Three KCHS seniors will play this Saturday in prestigious Greenbelt All Star Game

Kendrick Green, Sedrick Roberson and Scooter Thompson, all seniors on the 2002 Greyhound Football Team and graduates of Knox City High School, will be playing in the 54th Annual Greenbelt Bowl Classic All Star Football Game.

The game will played this Saturday in Childress. The kickoff is

scheduled for 7:00 p.m. at Fair Park Stadium.

The prestigious All Star game gives college coaches one last opportunity to look at some of the best high school football talent in the north Texas and south west Oklahoma region.

After last year's game, many players were offered the opportunity

to receive a college education by playing football at various schools across the country.

All three Knox City players have already signed National Letters of Intent with colleges for next year. Kendrick and Sedrick signed with Cisco Junior College, and Scooter signed with Abilene Christian University.

Playing in the FCA All Star game was the 'experience of a lifetime' for KCHS senior

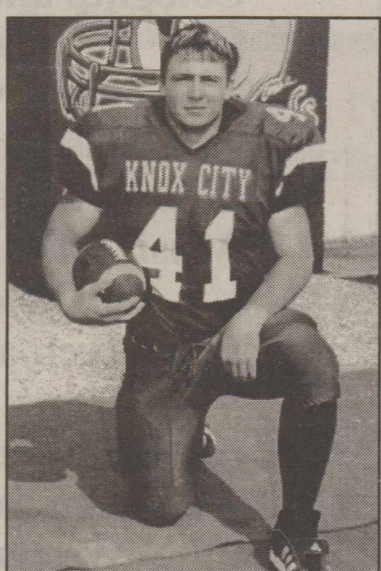

Describing the FCA All Star Classic Football Game in Abilene last Saturday night, KCHS graduate Scooter Thompson was all smiles when he said that being able to play in the game was "the experience of a lifetime."

Televised by KTAB Television in Abilene, the game was seen throughout the Big Country. A large crowd was also on hand at Shotwell Stadium in Abilene to watch the game in person.

Combining players from Class 1A, 2A, 3A, 4A and 5A, the annual All Star game featured the best football players from the north central portion of Texas.

Scooter said that he knew the competition would be strong, and he was right. Practicing with the North Team all week long in Abilene, he had the opportunity to see first hand the differences in size and strength in players from different school classifications.

During the game, Scooter was a backup middle linebacker to Jeremy Mullins, a class 3A player from Merkel. Scooter rotated in and out of the game during the

Scooter Thompson

first quarter, then saw a lot more action when the North switched to a four linebacker defense in the second quarter. Mullins received an ankle injury in the early portion of the third quarter and Scooter played most of the remainder of the game.

The best part of the week long experience was being able to meet so many other football players. Scooter signed to play college

football at Abilene Christian University and he was able to meet several other players also going to ACU in the fall.

Players stayed the week with host families in Abilene and Scooter was blessed to meet and stay with the family of Mark and Kerri Hewitt. Mark is the Pastor of the Love and Care Ministries in Abilene. Scooter described them as "fantastic people" that he enjoyed meeting.

The game itself was a hard hitting, fast moving show of talent. The North scored early and held the lead until midway through the fourth quarter. The South team won by a score of 21-20.

Scooter's parents, Dave and Stacy Thompson, his grandmother, Billye Angle, and his girlfriend, Tara Timmons of Paducah, also enjoyed a pre-game banquet on Friday night at the Civic Center in Abilene. Along with program ad sales, both the banquet and the game admission donations were fundraising tools for future operations of the Fellowship of Christian Athletes.

Aging Center fundraiser set for June 22

The Knox County Aging Center provides hot, nourishing meals for the senior citizens of the county. Meals are served Monday through Friday in Knox City; Monday / Wednesday / Friday in Munday and Goree; Tuesday and Thursday in Benjamin.

Other services provided by the center are game night, monthly birthday parties, daily exercises and the new computer library.

Last month approximately 200 people took advantage of the ser-

vices offered.

A fundraiser to help support the Aging Center will be held on Sunday, June 22. A meal of roast beef with all the trimmings will be served from 11:30 to 1:30.

A raffle for a homemade quilt and a silent auction will also be

held. The tickets for the quilt are \$1.00 each or 6 for \$5.00 and are available at the any of the four different sites.

Anyone wanting to donate items for the silent auction are asked to call or come by the Knox City building at 107 North Avenue E.

For more information on the upcoming fundraising project scheduled for Sunday, June 22, feel free to call Susan Cockerell at 657-3618.

O'Brien happenings

By Audie Johnston, O'Brien Correspondent

"Mother Teresa arrives in heaven. "Be thou hungry?" God asks. Mother Teresa nods.

He serves them each a humble sandwich of tuna or rye bread. Meanwhile, the sainted woman looks down to see gluttons in hell devouring steaks, lobsters and wine. The next day God invites her to join him for another meal. Again, it's tuna on rye. Again, she sees the denizens of hell feasting.

The following day, as another can of tuna is opened, Mother Teresa meekly says, "I am grateful to be here with you as a reward for the pious life I led. But I don't get it: All we eat is tuna and bread, while in the other place they eat like kings.

"Let's be honest," God says with a sigh, "for just two people, does it pay to cook?"

Here and There - Dan and Marilyn Talbot were in Shallowater Saturday to visit their daughter, Cathy and husband and son. They celebrated Dan's birthday and had an enjoyable visit.

Cliff Banner of Hawley visited his mom, Billie Walker and brother, Joe Banner, Sunday. Cliff almost got washed away with rain last week.

Spending the weekend with C.H. and Linda Underwood were their daughter Beth and husband and daughters Hope and Charity of Rotan.

Beatrice Ellis and her son David of Alpine were in Van, Texas, over the weekend attending an Ellis reunion. They all enjoyed being together for a while.

My daughter, Sammie Roberts and husband, Kenneth of Plainview, spent Sunday night with me. They were on their way

to College Station to baby sit a little granddaughter while her parents Randy and Angie and children Haden and Tristan were spending a few days vacationing.

We still have several on our prayer list at church, Bessie Duncan, Demp Emerson, Clara Hanson, Janoma Stephens, Charlene Brothers, Diane Roberts and I'm sure there are others who we haven't heard about.

NRCS announces financial assistance

The USDA Natural Resources Conservation Service (NRCS) has announced that financial assistance will be available in Texas to conserve natural resources and address environmental concerns on private lands. Funds are part of conservation provisions contained in the 2002 Farm Bill and Authorized by the Environmental Quality Incentives Program (EQIP).

Eligible farmers and ranchers may apply for these funds as cost-share assistance.

In Texas, NRCS works with 216 local Soil and Water Conservation Districts to address local natural resource issues. L.D. Offutt, Chairman of the Wichita-Brazos SWCD, said he was pleased with the input they have received in developing the local conservation needs criteria for Knox County.

Applications for the 2003 EQIP program in Texas will be accepted through June 13, 2003.

NOTICE OF GAS RATE INCREASE REQUEST

TXU Gas Company (the "Company"), in accordance with the Gas Utility Regulatory Act as set forth in the Texas Utilities Code, hereby gives notice of its intent to implement a new schedule of rates for natural gas service to be charged to all of the customers served by the Company in the incorporated municipalities and unincorporated areas in the Company's statewide gas utility system (the "System"). The proposed revisions to the respective rate schedules will impact all classes of service and all fees and charges presently being assessed by the Company on its transmission and distribution systems. As of the filing date of the Company's Statement of Intent to change rates, the proposed rates are expected to approximately produce a \$69,524,311 or a 7.24 percent increase in the Company's annual revenues from customers in the System. The proposed change will affect approximately 1,344,030 residential, 125,603 commercial, and 1,441 industrial sales and transportation customers in the System. The proposed change constitutes a "major" change as that term is defined by Section 104.101 of the Texas Utilities Code. The proposed changes will have differing impacts on individual customers, depending on consumption and current applicable rate schedules. The proposed changes in rates will not become effective for environs customers until similar changes have become effective within the nearest incorporated city or town. A residential customer receiving a bill for 6 Mcf will see a bill of approximately \$41.69, which would constitute an average increase of approximately \$3.59 per month or a 9.4% increase. A commercial customer receiving a bill for 30 Mcf will see a bill of approximately \$173.04, which would constitute an average increase of approximately \$13.91 per month or a 8.7% increase. The effect of the proposed changes to rates and services for industrial sales and transportation customers, which may be significant for individual customers, will vary depending on type of service and consumption. The proposed change would constitute an increase of \$0.00 or a 0% increase in annual revenues to the Company for industrial sales and transportation customers. A complete copy of the Statement of Intent, filed with the Railroad Commission of Texas and all of the System cities and towns on May 23, 2003, is available for inspection in the Company business office located at 1601 Bryan St., Dallas, Texas 75201. Persons with specific area questions or who want information about this filing may contact TXU Gas Company at 1-800-460-3030. Any affected persons located inside of the city limits of a municipality served by the Company may file written comments or protest concerning the proposed change in rates with their respective municipality. Any affected persons located outside of the city limits of a municipality served by the Company may file written comments or protest concerning the proposed change in rates with Docket Services Section of the Legal Division, Railroad Commission of Texas, P.O. Box 12967, Austin, Texas 78711-2967, but have a limited time to do so. Pursuant to the Rules of the Railroad Commission of Texas, Title 16 of the Texas Administrative Code Section 7.230, any affected persons may file written comments or a protest concerning the proposed change in the environs rates with the Docket Services Section of the Railroad Commission of Texas, at any time within 30 days following the date on which the change would or has become effective. The Company is proposing to have these proposed rates become effective on June 27, 2003.

Este es un aviso para informar a los clientes de TXU Gas Company (la "Compañía") que la Compañía está solicitando un aumento en la tarifa de gas. Este aumento afectará a todos los consumidores de gas de la Compañía en el estado de Texas. Si usted tiene alguna pregunta con respecto a este aumento, por favor llame a TXU Gas Company al 1-800-460-3030.

SEEDS FROM THE SOWER
Michael A. Guido
Metter, Georgia

During the 14th century, in Southwest Asia, the Emperor Tamerlane's army had been defeated by a strong foe. The emperor hid himself in a deserted manger while the enemy looked for him.

As he lay there, he watched an ant try to carry a grain of corn over a wall. Sixty-nine times he tried and failed, but on the seventieth try, he succeeded.

Encouraged by that ant, he reorganized his forces and defeated the foe.

Have you tried your hand and failed? Now, with the Lord, try your heart and head; and with St. Paul you'll say, "I can do all things through Christ who strengthens me."
