HASKELL COPS FIRST HONORS IN TRACK AND FIELD EVENTS

Coveted Honors With Half-Point Lead

200 star athletes entered thirteen schools in this second annual Invitational Track and Field Meet drew spectators to Fair Park yesterday afternoon—and spectators were well repaid for time and money with the most thrilling contests. Haskell school was winner of meet with 24 2-5 points—Roby second with 24—and the meet was not won until the last of the Mile Relay when Haskell's "Four Horsemen", Barnett, and the McMillins, Lloyd gained sufficient points to become the Roby contenders. Munday was high man of the Meet with 10 and was awarded a gold emblem of his victory. Sunset (Knox County) awarded a silver medal for second high point man with 1-2 points. A track shoe was awarded winner of event.

Outstanding event of the meet—in the opinion of the majority of the spectators, was the 100 yard dash won by Pruitt, Munday entrant, in 10 seconds—fast time in anybody's school. Harris of Roby was

in thrilling the crowd was yard run, in which Lloyd of Haskell paced across the line in the elapsed time of 17 minutes and 8 seconds. Kethmunday finished second.

Climaxing the afternoon, the Mile Relay which won for the handsome trophy—Barnett starting, and at the end jogging along in second place when Lloyd McMillin finished with a speed had gained some 100 yards at the half mile post. Bill Reeves stepped in to take over more yards over his near neighbor during the third mile stretch. Pruitt won the 100 yard dash and cinch top honors in the mile relay, Lloyd McMillin finished last quarter-mile with a lead of at least 20 yards over Rochester entry.

Revival At Church Of Christ To Begin Tomorrow Morning

The annual Spring Revival of the Haskell Church of Christ will start Sunday, March 15th at the morning service hour. Evangelist Cled E. Wallace of Austin, Texas will do the preaching for the religious campaign. He will be assisted in the work by A. F. Thurman, minister of the Haskell Church and Mayor of Haskell. Song service will be in charge of Otta L. Johnson.

Evangelist Wallace is one of the most outstanding preachers and writers of the Church of Christ today. He was for several years staff editor of the Gospel Advocate, the largest religious publication of the Church of Christ. He is at present the chief editor of a new religious magazine—the Gospel Guardian. He is an older brother of Foy E. Wallace Jr, who recently met Dr. J. Frank Norris in a debate on the church question. He is said to have been the main adviser and coach of Foy E. Wallace Jr., on that occasion.

He is a man of pleasing personality. A man that looks his audience straight in the eye as he delivers his sermons. He is a forceful speaker. His reasoning is clear, concise, and to the point. He speaks in a plain, simple way that all can understand. He has acquired a good education, especially along Bible lines, so much so that he is considered almost an authority on the correct interpretation of Bible passages.

The Church of Christ extends an invitation to the citizens of Haskell and surrounding communities to attend these revival services.

Knox City Youth Robbery Victim Last Thursday

Reece Bogie, Knox City farm youth, reported to Stamford officers last week the theft of several items of clothing from him by four men on the highway several miles south of town last Thursday afternoon.

Bogie, on his way to Corpus Christi in search of work, was hitch-hiking his way. Leaving the outskirts of Haskell, he told officers that four men driving a light sedan picked him up, offering to carry him part of the way. Several miles from town, near McConnell, the four men compelled Bogie to give them his clothing and a nickle—only money in his possession.

To prevent him giving an immediate alarm, the hi-jackers forced Bogie to remove his shirt, pants and shoes and crawl under a culvert. His clothing was left nearby, but by the time he could dress the culprits were out of sight. Hailing a passing motorist the youth rode into Stamford, where he reported the occurrence to Chief of Police George Flournoy of that city.

Giving a fairly accurate description of the men, which Bogie was able to furnish, Haskell and Stamford officers communicated with surrounding towns, in an effort to apprehend the four men.

8 OTHERS ARE HURT

Five Are Rushed To Hospital

Grim Death stalked Haskell county's highways on Friday the 13th to register one of the most tragic wrecks in years which claimed the life of Alonzo Dunn, 47-year-old World War veteran, probably fatally injured two others, with six more fellow-employees on a road project southwest of Haskell sustaining injuries which might readily prove critical.

Dunn was instantly killed when the heavy 2-ton truck in which he and a crew of eight others were returning to Haskell after a day's work, went out of control and overturned twice, pinning him beneath the truck and killing him instantly.

The truck, owned by the county and driven by Frank Reynolds of this city, went out of control—

ACCIDENT—
(Continued From Page One)

body and several sprains.
W. E. Brock, slight cuts about face and body bruises.

Mrs. Eli Breeden, farm woman living within 100 yards of where the wreck occurred, witnessed the accident and was the first on the scene. She sent her son to the highway to summon aid of passing motorists.

Mrs. Breeden said the truck was travelling possibly 25 miles an hour, down a slight incline on the dirt road, when it apparently went out of control of the driver.

Tracks of the truck indicated that brakes on one of the front wheels locked, swerving the machine into a ditch beside the roadway.

Cecil Jones of Abilene, representative of the Hagelstein Monument Works of that city was next on the scene, and with the help of those not seriously injured, and Mrs. Breeden, extricated the victims from the wreckage. Frank Reynolds, driver of the truck and employed by the county as overseer of this particular crew, although severely hurt, would not leave the scene until all the men had been secured transportation to doctors and hospitals.

Ambulances were summoned from Haskell, and Cook, Tucker and Graham were rushed to a Stamford hospital in a Jones Cox ambulance. A Kinney ambulance removed the body of Dunn to the Kinney Funeral Home, and later carried Bishop and Ammons to the hospital after they had been given first aid treatment by Drs. T. W. Williams and Gordon Phillips in Haskell.

Jesse Childress and W. E. Brock were taken to their homes here following treatment by physicians.

Frank Reynolds, also brought to Dr. Williams for first aid, was carried to the hospital by Mrs. Reynolds and R. L. Burton.

Body of Mr. Dunn was prepared for burial at the Kinney Funeral Home, and remained there pending funeral arrangements which are being deferred awaiting arrival of relatives. He is survived by a wife and one son, Wayne, of

Haskell, and several brothers and sisters.

All of the men with the exception of Reynolds, were employed on a WPA road project in Precinct No. 4. Approximately 70 men are employed on this work, being transported to and from Haskell daily in trucks furnished by the county. Wm. T. Brown, assistant district manager of District 5, in charge of the Haskell office, National Reemployment Service, from whose office the men are assigned to work, paid high tribute to Dunn and commended him as a faithful worker.

W. T. Sheppard assistant Field Supervisor for this district, notified headquarters at Wichita Falls immediately following the accident, and stated that Jas. G. Hart would be sent from Wichita Falls today to conduct a thorough investigation of the tragedy.

All WPA workers are covered by Government compensation protection for injuries, Sheppard stated, in a somewhat similar manner as is afforded by the State Workmen's Compensation Law.

Frank Reynolds For Commissioner Of Precinct No. 4

As a candidate for Commissioner of Precinct No. 4, Frank Reynolds, well-known Haskell resident and businessman, presents his formal statement to voters of this precinct this week.

Now engaged in road construction work in the Precinct, Mr. Reynolds will launch an active campaign for the office just as soon as time permits.

In the meantime he solicits your support and submits the following statement concerning his candidacy:

To the Voters of Commissioners Precinct No. 4, Haskell County:

At this time I wish to announce myself as a candidate for Commissioner of Precinct No. 4 subject to the action of the Democratic Primary, and to solicit your support in the coming campaign.

I have resided in Haskell County for 22 years with the exception of time spent in the Army during the World War. As to my qualifications for the responsible office of Commissioner, I will say briefly that for practically twenty years I have been engaged at various times on road work for Haskell county and believe that I am thoroughly acquainted with this phase of the duties of a Commissioner.

Although I believe in good roads and their proper maintenance I fully realize that many other important matters rest in the hands of your Commissioner. Taxes have become a heavy burden on property-owners, and I will favor holding down the expense of county government in every way possible if it can be done without impairing the service of any county office.

If elected as your Commissioner I shall at all times consider and work for the best interests of the entire Precinct and will welcome at any time suggestions from the property-owners in handling the affairs of the office. In conducting the business of the Commissioners Court it will be my purpose at all times to handle my part of this important trust in a business-like and efficient way to the best of my ability.

At the present time road work in the Precinct on which I am engaged will prevent me from launching any extensive campaign for the office, but just as soon as time will permit I will endeavor to see each and every voter in Precinct No. 4 to discuss my candidacy personally.

In the meantime I respectfully ask that you consider this as a personal solicitation for your vote and influence.

Sincerely,
F. B. (Frank) Reynolds.

In County Clerk's Office
Miss Lucille Akins is now employed in County Clerk Jason Smith's office, filling the vacancy created by the recent resignation of Miss Ermine Daugherty.

R. W. Clanton For Commissioner In Precinct No. 3

We are authorized this week to place the name of R. W. Clanton in our announcement column as a candidate for Commissioner of Precinct No. 3, subject to the action of the Democratic Primary in July.

In making his announcement, Mr. Clanton states that he is doing so after giving the matter his careful consideration, and at the urge of numerous friends and property-owners in the precinct, who have solicited him to seek the office.

Resident of Haskell county for 25 years, and in Precinct 3 the past 17 years, Mr. Clanton is recognized as a shrewd business man competent to handle the affairs of the office which he is seeking. For a number of years he has been engaged in farming and stock-buying.

In connection with his announcement, Mr. Clanton states that he has no promises to make the voters of Precinct No. 3 other than that he will give his full attention to the office and the handling of its affairs.

"With farmers and all other property-owners burdened by ever-increasing taxes, it shall be my first aim," said Mr. Clanton, "if elected as your Commissioner, to work for any possible reduction in taxes, and to hold down the expenditures of the taxpayers money wherever possible—consistent with the best interests of precinct No. 3 and Haskell County."

To his notion, Mr. Clanton believes that the Commissioners' Court should be handled just as any successful business man would look after his own affairs, and if honored with the responsible post in Precinct 3, will follow that belief in his official acts. Without criticism for anyone, Mr. Clanton is seeking the office solely on his merits, with the promise of a business-like administration.

He states that as time permits he will endeavor to see as many of the voters in Precinct No. 3 as possible, in order to discuss his candidacy with them personally. In the meantime he submits his name for this office and asks that he be given due consideration at the hands of the voters in this precinct in their choice for Commissioner.

Mrs. Geo. Andress of Seymour, was in Haskell Tuesday of this week.

J. H. Ivey In Constable's Race

This week we present formal statement from J. H. (Henry) Ivey regarding his candidacy for Constable of Precinct No. 1, in the Democratic Primary in July.

Mr. Ivey is no stranger to the office which he is seeking, having served as Constable of Precinct No. 1 several years prior to 1932. He has had many years experience as a peace officer, serving in various West Texas towns in addition to holding office in Haskell county. He is thoroughly acquainted with the duties of the office, and states that he will welcome an investigation of the records during his tenure in the position.

His formal statement:

"TO THE VOTERS OF PRECINCT ONE:

"In connection with my race for the office of Constable of Precinct No. One of Haskell County, I wish to make the following statement relative to my campaign.

"In my race four years ago for this important office I was defeated by R. P. Glenn by a large vote, and pursuant to Democratic rules I did not seek the office at the next election, but was afforded an opportunity to serve you in the office. I now seek the office against the opposition, believing that I am well qualified for the office since I have had many years of experience as a peace officer.

"If I am elected by your vote I pledge myself to give you the best of service in that office, make the further pledge that I will, at all times, cooperate with the County and City officials, keeping the peace and bringing offenders to justice.

"I expect to make an active campaign, and will undertake to see every voter in the Precinct laying my case before you for your consideration.

Respectfully submitted,
J. H. (Henry) Ivey

C. W. Druessedow Among Successful County Farmers

Striking example of what can be accomplished by hard work, close attention and good business management on any farm in this section is furnished by Chas. W. Druessedow, farmer who resides two miles north of Haskell.

A visit to the Druessedow farm will readily reveal that its owner is really interested in his chosen vocation—and that considerable aid has been advanced by a capable helpmate.

The modern home on the farm property is being beautified this year by plantings of trees and shrubbery during spare time.

First to greet the eye of the visitor will be the sizeable flock of poultry, mostly Plymouth Rocks and White Leghorns, from this flock sufficient eggs are sold each week to net a sum which goes quite a way in paying the grocery bill. And from the sale of cream each week from a herd of several Jersey cows, ten gallons of cream is marketed weekly, which augments the revenue from poultry to leave an excess after the family's living expenses are paid.

Mr. and Mrs. Druessedow are eagerly interested in their plans for improving the homeplace this

year. From his barnyard he is securing fertilizer for a small irrigated garden plot—water to be supplied by a windmill from an inexhaustible well on the premises. Plans also call for the construction of a brick brooder house and additional pens for poultry.

Utilizing a tractor in his farming, Mr. Druessedow also keeps a good team for use in making his crops. He has on hand ample feed to supply needs of his team, cows and other farm animals, as insurance against an unproductive year.

Lamkin Blacksmith Shop Reopens

The Lamkin Blacksmith Shop, which was closed for several days recently, is again open for business, John Lamkin, proprietor, stated this week.

Business reasons compelled closing the shop, Mr. Lamkin added, and the impression was created that the action was permanent. Such is not the case and he is ready to handle his usual line of blacksmith work for his patrons.

Local Mattress Plant Has Large Business Volume

Few Haskell people realize the extent to which a local industry has expanded, and would doubtless be surprised to find that here in Haskell were manufactured and over during the past six-months period approximately 1,000 mattresses.

But records kept by Boggs & Johnson of this city reveal that since last September, up to the first of the month, more than 100 mattresses were manufactured and sold by the concern, in which Mrs. Johnson and A. C. Boggs are the proprietors, which was established several years ago.

And the product of the Haskell firm is not that of the ordinary cheap, cotton-packing mattress, but of a type best which compares favorably and equals in many respects some well-known national- or advertised products, according to Mr. Boggs.

Describing their most popular selling product, which is asserted was similar in construction to the highest priced "bed spring" mattresses made, Mr. Boggs stated that 8 of this type had been delivered the first of the week to the Shorthorn Hospital, replacing in several instances the product from some of the largest markets in the United States.

J. D. Smith, in charge of production, was employed by the Haskell firm in September of last year, came to Haskell from Lubbock, where for the past eight years he was connected with the Duval Mattress Factory in that city.
