O'Brien happenings

By Audie Johnston, O'Brien Correspondent

"John disliked the family cat, and decided to get rid of him. He drove the feline 20 blocks from home and left him. But when he pulled into his driveway, there was the cat. The next day he left the kitty 40 blocks away, but again, the cat beat him home.

So he took the cat on a long drive, arbitrarily turning left, then right, making U-turns, anything to throw off the tabby's keen sense of direction before abandoning him in a park across town.

Hours later John called his wife: "Jen, is the cat there?"

"Yes," she replied. "Why?"

"Put him on the phone. I'm lost and need directions home."

Here and There - C.H., Linda and Reed Underwood were blessed over the weekend to have

their daughter Beth and husband and her daughter Faith and Hope of Roby visit them. They all attended church Sunday and everyone was blessed to see them.

Bro. Milton McAmas left Sunday after church services to go back to Caddo Mills where he was to hold a church service and baptize six people. He met his wife Rhonda and daughter Lacy and son Nathan and spent some time with them. His wife and daughter will be moving back home here this weekend and the son, a senior, will stay there until school is out.

Johnny Hendrix of Gilliland visited his mother, Vivian Hendrix, over the weekend and enjoyed a good time.

Last Tuesday night, several of

us ladies went to Post to see our boys basketball team play Crosbyton. The boys played a wonderful game but lost by a few points. Those of us attending were Janoma Stephens, Charlene Brothers, Anne Underwood, Dorothy Jean Dykes and me and our pastor, Milton, was there also.

Brenda Williams and Joe Banner and brother Butch of Hawley and wife Bobby were all in Abilene Saturday night.

Joe Banner visited with Bro. Kyle Gullledge and wife Leah in Hawley last week.

Charlene Brothers was blessed over the weekend by getting to have her little niece Cyndy from Wichita Falls spending some time with her and going to church with her on Sunday.

LEGAL NOTICE

On February 6, 2003, VALOR Telecommunications of Texas, LP (VALOR) filed an application with the Public Utility Commission of Texas (Commission) to establish surcharges to recover lost revenues and increased costs associated with seven hundred thirteen (713) Expanded Local Calling Service (ELCS) routes implemented in and between VALOR's Texas telephone exchanges and in many instances, exchanges of other local telephone companies. The application is filed based on the Commission's Substantive Rule 26.221 titled, "Applications to Establish or Increase Expanded Local Calling Service Surcharges".

ELCS expands a local calling scope to include one or more additional telephone exchanges, if customers in a petitioning exchange approve by ballot, the payment of an ELCS fee in lieu of long distance charges. The costs and lost revenues associated with VALOR's surcharge application are those not recoverable through the ELCS fee.

In the application, VALOR proposes to implement on an interim basis a monthly per line surcharge of \$.99 for residential customers and \$1.98 for business customers beginning with the April, 2003 bill cycle. This proposed surcharge will apply in addition to any monthly ELCS fees. If rates at or above the level of the interim surcharges are not ultimately approved by the Commission, VALOR will refund all or part of the interim surcharges, as directed by the Commission. Ultimately, VALOR seeks approval of monthly surcharges of \$3.38 for business lines and \$1.69 for residential lines to replace the interim surcharges. Additionally, the application proposes that customers currently billed ELCS fees lower than \$3.50 per residential line and \$7 per business line, will have those fees raised to \$3.50 per residential line and \$7 per business line.

The net annual effect on the revenues of VALOR will be zero since the requested surcharge replaces lost revenues and reimburses VALOR for the increased cost of service associated with ELCS. The estimated total lost revenues and increased costs VALOR seeks to recover through this proceeding is \$7,601,145 annually.

If you have questions about the proposed surcharges or would like further information, please call VALOR at 1-877-520-5220. The Public Utility Commission has assigned Project No. 27363 to this proceeding. Persons who wish to intervene in or comment upon these proceedings should notify the Public Utility Commission of Texas as soon as possible and no later than April 14, 2003, the intervention deadline. A request to intervene or for further information should be mailed to the Public Utility Commission of Texas, 1701 N. Congress Avenue, PO Box 13326, Austin, TX 78711-3326. Further information may also be obtained by calling the Public Utility Commission at (512) 936-7120 or (888) 782-8477. Hearing-impaired and speech-impaired individuals with text telephones (TTY) may contact the Commission at (512) 936-7136.

AVISO

El 6 de febrero de 2003, VALOR Telecom de Texas, LP (VALOR) sometió una solicitud a La Comisión Pública de Servicios de Texas (Public Utility Commission of Texas) para establecer sobrecargos para recuperar las ganancias perdidas y los costos incrementados relacionados con siete cientos trece (713) rutas implementadas del Servicio Expandido de Llamadas Locales (Expanded Local Calling Service) entre los despachos centrales de teléfono de VALOR de Texas y en muchas instancias, despachos de otras compañías locales de teléfono. La solicitud se sometió basada en la Regla 26.221 de La Comisión titulada, "Solicitudes para Establecer o Incrementar los Sobrecargos de Servicio Expandido de Llamadas Locales".

ELCS extiende el alcance de llamadas locales para incluir uno o más despachos de teléfono adicionales, si los clientes de un despacho hacen una petición de cambio que es aprobada por voto para pagar un cargo de ELCS en lugar de sobrecargos de larga distancia. Los costos y ganancias perdidas relacionadas con los sobrecargos de la solicitud de VALOR no son recuperables a través de la cuota del ELCS.

En la solicitud, VALOR propone implementar temporalmente un cargo mensual por línea de \$0.99 por cliente residencial y \$1.98 para clientes comerciales empezando con la facturación del ciclo de Abril, 2003. Este cargo propuesto se aplicará en adición a cualquier cargo mensual ELCS. Si las tarifas al o sobre el nivel de los sobrecargos temporarios no son ultimadamente aprobados por la Comisión, VALOR reembolsará todo o parte de los sobrecargos temporales, indicados por La Comisión. Ultimadamente, VALOR busca aprobación de sobrecargos mensuales de \$3.38 por líneas comerciales y \$1.69 por líneas residenciales para reemplazar los sobrecargos temporarios. Adicionalmente, la solicitud propone que los clientes que actualmente son facturados con tarifas ELCS más bajas de \$3.50 por línea residencial y \$7.00 por línea comercial, tendrán un incremento de tarifas a \$3.50 por línea residencial y \$7.00 por línea comercial.

El efecto anual en las ganancias de VALOR serán cero siendo que los sobrecargos solicitados reemplazan las ganancias perdidas y reembolsa a VALOR por incremento en el costo del servicio relacionado con ELCS. El costo estimado total de las ganancias perdidas y el incremento de costos que VALOR tiene como fin recuperar a través de este procedimiento es \$7,601,145 anualmente.

Si usted tiene alguna pregunta acerca de los sobrecargos propuestos o si necesita más información, por favor llame a VALOR al 1-877-520-5220.

La Comisión de Servicios Públicos ha asignado el Proyecto No. 27363 a este procedimiento. Las personas que deseen intervenir o comentar en o sobre estos procedimientos deben notificar La Comisión de Servicios Públicos de Texas tan pronto como sea posible y no más tarde del día 14 de Abril 2003, fecha límite de la intervención. Para intervenir o para más información, escriba a La Comisión de Servicios Públicos de Texas (Public Utility Commission of Texas), 1701 N. Congress Avenue, PO Box 13326, Austin, TX 78711-3326. También puede solicitar más información llamando a La Comisión de Servicios Públicos al (512) 936-7120 o al (888) 782-8477. Personas con impedimentos de hablar o del sentido de oír con teléfonos de textos (TTY) pueden comunicarse con La Comisión al (512) 936-7136.

Forum to focus on improving aging services

ABILENE - Improving aging services in Texas is the focus of a community forum set for Benjamin on February 28 at 9:30 a.m. at the Knox County Courthouse.

In making the announcement about the forums, Mary Sapp, Executive Director of the Texas Department of Aging (TDoA), noted "Consumers benefit when local communities have input into planning efforts. Stakeholder input is critical to improving aging services. This forum represents collaboration between the State and the local community to ensure the improvement of services to older Texans."

The public forum is one of 11 to be held across the state during the winter of 2003 to increase local involvement in providing aging services in local communities. The forums offer participants an opportunity to comment on the provision of services and on how well their community is preparing for an aging population. Community input from the forums will improve local service delivery. At the state level, input from the forums will strengthen the development of TDoA's State Plans.

Public sessions will be sponsored by the Texas Department on Aging as well as the Area Agency on Aging of North Texas, and the Area Agency on Aging of West Central Texas that are charged with the responsibility of providing services to older Texans.

Munday experiment station among three to see closure

COLLEGE STATION - Three small agricultural research stations will be closed as a result of the mandatory state budget cuts, officials with the Texas Agricultural Experiment Station announced Tuesday.

Among the three is the research station in Munday in Knox County, effective in April.

The other two stations closing are: the plant disease research sta-

tion in Yoakum in Lavaca County, effective April 4; and the forage and vegetable research station at Angleton in Brazoria County, effective August 31.

Six employees are affected by the Munday closure. One will transfer to the Experiment Station in Vernon, but the five other positions are being eliminated, according to Dr. Donald Robinson, Vernon resident station director.

NOTICE OF GAS RATE INCREASE REQUEST

TXU Gas Distribution (the "Company"), in accordance with the Gas Utility Regulatory Act, hereby gives notice of its intent to implement a new schedule of rates for natural gas service to be charged to all residential, commercial and industrial customers in the unincorporated areas in the vicinity of the West Region Distribution System ("Enviros Customers"). The West Region Distribution System includes the following cities: Abilene, Albany, Alvarado, Anson, Avoca, Baird, Ballinger, Bangs, Benjamin, Blackwell, Blanket, Blum, Bronte, Brownwood, Buffalo Gap, Carbon, Carlsbad, Cisco, Cleburne, Clyde, Coleman, Colorado City, Comanche, Covington, DeLeon, Desdemona, Dublin, Early, Eastland, Glen Rose, Godley, Gordon, Goree, Gorman, Granbury, Hamlin, Haskell, Hawley, Hermleigh, Hillsboro, Impact, Itasca, Joshua, Keene, Knox City, Lawn, Lipan, Loraine, Lueders, May, McCaulley, Meridian, Merkel, Miles, Moran, Morgan, Munday, Novice, O'Brien, Olden, Osceola, Ovalo, Putnam, Ranger, Red Springs, Rhineland, Rio Vista, Robert Lee, Roby, Rochester, Roscoe, Rotan, Rowena, Rule, San Angelo, Santa Anna, Santo, Seymour, Snyder, Stamford, Stephenville, Strawn, Sweetwater, Sylvester, Talpa, Throckmorton, Trent, Truscott, Tuscola, Tye, Valera, Vera, Weinert, Whitney, Wingate, and Winters.

The proposed revisions to the respective rate schedules will impact Residential Service, Commercial Service, Industrial Sales, Industrial Transportation, Rate Adjustment Provisions (Gas Cost Adjustment, Tax Adjustment, and Surcharges), and Miscellaneous Service Charges (Connection Charge, Read for Change Charge, Returned Check Charges, Delinquent Notification Charge, Main Line Extension Rate, Excess Flow Valve Charge, and Certain Stand-by Gas Generators). The proposed new schedule of rates will also eliminate the Rate Schedule for Public Schools-N and Commercial Contract Public Schools Rate.

The proposed rates are expected to produce a \$357,845 or a 10.27 percent increase in the Company's annual revenues from residential, commercial and industrial enviros customers in the West Region Distribution System. The proposed change will affect 3,494 residential, 475 commercial customers and 18 industrial customers. The proposed change may constitute a "major" change as that term is defined by Section 104.101 of the Texas Utilities Code. The proposed changes will have differing impacts on individual residential and commercial customers, depending on consumption and current applicable rate schedules. A residential customer receiving a bill for 6 Mcf will see a bill of approximately \$50.93, which would constitute a change ranging from a decrease of \$6.93 to an increase of approximately \$7.60 per month. A commercial customer receiving a bill for 30 Mcf will see a change ranging from a 14.71% decrease to a 15.39% increase. Information on the change in any specific area can be obtained from TXU Gas Distribution.

A complete copy of the Statement of Intent, filed with the Railroad Commission of Texas on January 31, 2003 is available for inspection in the Company business office located at 1601 Bryan St., Dallas, Texas 75201. Persons with questions or who want information about this filing, or a copy, may contact TXU Gas Distribution at 1-800-460-3030. Any affected persons may file written comments or protest concerning the proposed change in enviros rates by March 21, 2003, with Docket Services Section of the Legal Division, Railroad Commission of Texas, P.O. Box 12967, Austin, Texas 78711-2967.
