THE PRESS TO SECURE HISTORY OF OLD SETTLERS

Be Used In A Special Edition In Connection With Fall Fair

RESPONSE GROWING

Settlers To Be Given Special Honor By Fair Board In October

From early settlers of county containing information to their arrival here are being sent in to the Free Press, by a request for such information this newspaper made recently. Among those received were from Mrs. Guy Jenner her father, F. P. (Tobe) and from Mr. and Mrs. J. M.

request made by the Free Press information concerning all settlers in addition to, and from that being made by the Central West Fair. Only the name, address of arrival in county is requested by the fair directors, while the editor of the Free Press requests the name, address, occupation, children and other information which will prove interesting for the 60th Anniversary Edition to be published by the Free Press in connection with the fall in connection with the fair.

early settler of Haskell is urged to mail in a brief of their life to the Free Press as soon as possible, owing to the fact that all such copy will be sent to the printer several months before the edition is published.

ing to the "Old Settler" the brief sketch of F. P. Tobe of Weimert, who came to Haskell in the fall of 1879 of the type of material the Free Press desires. To be eligible, a settler must be over 50 years of age and must have arrived in Haskell county prior to 1900.

sketch: F. P. (Tobe) came to Haskell in the fall of 1879 covered wagon from Dodd County, Mo. He worked for the D. K. Koser as a cow-hand near Weimert. Later he returned to Texas where he met and married Ella Burt, now deceased. They moved to Haskell in 1881 and resided there for about two years. Since then Mr. Tobe has lived in Haskell. He attended the first reunion held in Haskell and has a fund of interest in the early day of settlement. Mr. Tobe was born in Alabama moving with his parents to Texas while a boy. Four children.

ORGANIZE TENNIS LEAGUE THIS SECTION

A league which would include towns of Munday, Knox, Sagerton, Rochester, Rule and Haskell is now being organized, according to members of the Haskell Tennis Club. Plans call for play every four weeks during the week from each

not known at present all of the towns will participate in the tentative line-up of the above named set-up. Local members estimate the possible playing of tennis players in this section. Matched game Sunday, local players with players at Troy Post was defeated by Aycock 6-2, 7-5. Johnny Aycock defeated by Rex Holder and Rogers Gilstrap won with Hubert Isbell 6-3, 6-2. Brooks captured two sets from Harvey Lee by 6-3, 6-2. Gistrap, while Post and Isbell won three straight sets from Lee and Isbell.

Car Accident

his way to Fort Worth at Mineral Wells, where he had a state convention of union members, T. J. Arnett, had his automobile involved in an accident, resulting in a serious injury to Mr. Arnett. An automobile attempted to pass a hill, and in order to do so, the driver made a ditch which was several feet deep. The right side of the car was struck by rocks which had rolled along the highway to the side of the ditch. One of the other car failed to see the extent of damage to Arnett's car.

Laundries Object To "Nude Deal"

OKLAHOMA CITY.—The menace of nudism to the laundry business was called to the attention of the Oklahoma Laundry Owners' Association this week by Arch Long, Kansas City national association director.

"Nudism is a definite trend in world civilization and you never heard of a laundry making a contract with a nudist camp," he warned.

"Gentlemen, I don't have to prove that nudism is coming," he said. "You can see it with your own eyes. Just look at the women on the street any bright afternoon. And what they wear doesn't come to your laundry. We don't wash silks."

"And the ladies are not the only ones. Not many years ago, the average weight of men's underwear was two pounds. Now it is about six ounces."

"Fewer clothes means less laundry volume," he pointed out, and added lugubriously that clothes may some day join the coach and four in limbo.

HASKELL BATTLES KNOX CITY ENTRY HERE ON SUNDAY

New Players To Be Thrown Into Fray by Both Clubs; Game Starts 3:30 P. M.

With both teams materially strengthened, a close game is expected Sunday afternoon on the local grounds when the Knox City baseball team tangles with the Haskell Braves at 3:30 o'clock. Knox City was beaten by Munday on June 3, but the new players which will be thrown against Haskell Sunday were on the bench and unable to play on account of the fact that a week must elapse before a player, once certified, can participate in a league game.

Haskell's line-up will be changed, according to Manager Buford Cox.

With only a few weeks left of the first half of the Wichita Valley League race, local officials are now preparing for a radically changed team to start the last half. Only a few spots are needed to place the Haskell entry at the front and the type of players needed have been contacted. Another good pitcher, a fast shortstop, and another hard-hitting outfielder is needed, according to one of the officials, to give Haskell an outstanding club—one that will be in the thick of the fight during the last half. With both Rule and Munday tied for the lead at present, a play-off series with either team for the Haskell club would draw an enormous gate and put money into the local treasury.

SERVICE CLUB WILL SPONSOR A PICNIC

At the regular Tuesday noon meeting of the Haskell Service Club, the members voted to suspend meeting next Tuesday noon and instead to hold a picnic for all members, their wives or sweethearts and any guests they may choose to invite next Tuesday night on the golf course.

According to officials of the club, no business will be transacted during the picnic.

Members of the club also voted to appoint a candidates reception committee which would see that all visiting political candidates speaking in Haskell were properly introduced to the public, in case such candidates had no friends here to take care of speaking arrangements. Hill Oates, Server Leon, D. P. Ratliff, Herman Henry and J. D. Montgomery were named to serve on the committee.

College Students Return

Rule, Tex., June 5.—During the past few days, a number of students who are attending college have returned to Rule, among them being Hazel Raborn, Sunny Lea Eaton, John Dyer, Lester Edwards and Ellis Neal, from Howard Payne at Brownwood; Doris Keen, Weldon Norman and E. B. Harris from N. T. S. T. C. at Denton; Pauline Kittley from C. I. A. at Denton; Mary Ruby Neal from Weatherford; Junior College at Weatherford; Wilmont Eaton from Texas Tech at Lubbock; and John Moore Steel from Texas University at Austin.

Accepts New Pastorship

Rule, Tex., June 5.—Rev. J. Perry King, who has been pastor of the local First Baptist Church, has resigned and is now moving to Clarendon, Texas, where he has accepted the pastorate of the Baptist church in that city. While pastor here, Rev. King made many friends who regretted his leaving Rule, but wish him success in the much larger field of service.

Here Saturday

JAMES V. ALLRED

ALLRED BILLED TO SPEAK IN HASKELL SATURDAY, JUNE 9

Candidate For Governor To Address Voters Here In Interest of Race

Attorney General James V. Allred, candidate for governor of Texas, will speak in Haskell Saturday afternoon, June 9, at 2 o'clock, according to an announcement made here by friends and well-wishers. Matters affecting the state will be discussed by General Allred. In past speeches, it is reported that he has dealt more with issues than with personalities.

Friends of General Allred residing within Haskell county are urging every voter to attend and hear the present attorney general's speech, whether they intend to support him or not.

ANNUAL BANQUET OF RULE ALUMNI IS HELD

Rule, Tex., June 5.—The annual banquet of the Rule Alumni Association was given on the night of Friday June 1st in the hall of the public school building. There were about seventy members present. After the dinner was served the following program was given:

Piano Solo—Mrs. Ewell Bone. Reading—Christine Penick. Toast to the 1934 Seniors—Mrs. W. E. Penick. Response—Doris Jobe. Introduction of Speaker—Mrs. Charlie Jackson, president of the association. Talk—Mr. C. B. Breedlove.

After the program a business session was held in which it was decided that the next banquet of the Association would be held during the Christmas holidays. Mr. Frank Campbell was elected President and Mr. Roland Kelley was elected Secretary and Treasurer. Mrs. W. E. Penick, Mr. Olen Carothers, and Mrs. Charlie Davis were appointed first, second and third vice-presidents respectively. After singing "Onward Christian Soldiers" the Alumni Association was dismissed.

Babies Protected From Candidates

SEMINOLE.—Helpless babies will be protected from the old-time politicians who believe the best way to get votes is by kissing the infants, if Lyle H. Boren, young congressional candidate in this district has his way. Boren ordered 3,000 small signs, to be given to all mothers wishing to guard their babies, bearing the notation, "Please don't kiss me."

Summer School Starts

Rule, Tex., June 5.—Under the direction of Gordon Thompson, the Rule summer school session started Monday morning with a representative attendance. Mrs. Thompson and Miss Elizabeth Steele will assist in the teaching.

Ruth Bryan Owen to Appear at C. I. A.

DENTON, June 1.—Mrs. Ruth Bryan Owen, United States minister to Denmark, will make her second appearance at Texas State College for Women (CIA) next fall during her lecture tour over the United States, according to recent announcement by President L. H. Hubbard. Mrs. Owen, the daughter of William Jennings Bryan, democratic leader who died in 1925, and one of the foremost women statesmen in this country, spoke at the College three years ago.

Arnett Wair of Ralls, Texas, is here visiting with his grandparents Mr. and Mrs. C. W. Bledsoe and Mr. and Mrs. Wair.

LOCAL CHAPTER RED CROSS MAY SECURE COUNTY NURSE IN '35

HORSE AND COLT SHOW IS BILLED FOR JUNE 28-30

Will Be Held During Summer Racing Program; To Charge Small Entry

As an added attraction to the summer race meet which will be held here from June 26 to 30 inclusive, a horse and colt show will be sponsored by the fair association at Rice Springs Park. Classes will include both saddle and draft horses and mules in yearling and mature divisions.

According to H. K. Henry, who is in charge of the show, an entry fee of fifty cents will be charged, which will be used to pay for the premiums.

Although the 1933 Colt Show was pronounced a success in every respect by those participating, and which was also under the direction of Mr. Henry, plans for this year's show call for a much better program and a wider range of exhibits.

Mr. Henry stated Wednesday that the 1934 Horse and Colt Show plans were arranged to take care of a large number of entries in every class and competent judges have been secured to make certain that every entry is judged as accurately as possible.

DIGGS IS NAMED AS POSTMASTER OF HASKELL'S OFFICE

Appointment of the Present Acting Postmaster Confirmed; Bond Sent In

Confirmation of the appointment of J. M. Diggs as postmaster of the Haskell office has been received and the necessary bond sent in, according to a statement made Wednesday by the local office.

Mr. Diggs has served as acting postmaster for the past year and his confirmation has pleased his friends.

Haskell's postmaster has had wide training in civil service work, having served in various postoffices as clerk, besides having been postmaster at Munday at one time.

He has resided in Haskell for the past eight years.

Remodels Candy Kitchen

The entire front end of the Haskell Candy Kitchen has been remodeled by W. P. Townsend, proprietor. The new arrangement gives more room for the sandwich shop section and enhances the appearance of the entire place.

Thornton to Houston

Kenneth Thornton, manager of the Haskell Production Credit Association, left Tuesday for Houston where he will examine the work and methods of the Houston bank, of which the Haskell organization is a branch. The instruction to be given Mr. Thornton at Houston will enable him to further the interests of the local association to a great extent.

President's Order Protects Employees Supporting Codes

Washington, June 1.—President Roosevelt's Executive order giving complete protection in their jobs to employees who supply information concerning code violations was designed to remove one of the principal barriers against enforcement of the codes. In numerous cases before the National Labor Board employees have charged that they were dismissed, demoted, or otherwise penalized for giving testimony.

The order decreeing that no employer subject to a code shall either dismiss or demote any employee for making a complaint or giving evidence with respect to code violations, under penalty of a fine of \$300 or six months' imprisonment, or both, reads as follows:

"By virtue of and pursuant to the authority vested in me under title I of the National Industrial Recovery Act of June 16, 1933, (ch. 90, 48 Stat. 195), and in order to effectuate the purposes of said title, I hereby prescribe the following rule and regulation:

"No employer subject to a code of fair competition approved under said title shall dismiss or demote any employee for making a complaint or giving evidence with respect to an alleged violation of the provisions of any code of fair competition approved under said title.

"All persons are hereby informed that section 10 (a) of the National Industrial Recovery Act prescribes a fine not to exceed five hundred dollars (\$500) or imprisonment not to exceed six (6) months, or both, for the violation of any rule or regulation prescribed under the authority of said section 10 (a).

"(Signed) Franklin D. Roosevelt."

Officials State That Nurse Would Prove of Untold Help To County

NEW CHAIRMAN NAMED

J. M. Crawford Named To Succeed J. F. Kennedy; Other Officers Chosen

By a unanimous vote of those present at a meeting of the Haskell County Chapter of the American Red Cross Tuesday, J. M. Crawford was chosen to serve as chairman of the organization during the coming year. Rev. W. P. Hardegree was selected as vice-chairman, Mrs. J. L. Williams as secretary and Joe L. Cooper as treasurer. R. H. Ziehm, field representative in this district for the National organization, was in attendance and assisted local members in making arrangements for the handling of the county organization's program.

Probably the main objective which the Haskell county Red Cross chapter aspires to is the securing of a county nurse. Various county officials and school officials have expressed their approval of the move and efforts to secure a nurse will go forward as soon as the plans mature.

According to Mr. Ziehm, pay for the services of the nurse would come from roll memberships and possibly part from the county. That this would be possible, with no undue financial strain upon anyone, Mr. Ziehm pointed out, can be taken from the fact that only 50 cents out of each dollar membership goes to the national headquarters, with the remainder used in this county. Even though memberships of \$25 or even \$100 are secured, only 50 cents is sent away, leaving the \$99.50 out of a \$100 membership in Haskell county.

Mr. Ziehm explained to the members present, how a county nurse would be of benefit to every person in Haskell county. Not only would she assist in pre-natal and post-natal cases among the poor, oversee all nursing and hygiene, but would prove of untold benefit to children now in school and to those preparing to enter schools over the county.

Questions concerning two other major programs which the Haskell county organization has undertaken were thoroughly discussed. In life saving, R. A. Crowell, chairman, explained that two applications from Haskell county as instructor in life saving had been sent into the national headquarters for approval. The person selected will be sent to the school of life saving which is to be conducted by the Red Cross at Eureka Springs, Ark. After returning from the school, the county instructor will in turn instruct others on how to save lives.

Swimming Pool to Open

Rule, Tex., June 5.—Rule's new swimming pool, which will be located three and one-half miles north of this city, is almost completed, according to the management and will be ready for the public in the near future. Two 75-foot square concrete pools will be available for swimmers. In addition, bath houses and lunch stand will be erected.

Takes Post-Graduate Course In Magnetic Healing

Mr. and Mrs. Arthur Edwards and daughter Francis Merle, are in Denver, Colo., where Mr. Edwards will take a post graduate course in magnetic healing. From Denver they will go to Spokane, Wash., where he will attend a similar school. They will be away from Haskell for six or seven weeks.

Wins Award

MILDRED BIESCHWALE

With an editorial policy exemplifying the new deal in a more systematic understanding of student life, Miss Mildred Bieschwale, of Boerne, Texas, editor of the student newspaper at Texas State College for Women (CIA), was awarded the Leom Memorial Plaque for the most outstanding artistic achievement of the year. This is the most desired award presented during the entire college year.

FLOWERS FOR ALL SHUT-INS WILL BE GIVEN BY CONNER'S

Co-Operating In National Observance; Flowers Gratis To Permanents

Arrangements have been completed for the distribution of flowers to the sick and disabled in this city Sunday, June 10, when the second annual National Flower Shut-In Day will be observed. The Conner Nursery and Floral Co., of Haskell, will furnish all flowers and the Boy Scouts will distribute. Every part of this section served by the local nursery company will be given flowers gratis, as was done last year.

The program of flower-giving, according to Mrs. Chas. M. Conner, chairman of the local Flower Shut-In Day committee, will be carried out simultaneously in more than 2200 cities of the United States and Canada. On that day, permanent shut-ins will be sent flowers, and Mrs. Conner urges that the names of everyone in this section, who are permanent shut-ins, be sent in at once, so that no one will be missed. The movement is entirely altruistic and no florist identified with it will sell flowers that are intended for shut-ins on June 10.

Mrs. Conner stresses the fact that the florists over the country need the help of the public to accomplish real success in the giving of flowers to all permanent shut-ins, and no one, rich or poor, should be overlooked, if the necessary co-operation is given. Anyone knowing of a permanent shut-in should communicate with Mrs. Conner, regardless of whether they may think the name has been turned in or not.

Returns To Haskell

Harry Bradley, who has been located at Mineral Wells for the past four months has returned to Haskell and is again employed with the Modern Cleaners.

Returns To Canyon

Rule, Tex., June 5.—Miss Mildred Middleton, of Canyon, who has been visiting her sister, Mrs. Gordon Thompson of this city, has returned to her home.

Undergoes Operation

Miss Maybell Barnett, daughter of Mrs. Walter Ford, was carried to a Stamford sanitarium Wednesday in a Kinney ambulance, where she underwent an operation for appendicitis, from which she is reported to be recovering.

Returns To Corpus Christi

Herbert Essee, who has been connected with the Haskell Production Credit Association, departed for Corpus Christi Wednesday where he will be employed with the Bland-Pratt Cotton Co. during the summer months. He will return to Haskell in the fall.

The Bland-Pratt Cotton Co. is a member of the Bland-Pratt interests of Abilene and the Fashing Cotton Co. of Corpus Christi. Mr. Essee was manager of the latter concern before coming to Haskell.

FARMER'S BURDEN OF TAXES SHOWS DROP OVER NATION

Value of Land Takes Rise, While Taxes Marked By 13 Percent Decrease

LOWER IN TEXAS

Average Over Nation About 15c In Comparison With 23c Four Years Ago

Dallas, June 5.—Farm real estate taxes per acre in Texas and fifteen other representative States decreased 13 per cent from 1932 to 1933, a preliminary survey by the United States Department of Agriculture indicates. No exact figure is cited for the average tax per acre on Texas farms in 1933, but this report indicates that the average probably was about 15c per acre, against the 1932 average of 17c per acre. Such a tax would be the lowest since 1919 when the average was 15c per acre, but nearly twice as high as the 1913-14 average of 8c.

After increasing steadily from 1914 to 1930, average farm taxes per acre in Texas have declined slightly more than 90 per cent during the last three years from the 1930 high of 23c per acre. Taxes have declined much more slowly than prices of farm products and still are relatively higher than prices, in comparison with prewar levels.

Average farm real estate tax per acre in Texas for the last twenty years, as estimated by the United States Department of Agriculture, has been: 8c in 1913 and 1914; 9c in 1915 and 1916; 16c in 1920 and 1921; 17c in 1922; 18c in 1923; 19c in 1924; 20c in 1925 to 1927; 22c in 1928 and 1929; 23c in 1930; 21c in 1931 and 17c in 1932. If the decline in Texas last year was equal to the average for sixteen States, the 1933 level probably was slightly below 15c per acre.

SAGERTON WHEAT TO FORT WORTH MARKET

The first carload of Texas grown wheat of the 1934 crop to reach the Fort Worth market was received Monday. The car was shipped by the Haskell Mill & Grain Company and was loaded at Sagerton.

The wheat graded No. 1 dark hard, testing 62 pounds to the bushel and had a moisture content of 12 per cent.

According to news dispatches from Fort Worth, grain men were well pleased with the protein content of the new wheat, which was placed at 15.56 per cent by the Fort Worth grain laboratory. This high protein content contrasts with about 12 to 13 per cent reported from the new crop of Oklahoma wheat that has been received on the Fort Worth market, and it is believed by grain men that the Texas crop will command a premium.

The Haskell county crop is the best in a number of years considering the acreage, according to grain men.

There have been 10 cars shipped from Haskell up to the present time and the prevailing price today is 75 cents per bushel.

\$2,039,035 IS PAID FARMERS IN TEXAS

Dallas, Tex., June 5.—Texas, with \$2,039,035 paid to 33,072 farmers, led in 1934 cotton, tobacco and corn hog rental payments made by the AAA to June 1, with many large payments having been received since that date, AAA officials reported Tuesday. Georgia, with a total of \$2,014,037 received, was second, Alabama third with \$1,223,207 and South Carolina fourth with a total of \$949,946 received at the beginning of June. Cotton payments to be received in Texas this spring total about \$15,000,000 and corn-hog \$2,500,000.

Payments are going to farmers at the rate of about \$1,000,000 daily, with 620,000 contracts received at Washington from cotton growers and 211,330 approved for payment.

Returns To Corpus Christi

Herbert Essee, who has been connected with the Haskell Production Credit Association, departed for Corpus Christi Wednesday where he will be employed with the Bland-Pratt Cotton Co. during the summer months. He will return to Haskell in the fall.

The Bland-Pratt Cotton Co. is a member of the Bland-Pratt interests of Abilene and the Fashing Cotton Co. of Corpus Christi. Mr. Essee was manager of the latter concern before coming to Haskell.

The WOMAN'S Page

Meats The Best That Can Be Bought

Yes Madam
A Permanent Wave Is Almost Like A Dress!
There are several different kinds—good, bad, and indifferent. You can buy a dress of poor, cheap quality, or you can buy a rich silk. You can buy a cheap, poorly created permanent, but the purchase is DIFFERENT. Whereas you can change a dress whenever you wish, you can't change a permanent wave for MONTHS.
A CHEAP QUALITY WAVE "ALWAYS" RUINS THE HAIR TEXTURE—AND LOOKS JUST AS CHEAP AS IT REALLY IS!
A good wave will not harm hair, but will make it soft and beautiful instead. Don't experiment—get the type of wave YOUR hair needs. You'll save tears, embarrassment and money.
During the outdoor months the convenience alone of a good permanent is worth time and money.
We Offer You the Best of Quality at Reasonable Prices, and the Most Completely Equipped Shop in the County.

VACATION CHURCH SCHOOL

Vacation Church School plans have been made to provide happy, worthwhile experiences for the boys and girls of Haskell from June 11-22. Children between four and fourteen years of age are invited to attend all the ten sessions beginning Monday morning June 11, at 8 o'clock.

There will be times for Work, Worship, Play and Study.

Fidelis Class Meeting.

Sunday morning the Fidelis class of the First Baptist church met in the home of Mrs. J. W. Martin. Each member invited her husband or a guest. Mrs. R. J. Reynolds in her capable manner brought the lesson. Several songs were sung, and Miss Sue Couch presented piano numbers. The occasion was to honor our president, Mrs. Bill Richey, who is leaving with her husband, for Lubbock in a few days to attend summer school. The class as a whole will miss Mrs. Richey.

Members of First Christian Church to Attend State Convention

The State Convention of Christian Churches will be held in Temple from June 11 to 14th. Mr. Dennis P. Ratliff and wife, Mrs. Pres Baldwin, and Rev. Wm. P. Hardegree will attend from here.

Methodist Young People.

On last Sunday evening, the Young People of the Methodist Church elected new officers for the coming year. It is expected that the installation service for these next officers will be held some time next Sunday. The officers elected are as follows:
 President—Le Roy Fesmire.
 Vice President—Ethel Irby.
 Secretary—Beatrice Wheeler.
 Treasurer—Emma Kate Richey.
 Reporter and Publicity Supt.—Eva Dell Squyres.
 Chairman of Worship Committee—Beulah Cass.
 Chairman of Recreation Committee—Fred Sanders, Jr.
 Chairman of Committee on Leadership and Evangelism—Odell Williamson.

Funeral Rites Held for Throckmorton Pioneer

Joseph Franklin Nichols, resident of Throckmorton county for twenty-six years, died at a sanitarium in McKinney, Texas, May 29, at 8 o'clock.

Mr. Nichols was born on the frontier, in Blanco county, May 6th, 1862. He lived to the age of seventy-two years. He grew to manhood, and spent a great part of his early life in Caldwell county. He left many friends in that county who regret to learn of his passing.

He is survived by his wife, Mrs. Emma Nichols, and fourteen children, Mesdames Ollie Jolly, Lena Means, Elna Siten, Bertha Scott, Addie Boland, Annie Mae Cook, Erma Hughes, and Misses Mable, Ola, and Shirley Nichols, and sons, Frank, John, and Wilson Nichols, all of Throckmorton, and Levi Nichols of Haskell. Also thirty-two grandchildren and nine great grandchildren.

Funeral services were held at 3 o'clock Thursday afternoon, May 31, Brother Fisher, Primitive Baptist preacher, conducting the services.

Six granddaughters handled the flowers. They were Joyce Nichols, Velma and Zelma Sitten, Lois Means, all of Throckmorton, Mrs. Margaret Hamilton of Austin, and Vida Lee Nichols of Haskell. Pallbearers were: Hugh Ingram, Carl Thomas, Athu Hobbs, Jim Merrill, Elmer Glenn and Quince Cogburn. Interment was in Throckmorton cemetery.

More Workers Are Placed at Work by Ford Texas Plant
 The steady increase in sales of Ford V-8 cars and trucks has recently made possible the addition of several hundred men to the large force already employed in the Dallas branch of the Ford Motor Company, according to J. D. Montgomery, local Ford dealer.
 The Dallas plant is assembling cars and trucks for dealers throughout Texas and Oklahoma and production has been steadily increased to meet the growing demand, resulting in over a 50 percent increase in employment since the plant opened in February.
 Mr. Montgomery expressed considerable pleasure at the thought that sales of Ford cars and trucks in the Haskell community had contributed to this improvement and stated that he confidently expected even greater improvement in June and succeeding months.

Miss Clarice Caveness, of San Marcos, who was in Haskell visiting friends for several days, departed Monday morning for Canyon where she will visit Mrs. Tom Knighton, a sister. Miss Caveness will return via Haskell on her way home to San Marcos.
Mrs. Lanham Williams and son Barry of Mertzon and Mrs. Eugene English of Plainview are here visiting their mother, Mrs. Booth English.
Mrs. W. L. Surber and small son Jimmie, departed Friday morning for St. Joseph, Mo., where they will visit relatives and friends. They will return to Haskell in about one week.

TOTAL \$434,500 IN FARM MORTGAGE LOANS MADE HERE

Farmers Use 93 Percent of Sum To Refinance Their Old Indebtedness
 A total of \$434,500 of Federal land bank and Land Bank Commissioner's farm mortgage loans was made in Haskell county, Texas, from June 1, 1933, to May 1, 1934, according to the Farm Credit Administration.
 Of this total, farmers in Haskell county used approximately \$394,125 or 93 per cent to refinance their indebtedness. By refinancing, farmers obtained new mortgage loans which they used to repay their old debts. They generally reduced their annual interest charges in doing so. In a number of cases, scale-downs of indebtedness occurred in connection with the new loans. These and other advantages benefited farmers primarily. Secondly, creditors benefited from the receipt of cash or bonds in exchange for obligations they held.
 Of the loan money used by farmers in Haskell county for refinancing their debts, about \$144,700 it was estimated, repaid their debts to banks; \$146,400 their debts to insurance companies; \$9,100, their taxes; \$6,100, their debts to merchants; \$97,800 their debts to "others," or creditors not separately classified, including private mortgage lenders, mortgage loan companies, retired farmers and many others to whom farmers were in debt.
 A total of about \$30,400 of loans in the county was used for purposes other than the refinancing of borrowers' debts. Of this sum, \$13,500 was used for the purchase of land and equipment, the construction or improvement of buildings, and for general agricultural uses, including the provision of capital, while \$16,900, the balance, was used for the purchase of stock in national farm loan associations, for loan fees, etc.
 Throughout the United States approximately \$675,000,000 of land bank and Commissioner's loans were made from June 1, 1933, to May 1, 1934. Most of these loans were made to refinance debts resulting from the long period of low farm income.
 Generally farmers pay considerably less interest each year on the new than on the old loans. Land bank loans made through national farm loan associations carry an interest rate of 5 per cent, but there is a reduction to 4 1/2 per cent until July, 1938. Loans made direct by banks carry a rate of 5 1/2 per cent, but there is a reduction to 5 per cent until 1938. The rate on Commissioner's loans is 5 per cent. Against these rates farmers in most cases had been paying from 5 per cent to 8 per cent, but on numerous loans they had been paying 9 per cent, 10 per cent, and even above 10 per cent.
 Until March 26 the land bank and Commissioner's loans were made in cash. Commencing on that date they were made mainly in the government-guaranteed bonds of the Federal Farm Mortgage Corporation. These bonds are exempt from all Federal, state, municipal and local taxation, except surtaxes, estate, inheritance and gift taxes. They are guaranteed fully as to principal and interest by the United States government. In a relatively short period after they were issued, they sold above par and had met a favorable reception from farmers and their creditors all over the United States. With the use of these bonds, the refinancing program is going forward rapidly.
 Mrs. S. A. Norris and daughter Geraldine are in Mineral Wells for a few days vacation. They were accompanied by Mrs. Norris' sister of Knox City.
 Mr. and Mrs. Wylie Jones of Dennis Chapel community are the proud parents of little Hazel Irene Jones, who came to live with them in their home May 17th.

Very Much Improved After Taking Cardui
 "I have suffered a great deal from cramping," writes Mrs. W. A. Sewell, Sr., of Waco, Texas. "I would chill and have to go to bed for about three days at a time. I would have a dull, tired, sleepy feeling. A friend told me to try Cardui, thinking it would help me—and it did. I am very much improved and do not spend the time in bed. I certainly can recommend Cardui to other sufferers."
 Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

THE DIGEST POLL SHOWS TREND

Straw votes are always interesting, if the subject that is being voted upon is an interesting one, and in the case of the present Literary Digest poll, the subject is one in which everyone is interested.

The straw vote up to date does not show any results that differ greatly from what might have been expected. All but one of the nine states, votes from which have thus far been tabulated, show a majority in favor of President Roosevelt's policies. One state, Maine, shows a slight majority the other way.

The majorities in favor of the President's policies do not appear at first glance to be as large as one might have expected, but four of the states being tabulated voted for Hoover in 1932. Furthermore, if you stop and remember, first, that most of the states thus far reported are normally Republican by large majorities, and second, that an adverse critic is always much more anxious to express himself than is the man who is merely standing in line and approving what is being done, you will probably agree that the majority in favor of the Roosevelt policies is as large as could be expected and the final result of the Digest poll will give a fairly satisfactory basis for predictions as to the outcome of the November elections. Not many people, however, are greatly in doubt as to how those elections will turn out. Many people who cast ballots in the Digest poll may be basing their vote on more or less theoretical opinions as to the principles of government, but not so with the average voter when he goes to the polls. If he feels that things are really going better with him than they were under the previous administration, he will vote to keep the present administration in.

Things are better with most people today than they were two years ago. So, unless there should be some sudden and unexpected change between now and November, the average voter may be expected to endorse the present administration at the next election. And two years hence the same reasoning will apply.

If things continue to get better for the next two years the average voter will naturally cast his ballot in favor of continuing the present administration regardless of politics or theoretical considerations as to the increase of liberty or privilege for this, that or the other class.

Receive Bachelor of Art Degree

Belton, June 4—Miss Marguerite McCollum, Haskell, received the Bachelor of Arts degree at Baylor College May 29. At this time the annual commencement program brought the eighty-ninth session of Baylor to a formal close.

with an impressive ceremony. The traditional daisy chain was carried between the juniors and seniors and placed in the class numerals. The class will, prophesy, history and arts were other parts of the program.

W. D. Davis, P. Radloff and daughter, spent Thursday and Friday of last week in Belton and Wichita Falls.

For once we were Johnny-on-the-spot. We were, according to the prompt the first person to talk with the new-louvers Mr. and Mrs. Foster Davis after they arrived back in Haskell Tuesday. We congratulated Foster. We also did, in fact, we spoke our mind plainly by telling him we were glad he had acquired a "boss" who wouldn't let him dispense as much free advice to certain Haskell citizens who take offense regarding something we have thoughtfully (or thoughtlessly) written. As our grandpa would have said it looks like to us that Haskell's young attorney is a better pleader than we gave him credit for being, because "he done himself proud."

There are two more enterprising young men in Haskell which we are keeping our eyes upon, as they work nearer and nearer to that path way which leads to the altar, where strange blossoms sprout.

RANDOM RIGORS—Gales Kemp asked these fellows who is politically asking you for your vote and influence in the sheriff's race called by Mr. Sando when we placed one of those little red jockey caps on our head. Have you noticed that you are generally considered a pretty fair sort of fellow by some people until you express an opinion contrary to the one they hold regarding anything? But frankly, we never pay much attention to those fellows unless they can make a better reply than "bull" to any statement we have made. It surely must take lots of thought for anyone to compose such a reply as "bull" and "oh, yeah!"

We presume the energetic county agent of Haskell county had that radio placed in his office so that he might receive quick notification of any change taking place in cotton or hog contracts. In the county agent's office is a sign which reads "Do Not Expectorate Upon the Floor." From the number of burned matches the home-like atmosphere is being maintained. Our better-half and myself were invited by a Sunday school class of the Methodist church to go on a picnic last week, and although we didn't get as many "pulley-bones" as we wished, we had a real good time. If there is one thing we enjoy more than anything besides eating, it is to see someone else eating, providing it is silently done, or reasonably so, and those other men certainly did pack away the food. Especially one young golfer. To cap it off, Samer Leon, Haskell's genial chauffeur-manager, invited the whole crowd to attend the show free, gratis and for nothing. From the looks of a young colored miss,

One spade is bid

"Oh, how do you like this table No. 4? You know I never have liked to shuffle. The cards come back to my fingers and when I want to rest my hands I separate them better, my husband says it isn't according to Hoyle, and I'm sure I don't know who he is or what he has to do with it any way—oh, pardon me, is it my bid? Well, let me see. You know I haven't played contract so very much and all of the Mr. Culbertson and Mr. Linz argument simply gave me cold, my hands. Oh, yes, I'll indicate a club, how I hate to bid those things. Oh, I beg your pardon, you bid a spade. Well, I don't believe I can get TWO clubs partner, unless you have a good hand, so I'll just pass the same and leave it up to you. My husband says that I should never bid if it is humanly possible, but I'd rather let my partner bid first and then I can tell better about the bidding. It seems selfish, I know, but I really play better after I know what everyone else has bid. I thought Mrs. Godabout would be here today, but I suppose she's gone home. She hasn't been to church in AGES but I don't believe a WORD of all that talk about she and Mr. Harman. Anyway, not so much as the people tell—their opinion me is it my bid again? What has been bid? You bid a spade and your partner bid two hearts. What did you do partner? You passed? Why I have a PERFECTLY good helping hand and I did want you to bid so much, but I know I would go down if I bid, so I suppose I'll pass again and try to get them after they bid game. My dear! I really don't know what to bid. You didn't bid, did you partner? I suppose I might just as well lead one thing as another then. Some people think auction and contract are different, but I really can't see that there is such a great difference, can you, because in auction you get everything you make even if you don't bid it and you have to bid it in contract to make it. I play contract just as well as I did auction, and I have never taken a single lesson in either. Oh, how thoughtful of me. I should have remembered that hearts were trumps and not trumped your king partner. I had so many little hearts, that I thought it would be wise to discard a few. Let's see—you went down two tricks didn't you? I should have doubled, because I had such a wonderful helping hand and not a diamond in my hand. Partner, I hope you get something this time and can bid. My deal, isn't it? I simply detest dealing, but it is part of the game and my husband makes me do it every time we play together. Let me see—I have to pass partner, but I don't have anything just go ahead and bid, because I never makes me angry, like you some people do. Go down, I just mind bidding, I can get the last little thing, but I'm not losing. Unlucky at cards, lucky in love, ha, ha! What was it that you bid, partner? Two spades? I suppose we might as well bid high and go down as to bid low and make nothing, so I'm going to bid five clubs and if you have a good hand you can bid higher if you want to. My husband complains some times about the way I bid, but I studied out a system of my own. When I bid high, it means I have a pretty good hand and it forces others to go higher to beat me. My husband tries to make out that he thinks I should say nothing when I feel like bidding, and when I don't think I should bid it's time for me to say something, but I know he is only taking. Oh, did I get the bid? Let's see I got it for three clubs, didn't I? Five clubs? Oh—Partner, I do hope you have a good suit. I could have raised your spade bid, but I thought you would

Now on display!

A group of additional new models for the 1934 Chevrolet line — four full-size cars — 100% Chevrolet in quality and reliability

Right at the peak of Chevrolet popularity — with nationwide demand sending production to new all-time "highs"—Chevrolet dealers are displaying an additional group of four new models. These cars are identical in quality with ALL 1934 Chevrolets. And the prices have been set at such incredibly low figures that you can now buy a Chevrolet for \$465! "A Chevrolet for \$465!" That's the world's lowest price for a six-cylinder car. The lowest price, also, for a car of this size, wheelbase and power! And a figure that sounds even more impressive after you find out what it buys: A great big, full-size, long-wheelbase car, 169 inches from bumper to bumper. A cushion-balanced SIX of surprising smoothness, power, snap and dash. The most economical full-size car that money can buy—a record-breaker for gas and oil mileage, as well as long, dependable service. And every closed model has a Body by Fisher. Nobody interested in motor cars can afford to let another day slip by, without seeing this "Chevrolet for \$465."

RULE EKES OUT WIN OVER HASKELL TEAM

In one of the most severe affairs witnessed this season, Moose Sims' indignation of baseball players representing Rule defeated the Haskell Braves Sunday afternoon at Rule 11 to 10. A bombardment of base hits rattled from the bats of both teams throughout the long session and the game was in doubt up to the last inning.

Played on the Rule diamond, which is as hard as a billiard ball, the infielders were kept dodging for fear life when the horsehide was driven for a ride. In fact, several times players on both teams managed only by a trifle to keep out of the way.

With one pitcher following another to the hill (outside of one Mark Hannah), with base hits being piled to the outfield and with fans of both towns yelling for all they were worth, it may appear that the story of the game would be complete, but such is not the case.

It was such a baseball game that the umpire, managers, score-keeper and warflow were brought into the scene at various times. The game opened in orthodox manner, with everything looking lovely for Mr. Sims. Not a complaint was heard. Especially over the fact that Umpire Nance stationed himself behind

the pitcher, because he had no mind to shoot protector. Sims' one partner, Blonds Cross, took the mound and everything was set. Then—something! Haskell players tipped three angles, a double and a triple for four scores! Then Mr. Sims, who seems to have a penchant for protests, called upon the scorekeeper to mark the fact that he was protesting the game because the umpire was out of position.

Nothing more was heard from the Rule manager until his club finally set themselves for Archie Pittman's fast ones and forged into the score lead.

In chronicling a game in which Rule is concerned, it seems impossible for the writers to keep from mentioning the name of one Big Boy Hollis, who, among other things planks his feet on first base for the other Haskell county town. Some day, however, the pitchers, catchers or infielders, or whoever is responsible, will find out how far that husky gentleman can hit a ball and will then proceed to hit him, walk him or just merely refuse to pitch to him in order to keep him from winning baseball games. Mr. Hollis won the game Sunday by hitting a terrific home run after the game had been tied in the eighth inning by Haskell. That was all the hitting he managed Sunday, but it was enough, as a lunched cotton bale in right center field bears witness.

Probably the two outstanding features of the game was the pitching of Mark Hannah, who struck out 11 Haskell players and the only Haskell player who was discovered hitting power of the Haskell players. This was done in about a half-dozen previous games. Adkins ripped out two triples, Cox hit for the second and knocked a triple and single. This man dished out a double and two singles, while Murphy, streaked through a couple of singles. Patterson didn't do so well Sunday—he hit only a double and a single. Treadaway's outfielding showed in hitting For Rule, Norman led in hitting with three out of five. Pippen and Hannah pelted the fence, which wasn't there! with home runs. And Hollis—ugh!

COOKING SCHOOL TO BE HELD JUNE 14-15
 Miss Iah Manchester, who will conduct the West Texas Utilities free electric cooking school here on June 14 and 15 at the Texas Theatre, has been in charge of similar schools in all sections of the United States. She has a national reputation as an authority on Electric Cookery and she has spoken before thousands upon the subject of better food preparation.

A graduate of Home Economics, Syracuse University, and a member of the Home Economics Bureau of Edison General Electric Appliances Company, Inc., makers of Hotpoint ranges, Miss Manchester has directed Electric Cookery classes in many leading universities and colleges. In addition, she has had charge of electric cooking schools in such cities as Albany, Auburn, and Buffalo, New York; Trenton and Newark, New Jersey; Philadelphia and Harrisburg, Pa.; Hagerstown and Baltimore, Maryland; and Milwaukee and Madison, Wisconsin.

In anticipation of her visit here, Miss Manchester has been working for some time on a series of exceptional demonstrations in Electric Cookery and she will have a number of excellent and novel recipes. In keeping with present conditions and the trend towards economical meals, she has built her school program upon a strictly economical basis. At the same time, each dish will be well-balanced and nourishing, appetizing and attractive. As a result of her extensive training and experience in the field of Electric Cookery, she will be able to offer housewives numerous up-to-date ideas in modern homemaking. Miss Manchester was brought here by the West Texas Utilities Company, distributors of Hotpoint Ranges in this territory.

"We expect to bring homemakers of Haskell a program which will interest every housewife," Miss Manchester says. "We will present in dramatized fashion, new ideas in cooking and homemaking. We will show women how they may economize, how they may prepare inexpen-

LEARN ABOUT ROLLATOR REFRIGERATION

THERE is a good reason why Norge in a few short years has become one of the world's most popular refrigerators. It will pay you to find out that reason before you buy an electric refrigerator.

Only Norge Has Rollator Refrigeration

No refrigerator can be better than its cold-making mechanism. On that depends your certainty of properly kept foods—of low cost operation—of all around economy. The Rollator—the Norge cold-making mechanism—is unique. It has but three slowly moving parts—is almost everlasting—has extra power to make more cold than you'll ever need—uses so little current that you scarcely notice it on your light bills—and it actually improves with use.

Savings Up to \$11 a Month
 See the Norge. With its unsurpassed beauty of cabinet design and finish—its many conveniences that make it easier to do better work—you'll find it has everything you could want in a modern refrigerator. Then consider its economy (users report savings up to \$11 a month) and you'll realize why Norge has quickly become one of the world's leaders.

See the Norge
 Come in and learn about Rollator Refrigeration. Don't buy any refrigerator till you have seen the Norge.

THE ROLLATOR—Smooth, easy, rolling power instead of the hurried back-and-forth action of the ordinary refrigerator mechanism. Result—more cooling power for the current used. Only Norge has the Rollator.
