Indians playoff bound, defeated Munday, 49-7

by Michael Lindsey

Well Haskell fans the drought is over, as the Indians earn a trip to the playoffs with a convincing 49 to 7 victory over Munday. The Tribe finished regular season play at 7-3 with two of their losses coming in district to Electra and Hamlin. Both the Tigers and Pied Pipers lost to the district champion Seymour Panthers, which Haskell beat 43 to 14. A very competitive district to say

the least. At regular season's end, three teams ranked in the top ten, #7 Seymour, #8 Hamlin and #10 Electra, according to Maxpreps.com 2A Div 2 polls.

The Indians' defense dominated from start to finish, never allowing the Munday offense to find any rhythm. On the other side of the ball, Haskell seemed to be able to impose their will on the ground and through the air. We got to see another

solid performance from senior Dylan Hanson, who ran the ball 14 times for 127 yards and two touchdowns, while completing 10 out of 16 passes for 235 yards and four touchdowns through the air.

Kadin Seeliger had a huge game, being on the receiving end of five passes for 174 yards and three touchdowns, including one that was for 68 yards. Kellen Parks caught three passes for 42 yards,

while Sam Fouts was on the receiving end of Hanson's fourth touchdown pass. Lane Burson accounted for a rushing touchdown on one of his seven carries for 38 yards.

Now the Indians will turn their attention to the Albany Lions as their first round opponent. On paper Haskell will be the underdog expected to lose, but that can be a positive for the team. It's always easy to love

the underdog, and every year there is always at least one major upset in almost every sport, where the team everyone looked past knocks down the squad everyone thought was on top.

I expect to see lots of support for the Indians in this key match up at Jim Ned. I know there is a ton of excitement among fans, players, and coaches alike. Just as Coach Grady Benton was saying on Saturday morning, "Our main objective was to get in the rhythm early and minimize their explosive athletes' ability to get going. Our kids executed the game plan perfectly. This team had a vision at the start of this season, and that vision has been the energy behind everything we have done and gone through since. A bunch has been asked of my coaches and players and the answer to why so much is asked was answered when the clock hit zero. To see my players' faces after the final buzzer is why we do what we do! At the end of the day when the sun sets FAMILY is all you got, and ultimately that's all we need."

Haskell will meet Albany Fri., Nov. 13 at 7 p.m. in Jim Ned. Haskell will be the visiting team. Ticket prices are set at \$5 for adults, \$3 for students. Passes will be accepted including District 7 or 8, THSCA and Senior.

PLAYOFF BOUND—The Haskell Indians are headed 49-7 last Friday night. The Indians will play Albany Fri., Nov. 13 at 7 p.m. at Jim Ned.

Tour of Homes to benefit Noah Project

by Caron Yates

Christmas is in the air, which means it is time once again for the Christmas Tour of Homes.

In its 22nd year, the Noah Project-North's Christmas Tour will be Sunday, December 6, in Haskell. The beautifully decorated homes included on the tour this year, will be Jeanie Dulaney, 1606 Derrick Drive; Haley and Brad Smith, 502 South Ave. P; Missy and Todd Lewis, 325 Waylon Rd; Toliver Bunk House, 1901 North 1st; and Laurie Newberry, 501 North Ave. K East.

Tickets are \$10 and can be purchased from any advisory committee member, at the Noah Project-North office, or at the door on the day of the tour. Homes may be toured in any order from 2 p.m. until 4:30 p.m. Refreshments will be served at the Newberry home.

The benefits of this event are twofold. Not only do you get to enjoy the beauty of these homes, but you are also helping raise funds for a very worthy cause.

The Noah Project-North's mission is to support people dealing with the crisis of family violence. Family violence is one of the most common, as well as devastating problems in our country. They provide victims a safe shelter, help with basic living essentials, safety planning, crisis counseling and legal and medical

advocacy. Their services are available to all victims of family violence.

Services provided by Noah Project-North are supported through grants, donations and the various fund-raisers held throughout the year.

Janis Brzozowski is the Noah Project-North Service Area Director. Assisting with the responsibilities is Laurie Wilson and Dana Holmes.

The Noah Project-North, which serves five counties, offers not only help to victims, but also provides educational programs for all ages, including training for any professional audience.

Help can be found by calling the 24-hour crisis hotline at 800-444-3551, or by contacting the local office in the courthouse.

The Noah Project-North is also selling poinsettias for \$12.50 or \$25 dressed. They will be available for purchase at the Haskell Young Homemakers Craft Show. Contact the Noah office or any advisory member for more information or to place your order. A bake sale will also be held in conjunction with the craft show.

It is only through the continued support of fund-raisers such as this, that these services can continue to be provided. So get in the Christmas spirit, enjoy some beautiful homes and help out a very worthy cause.

Christmas parade set Dec. 12

It is time to start thinking about your entry in this year's Lighted Christmas Parade, to be held in downtown Haskell Saturday, December 12.

The evening of fun will begin with the parade at 6 p.m. Mynea Short, manager of the Haskell Chamber of Commerce, says, "There is no theme this year, so let your imagination go wild!" They are hoping businesses, organizations, civic clubs and individuals will get in the Christmas spirit and have an entry in this year's parade. Prizes for the parade will be \$75 for first, \$50 for second and \$25 for third, all paid in Haskell Dollars. Parade prizes are sponsored by Haskell Modern Way/ACE.

The Chamber, hoping

to encourage more citizen participation, will also hold the Haskell Residential Christmas Lighting Contest, as well as the Christmas Business Window Contest. Residents and businesses can call the Chamber of Commerce office at 864-2477 to enter the contest. Judging will take place the week of Dec. 7th. Sponsored by Rike Real Estate and Haskell Funeral Home, cash prizes for the residential contest will be \$500, \$300 and \$200.

Winner of the Business Window Contest, will receive a one year membership to the Haskell Chamber of Commerce, in addition to a trophy and "bragging rights" for a year.

Following the parade, contest winners will be announced at

the gazebo on the northeast corner of the courthouse lawn. At the same time, the Holiday Drawings will be held. Winners in the drawings will receive Haskell Dollars of \$50, \$100 and \$150. If you or your business would like to contribute to the Holiday Drawings, please contact the Chamber office.

The evening of fun will conclude with Family Movie Night and the showing of "The Muppet Christmas Carol," on the east side of the courthouse.

This is a wonderful opportunity for the Haskell community and surrounding area to come together in the spirit of Christmas. So make your plans now to participate in the fun.

OPENING TOUCHDOWN—On the first offensive play for the Indians, #10 Dylan Hanson takes it in for six as the Mogul defense couldn't hold on.

Teen Read Week celebrated with cappuccino, hot chocolate

The Haskell High School and Junior High libraries hosted a cappuccino bar the week of October 19 to celebrate Teen Read Week.

Teen Read Week is a national teen literacy event held each year in October. Its purpose is to encourage teens to be regular readers and library users. This year's theme was "Get Away At Your Library," to remind teens that reading can take them to new and exciting places. This was a great

opportunity to highlight the many resources available at the library for pleasure reading as well as learning.

On Monday, Wednesday, and Thursday at Junior High, and Thursday and Friday at the High School, cappuccino and hot chocolate were served to the English classes at scheduled times. Students were able to check out books, as well as sit down with a hot drink and read something of their choice. Faculty,

staff and administration were invited to join us for the cappuccino bars. We hope everyone enjoyed this celebration of books and reading for teens.

operation of nearly 2,200 offices across the country. It is a valued partnership that helps us better understand the needs of the farmers and ranchers we serve."

Nearly 7,700 FSA County Committee members serve FSA offices nationwide. Each committee has three to 11 elected members who serve three-year terms of office. One-third of county committee seats are up for election each year. County committee members apply their knowledge and judgment to help FSA make important decisions on its commodity support programs; conservation programs; indemnity and disaster programs; emergency programs and eligibility.

Producers must participate or cooperate in an FSA program to be eligible to vote in the county committee election. Approximately 1.9 million producers are currently eligible to vote. Farmers and ranchers who supervise and conduct the farming operations of an entire farm, but are not of legal voting age, also may be eligible to vote.

Farmers and ranchers will begin receiving their ballots the week of Nov. 9. Ballots include the names of candidates running for the local committee election. FSA has modified the ballot, making it more easily identifiable and less likely to be overlooked. Voters who do not receive ballots in the coming week can pick one up at their local FSA office. Ballots returned by mail must be postmarked no later than Dec. 7, 2015. Newly elected committee members and their alternates will take office Jan. 1, 2016.

For more information, visit the FSA website at www.fsa.usda.gov/elections. You may also contact your local USDA Service Center or FSA office. Visit <http://offices.usda.gov> to find an FSA office near you.

USDA extends deadline to increase protections for forage crop losses

USDA Texas Farm Service Agency (FSA) Executive Director, Judith A. Canales, announced that the deadline for producers to obtain or modify higher levels of coverage through the Noninsured Crop Disaster Assistance Program (NAP) to protect against poor forage crop quality because of drought or other natural disasters where the forage is intended for mechanical harvest has been extended to Nov. 13, 2015.

"For 2016 small grain forage crops, the application deadline for NAP occurred before information became available to measure losses due to quality that could influence loss payments, so we extended the deadline so that producers have more time to decide what type of modified coverage works best for their operation," said Canales.

The Noninsured Crop Disaster Assistance Program protects agricultural crops

for which crop insurance is not available from losses due to natural disasters, such as drought, freeze, hail, excessive moisture, excessive wind or hurricanes. The program offers basic coverage at 55 percent of the average market price for crop losses exceeding 50 percent of expected production, and higher levels of coverage, up to 65 percent of expected production at 100 percent of the average market price. Higher coverage is not available on grazing crops. However, the extension does not afford producers the opportunity to purchase basic 50/55 NAP coverage.

Producers interested in adjusting their NAP coverage must submit the appropriate paperwork to their local FSA county office before the Nov. 13 deadline. To find your local USDA Service Center go to <http://offices.usda.gov>. For more details on the Noninsured Crop Disaster Assistance Program,

visit www.fsa.usda.gov/nap.

The protections provided by this program were made possible by the 2014 Farm Bill, which builds on historic economic gains in rural America over the past five years, while achieving meaningful reform and billions of dollars in savings for the taxpayer. Since enactment, USDA has made significant progress to implement each provision of this critical legislation, including providing disaster relief to farmers and ranchers; strengthening risk management tools; expanding access to rural credit; funding critical research; establishing innovative public-private conservation partnerships; developing new markets for rural-made products; and investing in infrastructure, housing and community facilities to help improve quality of life in rural America. For more information, visit <http://www.usda.gov/farmland>.

FSA County Committee elections underway; ballots are in the mail

Farm Service Agency (FSA) Administrator Val Dolcini announced that the U.S. Department of Agriculture (USDA) will begin mailing ballots to eligible farmers and ranchers across the country for the 2015 FSA County Committee elections Mon., Nov. 9. Producers must return ballots to their local FSA offices

by Dec. 7, 2015, to ensure that their vote is counted.

"County committee members represent the farmers and ranchers in their communities," said Dolcini. "Producers elected to these committees have always played a vital role in local agricultural decisions. They are essential to the daily

USDA issues safety-net payments to farmers facing market downturn

The U. S. Department of Agriculture (USDA) has announced that nearly one half of the 1.7 million farms that signed up for either the Agriculture Risk Coverage (ARC) or Price Loss Coverage (PLC) programs will receive safety-net payments for the 2014 crop year.

"Unlike the old direct payments program, which paid farmers in good years and bad, the 2014 Farm Bill authorized a new safety-net that protects producers only when market forces or adverse weather cause unexpected drops in crop prices or revenues," said Agriculture Secretary Tom Vilsack. "For example, the corn price for 2014 is 30 percent below the historical benchmark price used by the ARC-County program, and revenues of the farms participating in the ARC-County program are down by about \$20 billion from the benchmark during the same period. The nearly \$4 billion provided today by the ARC and PLC safety-net programs will give assistance to producers where revenues dropped below normal."

The ARC/PLC programs primarily allow producers to continue to produce for the market by making payments on a percentage of historical base production, limiting the impact on production decisions.

Nationwide, 96 percent of soybean farms, 91 percent of corn farms, and 66 percent of wheat farms elected the ARC-County coverage option. Ninety-nine percent of long grain rice and peanut farms, and 94 percent of medium grain rice farms elected the PLC option. Overall, 76 percent of participating farm acres are protected by

ARC-County, 23 percent by PLC, and 1 percent by ARC-Individual. For data about other crops, as well as state-by-state program election results, final PLC price and payment data, and other program information including frequently asked questions, visit www.fsa.usda.gov/arc-plc.

Crops receiving assistance include barley, corn, grain sorghum, lentils, oats, peanuts, dry peas, soybeans and wheat. In the upcoming months, disbursements will be made for other crops after marketing year average prices are published by USDA's National Agricultural Statistics Service. Any disbursements to participants in ARC-County or PLC for long and medium grain rice (except for temperate Japonica rice) will occur in November, for remaining oilseeds and also chickpeas in December, and temperate Japonica rice in early February 2016. ARC-individual payments will begin in November. Upland cotton is no longer a covered commodity.

The Budget Control Act of 2011, passed by Congress, requires USDA to reduce payments by 6.8 percent. For more information, producers are encouraged to visit their local Farm Service Agency office. To find a local Farm Service Agency office, visit <http://offices.usda.gov>.

The Agriculture Risk Coverage and Price Loss Coverage programs were made possible by the 2014 Farm Bill, which builds on historic economic gains in rural America over the past six years, while achieving meaningful reform and billions of dollars in savings for taxpayers. Since

enactment, USDA has made significant progress to implement each provision of this critical legislation, including providing disaster relief to farmers and ranchers; strengthening risk management tools; expanding access to rural credit; funding critical research; establishing innovative public-private conservation partnerships; developing new markets for rural-made products; and investing in infrastructure, housing and community facilities to help improve quality of life in rural America. For more information, visit www.usda.gov/farmland.

WOW CONFERENCE—Rochester VoTech mechanical students set up a booth at the World of Work students conference held at the Abilene Civic Center Oct. 20.

Vo Tech students attend WOW

The Rochester VoTech Center mechanical students participated in the World of Work (WOW) Student Conference at the Abilene Civic Center Oct. 20th.

The WOW conference was sponsored by Workforce

Solutions of West Central Texas and over 1500 people participated in the event.

The WOW Youth Expo featured a keynote speaker and 100+ engaging exhibitors from business/industry, military, post-secondary schools and regional organizations. This event provided Big Country students in 8th-12th grade a unique opportunity to engage with exhibitors from a variety of career clusters and perhaps help them identify or verify their career pathway.

The Rochester VTC mechanical served as a presenter in the event and VTC students engaged other students from the Big Country in the areas of Welding, Oxy-Fuel Cutting, Woodworking, Electrical Wiring, and Pacing/Distance Calculation Skills.

VTC director Monty Moeller says, "It was such a great leadership/career building opportunity for our students. I was very proud to see our crew sharing their skills with other students. They had a blast!"

This Week's Devotional Message:

Faith leads us out of the maze of superstition

Whenever we are scheduled for a Friday the 13th, the thought of it recalls all the traditional fears, bugaboos and omens of bad luck such as black cats, broken mirrors, etc., as well as their good-luck antidotes in the form of horseshoes, four leaf clovers, etc., many of little-know origin, that have persisted throughout the ages. However, as people turned away from

superstition and toward faith in God, the truth about their destiny began to emerge: that their good fortune did not depend on any charms or circumstances, but on God's love and guidance. You too can learn the truth about superstitions such as Friday the 13th at the church of your choice, and Sunday the 15th would be a very good time to start.

Paint Creek FFA competes at Tarleton and Texas Tech LDEs

Paint Creek FFA members competed at Tarleton State University and Texas Tech University recently to prepare for the district Leadership Development Event (LDE) to be held in Anson Tues., Nov. 17.

Leadership Development Events focus on creating situations for members to demonstrate their abilities in public speaking, decision making, communication and their knowledge of agriculture and the FFA organization (Texasffa.org). Team and individual events are used to reinforce what is taught in agricultural science classrooms.

Paint Creek competed in seven different events and was represented well. As a whole, Paint Creek FFA members' hard work is paying off.

Tarleton State University LDE Invitational, Nov. 3: Sr. Chapter Conducting, sixth place; Job Interview, eleventh place; Sr. Skills, third place; Sr. Creed Speaking, nineteenth place; Jr. Creed Speaking, Participant; Sr. Quiz, 21st (out of 69); and Jr. Quiz, Participation.

Texas Tech LDE Invitational, Nov. 4: Sr. Chapter Conducting, seventh place; Sr. Skills, fourth place; Jr. Creed Speaking, seventeenth place; Sr. Quiz, sixth place; Jr. Quiz, ninth place.

HASKELL MEMORIAL HOSPITAL COMMUNITY HEALTH NEEDS ASSESSMENT MEETINGS

Haskell Memorial Hospital is requesting your assistance in conducting a community health needs assessment, which identifies areas for health improvement and identifies assets and resources that can be mobilized to address population health improvement.

We need your help! To meet this requirement, we need input from the community members in the Haskell community, which will occur during two focus groups. The two community focus group meetings are scheduled on **Wed., Nov. 18th, from 12 to 1 p.m.** in the Hospital Education building and on **Dec. 3rd, from 5 to 6 p.m.** in the Hospital Education building. Light refreshments will be provided at both meetings.

Haskell Memorial Hospital seeks your participation in providing input as to how Haskell Memorial Hospital can improve and expand our health services in Haskell County. Your input on the community health needs of Haskell County and community is important. Haskell Memorial Hospital not only wants to meet the federal requirements but wants to provide for the health care needs in our county.

Winter and the Holiday Season are approaching rapidly!
Operation Round Up is accepting applications for assistance through Monday, November 16 at 5:30 p.m.
 Operation Round Up funds are distributed to individuals and organizations for charitable purposes only in the counties we serve: Borden, Fisher, Garza, Haskell, Jones, Kent, Mitchell, Nolan, Scurry, Shackelford, Stonewall and Throckmorton. The directors on this board equally represent the counties in our service territory from north to south, and east to west. Decisions are made objectively and each application gets equal review and consideration.
 Every penny stays right here at home, in the counties we serve.
 If you have questions about Operation Round Up or know of an individual, family, or organization who could benefit from this wonderful program, please contact Sarah McLen at (325) 776-3803 or smclen@bigcountry.coop, or share this contact information with the interested party. You may access information and download applications on our website, www.bigcountry.coop, and selecting the Operation Round Up icon.
