EXPRESS COMPANY ROBBERS ARE SENTENCED

Guilty Plea and Refund of Money Bring Leniency

H. H. Hitt of Stamford and H. P. Hartley of Plainview, each were sentenced to one year in the State Penitentiary by Judge Dennis P. Rathiff on the last day of the Court Term, in the 29th District Court, Saturday November 2nd.

Special Detective Bell, employed by the Express Company to investigate the case testified that the boys had given him statements to the effect that they had planned the robbery several weeks before the actual deed.

They had noticed that the Haskell Agent moved his safe dial only a few notches when closing the office for the night and had also looked the premises over and discovered that only a bar held the back door.

On faked pretenses, Hartley went to the rear of the building on the night of June 22nd, at closing time for the local office, and removed the piece that barred the back door.

After dark, he and Hitt returned (Continued on Page Eight)

HASKELL COUNTY COUNCIL PTA WILL MEET SATURDAY

Mrs. A. H. Wair, president of the Haskell County Council of Parent-Teachers Association has called a special meeting of the organization to be held in the high school building Saturday afternoon at one o'clock. All members of the Council are urged by Mrs. Wair to attend the meeting as a number of important matters will be brought up for discussion.

A Correction and An Apology For Just 40 Years Late But No Offense Intended A Bit of Unfinished Reporting

In the issue of the Free Press for Saturday, October 19, 1935 we stated that four boys, one among them was Joe Jones, were leaving on their bicycles for the Dallas Fair.

We wish to make a correction inasmuch as Joe Jones, now known as Judge Joe A. Jones tells us that he rode his bicycle as far as Albany but his money was about to burn holes in his pocket and he left the wheel there and rode the train to Fair. The other boys pedaled the 240 miles and returned.

We are very sorry as we try to be accurate, but errors just will crop up unexpectedly.

CHOLERA PREVALENT AMONG SWINE IN COUNTY

Preventatives and Aids Given by County Agent

Hog cholera is in Haskell County, stated B. W. Chesser County Agent. Upon discovery of strong symptoms of hog cholera in one farmer's pen, Mr. Chesser secured the services of a State Veterinarian and last Monday the symptoms were verified and several hogs have been killed.

Mr. Stephenson of Sweetwater, the State Veterinarian called in by Mr. Chesser, gave specific instructions as to what to do when Hog Cholera is discovered. Mr. Chesser is busily answering questions and giving advice to those breeders that have from \$200 to \$500 in their meat hogs and at this close time to killing, the situation can easily become serious and cost the farmers all their hog profit for several years to come.

The disease started in Haskell County from some pigs that had been shipped in and in violation of the State Law, these pigs were sick. Mr. Chesser stated that too much caution could never be taken in the buying of pigs. Make sure of the purchase and the purchaser, was his advice.

There is a scam that can be given the hope that will keep them immune for 60 days at a time. In most cases, this 60 day period will cover the time required before the hogs (Continued On Page Eight)

INDIANS TWIST THE TIGER'S TAIL 29-0

Long Runs, Intercepted Passes Mark Anson Go

The Haskell High School football team, although rated as only one touchdown better than the Anson squad, brought home the bacon last Friday night to the tune of 29-0 in a game full of intercepted passes and slow men on both sides who had broken training and whooped it up on Halloween to the detriment of the other members of the teams.

Jack Kimbrough starred in the game with two beautiful runs that were carried over the goal line. The first run of 73 yards was a sweeping end run and after the first 15 feet past the line of scrimmage, he had no interference and there was plenty of Anson men that had to be dodged. This run was one of the most spectacular dashes that high school football will witness in many years.

In the last quarter Kimbrough got loose again for 49 yards through the center of the field and although he had better interference than on the former run, crossed the goal line with two Anson men going along for the ride.

Kimbrough was again marked in this game and carried the ball less than has been his custom but his blocking and passing helped on many long gains. His tumbling (Continued On Page Eight)

3 PROJECTS APPROVED AND OTHERS PENDING

\$80,000.00 WILL BE SPENT IN HASKELL COUNTY FOR FEDERAL WPA ROAD AND STREET PROJECTS

There will be employed 224 men on Federal WPA work, according to Judge Charles M. Conner who returned Saturday from a trip to PWA headquarters in Wichita Falls where he was given orders to go to work on some of the projects immediately.

Practically \$80,000.00 will be spent on these roads if the men can be found to take the jobs. An acute shortage of man power is being experienced in Haskell county due to the fact that most of the PWA laborers have taken advantage of the cotton picking and have deserted the PWA payrolls.

JAYCEES VOTE TO HELP MANY GOOD CAUSES

Business Manager Voted To Give Information

The Haskell Junior Chamber of Commerce met in the office of Walter Murchinson last Monday night, October 4th, to discuss plans for the coming year.

Means of meeting the deficit incurred by the group at the dance sponsored at the Golden Jubilee Fair were discussed. The situation will probably be met within the next few days.

The Jaycees voted almost unanimously to sponsor the high Santa Claus parade that will be staged on the streets of Haskell, Saturday, December 7th. A representative of the Gainesville Community Circus told of the parade's features and passed ample pictures for the group to get an idea of the magnitude and the quality of the entertainment. A finance committee was appointed to assist the local merchants in getting the necessary money to pay for the floats and actors that will be used in the parade.

Members were appointed to see that the high school pep squad and the necessary local talent that will be needed are on the parade starting point at the appointed time.

The Junior Chamber of Commerce voted to appoint Mr. Johnnie Banks, local Attorney as the business manager and to take care of all the necessary correspondence, preparation of brochures and other matters requiring his attention. Anyone wanting information about Haskell and the prospects of Haskell as a location for future industries will be referred to Mr. Banks who will soon have the statistics compiled and at his command.

It was also decided to help in the payment of the office rent on the space which the City and County is furnishing headquarters of the WPA in this district.

A more pliable system of operation in the future was the general wish of the members present.

Judge Conner stated Monday that he had tried to get a postponement for this work but had been unsuccessful in his efforts. The Federal officials are not prepared to give any sanctions for delay and a postponement at this time will result in the withdrawal of the funds entire.

The first project to start is 4,000 lineal feet of grading, drainage and caliche base for the streets of Weinert. This work is to begin Monday October 11th unless called a holiday in celebration of the Armistice.

On this project, the Federal funds are \$2,632.66 and the sponsors portion is \$858.93.

ELECTRA RESIDENTS HURT IN COLLISION OF CARS ON HIGHWAY

Three Electra, Texas residents were injured, two of them seriously when the automobile in which they were returning to that city from Kermit, Texas, was involved in a collision with a Haskell county car several miles north of this city last Friday evening.

Mr. and Mrs. Mack Ray, and Mrs. Ray's father, C. E. Meyers were treated in the office of Dr. T. W. Williams after being brought to Haskell, following the accident.

Meyers was the most seriously injured, receiving severe cuts about the head and face, one laceration extending from the forehead almost to the tip of his nose. Meyers, driving the car in which he and his relatives were returning to Electra, was pinned beneath the machine in the collision. V. P. Terrell, Haskell farmer, was driving the other car involved.

Terrell was uninjured, but both automobiles were damaged considerably. Mack Ray, son-in-law of Mr. Meyers, sustained severe cuts on the right ankle and bruises about the body. Mrs. Ray suffered from body bruises and shock.

The accident occurred when the two cars side-swiped as drivers endeavored to avert a head-on collision when the vehicles met as one pulled to the center of the highway in passing a school bus.

Will Rogers Memorial Fund Contributions Being Taken by Banks, Papers

A fund to commemorate the memory of the late Will Rogers, Humorist, philosopher, philanthropist and friend of everyone is being contributed to by everyone all over the nation.

This fund will not be used to erect a cold stone shaft, but will be used to build or help some institution devoted to charity, education or one of the humanitarian services. This was the request of Will Rogers before even the thought of death came to him.

Through arrangements with the nation and state committees, Haskell County people who wish to help in this good work may bring or mail their contributions to the Haskell Free Press, the Farmer's and Merchant's State Bank or the Haskell National Bank.

The WOMAN'S Page

Methodist Missionary Society.

On Monday November 4th, the women of the M. M. S. met in the annual "Day of Prayer" program, with Mesdames Persons and Graham as joint directors.

Promptly at 10:00 a. m. with Mrs. Patterson at the organ, the Worship Service was begun. An inspiring program of Sacred hymns was rendered. Among the numbers heard was "Jesus Calls Us," "The Old Rugged Cross," "Must Jesus Bear The Cross Alone" and others. This organ program was concluded by all singing "Sweet Hour of Prayer". The "Immortality of Service" was the topic of the program, to which, Mrs. Persons gave a very comprehensive introduction. The morning devotional was given by Mrs. R. C. Montgomery. As a basis for her talk, verses from different chapters in the Book of Proverbs were used. Comments were interesting and gave evidence of much study. The reading of a poem by Grace Noll Crowell concluded this very fine talk.

"Just a Whispering Prayer" sung as a duet by Mesdames Oates and Lewis, was next heard.

Mrs. Breedlove next told of some of the struggles of the early pioneers in the "peace" movement.

Several members, next read verses, dealing with the subject of the program. Those reading were Mesdames Sowell, Wilson, Irby and Graham. Sentence prayer by the group followed. Song "O Master Let Me Walk With Thee" was sung. Mrs. Wallace Cox gave a splendid talk on Social Settlement work, also told much of the life of Miss Lane Adams, founder of "Hull House" in Chicago. Mrs. Cox also told of Ensley House, (Community House), in Alabama. This talk was concluded by the reading of an appropriate poem. Mrs. Hugh Smith told, very interestingly of the Laura Haygood Normal in Soo-Chow, China. Mrs. E. Martin read a poem, after which, with Mrs. Patterson playing softly, all knelt at the Channel rail and laid the morning offering. The singing of "Faith of our Fathers" concluded the morning program. Lunch of sandwiches, pie and coffee was served in the dining room at noon.

At 1:00 o'clock p. m., with Mrs. Matt Graham as afternoon director, all assembled in the auditorium. Songs "Jesus Calls Us" and "Come Thou Almighty King" were sung. Mrs. Ethel Irby gave the afternoon devotional, reading for her Scripture the parable of the "Ten Talents". We were reminded that each of us has some talent, for which we are solely responsible. A poem by Henry Van Dyke was read. The director next told of the places to benefit by the Day of Prayer offering. This Day of Prayer is observed by all the Missionary Societies in Southern Methodism, and the following places will receive this year's offering: Laura Haygood Normal in China, the Evangelistic Center in Seoul Korea, Ensley Community House, Alabama, Home Mission Emergency Fund. Mrs. C. L. Lewis next gave a very fine article, entitled "At The Center of an Ancient City". This told of the life in a Community House in Seoul Korea. Mrs. Leon next told of Tai Community House also situated in Seoul.

Song "Give Your Best to the Master" was sung, after which the afternoon offering was taken. Mrs. Fields next told of Holman Hunt's great painting "Light of the World". This picture was painted in 1854 and was inspired by the Scripture verse beginning "Behold I Stand at The Door and Knock". The original painting hangs in the Hall of Oxford University, but an exact replica was painted by Mr. Hunt to hang in St. Paul's Cathedral, London England. A handsome reproduction of this famous painting, made more beautiful by a soft illumination, skill-

fully placed, contributed very much to the interest of Mrs. Field's talk. The speaker had the pleasure of viewing this great painting, while on her tour of Europe and the Holy Land. Song "Beautiful Garden of Prayer" was sung, after which Mrs. Breedlove offered the Prayer of dismissal.

This "Day of Prayer" was one of the best held in recent years. A sense of deep spirituality pervaded the group and the offerings were generous totaling \$1975. The President feels deeply grateful and extends thanks for the hearty cooperation, without which this successful day would not have been possible. We meet on next Monday at the usual time, 3:00 p. m.

1935 Red Cross Poster

Still the Greatest Mother

THE compelling appeal of the most famous of Red Cross world war posters has been adapted by the distinguished artist Lawrence Wilbur in the 1935 Red Cross roll call poster.

"The Greatest Mother in the World" was the title given to the original creation of Alonso Earl Foringer, eminent mural artist and illustrator of New York. The poster gave the keynote of the Second war fund drive of the Red Cross, and millions of copies were distributed throughout the nation.

In submitting a design for the 1935 poster, Wilbur, who has painted a number of posters for the Red Cross, placed the shadowy, heroic figure of mercy in the background, with the practical Red Cross nurse succoring a sick and wounded child in the foreground. "Still the Greatest Mother" is his title.

The posters are distributed through 3,700 Red Cross chapters and 9,000 branches in an appeal to every man and woman to join as a member during the annual roll call.

Meeting opened by singing "Footsteps of Jesus", with Mrs. Wiley Reid at the piano. Mrs. Taylor gave the opening prayer and a short business session followed in which we planned to meet at the church Wednesday to pack a box of clothing for Buckner's Orphan's Home at Dallas and also to send a truck load of canned goods next week.

Mrs. Cates then offered a prayer for our work in China. Mrs. Taylor gave the Bible Study Even as He walked from First John 2:14. Mrs. Couch then told the story of Henrietta Hill Shuck and Mrs. Glenn gave collecting links.

Mrs. Cates and Mrs. Reid gave an interesting conversation impersonating Mrs. M. E. Dodd and Mrs. H. Shuck as Mrs. Dodd had visited our Southern Baptist mission field in China last year and Mrs. Shuck one hundred years ago. Mrs. Reid then read a beautiful poem entitled "Do What You Can For China."

Only one half-million of her people are Christians and 449 1/2 million are not. It is a challenge to stir our souls and to inspire us to our utmost in consecrated efforts to win this great land for Christ. Surely we can pray and give of our money that China may be won to Christ and we must cry out to all, "Do what we can for China."

We were dismissed with prayer by Mrs. Hammer.

T. E. L. Class of Baptist Sunday School Meets

Members of the T. E. L. Class of the Baptist Sunday School met at the church at 10:00 o'clock Tuesday morning and motored out to the home of Mrs. Angie Herron for an all-day meeting. Each member carried a covered dish, a menu having been planned beforehand, and the result was a lovely meal of several courses, at the noon hour. Mother Bailey offered our thanks, then all served themselves cafeteria style. Conversation employed the time until two o'clock when our program was opened by singing "Break Thou The Bread of Life" and "Close To Thee" Mrs. R. C. Couch brought the Devotional, reading the 37th Psalm and Mrs. Cate led in prayer.

The president, Mrs. K. D. Simmons presided during the business session. Our secretary Mrs. Spencer Lane brought a good report on the six point record system. One noticeable fact was that of the number who had been present during the entire month. Only three had failed to stay for church services. Three of our four group captains were present each giving an encouraging re-

port.

A Bible quiz followed, also a contest, where verses of scripture clipped in various shapes and pieces were passed, then when fitted together, stressed some of our greatest Bible truths.

"The most amusing incident in my life" as told by each, proved extremely mirth provoking. Those enjoying the day were: Mesdames K. D. Simmons, Geo. Herrin, Jno. Fouts, H. C. Cate, Jno. A. Couch, Sam A. Roberts, I. S. Grindstaff, R. C. Couch, C. A. Akins, Lizzie Bailey, M. A. Clifton, Tom Jenkins, Spencer Lane, Sam Newsome, W. J. Martin, H. K. Stoker, Bob Ganaway, J. D. Fouts, B. M. Whiteker, Mary Oates, L. B. Watson, R. E. DeBard, J. Everett, Travers Everett, Mother Bailey, Miss Dorothy Herren and the hostess. Truly it was good to meet in this home and we feel the day was profitable as well as enjoyable.

Judge W. R. Chapman of Abilene, was a visitor in Haskell Saturday. Judge Chas. Conner was in Wichita Falls Saturday where he appeared before a P. W. A. committee.

The above photograph shows the size of the huge mouth of "Colossus" with part of the crew that captured the mammal sitting in the mouth. The insert shows little Miss Delores Franke, of St. Louis, Mo., juvenile motion picture and stage star, standing in the mouth of a baby whale.

An opportunity to see one of the greatest educational exhibits of all time will be given the people of this vicinity next Friday November 15th when the Eureka Whaling Company of Long Beach, Calif., brings to Haskell their mammoth marine exhibit. The exhibit is transported on a specially constructed railroad car over 100 feet long and will be placed on a siding near the Wichita Valley Depot. The feature of the exhibit is "Colossus", a 68 ton whale, over 55 feet long and in a perfect state of preservation, and just as it appeared when encountered off the coast of San Clemente several months ago. In addition to the whale the exhibit will include over 40 other specimens of marine life such as the octopus, pilot fish, man-eating sharks, sword fish, the Seattle sea monster,

a modern type harpoon gun used in the capture of whales. Another feature that accompanies the whale, is Madam Sirwell's flea circus and a family of real live Penguins from Little America. Captain David J. Barnett, veteran whaling commander, and a crew of 30 men accompany the exhibit car. The exhibit will be open to the public from noon until 10 p. m. on that day.

Jones of Haskell preached us a real good sermon Sunday morning. Mrs. Ed Kreger and Mrs. Nina Dunnam is reported on the sick list at this writing. Mr. Morris Hill, who is with the C. C. C. at Mexico is home on a leave of absence. He will return to his camp Wednesday. Edward Baty accompanied Bro. Ernest Marion to fill his appointment at Needmore Sunday. We are hoping and praying for World Peace. It is terrible to send men into wars when it isn't even their desire to fight. They are only pawns in a game played by a set of men who always keep a safe distance from the firing line. Invite everyone to Church this Sunday. Let's put Haskell on the map as a church going town. I met a minister Monday morning who was so happy because his congregation had surprised him with an unusually good audience. Go to church and help reduce taxes.

Indians Swamp Tigers to Tune of 29-0 Friday

Friday night proved to be another victory for the Indians. They took Anson down to make the 6th straight victory for the season. Although the weather was not pleasant, a fair sized crowd witnessed the Indians on the warpath.

Jack Kimbrough was the leading scorer with three touchdowns, while little McMillan made one. Weidon Smith went through the Tigers like winter wind through summer pants, to tackle a Tiger behind the goal line for a safety.

This was the most sensational conference game of the season for Haskell, because the Tigers were placing close to the top of the East half Class B district.

Jack Kimbrough was the most spectacular player of the game. He gave the fans their money's worth by running 65 yards for a touchdown and 45 yards for another. He also did marvelous blocking and tackling.

"Rosie" McMillan and Albert Barnett played their best games against Anson. The other men that made up the line were also doing their best. These men were: Moser, Smith, Akins, "Tatawcker" Rose, Stanton, Kirkpatrick and several others. They will be playing better against the next three teams—Hamlin, Merkel, and Stamford.

We must now look forward to the Hamlin vs Haskell game at Haskell. The boys are trying hard and we will see them with warpaint on against the Pied Pipers.

Monday Morning In Study Hall

After a few are in study hall a teacher surprisingly walks in.

Everyone gets busy.

Someone comes in and everybody looks up to see who it is.

Armitta opens the library.

There is a mad rush to see who will greet her a "good morning" first.

During the rush a pencil lead is broken and the lucky one goes to the pencil sharpener.

Everyone looks up and grins at everyone else.

Mr. Wimbish comes up to see how all is going; students get busy; he raises a few windows and leaves.

Everybody relaxes.

Study hall keeper sees someone talking and explains that detention slips are given for that.

Christene puts a window down. Gene raises it and all the girls make a grab for their hair.

A number of seniors drift nonchalantly in and go to their seats and open a book.

Looks up to see if so in so is here yet.

Start talking knowing that this is teachers day to recite.

Then the roving eyes starts that way and all is quiet.

The bus arrives and about thirty students get to the study hall door.

Everyone looks up.

The bell rings.

And another week is on.

This Week's Warwhoop "Chief"

Ed F. Fouts has been elected Warwhoop "Chief" and will serve in that capacity during the coming week. Mr. Fouts is a loyal supporter of the Haskell High School, and can always be found on the right side of any moral question. He is a booster for the Haskell Indians and other athletic activities of the student body.

Mr. Fouts came to Haskell in 1902. He was connected with the McNeill & Smith Hardware Company for 10 years as book-keeper. He served four years as Deputy County Tax Collector, and was later elected as County Tax Collector, a position which he held for six years. At the present time he is a member of the City Council.

He belongs to the Lion's Club and is a member of the attendance committee. He is active in the Club's affairs and is always ready and willing to assist in any worthy cause that will make Haskell a bigger and better place in which to live.

Students Hear Travel Talk

On Wednesday of last week, October 30, a rather unusual but very interesting assembly program was enjoyed by the student body of Haskell High School. Mrs. Witherspoon, a representative of S. M. U. carried us in a short trip around the world. She was dressed in an elaborate decorated costume of a Chinese bride, and began her talk by telling about her dress and the wedding ceremonies of China.

She then took up the story of her voyage around the world, beginning with the sailing from New York for Europe. The expedition of which Mrs. Witherspoon was a member landed on the Madeira Islands, and then following a northeastern course, went to Europe, then to India, on to China, across the Pacific, touching at Hawaii, and landed at San Francisco. The long journey was not finished however for the Eskimos and Indians of our own country were visited.

Mrs. Witherspoon had with her a beautiful collection of dolls. Each country was represented by at least one, and probably two or three dolls dressed in the native costume of their country. Their facial features also conformed to the lines and colors of those of the people they represented.

The splendid talk was finished when Mrs. Witherspoon encouraged us to complete our high school education and then go on to college and higher training. "Our world," she said, "is only as large as we make it."

We are sorry to take Rex Packwood, Jack Lanard and Stanley Tucker off the senior roll. These boys have joined a OOC camp in Arizona.

Whoops

Mr. Mason has been a widower this last week. Maybe that explains why the Grocery boy caught him with an apron on, mopping the kitchen floor last Saturday afternoon.

Helen Ballard's boy friend from Rule evidently got a bit jealous Thursday night because of a certain little Haskell guard giving him some competition.

Melba Colium and Bob McAnulty are seen quite often with one another lately. Better look out, Ruby Sue.

Can you think of anything worse than having one of your private love letters publicly read to the whole high school at announcement period. This actually happened to a Freshman last week and should be an example to all those (especially Freshmen) who are inclined toward note and letter writing in the study hall.

Christene Tucker has a reason for being interested in Knox City now. Rosie's girl, "Sweet" or Lucille Stephens is a heart breaker.

The Stamford quarterback really fell for "Aunt" Majorie R. (We heard).

After watching the game until the middle of the fourth quarter and noticing one dirty tackle after another, a spectator solemnly said, "I wonder if that referee ever saw a foul (fowl) without feathers?"

We notice Evora Jenkins especially likes to pass by Self's Bakery. We don't suppose the boy that delivers bread has anything to do with it though.

Jack Simmons just can't keep his ring off certain girls fingers, especially M. L.

Notes From The Bleachers

We're not rough. We're not tough. We're just Haskell struttin' our stuff!

And I think you'll agree with us too, that we were "struttin' our stuff" from the looks of the scoreboard. Those boys were in there to win the game and to fight for all they were worth. It took the Pep Squad a few minutes to "fire-up" but when they did get "warmed-up" they stayed that way until the end of the game. The squad certainly missed Anabel, one of their leaders, who was absent on account of illness. They substituted Mary Eleanor Diggs and they think she did real well and they thank her for her efforts and good work. Not all the squad attended the game, but what was there made plenty of racket and did lots of rootin' for their tribe. They expect to be at the game one hundred percent Friday and they predict that it will take a real pep squad to "drown 'em out."

Minnie Ann Myers went to Abilene Sunday.

Lillian Peek Home Economics Club Meeting

Thursday, October 31, 1935, the Lillian Peek Home Economics Club met in the Home Economics laboratory. The girls brought lunches and had their program during the noon hour.

"The development of Home Economics was studied. Ruby Sue Persons, Gladys Fouts, Marjorie Ratliff and Martelle Clifton gave short discussions concerning developments since an early date.

The next meeting will be a social.

Snooping With The Snooper

A little mischief was done Halloween night by a certain group of high school girls. Ask them who they were.

The "girls in red" are getting along alright. Don't you think?

Some people think the "snooper" is dumb but he is not.

Why is it some people have such a fear of Mr. Breedlove that they think he can be both at the high school and at home at the same time (Halloween for instance).

One of the signs hung on doors brought results that very night. How are they doing?

The Freshmen have been told that they soon "gonna not be" and the "snooper" is going to take some of the wind out. (A hint to the wise is sufficient). P. S. I think you are pretty wise.

What time was it, Sue? (Ye old pal the "snooper" knows).

What would happen if the cars in front of Gayle's house weren't "green" Chevrolet's?

Misguided Ambition

Many times people who possess high ambition end up badly because the goal of their ambition is so high that it is not easily reached by honest work and preparations. Sometimes it is better not to have so much ambition than to have more than you can wisely and safely use. By this I mean the person who wishes to become some one of high political or social position beyond his or her native ability and worth. Such a position which is beyond your ability and worth can only be reached through dishonest means. It is better, therefore, to make the goal of your ambition within reasonable distance of your ability than to gain a high goal through unjust or dishonest means.

A good example of misguided ambition is the case of some boy who falls in with bad company and is told of the glamor and excitement of a gangster or gunman, until he comes to lead such a life and sets it as his goal of ambition. Ambition may be compared with fire. When used in the right way and while kept under control it is a mighty friend of humanity; but if wrongly used or let out of our control it proves to be a dangerous menace to society. However do not get the impression that ambition is not a good thing to have for without it, we are in a state of restlessness and lack of purpose and without purpose we will never accomplish anything worth while except through accidents and accidents don't happen very often to be a benefit to us. Without ambition we

would be little better than beasts and animals that roam the forest, striving only to fill their stomachs and satisfy their everyday desires. The surest way to become a success is to find out what you want to do and set your heart and soul on accomplishing this one thing which is the goal of your ambition. Failure in life is usually the result of misguided ambition or no ambition at all as to which is worse it is hard to say.

HDA CLUB WOMEN MEET SATURDAY AT HASKELL

New Officers Elected 1936 Plans Made

The Haskell County Home Demonstration Council met at 2:30 p. m., Saturday November 2, in the District Courtroom at the Haskell County Court House. The meeting was to discuss plans for the coming year and to elect officers for the new term. Twenty-five members were present at the meeting.

Miss Nora Walters of Blue Bonnet was elected president; Mrs. Date Anderson, of Midway, Vice-President; and Mrs. J. P. West, of O'Brien, Secretary and Treasurer.

The retiring President, Mrs. Fred Monke and the retiring Secretary, Mrs. Jessie B. Smith were presented with Roman Art vases in appreciation of their two year's faithful work and attendance at every meeting of the Association for their terms of office.

A financial report of the State Home Demonstration Association was read as well as a financial report of the Haskell Association. The local organization has a small surplus in the treasury but there will be a campaign for more funds in order that the women will be able to carry out their usual program of sending delegates to the A. & M. College short course, the Meat Show and other meetings as well as having to print the program for the year book, print labels for exhibit purposes and other activities.

The yearly encampments which are held in conjunction with Knox County will be continued. Last year the encampment was held in Haskell County and this year will be held in Knox County.

Increased interest and a larger number of members is indicated, according to Miss Peggy Taylor, Haskell County Home Demonstration agent.

NEW JEWELRY STORE ADDING TO STOCK DAILY

Terrace Glassware for the table, one of the latest designs from one of America's well known factories, is being displayed by Lyles Jewelry Store at Haskell. This glass has been produced in one of the few factories where the skilled hand workers continue to carry on the traditions of Sandwich and Stiegel and the famous pressed glass makers of Pittsburgh.

Most interesting in this glassware of fine appearance and new design is the varied number of useful pieces. There is, for example, a two-compartment relish dish with dainty handles. This has many uses and is just the right size for the average family. Then there is a clever little dish for jelly, mints or the more ample desserts. A striking feature of this glassware is the many uses it has. And if you are seeking an ash tray of service and beauty, the Terrace design is worth seeing. The folks who designed this glassware know how to make dainty and lovely things that women like.

The Terrace design is a subdued modern, depending upon a shining tint or a soft effect near the base for its chief ornamentation. Being conservative rather than bizarre, it is admirably fitted to meet every demand of the modern woman.

DESERVING OF SUPPORT

The campaign begun recently by a number of Haskell County citizens to sell 500 copies of the History of Haskell County written by R. E. Sherrill is deserving of the support of every loyal man and woman in the county. Mr. Sherrill spent several years compiling the data and assembling the facts for a true history of this section, without any hope of reward or remuneration for the service, other than the satisfaction of knowing that a worthy undertaking has been well done, for the benefit of the people among whom he has lived for some forty or fifty years.

The money received from the advance sales will be used in having the History published and made available for all the schools of the county as well as homes. Not one cent of profit will be made out of the sale of the books by anyone according to present plans of the committee who has charge of the work.

If you have not signed the agreement to purchase a copy of this history, see one of the committeemen at once. You will not only be assisting in a worthy cause, but you will find that the History is worth more than the price asked by its sponsors.

THE HASKELL MUNICIPAL BAND

The Haskell Municipal Band is becoming one of the leading musical organizations in this section of the State and with the proper moral and financial support from the people of Haskell we believe it can be made one of the biggest assets the town may offer as its claim to fame.

A good band is a real asset to any town, but too frequently they are not appreciated for their real value to the community. The people come to accept them as a matter of course and fail to give the band the support it deserves. The Haskell Band is not a salaried organization; the bandmen give their time and efforts to their band work without any thought of personal gain, and whatever money is received (if any) for playing at different functions goes into the band treasury to defray the general expenses of the organization, which are probably more than the average citizen would suspect.

There are many cities a great deal larger than Haskell that are unable to have a community band, and we Haskell people ought to be more appreciative of the band by giving it more generous support. Director Joe Meacham and the other members of the organization are rendering a genuine community service.

ENDORSES TRAFFIC LIGHT

A number of comments and endorsements have been received by the Free Press during the past week regarding the suggested traffic light at the northwest corner of the square, where the two main highway of the city cross. We believe that the City should erect such a signal light immediately, as it is only a matter of time, if the present situation is allowed to exist, until other deaths will be added to those already on record.

If you believe that such a traffic signal should be erected at this particular corner talk the matter over with the Mayor or other members of the City Council. You will find that they are a group of men endeavoring to serve the city to the best of their ability and are ever ready and willing to listen to any suggestions that may improve present conditions.

THE RED CROSS IS YOURS

The annual roll call of the American Red Cross begins next week and continues until Thanksgiving Day.

This great organization needs no introduction to the people of Haskell County and certainly no praise from us will add to its prestige. Its record in times of war and peace is well known to all of us. The Red Cross deserves the support of the American people and hundreds of us in Haskell County should respond promptly to its appeal by enrolling ourselves as members.

The peace-time function of the Red Cross, as an agent of mercy to those caught in unexpected disasters, may not seem important sometimes as we sit in the quiet of our homes. However, when the demoniacal forces of nature are loosened against us, to leave a populace stunned and amazed at its fury and destructiveness, the symbol of the Red Cross and the aid that it extends becomes of transcendent importance.

The few dollars that we contribute to the Red Cross is cheap participation in the glorious realization of mercy and relief. Surely there are few of us in Haskell County who can afford not to give at least one dollar to be included in the army of those willing to help the afflicted and unfortunate.

Few readers of this article will disagree with the sentiments expressed. Many of them, however will put off the actual signing of the roll call card and the giving of the vital contribution. We urge you as an individual to respond to your better impulse and make your contribution immediately.

Frozen Bread Coming

New York—Before long, if recent experiments succeed, the public will be buying frozen bread, which bakers say stays fresh longer, and is more easily shipped. At a recent banquet a number of chemists, fed bread frozen for a week and bread baked the previous day and handed out in ordinary fashion, voted in favor of the week-old product for superior flavor.

Strikers Strip Girls

Memphis, Tenn.—Striking girl cosmetic makers tore the clothes off of three young women who attempted to go to work at a local plant. Police escorted them to their homes in automobiles.

Sues For Relief

Washington.—Dropped from relief rolls, Helen Cagle has gone into court to compel the relief administration to continue her game on the rolls and to grant her an increased allowance.

-CURRENT COMMENT-

OUR SPLENDID ISOLATION

Dallas Morning News

There is common sense in Stanley Baldwin's remarks about the "splendid isolation" of the United States. As he says, it is foolish to assume that a Nation can bolt itself in an armed citadel and survive. It is probable that the next great war will not be limited successfully, regardless of the efforts of neutral countries in the beginning. The conflagration will spread. In the end there will be left for the historian a sad story of national indecision and bungling, contributing to the duration and horror of the conflict.

There is, of course, another side of the argument. It happens that in the same issue of The News that carries the statement of Stanley Baldwin, there is a letter from a Fort Worth contributor who asks why the United States should rush into alliance with a group of nations that have repudiated their debts to this country to the amount of eight or nine billions of dollars. It is a question that might embarrass the British Premier. Even granting that the debtor nations could not have been expected to pay the entire amount, they are yet blameworthy for the course of outright repudiation that they have pursued, while spending billions for armament.

Again, the United States may well ask, before entering the league, whether the league is what it purports to be or whether it is used as an instrument in the hands of its more powerful members. The sanctions against Italy are fully justified, but why did the league ignore the urgent appeals of China?

If international conflagrations are to be prevented, there must be an association of nations, and the United States which sponsored, through President Wilson, the league idea should eventually become a member. A splendid isolation guaranteed even by the broad expanses of Atlantic and Pacific suffices no longer. But such isolation is to be preferred to membership in a league run according to Old World diplomacy, and devoted to serving the ends of its most powerful members.

VIEWS and REVIEWS

Stanley Baldwin, Prime Minister of Great Britain: "Not one country today, if war broke out, could regard itself as secure until that war ended. Even America, which has talked of isolation, is up against that peril."

Harold Nicholson, British author: "No American of my age and education would live in the squalor, in which, thank God, I live myself."

Bernard E. Deuth, New York City official: "There are good mothers, bad mothers, indifferent mothers, intelligent mothers, intelligent mothers and ignorant mothers."

Charles R. Gay, President, New York Stock Exchange: "We are coming out of the worst depression in history. Recovery and prosperity are on the way."

Sherwood Anderson, novelist: "I feel that it would be a good thing if we all worked in a factory; four hours a day would be enough."

William E. Borah, U. S. Senator from Idaho: "I haven't any doubt but that this country is very largely Republican."

Gordon McCreagh, Former Advisor to Emperor Haile Selassie: "All of these stories of the massing of great Ethiopian armies, of disease and of the hardships of the country to Italian forces are exaggerated to say the least."

Freddy Bartholomew, 10 year old movie star, asked what happened to boys who tell lies: "They probably go to Hell."

Frank Knox, prospective Republican candidate for the presidency: "At every dinner table in the country today and every day, there sits an uninvited guest—the tax collector."

Arnold Lunn, British author: "The only rival to religion today is nothingness. Real, militant atheism is on the decline."

Hugh S. Johnson, former N. R. A. Chief: "There are not enough Democrats in this country to elect a President."

Ethel Merman, musical comedy queen: "After all, there is more to life than working—but you can't find it here."

Lady's Painful Trouble Helped By Cardui

Why do so many women take Cardui for the relief of functional pains at monthly times? The answer is that they want results such as Mrs. Herbert W. Hunt, of Hallsville, Texas, describes. She writes: "My health wasn't good. I suffered from cramping. My pain would be so intense it would terrify me. I would just drag around, so sluggish and 'no-les'. My mother decided to give me Cardui. I began to mend. That tired, sluggish feeling was gone and the pains disappeared. I can't praise Cardui too highly because I know it helped me." . . . If Cardui does not help YOU, consult a physician.

Sunday School

HENRY-LESSON PADCLIFFE

PERSONAL RESPONSIBILITY

International Sunday School Lesson for November 16, 1935.

GOLDEN TEXT: "Each one of us shall give account of himself to God." Romans 14-12.

Lesson Text: Ezekiel 33:7-15.

Our lesson today reminds us, in its general theme, of that some time ago when we considered Jeremiah's message to his people of the new covenant which Jehovah would establish and the individual relationship of each man to God. Then, as in the present lesson, the prophet refused the popular saying among the Jews by which they sought to excuse themselves for the disaster which had come upon them by saying that the fathers had eaten sour grapes and the children's teeth were set on edge.

Ezekiel's message was to the Jews in their exile. He predicted the destruction of Jerusalem by word and pantomime. The Jewish habit was to consider their nation as a whole and they felt that the suffering and disaster which had come was a punishment of the entire people for sins and shortcomings which had for the most part been handed down to them from previous generations.

Until that January morning, 586 B. C., when the news of the final disaster to their Holy City came to them, they refused to believe that Jerusalem would be destroyed. Faced with the reality they were more prepared to receive the message of individual responsibility which Ezekiel delivered.

Ezekiel, as God's own mouthpiece, denied this fatalistic theory and challenged their conception of hereditary guilt. He proclaimed the responsibility of the individual for his own salvation which, based upon the impartiality of God, was a matter of choice for each man or woman. He encouraged his hearers to develop their own personality, not to follow the crowd blindly, assuring them of the individual judgement which would be finally and fairly rendered upon each man's life. For, he said, of a man's life was good in accordance with the precepts of God, he would live; but if his son's life was evil, the son would die; and, carrying the illustration one generation further, if a grandson's life was good, he would live.

These concrete and definite statements were made to deny the current belief that one might suffer loss of eternal life because of the sins of his ancestors. The effect of such an individual doctrine could not be beneficial to the Jews under existing circumstances. For, as long as they felt that they had been condemned as a nation because of past iniquities and that condemnation was final for all of them, there was no incentive or encouragement to turn to righteousness and goodness.

Ezekiel explained further the willingness of God to forgive the individual for his past wickedness if he repented. He denied the charge of the Jews that God was not fair. If the wicked man repented, he would be saved, and if a good man sinned, his presumption would be of no avail and he would die.

Ezekiel felt the weight of his responsibility for the salvation of others. He compared his function to that of a watchman whose duty it was to sound the alarm. If the warning was given and his people refused to profit by it, the watchman was not responsible for their safety, but if the watchman was careless and negligent and allowed his people to fall into disaster by not giving the danger signal, he would be responsible for their loss.

So, with an, whose duty it is to seek and hear the truth, to expound it and live it for men, and to one who has received the divine call to speak, silence may mean sin. Ezekiel was faithful to the command and warned his people regardless of the fact that his message was not pleasant or desirable.

Ezekiel called upon each individual to turn from evil and follow righteousness. He assured them that they were subject to no pre-destined doom, that the past had no mortgage of destruction upon the future, that genuine repentance would obliterate liability for former error, for God had spoken, "I have no pleasure in the death of the wicked," and God had proclaimed the individuality of personal judgement, "the soul that sinneth, it shall die."

No wonder that Daniel Webster felt that the greatest thought he had ever entertained concerned his individual responsibility to his God. As Paul said in the words of the Golden Text: "Each one of us shall give account of himself to God." On earth, we may find excuses and offer alibis, but when we stand before the Eternal Judge each shall be responsible for his own sins, and 'no-body else's. Our faults shall stand bare and stripped of false pretense.

Fire Department Called To Taylor Home

The fire department was called to the home of Dr. L. P. Taylor Friday morning, when window draperies ignited from a gas stove and threatened to spread throughout the structure. Presence of mind of Mrs. Taylor, who extinguished the flames before arrival of first department apparatus, probably prevented a serious loss.

The fire started, according to grandchildren of the Taylor's when a curtain of a front window was blown before an open gas heater. Loss from the blaze and damage to the house was estimated at \$1,000.

Haskell County History

As Revealed by the Files of the Free Press 20, 30 and 40 years ago.

30 YEARS AGO TO-DAY

Saturday last smashed all Haskell records as to crowds of people in town. The crowds on the streets and carnival grounds were estimated at six to eight thousand people.

30 YEARS AGO TO-DAY

Mrs. J. S. Boone left Wednesday for McKinney for a visit with friends and relatives.

R. B. Williams was in town Thursday with his cotton. He says he has gathered ten bales and will get 20 more. He brought 1600 lbs of seed cotton to the gin and it turned out a bale weighing 545 lbs. and sold for 10:33 1-3.

Mr. Byron Wright arrived the early part of the week and is able to be up.

L. E. Marr is building a new residence in the southeast part of town. J. T. Lawley is preparing to build a residence in the north part of town.

40 YEARS AGO TO-DAY

The following pupils from the 4th and 5th grades were neither tardy or absent during the month of October, and also made general averages of 85 percent on lessons: Myrtle Reed, Mamie Meadors, Alvy Couch, and John Carothers.

On last Sunday Messrs. W. G. Halsey, J. A. Bailey, M. H. Gossett, M. S. Shook, S. W. Scott, and Geo. Couch, chartered a hack and departed for the Dallas fair via Seymour.

Mr. T. J. Lemmon who was coming from Seymour on that day says he passed them about half way to that place with the front axle of the hack broken square in two.

The rains this week have put the ground in splendid condition for plowing and sowing wheat.

Messrs. J. W. Wright, T. K. Brazzel, I. H. Spikes, J. T. Lolly and Geo. Fields went down on the Cleark Creek fork the first of the week for a few days hunting and fishing.

Mr. Winton Watkins of the Wichita Falls District of the W.P.A. was in Haskell Monday attending to business.

above the average and he managed to throw the Tiger backs for several losses by his ability to get through the lines and throw the plays off balance practically every time the ball was snapped.

Ernest (Rosie Cheeks) McMillan and his two brothers were in there every play also. Rosie got better than 60 percent of the tackles and opened holes in the Anson line that were used play after play.

Castles, fast Anson back, got loose for a long run that looked good for a touchdown, but Rosie caught up with him and downed the ball on the one yard line and on the next three plays threw the Anson team for 19 yards loss and the Tigers lost the ball on downs.

Rosie tackled the Anson quarter back behind the goal line and accounted for a safety that added two points to the Haskell score. He blocked one punt with his chin and fell on the ball in midfield.

Lloyd McMillan, fast back, got the first score in the second quarter when he carried the ball over center for a touchdown. Kimbrough got the other three touchdowns in the last half of the game.

Anson had a larger and heavier backfield but were unable to hold the passes thrown by Castles. Time after time Castles would shoot the ball to one of his men who would be in the open and they would miss the ball. Had more of the passes connected the story would have been quite different.

There were several fumbles that were recovered by the opposing team but no serious threats from this point.

Hamlin is the next team to be played by the Haskell Indians and this aggregation is rated at least three touchdowns less than the Anson team, however the dope bracket might get kicked over and Haskell have to put up a stiffer fight than any game this year. The Hamlin game has been transferred to Haskell so that the game can be played under lights Friday night, November 8th.

are butchered, now that cooler weather is here to furnish the proper butchering temperature.

There have been some dissenting voices in the matter of inoculating the hogs this close to killing time, but there is evidently some confusion between inoculation and vaccinations.

After 10 to 20 days from the time the serum is given, there is no difference in the meat of the hog. The vaccination can only be given by a registered Veterinarian but affects a permanent preventative.

If one is in doubt as to whether to give the serum before killing time, the best remedy in preventing the spread of the disease is to keep all dogs away from the pens, as well as pigeons and others that are disease spreaders.

The disease is extremely contagious and characterized by complete loss of appetite, extremely high temperature, constipation usually followed by diarrhea, chills, depression, burrowing in litter, ears and tail drooping and often coughing. Red blotches appear on the skin of the belly, inner side of the legs, and on the ears.

In advanced stages there is staggering gait and gummy discharge from the eyes, often giving them a shut. Death usually occurs in a few days and sometimes sooner, and so Chesser states, there is no known cure for hogs visibly sick with this disease. However, every precaution should be taken and the agent advises that for protection the hogs should be given the serum, and while this disease is suspected, or present in this community steps should be taken to have the herd inoculated by a competent operator. Many producers keep their entire herds immune by vaccinating each new crop of pigs.

Sanitary precautions are absolutely necessary when this disease is present, Chesser says. After an outbreak, disinfect premises thoroughly and burn or bury the carcasses of dead animals.

Mr. Chesser urges that on purchasing hogs to keep them in a separate pen from your other hogs for two or three weeks, thus preventing them from spreading the disease if they happen to have it.

Robbers—

and Hartley went into the office as Hitt stood guard. Hartley took two dollars in money and eleven hundred dollars in Money Orders and Traveller's checks.

The two men then went to San Antonio and contacted a confederate who was to cash all the checks for \$100.00. The trio left San Antonio for Houston and Galveston to cash the checks. They passed the forged instruments in cities and towns along the route and returned to San Antonio.

The two boys were arrested by Sheriff Giles Kemp and Special Detective Bell on July 9th and 10th. The boys signed full confessions and returned some \$225.00 found in their possession at the time. Hitt was arrested in Stamford and Hartley was arrested in Plainview.

The balance of the money has been paid to the Express Company and for this reason and the fact that neither of the youths had a criminal record and had confessed their guilt and entered a plea of guilty, Judge Ratliff allowed the four month's time spent in the Haskell jail to apply against their sentence.

Officers from Seguin, San Antonio, Victoria and other places are to take the two to answer forgery charges on the checks and money orders which were passed in their towns.

Both the men were school teachers by profession and H. H. Hitt had signed a contract to teach in the Rochester schools for the present term.

Judge Ratliff impressed on the minds of the men that it wasn't the severity of the punishment but the certainty of punishment that he wanted the men to think about as they served their sentences.
