# Greyhounds will travel to Paducah on Friday night for District Championship

The Knox City Greyhounds will be hitting the road once again this Friday night when they travel north to Paducah and the District Championship game. With both the Dragons and the Greyhounds undefeated in district, the matchup could easily prove to be the best game of the 2000 season.

Knox City remains undefeated in district play following a win over the Matadors from Motley County in a game that went into overtime last Friday at Greyhound Stadium.

The first quarter of action was scoreless as both teams rallied around their defensive units for some hard hitting football action that saw our 'Hounds hold the Matadors on a defensive stand from the 2 yard line.

Motley County was the first to score in the second quarter after a 73 yard pass play from Hendrix to Ridgley. The extra point kick

ter, Sophomore Scooter Thompson thrilled the home crowd when he ran through a hole in the line created by tremendous blocking by the offensive linemen. Running 68 yards down the field, Thompson was finally brought down on the 2 yard line by a pair of Matador defenders. With a tough defensive stand by Motley County, Knox City's offense was not able to cross the goal line, settling instead for a 3 point field goal kick by Junior Shawn Speck.

With the score now in favor of the Greyhounds by 9-7, the defensive units settled in once again to provide some spectacular action that kept both home and visiting fans cheering. Junior Will Grimsley thrilled the fans by tipping and breaking up several Matador pass attempts, and both Junior Shawn Speck and Sophomore Scooter Thompson came up with fumble recoveries at critical Collier open in the end zone for 6 points and a tie 15-15 ball game.

Going into overtime, the Matadors won the toss and elected to go on defense. Knox City started on the Motley County 25 yard line and moved the ball down to the 1 yard line in 3 plays. Quarterback Sedrick Roberson kept the ball on 4th down, going up the middle for 6 points and a lead of 21-15. The extra point attempt was no good, and Motley County took over on the 25 yard line to see if they could score.

The Matadors made one good run in three plays, moving them close to the goal line, but the play was stopped when Senior Jay Sandusky, who was traveling down the line towards the play, followed the runner until he made what was the game saving tackle by jumping on the runner back and forcing him out of bounds. A final pass play on 4th down by

is shown at the top left of the photo and Dominique Collier is shown at the upper right.

GOING UP THE RIGHT SIDE FOR A GOOD GAIN, Gemile Roberson is shown in the center of this photo after running through the line against Motley County last Friday night in Knox City. Other Greyhounds in the photo are (left to right) Jeffrey Hernandez, Scooter Thompson, Matthew Lowe, Casey Carver and Aaron Sanchez. (NEWS photo)

was good, putting the Matadors ahead 7-0. With 4:53 left in the first half, Knox City fullback Scooter Thompson broke loose up the middle with a 23 yard run that put the ball in scoring position from the 14 yard line. Halfback Gemile Roberson scored on the next play with a run into the end zone. The extra point kick by Shawn Speck went wide left, leaving the score 7-6 in favor of Motley County. There was no further scoring in the first half.

In the middle of the third quar-

times that stopped Matador drives.

Motley County's offense was the next to put points on the scoreboard when Hendrix passed to Lawrence for a 60 touchdown pass and run that put the Matadors up 13-9. A two point conversion play advanced the score to 15-9 in favor of Motley County.

Never quitting, the Knox City Greyhound offense kept in the game, finally scoring with 16 seconds left in the 4th quarter when quarterback Sedrick Roberson found Sophomore Dominique Motley County failed, leaving Greyhound players and fans wildly cheering and forgetting about the cold, rainy and windy weather they had been in all night long.

With the 'bragging rights' for the District Championship on the line, Knox City will face Paducah this Friday night in Paducah with the kickoff scheduled for 7:30 p.m. All Knox City fans are encouraged to make the drive north and support the Greyhounds in their most important game of the year.

## Keith Wells to be speaker for **Knox Co. Memorial Dedication**

Keith Wells, retired Major USMCR, will be the speaker at the dedication of the Knox County Memorial located in Benjamin.

This event will be held November 11 at 11:00 a.m. In addition to Wells, an honor guard will be in attendance from Fort Sill, Oklahoma. A hamburger lunch will be served at the Benjamin Memorial Building after the dedication ceremony until 1:00 p.m. Cost of the dinner will be \$5.00 with all proceeds going to the Memorial Fund.

Keith Wells, a longtime resident of Abilene, was born in the Texas Panhandle community of Lakeview, Hall County. After attending Texas A&M for three years, he joined the Marine Corps and attended Officer's Training School and was commissioned a 2nd Lieutenant in 1943. He then attended parachute school and was quickly sent overseas to the Pacific.

Wells earned his place in history by commanding the 3rd Platoon, Company E, 2nd Battalion, 28th Marines, 5th Marine Division, as they assaulted Mt. Sunbachi on the island of Iwo Jima, where the famous flag raising took place. This flag raising was to be the model for the Iwo Jima Memorial near Arlington National Cemetery.

In his book, "Flags of our Fathers", the author James Brady says: "Then the Heroes of the day began literally to stand up and be counted. One of the first was Lt. Keith Wells of Easy Company 3rd platoon. Wells did not tell his men to follow him, he simply got

## Serrano finishes basic training in San Diego, CA

Marine Corps Pvt. Adrian L. Serrano, son of Irma Munoz of Knox City, Texas, recently comto his feet, waved his gun toward the mountain and began running up the mountain. "I just thought it was pur suicide", he later recalled. His example stirred the troops as hundreds of scared boys leveled their rifles and advanced toward the mountain."

Wells and his men made up the most decorated platoon to ever come out of a single engagement in the history of the United States. These awards were One Congressional Medal of Honor, Three Navy Crosses, a Silver Star and 100% Purple Hearts.

After the war Wells finished his education at Texas Tech in Petroleum Geology and still works in that field today. Wells has received many awards through the years and speaks hundreds of times throughout the country. In 1995 he wrote a book, entitled "Give me Fifty Marines Not Afraid to Die - IWO JIMA" which will be on sale at the dedication.

When asked "How do you remember that far back?" Wells replied, "that is not the problem, the problem is how do I forget? If some of your family or close friends are disemboweled and had their heads blown off in front of you, how long do you think it would take for that to become dim in your memory, especially if you were directly responsible for their actions and well being. How do you remember? Try your best to forget and you will remember.

In addition to the physical conditioning program, Serrano spent numerous hours in classroom and field assignments. which included learning first aid, uniform regulations, combat water survival, marksmanship, handto-hand combat and assorted weapons training. They performed close order drill and operated a small infantry unit during field training. Serrano and other recruits also received instruction on the Marine Corps' core values - honor, courage and commitment, and what the words mean in guiding personal and professional conduct. "While I was dining out with my children, a man came over to our table and we started talking. He asked where my kids go to school. I told him we home-school them. With a raised eyebrow he asked if my husband is the sole breadwinner for our family.

I said no, I also work - out of our home.

Then, noticing out two-month-/ old son, he mentioned that his daughter had just had a baby, and he wondered what hospital our son was born in. 'He was born at home," I answered.

The man looked at men, then said, "Wow, you don't get out much, do you?'

# ATTENTION ALL LOCAL TELEPHONE CUSTOMERS WITH A 658 PREFIX:

(Knox City, O'Brien and the surrounding area)

The 4A Board of the Knox City Economic Development Corporation (EDC) has filed a request with the Public Utilities Commission to allow the community of Seymour to be included on our expanded local calling list.

During the next two weeks, all local telephone subscribers will receive a ballot in the mail from Valor Telecom, the telephone company that took the place of GTE for this area that includes all 658 prefix numbers. Before filling out the ballot, please read the following information very carefully:

Our current expanded calling list includes direct, toll-free calling to the four (4) communities of Benjamin, Haskell, Munday-Goree and Rochester. All residential customers are currently paying \$3.50 and business customers are currently paying \$7.00 for this expanded local calling list that was previously approved by local telephone customers.

State law allows a total of five (5) communities in the expanded local calling list for the fees of \$3.50 for residence customers and \$7.00 for business customers. Since Knox City only has four (4) cities currently on the list, the city of Seymour can be added with customers not being charged more than the state mandated fees of \$3.50 and \$7.00, including surcharges.

If approved by you, the telephone subscriber, the addition of Seymour to our expanded calling list will allow local residents and business owners to make direct, toll-free calls to Seymour, as well as allowing customers of the Seymour telephone exchange to call Knox City direct and toll-free.

By voting YES on the ballot that Valor will mail to you in November, you will be voting to save your hard earned money on all calls you make to Seymour in the future.

You are already paying the fee for expanded local calling on your monthly telephone bills, so why pay the phone company for calls to Seymour also? Remember, by voting yes on the ballot and returning it to the Public Utilities Commission in the self addressed, stamped envelope that comes with the ballot, you will be able to call Seymour as a local call.

Working on your behalf, the EDC of Knox City urges you to vote FOR adding Seymour to our expanded calling list from Knox City.

**Benjamin news** 

Good Monday morning to you all. And a cool one it is. Not miserably so but still pretty "fallish". And the rains have been good and are so appreciated. Sounds like more on the way. But we will take it and not complain.

Not much really going on in the area that's out of the ordinary. No real serious illnesses. Do have some who are sort of "under the weather". Hazel Stockton has had a terrible lung infection and been on medication. So far, is not feeling much better but hopefully will when her medicine finally "kicks in".

Clodell Duke is back home but having to keep pretty close check with her doctor til they can get her medicine regulated. She's feeling some better but is weak.

Reunion Held - This past weekend, the children and their families of Mr. and Mrs. Frank Yeager met at Lake Arrowhead for a reunion - the first in 10 years. Not all were able to be there due to conflicts and illness but despite that a good crowd was on hand. Attending were Glenda and Norris McNeely of Denton, Shirley Seal of Arlington, Jeff, Thu, Courtney and Cordell McNeely of Carrollton, Mike and Dr. Cindy McNeely Thornton, Parker and Riley of Fort Worth, Tracy Fischer of Sanger, Stephanie Griffin and Holly of

Thanksgiving supper planned -The annual Thanksgiving supper sponsored by the Ministerial Alliance will be next Wednesday night at the Memorial Building. It will begin about 6:30. The Church of Christ will be in charge of the program. Everyone is invited to be there and we all will enjoy the evening together. Just bring a covered dish and we'll put them all together and have a wonderful pot luck meal - I'll see you there!

Monument dedication - By now, it's old news but I'll mention it again and that is the dedication of the Veterans Monument on Saturday, November 11, at 10:00 a.m. It will be at the monument site unless there's bad weather and in that event, it will be moved to the Memorial Building, I say this not only to talk about the program but to remind everyone that there's gonna be a lot of "out of towners" here so why not get out and

Another word about the monument-It is so pretty and really "dresses up" that corner where it sets. So much work has gone into getting this project completed that all who worked on any pat of it deserves much credit.

Here 'N There - Don Hertel visited his kids, Craig and Donna in Gainesville, last weekend.

Jack and Mary Young and Dutch and Imagean Young spent the weekend on their deer lease near Putman. Mary said they didn't even see a deer much less kill one. Weather was rainy and foggy so guess all the wildlife stayed "hid out".

Zeke Duke and his fiance, Amanda Terpening, both of Lubbock, spent last Monday with family here. They had lunch with his grandparents, Kenneth and Jessie Roberts. His mom, Pam and aunt, Nancy McGreger, took their lunch break from school and joined them for a short visit (and lunch) Joy Yancey of Lakeside City visited her sisters, Jane Gideon and Imagean Young, last weekend.

## Allergy & Sinus

Allergy and sinus are two of the most common health complaints in the U.S., affecting as many as 30-50 million people a year.

A vicious cycle of nasal obstruction, excessive mucous production, blockage of secretions and recurrent infection characterizes this condition.

Treatment options are available and should be directed at the underlying cause. Decongestants and antibiotics can often control acute problems. Other methods are available to open the nasal and sinus passages, with and without surgery, for longerterm control.
