## KC's Homecoming '98 set for this weekend

It's here! The long awaited Knoxville City Homecoming '98 is upon us and will see lots of familiar faces converging on Knoxville City, Friday, Saturday and Sunday, June 5, 6 and 7.

Committees have been in the planning stages for many months now and have worked diligently on activities under the guidance of homecoming association president Ray Penman.

Beginning on Friday, events will begin at 3:00 p.m. with registration in the school cafeteria. There is a \$15.00 fee per person that includes a picnic supper, child care, a dance, and door prize drawings throughout the weekend.

From 6:30 to 8:00 p.m., those already registered will enjoy a pic-

nic supper in the cafeteria.

An 'old-fashioned' gospel singing will be held in the fellowship hall of First Baptist Church for those wishing to participate from 6:30 to 8:00 p.m.

From 8:00 to 10:00 p.m., those present will be able to enjoy musical entertainment while visiting on the street in front of the elementary building. In case of inclement weather, musical entertainment will be in the auditorium.

Saturday, June 6's activities will kickoff at 8:00 a.m. with registration continuing in the cafeteria. Free coffee will be served from 8:00 until 9:30 that morning.

At 10:00 a.m., various class reunions will begin. The exact lo-

cation of each class having a reunion will be available at the registration desk in the cafeteria.

While parents are visiting, kids will be able to utilize the practice field across from the elementary school for games.

From 5:30 to 7:00 in the evening, the Knoxville City Chamber of Commerce will be hosting a catered meal in the school cafeteria. The meal will be \$5.00 for adults and \$3.00 for children.

At 7:30 p.m., a program will begin in the school auditorium for announcements, the election of new officers, a memorial service and entertainment.

At 9:00 p.m., a street dance will begin on the street in front of the elementary school and last until

midnight. Those attending are encouraged to bring a lawn chair and enjoy sitting and visiting or dancing.

On Sunday, June 7, all Homecoming '98 attendees are encouraged to attend Homecoming worship services at the church of their choice.

Those attending homecoming events and bringing children old enough to swim are reminded that the Knoxville City Municipal Swimming Pool will be open for normal hours of operation throughout the weekend.

Also, merchants in the downtown area, invite you to stop by and visit their stores during normal hours of operation on Friday and Saturday.

## Show steer validation set for Tuesday, June 16

Youth in Knoxville County that wish to show steers at major stock shows or the Knoxville County Junior Livestock Show will need to have their animal(s) validated. This year, the show steer validation will take place at the Tony Myers' barn and pens located just south of Munday. Validation will last from 8:00 a.m. to 9:00, on Tuesday, June 16.

Changes have been made for the 1998-99 steer validation. A Polaroid picture is no longer required. The procedure will be

replaced by the new Anti-body Profile Assay identification procedure. This process utilizes blood samples to make a positive identification on any steer.

Because of this new process the validation costs have increased to \$6 per calf. Anyone that has not already paid this fee may be required to do so at validation. All youth and at least one parent/guardian are required to attend so that proper paper work can be completed.

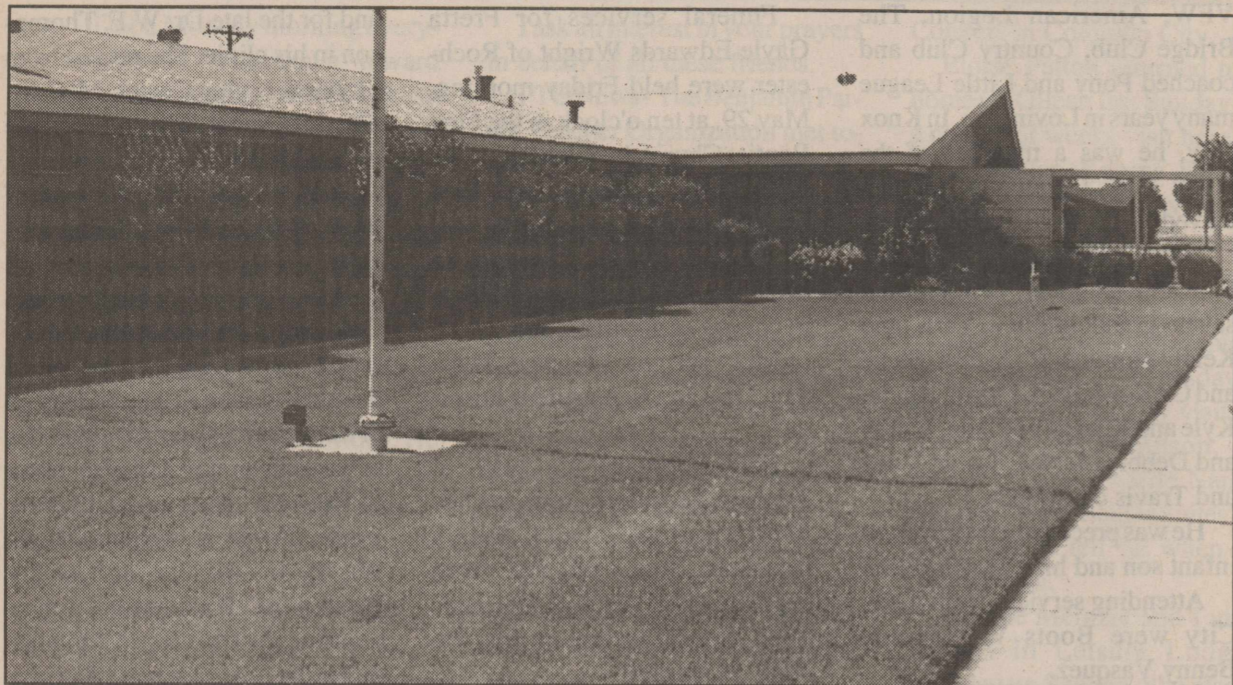

Please contact Paul Weiser in

the Knoxville County Extension office in Benjamin (454-2651) if you have any questions.

**Herbicide Offers Postemergence Grass Control in Soybeans and Cotton**

Treating grasses after crop emergence continues to become more common in our area. With a postemergence program, you treat what you see and tailor control to the problem at hand.

The ideal postemergence herbicide should:

- provide excellent control of annual and perennial grass species
- allow growers to create their own weed control program with tankmix flexibility
- be rainfast within hours
- work in any and all tillage programs.

FUSION® herbicide has become one of the most popular postemergence treatments for controlling bermudagrass, barnyardgrass and johnsongrass in soybeans, as well as 28 other grass species. In fact, Fusion recently received Environmental Protection Agency (EPA) label approval for use on cotton allowing a 10- to 12-ounce rate east of I-35 and a 16 oz. rate west of I-35 on johnsongrass 8 to 18 inches tall. Now, both cotton and soybean growers can reap the benefits of Fusion.

Fusion is a foliar-applied systemic herbicide. It works well in all tillage systems, yet is gentle on your soybeans and cotton. The flexibility of Fusion allows growers to tank mix the product at a variety of rates with more herbicides than any other competitor in its class.

Always follow label instructions and apply Fusion by air or ground to actively growing grasses when the first species reaches the recommended height. An adjuvant should be added to the tankmix to help increase herbicide contact. Fusion is rainfast in one hour and starts working within 48 hours of application. Weeds show visual signs of control from Fusion within one week.

Over the years, Southern growers have seen a natural evolution from FUSILADE® 4E herbicide to FUSILADE 2000, then to FUSILADE DX and now Fusion. Each step improved the products to meet your changing needs. Put Fusion to work for you.

For more information about Fusion, contact your local ag chem dealer.

**METER TAMPERING NOW A FELONY**

The State of Texas has adopted an amendment to the State Penal Code making meter tampering a third degree felony. A third degree felony comes with a punishment of confinement in the Texas Department of Corrections for a term of not more than 10 or less than 2 years. In addition to imprisonment, an individual adjudged guilty of a third degree felony may be punished by a fine not to exceed \$5,000.

Before the amendment of the law, it was a class A misdemeanor for meter tampering unless the loss of service was more than \$200. Under the new law, any meter tampering regardless of the amount of loss is now a felony of the third degree.

Meter tampering consists of, but is not limited to:

- (1) Diverting electricity from passing through a meter device.
- (2) Preventing electric service from being correctly registered by a meter device.
- (3) Unauthorized activation of service.

As a special note to our members, it will also be considered meter tampering if a meter is reset and electrical service is restored by anyone other than a Cooperative employee. All Cooperative meters are sealed. This seal should not be cut or broken without special authorization. In cases where the seal must be cut for emergencies, the Cooperative should be notified as soon as possible so that the meter can be resealed.

## Benjamin news

By Gladene Green, Benjamin Correspondent

Good Monday morning everyone. As we "wind down" toward our Homecoming, we are a "busy bunch" over this way. The entire weekend schedule appears elsewhere in the paper and we extend an invitation to anyone who would like to visit any former (or present) resident, to come on over. It's gonna be a good one.

Regarding the ill - Bill Ryder has been a patient in the Knox County Hospital since Friday. He was better yesterday and if he's still feeling pretty good, he may be released today. We wish Bill well.

Dutch Young gave his family (and himself) quite a scare Wednesday. He was admitted to the Seymour Hospital with what was first believed to be a heart attack but after tests, heart problems were ruled out. However, he will undergo some further testing in the very near future to try to determine the real problem. Best wishes to Dutch, also.

Clodell Duke and Debra Moorhouse continue to improve from their recent problems as does Mabel Moorhouse. They are all still not back to 100% yet, but getting there!

Joe Nunley has had some good and some not so good days since his recent surgery. He's still in a rehab unit in Wichita Falls but hopefully, his stay there will not be for long.

I ask an interest in your prayers in behalf of all these friends.

PTONews - The Benjamin Parent Teacher Organization met toward the end of the school year for a picnic, report on the year's activities and election of officers for the new year. Elected president was Connie Shaw. Vice-president is Penny Johnson and secretary-treasurer is Becky Jones. One of the projects for the coming year is to do some "sprucing up" of the bleachers at the football field. The organization always does something worthwhile during the year.

Here 'N There - Janet Reed attended the high school graduation for her niece in Midland last weekend.

Michael, David and Sara Clower are in Dallas a few days for a "cousins' camp". That's all the cousins (young and older) who get together for a day or so of fun and visiting. Isn't that a neat idea. Be nice if all families could (and would) do that. The kids will probably be home Thursday or Friday.

Jack and Mary Young spent last week in Haltom City with their daughter and family. This past weekend they were in Palastine to help their son and his wife move there from Commerce. Jack Jr. has accepted a position in the Palestine school system.

Clay Conner returned home this weekend after a week's visit with his dad and family, the Steve

Conners in Colorado City.

Eloise Patton returned to her home in Killeen last Sunday after a couple of weeks visit here with her daughter, Katrine King and family and other relatives.

Memorial Day weekend guest of Carla and Allen Porter was his sister, Tammy Jackson of Austin.

Jessie Roberts and Nancy McGreger left Wednesday for Germany for a ten day visit with their son and grandson, Kris McGreger and his wife Nancy. I imagine those "Benjaminites" will have lots to tell us when they return home.

Earlene Meinzer and I visited friends in Leisure Lodge in Munday on Sunday. She also visited her sister, Mabel Jacobs. We found them all doing pretty well. Nora Hertel was glad to see us and she was feeling fine.

Anytime any of you have an extra minute when you are in Knox City or Munday, run by the rest home. The patients are always so glad to see anyone.

And a word about Vacation Bible School held last week at the First Baptist Church here in Benjamin. It was well attended with lots of kids having a real fun and educational week. Commencement and presentation of certificates was held Sunday night with a reception following when the kids "showed off" what they had done all week.

**Abilene woman to lead human services in West Texas area**

Barbara Evans, an Abilene native and resident, has been selected as the new Regional Administrator

for the Texas Department of Human Services (DHS), Region 02/09. The selection was made by DHS Commissioner Eric M. Bost and became effective May 8, 1998.

Ms. Evans replaces former Regional Administrator, David Maberry, who retired in August of 1997.

As Regional Administrator, Ms. Evans oversees 875 employees, who administer the Food Stamp, Temporary Assistance for Needy Families (TANF), Medicaid, Community Care for the Aged and Disabled and other programs that help low-income families and children and persons who are elderly and disabled in the 60 counties Region 02/09 covers.

"I look forward to working with our staff and the community as we continue to provide services to folks in this part of West Texas who need help" said Ms. Evans. "It is truly an honor to have been selected to serve as the Regional Administrator for the region."

Ms. Evans started with DHS as the secretary to the Regional Administrator in 1980. In her 18 years with DHS, she has held a variety of management positions including Public Information Officer, Volunteer Services Director, and Community Services Director.

To the teachers and students of Knox City Elementary School:

*I would like to thank all of you for the care package I received. All of the items that were sent were greatly appreciated. I was able to share everything with the other people that I work with.*

*There are 10 of us here that are from Texas, about half from our Abilene unit and half from our parent unit in San Antonio. We are about 2 1/2 miles from the Croatian border, and about 200 miles north of Sarajevo. During the war, there was major fighting in this area, with hundreds of thousands of land mines being placed all over. On a daily basis, we still find about 10 to 20 mines, and this is after two years. There isn't much actual fighting now, the major emphasis is on trying to rebuild the country. Which is where we come into the picture. I help coordinate with the local officials, act as a liaison between the military and the civilians. We have different areas that we have to work in. We also help with the rebuilding of schools, churches, hospitals, roads, water wells and houses.*

*There are about 8000 U.S. soldiers here, and the average time that we stay is anywhere from three to nine months. At the camp that I'm at, we live in tents, and when it rains we have to slog around in the mud. The living conditions are improving all the time.*

*The group that I'm with has been here since the middle of December, and are expected to leave around the middle of July. During the winter we had quite a few snow storms and below freezing temperatures, and now with spring we've had a lot of rain. It normally rains two or three times a week. The temperatures are normally in the 70s, with the overnight lows in the 30s and 40s.*

*I have to be going for now, but I want to thank you all again for the care package. It is a really good idea that you have, because it boosts our morale to get something from home. That is something that everyone over here looks forward to, is getting mail.*

Thank You again,

Ronnie Reece

While running a race, John Baker kept wondering, "Am I doing my best?" He wasn't sure. So he tried harder. He won the race and set a new record.

Focusing on the runner ahead of him, John determined to pass him. When he did, his goal was to pass the next, and win.

Here's a lesson for you and me. In our contests, or chores, or calling, or church - let's do our best.

Always do the best you can, with what you have, where you are; remembering the words of St. Paul: "I can do all things through Christ who strengthens me."
