ADDING ANOTHER STAR TO THE Knox County Veterans Memorial Monday morning at the memorial site, east of the county courthouse in Benjamin, were these members of Tri-County Electric Cooperative, formerly B-K Electric. Harold Beck, second from left, a committee member, gratefully accepted this donation from Tri-County director Eddie Adkins, second from right. At left is Don Gregg of Tri-County Electric and shown at right is Stanton Brown, Knox County Tax Assessor. (NEWS digital photo)

Veterans Memorial project progressing nicely, KIA names should be submitted by July 30

The final date to submit names of Knox County Veterans killed in action is July 30. Please check with the Knox County Historical Commission to ensure that a veteran in this category has been listed with the memorial committee.

A complete list of Knox County veterans whose names have been submitted can be read at various county locations. Names of those killed in action are also marked on the list.

The July 30 date for listing those killed in action is necessary because those names will be carved on the arch which will be

the central portion of the memorial and that section of the memorial is to be done first.

The help of everyone is being enlisted to make these names accurate. If someone notices a name being left off, please notify the committee. Also if spelling or another mistake in a name has been made, let the committee know.

Several veterans still do not have their time of service noted by their names on the list. This is important as names will be listed in alphabetical under one service period, such as World War I, World War II, Korea, Vietnam,

with a special designation for men and women whose service time did not fall into one of the major service periods.

The final date for submitting names of other veterans than those who were killed in action will be Labor Day.

Many families and communities will have reunions that weekend and it will be an opportunity to recheck names and service. However, the names in writing should be in the next day after the holiday to the committee at Benjamin in order to be added to the final list before it is turned over to the monument company.

Donations are coming in at a good pace, but the total cost has not been met yet. Walks, water system, lights, flags and grounds plantings will have to be covered beyond the cost of the granite monuments.

The Veterans Register of individual information will continue to be worked on even after the monuments are erected.

The granite benches shown on the colored drawings of the memorial site will cost \$900.00 if any individual, family or group wishes to dedicate one. This cost was not included in the monument cost.

Sixth annual Lions 'Wild Hog Classic' set for July 15

Plans are underway for the sixth annual "Wild Hog Golf Scramble", sponsored by the Knox City Lions Club.

The date is Saturday, July 15, and is a three person scramble to be at the Knox City Country Club. Starting time is 1:30 p.m.

Deadline for entries will be on that Saturday at 1:00 p.m.

Prizes will be awarded for closest to the pin, longest drive for men and longest drive for ladies.

According to Lions club members, participants will be supplied with all the wild hog sausage they can eat, plus free drinks.

The Lions Club encourages golfers to bring their own team or 'just show up' and be assigned to one. This annual tournament draws

entries from throughout the Big Country and promises to a great one, organizers say.

For more information, contact Carol Felts at 940-658-3066 or Will Vacek at 940-658-3509.

Entry fee of \$20 per person includes two mulligans.

Proceeds from the annual tournament will benefit the Texas Lions Camp. This is one of the

projects the local Lions Club does throughout the year and the Texas Lions Camp is one near and dear to their hearts. Many local children have benefitted from attending these Lions camps and proceeds from this project will go to directly to this project.

Make plans now to attend and support this Lions Club organization in Knox City.

Coach Sloan is retiring, to be honored July 15

Coach Tommy Sloan, who led the Knox City Greyhounds as head coach to the State Class A Championship in 1983, has retired from coaching and teaching in the Texas public school systems.

According to his wife, Carolyn, the Sloan family is planning a SURPRISE retirement party for him on Saturday, July 15, at 7:00 p.m. at China Star, 1024 Central Freeway, in Wichita Falls.

Coach Sloan has accepted a position as part-time math instructor at Weatherford College when the fall semester begins. Carolyn will be teaching first grade at

Springtown.

For his final year of coaching, Tommy completed an undefeated season at Whitewright, going into the playoffs and was named the District Coach of the Year, Carolyn said.

During his 34 year tenure, Tommy coached at Levelland, Mount Pleasant, Cooper, Texas; Weatherford, Knox City, Bridgeport, back to Knox City, Abilene Cooper, Archer City and Whitewright.

Friends are asked to RSVP by calling Sherry Sloan Speck at 940-658-5031 by Monday, July 10.

Reduced home loan interest rates offered to Texas veterans

With service-connected disabilities

AUSTIN - Texas Land Commissioner David Dewhurst, chairman of the Texas Veterans Land Board (VLB), has announced Texas veterans with service-connected disabilities are eligible for reduced interest rates on VLB home loans.

"We can never repay Texas veterans for injuries suffered in the line of duty," Dewhurst said, "but this measure will help compensate them, in a small way, for costly special features needed in their homes. These loyal veterans have given so much to their country I simply had to do something - I only wish it were more."

Dewhurst said Texas veterans with compensable, service-connected disabilities of 10 percent or more, and who meet all eligibility requirements for VLB home loans, can trim interest rates on new VLB home by one-half percent.

Disabilities are verified by award letters from the U.S. Department of Veterans Affairs.

"Texas veterans with disabili-

ties pour too much of their home loans into special features like wheelchair ramps," Dewhurst said. "They either pay more for the same floor space found in conventional homes, or accept smaller living areas. That's no way to treat someone who sacrificed his or her health on our behalf."

Since becoming Texas' Land Commissioner in January 1999, Dewhurst has substantially lowered interest rates on VLB home loans and more than tripled the maximum home loan ceiling, from \$45,000 to \$150,000. Dewhurst said interest rates on VLB home loans are considerably less than comparable VA/FHA loans, resulting in monthly savings of up to \$150 for veterans, and total savings of \$40,000-\$60,000 over the life of a loan.

"Our larger loans and reduced rates are wildly popular with Texas veterans," Dewhurst said.

Dewhurst urges Texas veterans to call (800) 252-VETS for VLB loan details and eligibility requirements.

AMANDA WARD

Skiles kin is Wylie High grad

Willard and Bettye Skiles recently attended the graduation in Abilene of their granddaughter, Amanda Leann Ward, a member of the Wylie High School Class of 2000. The ceremony was Friday, May 26, at Bulldog Stadium.

Amanda, an honor graduate, Texas Scholar and Who's Who Among American High School Students nominee, has participated in cross country, track, band and FCCLA while in high school.

She is the recipient of a McMurry University Presidential Scholarship, McMurry Trustees Honors Program Scholarship, Junior Achievement Scholarship and Wylie All-Sports Booster Club Scholarship.

She will attend McMurry and participate in the honors program, cross country and track.

Amanda is the daughter of Tommy and Pam Ward.

Also attending graduation ceremonies were Cole Ward, Bruce Skiles and Ceissia Zeissel of Abilene and Kandi Zeissel of Roby.

O'Brien happenings

By Audie Johnston, O'Brien Correspondent

"Benefits of getting old - Your investment in health insurance is finally beginning to pay off; If you've never smoked, you can start now and it won't have time to hurt you; Your secrets are safe with your friends because they can't remember them either; Your supply of brain cells is finally down to a manageable size; Your eyes won't get much worse; No one expects you to run into a burning building; There's nothing left to learn the hard way; Your joints are more accurate than the National Weather Service."

Here and There - Last Friday night, several from our church attended the Blackwood Brothers quartet singing at the Assembly of God Church in Haskell. Those who attended the meeting and

enjoyed the wonderful music were Delbert and Norma Hayes, Orval and Helen Manning, Dan and Marilyn Talbot, Hazel Emerson, Bernice Rowan and I. We all enjoyed a great service.

Craig, Lori and Chase Brothers from Tuscola visited Charlene Brothers and Don Sunday and celebrated Don's birthday.

Several from our church attended the "Celebrate America" service Sunday afternoon at Rochester. It was a great service and everyone enjoyed the entire program. Orval and Helen Manning, Norma Hayes, Marilyn Talbot, Bernice Rowan and I sure enjoyed it.

Spending the weekend with C.H., Linda and Reed Underwood were their daughter Beth and

granddaughter Faith of Roby. They all attended church Sunday.

Spending the weekend with Beatrice Ellis were her daughter, Sandra Childress of Ozona; and son David Ellis of San Angelo.

Spending several days with Clara Hanson is her daughter Joanne and daughter of Alabama. They've been attending the Stamford rodeo. Clara's granddaughter, Allison Denson of Stamford, has been selected to represent the community as the TCR's Stamford sponsor. Later this month Allison plans to ride in the Fandangle parade in Albany bearing the TCR flag. She has several other rodeos to attend later.

Last week, Cliff Banner of Hawley visited his brother and mother, Joe Banner and Billie Walker in O'Brien, before returning to New Mexico to work.

Billie Walker visited with Janie Kennedy of Haskell. Janie had a fall but no broken bones. Billie also visited the John Kimbroughs. John is slowly recovering from his back surgery.

Visiting Eddie and Claudia Bryant over the Fourth of July holiday were Jonathan Bryant of Levelland and Jennifer and Cecylee Hicks of Hawley.

Forty-eight attended the Cameron family reunion July 1 at the Haskell Church of Christ annex. A family tree of five generations of Camerons beginning with W.A. (Will) Cameron and brother Jim Cameron was put on the chalkboard.

Guests in the home of Billie Cameron Walker were her sister, Mary Seney of Minden, La.; brother Art Cameron and wife Mary Ruth of Tyler; their three daughters, Jeannie Duke of Fort Worth, Melanie Cameron of New Orleans, La.; Susan and Brad Evans of Arlington; Billie's daughter Julie and husband Dale Sanders of Amarillo and Dale's mother Annie Sanders of Amarillo.

Julie and Dale visited with the John Kimbroughs and Janie Kennedy while here.

Joe Banner is recovering well after getting his teeth extracted.

The Family of **Coach Tommy Sloan** will honor him with a **'Surprise' Retirement Party** **Saturday, July 15, 7:00 p.m.** **China Star, 1024 Central Freeway** **Wichita Falls, Texas**

Coach Sloan is retiring after 34 years of coaching and teaching in the public schools. He will be teaching math part-time at Weatherford College during the fall semester.

SINUS IS SERIOUS!

SNORING ISN'T FUNNY!

SLEEP APNEA IS DEADLY!

Sinus and nasal congestion lead to mouth breathing at night, which in turn leads to snoring. When mouth breathers turn on their backs, the tongue falls back into the throat and blocks the airway, causing apnea, which means "without breath."

Blood oxygen can then fall to dangerously low levels, causing heart attacks while sleeping.

The most common time for heart attacks is between 3 am and 6 am, and over 60% of victims have a history of snoring and sleep apnea.

The key to treating the deadly duo of snoring and sleep apnea is to relieve the nasal obstruction and restore nasal breathing. With the mouth closed, the tongue is pulled forward, preventing airway obstruction and apnea.

Benjamin news

By Gladene Green, Benjamin Correspondent

Well, by the time you read this, the 4th of July will be history - one more time. Rodeos, picnics and family gatherings are already going strong so probably by Wednesday morning, there will be a bunch of tired people.

Better news concerning our ill - Louise Hertel continues to improve daily - she's sitting up some - with help, of course, but she is up and eating a little so maybe she will regain some of her strength pretty soon. She's now in Room 505B - still at West Texas Regional Hospital.

Barbara Pierce is also making progress. Had a good way to go but hopefully each day will also bring some improvement for her. And reports on Christine Patterson is that she's doing better. Very good news about all these friends but please continue to pray for them and their families.

Party Honors Jonnie Williams - Mary Bohannon and Jack (Corky) Barker honored their mom Jonnie Williams with a surprise birthday party Sunday, July 2 at Kathie and Jack's Restaurant

in Knox City. About 50 people were on hand to wish her a good day. The table was beautifully set and streamers and balloons galore of yellow and white completed the decor. Refreshments of veggies and dip, vegetable pizza sandwiches, cake and punch were served. Guests registered from Knox City, Munday, Seymour, Waco, Benjamin, Lubbock, Tuscon, Arizona; and Vernon.

All-Star Game Slated - Texas Six Man All Star Week is coming up right away and the All Star Girls and Boys games will be played July 21 and 22 in Lubbock.

Benjamin 2000 graduate Blaine Conner will be playing for the East at 7:00 p.m. on July 21. Blaine excelled in basketball in high school and received many honors for her ability and hopefully, she will make a good showing at Lubbock. Hopefully several of her supporters will go to Lubbock to watch this game.

Here 'N There - Laura Neal attended camp at Buffalo Gap last week with the Foursquare Church of Knox City. Then on Saturday,

she accompanied a group from the Knox City Baptist Church to a Christian concert at Southfork Ranch at Dallas. She said she had a wonderful time both places.

Weekend guests of Larry and Gaye Neal were Sara Blackstock and Joseph of Mesquite and Audra Neal of Dallas.

Overnight guests of Jonnie Williams and Mary Bohannon were Charlie Barker of Lubbock and Corky Barker of Tuscon, Arizona.

Jack and Sue Sheedy attended a reunion of their graduating class in Coahoma, Class of '55. Said they had fun and saw lots of old friends

Billy Trainham of Lubbock visited the Charles Jones and Bobby Trainham during the weekend.

Joyce Nix of Hewitt, near Waco, was here Sunday for Jonnie Williams' birthday party. She said Gene is doing well and sends his best to all his Knox County friends.

Betty Bohannon spent the weekend with her husband, Roger, who is working in Fort Worth.

Services are held here Monday, July 3 for longtime resident Ruth Moreland Denton

Funeral services for longtime Knox City resident Ruth A. Moreland Denton were held Monday, July 3, 2000, at 10:00 a.m. in the First Baptist Church.

Officiating were the Rev. Johnny Johnson, Rev. John Gillispie and Gene McCarty.

Burial was in the Knox City Cemetery with Smith Funeral Home in charge of arrangements.

Mrs. Denton, 96, died Friday, June 30, 2000, in the Brazos Valley Care Home following a lengthy illness.

Born February 16, 1904, in Jayton, she married Audrey Denton on October 1, 1927, in Benjamin. She had lived in Knox City since this date.

Mr. Denton preceded her in death on June 21, 1998.

Her parents were the late Wil-

TPA names Alvin Holley president

Alvin Holley, owner/publisher of *The Polk County Enterprise*, was elected president of the Texas Press Association June 24 during the association's 121st Summer Convention.

Holley succeeded Lynn Brisendine, publisher of the *Brownfield News*, as head of TPA, which represents 92 daily and 438 weekly newspapers throughout the state.

"It is a great honor to be able to serve the TPA and its members during the coming year," Holley said.

"I will do my best to see to it that this strong and active organization continues to develop new programs that will keep pace with ever changing technology."

During the convention, TPA presented Holley its Golden 50 Award, which recognizes individuals who have worked for 50 years or more in the newspaper business.

A native of Corsicana, Holley began his newspaper career at the age of 10 as a carrier for the *Corsicana Daily Sun*.

"I believe I received my best education 50 years ago when I sold newspapers on the streets of Corsicana," Holley recalled.

"I learned quickly how to stand on my own and it gave me an opportunity to learn about economics and how to make a living as a salesman."

As a "hawker," Holley sold newspapers on the streets for 5 cents — 3 cents was paid to the newspaper and Holley kept the remainder plus tips.

During his teenage years, he developed his own route and sold more than 500 single copies each afternoon, earning him the right to claim "most copies sold daily by a carrier at

Alvin Holley, owner/publisher The Polk County Enterprise

the *Corsicana Sun*."

After selling newspapers on the streets for a number of years, Holley was offered an office job with the *Sun*. Holley recalled his conversation with the newspaper's publisher.

"I told him if I couldn't make more than I made on my paper route, I wouldn't take the job," Holley said.

Holley did take the job and recalled it began at 7:30 a.m. and ended no earlier than 7:30 p.m., six days each week. Although his first paycheck was \$65 per week, it was enough to provide for his new family.

The best thing about moving into the office was that it gave Holley an opportunity for even greater advancement.

While working for the *Corsicana Daily Sun*, Holley moved through the ranks as circulation manager, advertising manager and general manager.

In 1972, he and another employee of the *Sun*, David Durham, bought Polk County Publishing Co. in Livingston. At the time, the company owned and operated *The Polk County Enterprise* in Livingston, *The San Jacinto News-Times* in Coldspring and Shepherd, and *The Lake Livingston Progress*.

In September 1972, Holley and Durham purchased *The Groveton News* and in March 1973 they added *The Trinity Standard* to the group.

As East Texas grew, so did Polk County Publishing Co., which now includes *The Corrigan Times*, *The Houston County Courier* in Crockett and *The Tyler County Booster* in Woodville.

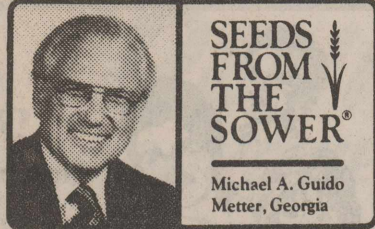

The company also publishes a number of free distribution weeklies, including *The Big Thicket Messenger* in Liberty County and *The Pennysaver* in Polk County.

Holley bought his partner's interest in the company a number of years ago and currently serves as publisher of all seven of the newspapers, which serve a five-county area.

In addition to his service with TPA, Holley previously headed up one of the state's five regional press groups, the Texas Gulf Coast Press Association. He was president of that group in 1986-87.

Holley also has received a number of community service awards and was named as the Polk Countian of the Year in 1985.

This year he was nominated for the Deep East Texas Council of Government's Dr. Ralph W. Steen East Texan of the Year Memorial Award.

One day I saw a sign on a car that read, "Honk, if you love Jesus." Many drivers honked their horns.

But further down the road was another car that had the same sign. Only it had a blowout, and not one who honked stopped to help.

Many times we substitute honking for helping, praying for paying, saying for showing.

But the Bible says, "Let us stop just saying we love people; let us really love them, and show it by our actions." Then we will know for sure, by our actions, that we are on God's side.

Honk, but also help!

One day a fellow said to me, "I want to give my dog away."

"Why?" I asked. "He's a beautiful dog."

"Yes," he replied. "But he's not like your dog. He follows everybody, and a dog that follows everybody isn't good to anybody."

Like that man, our Lord wants loyalty. That's why He said, "Follow Me."

When you follow Him, you'll do more than exist, you'll live. You'll do more than touch, you'll feel. You'll do more than hear, you'll obey. You'll do more than take, you'll give. You'll do more than worship, you'll work.

It costs you nothing to become a friend of Christ.

But it costs you everything to be a follower. Dare you pay the price?

BBB cautions consumers to beware of bogus billing

Each year, advertisers lose millions of dollars to bogus Yellow Pages billing schemes. Often bearing the famous (but never trademarked) Walking Fingers logo, misleading and fraudulent Yellow Pages solicitations look like bills and they routinely get paid by many unsuspecting advertisers nationwide.

The Yellow Pages Publishers Association, in cooperation with Council of Better Business Bureaus, is working to help educate and protect business from these rip-offs.

This alert provides tips on how to recognize a bogus Yellow Pages bill and what to do should you receive one.

If it is a solicitation, not an invoice, federal postal law requires

that it must state this very clearly in a different, larger type face, often in a contrasting color.

- Use common sense. Examine the bill carefully before paying it. Check files for pending contracts with Yellow Pages publishers to ensure the mailing relates to advertising ordered.

- Contact the local Better Business Bureau for a reliability report.

- Notify the local postal inspector. The United States Postal Service works to stop misleading and fraudulent mail solicitations and wants to know when one is received.

- Alert the state attorney general's office.

- Photocopy the solicitation and post it on a bulletin board. Circulate it among accounts payable staff members.

Contact the Yellow Pages publishers that business is done with. They may want to help alert other advertisers in the area about the bogus billing scheme.

Fact & Fallacy

About Pool Protection

(NAPS)—Diving into these facts and fallacies about pools may help keep your own pool cleaner, clearer and healthier.

Fallacy: A chlorine odor from your pool means that there is too much chlorine in the water.

Fact: The odor is actually from chloramines that form when there is not enough free chlorine. It can be cured with a shock treatment.

Fallacy: Itchy skin and red eyes are definite indications of excess chlorine.

Facts: Wrong. Again, this is clearly a sign of too little chlorine. Shock treat the water and shower before entering the pool.

Fallacy: 4-in-1 products have just as much chlorine as a product called Super Sock It® brand.

Fact: Super Sock It® shock brand has 78 percent available chlorine, which is twice as strong as 4-in-1 products.

1999 Drinking Water Quality Report
 (Consumer Confidence Report)

BENJAMIN CITY OF

Special Notice for the ELDERLY, INFANTS, CANCER PATIENTS, people with HIV/AIDS or other immune problems:

Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/Centers for Disease Control and Prevention (CDC) guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

Our Drinking Water Meets or Exceeds All Federal (EPA) Drinking Water Requirements

This report is a summary of the quality of the water we provide our customers. The analysis was made by using the data from the most recent U.S. Environmental Protection Agency (EPA) required tests and is presented in the attached pages. We hope this information helps you become more knowledgeable about what's in your drinking water.

Where do we get our drinking water?
 Our drinking water is obtained from Surface water sources. It comes from the following Lake/River/Reservoir/Aquifer: MILLER CRK RES. TNRC will be reviewing all of Texas' drinking water sources. The source water assessment process will be completed within three years. It is important to protect your drinking water by protecting your water source.

ALL drinking water may contain contaminants.

When drinking water meets federal standards there may not be any health based benefits to purchasing bottled water or point of use devices.

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline (800-426-4791).

About The Following Pages

The pages that follow list all of the federally regulated or monitored constituents which have been found in your drinking water. U.S. EPA requires water systems to test up to 97 constituents

Secondary Constituents

Many constituents (such as calcium, sodium, or iron) which are often found in drinking water, can cause taste, color, and odor problems. The taste and odor constituents are called secondary constituents and are regulated by the State of Texas, not EPA. These constituents are not causes for health concerns. Therefore, secondaries are not required to be reported in this document but they may greatly affect the appearance and taste of your water.

Public Participation Opportunities

Date: REGULAR MEETINGS OF THE CITY COUNCIL ARE HELD ON THE SECOND MONDAY OF EACH MONTH

Time: 7:00 P.M.

Location: CITY HALL, BENJAMIN

DEFINITIONS

Maximum Contaminant Level (MCL)
 The highest permissible level of a contaminant in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.

Maximum Contaminant Level Goal (MCLG)
 The level of a contaminant in drinking water below which there is no known or expected health risk. MCLGs allow for a margin of safety

Treatment Technique (TT) -
 A required process intended to reduce the level of a contaminant in drinking water.

Action Level (AL)-
 The concentration of a contaminant which, if exceeded, triggers treatment or other requirements which a water system must follow.

NTU - Nephelometric Turbidity Units

MFL - million fibers per liter (a measure of asbestos)

pCi/l picocuries per liter (a measure of radioactivity)

ppm - parts per million, or milligrams per liter (mg/l)

Keep Peanuts Free of Diseases

It's the same story for Texas peanuts as last year: Rhizoctonia, white mold and leafspot will be the most destructive diseases and can potentially damage 10-15 percent of the crop. Choosing the right fungicide is one of the most important decisions peanut growers will make this season.

When hot, moist weather in mid-summer is followed by dry conditions, leafspot and soilborne diseases can really flare up. Peanut diseases can be held in check to a large degree by using tolerant varieties, correctly planning and timing irrigation, practicing crop rotation and removing crop residue.

Aside from cultural practices, implementing an effective fungicide program is the key. Growers should scout regularly, take notes for field history and plan out a timely spray schedule. Diseases like Rhizoctonia can be impossible to control once they're started and an early fungicide application may be the only control measure.

ABOUND® and **BRAVO ULTIREX®** fungicides address the need for integrated disease management in the South. The powerful preventative activity of Bravo Ultrex and the combination of preventative and curative activities of Abound provide highly effective control against leafspot, Rhizoctonia limb, peg and pod rot, white mold and stem rot.

Begin with a Bravo Ultrex application 30 days after planting for control of foliar diseases. Subsequent applications should be made at 10- to 14-day intervals. Substitute Abound for Bravo Ultrex for control of soilborne diseases at approximately 60 and 90 days after planting.

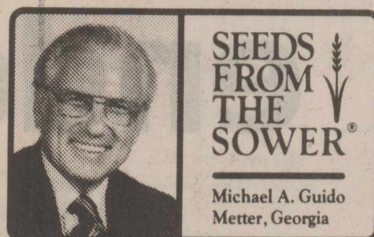

The combination of Abound and Bravo Ultrex can deliver higher-yielding, higher-quality peanuts, and that means a more profitable peanut crop. For more information about Abound and Bravo, see your local ag chem dealer.

Michael A. Guido
Metter, Georgia

Her house was burning, and the firemen raced to put out the fire. But she tripped one and stopped another.

"Ma'am," asked the chief, "how do you want your house - medium, rare, or well done?"

She wanted her house saved, but on her own terms. And there are many who want their souls saved, but on their own terms.

If you're to be saved, it must be by God's terms.

It's not by trying, but by trusting; not by reformation, but by regeneration; not by feeling, but by faith; not by the church, but by Christ.

One asked, "What must I do to be saved?" and Paul answered, "Believe on the Lord Jesus Christ."

You will, won't you?
