## Cast Your Ballot Next Tuesday, November 3

Tuesday, November 3, is General Election Day across the United States. Your vote is very important, because office holders will be elected to serve everywhere from the White House to the Courthouse.

Unlike previous years, there are three

serious contenders for the Presidency of the United States, and political observers will be anxious to learn how this will affect the outcome of the election.

In Briscoe County, voters will cast their ballots at the City Hall in

Silverton, Precinct 1; Quitaque Community Center, Precinct 2; Pioneer Room at First State Bank in Silverton, Precinct 3; Towe Office Building in Silverton, Precinct 4; Lake Mackenzie Office, Precinct 5; Quitaque City Hall, Precinct 6. Polls will be open from 7:00 a.m. until 7:00 p.m.

A sample ballot is provided in this issue of the newspaper. You will note that you can vote a straight ticket by marking the box beside the name of the party for which you want to vote and no other box on the ballot.

Early voting, formerly known as absentee voting, will be conducted in the office of Briscoe County and District Clerk Bess McWilliams at the Courthouse through Friday, October 30. You no longer need an excuse to vote early.

Exercise one of your most important rights of citizenship next Tuesday by voting in the General Election.

### Win Owls!

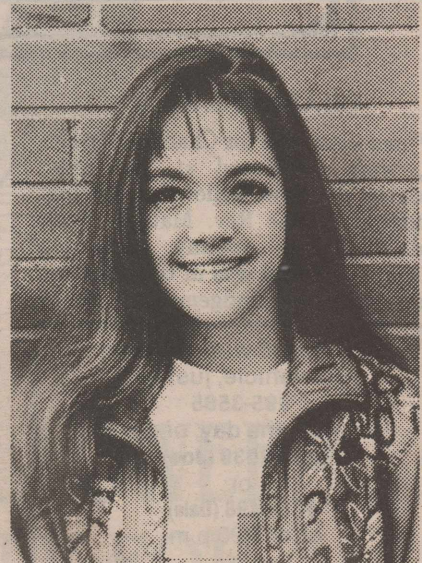

## Friday's Game is Critical For Owls

Friday night's game with the Lazbuddie Longhorns is very critical for the Silverton Owls. The Owls must win this game if they are to repeat as the district champions.

The good news is that the game is being played here, with kickoff at 7:30 p.m. at Payne Field. The bad news is that the Longhorns have a very good

team this year.

Mayor Wayne Nance has designated Friday as "Beat Lazbuddie Day" in the City of Silverton, and is asking that all residents join in wearing red and white that day in support of the Owls. All residents are urged to attend the game to cheer the Owls on to a victory in this vitally-important game.

Dedra Johnston placed third in the District Cross Country Meet in Wheeler recently, and will advance to the Regional Meet in Lubbock on Saturday, November 7.

The cotton was ginned free and the gin paid \$110 per ton for the seed. Pictured with the bale are Derrel, Shawn and Ory Johnson.

## Required Crop Insurance Has Oct. 31 Deadline

The Federal Crop Insurance Corporation (FCIC) is reminding farmers of the October 31 sales closing date for insurance on seven major crops. "This deadline is especially important to many growers," stated FCIC Manager James E. Cason, "because they must purchase insurance for 1993 on the same crops for which they will be seeking 1992 disaster assistance payments." The seven crops included under the October 31 sales closing date are wheat, barley, oats, rye, nursery crops, potatoes and sugarcane.

The 1990 Farm Bill established mandatory linkage between crop insurance and disaster assistance. The law requires that, with some exceptions, farmers must purchase crop insurance on their 1993 crops as a condition for receiving disaster payments on the same crop for losses suffered in 1992.

"As the primary federal program to provide reliable and predictable assistance to farmers to manage the risk of crop failure, federal crop insurance provides an essential element of economic protection and stability for both farmers and taxpayers," Cason said. "This program assures that crop losses do not cause economic catastrophe for the farmer or the

federal budget," he continued.

In order to help farmers comply with the law, FCIC granted an extension on the original sales closing date, allowing producers until October 31 to purchase insurance. Farmers cannot avoid the crop insurance requirement by delaying disaster sign-up and are required to obtain a 30 percent or higher market price election to qualify for disaster assistance.

FCIC is a wholly-owned government corporation established in 1938 as an agency within the U. S. Department of Agriculture. It currently offers insurance coverage on 51 crops in over 3,000 counties across the United States, serving the national interest by improving the economic stability of agriculture through a sound system of crop insurance. FCIC currently offers insurance on crops that comprise 75 percent of agricultural production. According to Cason, the agency plans to expand coverage over the next five years to include 95 percent of agricultural production.

Producers who need additional information concerning crop insurance requirements under the 1992 disaster relief legislation should contact their nearest FCIC field office or their insurance agent.

## 4-H News

by Michael Reagan, reporter

The Silverton 4-H Club met Tuesday, October 13, at the showbarn. It was decided during our business meeting that we have a booth at the Halloween Carnival. Katy Hester and Cecilia Castillo presented a fun program about decorating cakes. We each decorated a Halloween cupcake before enjoying them with punch for refreshments.

After the meeting, Ronda Alexander instructed us on menu preparation, nutrient information, and the requirements for the Food Show to be held October 27.

Our next meeting will be Tuesday, November 10, at the showbarn. I'd like to invite everyone interested in 4-H to join us.

# Owls Come From Behind, Take 55-25 Victory Over Eagles

Three Way's Eagles took an early 6-0 lead here Friday night, but the Owls came storming back and won easily, 55-25, to set up this week's showdown with third-ranked Lazbuddie. The Longhorns are good this year, make no mistake. Silverton's Owls have their work cut out for them, and they will have to go about this game the same way they did the game at McLean earlier in the season if they are to win another district championship.

The game will begin at 7:30 p.m. on Payne Field in Silverton, and the Owls will need every fan on hand to make a lot of noise for them. Pep rally is at 3:00 p.m. in the gym. Be there!

Silverton kicked off to open their game with Three Way here last week, and defense by Frank Ramirez, jr. and Zane Henderson forced a fourth-down punt which went out of bounds on the Silverton 12. Runs by Lance Holt netted a first down on the 30, and Michael Hill carried to the 39. Lance Holt grabbed a pass from Ramirez to advance to the Eagle 39, after which the Owls lost the ball via the old fumble route, and Three Way took over on the Silverton 35.

After making a first down on the seven, the Eagles scored with 6:21 remaining to be played in the opening stanza. The Owls blocked the PAT kick, and Ramirez picked it up and ran fifty yards, failing to get it into the endzone. This gave the Eagles an early 6-0 lead over the Owls.

The ensuing kickoff was taken by Ramirez to the Silverton 29, from where the Owls scored on a pass from Ramirez to Lance Holt on their first play. The PAT kick failed, and with 6:01 still showing on the clock, the Owls had knotted the score at 6-6.

Starting on their 32 following the kickoff, the Eagles ran for a first down in spite of defense by Henderson and Matt Francis. The Eagles moved for another first down, but Three Way's ballcarrier was illegal and the procedure call moved the ball back to the Silverton 31. On fourth down the ball went over to the Owls at the 39, due to defense by Stan Gamble.

Lance Holt picked up eight yards on first down, and Hill ran 32 yards up the middle to score on the next play. There was no PAT, and with 2:20 still to be

played in the quarter, the Owls moved ahead to stay, 12-6.

Taking the next kickoff at their 34, Three Way was held to no gain by Casey Frizzell, and saw the ball go over on downs at the Silverton 18 with :47 still on the first-quarter clock. Lance Holt ran for a first down on the Three Way 30, and Ramirez completed a pass to Lance Holt for a short gain. Hill scored on a 28-yard run on the first play of the second quarter, kicked the PAT, and moved the Owls into a 20-6 lead with 9:52 still to be played in the period.

Hill kicked off deep and the Eagles took possession on their 27. Defense by Frizzell again made the going tough for the Eagles, and on second down, Frizzell intercepted an Eagle aerial and went into the endzone for a touchdown. There was no PAT, and with 8:22 still to be played in the first half, the Owls moved into a 26-6 lead.

When the Owls kicked off again, Lance Holt held the return at the Three Way 26, and on first down the Eagles lost the ball via the fumble with Frizzell recovering for the Owls on the 25. Lance Holt carried for four and Braden

Towe rushed the ball before Ramirez hit Frizzell with a pass that was good for another touchdown. There was no PAT, and with 6:56 left in the second period, the Owls led 32-6.

The Owls kicked off again, and Three Way brought it out to their 31, then scored on their first play, going 50 yards into the endzone with 6:36 remaining to be played. There was no PAT, and this narrowed the score to 32-12.

The Eagles kicked off and Lance Holt carried out to the Silverton 27. Wil Bomar rushed for a couple of yards and Ramirez passed complete to Frizzell for a first down on the Eagle 36. On fourth down, needing 21 yards, Ramirez hit Francis with a touchdown pass. Hill kicked the PAT, and with 3:47 remaining in the half, the Owls moved into a 40-12 lead.

When the Owls kicked off again, the Eagles ran a couple of plays before losing the ball via the fumble on the Silverton 32. This time the Owls rushed Jeremiah Brooks and Towe, but were unable to pick up a first down.

Three Way kicked off to open the second half of play, and the Owls sent

Lance Holt on an eight-yard scamper followed by a run by Hill that moved the ball for a first down at the Three Way 33. Bomar carried to the 24, and Lance Holt made a first down on the 17. Hill ran for four yards after which Towe scored with 6:52 remaining in the third quarter. (Lazbuddie is going to have a tough time covering all the Owls who are capable of scoring!) Hill kicked the PAT to make the score 48-12.

Hill boomed the ensuing kickoff down the field, and the Eagles returned it to their 18, where they were the victims of Mike Hall and Ramirez. Frizzell's defense threw them for a loss on first down, and the Eagles weren't able to generate an offense because of the swarming, team-tackling Owls.

Back on offense again, runs by Brooks and Towe weren't able to pick up first-down yardage, and the Eagles got the ball back. Getting bad snaps on several plays in this series caused the Eagles to lose yardage, and the ball went back to the Owls at midfield. This time the Owls picked up a first down on a rush by Lance Smith, back in action again after undergoing surgery on his wrist earlier in the season. As the fourth quarter opened, Brooks carried a touchdown with 9:50 remaining to be played in the game. Wil Bomar carried into the endzone for the one-point PAT, and the Owls led 55-12.

When the Owls kicked off again, Smith made a clothesline tackle on the Eagle returnman at the Three Way 24. The Eagles ran for a first down on the Silverton 21, with defense by Hill, and on third down they fumbled and Zeb Holt recovered for the Owls on the 14.

Offense by the Owls didn't pick up a first down in spite of a pass completion by Towe to Smith, and Hill punted to the Three Way 22. Defensive efforts in the game now were being handled by Smith, Towe, Hill, Lance Bradford, Hill, Brooks, Henderson—not at the same time, of course—but after allowing a first down on the ten, gave up a touchdown. The PAT pass was complete, and the score moved to 55-19. The next possession for the Owls was cut short by a fumble with 2:52 remaining in the game, and Three Way came back with another touchdown run with :51 remaining in the game. There was no PAT, and the final 55-25 score was made.

"They're going to be tough," said Coach Clyde Parham of the Lazbuddie Longhorns after the game. "Right now probably our biggest advantage is we get to play them at home. We're going to have to play way above our heads."

Coach Parham, who takes his

## Silverton Firemen Defeat Quitaque in Fundraiser

Silverton's firemen defeated the Quitaque firemen in a game of six-man flag football played at Valley High School Monday night, and are in possession of the traveling trophy. The game was played as a fundraiser for both fire departments, with the gate

being divided and the concession stand proceeds going to the Quitaque department.

A rematch game will be played on Payne Field in Silverton at 4:00 p.m. Saturday, November 6. Gate proceeds will be divided between the departments, and the Silverton Fire Department voted to permit the Silverton Booster Club operate the concession stand.

Since the Silverton Volunteer Fire Department has quite a few older members, it was allowed to recruit some players to assist them in the game. Playing for Silverton were Tom Justice, Sloan Grabbe, Barry Francis, Brian West, Mark and Eric Patton, Brad Ziegler, Denny Hill, Brad Enloe and Wayne Reed.

Tom Justice and the other Silverton firemen would like to know if Jerry Beck does windows.

## Pretty Backyard Wedding Unites Amarillo Couple in Marriage

Warren and Jodi Reid were united in marriage on September 26, 1992, in a beautiful garden wedding at the home of the bridegroom's parents, Mr. and Mrs. Jim Reid, in Amarillo.

Pauline Jarnagin and Mr. and Mrs. J. W. Reid, all of Silverton, are grandparents of the groom. The bride is the daughter of Mr. and Mrs. Bill Martin of Gruver, and is the

granddaughter of Mr. and Mrs. Bernie Green and Mr. Lee Martin, all of Gruver.

## Commercial Trade Show to be a Highlight of Country Christmas

A Commercial Trade Show will be one of the highlights of Quitaque's Caprock Country Christmas this year. The annual event is scheduled for Saturday, December 5, 1992. Exhibit booths will be set up in the Community Center, displaying information on the many services, talents and products offered by area entrepreneurs.

Caprock Country Christmas is Quitaque's winter festival and it always draws a great number of people. Merchants offer open house and special sales and drawings. A big Arts and Crafts Show will be going on. Entertainment and exhibits of various types will be happening all over the city. The festivities will wind up in time for participants to finish the day with supper and excitement at the Caprock Jamboree at the Briscoe County Showbarn.

The Quitaque Chamber of Commerce especially encourages area business people who do not operate out of a shop in town to join Main Street merchants in greeting the public and showcasing their enterprise. A growing number of people are offering services to the traveling public and local residents from their homes or mobile operation. The Chamber feels the Trade Show will offer an excellent opportunity for enterprises to make themselves known to more people.

The sale of merchandise will not be permitted at the Community Center. This is not the purpose of the Commercial Trade Show; however, orders may be taken and appointments

made. Organizers say the field is wide open for imaginative ways exhibitors may show off their services, talents and products.

Anyone interested in securing a booth for the Commercial Trade Show should contact Steve Ulrey at 455-1179.

## 'Reflections' Gives Opportunity For Expressing Talents

"Reflections", a program sponsored by the Silverton PTA, was developed to provide an opportunity for students to use their creative talents by expressing themselves through their own original works. Other purposes include giving recognition to creative students as a means of encouraging them in the field of fine arts and provides a creative release that enables a student to develop a higher self-esteem.

Theme chosen for the 1992-1993 school year is "Imagine That".

Students from kindergarten through senior high interpret this year's theme in visual arts by drawing, painting, collage or print-making; in literature by writing poetry, prose or drama; in photography with prints in black or white and in music, scores of original composition with or without words.

All projects are judged on creative ability and interpretation of the theme.

All entries will be due November 30, 1992. For answers to any questions you may have about this program, please contact Beverly Minyard, 823-2108, or Sherry Mattheus, 847-2235.

Dear Friends:

I firmly believe that public office is a sacred trust...a contract between the office holder and the people that requires the elected official to honestly and effectively represent the people's interest.

In 1988, the people of District 30 placed their trust in me and I have honored that trust by working hard to represent our district to the best of my ability.

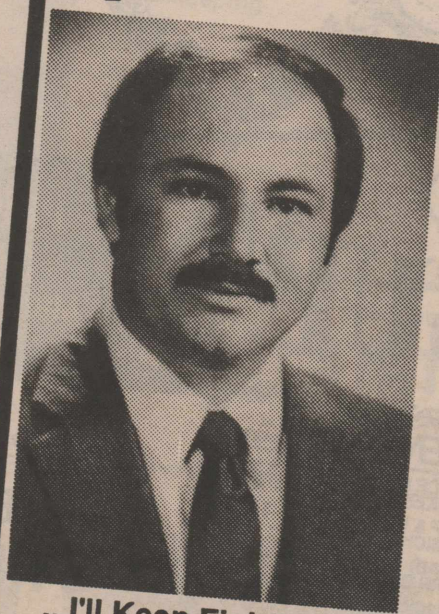

In just four short years we have accomplished a lot by working together. Together, we have improved access to health care. Together, we have brought new prisons to the 30th District and have become leaders in the fight against crime. Together, we've helped create jobs and economic opportunities and worked to improve the quality of life for our senior citizens and our children. Together, we have made a good start toward a better tomorrow. But the job is not finished. We must continue to make our best case in Austin on the issues most vital to us.

As state senator, I'll continue to listen to the needs and concerns of our district and I'll keep on fighting to claim our fair share.

I want to keep working as your Senator. I ask for your vote, your support, and your prayers in this effort. Together, we can build a brighter future for all Texans.

Sincerely,

*Steven A. Carriker*

### Veterans Given First Chance to Bid in October Land Sale

According to Billye Kesler, Veterans County Service Officer for Briscoe County, a catalogue listing 550 tracts of forfeited state land reserved exclusively for bids from Texas veterans is now available from the Texas Veterans Land Board (VLB) by calling 1-800-252-VETS. Bids will be opened on October 27, 1992, at 1:00 p.m.

Located in 128 Texas counties (with the majority in North, Central and East Texas) the tracts, known as Type I properties, range in size from five to 66 acres.

The VLB will finance the full amount of all winning bids. There is no limit on the amount loaned or on the number of tracts that an individual can bid on; however, eligible Texas veterans are limited to one land purchase in the sale.

"Texas veterans should take advantage of this sale if they are in the market for land to use for recreation or an investment," said Garry Mauro, chairman of the VLB. "Since these tracts have never been offered for sale by the board, this sale gives Texas veterans an excellent opportunity to buy good land with 100 percent financing."

Mauro noted that setting aside new forfeitures exclusively for bids from Texas veterans is a long-time VLB

policy.

Tracts not sold in the October sale will be offered to both veterans and non-veterans through local real estate agents.

Eligible Texas veterans will receive a

7.99-percent interest rate with a 30-year assumable fixed-rate loan. A \$25 non-refundable fee for each bid submitted is required.

The sale will be by sealed bid only, with a minimum bid set on each tract.

All bids must be received by October 27, 1992 at 1:00 p.m. Bidders need not be present at the bid opening in Austin.

Details of the sale and a description of each tract can be obtained by calling the VLB toll-free at 1-800-252-VETS.

### Riddell Elected to Board of Directors

Alton Riddell recently was elected to the Caprock Soil and Water Conservation District #126 board of directors. He represents Zone 4 of the district.

Purpose of Caprock SWCD, with headquarters in Silverton, is to promote sound soil and water conservation programs on farm and ranch lands within the district and to serve as a voice for farmers and ranchers on conservation matters.

The board of directors coordinates the conservation efforts of various local, state and federal agencies and other organizations and has authority to enter into working agreements with these governmental agencies and private concerns to carry out its purposes.

As one of five individuals serving on the district board of directors, Riddell will be responsible for district policies and procedures for carrying out the district program within the framework of the Texas soil conservation district law.

In Texas there are 212 soil and water conservation districts. Each is a legal subdivision of state government organized by local agricultural landowners with the assistance of the Texas State Soil and Water Conservation Board. Unlike most other legal subdivisions of state government, SWCDs do not have the powers of taxation or eminent domain. All conservation programs managed by the districts are of a voluntary nature to the landowner or operator.

## LTD Sewing Club Meets in Reid Home

The LTD Sewing Club met recently in the home of Jim and Sheila Reid in Amarillo, with Pauline Jarnagin as hostess assisted by her daughter, Sheila.

The group were again in total awe at the beautiful garden with the profusion of colorful flowers and plants. The garden also has a picturesque waterfall. It is comparable to a "picture in a book" or belonging to the "rich and famous."

A delicious luncheon was served in the newly-erected gazebo.

Guests included Vera (Davis) Markart, two granddaughters, DeVonna Boyd and Lisa Fry and their children and Donna Pittman, a friend of Sheila's.

Afterward, they visited Coulter Gardens (the Big Red Barn) and enjoyed the beautiful plants, flowers, Halloween and Christmas decorations.

Members attending included Ruby Brannon, Sylvia Fogerson, Bessie Garrison; Letha Lanham, Jewell Lyon, Mabel Tomlin and Lois Walker.

## New Arrivals

Kevin and Becky Drew of Coppell are parents of a daughter, Kaitlyn Marie, born October 6. She weighed six pounds, 15½ ounces.

Welcoming their sister into the family are two brothers, Patrick, who is six, and Matthew, who is three years old.

Grandparents are Alvie and Glenda Francis of Silverton, Kirk and Evonne Drew of Dallas. Mrs. Floye McCracken of Quitaque is the great-grandmother.

Mrs. Lois Cline was in Turkey recently to attend a shower for her new granddaughter, Khaki Alain Scrivner, daughter of Curtis and Ruth Ann Scrivner. The party was held in the home of Mrs. Bettie Green.

Mr. and Mrs. Ronald Edwards of Lubbock are parents of a son, weighing seven pounds and twelve ounces, born at 10:49 a.m. on Friday, October 16.

Grandparents are Doyle and Shirley Wooten of Lubbock and Frances Edwards of Silverton.

Great-grandparents are Mertie Wooten of Lubbock and Muriel Wall of Anaheim, California.

Lubbock-based Plains Cotton Growers (PCG) has submitted a Section 18 Specific Emergency Exemption request to the Environmental Protection Agency (EPA) in an effort to get approval for the use of Baytan® 30 Flowable Fungicide on cottonseed in 1993.

Baytan is a seed treatment that has proven effective against Thielaviopsis basicola, or Black Root Rot as it is commonly known. This type of seedling disease has been identified as an increasing problem in many High Plains and Trans-Pecos cotton fields.

Black Root Rot can affect a cotton producer's bottom line in a couple of different ways. If the stand survives an attack of the seedling disease there can be a severe reduction in yield potential per plant. If it doesn't survive the grower can be forced to replant or even give up on his crop.

It has been demonstrated that other treatments are not effective in field use. There is no other economically or environmentally feasible alternative practice that can adequately address the situation but Baytan® 30 FL has been shown to be effective against the disease.

This PCG Section 18 request is the second such request made in an effort to allow the use of Baytan on the High Plains. The first request was granted a crisis exemption by the Texas Department of Agriculture (TDA) allowing producers limited use of the product in 1992. That exemption was revoked by EPA in June. The new request will go from TDA directly to the EPA for approval.

"The new request for a section 18 exemption was submitted late last week," notes Roger Haldenby, PCG Executive Assistant. "The new request contains additional research data and hopefully will answer some of the questions that prompted the revoking of our previous exemption. The hard part of getting an application like this approved is showing a significant yield increase as a result of the product's use. There are so many other factors affecting yield between planting and harvest that mask the effects of a seed treatment."

He adds that with a seed treatment like Baytan the biggest benefit a

producer receives is maintaining healthy initial stands of cotton and avoiding the cost of replanting all or part of the crop.

An application for full labeling of Baytan on cotton is also under consideration by EPA but is unlikely to be granted until well after the 1993 planting season.

Members of the Texas Cotton Association met in Lubbock Thursday for the 1992 West Texas Flow Marketing Meeting according to Lubbock-based Plains Cotton Growers (PCG).

The meeting featured an update of cotton's current situation and outlook for the future from Mark Lange, Director of Economic Services with the National Cotton Council. Approximately 250 merchants, shippers, growers and other interested parties attended the meeting.

The release of a survey conducted by the Texas Cotton Association indicated that shipping commitments for the West Texas/Oklahoma region total near 1.27 million bales for the 1992 crop. A breakdown of the survey results show commitments of 928,127 bales to the domestic market and 358,324 bales to the Far East and Europe.

# THE 'EVIL' OF HALLOWEEN SHOULD BE ONLY FOR CHILDREN

This night of spooks and eerie sights  
Is one in which each child delights;  
Parading up and down the streets,  
While ringing doorbells, seeking treats,  
With fearsome costumes, in disguise  
Impossible to recognize.  
These ghosts and goblins will appear  
This night that happens once a year.  
Remembering our younger days,  
We also underwent this phase;  
But when those childhood days were done,  
We turned to grown-up evil fun.  
Then, after lessons had been learned,  
We later to our faith returned;  
For 'evil' ways should only mean  
Our children's fun on Halloween.
