VOLUME 84

NUMBER 47

## New Chamber is Off to Good Start

An organizational meeting of the Silverton Chamber of Commerce was well attended on Tuesday, November 10.

The proposed by-laws were accepted and twelve directors were elected to the board. Wayne Nance, Gerald Smith, John White and Beverly Bowman were chosen to serve three-year terms; Jimmy Burson, John Francis, Jerry Patton and Charles Sarchet were elected to two-year terms; Elaine Forbes, John Bowman, Ronda Alexander and Rex Tiffin will serve one-year terms.

Steve Ulrey, president of Quitaque Chamber of Commerce, was helpful with the question and answer session. The Chamber appreciates his taking time to assist with this.

The board of directors met to elect officers on Friday, November 13. Elected to serve as president was Gerald Smith. Vice-president is John White, and Beverly Bowman is the secretary-treasurer.

A Membership Committee will be chaired by Elaine Forbes and other committees will be discussed at the next meeting.

Membership dues were set at \$25.00 per year for the present time with donations being accepted for special events.

The meetings are open to the public and all members and/or interested persons are welcome to attend. Every resident of the area is encouraged to take a part in future developments by becoming a member and sharing your ideas and goals.

## Fire Departments To Have Play-Off

There will be a play-off game in six-man flag football between the Quitaque and Silverton fire departments Monday, November 23, at 7:30 p.m. at Payne Field in Silverton.

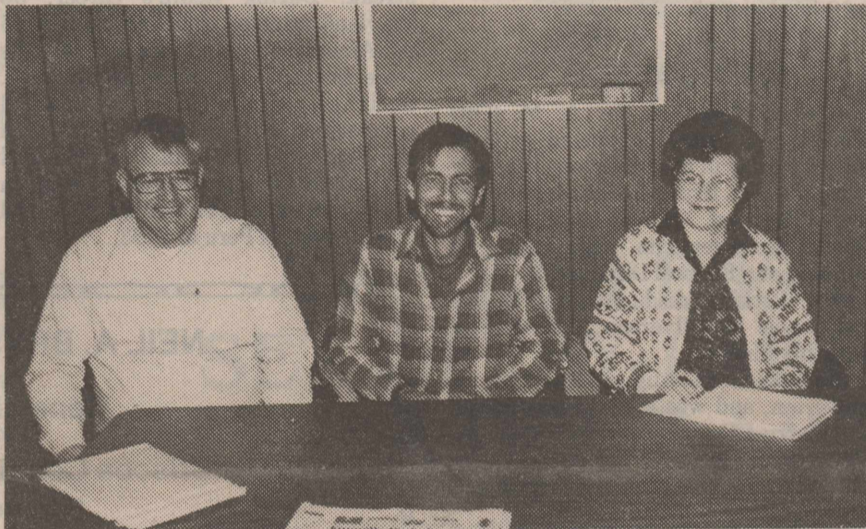

Each team has won one game, and this game will decide who gets to keep the trophy until next year.

Everyone is invited to be on hand to see those Ugly Cheerleaders and Fire Department Band present halftime activities you won't want to miss!

## Classes to Give Holiday Program

The fourth and fifth grades will present a Thanksgiving music program at 10:00 a.m. Tuesday, November 24, in the school auditorium.

Everyone is invited.

Officers of the newly-organized Silverton Chamber of Commerce are Gerald Smith, president; John White, vice-president; and Beverly Bowman, Secretary-treasurer.

Briscoe County News Photo

## Paper To Come Out Early Next Week

The Briscoe County News will be printed a day early next week, due to the Thanksgiving holiday. Deadline for

news and advertising to be included in that issue will be noon Monday, due to the paper having to be printed on Tuesday.

This will help accommodate the employees at Blanco Offset, where the paper is printed, so they will be able to enjoy the holiday with their families.

## Christmas Jubilee Set Here Saturday

Progressive Extension Homemakers of Silverton are sponsoring a Christmas Jubilee on Saturday, November 21, from 10:00 a.m. to 5:00 p.m. at the County Showbarn. Admission is free.

There will be a crafts show with ceramics, denim jackets, vests and ties, leather collars, wooden crafts, crocheted items, imitation Dooney Bags, stuffed animals, and Christmas ornaments.

There will be booths featuring the Kenneth Wyatt Galleries, Coca-Cola Wares and water colors and collages.

For your sweet tooth, you can purchase Christmas candy, assorted cheesecakes and Christmas cookies.

Eat the Mexican food lunch or enjoy coffee and muffins.

For the children, there will be a Christmas Store featuring gifts for Mom, Dad, Grandparents, and friends. All items will be priced under \$6.00.

The highlight of the day will be the arrival of Santa at 2:00 p.m. Come give Santa your wish list and have your picture made with him.

Come get in the holiday spirit!

## Fans to Make Signs For Basketball Teams

Members of the Booster Club and other fans are to meet at 6:00 p.m. today (Thursday) in the ag shop to make signs for the basketball players.

Everyone is needed to help. If you are interested in the teams, you are invited to participate.

Senior Owls were pictured with Coach Parham and their bi-district trophy at the conclusion of the game at Smyer last Friday night. They are (left to right) Casey Frizzell, Lance Bradford, Lance Smith, Frank Ramirez, jr., Stan Gamble, Wil T. Bomar and Michael Hall. They were a tired but happy group of men.

died Friday at St. Mary's Hospital in Lubbock.

Survivors include his parents; a sister, Janna Nichole of Silverton; his grandparents, Charles and Janis Andrus of Tulia and John and LaQuetta Schott of Silverton; his great-grandparents, J. E. and Linnie Andrus of Kress, Exie Martin of Tulia, and Pete and Pauline Chitty and Rena Schott, all of Silverton.

**OTT PERKINS**

Graveside services for A. M. (Ott) Perkins, 80, were conducted at 3:00 p.m. Tuesday in the Silverton Cemetery with the Rev. Bryan Donahoo, pastor of First Baptist Church, officiating. Burial arrangements were made by Myers-Long Funeral Directors.

Mr. Perkins died Monday at his residence in Silverton following a lengthy illness.

He was born August 2, 1912, in Silverton, and was a lifetime resident. He married Dora Belle Stout April 14, 1934, at the home of her parents near Silverton. He was a retired farmer and avid gardener.

He was preceded in death by a son, Leonard Martin Perkins, and by twin children, Leland Claude and Ruby Leola Perkins.

Survivors include his wife; three sons, Donnie L. Perkins of Silverton, Jerry D. Perkins of Lawrenceville, Georgia and Jim L. Perkins of Amarillo; a daughter, Millie Roberts of Fort Worth; a sister, Stella Hall of Silverton; 17 grandchildren and 26 great-grandchildren.

Pallbearers were Duane Reynolds, Jack McFall, Thomas Perkins, Terry Bomar, David Hall and John Perkins. Honorary pallbearers were Ashel McDaniel, Freeman Tate, Fred Strange, Charlie Parker, Carl Bomar, Joe Davis and Tobe Riddell.

The family requested that memorials be to the American Cancer Society.

**Redins to Receive Honors at Wayland**

All outstanding athletic programs can trace their beginnings to key individuals who provided the leadership and dedication needed for success. Former Pioneers and Flying Queens basketball coach and athletic director Harley J. Redin and his wife, Wilda, have filled that role at Wayland Baptist University.

The former World War II bomber pilot coached the Pioneers from 1948-57, compiling a 171-97 record and three national tournament appearances. In 1955, Redin took on the duty of coaching Wayland's women's teams, beginning what would be a truly remarkable career.

In 18 years, Redin's Flying Queens won more games than any women's team in collegiate history, posting a record of 431-66 and winning six Amateur Athletic Union national championships, finishing second seven times, third three times, and fifth once.

Redin's teams won the first 76 women's games he coached, completing WBU's collegiate record 131-game win streak. During Redin's career, 36 Wayland athletes combined to win 65 All-American recognitions and 32 girls were selected to participate on U. S. national teams in international competition. He coached U. S. teams in the Pan American Games in 1971 and against the Russian National Team in 1959, 1961 and 1962 and in the World Tournament in Peru in 1963.

Long an active voice in women's athletics, Redin was instrumental in instituting the unlimited dribble in women's basketball while a member of the AAU Rules Committee. He also authored two books on the women's game and served on the National Women's Basketball Committee.

A member of the Texas Panhandle Sports Hall of Fame and nominee for the Naismith Memorial Basketball Hall of Fame, Redin was the 1992 recipient of the Josten's Service Award, given by the Women's Basketball Coaches Association for lifetime service to the sport. He also is a member of the board of directors of the newly-established Women's Basketball Hall of Fame in Jackson, Tennessee, and is still an avid supporter of the Flying Queens and Pioneers.

Redin and his first wife, Winona, who passed away in 1984, had two sons, Kenny, of San Antonio, and Van, of Austin. He is married to the former Wilda Hutcherson, another inductee into Wayland's Athletic Hall of Honor, in 1987.

# Owls Set Sights on No. 5 Chillicothe Fri.

Silverton's Owls, after winning the bi-district championship by defeating Smyer last Friday night, have now set their sights on No. 5 ranked Chillicothe. The Area championship game has been set for 7:30 p.m. Friday in Guthrie, and the Owls will be trying to win a game they haven't been able to win in years past.

Chillicothe is tough, and the only way the Owls can possibly win this game is to start playing at full speed with the opening whistle and not stop playing until the game is over. This sounds like an oversimplification, maybe, but this will be the key to the Owls' winning another trophy this season.

Silverton scrimmaged Chillicothe in the pre-season and lost five touchdowns to one.

"I know they're tough," said Coach Clyde Parham, adding that the Eagles rely mainly on the legs of Anthony Jackson, a 6-foot-2, 205-pound running back with 4.5 speed. Jackson ran up 262 yards and scored five touchdowns in their game last week.

Chillicothe, whose only loss has been to Aspermont 36-18 on the third week of the season, nipped Groom 37-35 last Friday by blocking a two-point conversion kick with 1:10 left in the game. The Eagles still led in tie-breaking penetrations, however, and would have advanced had the game ended in a tie.

In the bi-district playoff, Smyer kicked off to the Owls, and Frank Ramirez, jr. took the onside boot to the Silverton 39. From here the Owls mounted a drive that saw Ramirez pick up a first down on the Smyer 20, followed by a first down on the legs of Lance Holt which carried to the Smyer two. Michael Hill, playing his best game ever, scored with 6:07 remaining to be played in the first quarter, kicked the PAT, and put the Owls into an 8-0 lead.

When the Owls kicked off, Hill put it in the endzone for a touchback—a very good place for the ball to be, as proven later in the game by the result of one short kick. Smyer started on their 20, and were thrown for a 10-yard loss on first down and were moved back to the five on their second play. They punted on fourth down, and the ball carried to the Silverton 33.

Holt picked up 13 yards, followed by a first down run by Hill which was erased by a penalty. On the next play, the Owls lost the ball via the fumble route, and four plays later the Bobcats scored with 3:04 still to be played in the first period. They kicked the PAT, and the score was knotted at 8-8.

This time, the Bobcats kicked into the endzone, and the Owls started on the 20. There was a fumble on first down, which Holt recovered, and a pass from Ramirez to Casey Frizzell was complete to the Smyer 36 for a first down. Hill carried a touchdown on the next play, kicked the PAT, and with 1:52 still to be played in the opening period, the Owls moved into a 16-8 lead.

When the Owls kicked off again, Wil Bomar, also playing a very good game for the Owls, made a shoestring tackle on the return to stop the 'Cats at their 18. After an incomplete pass, Smyer received a penalty and then passed complete to their 24. Another pass was good for a first down, stopped by Bomar, and on the next fourth down the ball went over to the Owls on the Silverton 30.

The Owls came charging downfield on the legs of Holt and Hill, and Ramirez passed complete to Frizzell for a touchdown. Hill kicked the PAT, and

Michael Hill played his best football game ever at Smyer last Friday night, helping the Owls earn the bi-district championship by rushing for yardage, scoring touchdowns and kicking extra points. Hill has the distinction of being the only sophomore on the team. —Briscoe County News Photo

saw the score become 24-8 early in the second quarter.

The Owls kicked off short and the ball was taken by Smyer at their own 33. They picked up a first down on the Silverton 30, then scored with 7:45 remaining before halftime. They kicked their PAT, and narrowed the score to 24-16.

When Smyer kicked off to the Owls, Ramirez took the short kick to the Silverton 32, and Holt picked up a first down on the Smyer 28. Holt picked up another seven yards, and Ramirez passed to Holt to move the ball to the Smyer 22. Ramirez scored with 5:26 remaining to be played in the second quarter, Hill kicked the PAT, and the Owls moved into a 32-16 lead.

Once more the Owls kicked off, and Smyer was penalized back to their six. They passed complete for a touchdown on their first play, there was no PAT, and with 4:58 remaining on the second-quarter clock, the score became 32-22.

Smyer kicked off once again, and Holt took the ball to the Silverton 21. Bomar picked up seven yards on the first play, and Holt gained a first down at the Smyer 37. Bomar ran to the 34, after which Hill carried to the 27. Holt made a first down on the 20, and two plays later the Owls lost the ball via the fumble on the Smyer 25.

Smyer picked up 10 yards on first down, and with 2:09 remaining in the first half, Ramirez tipped a Smyer pass and Bomar intercepted on the Silverton 30. Holt ran for seven yards, and Ramirez scored with 1:12 remaining in the first half. Hill kicked the PAT, and the score became 40-22.

The Owls kicked into the endzone on the leg of Hill, and Smyer once again started on their 20. The 'Cats passed, lateraled, fumbled and recovered with :27 still on the scoreboard clock, then passed complete for a first down on the Silverton 35 before the first half came to a close.

The Owls opened the second half by kicking off to the 'Cats, and defending

the endzone, and Smyer hooked up its offense on the 20. They passed complete for first downs on the Silverton 32 and 12, and scored with 5:15 remaining in the third quarter. There was no PAT, and the Owls continued to lead 46-36.

Smyer let fly an onside kick which the Owls captured on their 35, and on first down Smyer intercepted an Owl aerial and ran to the Silverton 20. Defense tightened, and after making eight yards on first down, there were two incomplete passes. On fourth down, their field goal attempt failed, and the ball went over to the Owls on the 20.

Bomar ran for a first down near midfield, after which Holt picked up 10 which were nullified by a penalty against the Owls. Holt picked up a first down on the Smyer 20, and Hill scored with 2:27 remaining in the third period. Hill kicked the PAT, and the Owl lead moved out to 54-36.

The Bobcats received a penalty on the kickoff, and set up their offense on their 15. They scored as time expired in the third period, kicked the PAT, and moved into a 54-44 deficit.

After taking the ensuing kickoff at their 30, the Owls mounted another touchdown drive. Ramirez ran to the Smyer 30 for a first down, after which Hill picked up eight. Ramirez passed to Frizzell for a first down, and Holt scored with 7:07 remaining to be played in the game. There was no PAT, and the Owls moved ahead 60-44.

When the Owls performed a short kickoff, the 'Cats brought it back to the Silverton 37, and scored two plays later. They kicked the PAT, and narrowed the score to 60-52, and Owl fans became very nervous. The Owls had led the entire game, with the exception of the tied score for a short time, and fans didn't want to see the victory slip away.

Smyer kicked to the Owls, and got the onside kick and carried it to the Silverton 18. The defense was called upon to do their job in a big way, and on fourth down, Bomar broke up a touchdown pass, bringing the ball back to the Owls with 6:06 remaining on the clock.

Holt ran for a first down on the Smyer 25, and Ramirez passed to Frizzell to move the ball to the 17. Holt ran for a first down on the Smyer 25, and Ramirez passed to Frizzell to move the ball to the 17. Holt ran for a first down on the 12, and Hill carried to the five. At this point, the Owls lost the ball via the fumble with 4:04 still on the

Cheering the Owls to victory in the area round of the state playoffs are (counterclockwise, beginning bottom left) Molly Bomar, Kami Martin, Holly Nance, Shannon Weaver, Christa Tucker and Brandi Brunson. The girls practice a lot and their routines and celebration show it. Most of the time they are "doing their thing" you can see the cheerleaders of the opponent school watching them and trying to pick up their moves.

—Briscoe County News Photo

They've traveled a lot of miles to ballgames! Snooks and Margaret Frizzell (left) and Faye and J. L. Self (right) were pictured with their grandson, Senior Casey Frizzell, following presentation of the bi-district trophy to the Owls last Friday night at Smyer. Mr. Frizzell told the Briscoe County News that he had been going to ballgames for more than 40 years, and remembered watching the Owls when Mr. Self was playing for them. Casey is fortunate to have two full sets of grandparents who are following his games.

—Briscoe County News Photo

## Owls

Continued From Page Four

clock. Once again the defense was called on, and once again they did their jobs. The 'Cats moved for a first down, after which they received a holding penalty, and an incomplete pass on fourth down saw the Owls get the ball back with 2:16 remaining.

Holt ran for 13 and scored with 1:17 to be played. There was no PAT, and the score rose to 66-52. Hill kicked off deep and the Owls held Smyer at their six. The 'Cats were penalized back to

their three, after which they picked up first downs to the Silverton 14. After four incomplete passes, the ball went back to the jubilant Owls, who killed the clock and savored the victory.

Coach Parham said the Owls' six turnovers were costly. "They scored after every turnover, so essentially we gave them 40 points," he said. "But our offense played well. We knew they were going to score a lot of points, so we knew we had to score a lot to beat them."

Parham said Michael Hill had his best game of the year, rushing for 110 yards

and three touchdowns to join Lance Holt's 1 82-yard, two-touchdown effort. "Michael is beginning to peak out at just the right time."

It was the most points scored by the Owls since their 71-35 victory over Follett in the fifth game of the 1990 season.

In addition to the yardage gained by Hill and Holt, Ramirez rushed for 89 yards; Bomar, 46; Frizzell, 15. Ramirez hit six of thirteen passes for a gain of 95 yards.

Frizzell caught five for 68 yards; Matt Francis, one for 14; Bomar, one for 13.

The Owls (9-2) are in the playoffs for the sixth straight year, and now advance to the Area round to meet Chillicothe. The Owls need your support, cheers and presence at Guthrie Friday night. Pep rally is at 3:00 p.m., and kickoff is at 7:30 p.m. Be there!

## Thanksgiving to Be Celebrated Sunday Evening

The Silverton community is invited to participate in a joyous spirit of Thanksgiving Sunday, November 22, at 7:00 p.m., by joining the Silverton-area churches for a joint worship service at the First Baptist Church. The program, planned by the Silverton Ministerial Alliance, will feature a message by Ted Kingery, minister of the Silverton Church of Christ. The other churches of the community will have part in the music and other phases of the service.

An offering will be taken which will be administered by the Salvation Army to local folks and those who come through our community needing assistance. Also, a Christmas dinner will be prepared in mid-December to be delivered to the senior citizens and various other local residents.

Everyone is invited to share fellowship and snacks following the service. Ladies are asked to bring finger foods (sandwiches, chips, cookies, cake, candy, etc.) The host church will provide drinks.

## Rural Carrier Examination to Be Open to Public

John M. Frisby, Sectional Center Manager/Postmaster, Lubbock, has announced the Rural Carrier examination will be open to the general public November 30 through December 4, 1992, for the Childress Area Eligibility Register.

Offices included on the Childress AER are Childress, Chillicothe, Clarendon, Crowell, Memphis, Paducah, Quanah, Quitaque, Roaring

Springs and Silverton.

Interested persons may apply at the Lubbock Personnel Office, 1515 Avenue G, Lubbock; the Amarillo Personnel Office, 2301 Ross Street, Amarillo, or at one of the offices served by the register during the week of the open announcement.

No applications will be accepted before or after these dates.

## Area Game to be Played Here Fri.

The Area round of the state playoffs between the Valley High School Patriots and Lazbuddie Longhorns will be played here beginning at 7:30 p.m. Friday.

The Longhorns represent the same district that the Owls represent. The Horns are ranked third in the state.

The Patriots will have their work cut out for them in this game.

## Junior High Owls Start Roundball on Monday

Silverton's Junior High Owls will open their basketball season with a pair of games at Lakeview starting at 6:00 p.m. Monday.

Most of the eighth grade boys are out for the team, along with a large number from the seventh grade. The girls' team will be made up largely of seventh graders.

The high school games scheduled Friday night have been cancelled.

## Memorial Fund Begun For Future Cowboy Camp Meetings

As part of the "Ranchmen's Camp Meeting" organization, a memorial fund has been established for the "Caprock Cowboy Camp Meeting".

This is an area-wide interdenominational outdoor cowboy revival held here annually.

Preaching, singing, youth activities, fellowship, prayer trees and campfire entertainment is provided daily. Each meal is served at no charge.

These meetings are financed by donations and the association is a non-profit organization. All donations are tax deductible.

Anyone wishing to participate in this memorial fund should contact Scott Strawn, Joe or Carolyn Luckenbach, Dorothy Johnson, Steve Ulrey, Johnnie Burson, Wayne Nance or Jimmy Davidson at First National Bank in Quitaque.

## News Notes

Items of Interest About  
SHS Ex-Students  
Contributed by Former Students

**Class of 1937**—The former Vera Davis and her husband, Joe Markart of Amarillo, visited in Silverton last weekend. Vera recalled that her graduation was a very memorable one. It rained so hard and the roads were so muddy that they almost didn't make it to town. The school lights went out and the exercises were continued in the dark. Then to top it all off, the Superintendent called her "Pauline" (her sister's name) when presenting her diploma to her.

**Class of 1936**—Harley J. Redin is being inducted into the newly-formed Wayland Baptist University Athletic Hall of Honor in a ceremony and reception on Saturday, November 21, at 4:00 p.m. in McClung University Center. Harley was graduated from SHS in 1936. He coached the Wayland Pioneers and in 1955 took the added duty of coach of the Wayland women's team. In 18 years, Redin's Flying Queens won more games than any

women's team in collegiate history, posting a record of 431 wins and 66 losses. Redin has been very active in support of women's athletics. He has authored two books on the women's game and has been instrumental in several rules changes.

**Class of 1975**—Celia Martin Syme recently moved from Waxahachie to Red Oak with her two children, Marshall, five, and Brynna, one. Celia is working in the U. S. Postal Service at Coppell.

**Class of 1973**—Stan Martin of Grandview is working at present in New Orleans as a pipe fitter and welder for a pipe and construction company in Wichita Falls.

### Couple's Wedding Plans Are Announced

Mr. and Mrs. Bobby Edwards, Allen Estes, Mr. and Mrs. W. D. Rowell announce the engagement of their children, Jennifer Jo Estes and William Brook Rowell.

The Rock Creek Church of Christ will be the scene of the wedding on November 27.

The bride-elect is a student in Silverton High School. Rowell is a graduate of Silverton High School and is employed by Mike Pigg.

## EXTENSION TOPICS FOR TODAY

by Ronda Alexander

Briscoe County Extension Agent - Home Economics

### Address Your Stress

Do you often feel tense and worried? These signs are common indicators of stress. Stress is pressure from the outside that causes us to feel tense on the inside. It is an unavoidable fact of life and most of the time a part of our everyday life. Certain kinds of stress are helpful because they keep us on our toes.

Too much stress can be harmful because of the effect it has on our minds and bodies. One of the main causes of stress is change. Changes may include personal loss, illness or injury, change in lifestyle, job changes and money problems.

The first step in "Addressing Your Stress", is to find out what is causing the stress. We must all deal with stress in our own way and because we are all different, different techniques will work for different people.

The easiest way is to relax, especially when you start to feel tense. There are a variety of relaxation techniques, which take one minute or 30 minutes. A

simple one is to lean back in your chair and take slow, deep and controlled breaths. Others which require a greater amount of time include listening to soothing music or even taking a vacation.

Find the technique which will work for you, because too much stress is not healthy!

This information also is among the topics in the Family Community Leadership Program. For more information call the Briscoe County Extension Office.

### Can You Lead?

Leadership is a word which denotes power, prestige and authority to many people. There are many competent leaders though, who do not have these characteristics or do not value them. In order to gain a better understanding of leadership, we should view leading as an interaction between designated leaders and group members.

The group-centered approach to leadership is based on mutual responsibility and includes sharing power and authority. It prescribes certain kinds of behavior for all group members, including the leader. It is an activity, not an attribute. Most importantly, it can be learned.

Leadership is challenging. The interaction among the members and the various roles they play must be determined in order to meet the challenge. The skills and abilities of each person also must be identified, so each can be developed to their fullest potential.

We all possess different qualities, but each of us have the capabilities to be leaders. There are no single words or qualities which describe good leaders. The differences in each of us allow us to lead differently, according to the job task or situation. There is no right or wrong way to lead. Some secrets of successful leadership are: be fair, honest and friendly; be lavish with kindness; overwhelm people with charm, not power. The process of becoming a leader is the willingness to risk. Remember the turtle motto: You won't make progress unless you stick your neck out.

Leadership is just one of the topics which is taught in the Family, Community, Leadership program. If you are interested in taking part in the program or would like more information, please contact the Briscoe County Extension Office at 823-2131, Ext. 12. Educational programs sponsored by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, religion, sex, handicap or national origin.

### Senior Citizens to Have Luncheon Friday

Silverton Senior Citizens will have their monthly luncheon and business meeting Friday at noon at the Senior Citizens Center.

Silverton Church of Christ members will host the luncheon.

### 55/Alive Can Produce Discount on Insurance

Are you interested in having a 10% discount on your car insurance? Are you 50 or older? If you answered yes to both of these questions, then there is an answer for you!

55/ALIVE is a driving program sponsored by the American Association of Retired Persons (AARP) for adults 50 years and older. It was developed to improve the driving safety for all senior drivers. Instructors for the program are specially-trained AARP volunteers.

The course is given in six sessions that require two days of four hours

### Red Ribbon Week Winners Announced

Poster contest winners for Red Ribbon Rally Week were Bert Garza, first; Lindsey Jennings, second, and Misty Wilkinson, third.

The winning banner was made by the fourth grade.

### Support Group To Meet Today

The support group for Alzheimers and Other Related Illnesses will meet today (Thursday) at 7:00 p.m. in the Annex of the Church of Christ.

The program will be "discussing your feelings."

### Happy Birthday to . . .

- November 19—Staci Hill, Arla Polley, Frances Gamble
- November 20—Dianne Reynolds, Ty Rampley, Anne Davidson
- November 21—Susie Younger, Vicki Bean, Tara Nance
- November 22—J. E. Patton, Pappy Hendrick

- November 24—Laura McCammon, Andrew Scott Brooks
- November 25—Brandon Kitchens, Dana Martin, Erma Polley, Carrie Ann Grabbe, Billy Cogdell, Fred Strange, Paul Ledbetter

### Happy Anniversary to . . .

- November 20—Mr. and Mrs. Rick Hester
- November 22—Mr. and Mrs. Mike McGinn
- November 23—Mr. and Mrs. Charles Wayne Mayfield

### Letter to the Editor

We enjoy reading our home-town news. It has been so long since we lived in Silverton but it is still our home town.

We are now living in Albany, Ga. We moved here to be near our daughter, Kaynelle Wylie. The three grandchildren live in Atlanta. Sherri, the oldest, has a masters in math and teaches math in a middle school. Roger is a lawyer in Atlanta. He works with a law firm. Cliff is a senior at Georgia Tech. He will finish in May with a degree in engineering.

Wayne Nance, your mayor, is our nephew. Juannah Jennings, a teacher there, is our niece. We are proud of them.

Good luck to all the town.  
Gladys Smithee Strickland  
and Chester Strickland

each. Participants must attend all six sessions. Certificates are issued at the end of class on the second day. The certificate will then allow you to qualify for 10% discount on most of your car insurance, for up to three years.

The course is being sponsored by the

Briscoe County Extension Home Economics Committee and will be held Thursday, December 3, and Friday, December 4, from 4:30 - 8:30 p.m. The course will be held in the community room of the First National Bank in Quitaque.

Seating is limited, so pre-registration is suggested. To register, call the Briscoe County Extension Office at 823-2131, Ext. 12, or come by the courthouse.

# PUBLIC NOTICE

GTE Southwest Incorporated (GTE-SW) and Contel of Texas Inc. (Contel) have filed an application with the Public Utility Commission of Texas to seek approval to provide two new private line services and to change rates for existing services. GTE's intraexchange DS1 Service will be offered pursuant to the rates proposed with this filing and will no longer be available through concurrence with GTE's interLATA access tariff rates which are lower. Contel's intraexchange DS1/DDS Service will be offered pursuant to the rates proposed with this filing and will no longer be available through Contel's current private line tariff rates. Existing customers with DS1/DDS Services will not be affected by these rate changes. DS1 1.544 Megabits per second (Mbps) Service and Digital Data Service (DDS) will normally be used for the transmission of data communications or large volumes of voice communications between two locations. These services are optional and will not affect the existing rates of customers who do not order these services. The estimated annual effect on GTE-SW's revenues in the first year is \$1,080,567. The estimated annual effect on Contel's revenues in the first year are \$42,383.

## DS1 Service

DS1 Service is an intraLATA Private Line Service which provides a dedicated, high capacity channel which may be used for simultaneous two-way transmission of voice data or other digitally encoded customer information signals. DS1 Service provides a transmission speed of 1.544 Mbps and is designed to provide an average performance of at least 95 percent error-free seconds of transmission over a continuous 24-hour period.

DS1 Service is available in and between all exchanges of GTE-SW and Contel where digital facilities exist. DS1 Service is available on a point-to-point intraLATA basis between two Customer Designated Locations (CDL), between a Serving Wire Center (SWC) and a CDL, between a CDL and a point of connection with another service provider or between two SWCs.

IntraLATA DS1 Private Line Service is comprised of three rate elements: DS1 Local Loop, DS1 Transport and DS1 Transport Termination. Each element is described below.

## DS1 Local Loop

This rate element is for the cable facilities from the CDL to the SWC. The customer has two payment options for the purchase of DS1 Local Loops. There is a month-to-month plan or term contract Optional Payment Plan (OPP).

The month-to-month payment basis allows the customer to establish and disconnect DS1 Services, without penalty, other than to meet the minimum service interval of one month's service, as needed. Under the month-to-month service, the additional DS1 Local Loop rate applies only when the additional DS1 Local Loop (s) is (are) ordered at the same time and between the same two CDLs as the first DS1 Local Loop.

The OPP plan allows the customer to select a term of service (1 YR, 3 YR and 5 YR) with lower monthly rates associated with longer term contracts. If the customer selects an OPP, additional DS1 Local Loops may be ordered and installed at the Additional DS1 Local Loop rate between any SWC and CDL covered by the OPP, at any time during the term of that OPP.

## DS1 Transport

This rate element is for the mileage sensitive charges for transporting a DS1 signal between Serving Wire Centers. Transport occurs only when the two CDLs being connected are served by two different SWCs.

## DS1 Transport Termination

This rate element is for the equipment to terminate DS1 Transport at the SWCs. This charge applies only when DS1 Transport is required for the service configuration of the customer. One transport termination charge applies at each end of the DS1 Transport.

Proposed Rates and Charges for DS1 Service are as follows:

	Nonrecurring Charge	Monthly Rates
<b>DS1 Local Loop</b>		
Month-to-Month		
First System	\$ 1,000.00	\$ 298.00
12-month term		
First System	-0-	\$ 283.00
36-month term		
First System	-0-	\$ 255.00
60-month term		
First System	-0-	\$ 226.00
Additional System	\$ 130.00	\$ 130.00
<b>DS1 Transport</b>		
Per airline mile	-0-	\$ 16.00
<b>DS1 Transport Termination</b>		
Per Termination	-0-	\$ 40.00

## Digital Data Service

Digital Data Service (DDS) is an intraLATA Private Line service which supports synchronous, full-duplex transmission between the CDL and the SWC or the point of connection with another telephone company at transmission speeds of 2.4, 4.8, 9.6, 19.2 and 56 kilobits per second (Kbps). DDS provides a transmission path for digital data signals within the same LATA.

DDS Service is available in and between all exchanges of GTE-SW and Contel where digital facilities exist. DDS Service is available on a point-to-point intraLATA basis between two CDLs or between a CDL and a point of connection with another service provider.

IntraLATA DDS Private Line Service is comprised of three rate elements: DDS Local Loop, DDS Transport and DDS Transport Termination. Each element is described below.

## DDS Local Loop

This rate element is for the cable facilities from the CDL to the SWC. The customer may establish and disconnect DDS Local Loops without penalty other than the minimum service interval of one month's service, as his/her needs demand.

With the end of the 1992 crop year approaching faster than many producers would like speculation about the size of this year's final deficiency payment rate is already underway.

According to Lubbock-based Plains Cotton Growers (PCG) the average price received through the month of July shows that, in general, marketings are outpacing last year and prices remain significantly lower than 1991. How the marketing year ends will have an impact on the eventual amount of the 1992 deficiency payment.

Through July marketings for the 1992 crop year have totaled 6.866 million bales, 1.693 million bales higher than the 5.173 million bales marketed during the same period in 1991.

Prices received on the 184,000 bales marketed during July was 55.3 cents, 10.4 cents lower than the price received during July last year. The weighted average price for cotton through July is 51.27 cents, 21.63 cents lower than the 72.9 cent target price.

Deficiency payments are calculated as the lesser of the difference between the target price of 72.9 cents and either Commodity Credit Corporation Loan rate or the average price received by farmers weighted by total marketings for the preceding calendar year.

For 1992 the maximum possible deficiency payment producers can expect is 20.55 cents. After the 6 cent advance deficiency payment is subtracted the final payment most producers on the High Plains can expect is 14.55 cents.

"Unless price makes a significant upward move between now and the end of the year it is very possible that the deficiency payment will end up near 20.5 cents," notes PCG Executive Vice President Donald A. Johnson. "This

should be good news to producers here on the Plains who have lost all or part of their crop and need the higher deficiency payment to try and pay back the money they borrowed on the 1992 crop."

## South Plains Weather Was Drier, Warmer

Weather across the Texas South Plains during October was drier and warmer than normal.

Temperatures averaged 1.7 degrees above normal and ranged from 3.5 degrees above normal at Lubbock to 0.4 degree above normal at Lamesa. The average temperature for the month in Silverton was 60.6 degrees.

Maximum temperatures averaged 3.7 degrees above normal and ranged from six degrees above normal at Lubbock to 1.8 degrees above normal at Dimmitt. The highest temperature of the month was 94 at both Paducah and Spur on the 14th. The average maximum temperature in Silverton was 77.4 degrees, with 92 on the 14th being the highest temperature during the month.

Minimum temperatures averaged 0.4 degree below normal and ranged from 2.9 degrees below normal at Littlefield to 0.9 degree above normal at Big Spring, Floydada and Lubbock. The first freeze of the season occurred on the 8th at many stations west and north of Lubbock. Olton led the way with the lowest, 27 degrees, that morning.

Silverton's average minimum temperature for the month was 60.6 degrees.

Precipitation was almost totally lacking with just a few sprinkles here and there ranging from nothing at several stations, including Silverton, to Hereford's 0.06 of an inch.

## DDS Transport

This rate element is for the mileage sensitive charges for transporting a DDS signal between SWCs. Transport occurs only when the two CDLs being connected are served by two different SWCs.

## DDS Transport Termination

This rate element is for the equipment to terminate DDS Transport at the SWCs. This charge applies only when DDS Transport is required for the service configuration of the customer. One transport termination charge applies at each end of the service.

Proposed rates and charges for DDS are as follows:

	Nonrecurring Charge	Monthly Rates
<b>DDS Local Loop</b>		
2.4, 4.8, 9.6, & 19.2 Kbps	\$ 85.00	\$ 85.00
56 Kbps	\$ 85.00	\$ 95.00
<b>DDS Transport</b>		
Per airline mile		
2.4, 4.8, 9.6 & 19.2 Kbps	-0-	\$ 1.60
56 Kbps	-0-	\$ 3.20
<b>DDS Transport Termination</b>		
2.4, 4.8, 9.6, 19.2 & 56 Kbps		
Per Termination	-0-	\$ 20.00

This filing has been assigned Consolidated Docket Nos. 11408/11435. The deadline to intervene in this docket is January 1, 1993.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission. A request to intervene, participate, or for further information, should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas, 78757. Further information may also be obtained by calling the Public Information Division of the Public Utility Commission at (512) 458-0256, or (512) 458-0221 teletypewriter for the deaf.

## Museum Opens Firearms Exhibit

The Panhandle-Plains Historical Museum opened a new firearms exhibit on November 14. Consisting of approximately 125 pieces, the exhibit includes rifles and shotguns by Sharps, Winchester, Colt and the Springfield Armory.

In addition, the exhibit features flintlock pistols, early percussion firearms, revolvers, military rifles and handguns, including an AK-47 Assault Rifle captured during the recent Persian Gulf War. Odd and unusual firearms such as a combination weapon and palm pistol also are included.

A highlight of the exhibit is an engraved and gold inlaid shotgun presented to George R. Whittington by the National Rifle Association. The N.R.A. Whittington Center near Raton, New Mexico is named for George Whittington, a former president of the N.R.A.

This exhibit is the first phase of a project leading to a comprehensive and interpretive firearms exhibit and is designed to generate support for a larger exhibit and to encourage donations of both firearms and funds. The Panhandle-Plains Historical Society owns a large collection of firearms that cannot be placed on exhibit at this time due to a lack of adequate exhibit space.

The last major firearms exhibit at the Museum was removed in the early 1980s to make room for Ranching Hall. Visitor requests to see the collection were a significant factor in the decision to install the new exhibit.

"We are very excited about this exhibit and are looking forward to being able to install a larger, more comprehensive firearms exhibit in the future," stated Susan Denney, Assistant Curator of History. The firearms are located on the second floor of the Museum annex.

## Quit Now! During Great Smokeout

No, it's not too late for you to quit smoking. The minute you stop smoking, your body will begin healing itself, fixing you up good as new. You have to quit before the healing can begin.

When you smoke, your smelly air can affect everyone around you. It can make their eyes water, their allergies act up and their clothes smell for hours. The health effects of smoking do not only affect the smokers, but those around them, too. A number of studies have shown that non-smoking women married to smokers have an increased

risk of lung cancer and that the risk increases with the number of cigarettes their husbands smoke.

Other ill-effects of smoking include the risk of fires. In 1981, a total of 65,000 fires were specifically traced as being smoking related. This resulted in 2,300 deaths, 5,000 other victims suffering from burns and a total property loss of more than \$300 million in the United States. About 9% of all U. S. fires are caused by smokers.

Smoking is the most preventable cause of death in this society. If you are a smoker, make the decision to stop smoking today. The first step is to develop a plan on how you are going to stop. Then you must make the commitment to stop. Finally, hang in there and give yourself the chance to get over smoking.

Briscoe County Extension Agent

## Amendment on Schools Advances

The Texas Senate has taken the final step in getting Texas public schools out from under court control by sending a proposed constitutional amendment to the House of Representatives by a vote of 29-2.

The proposed constitutional amendment, SJR 1, is designed to provide flexibility in meeting the requirement of equalized school funding. While SJR 1 is not in itself a school finance bill, it would allow several different methods of school finance to be utilized in future statutory law.

"This is a good start," said Senator Steve Carriker, "and I am especially pleased that the idea of involving the Teacher Retirement System in funding equalization has been dropped entirely." Carriker went on to say that SJR 1 sets a constitutional standard of equity which will clearly define the future requirements for school finance and will avoid millions of dollars worth of litigation in the future.

SJR 1 now advances to the House of Representatives where a slightly different version is under consideration. In all likelihood a House-Senate Conference Committee will be required to work out the final differences.

## Scout Trail News

Boy Scout Troop 262 is about to complete another year. The troop has grown from an eager bunch of un-uniformed boys to five First Class Scouts, five Tenderfoot and four new Scouts ready to advance. Their advancement in rank and their activities are only possible because of

the supportive community. The flag service subscribers are commended for their patriotism and their contribution. These funds help the growing number of adult leaders build character in young men who will be tomorrow's leaders. Community support has enabled the troop to buy seven tents, cooking equipment, rappelling gear and other camping equipment. Last summer, the troop sent ten boys to summer camp where they earned 33 merit badges.

The troop is expecting five or six new Scouts in the spring and this will necessitate the purchase of more camping equipment for them. All boys are welcome to join. We also are repairing and painting the Scout Hut.

The Scouts will be selling their Flag Service for 1993 soon. The holidays to be observed in '93 will be Veterans' Day, Fourth of July, Memorial Day, Labor Day, Presidents' Day, Saturday of the Briscoe County Celebration and Flag Day. The cost again will be \$25.00. The current subscribers are appreciated, and the Scouts look forward to serving you again, along with new supporters in '93.

# THE BIBLE IS OUR SET OF 'BY-LAWS' FOR A GOOD LIFE

Every organization, be it political, social or whatever, has its officers; but it is mainly governed by a set of rules called the by-laws, which tell the members what they can or cannot do. The Bible contains a set of by-laws for the organization known as the human race. They include The Ten Commandments. Throughout the sacred Scriptures are instructions for living a good life for ourselves and causing no harm to anyone else. The by-laws of other organizations are subject to occasional revision, as the circumstances warrant, but there has never been nor will there ever be any reason to revise the instructions contained in the Bible, for their validity is as eternal as human nature itself. You will learn about these Biblical by-laws by attending your House of Worship.

**CARDS OF THANKS**

Our lives have been filled with changes and adjustments during the past several months. So many wonderful people have shown us kindness and generosity. We appreciate each and every gift that we've received for our wedding and since our daughter was born. Without the help from our families and friends, we would never have made it this far. Words can't express how grateful we are for every expression of love and kindness. May God bless each of you as He has us.

With love and appreciation,  
Stoney, Jennifer and Adrienne Hubbard

Bryan and I would like to say thanks to all the wonderful people who called, sent food and prayers our way at the death of our son. We were touched to see all of the people who came to the graveside—it meant a lot to us. We would also like to thank the ambulance crew, most especially Anthony Kingery. Thanks also to Barry Long and Bryan Donahoo—you made this difficult time in our lives much easier to bear. We are very fortunate to be a part of such a loving community.

Bryan, Lisa and Nichole

My sincerest thanks go out to each one who has extended kindnesses and concern to me and Stanley following my surgery. For the flowers, food, calls, cards and visits, I am humbly appreciative. Thanks to Connie, Janice and Steve for their care in the ambulance when I was in such pain.

As many others have expressed, the people in this community are wonderfully caring. You have brightened my days and reminded me of the blessings of friends and neighbors.

Thanks from the bottom of my heart.  
Lynda and Stan

We wish to thank everyone for their prayers, cards, flowers, phone calls and visits while Bill was in the hospital and since he's been home.  
May God bless each of you.  
Bill and Lucy

We would like to thank the following people for their help in the Red Ribbon Day program: Oneta Sanders, Dorothy Johnson, Pat Fitzgerald, Patsy Towe and Mary John's Flowers for donating door prizes; Shirley Reynolds and Robin Boedecker for presenting the music program; Lynn Frizzell and Ted Kingery for getting the McGruff costume, and Adam Richard for doing the speaking. These people all helped make the program a success. A special thank you goes to Margie Pinkerton for all her work planning Red Ribbon Week.
