, is more than a star vehicle. Through the eyes of the doctor one sees the joys and sorrows of an entire New England community. Dr. Bull has time for everything—even for courting a widow. But first he has to solve the romantic problems of some of his younger clients, one of whom happens to be the daughter of the

town's capitalist. It's a great story, and John Ford has brought it to the screen with a fine feeling for the human drama latent in every life. In doing this he has the artistic co-operation of a splendid cast of supporting actors, including Vera Allen, Marian Nixon, Howard Lally, Berton Churchill, Louise Dresser, Andy Devine, Rochelle Hudson and Temple Pigott.

"HER SWEETHEART" PICTURE SPICED WITH TEARS AND LAUGHTER

Co-starred for the first time on the screen, Marie Dressler and Lionel Barrymore bring comedy, heart interest and gripping drama to their fans in an inimitable blend in "Her Sweetheart" playing at the Texas Theatre January 25 and 26. This is Metro-Goldwyn-Mayer's much discussed filmization of the stage success, "The Late Christopher Bean."

The two beloved figures who received Academy awards together provide vivid personalities in a vigorous story which is replete with laughs as well as dramatic interest. As Abby, the faithful old servant who finds herself suddenly in possession of a priceless painting and consequently becomes the center of intrigue and plotting, Miss Dressler gives another of her forceful and intensely human portrayals. Barrymore as the kindly old Dr. Haggitt who becomes obsessed at the thought of riches almost in his grasp, gives an equally brilliant performance.

"THE INVISIBLE MAN" COMING ATTRACTION AT TEXAS THEATRE

"Dracula" and "Frankenstein" were the world's "The Invisible Man" is coming! Showing at 11 p. m. Saturday

only at the Texas, the most startling, utterly amazing picture in years—the picture is causing a sensation wherever it is being shown—the master imaginative creation of H. G. Wells' great mind, which Universal has filmed to make a picture unparalleled in uncanny thrills—"The Invisible Man" will be a super-attraction to many.

The weird screen story of a scientist who meddled in things men must leave alone, the tremendous screen capture of an idea which has intrigued the minds of the world for centuries actually achieves realization in "The Invisible Man." It is nothing short of marvelous in its bizarre, supernatural suspense and excitement. The astounding story of a man whose strength was his weakness, who had lost the power to be normal and who gloried in it and a girl who loved a man she couldn't see.

Plan now to see this unusual, most absorbing of all screen dramas. As long as you live, you'll never forget "The Invisible Man."

A solo "My Talk" was beautifully rendered by Mrs. Southern.

A group of five young matrons presented, very effectively, a play entitled "For-get-me-not Maggie." Those taking part in this play were Mesdames Carter, Carrie Williams, Hollis Atkinson, Wallace Cox and John Rike.

Pledge cards were next passed and signed after which the pastor took charge and read the beautiful-ly sacred Sacramental Ritual of the Church. All then assembled at the chancel rail and received the sacra-ment.

On last Wednesday the Society served lunch, in the dining room of the church, to about 90. The occasion being that of the District Edu-cational Conference called by P. E. Slover.

On next Monday a program on "The World for Christ" has been arranged and will be presented by Mrs. Elizabeth Martin.

Our programs are fine and the at-tendance growing.

The Helen Bagby Circle.

The Central Circle met in the home of Mrs. R. J. Reynolds Monday eve in a "Royal Service" program with twelve ladies present.

Meeting opened by singing a hymn with Mrs. Reynolds at the piano, followed with prayer by Mrs. Taylor. After a short business session we had a very beautiful lesson on "The Beginning of the Missionary Enterprise" taught by Mrs. Gilstrap. Mrs. Taylor gave the Devotional reading several scriptures on "The Gospel of the Kingdom" and Mrs. Lamkin gave a beautiful prayer and Mrs. Whatley sang a lovely solo, after which all ladies present gave wonderful thoughts on the lesson and we all pledged ourselves to be more missionary during 1934. We were happy to have some of our former members back with us and so much interest manifested. We were dismissed with song and a prayer that the Gospel of the king-dom might have first place in our lives during the year 1934, led by Mrs. Norton. Next Monday is our visiting day and we urge all mem-bers to be present at the church at 3 o'clock in a short devotional and then go out and visit the sick and our new members.

The second Thursday in each month at 3:30 o'clock is the regular meeting day for the High School and North Ward Parent Teacher Association. The meeting is held in the High School auditorium. All members are urged to attend every meeting and friends of the associa-tion are cordially invited. A large attendance is a help and an inspira-tion to the association. The next meeting will be February 15. Bear this in mind and make every ef-fort to be there. This association is doing some constructive work for the good of the school and com-munity and all friends and patrons have an opportunity to share in this work. At every meeting a good program is rendered and it is the desire of the officers in charge not to run over time.

Beauty Hints

If you have a pale, sallow skin and want to do something about it, go over your entire face and neck with the rouge puff before you powder. Very lightly and carefull-ly, of course. It will give you a faint glow that is very becoming, especially if you're a blond.

Your eyes, well expressed, will create a colorful appearance, spark-ling with individuality. Good taste indicates that you should use eye make-up with discretion.

Keep eyebrows clear cut, remov-ing straggling eyebrow growth over the bridge of the nose between the eyes.

Use warm oil to promote growth and glossiness.

Apply an eye shadow very art-fully for evening wear. Any beauty operator will be glad to suggest the shade most becoming to you and the method of applying it. Proper-ly done it adds depth, size and lus-ter to the eye. Very flattering if you wear glasses.

If the lashes are pale, a good dye applied by a competent operator is very satisfactory. The cost is small and results are astounding. You can darken your lashes with mascara, but it is likely to mess up your make-up if you are given to crying at the movies.

If you have dark circles beneath your eyes, a tiny bit of rouge, deli-cately blended, will bring color to your skin.

Brushing both brows and lashes stimulate circulation and keeps in-dividual hairs in place.

Bathing eyes with boric acid solu-tion stimulates them to freshness, and relieves strain. Absorbent cot-ton dipped in astringent lotion ap-plied to lids when closed is very cooling and beneficial.

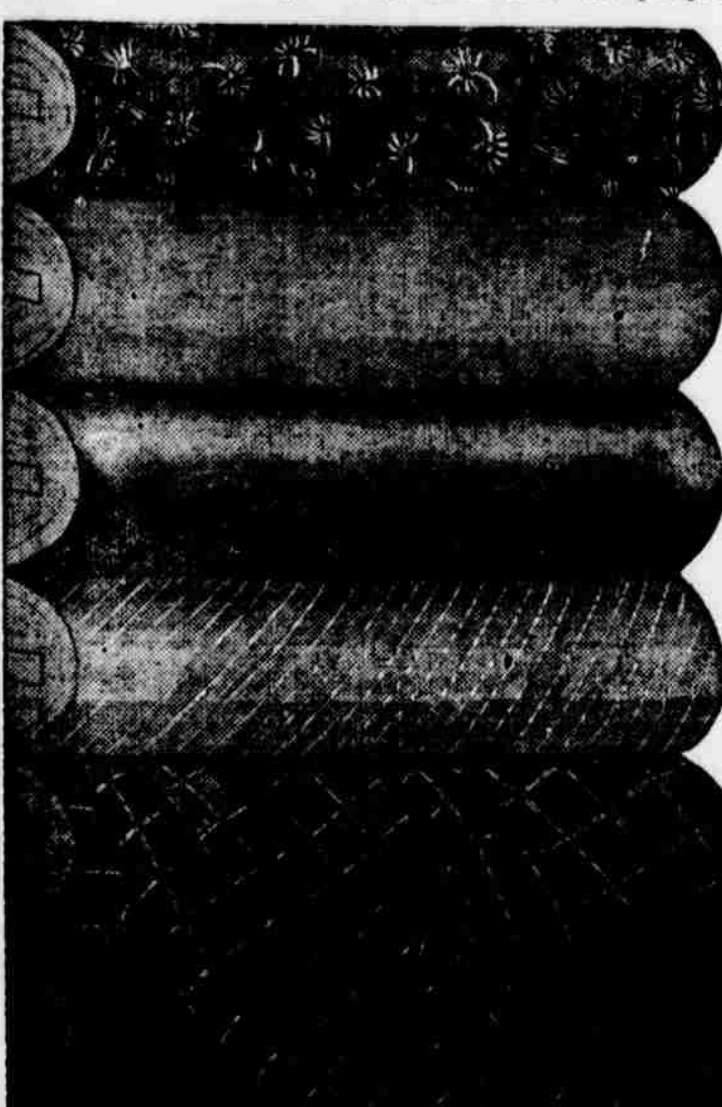

Those lovely lashes you have so often admired on your favorite movie star are probably false. There are some on the market that are fastened on a tiny flesh colored string that fits on your lid above your own lashes and cannot be de-tected. They are a bit theatrical, of course, but if you're the type, you can get away with wearing them.

Study your eyes before your mir-ror and experiment with make-up until you have obtained the desired results.

Recipes Given For Cookies Are Ever Welcomed

The holidays may come and go, but most cooks remain interested in this question of cookies. Home managers never seem to have too many recipes. When recipes are suggested there is always a cookie recipe in the group.

Chocolate Macaroons

Three eggs, six ounces sweet chocolate, half pound confectioner's sugar, half pound chopped almonds, half teaspoon vanilla. Beat three eggs thoroughly, put in double boiler and add six ounces sweet chocolate and half pound confectioner's sugar. Mix thoroughly until luke warm, take from stove and add the almonds and vanilla. Stir until cooled. Drop batter by teaspoonfuls on well-greased cookie sheets and bake very slowly (300 degrees Fahrenheit) for about fifteen minutes. Drop batter two inches apart. Let stand few minutes before removing macaroons very carefully from baking sheet.

Filled Cookies

One-fourth pound (half cup) butter, two egg yolks, half cup sugar, grated rind of lemon, half cup flour, chopped almonds, egg whites, jam. Cream butter, egg yolks and sugar; add lemon and flour, mix well, form balls size of a walnut and make impression in center. Fill impression with jam; dip top of ball in egg white (unbeaten) and then roll in chopped almonds. Bake in

a slow oven at 300 degrees Fahrenheit on well-greased cookie sheets for about fifteen minutes.

Ice Box Date Cookies

One cup butter, two cups brown sugar, two eggs, one cup nut meats, one cup dates, three and one-half cups flour, half teaspoon soda, one teaspoon salt. Cream butter and sugar and add well-beaten eggs. Mix well. Add nuts and dates which have been put through food chopper, and then the flour mixed and sifted with salt and soda. Shape in rolls, wrap in waxed paper and put in refrigerator for several hours. Slice thin and bake on a floured cookie sheet in a moderate oven (375 degrees Fahrenheit) about ten minutes.

The dough for these cookies may be shaped into rolls, wrapped in wax paper and stored almost indefinitely in the refrigerator. Whenever you desire a hot cookie, slice the dough with a sharp, hot knife, and bake. This recipe calls for dates and nuts. You may vary it by using other fruits which, however, must always be chopped very fine or run through a meat grinder, so that the rolls may be easily sliced. Sometimes the dough is packed into a small bread pan and sliced in oblongs.

HOT TAMALES PIE FINE ENTREE FOR COLD DAY

With the stinging January winds freeze your ears and nose and toes, you'll be glad to have hot tamales pie for dinner. The fact alone that pie is a Southern food, makes it cheery and glowing on a cold day. It's the kind of combination that takes hold of your spirits and makes them sparkle.

Here's the recipe:

One-half cup yellow cornmeal, one teaspoon salt, one and one-half cups and one-half cups water, one-half milk, one tablespoon shortening, one small onion, one cup ground raw beef, one cup tomatoes, one pimiento, three-fourths teaspoon salt Cayenne.

Measure meat into a heavy soup-pan. Add water and one-half teaspoon salt. Boil until mixture begins to thicken, then add milk and continue boiling constantly. Chop onion and cook slowly in shortening until yellow. Add the meat and cook until the red color disappears. Then add the tomatoes, pimiento, cayenne and three-fourths of a teaspoon salt. Turn filling into a baking dish that has been buttered and lined with three-fourths of the mush. Cover with remainder of mush and bake in a moderate oven (375 degrees Fahrenheit) forty-five minutes. Yield: six servings.

Now! Ease Sore Throat Instantly!

- 1 Crush and dissolve 3 Bayer Aspirin Tablets in half a glass of water.
- 2 GARGLE thoroughly—throw your head way back, allowing a little to trickle down your throat.
- 3 Repeat gargle and do not rinse mouth, allow gargle to remain on membranes of the throat for prolonged effect.

Remember: Only Medicine Helps Sore Throat

Modern medical science now throws an entirely new light on sore throat. A way that eases the pain, swells and irritation in as little as two or three minutes!

It requires medicine—like BAYER ASPIRIN—to do these things! That is why throat specialists throughout America are prescribing this BAYER gargle in place of old-time ways.

Be careful, however, that you get real BAYER Aspirin for the purpose. For they dissolve completely enough to gargle without irritating particles.

Roy Ratliff Announces for District Clerk

Roy Ratliff, who placed his announcement with us last week for District Clerk, makes the following statement regarding his candidacy:

"Two years ago I had many solicitations to run for Clerk of the District Court of Haskell County, but was unable to make the race at that time. However I have decided to make the race this year for District Clerk and am now a candidate for the nomination for that office at the July Primary Election.

"I shall have little to say except that I will learn all the duties of the office as quickly as I can if elected and be on the job day in and day out realizing that this office is a public office to be administered as such and not a private matter of the holder. Each and every person having business with the office shall have my personal attention without partiality or preference.

"I am a Democrat in the full meaning of the term and will support the nominees of the primary whether I am successful or not. I am thirty-one years old, married, and have two children. I expect to see most of the voters of Haskell county before the primary and will then as well as now earnestly solicit your vote.

Respectfully submitted,
ROY RATLIFF.

Science says Today Use a LIQUID Laxative

You want to GET RID of Constipation worries—

Hospital offers evidence of the done by harsh laxatives that the system, weaken the bowels, and in some cases even the liver and kidneys.

Doctor will tell you that the choice of laxatives is a cause of chronic constipation.

Fortunately, the public is fast coming to the use of laxatives in liquid form.

Properly prepared liquid laxatives bring a perfect movement. There is no discomfort at the time no weakness after. You don't have to take "a double dose" a day or later.

Buying any laxative, always read the label. Not the claims, but the contents. If it contains one of these powerful drugs, don't take it.

Caldwell's Syrup Pepsin is a medicinal preparation in which there are no mineral drugs. Its ingredients are on the label. By using it, you avoid danger of bowel strain. You can keep the bowels regular, and comfortable; you can make constipated spells as rare as colds.

The liquid test:

This test has proved to many men and women that their trouble was not "weak bowels," but strong cathartics:

1. First. Select a good liquid laxative.
2. Take the dose you find is suited to your system.
3. Gradually reduce the dose until bowels are moving regularly without any need of stimulation.

Syrup Pepsin has the highest standing among liquid laxatives, and is the one generally used. It contains no mineral drugs, a natural laxative which is perfectly safe for the youngest child. Your drugstore has Dr. Caldwell's Syrup Pepsin.

B. M. Gregory Is Candidate for Office of Sheriff

In our announcement column this week will be found the name of B. M. (Martin) Gregory as a candidate for Sheriff, subject to the action of the Democratic primary to be held in July.

Mr. Gregory is thoroughly familiar with the duties of the sheriff's office, having served for about 8 years as deputy under two former sheriffs. He has been a resident of Haskell county for the past 27 years and has spent most of this time on the farm. He is now residing in the Center Point community southwest of Haskell.

Mr. Gregory says that he has no formal announcement to make regarding his candidacy, but states that if elected he will not be under obligation to any one, and will show his appreciation by making the very best sheriff possible. He considers the office of sheriff as a business proposition and hopes that the voters of the county will consider his candidacy in that light.

Mr. Gregory expects to make a thorough canvass of the county between now and the primary in an effort to place his claim for the office before each voter personally, and ask that you give his candidacy your serious consideration.

T. M. (Tom) Mapes Asks Re-Election As Commissioner

A man's record in public office should be his best recommendation for re-election and I do not hesitate to place my record before the people of Precinct No. 2, and let them see just how I have handled the affairs of the county.

When I took over the affairs of the office on January 1st, 1933, the Precinct was overdrawn and had outstanding accounts amounting to One Thousand, eight hundred forty-six dollars and 82 cents (\$1,846.82). During the year the deficit in the Road and Bridge Fund has been paid off and I have operated the precinct affairs on a cash basis for the entire year, and had a balance in the treasury of \$47.35 on January 1, 1934.

On account of the financial condition of the precinct when I took over the affairs of the office, I have been unable to do but very little road work in the precinct and maintain the road and bridge fund on a cash basis. However, if there is collected only the same amount of money for the precinct as collected in 1933 we will be in a position to do more work this year than last, as we will not have the \$1,846.82 deficit to take care of out of the available funds.

In asking for re-election for second term, I do so believing that the record I have made as your Commissioner entitles me to your

Cooperation Cleans Out Prairie Dogs

This pile of 300 prairie dogs represents a 99% kill on 50 acres of the farm belonging to W. C. Schaefer, Childress county farmer. The dogs were poisoned in a county-wide campaign under the direction of the county agent and with the assistance of the U. S. Biological survey. Prairie dogs are very detrimental to farm crops, laying waste to large areas if allowed to multiply.

Harley Sadler's Tent Show To Be Here Week Jan. 29

Harley Sadler and his own company will be in Haskell for one big week starting Monday January 29, appearing in a brand new tent theatre, said to be the most beautiful ever built, with a special heating system, comfortable in all kinds of weather. All new vaudeville will be presented and it is said to be the greatest array of vaudeville talent ever presented with a tent show.

Among the featured vaudeville acts are Munde and June, jugglers supreme, the Whitehouse Twins, singers and dancers, Ralph Thomas, marimba player and dancer, Goldie and Wilson, Alpine Yodlers, Ewert and Barry, accordionists and dancers, The Fox Sisters, singers and dancers. Music is furnished by Joe Gloorb and his 12 piece radio-stage band. As a special added feature, Harley Sadler presents Roy E. Fox and His Popular Players. For years, Roy E. Fox's Popular Players was a household word in Texas, and was one of the first shows Harley Sadler ever worked on. Fox and his family have been out of the State for years, playing big time vaudeville, and his daughters have now grown into womanhood; longing to return to the scenes of their childhood, and to meet his old friends, Roy E. Fox made a connection with Harley Sadler as the extra attraction, and his Popular Players are now with Harley. The Fox sisters are said to be the last "word" in the way of a dancing team.

Prices, lot location, etc., will be announced in next week's edition of this paper. The show will play here under the auspices of the Fire Department.

Jossilet H. D. Club.
Members of the Jossilet H. D. Club entertained their families and a number of other friends Jan. 1st in the home of Mr. and Mrs. E. B. Callaway with a New Year's supper and a party. Supper served at eight o'clock consisted of meats, salads, cakes, pies, relishes and many other good things to eat.

As an after supper diversion games of "84" were played. Approximately seventy were present.

Meeting Held To Organize Library For The Schools

At a meeting held here Saturday, plans were made for the installation of a circulating library among the rural schools of the county, by Miss Minnie Ellis, county superintendent, and a committee of school teachers composed of Mrs. Hazel Weaver, Mrs. A. B. McClellon, Mrs. Opal Richey and H. E. Haynes. At least 30 of the 44 rural schools in the county will cooperate.

According to Miss Ellis, all schools receiving state aid are required to purchase at least \$10 worth of library books each year per teacher, which totals over \$500. The plan sponsored will enable the schools to draw from a large selection instead of being confined to only a few books and also permit children living in rural sections the same opportunity as those in cities.

Each teacher will be allowed to choose 20 books most desirable from their point of view and the committee will then check all lists to avoid duplications.

While the schools only have a few months of the present term remaining, the benefits from the use of the books will be great and a still larger library will be in force for the next term when the remainder of the county schools accept the plan. Miss Ellis also pointed out to the various school boards,

"Pretty Boy" Is Sued By Grocer For Past Debts

TULSA, Okla. (U.P.) — Lonnie Brown, grocer, has filed suit for \$58.02 against a debtor, but officers are wondering how he will collect the money if he gets a default judgment.

The debtor sued happens to be Charles (Pretty Boy) Floyd, who, in Brown's opinion, is a "dead beat" who won't pay his bills.

Constables F. O. Whitely and E. O. Crabaugh, who sought Floyd to serve him with a justice of peace court summons in the suit, returned reported the southwest's phantom bank bandit "couldn't be found."

According to Brown, Floyd created the debt while living with his wife Ruby, in Tulsa early last year. From February 22 to May 22 the account ran up to the sum sued for.

Suddenly the couple fled, as officers pumped machine gun bullets into the house they had rented.

Floyd didn't wait to pay the bill.

Little Pigs Give Snappy Food Ideas

Who's afraid of the big, bad wolf at the door when there are so many products of little pigs that we could keep the door closed indefinitely if we had a proper supply of them? For how could a housewife starve if she had sliced bacon, frankfurters, ham—deviled, loaf, sliced and whole—pigs' feet, sausage and other piggy products all waiting quietly in her larder to be cooked. Here are some recipes to prove this statement:

Vienna Rolls
Roll plain pastry thin, and cut it in squares large enough to accommodate one sausage each. Drain a can of Vienna sausages, place one on each square of pastry, roll up and pinch edges and ends together. Place in a hot oven—450 degrees—until well browned.

French Omelet With Creamed Ham Loaf
Melt two tablespoons butter, add two tablespoons flour and stir until smooth. Add one and one-third cups milk slowly, stirring constantly until smooth and creamy. Season with salt and pepper, and add two teaspoons lemon juice. Cut one-half pound of ham loaf in small dice, and add one-half cup diced celery and one-fourth cup sliced stuffed olives. Reheat and serve around a rolled French omelet made in the usual way. This recipe serves four.

spoons butter, two tablespoons of flour, one and one-half cups milk, salt, pepper and one-fourth teaspoon kitchen bouquet. Slice the contents of a nine-ounce can of Vienna sausage thin and add to the sauce. Reheat and serve on toast. This recipe serves six.

Asparagus on Toast with Deviled Egg Sauce
Make a white sauce of three tablespoons butter, three tablespoons flour and two cups of milk. Add the contents of a 2 3/4 ounce can of deviled ham, and stir until smooth. Season to taste with salt and paprika. Add three hard-cooked eggs, coarsely chopped. Heat in its own liquor the contents of one tall can of asparagus, then arrange on six slices of toast on individual serving plates. Pour over the sauce. This recipe serves six.

GUARANTEE OF BANK DEPOSITS

Under the National Banking Act of 1933, which became effective in part on January 1, 1934, bank deposits of \$2,500 or less are guaranteed.

To capitalize the Federal Deposit Guarantee Corporation large sums will be contributed by the Federal Government and the Federal Reserve.

Bankers have opposed the guarantee of deposits as they opposed the Federal Reserve System.

A fundamental need of banking and of the public welfare as involved in banking, has been an unshakable confidence in the safety of money on deposit.

We know now—many of us by sad experience—that the withdrawal of deposits means the calling of loans, foreclosure of mortgages, denial of credit.

WILL THE CRITICS EXPLAIN?

Critics of President Roosevelt's recovery plan declare that he is "struggling helplessly against economic laws."

If they honestly feel that the President has been and still is "struggling helplessly," perhaps they can tell the public how and why more than four million men are now working who didn't have jobs when the recovery program was launched.

Maybe they can enlighten the public as to how the commodity price level has been substantially advanced in the past eight months.

Perhaps they can explain why scores of great industrial corporations within the past six months have been operating without the use of red ink for the first time in years.

Perhaps they can tell the public why wage scales are higher and payrolls more expansive than they were last spring.

Maybe they can explain why purchasing power and retail sales have mounted in recent months.

Maybe they can tell the public why business in general is 25 per cent above the mark of eight months ago and was carried to 37 per cent in the mid-summer enthusiasm over the NRA.

In fact there are ever so many things about business improvement of recent months, actual in the statistics and visible to the ordinary eye that they ought to explain if they honestly believe President Roosevelt's recovery program is a sell-out of the American people.

THE PLIGHT OF THE AGED

While not a pleasant subject to dwell upon, an occasional look ahead to the condition which may surround old age would be advisable.

We may well be reminded that nearly 80 per cent of all old people are wholly or partially dependent upon others for support.

Who can not look about him and see acquaintances who were once the envy of their neighbors, but who through business reverses, accidents, illness or extravagance are now brought to feel the sting of poverty?

Usually such disasters might have been averted by a reasonable exercise of prudence and thrift. Keeping up with one's neighbors in a false display of prosperity is one fruitful source of old age poverty.

Much of the misery which usually accompanies old age might be avoided by looking ahead before it is too late.

Congress Should Not Tax Farm Products

The powers granted Congress of the United States to lay and collect taxes, cannot be denied, as the Constitution provides Congress shall have the power to lay and collect taxes to pay debts.

The rights of the States to protect their citizens are paramount to the rights of Congress, as they effect the general welfare of all the people within the states.

For the Government to buy the necessities of life from the farmers who produce them and give them away by the carloads in competition with the producers and merchants, will in a way check and block consumption of every commodity given away.

CITY ORDINANCE

An Ordinance to regulate and fix the place of giving performances for Carnivals, Theatres, Tent Shows, Medicine Shows, Vaudeville, Skating Rinks, Merry-Go-Rounds, Wrestling and Boxing Matches and the like and providing a penalty for a violation thereof.

Be It Ordained by the City Council of the City of Haskell, Texas:

1. That it shall be unlawful to erect any tent, building or platform within 600 feet of a private residence, school, church or hotel in said city to be used by a carnival, tent show, vaudeville, merry-go-round, skating rink, medicine show, or for wrestling and boxing matches or for other kinds of amusements.

2. It shall be unlawful for any person, firm or corporation or any employee of any person, firm or corporation to construct or erect or to assist in constructing and erecting any tent, building or platform within 600 feet of a private residence, school, church or hotel in said city to be used by a carnival, tent show, vaudeville, merry-go-round, skating rink, medicine show, or for wrestling or boxing matches or for any other kind of amusement.

3. It shall be unlawful for any person, firm or corporation or any employee or any person, firm or corporation to operate or assist in operating any show, carnival, vaudeville, merry-go-round, skating rink, medicine show, wrestling and boxing matches or other kinds of amusement within 600 feet of any private residence, school, church, or hotel in the City of Haskell, Texas.

4. That the above three sections of this ordinance shall not be of effect as to the Haskell Fair Grounds and that upon such grounds it shall be lawful to erect any tent, building, or platform to be used by a carnival, tent show, vaudeville, merry-go-round, skating rink, medicine show, or for wrestling and boxing matches and for other amusements, and to their operate or assist in operating any show, carnival, vaudeville, merry-go-round, skating rink, medicine show, wrestling and boxing matches and other amusements.

5. Any person, firm or corporation violating any provision of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be fined not less than twenty dollars and each day shall constitute a separate offense.

The fact that there are no regulations in the city governing such

amusements and the fact that such amusements have become nuisances to nearby residences, hotels, and churches and the fact that the public streets and sidewalks are blockaded and will be blockaded creates an emergency and imperative public necessity that the rule calling for ordinances to be read at three several meetings be suspended and that this ordinance take effect from and after its passage and it is so ordained.

Passed and approved, this the 4th day of January, 1934.

EMORY MENEPEE,
Mayor, City of Haskell, Texas.
Attest: R. H. Banks,
City Secretary.

COTTON MEETINGS NOW BEING HELD IN THIS COUNTY

Signing of Cotton Growers To Government Plan To Start Next Monday

For the purpose of acquainting the cotton growers of this county with the terms of the government's acreage reduction plan, a series of meetings are now being held throughout the county, according to R. H. Maxwell, county agent. At the same time, at the request of the government a special census will be taken in an effort to determine the exact amount of cotton being grown within the borders of Haskell county.

Maxwell states that a considerable amount of money was lost to this county last year, owing to the fact that figures setting forth the amount of cotton grown here were taken from those compiled by the various gins, whereas farmers residing adjacent to Jones and Knox counties hauled cotton there, which precluded a true estimate of the amount of cotton actually grown in this county.

Actual sign-up of the cotton growers in Haskell county will commence Monday, January 19.

Approximately 35 farmers out of the 100 listed in this county failed to exercise option, or loan, agreements by January 13, the closing date as announced by the government.

application of the hat makers, General Johnson pointed out that between 85 and 90 percent of imported wool-felt hat bodies come from Italy, with the balance divided between France, England, Czechoslovakia, and Austria. The ratio of imports to domestic production declined from 1929 to 1932, but rose in the first 10 months of 1933, during which domestic production was small in relation to preceding months.

Meanwhile, operating costs of both industries, under the President's Reemployment Agreement, have increased materially. The match industry pay rolls under their code are increased 20.9 percent over the 1931 pay roll total. The hat makers have increased wages approximately 20 percent under the blanket code.

ed that he was not drunk, and would not go home. However, a brother-in-law of Buchanan persuaded the young man to leave. Buchanan climbed in his own car, backed away from the curb and left town at a high rate of speed, but returned in a few moments. McWhorter again warned him, and this time Buchanan's sister drove him home, left him there and drove away with the car. For the third time Buchanan entered town, this time about. The sheriff testified that he informed Buchanan he would have to arrest him and place him in jail, but was defied, until three friends of the young man persuaded him to go with them to the jail. While McWhorter was opening the jail, Buchanan slipped away.

The offense for which Buchanan was tried occurred later at his home when McWhorter tried to arrest him for driving a car while intoxicated. Buchanan stepped out on the porch, with a 22 rifle "in a ready position" and warned the sheriff away. The young man's father grabbed for the gun, and in the scuffle, with McWhorter also trying to get the gun, the gun was discharged and the sheriff powder-burned in the side. Buchanan left for a friend's house and returned with a shot-gun.

Testimony also showed that

County Community House Innovation in West Texas

The co-operative effort of the people of Pecos county resulted in the financing of this rock county community house, pictured under construction at Fort Stockton, Texas. The house was planned with the help of the county agent and home demonstration agent, and when completed will be valued at \$20,000. It will provide an excellent place for the discussion of farming problems, dinners, games and county canning operations.

Buchanan departed next morning for California, where he remained for several weeks before returning to Throckmorton to stand trial. Jurors in the trial here were: J. R. Cypert, Elmer Wheatley, D. G. Griffith, R. D. Chambers, M. F. Lain, Jno. F. Cooper, C. F. Graham, Herman Neinat, Alvin Watkins, J. D. Montgomery, R. A. Crowell, J. W. Martin.

Haskell Bowling Alley Will Stage Tournaments Soon

With two teams now "ready for action," and others preparing personnel, everything is being made ready for the holding of bowling tournaments at the Haskell Bowling Alley in the coming weeks. The "M" System Grocery and Club Cafe are the teams ready, according to Ed Robertson, manager of the alley. The tournaments will not interfere with individual play, as only two alleys will be used.

Members of the "M" System team are Ely Thurman, Raul English, Henry Atkinson and Hollis Atkinson, while Cohn Henshaw, Riley Pittman, Willard Warren and Luther Cummings flip the balls for the Club Cafe.

Robertson states that he hopes to have teams representing the barbers, firemen, tailor shops and other business lined up for play in a few days. The standings and scores will be published in the Free Press weekly.

The women are especially invited to play individually, or in a tournament of their own, by the management. The strictest of order will be maintained and only those who conduct themselves as ladies and gentlemen will be allowed to play.

WARNING TO AUTO OWNERS MUST PAY FEE THIS MONTH

AUSTIN, Jan. 15.—Concerned because of the slowness of automobile owners to register for 1934 licenses, L. G. Phares, chief of the state highway patrol, has issued a warning that all motorists without new licenses would be subject to penalties and arrest after Feb. 1.

Inquiries made to various county tax collectors has revealed that automobile registrations are "nearly 50 percent off," said Chief Phares. It is likely that the public is under the mistaken impression that a longer period of grace for payment of the licenses is in effect, thought Phares. Last year the legislature extended the time for payment until April 1.

But this law applied only to 1933, said Phares. Registrations paid after Feb. 1 are to be assessed a 20 percent penalty. Moreover, drivers without new license plates after midnight of Feb. 1 are liable to arrest.

The chief said that the slowness in license payments was strongly evident in San Antonio, Houston and Dallas.

Along the Way

COLLEGE STATION.—The big idea behind the 1934-35 Government cotton plan is to wipe out the 11,600,000 bale carry-over without curtailing the cotton farmer's purchasing power and without shifting production from cotton to other farm commodities in an equally bad plight," explains G. E. Adams, special agent in cotton, Texas A and M College Extension Service.

"The carry-over is to be cut down to a 3 or 4-million bale normal by reducing American acreage 40 percent, and the cotton farmer is to be protected from decreased income while he does this by paying him the money collected from a 4-cent per pound processing tax on the domestically used cotton in the United States. The Government expects to collect about \$130,000,000 in cotton processing taxes, of which about 95 millions may be paid to cooperating farmers in the form of land rentals and the remainder in the form of 'parity' payments. It amounts to guaranteeing the farmer pre-war buying power for the 40 per cent of his cotton domestically consumed.

"If cotton farmers were to take these retired cotton acres for producing food for sale it would make trouble in other farming lines which are all temporarily over-produced. Furthermore, if cotton farmers were to increase their cultivated acres at a time when the nation has too many acres in cultivation, the national farm situation would be made worse.

"That is why," explains Mr. Adams, "that cotton farmers who sign cotton contracts must agree not to use rented acres in any way that may lead directly or indirectly to throwing more farm commodities on the cash market. They must also agree not to increase their to-

tal cultivated acres above 1932 or 1933, and further, they must agree not to increase their acreages of corn, wheat, rice or tobacco, nor their numbers of dairy cattle and hogs.

"Through the new cotton contract the Government undertakes to continue the restoration of the fortunes of cotton farmers, but in return asks that the farmer cooperate in the New Deal by refraining from unfair competition with already harassed corn and wheat and hog and rice and dairy farmers," he adds.

GALVESTON — Good hens, properly fed and managed, are still a good investment according to the records of J. W. Neshya, Arcadia poultry demonstrator who cooperates with County Agent J. C. Yeary to show other poultry farmers how it is done. His 300 single comb white leghorn hens laid an average of over ten eggs per hen in one month with a feed cost of 143 cents. The 300 hens paid their feed bill and then paid the Neshya \$42.90 for labor and overhead expenses. These hens are fed and managed according to instructions and advice from the Extension Service of A and M College received through the county agent.
