FORTY-NINTH YEAR

COTTON GROWERS TO VOTE ON 'BANKHEAD'

Government Control To Be Decided Friday by Southern Farmers

Tomorrow, December 14th, Haskell county farmers will go to the polls and cast official ballots "for" or "against" continuation of the Bankhead law. Information released from the office of the county clerk stated that ballot boxes will be placed at each of the 22 polling places in the county and will be under the supervision of the election judges, who will be able to give the producers information regarding the election.

Regarding the statement regarding the election, R. H. Maxwell, county agent, said: "The election is being held for and for the farmers to decide whether or not they desire the Bankhead Act to continue through the year 1935. The question will be printed on regular ballot paper and will be handled as any other election."

The ballot will read: "Are you in favor of continuing the Bankhead Act for the year 1935 (June 1, 1935 to June 1, 1936)?" Two boxes will be provided for the voter to check "Yes" and "No." Producers desiring to vote only have to check either of his choice with an "X."

The regular committee in the county will have charge of the election in his voting box and other will be appointed to assist him in the county committee.

Mail Early, Avoid Rush is Reminder From Post Office

As your Christmas packages are to insure delivery before Dec. 24th, the annual reminder from the post office. This cooperation of yours will greatly decrease the last minute congestion and make it possible for postal employees to have a happier Christmas.

During the holiday time the volume of mail increases approximately 50 per cent, so you can easily see what a strain the service is under. Packages are mailed only 10 days before Christmas, the reminder pointed out.

As your Christmas shopping is completed you can mail your gifts, greeting cards and letters to relatives and friends at least a week or 10 days before Christmas day, according to the reminder. They will not only reach in time, but they will be delivered before Christmas day, but they will be a great aid to your postal service and to postal employees.

Miss Diggs pointed out that post offices will make every effort to handle the rush without congestion and delay, but owing to the enormous volume, this can be done only with the co-operation of the public.

Increased Interest Is Being Shown in Revival Meeting

The evangelistic meeting which is being held at the Presbyterian church continues to increase in interest and results. There have not been large crowds but those who have attended regularly are very appreciative of the helpful sermons delivered by Rev. Cargill. Several have renewed their interest in the church during the meeting. There have been twelve additions to the church since the opening of the meeting, many of them on profession of faith.

The programs presented by the Young People at 6:30 each evening have been enjoyed by both young and old.

There is to be a meeting at the Sunday School hour Sunday morning for married couples for the purpose of organizing a new class. This promises to be a good class.

Sunday evening a party of fourteen people from Seymour drove here to encourage their beloved pastor, Rev. Cargill, in his work here. Mr. Don Ferris, formerly of Haskell, was in the party, and he and his wife sang a duet. The Sunday evening service was conducted in the Methodist church.

The preaching service Friday evening will be at 6:30 instead of 7 o'clock, so that people may attend the church service and still have time to go to the Methodist church to hear Mr. Pat Nell.

This series of services will close with the 11 o'clock service Sunday morning.

The West Side Singing Convention will meet Sunday afternoon, Dec. 16 at 2 o'clock at the First Baptist church in this city. Everyone has an invitation to come and enjoy the singing.

INDIANS FED BY LIONS TUESDAY

Local Football Players In "Full Speed" at Banquet; Jack Kimbrough Talks

Flipping knives and forks deftly, the Haskell Indians, local high school football players, demonstrated their ability to eat as well as play football, when they were banqueted here Tuesday evening by the Lions Club in appreciation of the record the squad made this year. Plates were laid for all members of the team and for about twenty-five members of the Lions Club.

Only a small amount of time was allotted for speeches by the program committee. Courtney Hunt, Lions Club president, presided and acted as toastmaster. F. M. Robertson, former president of the Club, made the address of welcome which was responded to by Jack Kimbrough, a member of the football team. Other short talks were made by Coach Bill Richey, assistant coach Perry Mason and Principal Geo. V. Wimbish.

The Tribe finished the season Friday night, Dec. 9, when they ran roughshod over the Seymour Panthers 18 to 0. The final game of the season also finished, in Haskell uniforms, the football careers of nine lettermen—Roberts, tackle and captain; Starr, end; Whatley, center; Adkins, quarterback; English, quarterback; Sherman, half; Hamilton, guard; Shelley, end; Maples, tackle.

One game was lost by the Indians this season, and that to Roby, district 13-B champions, by a score of 7 to 0, and Haskell piled up a total of 193 points over opposing teams, while allowing exactly 27.

To finish one-half game behind Roby, the local squad compiled the following record: Munday, 46-0; Ruly, 19-0; Roby, 0-7; Merkel, 7-0; Snyder, 14-14 tie; Rotan, 28-0; Hamilton, 25-0; Stamford, 29-6; Anson, 1-0 forfeit; Seymour, 18-0.

ACHIEVEMENT TOUR MADE OVER COUNTY

About 35 Persons on Trip To Homes of Several Club Members

About thirty-five people joined the party who made the trip on the County Achievement Tour, sponsored by the County Council of the Home Demonstration Clubs, last Tuesday.

The first stop was made at the home of Mrs. W. J. Kendrick of the Rose community where her wardrobe and pantry was inspected, along with the exhibit of Miss Ruby Stodghill, 411 club girl who won more than 25 ribbons at the Central West Texas Fair last fall.

The bedroom exhibits of Misses Vernie Thomas, Bobbie Campbell and Jo Ann Derr of the Weinert 4H club were the next places visited. From Weinert the party went to Midway where the wardrobe project of Mrs. Jesse B. Smith was inspected. Lunch was served at the noon hour at the Midway clubhouse to all those in the party. After lunch the home of Mrs. Date Anderson was next visited, who is pantry demonstrator of the Midway club.

At O'Brien the wardrobe of Mrs. C. M. Walworth and the pantry, garden and yard of Mrs. W. J. Matara were the next places visited. From O'Brien the party went to Hutto where the pantry of Mrs. Lucy Day was inspected. Next on the tour was the home of Miss Nora Walters of Rule, who is pantry demonstrator in that community.

The last place visited was the pantry of Mrs. Dow Bland.

The party returned to Haskell late in the afternoon praising the different exhibits visited on the tour, and all were of the opinion that in spite of the extreme cold weather the trip was a profitable one.

LARGEST BUDDHIST MONASTERY FOUND

NEW DELHI, India.—The largest Buddhist monastery in Northern India has been discovered at Taxila by Sir John H. Marshall, director-general of archaeology of India.

The monastery is on a site called Kalawan, and its name is proved by a Kharoshthi inscription said to have been Chadasia. This inscription is dated 134 of an unknown era, corresponding approximately with A. D. 76.

Mr. and Mrs. J. W. Roberts and daughter Marilyn of Snyder visited relatives and friends here over the week end.

SPEAKING TOUR MADE BY AGENTS

County Officials Speak In Behalf of Rehabilitation Work—Bankhead Bill

Plca for cooperation of every landowner, tenant farmer and would-be farmer have been made the past week in communities over the entire county by L. D. Rees, supervisor of Rural Rehabilitation in Haskell county; R. H. Maxwell, county agent; Ira L. Sturdivant, assistant in Cotton Adjustment and H. T. Sullivan, teacher of Vocational Agriculture, have made an extensive speaking tour in explanation of the rehabilitation program and the Bankhead bill, which will affect practically every individual.

"Our new program of getting the farmer back to the farm is not one which concerns only the would-be farmer," Mr. Rees said. "It concerns, and depends upon, the whole community. The success of this program will affect society at large, since it is primarily a plan for re-employment. It is a complimentary ticket to an average and independent living for a large number of persons now unable to provide for themselves.

"We not only attempt to lease land for the set-up of farmers on a small scale. We attempt to aid two other types of persons: the relief client who has rented a farm but has no capital with which to proceed and the relief client who owns a tract of land but cannot provide the necessities for farming.

"We want to make an especially urgent plea to the landlord to rent us a part of his land so that we can place our desirable clients. The government has arranged to furnish the necessary capital goods in order to put these farmers on their feet. It is a program which will put business in its entirety on a new plane."

Haskell Indians Defeat Seymour Panthers 18-0

In full war paint, the Haskell Indians went a-hunting last Friday night on the local reservation, and, in high glee, nailed the hides of the Seymour Panthers, by winning the last football game of the season here 18 to 0.

Undaunted over the reputation of the visitors, who had smacked the highly publicized Olney Cubs over, the Tribe whirled into the fray at the sound of the referee's whistle, and never once let up in the charge.

Nine lettermen—Roberts, Starr, Whatley, Adkins, English, Sherman, Hamilton, Shelley, Maples—played their last game in Haskell uniforms Friday night, but if they were sad over the fact, they kept it well hidden. Every one of the lads exhibited a desire to do things—and Seymour knows how well they accomplished their respective desires.

Starr, 180-pounder, heretofore referred to by Haskell fans as the "husky end" drew as his principal assignment the stopping of a real husky fellow—210 lbs. Robinson, Seymour right tackle, and while not exactly stopping the big fellow, who made life miserable for Olney, Starr kept him tangled up throughout the evening.

Fine work was done by Jack and John Kimbrough and Tidwell, ace ball carriers. Only by a short step was Tidwell stopped from outdistancing the field once, after making another touchdown. There intercepting a pass on his own 12-yard line, Tidwell darted towards his right, then cut back to left, which almost caught Seymour flatfooted. He traveled 13 yards before a Panther made a wild grab and held on.

Hays, Gillian and Metzger shone brilliantly for the Panthers, with Hays, especially, giving the Indians trouble with his hard ball-carrying. Fumbles, at critical times, played an important part in the defeat of the Seymour aggregation.

According to Red Harrison, Seymour publisher, and demon stician Haskell ball carriers gained 199 yards. Harrison's tabulation of each yard carrier's yardage and play-by-play of the game follows:

Jack Kimbrough: Carried the ball 13 times for total gain of 60 yards, an average of 4.6; intercepted one pass, did much of the punting and passing, and backed up the line well on defense.

John Kimbrough: Carried the ball 6 times for total gain of 58 yards, an average of 9.7; did the rest of the kicking and passing; scored one touchdown on 18-yard run.

English: Carried the ball 3 times for 20 yards, average of 6.7; nice return of one punt, but carried the ball too few times for real test. 14 of his yardage made on one run.

Sherman: Carried ball 17 times for 17 yards net; average of 1.0.

Tidwell: Carried the ball 4 times for 19 yards; average of 4.8; scored touchdown from 1-yard line; intercepted one pass.

Adkins: Carried the ball 6 times (Continued On Page Eight)

HASKELL STORES NOW READY FOR CHRISTMAS

CHRISTMAS SEAL SALE UNDER WAY

Drive in Haskell Under the Leadership of Mrs. O. E. Patterson, Chairman

The sale of Christmas Seals, sponsored every year by the National Tuberculosis Association, is now under way in Haskell under the direction of Mrs. O. E. Patterson, chairman of the Haskell county organization.

The children in several rooms of the grade schools are assisting with the sales and are attempting to see each individual between now and Christmas.

Once every year, at the Christmas season, the people of almost every community in this country have an opportunity to help fight the scourge that afflicts so many persons. It is the privilege of every reader to participate in this great battle by buying Christmas seals or Health Bonds which will aid the national and local associations to carry on the campaign necessary to win the victory that is desired.

TEXAS JUDGE GIVES PRINCE ONE LESSON

FORT WORTH, Texas.—Prince Johan von Liechtenstein has learned it does not pay to follow the example of Americans—particularly in the matter of double-parking.

Prince Johan, husband of the former Allene McFarland, of Weatherford, Texas, was hailed into court on a charge of double-parking.

"I did not know there was anything wrong in it," the prince told the judge. "I saw four or five other cars double-parked."

In view of this explanation the judge reduced the fine from \$2 to \$1. The prince paid.

G. F. Neely of the Myers community left the first of the week for Mission, Texas, where he and his family will make their future home. Mr. Neely has purchased a wrecking yard in Mission.

Holiday Spirit Prevails In Local Stores; New Merchandise Displayed

Haskell merchants are ready for the Christmas shoppers with a varied line of merchandise. There are probably more new, bright, holiday goods on display in the stores than for the past four seasons. Very little left-over Christmas goods are in evidence anywhere and Haskell county shoppers will find the newest and most attractive selections they have found since 1928.

Just a word of encouragement to the home trade. Since you have certain buying to do, why not give the home merchant the benefit of your business? He has stayed here during good times and hard times, he has been always ready and willing to contribute to the upbuilding of Haskell county. He has made small donations to every home enterprise and has extended courtesies on many occasions. He is deserving of your patronage.

Trade in Haskell with your neighbors and friends. It means a holiday season of good fellowship and neighborliness.

Her death came as a result of high blood pressure.

The accident occurred when a car crashed into the rear of the automobile in which they were riding. Mrs. O. Cole, mother of the two children, was driving the car, accompanied by another daughter, Alma Jo Cole and Annie Lou Kelley, when a car driven by a Mr. Watson, also of Rule, crashed into them, injuring the two children who were riding in the back seat. Watson carried the injured to town for first aid and from there they were sent to Stamford in an ambulance.

The injured children are reported to be slowly improving, but are still in a serious condition.

Rites Held Tuesday for Daughter of Mr. and Mrs. V. S. Payne

Funeral services were held Tuesday afternoon at 2:30 in this city for Beverly Jean Payne, the little daughter of Mr. and Mrs. V. S. Payne of Throckmorton.

Little Jean was taken suddenly ill about a week ago and her parents immediately rushed her to the hospital at Knox City, where she remained until her death Monday. Hope was held by her loved ones to the very last for her recovery, but hope faded as pneumonia set in Saturday and her little life slowly ebbed away. She passed away in her mother's arms at nine o'clock Monday morning.

Beverly Jean was born in Lubbock, Texas, November 14, 1932. She had lived in Throckmorton over half of her short life, her parents having moved there a little over a year ago from Abernathy, Texas. Mr. Payne is teacher of Vocational Agriculture in the Throckmorton High School.

This little one's passing came as a distinct shock to her friends and friends of her parents, who remember her as a happy, radiant, and beautiful child.

The funeral service was held at the First Methodist Church of Haskell, with the Rev. O. W. Carter of that church officiating. Special music was heard from the Haskell Methodist choir, after which Rev. T. F. Furniss, pastor of the Baptist church of Throckmorton read the scripture.

Miss Katherine Robinson and Miss Winona Pardue of Throckmorton sang softly and sweetly, "Some Day You'll Understand." John Lee Smith, of Throckmorton, gave a beautiful and consoling talk. The sermon was then preached by the Rev. Carter. The little casket was banked on all sides by flowers and (Continued on Page Four)

Baptist Women Observe Week of Prayer for Foreign Missions.

The Baptist W. M. S. met each afternoon last week in observance of their week of prayer for Foreign Missions. The programs each day were very spiritual and interesting. This offering known as the "Lottie Moon Christmas" and given by the Baptist women all over the Southland is now keeping 113 missionaries on the Foreign field. Our offering for 1933 was \$175,000. This not only supported these 113 missionaries but reopened schools, publication societies, hospitals and supported our W. M. S. work in the foreign fields. Our goal for 1934 is \$150,000 and we are praying that we may more than reach our goal.

Thirty-two women were in attendance at these meetings.

On Dec. 10 the women met at the church in the regular business meeting and a program from the Home and Foreign Field was rendered.

Interesting parts were rendered by Mrs. Carlton Couch, Mrs. Iola Henshaw and Mrs. I. N. Simmons. Mrs. Gilstrap gave an inspiring devotional "The Christ Child."

To My Darling

My precious baby has gone to a far and better world than this one. As God plucked His flowers for the day, he saw this beautiful bud, and knowing it was best, took her to a land where sorrow is never known. Fair and radiant as an angel in heaven, she fluttered about the home, spreading sunshine and joy everywhere. Her little voice was as notes of music that will ring forever to those who knew her best.

Her death was so beautiful; she lay in my arms and with a loving smile, went peacefully to sleep—Mother.

Monthly Pains Relieved

Women who take CARDUI have found that severe monthly pains have been relieved and that by continued use of it for a reasonable length of time their strength has been renewed and their general health improved.

"I am glad to speak a few words for Cardui, the medicine I have taken for a weak, run-down condition, for bad pains in my side and back and for irregular periods," writes Mrs. Ray Chandler, of Cassata, Ala. "Cardui straightened me out and I felt 100 per cent better. It certainly helped me."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

OLD GLORY WAVES

Since repairs have been made on our flag pole, our flag flies every day over our high school campus. The duties of raising it every morning and lowering it in the evening fall to Earnest McMillan, member of local Scout Troop No. 36, and Bud Woods former member of a Weather troop.

In viewing "Old Glory's" beautiful stars and stripes, one sees in it not only its beauty waving, but also what it means and stands for: life, liberty, and freedom for all. I think it is very important that a school have a flag, and I am glad it was again raised.

We should have it up because it means Liberty and Freedom to our country; and we should be patriotic to our country and proud that we have a united nation for the protection of our people.

We, the Haskell High School students, are glad to have a flag waving from the flag pole, and appreciate what the Gypsy Ramblers did for the school when they bought this flag.

I never look at our grand old flag but that I think of that Biblical phrase: "When you see my bow in the sky it shall be as a token to you that never again shall the earth be destroyed by water." How similar do the two seem to me: The bow, sent as a promise to an up-

right man after the horrible days of the deluge; our flag, the gift of our forefathers, bought by pools of human blood for a great eternal purpose—freedom.

Every state has its own separate star in Old Glory, and every citizen in every state holds a certain love and respect for our flag that can never be equalled and that will never die. On the campus of every school in the United States Old Glory should wave—and into the hearts of every student should be bred the love and respect to the Stars and Stripes of the United States of America.

(Teacher's note: The foregoing are excerpts from expressions of opinion written by students in an English II class—written without time for preparation or forethought).

HIGH SCHOOL HONOR ROLL

Freshmen: Martelle Clifton, Geo. Decker, Francis Fouts, Berthal Kregger, Ruby Sue Persons, Marvina Post, Billy Pogue, Marjorie Ratiiff. Sophomores: Annie Barnett, Geraldine Conner, Janice Tate, Ruth Woodson.

Juniors: Tom Clifton, Mattie Pistole.

Seniors: Lois Davis, Ava Grindstaff.

Seventy-six students average between 80 and 90 per cent; one hundred and nineteen average between 70 and 80, and thirty-three are below an average of 70.

Two students, Tom Clifton and Ava Grindstaff, rank above 90 on every subject and are carrying five subjects. There are also two or three students who are carrying five subjects and would have made the honor roll, were they taking only the usual four.

Before Rev. Cargill spoke, the stu-

dent body sang several songs from our new song books purchased by the Gypsy Rambler Club. Then Rev. Cargill spoke for several minutes on several incidents which were very interesting. Since we were playing the Seymour football team Friday night—we, the student body—didn't know whether to be a friend or an enemy to him. But after he said that some of the players were small fellows and we could defeat them easily, we decided to be a little more friendly toward him. And now we are quite friendly toward him since we beat the Seymour team.

Rev. Cargill's main talk was inspirational and helpful. The student body always listens attentively to talks brought by religious leaders, and we appreciated Rev. Cargill's coming very much.

T. S. T. A.

Our superintendent, Mr. Breedlove, attended the annual State Teachers convention, held at Galveston this year from Thursday, Nov. 29th to Saturday December 1st.

He reports that this is the best possible method of keeping our local schools in touch with the higher fields of education. Attending this meeting were representatives and speakers from various parts of the nation.

What he would call the high light of the convention, he stated, was an evening session at which Douglas Mallory, a poet, author, and lecturer spoke on "The So Called Depression." At this same session, Paul V. McNutt, governor of Indiana, also spoke, his subject being "Public Education the Duty of the State."

Besides the general session and special sessions held for those interested in special phases of education, there was also an educational exhibit. On exhibition were such things as advanced text books, note books and other objects displaying advancement in student achievement.

Mr. Breedlove says that it is his duty to the welfare of the student body as well as a great privilege and

pleasure to attend the annual convention and therefore he makes it a point to do so every year.

THANKS AND GOODBYE

"The muffled yell's sad roll has beat These squadmen's last tattoo; No more on Haskell's battling ground, Shell meet these fallen few."

Naturally everyone wants to know what Haskell is losing in the way of a football team, so here they are for your approval: Hugh Shelley, big 176 pound left end. Hugh gave them all he had all the time.

Captain Woody Roberts, left tackle. He has played his last game of a four year career—every one as rough and tough as a woodpile.

Lewis Hamilton, left guard. You never knew he was in there, but did the other side know it? Uh-huh! "Pete" always did more than his part to make up that line of ours.

Howard Whatley, center. He always gave his best and his worst was none too bad. His comparison on the offense is hard to find.

Carl Maples, right tackle. Here is one of the main reasons why over seventy per cent of our plays were run to the right side of the line. Carl played the game.

W. H. Starr, right end. A 177 pound man that swatted opposition around like they were flies. Remember the pass he caught in the Merkel game—70? Duggan could do it.

There you have the backbone of the line in these boys. They have done well; we thank them, and good luck. And now for the back-field losses:

Sherman—the man who was so tough that they ceased to come into his zone on the defense; the man that "believe it or not" was always good for yards on the offense.

Adkins—the man that went around 'em and by 'em when they couldn't be gone through. Adkins had what it took—from the bottom to the top, for four years.

English—the toughest little man Haskell has known in four years; the man that blocked and ran the ball with ease. A quarterback sure enough.

These boys have fought long and hard; they have given their time and their hide that the team might need. They knocked loudly at the inner portal of victory, but were at last denied entrance. Nevertheless we are proud of them and what they have done. May they find a happy hunting ground.

—A Fellow Warrior.

IN APPRECIATION

As the Pep Leaders we wish to express our appreciation for the cooperation of the Pep Squad through the season. The Pep Squad as a whole cooperated in every way possible and made our position a pleasant one. We wish to say that we enjoyed it very much because it adds to our happy thoughts of our last year in Haskell High School. May the Pep Squad always be peppy and as courteous to their next leaders as they were to us.

Louise and Lorene.

SENIOR STATISTICS

There are fifty-two students classified as seniors and the class is exactly divided, there being twenty-six girls and twenty-six boys.

Twenty-two seniors live in Haskell, and seven live in the country near enough to walk to school; two who live beyond convenient walking distance depend on catching rides, but sometimes have to walk much of the way. Of those who live beyond walking distance, twelve drive daily the distance of from five to ten miles, one rides five miles horseback, and eight remain in or near town during the week, boarding or working for board.

As classified at the beginning of their senior year, eight seniors have more than the required number of credits, twenty-four are straight (having the regular number of credits) sixteen are a half or a whole credit below regular but are working to make it up, and four have no possibility of making credit enough to graduate this year, though just classified as seniors and entitled to participate in class affairs.

REMEMBER CHRISTMAS FIRE HAZARDS

All indications point to the realization that this Christmas will be one of renewed hope and good cheer and we, as a people, have much for which we should give thanks.

Let us, among other things, give Thanks to all of those who have worked so diligently this year in the prevention of fires and give to them encouragement by a willing spirit of cooperation in a continuation of this splendid public service, but lest we forget, the observance of Christmas is fraught with danger to life and property because of many special fire hazards that come into use at that time. A careless act, or the use of an unsafe article, may blight the day, replacing joy with grief.

Some of the facts pertaining to special fire hazards that everyone should acquaint himself with during the Holiday Season are as follows:

"That evergreen trees decorated with highly inflammable materials often ignite.

"That cotton or lighted candles should never be placed on the Christmas tree.

"That the cotton beard of a Santa Claus frequently catches fire with serious results.

"That the old Yuletide custom of placing a lighted candle in the window near curtains has cast many a cloud of gloom.

"That small children should never be permitted to handle fireworks.

"That wrappings from packages should not be allowed to accumulate.

"That toy electric trains, motors and other appliances should not be attached to light sockets until all fuses and connections are in perfect order.

"That pennies or wire should never be used in replacing blown-out electric fuses. The fuse is the safety valve on your wiring system to protect you against fire.

Barring any catastrophe losses between now and the close of the year, the fire loss in Texas will be lower for 1934 than it has been in any year since 1919.—Raymond S. Mauk, Fire Insurance Commissioner.

BUY CHRISTMAS SEALS

The drive for the sale of Christmas Seals sponsored by the Haskell County Tuberculosis Society will continue until Christmas, and everyone who can should lend a hand.

The purpose of this annual sale of Christmas Seals is to secure funds with which to carry on the fight against tuberculosis.

Few, if any efforts in combating disease have met with the same degree of success as this organized warfare against tuberculosis, but in spite of the great improvement made, tuberculosis is killing one-fifth of all who die between the ages of 15 and 45. Many are wholly dependent upon the Tuberculosis Society to regain health and prevent others from being infected.

In this time of economic depression when unusual demands are being made upon the charitable purses of our people there may be a tendency to neglect this important work and withhold from it the funds which are customarily donated for this purpose. This should not be. Depression brings lower living standards. Hunger, exposure, undernourishment and crowding, and lack of medical and nursing attention follow depression and unemployment, while tuberculosis thrives on these misfortunes. Under these conditions, it is imperative that the work of the Tuberculosis Society be carried on with renewed energy.

On behalf of these unfortunate children who cry to you for help, and on behalf of all the men, women and children who look to the Tuberculosis Society for aid in the fight against tuberculosis, this appeal is made.

Buy Christmas Seals until it hurts, and you will have a happy Christmas because your generosity will help others.

-CURRENT COMMENT-

A TEXAS EDITOR'S VIEWS
(Dallas Morning News)

A leading article in the current issue of Nation's Business, published by the Chamber of Commerce of the United States, is contributed by Garland R. Farmer, editor of the Henderson (Texas) Times, who is not entirely satisfied with the results of the Government's relief program as he has viewed it in his own and other localities.

In brief, Mr. Farmer wants to know what has become of the spirit of our pioneering forefathers who managed to get along without Government assistance even though they could not afford the luxury of a car or over-stuffed furniture. He wants to know, too, what is to become of those hundreds of his fellow-citizens "who drive into our county seat in their cars, wasting day after day and gallon after gallon of gasoline, waiting to get on the Government's made-relief pay roll to go out and clear roads that will never be used." In the whole proceeding he sees a tendency to trade self-respect and self-reliance for Government dollars.

This kind of trading is not confined to the individual, according to the East Texas editor, who sees community leaders falling into the practice of "gouging every dollar possible out of the Government," with the thought that it will help local business and with the idea that the home town ought to keep abreast of its competitors who are doing the same thing. As a remedy, Mr. Farmer suggests that the Government require local dollars produced by local taxation to match Federal dollars in all cases.

The chief concern of the Henderson editor, however, is for the individual who is forming the dele habit. As chairman of his county relief board, he has seen some improvement with the introduction of Government "case workers," but he admits that even these are human enough to be influenced by the thought that jobs for relief workers are in direct proportion to the amount of relief needed. Making the individual self-sustaining before he loses the desire to become so, according to Mr. Farmer, is the big problem before the whole relief administration at present. He is right. The dele habit is with us, and it has aspects more serious than the mere bonded debt that is being piled up to meet current relief needs.

SCORE OF 1899 FOOTBALL GAME STILL DEBATED

NEWKIRK, Okla.—The official score of the Thanksgiving day football game between Newkirk and Blackwell in 1899 is still in doubt.

R. L. Howsley, Guymon, probate judge of Kay county from 1903 to 1907, and Newkirk high school coach while not serving on the bench, recalled that the game ended during the last half when the ball disappeared.

The score then was 10 to 6 in favor of Newkirk. The local team was unable to make the try for extra point after touchdown because the ball was gone.

Little attention was paid to eligibility rules, Howsley recounted. The coaches directed all the players on the field by calling signals from the sidelines.

CIVILIZATION OF MAYA WAS BEST

WASHINGTON, D. C. — While three distinct aboriginal civilizations of the New World developed high points of native culture, Dr. Oliver G. Ricketson, Carnegie Institution archaeologist, believes the cultural achievement of the Maya of Middle America should be ranked as "intellectually the highest."

Dr. Ricketson ranked the Maya above the Aztec in the Valley of Mexico, a people noted for military organization, and the Inca in the Highlands of Peru, whose "despotic, if beneficent, paternalism, permeated every fiber of their politico-social fabric."

The archaeologist said Maya genius developed not only an accurate system whose numeration called for the independent invention of zero and place-numeration, but also the orderly development of a pleasing architectural style and its accompanying decoration.

All of that certain tract or parcel of land situated in Haskell County, Texas, and being 100 acres of land out of League 74, Abstract No. 345, Patent No. 544, Vol. No. 20; this part being the east one-half of Subdivision No. 20 of said League No. 74, Red River County School lands and being the same described in a deed from J. Citation By Publication

THE STATE OF TEXAS.
To the Sheriff or any Constable of Haskell County—Greeting:
You are hereby commanded, that you summon, by making publication of this Citation in some newspaper published in the County of Haskell if there be a newspaper published therein, but if not, then in a newspaper published in the nearest county to said Haskell county, for four consecutive weeks previous to the

return day hereof, Lloyd A. Fry, who is a non-resident of the State of Texas, to be and appear before the Honorable District Court, at the next regular term thereof, to be holden in the county of Haskell at the Court House thereof, in Haskell, Texas, on the 7th day of January, 1935 then and there to answer a Petition filed in said Court, on the 17th day of November A. D. 1934, in a suit numbered on the Docket of said Court No. 4504, wherein J. T. Heister is plaintiff and the Haskell National Bank and Lloyd A. Fry are defendants. The nature of the plaintiffs demand being as follows, to-wit:

The plaintiff alleges that he and the defendant, Lloyd A. Fry, entered into a contract on the 26th day of December, 1933, whereby said Fry agreed to sell to the plaintiff about 292 1/2 acres of land in Haskell county, Texas, and the plaintiff agreed to purchase the said land provided that the defendant, Fry, could convey to him a good merchantable title to said land; that by the terms of said agreement the plaintiff deposited in the Haskell National Bank, Haskell, Texas, the sum of One Thousand and no-100 Dollars (\$1,000.00) to be held in escrow by said Bank as a guarantee that he would perform his part of the agreement. Plaintiff says that it developed that the said defendant

Fry, did not have a good title to said land, and that by reason of said fact this plaintiff is entitled to have returned to him his \$1,000.00. But the defendant, Fry, is unlawfully claiming said money, and the defendant, the Haskell National Bank, has failed to return said sum of money to this plaintiff.

Plaintiff prays for a judgment ordering said bank to pay to him said money, and it be determined that the defendant, Fry, has no right to the same.

Herein Pail Not, and have you before said Court, on the said first day of the next term thereof, this Writ with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Haskell, this the 3rd day of December, A. D. 1934.

Furniture Makes Pleasing Gift

If you are seeking a gift that all the family will enjoy—one that will serve for many years—choose furniture. There are so many "occasional" pieces that fit into the decorative scheme of nearly every home that you will have no difficulty in finding one that will fit your plan of expenditure and the taste of the recipient.

Few homes have enough small tables—the kind that are so obliging about holding cigarettes, magazines and drinks. Nests of tables in both modern and period styles are certain to be an appreciated gift. If the quest is for something very modern look at the low tables with composition tops that never, never show rings or burns. They have natural wood or metal bases and are stunning and agreeably low in price.

Bridge Tables and Chairs
Nowadays the bridge table has taken on a smart and sophisticated air. The old-fashioned fold-away kind whose legs never seemed to hold up have been supplanted by smart wooden affairs in striking modern design. Many chairs to match and any bridge playing friend would welcome such a gift. Then, too, there are some stunning magazine racks in Georgian design that are moderately priced and roomy enough to contain a large assortment of periodicals.

Hanging shelves in both modern and period designs are another gift suggestion in the furniture field. Occasional chairs; large roomy leather chairs for dad; a sewing chair for mother. Sewing cabinets, corner cupboards, desks, stools and bookcases offer themselves to the seeker after gifts that are practical and attractive. So in your search for satisfactory gifts be sure to include furniture as a very likely solution.

Christmas Table Decorations
This year you can make your Christmas table lovely with the many exquisite ornaments designed for its decoration. There are lovely center ornaments of glass fashioned into the shape of poinsettias and mounted on long curved stems that form a decorative base.

Tiny silvery trees to put at each place are hung with crimson holly berries. Sprays of silver leaves to lay down the center of the table. Wee holly wreaths to carry place cards, tiny pots of holly or poinsettia for table favors. Broad ribbons of green or scarlet cellophane ribbon to lay at intervals down the snowy cloth.

Tall Christmas candles in scarlet or white with gold decorations may light the table. Squat candlesticks of painted wood in red or green are designed to support them. There are jolly Christmas favors, pretty nut and bonbon baskets of paper in unusual designs will provide color and Christmas cheer.

Professor Says Life "Begins" At 70 Instead of 40

FORT WORTH, Texas.—Life begins at 70, not 40!

At least, that is the belief of Dr. Clinton Lockhart, professor of Old Testament and Semitics at Texas Christian University, and former president of the institution.

"One has a broader, richer appreciation of life after 70, provided his health is good," says Dr. Lockhart.

At 77 the lean and active educator is studying German at night school and reading the Bible in Spanish. When 74 he received the honorary degree of Doctor of Letters from T. C. U. The professor reads 10 languages and plays the

piano, violin and guitar. He took up the study of the violin on his 70th birthday.

"Advancing years and the experience which they bring with them give one the key to many enjoyments of life not open to the younger man or woman," Dr. Lockhart says.

"The years take you from some of your favorite athletics and you lose interest in romance, but you find ample compensation in the full, new understanding you have of life."

Dr. Lockhart holds the A. B., A. M. and LL. D. degrees from Transylvania and the Ph. D. degree from Yale.

Mrs. C. M. Kaigler Presents Her Juniors in Christmas Program.

On next Tuesday night, Dec. 18th at promptly 7:15, Mrs. C. M. Kaigler will present her junior expression class in a lovely "Christmas Eve Pageant" that will include every member of the class. Many of them will give appropriate readings prior to the pageant and among these will be found six new pupils and we'll tell you a bit of their history. Little Bobbie Joe Smedley was at our Thanksgiving program with his mother and begged to be allowed to go up on the stage and "say a piece." His mother told him to wait and he might study with Mrs. Kaigler and be on the next program and that is what he did. Be sure and come and hear Bobbie Joe. Then Oran McClain did so well on a

recent chapel program, that he was invited to read on the Thanksgiving program and did so and liked our class so well he has signed up as a pupil for the rest of the school term. Little Billy Haynes did practically the same thing and said "I can speak pieces," so he is a new member. Then Carolyn Koonce said: "I know a piece and if you will put me in a play with Jane Gentry, I'll say it tonight." She said her piece and she is co-starring with Jane Gentry in the Christmas Pageant. The other two new ones are Hartsell Johnson and Eloise Koonce.

People who will have special parts in the play are: Santa Claus (guess who) Jane Gentry, Carolyn Koonce, Charlene Ann McGregor, Anita Jo Pittman, Dale Bartlett, Dean Bartlett, Martha Lou Ivy, Edwin Gentry, Hartsell Johnson, Terry Smith, Erwin Frierson, Stella Marie Frierson.

son, Giles Kemp, Bobbie Joe Smedley, Billy Haynes Oran McClain, John Wayne Koonce, Billy Kemp, Doris May Humphries, Charles Cooper, Robert Wayne Cooper, Billy Cooper, Flora Love Morrison, Thomas Morrison, Geraldine Ivy, Billy Jo Ivy, Josephine Parish and Stanley Smith.

There will be a real Christmas Tree party for members of the class following the program, so all who would like to see these children in their program, be at the High School promptly at 7:15 Tuesday night, Dec. 18. There will be no charges. We never charge for class programs.
