Transfers of Pupils Must Be Made in Month of August

The following statement regarding the transfer of pupils from one school district to another, was issued by County Superintendent Matt Graham this week:

"For the benefit of those who may have forgotten the last date of transferring, I want to remind you of the section of the transfer law regulating this date—no transfer shall be made after August 1."

"Transferring may be done as it has been here-to-fore with the exception of the application having to be presented at the County Superintendent's office by the person desiring to transfer his child and this change in the transfer law—provided that any district or independent district being dissatisfied with any transfers made by the county superintendent may appeal from such action to the county board of trustees of said county who shall have the right to annul and cancel the transfer allowed by the county superintendent."

"The county board may make the transfer of a child whose grade is not taught in the home district, but for convenience it would be better for the parents to transfer the child if he has definitely decided the high school he is to attend."

"According to information received from the State Department of Education, the receiving school must charge tuition on transfers after the state apportionment has been exhausted. The tuition per month that is charged will vary with the different schools and is determined by the cost of instruction."

Nervous, Weak Woman Seen All Right
"I had regular shaking spells from nervousness," writes Mrs. Cora Gaudin, of Paragould, Ark. "I was all run-down and cringed at my time until I would have to go to bed. After my first bottle of Cardui, I was better. I kept taking Cardui and soon I was all right. The shaking quit and I did not cramp. I felt wonderful. I gave Cardui to my daughter who was in about the same condition and she got over it. I can testify that Cardui cured them. If it does not benefit you, consult a physician."

36 Modernization Loans In County Amount to \$16,720

Latest figures reveal that 36 loans amounting to \$16,720.18 have been made in Haskell County under the Modernization Credit Plan or Title I of the National Housing Act, according to a statement by F. S. Luttrell, Ft. Worth, Associate Director of the Northwestern Texas District of the Federal Housing Administration.
The Northwestern District of Texas with headquarters in Fort Worth comprises 113 counties of north and west Texas. During the 20 months operation of the Federal Housing Administration, there has been a total of 9,610 loans amounting to \$3,241,505.08 made under Title I throughout this district, states Luttrell.
Title I or Modernization Credit Loans are made by banks and other financial institutions approved by the Federal Housing Administration; the loans are made for repairing, altering, modernizing and the improvement of real property. The obligation is repaid in small, equal monthly payments over a period of years not to exceed five. This particular section of the National Housing Act expired on April 1, 1936, but because of the demand for this type of loan, and the great benefits to property owners, building material dealers, and labor in the building trades, the Modernization Credit Plan was extended to April 1, 1937.
"Altogether, many thousands of business firms, and millions of wage earners, have profited," says Luttrell. "The recovery evident during the past year and a half in practically all lines of industry related to housing indicates that the Modernization Credit Plan for the Federal Housing Administration has acted as a substantial force."
"The impetus gained as a result of this emergency measure is being enlarged and carried forward by increased home-building activity, which was given a start and has been greatly accelerated by the timely inception of the Insured Mortgage System or Title II of the Federal Housing Administration. New residential building started during the first six months of 1936 is double that of the first six months of 1935, based on building permits issued in the district.
"This revival of home-construction has resulted in the rapid employment of building-trades workers to such an extent that in many areas there are today no idle skilled craftsmen available," states the FHA official.
"The widespread effect of the National Housing Act may best be judged from the fact that loans have been made in all except four of the one hundred and thirteen counties in this district," says Luttrell. "Information on the FHA plan of financing repairs, alterations and modernization of homes as well as for the construction of new homes may be had at any lumber yard, building material dealer, approved lending agency or by writing direct to the Federal Housing Administration office in Fort Worth, Texas."

Sam A. Roberts and son, Paul, were in Dalhart over the week-end.

Mr. and Mrs. Charlie Coombes of Stamford visited Sunday with his niece Mrs. Sam Adams.

LARGE AUDIENCES ATTENDING O'BRIEN REVIVAL MEETING

O'Brien Methodist Revival which has attracted large crowds for the past twelve days will conclude Sunday night, July 19 with the pastor, Rev. Woodrow Adcock, speaking to an expected crowd of five hundred on the subject, "The Light of the Spirit".

The O'Brien Revival, according to old timers, has attracted greater interest than O'Brien has experienced in many years. An estimated crowd of four hundred at-

tended the meeting last Sunday night.

Sermon subjects for the services from Friday night July 17 through Sunday night, July 19 are as follows:

Friday night, "The Happy Home"; Saturday night, "The Lost Man"; Sunday morning, "The Cry of the Soul"; and Sunday night, "The Light of the Spirit".

THE INTERMEDIATE ENDEAVOR

Endeavor studied Teachings of Jesus—Helpfulness.

The leader, Beunis Fay Ratliff, brought these thoughts to us: "If we are trying to follow Jesus we will live for the purpose of helping others in sickness, in joy, in sorrow. We get the greatest happiness from serving. We are told that he who would be greatest in the kingdom of Heaven must become the servant of all.

Subject: "Choosing Recreation Wisely" Ep. 5:15-21.

Leader—Mrs. Gillmore.

REVIVAL MEETING WILL BE HELD AT CHRISTIAN CHURCH IN KNOX CITY

Rev. T. H. Gathright of Lamm-passas will hold a Revival meeting at the Christian Church, of Knox City, beginning Sunday night July 19th.

The church extends a cordial invitation to everyone to cooperate with them, and receive the rich blessings which the Lord will send through this splendid teacher of the Bible.

Your attendance will be greatly appreciated.

HIGH SCHOOL ENDEAVOR

Marjorie Ratliff was leader for this group. The subject was "The Divine Voice," 2 Tim. 3:16-17.

She gave us the following thoughts: "The Bible is divinely inspired. Besides leading men to a saving knowledge of Jesus Christ, it gives comfort and hope. It raises our standards of living. The Good Housekeeping tells us if we want to see a native Congo, we will have to hurry for Africa is fast becoming like Florida. They follow the teaching of the Bible."

Leader for Sunday 19th: Lynn Pace Jr.

Subject: "Divine Voice in Nature."

The theme for the morning worship will be "Launch Out." The night sermon will be, "The Tragedy of Opportunity."

The Bible School is holding up well for the summer. Bring your guests with you to the Bible school and the worship of the church, so that neither they nor you will get out of the habit.

You are always welcome to the services of this church.

CARD OF THANKS

We wish to express to the good people of Haskell, and especially the many kind friends and neighbors, our heartfelt appreciation for the deeds of kindness extended during the prolonged illness and death of our beloved husband, father and brother, and for the considerate attention manifested toward him during his illness. The beautiful floral offerings were also greatly appreciated. We shall always cherish your kindness to us, and pray God's richest blessings upon each of you.—Mrs. E. C. Thomas, Ilena Thomas, Mr. and Mrs. W. T. Sarrels.

Advent into the world one hundred and seventeen years ago today of a youngster christened Elias Howe was a commonplace event, but the genius of the young man became evident at an early age and he is credited with the invention of the world's greatest boon to housewives—the sewing machine. And though many improvements have been made, the basic principle of his invention remains unchanged.

And so with Insurance protection, many innovations are offered but dependable, and SOUND Insurance can never be surpassed for protection.

Your Vote and Influence Will Be Appreciated

Due to the fact that my duties as your Sheriff, require my attention, it has been impossible to see everyone in person, and I wish at this time to express my sincere appreciation for the cooperation given me, and to solicit your vote and influence and to mention a few accomplishments in the one and one-half years during my first term.

We have established a fingerprint department in connection with the Sheriff's department, working in connection with the U. S. Department of Justice at Washington D. C., and with the Department of Public Safety, at Austin. When anyone is arrested for any offence, his fingerprints, along with his photograph, is forwarded to Austin, and in two days time we know whether or not he has a past criminal record, and in that way, know whether or not he is a proven criminal.

During my first one and one-half years in office, the Sheriff's department has made over 700 arrests. Included in that number is 175 drunkenness, 69 gaming, 47 affray, 44 theft, 40 disturbing peace, 40 sale, transportation and possession of liquor, 36 burglary, 21 swindling, 21 forgery and passing forged instruments, 16 assault, 11 driving while drunk, 8 overweight trucks, 6 assault and attempt to murder, 5 child desertion, 4 operating pool hall, 3 driving car without license, 3 reckless driving, 3 exposing and offering for sale inferior motor fuel, 3 murder, 3 embezzlement, 11 sale and removing and concealing mortgaged property, 2 operating gambling machine, table and bank, 2 fence cutting, 2 robbery, 2 carrying pistol, 1 adultery, 28 vagrancy, and 39 for investigation. Have traveled more than 70,000 miles, recovered 7 stolen automobiles, captured 3 escaped convicts and made 24 arrests for other officers of the State. Over 90 percent of these cases have been pleas of guilty.

If you believe I deserve a second term, I will appreciate your vote and influence.

Respectfully,

GILES KEMP

VOTE FOR

Vernon D. Adcock FOR District Attorney

The Haskell County Farm Boy who has qualified for this office by years of diligent study, training and experience. Attended College at McMurry, Texas Tech and West Texas State Teachers College. Taught in the public schools four years. Graduated from Blackstone Law College and admitted to the bar in 1931. Student of Law 9 years. Serving 4th year as County Attorney of Kent County.

Consider the following statement from one who knows him: Breckenridge, Texas, Jan. 12, 1936.

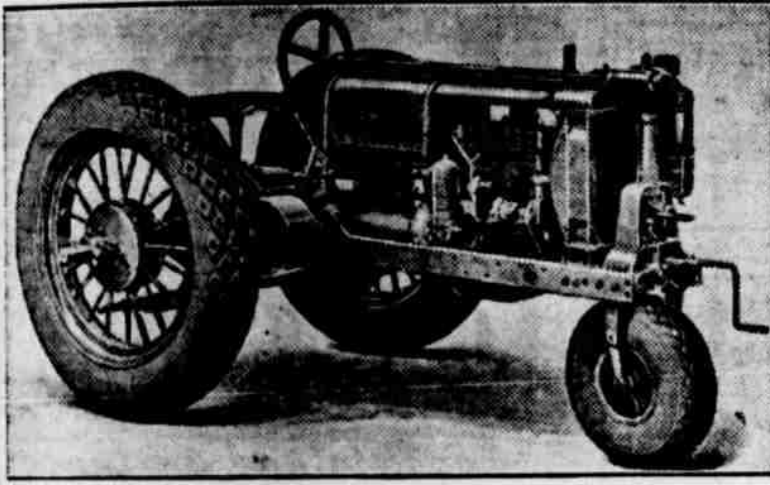

To Whom It May Concern: As Principal of the school at Clairemont for two years, 1933 to 1935, I was very closely associated with Mr. Vernon D. Adcock, County Attorney of Kent County.

I know Mr. Adcock to be thoroughly efficient, diligent and fearless in the performance of his duties. I do not know of a man anywhere in whom I have more confidence. He is absolutely honest, impartial and incorruptible, enforcing the law without fear or favor.

I understand Mr. Adcock is running now for District Attorney. Without being asked to do so by him, I am writing this letter to let the voters know of the high regard I have for him as a lawyer, an officer and a man. In the performance of his duties, I have seen him up against the most difficult situations, and I know he will do his duty at all times, regardless of threats, attempts at bribery, or anything else. He is the sort of man the people need as District Attorney. He is not only a very efficient officer, but also a Christian gentleman of the highest type.

Signed, G. W. HAGGARD, (Teacher in Breckenridge High School).

Breckenridge, Texas.

Mr. Farmer:

When considering buying a Tractor give the proposition this ACID TEST. Think over the following questions:

- Question—Who pioneered the original successful Row Crop, All Purpose Tractor?
Answer—International Harvester Company. The first Farmall was built in 1924 after 10 years of research and experimentation.
- Q—What company maintains the largest exclusive Tractor Manufacturing organization?
A—International. Three of the world's largest Tractor Plants, where quality and fine workmanship are laws.
- Q—What Tractor has the highest re-sale value?
A—Farmall. Farmall Tractors selling in 1928 for \$995.00 have been resold recently for as much as \$600.00.
- Q—What Tractor has the most complete line of Tillage tools?
A—Farmall.
- Q—What Tractor has the lowest operating and repair up keep cost through a period of years?
A—Farmall. Highest efficiency. More low cost exchange repair units. No expensive repair delays.
- Q—What Tractor has highest efficiency in terms of Horsepower Output to Draw Bar?
A—Farmall. Loss from peak load .28 HP on F-12, .85 HP on F-20, less slippage and loss of traction.
- Q. What Tractor concern has greatest number of EXCHANGE units?
A—Farmall. Exchange crankshaft for as low as \$8.00.
- Q—What Tractor has best After-Sale Service?
A—Farmall, with a service organization everywhere. Complete repair stocks. And remember, Farmall Service is permanent. You find no Farmalls in junk piles.
- Q—What Tractor gives the greatest User Satisfaction?
A—Farmall. Ask your neighbor who owns one. 950 in operation in Haskell county.
- Q—What concern offers the farmer the best terms?
A—International. Terms to fit every crop, and as low as 20 per cent down.

REMEMBER . . .

When you buy a TRACTOR you are buying something to work with over a period of years—not selling your Trade-In.

STUDY THE FACTS

This is a campaign year. The voters will hear many assertions made by candidates. Some of the declarations will be contradictory to each other. How is the voter to know which candidate is telling the truth and which one is trying to fool him either by misstatements or by misleading information?

The only answer for the citizen who is desirous of knowing the truth and voting in the interest of good government is for the citizen himself to find out what the true facts are. In this day of partisan politics, however, he must be careful to select the impartial sources from which to acquire the necessary truths for him to make up his mind properly as to what candidates he should support.

Some candidates are inclined to brag and boast of what they have done or can do. Others are more moderate and modest in their claims. The thinking citizen should not allow the claims and bombasts of a braggart to cause him to overlook the fundamental merit of the man who does not boast and shout.

Criticism of what has been done is easy and promises to do are also easy. Those who criticize should point out what they would have done under the same circumstances. Those who promise should demonstrate the means whereby they will effectively carry out their promises.

Another thing that the average voter must watch is rumors against various candidates. If opponents of a candidate spread rumors clandestinely the voter should wonder why the charges are not made publicly if they are true. Rumors should be checked carefully so that the voter may not be imposed upon by some unscrupulous politician or his friends.

Good government is a matter of concern to every honest citizen, who should desire to cast his vote for every candidate who is best qualified and equipped to render the public honest and efficient service. No other consideration should guide a man or woman in casting the ballot.

NO HERO WORSHIP HERE

The sidereal appearance of John Dillinger, Sr., at the Great Lakes Exposition in Cleveland is proving pretty much of a dud these days. The crowds just aren't turning out any more to view with morbid curiosity the father of an infamous gangland killer. There was a time, a year or so back, when the elder Dillinger drew large audiences. But now, it seems, the hero worship of the gangster is about over in America. The public has caught up with itself. If there is any hero worship at all it's for the men who have made it their business to snuff out those thugs of whom John Dillinger, Jr., was a leader. And that trend is certainly refreshing. Somehow it sort of restores one's faith in America's sanity.

NO ROOM IN NEW YORK

One hundred twenty-two New York social agencies have joined in issuing a warning to the jobless girls of the nation. It is, "Don't come to New York!" Out-of-town girls, without adequate funds, without definite plans, in search of employment and "fun," will likely get neither in the big city, it is pointed out. Instead, the danger of exploitation constantly menaces the uninitiated, unprotected women who come to the metropolis unprepared. "We in New York say to girls throughout the country," the social workers declare, "that no matter what hard conditions there are at home, they are better off to stay there"—timely advice that shouldn't be passed up.

ON THE RIGHT TRACK

Smiling, soft-spoken Dr. C. W. Hall of the University of Texas is utterly frank about this business of marriage. For that reason Texas undergraduates these days are giving increasing attention to Dr. Hall's course on how to make a success of married life. Dr. Hall calls his course a "mixture of sociology and religion," and he's careful to stress the full problems of the marital state, including the vital functions of sex. The result, he believes, is the inculcation in the students of better understanding of marriage, and the responsibilities entailed. This Hall method bears the earmarks of good common sense. We have become accustomed to preparing for about everything these days except the most vital institution of all—marriage. It looks as if the Texas course might fill that need.

WE'RE GOING RECREATION

A 10-year survey by the National Recreation Association brings out the important fact that Americans in the last decade have doubled their interest in leisure-time pursuits. The survey revealed that in 2,294 communities the trend is definitely toward what might be called "recreation-mindedness"; beaches, public golf courses, swimming pools, skating rinks, and similar play spots have doubled and tripled in number; and, at the same time, the standards of these leisure-time programs have gone up. In a word, the nation is learning to loosen up. It's learning that play has its place in the scheme of things. All in all, here's a decidedly healthful trend, certain to become even more pronounced as working hours are gradually reduced.

BE CAREFUL

More than four hundred and fifty fatalities were reported as a result of the July Fourth observance. Probably a good many more were unreported.

Of the deaths reported one hundred and forty-nine were the result of traffic accidents, seventy-six resulted from drowning and various other accidents accounted for the balance.

The American people will have to practice being more careful. Accidental deaths continue to take an unnecessary toll of human life.

CURRENT COMMENT

THE DEMOCRATIC PLATFORM
Wheeling (V. A.) News-Register

Most striking in the 1936 Democratic platform is its conciseness and brevity. It is a straight-forward shoulder pledge understandable to the most elementary mind. It straddles nothing. Even the clause bearing on the Constitution leaves no doubt of the party's course in dealing with disaster, says: "If these problems cannot be solved within the

Constitution, we shall seek such clarifying amendments as will assure to the legislatures of the several states and the Congress of the United States the power to enact those laws which they shall find necessary to regulate commerce, protect public health and safety, and safeguard economic security.

The document stresses a government's obligation to its citizens in the nature of protection of the family and home, providing opportunity, aiding the unfortunate, and safeguarding the people against exploitation. It urges vigorous enforcement of the anti-trust laws and would restore their efficiency in stamping out monopolistic practices.

As to government finance, the platform points out that we have the soundest currency in the world today. The government has raised the public credit to a position of unsurpassed security. The platform approves a sound currency stabilized to prevent wide fluctuations in value and a currency that will permit full utilization of the country's resources.

The labor clause was endorsed on the platform by John L. Lewis, president of the United Mine Workers of America. The New Deal has dealt kindly with the American worker.

No platform was ever written that was so devoid of platitudes. Its framers designed it as a document that would be understood and from which only one meaning could be taken.

Haskell County History

As Revealed by the Files of the Free Press 20, 30 and 40 years ago.

On the list of delinquent lands published in the Free Press there is due the state and county taxes to the amount of \$4,296.40 for the year 1895. Of this \$2,719.91 is due the county and \$1,576.49 is due the state. This is for one year only. Including all preceding years, tax rolls of the county show the sum of \$15,900 delinquent.

The young ladies and gentlemen had a leap year party at the home of Mr. and Mrs. T. J. Lemmon, as a compliment to Miss Lena Wilson, who is to leave soon on a vacation trip.

Mr. Bruce Smith, who is now a full fledged tyro on the Wichita Warrior, came in Thursday on a visit to his parents.

Mr. Fred Sanders returned this week from a trip to Ellis county. He says it was dry everywhere he went and that no sort of employment was to be had.

The convention for this, the 106th representative district, will be held at Colorado City on July 23.

The trustees of Throckmorton High School have written Judge Sanders that they will give one pupil from this county free tuition during the coming school term of high at that place, the pupil to be admitted upon certificate from Judge Sanders.

J. B. Higgins came in from the Plains country and will spend several weeks here with friends.

Capt. Dodson made a trip out the other day, before the rain, eight or ten miles into Wild Horse prairie. He was surprised to see how well cotton looked and that it was still growing where light showers had fallen a few days before. Farmers were holding everything in readiness to plant large crops of sorghum, kafir corn, etc. as soon as it rains.

PROTECT THE FUTURE OF TEXAS' SCHOOL CHILDREN!

THE men who founded Texas made wise provision for the education of Texas children by dedicating large tracts of public lands to free Public Schools.

These lands had but little value and brought but little income until discovery of oil and gas made them extremely valuable.

School funds receive the income. Common School Permanent Fund now is \$6,466,271 and that of the University of Texas and Texas A. & M. College is now \$18,490,411.71. This is chiefly due to oil and gas leases and royalties.

This income varies directly with the price of oil. When the East Texas oil field was wastefully "wide open," oil sold at 10 and 15 cents a barrel.

The income of the Permanent School Funds during the year September 1, 1932, to August 31, 1933, totaled \$62,298.22.

When the Railroad Commission of Texas, under the leadership of Ernest O. Thompson, chairman, enacted the present legislative policy of conservation, immediately, the price of oil went to \$1.00 a barrel.

In the year September 1, 1934, to August 31, 1935, the income of the two Permanent School funds rose to \$77,562.37. This was a clear dividend to the school children of Texas of \$2,228,298.05 per year over the wasteful period of wasteful oil production.

SAFEGUARD THE FUTURE OF YOUR CHILDREN!

Hot Weather Calls For Careful Living
Keeping cool and standing the heat during the hot summer months is in a large measure dependent upon the individual, health authorities agree. Over indulgence in food or exercise may cause much suffering.

"The clothes we wear and the food we eat play an important role in keeping us comfortable during the hot season," said Dr. John W. Brown, State Health Officer.

"Summer clothing should be light in weight and color and of a porous texture. White clothes reflect the rays of the sun and therefore are cooler. Frequent changes of clothing, particularly of that next to the skin, is especially conducive to comfort.

"The summer diet should consist of light, nutritious, and easily digested foods. Fresh fruits and vegetables are particularly desirable as hot weather foods because of their ease of digestion and wide range of variety in the manner they may be served. Meat and heavy pastries should be eaten sparingly. A balanced diet may be obtained without these foods. Do not eat when you are tired.

"Exercise should be taken in hot weather but good judgement must be used in the amount that is taken. Swimming is fine exercise and is more refreshing than other forms of exercise. If sun baths are to be indulged in, care should be taken to accustom the skin by exposing the body for short periods in the beginning.

"Plenty of rest is necessary during hot weather. Sleep a sufficient number of hours and eat at regular meal times. Acquire regular habits of living and develop a cheerful outlook on life, and you will find that it will help you to spend a comfortable summer at home or on vacation."

Commodity Program Brings \$1,404,941 To County Farmers

Haskell county farmers and landowners have received a total of \$1,404,941.30 in rental and benefit payments and profits on cotton options made in connection with the commodity program for the beginning of those programs through February 29, 1936.

Major portion of this sum for benefit or "plow up" payments on cotton, \$1,191,086.68 being paid farmers in connection with that phase of the program.

Profits on cotton options paid to producers aggregated \$192,083.85, and payments under the cornhog program amounted to \$21,770.77.

Exposition Will Show First 1936 Bale of Cotton

The first bale of cotton grown in Texas in the Centennial year went on exhibit in the agricultural department of the Centennial exposition recently. The bale was shipped to Dallas from Corpus Christi Tuesday night, according to announcement made from the offices of the state publicity department.

Arrangements for display of the bale, forerunner of the 1936 crop, were being made in Dallas by J. A. Moore of the agricultural exhibits department of the exposition, working with Jeff Boll, manager of the Corpus Christi Chamber of Commerce and members of the Corpus Christi Cotton exchange.

The bale was grown by Teofilo

Garcia of La Gulla, Starr County, and was received at Corpus Christi late Monday. It was bought at auction Tuesday morning by the Corpus Christi cotton exchange which paid 28 cents a pound for the total weight of 542 pounds. In addition the grower received a \$150 premium raised by Corpus Christi cotton buyers and a \$500 premium given by the Southern Bagging Company of Houston.

Mr. and Mrs. Jno. Willoughby and Mrs. Ora Phippen were in Clovis, N. M., over the week-end to accompany their parents, Mr. and Mrs. J. K. Stoker there for a visit with their daughter, Mr. and Mrs. Kenneth Stoker and family.

Floyd Taylor, of Dallas, is visiting his parents, Dr. and Mrs. L. F. Taylor.

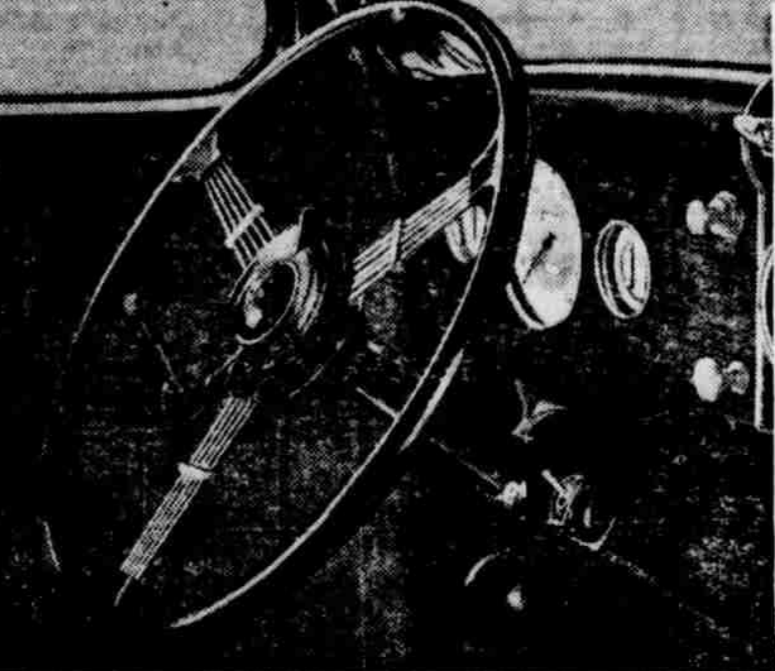

Mr. and Mrs. Grady Roberts of Chillicothe, and J. W. Roberts of Byers spent the week-end here with relatives.

CHECKING LANDS TO BE INVOLVED IN BRAZOS DAM PROJECT

Mr. McDavid of Seymour, who is connected with the Brazos dam to be built near here, was in Rochester this week checking up on the properties involved in the project. The chief engineer is expected to be here this week to look over the situation. Announcement was made last week that the work of surveying would begin the 15th of July. Rev. J. L. Ponder, secretary of the Chamber of Commerce, advises us that the surveying crew would probably use some local help in their work, and if those desiring the place would hand him their names he would submit the list to the proper parties for consideration when they get ready for them.—Rochester Reporter.

2500 PERSONS ATTEND BARBECUE NEAR ALBANY

At the George DeLafosse ranch, east of Albany twelve miles Tuesday was one of the greatest barbecues of the last ten years, may-

be more. There were fully 2,500 people there and the grounds and lake are some of the finest in Texas—not anything like the largest but among the finest. Thomas L. Blanton, member of congress from this district, was there and spoke in the interest of his candidate. It was a grand day, long to be remembered. R. V. Colbert and wife attended among the list who went from Stamford.—Stamford Leader.

OVER 2,000 LETTERS MAILED UNDER REUNION CACHET

More than 2,000 letters bearing the Texas Cowboy Reunion cachet were mailed from Stamford July 2, according to Mrs. Bargey Bailey, who had charge of the cachet booth at the Bunkhouse and applied the cachet stamp.

A letter to the President of the United States was stamped first and one to Vice President Garner was second. Letters to other distinguished people including King Edward VIII of England and Governor Allred of Texas. Among the first letters stamped was one to Mrs. Bailey's daughter, Joan, who is in school in Russell Sage College in New York. "Of course, I wanted her to be first," Mrs. Bailey said. "But others had to have precedence."

Letters were mailed to England, Norway and to Canada, to many of the states in the United States, and approximately 1,400 went to people in Texas.—Stamford American.

John N. Garner, Private Citizen Endorses Allred

Vice President John N. Garner broke his traditional silence on political matters at Uvalde Tuesday with a brief statement endorsing Governor James V. Allred and expressing a hope that the Governor would win renomination in the first Primary without the necessity of waging a run-off campaign.

The Vice President was interviewed just before he left for a two-weeks' fishing trip with a party of his old Uvalde cronies.

"I never talk about National Affairs," he said; "I leave that to the boss. But I still vote in Texas, and have a right as a private citizen to my own preference. "I don't mind the world's knowing that I think Allred has made a fine Governor and I hope he is reelected in the first Primary."

"Of course, I am just talking like a fish—in the capacity of a private citizen, and not as Vice President."

where representatives were also luncheon guests. Purpose of the gathering was to discuss and arrange plans for a four-day agriculture show to be held in Abilene next February.

A committee from the Abilene chamber of commerce also met with representatives from the various towns in attendance. In attendance at the meeting were agriculture teachers from Haskell, Aspermont, Tuscola, Winters, Merkel, Abilene and Bradshaw.

Fingers Smashed in Printing Press

Chid Stone, 17-year-old employee of the Texas Theatre, received severe cuts on two fingers of his left hand Thursday morning. Several stitches were required to close the wounds.

The accident occurred while young Stone was watching another employe Burlis Thornberry, who was operating a small printing press. While the press was running, Stone attempted to insert a sheet of paper from the side of the machine and his fingers were caught between the platen and bed of the press.

Visitors From Sweetwater

Mr. and Mrs. W. R. Swain of Sweetwater spent several hours with friends here. Mr. Swain for several years served as Court Reporter for the 39th Judicial District, resigning to accept a similar position in the 32nd District.

CENTENNIAL REVIVAL SONG IS SELECTED

At a recent meeting of members of the Interdenominational Committee on co-operation for the Centennial Revival a committee to select and bring out a theme song with a religious patriotic appeal for the Texas Centennial year was appointed. This committee was composed of Dr. L. U. Spellman, of San Angelo, Rev. E. H. Lightfoot of Cleburne and Dr. W. M. Pearce of Lubbock. They selected a song produced by Mrs. Udy Jones Wheeler and Miss Beryl Leeson of Abilene. Many advance orders have come from people who have heard the song. Mr. R. E. Shepherd, formerly the "singing Mayor" of Wichita Falls ordered a hasty copy so he could sing it at the State meeting of the Christian church at the Centennial about two weeks ago.

SUMMER SERVICES AT THE METHODIST CHURCH

Next Sunday the church school worship services at the Methodist church will all be held together in the auditorium after the classes have had their lessons. The classes begin promptly at 10:15 A. M., and last for thirty minutes. From 10:45 A. M. to 11:30 A. M. a general worship and preaching service is led by the pastor. This will be the order until the first Sun-

day in September. In this way the whole church school comes to church and the services are greatly shortened during the hot weather. This plan is proving very popular. We will hold no Sunday night preaching services until after the Baptist Revival.

Will Visit in Arizona

Mrs. Ree Gardner and daughter Brucile, accompanied by W. F. Larned, left Wednesday for El Paso, where Mrs. Gardner will spend a week or ten days with a sister, Mrs. Lester Francis. From El Paso Mrs. Gardner will go to Douglas, Ariz., for a month's visit with her father, W. D. Whiteker.

DEDICATE NEW GYM AT GIRARD

The new high school gymnasium was dedicated Wednesday night at Girard with one of the largest crowds in the history of the town present. A special program was given after which candidates were given a chance to speak. All four candidates for representative were present and their speeches were the chief ones of interest.—Texas Spur.
