NUMBER 37

Owls Take First Win at Home; On The Road Next Two Weeks

Silverton's Owls didn't make it pretty, but they made it pretty decisive as they rolled over the Lefors Pirates 32-24 here last Friday night. The next two Friday nights will see the Owls on the road, with a game at Miami this week followed by a game at McLean.

Sophomore Michael Hill's four extra-point kicks made the difference for the

Owls as they opened their season last week. "This is the first time since I've been coach here that somebody has made all our PATs in a game," Clyde Parham said. "That is one of our 10 goals every week and it's the only one we accomplished this time. That was the big difference. We made all ours and they missed all theirs."

Silverton kicked off to open the game and the ball sailed out of the endzone for a touchback. The Pirates fumbled and recovered their own fumble on first down, and on fourth down Lance Holt blocked their punt, Hill stopped the Lefors player who picked up the ball and ran with it, and the Owls got the ball on the Lefors 26.

Holt picked up eight yards on first down and carried to the ten for a first down on the next play. On third down, needing four yards, Holt carried into the endzone with 6:52 remaining to be played in the first quarter. Hill kicked the PAT to give the Owls an 8-0 lead.

Lefors fumbled the Silverton after-touchdown kick, and then carried it to their own 22. Three plays later they carried a touchdown from 53 yards out, failed on their PAT attempt, and trailed the Owls 8-6.

Casey Frizzell took control of the short kick on the Silverton 31, after which Holt and Frizzell teamed up to move the ball a little. The Owls got a holding penalty back to near the original line of scrimmage, and on a completed pass from Frank Ramirez to Frizzell, the Pirates received a penalty for roughing the passer. This gave the Owls a first down on the Lefors 33, and on the next play the Owls lost the ball via the fumble route.

The Pirates ran through two first downs and scored late in the first period. Their PAT attempt failed, and they held a 12-8 lead over the Owls.

Once again the Owls were recipients of a short kick which Holt carried to midfield on two tries. Hill ran to the Pirate 28 for a first down with one second remaining in the first period. As the second quarter began, Holt carried to the 17 and Hill moved to the 11 for another first down. Holt went to the nine, Hill moved to the four, and Holt scored with 6:39 still remaining on the second-quarter clock. Hill kicked the PAT, and the Owls moved ahead again 16-12.

The Owls suffered a let-down on their kickoff, and allowed Lefors to go all the way for a touchdown. Again there was no PAT, and the Pirates moved into an 18-16 lead.

Holt and Hill combined talent to make a first down near midfield, but the Lefors defense tightened, and the Owls punted.

The Pirates came back with a fairly sloppy offense, throwing incomplete passes and fumbling and recovering their own fumble. The ball went over to the Owls on the Silverton seven with :49 remaining before halftime.

Ramirez carried the ball a couple of times before time expired in the period.

Disaster Program Signup to Begin

September 2, 1992, the President announced the release of the remaining \$755 million dollars appropriated under the Dire Emergency Supplemental Appropriations Act of 1992 as emergency funds for crop losses incurred in 1990, 1991 and 1992.

A total of \$100 million is for disaster benefits for program crops planted in 1991 for harvest in 1992 (wheat, oats, etc.) and is considered Phase II.

A total of \$655 million is earmarked for disaster benefits for 1990, 1991 and 1992 crop losses, and is considered Phase III.

Signup for Phase II began September 8, 1992, and continues through October 2, 1992, at the Briscoe County ASCS office.

Phase III signup will begin October 13, 1992 and end February 12, 1993, according to Earlyne Hutsell, Briscoe County ASCS.

Letters will be mailed to all producers with details of Phase II disaster assistance, outlining the disaster level on wheat and other small grains. This can be used to determine whether you qualify for assistance.

Work Night Planned At Concession Stand

There will be a work night at the concession stand at the rodeo arena-ballpark tonight (Thursday, September 10) at 7:00 p.m.

An effort will be made to finish at this time.

Blood Drive is September 15

Silverton's next blood drive will be Tuesday, September 15, from 10:00 a.m. until 2:00 p.m. at the City Hall.

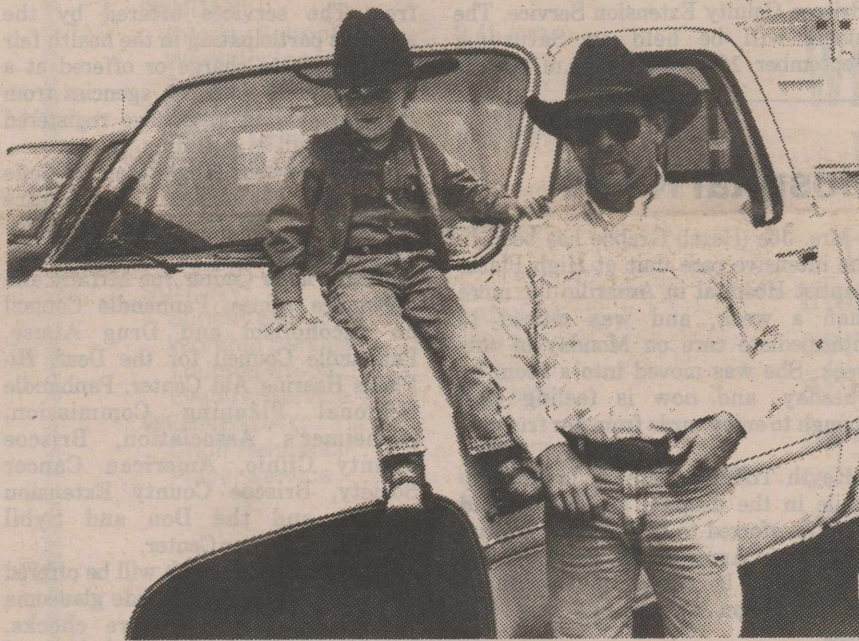

The bloodmobile from Coffee Memorial Blood Center in Amarillo will be here to collect the blood donations.

EXTENSION TOPICS FOR TODAY

by Ronda Alexander
 Briscoe County Extension Agent - Home Economics

A Healthier You

"A Healthier You" is the theme for the 1992 Health Fair, sponsored by the Briscoe County Extension Service. The event will be held on Saturday, September 19, from 1-5 p.m. at the

show barn in Silverton.

Admission to the Health Fair will be free. The services offered by the agencies participating in the health fair will be free of charge or offered at a reduced price. Fourteen agencies from the surrounding area have registered that they will be attending.

Those persons registered include Silverton Volunteer Ambulance Service, Life Gift West Texas, Lions Hi-Plains Eye Bank, Hospice of the Plains, Central Plains Center for MHMR and Substance Abuse, Panhandle Council on Alcoholism and Drug Abuse, Panhandle Council for the Deaf, Hi-Plains Hearing Aid Center, Panhandle Regional Planning Commission, Alzheimer's Association, Briscoe County Clinic, American Cancer Society, Briscoe County Extension Service and the Don and Sybil Harrington Cancer Center.

Special services which will be offered by involved agencies include glaucoma screening, blood pressure checks, hearing evaluation and cholesterol testing.

Make plans now to attend on Saturday, September 19, and learn how to become "A Healthier You." For more information, you may contact the Briscoe County Extension Office at 823-2131.

Hospital News

Mrs. Joe (Hazel) Grabbe has been in the intensive care unit at High Plains Baptist Hospital in Amarillo for more than a week, and was moved to intermediate care on Monday of this week. She was moved into a room on Tuesday, and now is feeling well enough to enjoy cards from her friends.

Keyth Tiffin suffered a broken hip while in the hospital at Canyon, and was transferred to High Plains Baptist Hospital in Amarillo for treatment. He expected to be moved to the Bivins Rehabilitation Center one day this week.

Mabel Tomlin recently underwent cataract surgery, and is recovering well at home. She probably will be having the surgery on her other eye before too long.

Lance Holt (11) was the "big man" for the Owls, rushing, recovering fumbles, receiving and scoring against the Lefors Pirates.

Briscoe County News Photo

Casey Frizzell (27) is shown gaining yardage for the Owls in their game against Lefors here last Friday night.

Briscoe County News Photo

Owls Take First Win at Home; On The Road Next Two Weeks

The Owls took the kickoff which opened the second half out to the Silverton 22, from where Holt carried a couple of times for five or six yards, and Ramirez passed complete to Frizzell for a first down on the Lefors 24. Looking much better on offense this series than they had in the first half, the Owls lost no time getting into the endzone. Ramirez carried the score with 7:26 remaining to be played in the third quarter, Hill kicked the PAT, and the Owls moved back out front 24-18.

Once again, Hill's kickoff went out of the endzone, and Lefors started with a touchback. There was a strong wind blowing which affected the kicking game. The defense played very well on this series, forcing a punt which carried to the Lefors 37.

Holt carried to the 30 and Hill moved the ball to the 25. Holt went for a first down on the 23, after which he carried down to the two-yard line. At this

point, the Owls lost the ball via the fumble. It took the Pirates only four plays to get the ball into the endzone, and with :59 remaining in the third quarter, the score was knotted at 24-24.

Lefors kicked off, and Lance Bradford downed the short ball at the 36. Holt carried to midfield, and as the fourth quarter began, picked up a first down. Frizzell carried the touchdown from 17 yards out, and once again Hill kicked the PAT to move the Owls into a 32-24 lead.

When Hill kicked off this time, the wind blew it out of bounds. Lefors declined the penalty and took possession at their own 29. Defense provided by Ramirez and Stan Gamble held the Pirates a couple of downs, but then they made a first down at the Silverton 30. On the next series, defense by Frizzell, Ramirez and Bradford held, and the ball went over to the Owls on downs.

Holt ran for a first down at the 36, after which a pass from Ramirez to Frizzell picked up 12, and the Owls got another first down on another completion to Frizzell. The next series ended abruptly when the Owls lost the ball via the fumble again.

This time the defense held, and the Owls got the ball back with 1:42 remaining to be played in the game. The offense was unable to pick up a first down, so the Pirates took over on their own 27 and it was up to the Owl defense to win the game. The Pirates passed complete for 12 yards and the Owls received an illegal procedure call which gave the Pirates a first down on the Silverton 36. After a couple of incomplete passes, the ball went back to the Owls on downs, leaving Silverton to kill the seven seconds remaining on the clock.

Owls Phil Patino and Lance Smith didn't see action in the game, Patino

due to illness and Smith due to having had surgery on his hand.

"It wasn't pretty but it was a win and that makes the crowd happy, the kids happy and me happy. I guess that's all that matters," Coach Parham said, adding that halftime "lectures by all three of the coaches did a little bit of good" in the second half.

Holt carried the ball 25 times for a gain of 145 yards, while Hill picked up 48 yards on 11 tries. Ramirez ran six times for 33 yards and Frizzell carried the ball twice for a gain of 17 yards.

Holt received a pass for a gain of 40 yards, and Frizzell caught three for a 28-yard gain.

Silverton travels to Miami, a 52-6 loser to Follett last Friday. Kickoff time is 7:30 p.m., and it is hoped that a large crowd of fans will travel with the Owls to cheer them on to victory number two!

Quest For Gold!

Michael Hill (20) was pictured rushing for the Owls, and as valuable as he was doing this, he was perfect in the extra-point kicking department in the game. The Owls made four touchdowns and the Lefors Pirates made four touchdowns. Hill gave the Owls their winning edge by converting all of the extra points for the Owls while the Pirates missed all their extra-point opportunities.

Class of 1942 graduates who attended Friday, August 14, class activities were (seated) Evelyn Coffee Brannon of Dumas, Charlene Garrison Bruce of Lubbock, Faye Davis Rampley of Silverton, LaVerne Young Pitts of Lubbock, Wyona Lee Thompson of Lubbock, Freda Wimberly Seefeldt of San Angelo; (center) Neta Carter Head of Aurora, Colorado, Carl Bomar of Silverton, Clyde Myers of Amarillo, J. W. Brannon, jr. of Dumas, Jack Strange of Silverton; (back row) Edgar (Bunk) Mills of Amarillo, George Long of Silverton, J. D. Nance of Silverton, Bob Olive of Petersburg, Kenneth Autry of El Dorado, Kansas.

50-Year Class Reunion Is Time To Remember

Plans were begun months ago by former classmates to make the 1992 SHS Homecoming a very special one for them to celebrate their 50th graduation anniversary.

The Silverton High School Graduates of 1942 met at the historic Turkey Hotel on Friday, August 14, 1992, to celebrate this memorable occasion. Ex-students and spouses began checking in about noon and the afternoon was spent visiting on the front porch or in the dining room, where a fresh fruit and vegetable buffet was served with soft drinks and iced tea.

Upon arrival, Freda presented each classmate with a name tag with their graduation picture on it and a "50-YEAR GRADUATE" ribbon attached. They were also given a looseleaf notebook containing personal resumes submitted by the 1942 graduates telling what they had been doing since graduation, copies of their Baccalaureate Service and Commencement Exercises programs, Class History, special pages from their yearbook, and interesting clippings from the 1941 and '42 newspapers. Everyone shared their own collections of yearbooks, memory books, picture albums, vintage jewelry and clothing.

Barbecued beef and chicken were featured at the evening meal which was followed by group singing and entertainment by Freda at the piano and Harold on the bass tuba. Several members of the group enjoyed an evening stroll down to the hotel's Petting Zoo to visit with "Gobbler" the surrey horse, "Miss Molly" and "Tinker Bell" the Alpine goats, "Thunder" and "Lightning" the Potbelly pigs, and an assortment of ducks, geese and chickens.

Neta Bob Carter Head from Aurora, Colorado, and Kenneth Autry from El Dorado, Kansas came the farthest distance to attend the reunion. Neta had spent Thursday night with her brother in Canyon and when she started to leave on Saturday, he asked her when she would be back. She replied, "Don't turn the porch light off. I may not like these people!"

This was the first time many had seen one another since they climbed down off the back of the grain truck that James Patton, sr. had used to take them on their Senior Trip to Medicine Park, Oklahoma in May of 1942. The reminiscing and tall-tale telling lasted well into the wee early morning hours before the last three "girls" finally gave up and went to bed. Wyona, Freda and Faye each were afraid to leave the other two alone! So, finally, after everyone else was sound asleep, they quietly crept up to their own respective rooms.

Harold was up at the crack of dawn waking everyone (who hadn't figured out that they had an alarm clock in their rooms) so they wouldn't be late for the 7:00 a.m. breakfast. The aroma of scrambled eggs, sausage, hotcakes, juice and coffee soon brought everyone together again in the hotel dining room. O. C. asked Neta if she had decided whether she liked "these people" and she said with a big smile—"I do now!"

The group then came to Silverton to register, visit with friends from other classes, and enjoy brunch in the school cafeteria before attending the Homecoming program in the auditorium at 12:00 noon. Here they were joined by classmates who had been unable to come to the Friday activities. They were pleased to receive the School Bell Attendance Award. This is a new

Minyard-Smith Vows Exchanged in Ceremony

Susan Annette Minyard and Martin Kenneth Smith exchanged wedding vows in a double-ring ceremony on August 22 at the Wedding Chapel in Amarillo. The Rev. Rick D. Mathis of West Amarillo Christian Church performed the ceremony.

The bride is the daughter of Mary Dee Minyard of Silverton. The groom is the son of Peggy Smith of Umatilla, Florida.

Escorted and given in marriage by her brother, the bride wore a candlelight satin wedding gown with a fitted bodice overlaid with a lace jacket accented with a peplum. The short sleeves and bodice were accented with insets of hand-beaded lace. The skirt featured a hi-low hemline with the back sweeping into a short chapel train. The sleeves, peplum and hem of the dress were edged with scalloped, beaded and sequined lace.

The waist-length tiered veil of illusion was attached to a wreath of candlelight roses and silk flowers with sprays of pearls. She carried a bridal bouquet of white and candle light roses and ribbons.

For something old, the bride wore an opal and diamond ring that belonged to her paternal grandmother. Something new was her bridal ensemble. She borrowed her mother's pearl necklace and wore a traditional blue garter.

Matron of honor was Ann Morgan of Amarillo, a college friend. She wore a full-length teal satin dress with a sweetheart neckline, a lace bodice and

Mr. and Mrs. Martin Kenneth Smith

lace insets in the sleeves. She carried a bouquet of peach and teal silk flowers and ribbons.

Best man was Mike Harris of Amarillo, a friend of the groom.

Guests were seated by John Minyard, brother of the bride.

Musical selections included "I'll Be Here," Moldeau, and Handel's "Water Music."

Vows were exchanged before an arch entwined with lemon leaves, bows and peach and teal flowers and ribbons. The arch was flanked by wedding baskets of flowers and tiered candelabra. Following the exchange of wedding vows, the couple lighted their unity candle which was centered beneath the archway.

RECEPTION

A reception was held immediately following the ceremony. Guests were registered by Carol Ikne of Pampa. The wedding cake and punch were served by Paula Kinney of Canyon and Jennifer Dickey of Amarillo.

After a wedding trip to points in New Mexico, the couple will make their home in Amarillo.

The bride is a graduate of Silverton High School and West Texas State University. She is employed by the Amarillo State Center.

The groom is a graduate of Howey Academy, Howey of the Hills, Florida and Christian Brothers University, Memphis, Tennessee. He is employed by the U. S. Bureau of Mines - Helium Field Operations, Amarillo, Texas.

Happy Birthday to . . .

September 10—Heath May, Benjamin Castillo, Susie Autry, Jessie Bomar, Regina Reed, Carol Martin

September 11—Kelli Harrison, Windy Wood, Norma Birdwell, Kurby Garvin, Pat Edwards Rice, Joann Whitten

September 12—Sharon Bell, Tracy Baird, Alpha Francis, Tammy Brannon,

Bridal Shower Honors Lori Johnston Bean

The home of Norma Vaughan was the scene of a recent morning coffee and bridal shower honoring Lori Johnston Bean, bride of Kyle Bean.

Guests were greeted by Mrs. Vaughan and presented to the honoree; her mother, Mrs. G. B. Johnston of Lockney, and the groom's mother, Bobbye Bean, and his grandmother, Susie Autry.

Coffee, tea, finger foods and fruit were served by Twila Baldwin from a table draped with hunter-green and graced by a purple grapevine spiral, a gift to the couple from the hostesses.

A set of Faberware cooking utensils, the floral arrangement on the registration table and the grapevine spiral were the hostesses' gifts to the Beans.

Hostesses were Norma Vaughan, Berniece Wood, Wilma Gill, Janelle Reeves, LaRue Garvin, Shirley Reynolds, Mary Jane Patton, Lois Walker, Rosemary Perkins, Glenda Couch, Pat McJimsey, Jessie Bomar, Dean Burson, Virginia Hardin, Sharon Simpson, Pat Fitzgerald, Vaughnell Brannon, Shirley Durham, Mary Ann Rauch and Twila Baldwin.

Out-of-town guests were aunts of the groom, Mrs. Dub Mercer of Lockney, Mrs. Kenneth Bean of Lubbock, Mrs. Donald Bean of Lubbock, Mrs. Philip Smitherman of Floydada and great-aunt, Mrs. Helen Karr from Lockney. Other out-of-town guests included Mrs. Sterling Cummings of South Plains and Mrs. Tim Mercer of Canyon.

Pam Landis Wins Monthly Award

Caprock Jamboree's "Band of the Month" award on Saturday night, September 5, was won by Pam Landis of Happy Swisher Electric Cooperative was the sponsor of the "Band of the Month" award for September, awarding the winner a \$50.00 cash prize.

The talented young fiddle player electrified the crowd with her selections, breakdowns, waltzes and some Bob Wills numbers.

Every first Saturday night at the Briscoe County Show Barn in Silverton a show is planned. It is booked solid through December and January 1993 is being booked at the present time. If you know of someone who would like to be on the Jamboree show, contact Maebelle Francis at 847-2619.

Several different businesses sponsor the "Band of the Month" awards with a \$50.00 prize. If you or any business or individual are interested in donating a \$50.00 prize for the "Band of the Month," you are invited to call 847-2619.

will hold a public hearing on the proposed

Budget for 1992-1993

September 14, 1992

1:00 p.m.

Briscoe County Courtroom

Letter to the Editor

Last week's editorial concerning the postal service prompted me to write this letter.

I was so excited about the success of the recent 1942 SHS Class reunion that I could hardly wait to get my film in the mail and send it for processing. Then I waited anxiously to receive the pictures.

After a few days had passed, I received a very FLAT mailer from the film processing company. It contained NO pictures, only my check and order blank back with a polite letter of apology stating that my film cartridge had accidentally been torn out of its mailer before the order reached their plant.

They advised me to go to the post office and obtain a form to report the loss. Our local postmaster, Larry Ward, was very cooperative, but not too encouraging as he told me it would have been handled by at least four different mail distribution centers.

I took the form home, grieved over the loss of my precious pictures, and failed to fill it out immediately and return it to the post office.

Guess what! Two days later I received

a small package from the "Found Loose Section" Main Post Office, St. Louis, Missouri!

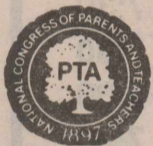

Some diligent postal service employee had taken the time to look INSIDE the small plastic canister containing my film and found the return address

mailing label that I had taped to the film cartridge. I have done this for years "just in case a plant employee forgot who the film belonged to." I now apply two labels—one to the film and one to the canister. I again mailed the film and received the pictures back in

record time.

People are always quick to complain, but how often do we take the time to commend the postal service for a job well done—which, in my opinion, is MOST of the time!

Faye Fampley

PTA Update

PTA is urging everyone to attend the AIDS program Monday night at 7:00 in the school cafeteria. This should be a priority for any parent.

Registration forms for PTA membership have been sent home with all students K-5. Please return these by September 25, so your children will be credited for most parent-grandparent enrollment for their class. A prize will be given to the class with the largest percentage.

The school open house is scheduled for Tuesday, September 29 at 7:00. Please mark this date on your calendar.

Football Concession Stand Work List

Football field concession stand workers need to be there to work at 7:00 p.m. on game night. They need to plan to stay to clean up after the game. If you can't work at the time you have been assigned, please contact Frances Gamble promptly and she will try to find your replacement. Please try to work at the time you have been assigned.

HIGH SCHOOL 7:30 GAMES

September 25—Cindy and Larry Comer, Nancy and Ken Wood, Sheila and David Reagan

October 9—Bena and Rick Hester, Debra and Mickey Smith, Tom Justice and Lane Garvin

October 23—Tina and Wayne Nance, Deb and Tom Burson, Rhenda and Jimmy Burson

October 30—Dorcas and Garner Garrison, Dorothy and Dana Martin, Sheryl and Max Weaver

JUNIOR HIGH 5:00 GAMES

September 17—Bill and Janinne Brooks, Danny and Donna Francis

October 1—Jay and Patsy Towe, Dwain and Shirley Henderson

October 15—Raye and Gerald Smith, Paula Bomar and Lynn Frizzell

November 5—Diana Hill, Kathy Kingery, Betty Hall, Marsha Brunson

THE WARMTH OF THE EARTH

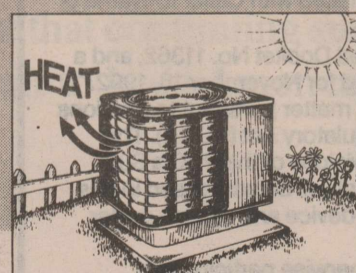

The heat pump captures it to heat and cool your home naturally.

The Dual Fuel Heat Pump uses existing heat to keep your home comfortable...naturally. Because it doesn't have to create heat, it's very efficient. For each unit of energy it uses, the Dual Fuel Heat Pump creates two or three units of heat.

Dual Fuel Heat Pump owners say it costs them less to operate than other systems. And, because it's electric, the Dual Fuel Heat Pump is cleaner.

There is heat in the air on the coldest days. The heat pump captures it to warm your home.

In summer, it becomes a high efficiency air conditioner. During hot weather, the heat pump captures the heat inside the home and takes it outside.

Contact your heat pump dealer or Southwestern Public Service Company for more information.

Future Physicians Educate Students on The Reality of AIDS

A group of Amarillo medical students is attempting to save lives before their formal education is complete by teaching rural high school students and their parents the reality of AIDS.

Thirteen third- and fourth-year medical students from Texas Tech University Health Sciences Center-Amarillo are promoting techniques to eliminate and lessen the chance of contracting HIV: abstinence and low-risk sexual behavior.

Since January, they have spoken to more than 2,000 students throughout the Panhandle and in Oklahoma, sharing their personal experiences treating AIDS patients.

The slides they bring are troubling.

Even the class clown dons a sober face as he sees the effects of AIDS-related diseases on a 22-year-old Lubbock man on a morgue slab. No student could correctly guess the man's age. The closest estimate was 65.

Monday, September 14, Darren Arnecke will be coming to Silverton to present a program at 7:00 p.m. in the school cafeteria for students and their parents. This is being sponsored by the Silverton PTA and Margie Pinkerton, school nurse.

"Whenever we go into a community, we always do a program for parents," Arnecke said. "I know every town is different in its standards, so we want to tailor what we're going to say to that community's needs." He said the pre-lectures give parents a chance to educate themselves.

"The kids keep telling us that we're talking to the wrong people" and should be speaking to the parents, said

Arnecke. "Frankly, I'm shocked at how much the kids already know."

He said the lessons they teach the students must be complimented by encouragement and reinforced in the home if they are to be successful in changing behavior.

"We think young people in rural areas are more susceptible to the danger of HIV because they perceive themselves as less at risk than their urban counterparts," he said. "Being close to their age allows them to relate to us. We also have some credibility from being from the medical profession."

Arnecke said although the parents want AIDS education for their children, they are frustrated that their children have to deal with such a problem.

"The anxiety level has become such that we're overworked trying to get around to all the schools that request us," Arnecke said. "Everyone wants to know."

Region 16 recently has adopted the students' program as the official AIDS/HIV curriculum for the entire rural Panhandle and provides traveling expenses for the group.

The lecture for parents Monday night will be followed the next Monday, which is September 21, by classroom education.

"Within 10 years, we'll all know someone who has HIV," Arnecke said. "Sadly, young people will be forced to mature over this issue as it begins to affect them in greater numbers."

He said the medical students give the greatest weight to abstinence because it is the only way to eliminate risk. Next, they stress safer sex such as a monogamous relationships and proper condom use.

Weather Cooler, Drier Than Normal During Month of September

Weather across the Texas South Plains during the month of August 1992 turned out to be cooler and drier than normal.

Temperatures averaged 3.3 degrees below normal and ranged from 1.0 degree below normal at the Muleshoe Wildlife Refuge to 5.7 degrees below normal at Matador.

Silverton's average temperature was 73.2 degrees, a little more than a degree below the South Plains average.

Maximum temperatures averaged 4.4 degrees below normal and ranged from 1.7 degrees below normal at the Muleshoe Wildlife Refuge to 7.2 degrees below normal at Matador. The highest temperature reported during the month was 101 at Paducah on the 11th.

Silverton's maximum temperatures averaged 85.0 degrees, which was 1.7 degrees below the South Plains average. Silverton's highest temperature of the month was 96 degrees on the 11th.

Minimum temperatures averaged 2.1 degrees below normal and ranged from 0.3 degree below normal at the Muleshoe Wildlife Refuge to 4.6 degrees below normal at Spur. The lowest report of the month was 47 at Friona on the 27th.

Locally, the minimum temperatures averaged 61.4 degrees, almost a degree below the South Plains average. The lowest temperature recorded in Silverton during the month was 55 degrees, which occurred on the 20th, 28th and 29th days of the month.

Precipitation, although being frequent and sometimes heavy, actually averaged 0.35 inch below normal. The range was from 1.98 inches above normal at Dimmitt to 2.22 inches below normal at Silverton. The 0.45 of an inch that fell here was 1.67 inches below the South Plains average.

Public Notice

Southwestern Bell Telephone Company, in accordance with the rules of the Public Utility Commission of Texas (PUC), hereby gives notice of the Company's intent to implement a new schedule of telephone rates in Texas for optional Custom Calling Services and Touch-tone service, effective March 15, 1993, unless otherwise determined by the PUC.

These proposed rates will not increase or decrease the Company's overall revenues; the net effect will be neutral to the Company's annual revenues.

The Company proposes to decrease the rates for Touch-tone service for residential customers from \$1.00 to 68 cents, and also to reduce the Touch-tone rates for business customers from \$1.75 to \$1.70. In addition, the Touch-tone rates for business PBX trunks will be reduced from \$3.15 to \$2.18.

This proposal to decrease the rates for Touch-tone service does not change the commitment that the Company made in the Docket No. 8585 Stipulation to reduce the rates for Touch-tone service in 1993.

The Custom Calling Services affected by the Company's application are optional telephone service arrangements that provide the following features: Call Waiting, Call Forwarding, Three Way Calling, Speed Calling-8 and Speed Calling-30. Following are the feature combinations and their current and proposed rates.

One Feature per line	Residence		Business	
	Current Rate	Proposed Rate	Current Rate	Proposed Rate
Call Waiting	\$2.10	\$2.85	\$2.65	\$3.25
Call Forwarding	2.10	2.10	2.65	3.50
3-Way Calling	2.10	2.10	2.65	2.50
Speed Call-8	2.10	2.10	2.65	2.50
Two Features per line				
Call Waiting, Call Forwarding	3.75	4.25	4.75	6.00
Call Waiting, 3-Way Calling	3.70	4.25	4.75	4.75
Call Waiting, Speed Calling-8	3.70	4.25	4.75	4.75
Call Forwarding, 3-Way Calling	3.70	3.50	4.80	5.00
Call Forwarding, Speed Calling-8	3.70	3.50	4.75	5.00
3-Way Calling, Speed Calling-8	3.70	3.50	4.75	4.00
Three Features per line				
Call Waiting, Call Forwarding and 3-Way Calling	5.30	5.65	6.90	7.50
Call Waiting, Call Forwarding and Speed Calling-8	5.30	5.65	6.90	7.50
Call Waiting, 3-Way Calling and Speed Calling-8	5.30	5.65	6.90	6.25
Call Forwarding, 3-Way Calling and Speed Calling-8	5.30	4.90	6.90	6.50
Four Features per line				
Call Waiting, Call Forwarding, 3-Way Calling, Speed Calling-8	6.90	7.05	9.00	9.00
Speed Calling - 30 code capacity	3.20	3.20	4.25	3.20

Most of the Company's residence and business customers who subscribe to Custom Calling Features and Touch-tone service will be affected by the proposed rate restructuring.

It is expected that the restructuring of Custom Calling Features will result in a rate increase for approximately 2.9 million residence customers and 280,000 business customers. The reduction in rates for certain Custom Calling Services and Touch-tone Service will affect approximately 4.3 million residence customers and 1.7 million business customers.

This rate restructuring is expected to have a "revenue-neutral" effect on the Company's annual revenues. The proposed rate restructuring of Custom Calling Services will increase the Company's annual revenues by \$19.8 million; while the reduction in Touch-tone rates will decrease the Company's annual revenues by \$19.8 million.

This proceeding has been designated Docket No. 11382. Persons who wish to intervene or otherwise participate in this proceeding should notify the PUC as soon as possible. The deadline to intervene is October 30, 1992. A request to intervene, participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the PUC Public Information Office at (512) 458-0256 or (512) 458-0221, teletypewriter for the deaf.

Southwestern Bell Telephone

Freda Seefeldt at the piano and her husband, Harold, on the tuba entertained members of the graduating class of 1942 of Silverton High School at their gathering at Hotel Turkey on Friday, August 14.

50-Year Class Reunion Is Time To Remember

Continued From Page Five

traveling award that was begun in 1990 when it was awarded to the Class of

1940, who also was celebrating its 50th graduation anniversary.

Previous planning and preparation by classmates helped to bring all of the weekend activities together. George and LaVerne Long, assisted by O. C. Rampley, had the hay on the wagon and ready to be decorated on Thursday afternoon. Freda and Harold Seefeldt, J. W. and Evelyn Brannon, and Faye Rampley brought pictures, balloons,

streamers, ribbons, supplies and other paraphernalia for the float. Jack Strange furnished the candy and "supervised" while visiting over his own backyard fence as the group worked frantically in the back alley to finish before dark. George's reconditioned 1942 truck and trailer were stored in his barn until Saturday when he, Clyde, Jack, J. W., Evelyn, Freda and Harold filled the balloons with helium gas and tied them into place for the parade.

Classmates and spouses proudly sat upon bales of new hay and threw handfuls of candy to the children who lined the parade route and waited with outstretched hands.

Members of the SHS Class of 1942 express their sincere appreciation to the Homecoming Committee: Guinn and Patsy Fitzgerald, Spud and Betty Tiffin, Gale and Gay McPherson, for all of the planning and hard work they did in making the 1992 SHS Homecoming such a successful and heartwarming reunion for all of the many students and former students who attended.

Quest For Gold!

Public Notice

Southwestern Bell Telephone Company has asked the Public Utility Commission of Texas (PUC) for approval to offer new optional call management services called Caller Identification Service (Caller ID) and Anonymous Call Rejection (ACR).

Caller ID is a new optional phone service which allows subscribers to see the phone number and/or name of most local calls before they answer the phone. Caller ID also allows the recording of the date, time, name and/or phone number of calls. Currently, Caller ID would work only on most local calls, not long distance calls. It would also require that a separate display unit be connected to the telephone. These units that attach to the telephone will be available from various retail vendors, including Southwestern Bell, at a cost starting at approximately \$50.

Southwestern Bell is also proposing that all customers be able to "block," or stop their name/number from being transmitted and displayed on a Caller ID device, free of charge. You would have this option of "blocking" your name/number on each call free of charge. There would be no need to subscribe to this service. All customers would have this capability when Caller ID is introduced in their area.

If you want to block your name or number, you need only press *67 on your touch-tone pad (or dial 1167 from a rotary phone) before dialing the telephone number. The person you're calling would see displayed a message such as "private" or "anonymous" on their Caller ID display unit.

Southwestern Bell also proposes that qualified domestic violence and law enforcement groups have the option of free per-line blocking, or free per-call blocking.

Anonymous Call Rejection (ACR or "block the blocker") allows subscribers to automatically reject all calls that have been marked anonymous, or "blocked" by the person calling. It is not necessary to subscribe to Caller ID Name/Number to subscribe to ACR. With ACR, your telephone will not ring if the person calling you has "blocked" his/her name or number. The person calling whose identification is blocked will receive a message to hang up and call back with caller identification unblocked. Following are the proposed monthly rates for Caller ID and ACR.

Proposed Rates (monthly)*

	Residence	Business
Calling Number only	\$6.50	\$ 8.50
Calling Name only	\$6.50	\$ 8.50
Calling Name & Number	\$8.00	\$12.00
Anonymous Call Rejection	\$3/\$1**	\$3/\$1**

* These rates are in addition to the initial installation charges and monthly basic service rate. For residence customers, installation charges are \$2.70 per feature, with a maximum charge of \$5.40. For business customers, the charges are \$5.40 per feature, with a maximum charge of \$10.75.

** Anonymous Call Rejection is \$3 per month if purchased without Caller ID and is \$1 per month when purchased with Caller ID Name or Number.

This proceeding has been designated Docket No. 11362, and a hearing on the merits has been scheduled for November 16, 1992. The PUC has jurisdiction to consider this matter pursuant to Sections 16, 18, 37 and 38 of the Public Utility Regulatory Act (PURA). This application was filed pursuant to the provisions of the PUC's Substantive Rule 23.24. Among the issues that will be addressed in this proceeding is the legality of the Caller ID device and service under Texas wiretap laws.

Persons who wish to intervene or otherwise participate in these proceedings should notify the PUC as soon as possible. The deadline to intervene is October 26, 1992. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the PUC Public Information Office at (512) 458-0256 or (512) 458-0221 teletypewriter for the deaf.

WE DECIDE WHEN IT'S TIME TO BECOME 'SENIOR CITIZENS'

The term "senior citizen" becomes increasingly elastic. There are those who consider themselves in that category as early as in the 50s, while others wait a lot longer. A newspaper editor, at the age of 80, still covers news events and writes an interesting weekly column. An 84-year-old artist still turns out beautiful paintings. There is no arbitrary "cut-off date" for doing something creative with your life, as long as you are physically able and wish to stay young, as opposed to becoming a "couch potato." More over, the children and grandchildren of these late life go-getters should respect and encourage their endeavors. The Bible, as well as our House of Worship, would do this, and the love and attention we give our elders will make them feel not so "elder" after all.
