COMPLETION OF 120 HIGHWAY ASKED BY CITIZENS AT MEET

Representatives of Various Counties Meet Monday in Throckmorton for Talk

One of the most enthusiastic road meetings held in this section for several months took place at Throckmorton Monday at noon when representatives of fifty counties, Commissioners and citizens gathered at a luncheon sponsored by the Lion's Club of Throckmorton for the purpose of making plans for a cooperative movement in speeding the completion of Highway 34 from Newcastle in Young county, Oklahoma to Stonewall in Haskell county.

The plan is that the students preserve as much of their food at home as they can and take it with them. Then when they have ascertained how many boys there will be in the group they will notify Dr. Russell, professor of rural sociology, at College Station and he will rent a house for them that will fit their needs as nearly as possible.

It will be necessary for them to have a matron, but as to whom she shall be left up to the students and their parents, so long as she is a responsible person. Dr. Russell says that in most cases these co-op groups have selected some adult widow or adult couple for this responsibility.

Heretofore the compensation for the matron has been settled mutually with the students providing little more than a home for her service. However, it is hoped that by this fall a plan will be worked out whereby the Texas Relief Commission will be able to pay her. If this plan materializes, it will mean less expense, of course, to the students.

Dr. Russell says that this plan has been in effect at A & M for three years now and the results have been gratifying. He says that these boys as a whole have made a high scholastic record, and that the cash expense has been from \$150 to \$275. He also states that in many cases these boys have obtained work to defray part of this expense.

Eight Haskell Boys to Use Self-Help in Schooling

Eight boys from the 1935 class of the Haskell High School have signified their interest in going to school this fall under a cooperative plan which is being sponsored by the A. & M. College. There may be others who finished before this class that will join in this effort later.

The plan is that the students preserve as much of their food at home as they can and take it with them. Then when they have ascertained how many boys there will be in the group they will notify Dr. Russell, professor of rural sociology, at College Station and he will rent a house for them that will fit their needs as nearly as possible.

It will be necessary for them to have a matron, but as to whom she shall be left up to the students and their parents, so long as she is a responsible person. Dr. Russell says that in most cases these co-op groups have selected some adult widow or adult couple for this responsibility.

Heretofore the compensation for the matron has been settled mutually with the students providing little more than a home for her service. However, it is hoped that by this fall a plan will be worked out whereby the Texas Relief Commission will be able to pay her. If this plan materializes, it will mean less expense, of course, to the students.

Dr. Russell says that this plan has been in effect at A & M for three years now and the results have been gratifying. He says that these boys as a whole have made a high scholastic record, and that the cash expense has been from \$150 to \$275. He also states that in many cases these boys have obtained work to defray part of this expense.

In a meeting held Wednesday night by these boys, H. T. Sullivan, vocational agricultural teacher, urged that they start making plans immediately. He pointed out that in the event that they were not able to go this fall, or if they should change their minds to go to some other school later, they would not lose anything because their families could use the food at home that they had put up.

Miss Peggy Taylor, home demonstration agent, has agreed to assist these boys in making their food budgets. She stated, however, that the main thing was to get started early.

LOCAL BANKER KNOWS HOLIDAY DUE MONDAY, BUT WHICH ONE—?

A. M. Turner, vice-president of the Haskell Farmers & Merchants State Bank, is in a quandary.

A holiday is due next Monday, but Turner simply cannot figure out the exact reason for the occasion, although, like a good banker, he intends to take the holiday.

JURORS CALLED FOR COUNTY COURT

Next Week Will Be Given Over to Cases Requiring Jury Deliberations

Jurors have been called for the May term of County Court, and will report Monday, June 3. Judge Chas. M. Conner will occupy the bench.

The entire week will be given over to jury cases, many of which are of the ordinary type usually heard during every session of county court.

Out of the ordinary cases which will be brought to the consideration of the juryman involves four separate counts against Chas. McMullen, who is alleged to have operated a poolhall.

Two boys, Homer Cogburn and Monroe Steadham, of Throckmorton, face charges of theft.

C. W. Winchester will go to trial for alleged misappropriation of telephone poles. He was indicted by the Grand Jury recently.

Several cases involving drunkenness are also on the docket and will be heard.

Juryman called are Paul Ford, Weinert; Lige Boyd, Rule; Aubra Harrison, Weinert; J. W. Lee, Rule; M. F. Emerson, Rochester; N. L. Bevel, O'Brien; Fred Abbott, Rule; Claude Reid, Munday; L. L. Rainey, Weinert; R. M. Garrett, Rule; A. M. Woodruff, Rule; C. D. Bell, Rule; Marvin Taft, Weinert; Jess Bragg, Rochester; D. P. Fuller, Rule; R. Q. Wilson, Sargent; J. B. Tibbett, Rochester; Paul Trimmer, Rochester; Paul Summers, Sargent; J. M. Bell, Rochester.

During the course of Cotton Certificate Pool operations approximately 575,000,000 pounds were surrendered, of which, roughly 400,000,000 pounds were sold, leaving 175,000,000 to be returned to producers of Haskell county. L. L. Sturdivant, special cotton assistant, says.

Operating expenses of the pool have been less than four one hundredths of a cent per pound sold. When operating expenses are included, payment will be made at the rate of \$3.98 per 10 pounds sold and the poundage unsold as indicated will be returned to pool participants.

There is going to be a Special Pool for the poundage remaining unsold in order that producers, if they desire, may turn them back to be sold.

A special form will be given each producer when the second and final payment will be made on his certificates and if he desires to pool the certificates the form should be executed by the producer and returned to Sturdivant within ten days from the date received.

BEAUTIFICATION OF COURT HOUSE LAWN UNDERWAY

Grass To Be Planted Over Lawn Plot; Deep Water Well Now Being Dug

Relief Workers Used

A planned beautification of the Haskell county courthouse lawn was begun here last week by the Commissioner's Court and County Judge Chas. M. Conner.

Fertile sod is being placed now on the lawn, heretofore covered by a mixture of dirt and gravel, and grass will be planted as the first step of the beautification, and few flowers planted near the building.

Later, according to Conner, some shrubbery will be placed and, if found feasible, beds of flowers will be arranged.

A deep well is now being dug on the lawn by relief workers, under the supervision of Hanes Hambleton, who, for many years, was superintendent of the Haskell city water system, and the water thus secured will be used on the grass and flowers.

It is estimated that the cost of digging the well, installation of walling and an electric propelled engine will not cost less than \$500.

IMPORTS DECLINE IN FARM PRODUCTS

Most of Wheat Imported Is Low-grade Stuff; Sugar Imports Above Line

Imports of competitive agricultural products for the eight months, July 1, 1934, to March 1, 1935, were lower than the average for the same months of the previous 10 years in every case except feeds and sugar, according to a study made by the Bureau of Agricultural Economics of the United States Department of Agriculture.

The figures show that imports of fruits, excluding bananas, were 25 per cent below the 10 year average for the July 1 to March 1 period; vegetable oils and oil seeds, 14 per cent below the 10 year average; meats, 17 per cent below; wool, 56 per cent below; dairy products, 61 per cent below; and eggs and egg products, 78 per cent below.

Sugar imports from July 1, 1934, to March 1, 1935, were 5 per cent above the 10 year average for these months and imports of feeds 186 per cent above. The most severe damage resulting from drought was to grain and forage crops. Drought damage to the 1934 corn crop is estimated at about one billion bushels and to the wheat crop about 300 million bushels. Production of oats and barley was reduced about 50 per cent by drought.

Imports of wheat for domestic consumption from July 1, 1934, to March 1, 1935, were 9,511,000 bushels. About half of this amount was low-grade wheat for feed, and about half was durum wheat for seed and the manufacture of macaroni and similar products which require this particular kind of wheat. Production of durum wheat in 1934 in the United States was approximately one-tenth of average.

Corn imports for the eight-month period totaled 6,509,998 bushels, less than one per cent of the estimated loss due to drought. Noncompetitive imports, including coffee, tea, spices, cacao, rubber, and silk were about 90 per cent of the 10 year average.

STUDENTS FROM RURAL SCHOOLS MAKE SHOWING IN HIGH SCHOOL HERE

Students from the rural schools of Haskell county made impressive showings in the Haskell High School during the past year, according to officials.

Out of the 45 seniors graduated from the local school, 13 of this number were former students in rural schools, and practically every one of these pupils made excellent grades.

Only one former rural student failed to receive a signed diploma, but circumstances over which that pupil had no control prevented him from making his grades.

Only two schools in Haskell county have failed to provide buses for the transportation of rural high school students. No buses are run from Haskell.

45 SENIORS ARE GRADUATED HERE

Ava Grindstaff Wins Place As Honor Student; Years Work Successful

Forty-five seniors of the Haskell High School took part in the graduation exercises at the close of the year's school work. The Baccalaureate Services were held at the First Christian Church Sunday morning with Rev. C. A. Tucker, pastor of the First Presbyterian Church delivering the sermon, using as his subject "The Law of Liberty." The musical program was in charge of the Harmony Club.

The commencement program was held at the First Christian Church Monday evening at 8:30 o'clock with Hon. Ernest E. Sanders, Fort Worth attorney and a former graduate of the Haskell High School delivering the address to the class.

Honor graduates were announced, with first place going to Miss Ava Grindstaff and second to Miss Beatrice Wheeler. The following composed the class who received their diplomas Monday evening.

Clifford Covell Adkins, Alton Lyndell Anderson, Hulien Atchison, Noma Maydell Barnett, Robert Edwin Bledsoe, Leta Viola Burson, Era Cass, Vera Cass, Robert Elvir Couch, Lois Beatrice Davis, Woodrow Wilson DeShong, Lorena M. Druesdau, Thomas Crockett English, Ino. E. AAA DELEGATES TO SPEAK IN MEETING

Results of Recent March to Washington for AAA Deal Will Be Discussed

In order to acquaint farmers with the results accomplished on their recent march to Washington, D. M. Guinn, Sargent; B. Walters, Rule; and Jessie B. Smith, delegates, will hold meetings in six places in Haskell county beginning next week.

Talks pertaining to the AAA program, so far as the attitude of other farmers is concerned, and the response given by Washington officials, will be held in Sargent on June 3; Rule, June 4; Rochester, June 5; O'Brien, June 6; Weinert, June 7; and Haskell, June 10.

All meetings are scheduled to start at 8 o'clock p. m.

Mr. Ernest Sanders returned to his home in Fort Worth Tuesday. Mrs. Sanders and small son remained for a longer visit with Mr. and Mrs. F. T. Sanders.

MANY GLAD THAT NRA IS OUTLAWED

Majority of Haskell Business Men Are Pleased Over Court's Decision Which Removes Restrictions

A downward swerve of grocery prices in Haskell soon is predicted by two local grocers, as the result of the sweeping out of NRA over the country by the decision of the United States Supreme Court. However, other leaders here in the same business cannot see that prices will be materially affected.

Advertisement Depicts Advance of Gas Company

A quarter of a century in developing complete natural gas service is depicted in an advertisement of the Lone Star Gas System and affiliated companies, published in today's issue of this newspaper.

Twenty-five years ago natural gas service was virtually unknown in Texas. Wood, coal and kerosene fires did the cooking and heating, except in the larger cities where manufactured gas carried considerable amounts of the cooking load.

Then in 1909 L. B. Denning organized the Lone Star Gas Company and in the fall of the same year started the first long distance pipe line in Texas. This line, running from Petrolia to Fort Worth and Dallas, a distance of 135 miles, was completed in February 1910 and service was started to Fort Worth in that month, reaching Dallas in April 1910. From that time, through many struggles, the system has spread over a territory larger than some states, and reaches even out of the way villages, bringing a modern gas service to small towns equal in quality to that enjoyed by the cities.

From one pipeline and 15,000 customers, the company has grown into an interconnected system of 4,000 miles of line serving about 300 towns and cities. From an uncertain and at times inadequate gas supply, through years of struggle for gas reserves, financial difficulties, labor shortage and serious engineering problems, the company has worked its way up to the type present throughout this territory.

Of natural gas service known at this time the advertisement published in this paper sketches the pipeline system, indicates the towns where the company maintains offices, shows a few of the high spots in the company's history, and pictures modern gas equipment now available to gas patrons.

Pitching honors were about even between Tanny Jones, Haskell right-hander, and Lefty Robertson, Munday importation from Wichita Falls. The Moguls went into the lead Sunley in the fifth inning when L. Wilde, hot corner guardian, socked a low ball over the left field wall for the circuit.

Funerals Held for Joe Pate Tuesday

Funeral services for Joe B. Pate, 48, Earth, Texas, ex-World War veteran, who died here Sunday following an attack of pneumonia, were held Tuesday afternoon at 2 o'clock at the home of Rev. V. S. Pipes of Earth, assisted by Rev. H. R. Whatley, pastor of the Baptist Church of Earth. The American Legion of Earth, Stamford and Throckmorton were in charge of the ceremonies.

Funeral services were held in Willow Cemetery, Earth, on the direction of the Kinney family. Survivors are his wife and 2-year-old daughter; parents, Mr. and Mrs. Pate, Lakeview; three brothers, H. A. and E. W. Pate, Lakeview; and J. A. Pate, Fort Worth; sisters, Mrs. A. A. Dunlap, Throckmorton, and Mrs. J. M. Cronk, Okma City.

Pate's death occurred exactly one week from the time he was stricken. He came to Haskell Saturday, May 18, with the body of H. P. Land, a nephew, who had died at Earth, Texas, from pneumonia, a trip here, made in the rain, and over 24 hours and Mr. Pate's being was rain-soaked when he arrived in Haskell.

Land was in the navy in 1917. Mr. Pate served overseas 13 months of the time at Brest, France. Pate was born at Bluffdale, Hood County, Texas, and married Hilda C. Barton, Haskell, at Breckenridge, in 1927.

Club Worker Finds That Foundation Pattern Saves

"My foundation pattern fits fine and it has certainly saved me some money this spring," states Mrs. Thurman Rice, first year wardrobe demonstrator in the Bunker Hill Home Demonstration Club. Mrs. Rice made a tailored, navy blue crepe dress by her new pattern. The total cost of the material and trimming for the dress was \$5.20, and the dress would retail for \$10.00 or more; so Mrs. Rice feels that she has made a saving of at least \$4.80 on that one garment by having her foundation pattern.

Mrs. H. R. Jones of Wichita Falls and Mesdames R. C. Montgomery, Ethel Irby and R. J. Reynolds, visited Mrs. Hardy Grissom in Abilene Tuesday of this week.

Guess Wins \$61,000 PAIRBANKS—By guessing the exact minute when the ice at Nenana would break, William Berrigan won \$61,000 in the annual contest which drew participants from nearly all Alaska.

Michael Kelley, Richard Johns, E. Anglin, Ike Bartlett and Sam Kerbey.

Ladies assisting with the flowers were: Ruth Landis, Fae Self, Iola Everett, Mrs. Ed Fouts, Mrs. Claude Jenkins, Mrs. Buck Crawford, Mrs. Henry Bland, Mrs. Raymond Lusk, Mrs. Alvis Williams, Mrs. Floyd Lusk and Mrs. Vernon Lusk.

Haskell Battles Goree Next Sunday

The Haskell Braves, Wichita Valley loop leaders, will encamp in Goree next Sunday, to wage the first contest between these two teams this season.

Goree has failed to win a game in the league this season, but the team has demonstrated on practically every occasion they can "fight" and the Braves will have to hustle to win.

Last Sunday, the Goree team battled the revamped Hamlin team on almost even terms, and although Lefty Courtney and Blacky Adams, ace battery, were inserted into the game, only six hits were garnered off Pitcher Blankinship.

CCC Openings At Hand for Veterans of Wars, Claimed

Wm. T. Brown, assistant district manager of the National Re-Employment Service, requests that all World War veterans who desire to enlist in the C. C. Camps make application at his office in the PWA office in the East Ward school building as soon as possible.

Mr. Brown stated that he believed that he now had openings for all ex-service men who desire to enter the CCC work, but urged the applicants to make their application at the earliest possible moment.

Haskell Braves Cop Lead By Beating Munday

League leaders. The Haskell Braves captured undisputed possession of first place in the Wichita Valley baseball league Sunday when they eked out a win over the Munday Moguls by a score of 2 to 1. The two teams have been tied for the top rung, and the Sunday tilt was a battle from start to finish.

Pitching honors were about even between Tanny Jones, Haskell right-hander, and Lefty Robertson, Munday importation from Wichita Falls. The Moguls went into the lead Sunley in the fifth inning when L. Wilde, hot corner guardian, socked a low ball over the left field wall for the circuit.

The slim lead mustered by Munday was shattered in the sixth, and the game played on ice, if the margin of one run can ever be called "on ice."

Plans Made for Dress Contest

A prize will be given to each woman from the club having the largest per cent of its members entering dress and a sloop in the dress contest June 14, in Haskell.

The county home demonstration council is giving the winning first and second year wardrobe demonstrator a trip to the annual A & M Short Course at College Station July 28 to August 2.

All of the cooperators in the club are urged to make a dress and sloop for the contest in order to help their demonstrators as well as completing part of their wardrobe goals for the year.

Stamford Tea for 95 Guests Compliment to Bride-Elect

STAMFORD, May 28.—To honor Miss Bess Terry, who is to be married June 2 to W. O. Holden, of Haskell, a gift tea was held Saturday by Mrs. Mary Smith Bostick and Mrs. Fred Pauling, who entertained in the high school home economics cottage. Ninety-five guests were present.

The guests were greeted at the door by Mrs. Bostick, Mrs. Pauline presented Miss Terry and Mrs. I. H. Terry, mother of the honoree, and Mrs. W. H. Terry. The honoree wore a powder blue pink canteen crepe dress trimmed in Duchesse lace.

The bride's book was presided over by Mrs. N. J. Guillet of Old Glory, sister of the honoree. After registering, the guests were invited into the dining room where refreshments were served by Lillian Terry, Emma Love Marstrand of Abilene, Margaret Ann Buster, Mrs. Spencer Woodruff and Pauline Waggoner.

Pink and white, the colors to be favored by the bride, were featured in all the party details, with Killarney roses used in decorations. The dining table was covered with Venetian lace, and tall pink tapers were burning.

"Love Came Calling," a vocal solo by Mrs. W. B. Taiman, opened the program. Mrs. N. M. Phy played the piano accompaniment. Katherine Rike of Haskell read "A Miracle Romance" and Mrs. W. O. Gillean sang, "I'll Tell the Sunshine," while Mrs. W. P. McDonald sketched a bride's head.

Gifts were presented through a "chain letter scheme," with Mrs. C. T. Dodson reading an original story and Mrs. J. B. Dodson assisting.

Out of town guests were Mrs. H. S. Wilson, Mrs. C. Chapman, Mrs. Ruby Fitzgerald, Mrs. Ada Rike, Mrs. Reynolds Wilson, Mrs. David Parsons, Mrs. Ruby Sue Parsons, Mrs. Oscar Oates and Mrs. Bertha McNeill of Haskell, and Miss Grace Demison, Miss Gladys Gilbert, Mrs. John Steel, Mrs. Bertha Cole, Mrs. Ed Parsons and Miss Mary Louise McNeill of Rule.

Mrs. A. J. Lewis returned last week from Oklahoma City, where she attended graduating exercises of Oklahoma City High School. Among the graduates was Gorman McDonald, son of Mr. and Mrs. Bill McDonald, former Haskell residents, and a nephew of Mrs. Lewis. Charles McDonald returned with her to Haskell for a visit in the Lewis home.

Polls Newspapers

NEW YORK.—A poll of 228 newspapers in thirty states reported by Newsdom, a newspaper publication, shows 114 newspaper leaders against the New Deal. Seventy would continue the present Administration and 44, approving it in part, believe that weaknesses would be remedied. On another basis, the adverse vote represented thirty-five per cent of the population.

Identical Bids

NEW YORK.—For the fourth time in recent months, ten leading fire hose manufacturers submitted identical bids to this city, which rejected them also for the fourth time.

Honor Roll for the Year

Freshmen: Frankie Dorris Bledsoe, Martelle Clifton, Sue Persons, Billy Pogue, Frances Fouts, Margie Ratliff, John Guest, Bertha Kreger, Olive Sloan.
 Sophomores: Annie Barnett, Geraldine Conner, Janice Tate, Mary Eleanor Diggs, Ruth Woodson.
 Juniors: Tom Clifton, Mattie Pistole.
 Seniors: Lois Davis, Ava Grindstaff, Alberta Orr, Beatrice Wheeler.

instead of the usual four, and from choice rather than from any obligation to do so. Two of them have "made" the honor roll each time, and the other two have had grades creditably high. They are Ava Grindstaff, Tom Clifton, Ralph Johnson, and Joe McElroy.
 When Senior grades were checked for first and second scholarship honors, Woodrow DeShong was reported to have the highest honor among senior boys. This may mean a scholarship to him from some college, and we congratulate him.

HOW YOUR GRADES ARE AVERAGED

By the time you read this you will have received your grades for the sixth period, the term, and the year. Quite an array of grades on that report—eight for every subject, to be

exact. And now, since your grade for the term, or the year, may be lower than you thought it should be—and lower than it seems to "figure out"—we will try to explain the system that the teachers use to compute averages.

Let's say you are interested in first-year English, for instance—or third-year math. Here is the process: A report of your grade in that subject has gone out at the end of every six-weeks "period," and these three grades are repeated on your term-report. These first three "period" grades in that certain subject are averaged by adding them and dividing by three; this average grade is what is called the "period average," or the grade for the term up to the time of (but not including) the mid-term examination. Now, although this examination is regarded necessary by the "powers that be," it also is considered that the average grade of four and a half months ought to have more weight than the grade of a single examination. So for that reason the "period average" grade is doubled, the exam grade is added, and the sum is divided by "three." The resulting grade is the "term average." This explains the report you received at mid-term, with its six grades: The three "period" grades, the "period-average," the mid-term exam grade, and the "term-average." So—tuck away that term-average grade for future reference.

Now here card you have just received has the period grades and the period average of the second term, the final exam grade, and the term average—all likewise determined as explained above. This explains the first six grades on your card for any certain subject; and it may be stated here that in dividing by three, a third of a point is disregarded, and two thirds is counted as a whole point.

To recall it to your memory, your first term average is repeated on the second term report, immediately following this term's average. Those two term-averages are added and divided by two to obtain the year-average—the grade appearing last on your term report, and determining whether you have made your credit.

WORDS OF APPRECIATION FROM THE SENIORS

We, the Senior Class, wish to express our appreciation to the Harmony Club and Mrs. Post for their contribution to our Baccalaureate Service Sunday morning, and to Rev. Tucker for his message to us. His subject, "The Law of Liberty" was a great inspiration, and will help us to lead a more useful and a happier life. Also, to all those who contributed to our program on Monday night we wish to express our thanks; and we especially are grateful to the Juniors and Miss Davis for their service in decorating the church and serving as ushers (we can remember from last year that this is no insignificant responsibility.)

From year to year the people of the First Christian Church are very gracious to permit the use of their church for Commencement occasions, and since it is a time that we enjoy having all our friends present at our ceremony, it is a great privilege to have the use of this spacious building. In our turn we wish to thank them for their generous kindness.

SOPHOMORE PICNIC

After many postponements, which were on account of the rains, the Sophomore class finally took last Tuesday afternoon for our half-holiday and picnic. We left about one o'clock and went to Leuders.

Although the water was somewhat muddy, we could not resist the temptation of going in swimming. After a brief swim, we amused ourselves by climbing the hills, walking to the dam, playing ball and spanish leap-frog. Several girls, while playing Spanish leap-frog, seemed to have leaped a little too far or not far enough, for they landed on their heads instead of their feet. Another exciting moment was the race between Winnie Darnell and Anne Barnett, which happened because of a snake that Mr. Sullivan picked up and put out in front of them. You should have seen them run! We don't know exactly what he intended to do with the snake—put it down their backs or what not; all we can say is they didn't wait to see. In the end they found out, to their disappointment, that they had wasted their energy, for the snake was dead.

After all this excitement, we were more than ready to eat. Everyone enjoyed eating delicious sandwiches, potato chips, pickles, fruit salad, cakes, punch and ice cream.

We were accompanied by the following mothers: Mrs. Wair, Mrs. Watson, Mrs. Tubbs, Mrs. Zahn, Mrs. Diggs and our sponsors, Mrs. Young and Mr. Sullivan.

SENIOR PICNIC

It finally stopped raining long enough for our Senior picnic at Scott's Crossing. What a picnic it was! Fred took his portable and we had music all the time, even on the way there. The water was fine (for a mud plaster), so the swimmers said, and Virginia told us if we wanted to get sea-sick to wade across the crossing when the water was swift. It's quite amusing how

the strollers and swimmers stopped their strolling and swimming about noon and began drifting toward camp. We had sandwiches, potato chips, deviled eggs, potato salad, cake and fruit salad until everyone had all he wanted and had some plus weiners, buns and pickles for supper. You should have seen that five gallon can of punch go down, just as if a magician had said "hokus pokus."

Some of the seniors were not along that day because they felt that it would be more worthwhile to stay at home and study, but the others felt that it would relieve the tension of study to go. We agree with every one.

The adults who accompanied us were: Miss Vick, sponsor; Mr. Breedlove, Mrs. Whatley, Mrs. A. C. Orr, Mrs. Roberts and Mrs. J. E. Fouts. We were glad to have them and enjoyed their presence very much.

MRS. YOUNG TO BEGIN NEW WORK

Mrs. Nina Young, our home economics instructor, has returned to her home in Roby. After a short visit there with her parents, she plans to enter a new field of work, possibly with a federal project, and will not teach here again. During three years of teaching in the high school, we feel that Mrs. Young made a place for herself that cannot be easily filled. We will miss her a great deal, but feel that she is entering a broader field and our best wishes go with her.

HOME ECONOMICS CLUB PICNIC

The Home Economics Club went to Leuders Friday for their annual picnic. Twenty girls, Mrs. Conner, and our sponsor, Mrs. Young, arrived at the encampment grounds a few minutes before eleven. We hiked up the river while our cook, which we took with us, prepared the noon meal. At one o'clock we enjoyed a real home cooked lunch which was served and prepared in the cabins. Shortly after lunch all girls assembled in one cabin and Mrs. Young, our president, presented Mrs. Young with a reading lamp, the farewell gift from the club.

When everyone had rested after lunch, we took a trip to the dam. The view from the power house was beautiful but that from the other side was much more fun. Many of the girls pulled off their shoes and went wading on the rocks where the water ran swift but shallow. Boy, it was fun and especially when a huddle had to be made as Gayle could change from her dad's wet fishing trousers back to her red slacks. After much laughing we returned to our camp and started for home. We arrived at 5:30, all tired but happy.

SENIOR FAREWELL PARTY

As a very fitting climax to our glorious Senior days, Mr. and Mrs. Sanders and Fred entertained, us with a delightful farewell party in their home after the Commencement Exercises. After the ceremony the girls rushed home or by Miss Vick's and hurriedly changed cap and gowns to party dresses, and by the time all had arrived, a very festive spirit prevailed. Assisted by her two daughters-in-law, Mrs. Sanders served a very attractive refreshment plate of pink and white ice cream, and pink-iced cake. In groups in the spacious entertaining rooms, and on the front porch we recounted former happy times together, and enjoyed every moment of our last time together.

In addition to almost the whole personnel of the Senior Class, the following members of the High School faculty were present: Mr. and Mrs. Breedlove, Mr. and Mrs. Richey, Mr. Sullivan, Miss Davis, and Miss Vick. Other guests were Miss Elizabeth Asbell of Electra, Miss Mary Louise Earnest of Rule, Mr. and Mrs. Earnest and Mr. and Mrs. Roy Sanders.

The Seniors are very grateful to Mr. and Mrs. Sanders and Fred for this our last occasion of enjoyment together as members of the class of 1935.

PERSONALS

Miss Elizabeth Asbell, who is visiting Fred Sanders, attended the graduation exercises Monday night.

Dorothy Sego and Vida Lee Nichols are planning to enter summer school at Alpine.

Woodrow DeShong plans to leave for Waco within a few days.

Mary Ben Chapman left Tuesday for Weatherford for an indefinite time.

Mr. Mason left Tuesday for Hillsboro where he will visit his parents.

The following relatives of Carl Maples, Jr., were visitors here for commencement occasions: Mr. and Mrs. Lewis Christie and Mrs. Fred Owens of Wichita Falls, Mrs. H. T. Maples, Mrs. Avis Maples and daughter of Munday, and Mr. and Mrs. J. D. Keathley and daughter Shirley Nell, of Munday.

Mrs. Pennington (nee Lucille Roberts) of Chillicothe was here for commencement occasions.

Mr. and Mrs. J. A. Davis of Rule, parents of Miss Davis, attended the commencement ceremony Monday night.

CUSTOMS and CONVEYANCES

By using modern methods and equipment the Funeral director is able to make the present day funeral service a beautiful rite: Human nature refuses to consider a Funeral as just a practical matter of fact affair. The last farewell to a loved one should be made an impressive rite which always will hold sacred associations.

This aspect of our work is given full consideration. Every detail, from the planning of the service to the employment of strictly modern motor equipment, is made to contribute to the general effect.

The result is a service in which efficiency, good taste and consideration for the feeling and welfare of the living are carefully blended.

Junior Federation of Women's Club Organized in Weinert.

The young ladies of Weinert have organized the first Junior Federation of Women's Club in Haskell county. The name of this club is "Bonafide", meaning "In Good Faith", which is also the motto. The club flower is also the chrysanthemum and the colors are white and yellow. The study course for the next club year will be a miscellaneous program.

The Bonafide Club has met four times this club year, and during these meetings the constitution has been adopted, the officers elected, the committees appointed, and each member has chosen the program for the next year's meetings when she will be leader.

The officers are: Mrs. Tony Gable, president; Miss Thelma Therwanger, first vice president; Mrs. Raymond Lyles, second vice president; Miss Mildred Sadler, secretary; Mrs. Hoyt Gilbreath, treasurer; Miss Dorothy Therwanger, reporter; and Mrs. Ernest Griffith, sponsor.

Regular meetings of this club will be held on alternate Tuesday afternoons, beginning October 8, 1935.

The charter members are Mesdames Tony Gable, Hoyt Gilbreath, Otis Burnette, Gordon James, Irving Coggins, Raymond Lyles, Taylor Carter, Claude Reid, and Misses Bernice Biard, Mildred Sadler, Dorothy Therwanger, Thelma Therwanger.

Petrolia cyclone in 1925 wrecked most of the field and compressor equipment, but not a customer on the lines missed his gas that day.

TWENTY-FIVE years ago the Lone Star Gas System (of which your Gas Company is a part) struck out across country with pick and shovel in a four-foot trench, to pipe some North Texas natural gas into Fort Worth and Dallas. They were the pioneers in this part of the country, and many were the problems they had to work out, digging away through black waxy, limestone, rivers and woods. It took years of work and planning, large investments, great engineering skill, and a great deal of courage to thread this network of dependable gas supply to nearly 300 towns in Texas and Oklahoma.

Southwesterners Snap Up New Inventions

People have used more gas than we dreamed of in the beginning, because of the new inventions they have snapped up. Imagine our surprise when even the Refrigerators began running with gas. There have been remarkable inventions in industrial gas equipment, from oil refineries to automobile japan-

ning-ovens. There are House-Heating Systems that clean and moisten the air, as well as warm it; there are Clothes Dryers, Radiators, Floor Furnaces, Automatic Ranges, Incinerators, and so forth. For running a cement plant to warming a baby's bath, these Lone Star towns enjoy an automatic heat that has made their skylines famous for their smokeless chimneys.

A quarter of a century of careful planning has made natural gas so low-priced at your meter that 15 cents' worth a day is the average household load the year around, for heating, cooking, hot water and refrigeration.

Haskell County History

As Revealed by the Files of the Free Press 20, 30 and 40 years ago.

20 YEARS AGO TODAY

Haskell Patrol No. 1, Boy Scouts of America left on Monday afternoon for a cross country hike to California Creek, about 35 miles distant. About 20 boys went under the leadership of Scoutmaster T. C. Williams.

Frank Pilley of near Rochester has the distinction of being a victim of a most peculiar accident. While walking across his field his dog was chasing a rabbit in his dog and thinking he would asserction, but the dog did not turn and ran into Mr. Pilley, knocking him down and breaking his leg.

The editor, Mr. Oscar Martin, boarded the Wichita Valley train Tuesday morning and spent the day in Weinert. He visited with the following business firms of that city: Weinert State Bank, J. E. Robertson's general store, City Market owned by Dr. E. E. Cockerel, Cockerell Drug Store, Weinert Mercantile Company, McNeill & Smith Hardware Co., under the management of N. I. McCollum, Weinert Elevator Co., D. J. Jones Grocery, and the three gins, typical blacksmith shop, and a good hotel.

30 YEARS AGO TODAY

Our postmaster, Mr. Posey, has built a new house in which to run the postoffice. It was formerly kept in the W. P. Caudle land office.

A. F. Smith has taken the school census for this district. The enrollment was one hundred thirteen and six years ago it was only twenty-six. The new school building is nearing completion and is one of the most substantial and beautiful structures of its kind in West Texas.

John Therwanger who has sold out to leave Haskell two or three times, but always buys more land and settles down again, was circulating in Haskell Saturday. He finds tearing himself loose from Haskell too hard a job for him.

40 YEARS AGO TODAY

Our District Court will convene next Monday with a very heavy civil docket but the criminal docket is light. Mr. Sam Ramsey will act as deputy clerk during the sitting of the court.

Mr. and Mrs. Tom Brazell were presented with a fine baby boy on Thursday morning.

A fine baby boy came to the home of Mr. and Mrs. Theo Reed last Saturday.

County Judge Sanders visited in Seymour last week.

Our old townsman S. S. Cummins came down from the territory this week on business.

part of this Constitution, and proclamation shall be made by the Governor thereof; provided however that in cases of extraordinary emergency affecting the State as a whole, Amendments to the Constitution may be proposed in the manner hereinabove set out upon the submission of the proposed Amendment by the Governor at any Special Session."

Sec. 2. The foregoing Amendment shall be submitted to the electors of this State who are qualified to vote on proposed Constitutional Amendments at an election to be held on the 24th day of August A. D. 1935, at which election each ballot shall have printed thereon for those favoring the Amendment the words:

"FOR the Amendment to Section 1, Article XVII, of the Constitution of Texas, providing that Amendments to the Constitution may be proposed at Special Sessions of the Legislature under certain conditions." And those against the Amendment shall have printed the words:

"AGAINST the Amendment to Section 1, Article XVII, of the Constitution of Texas, providing that Amendments to the Constitution may be proposed at Special Sessions of the Legislature under certain conditions." Each voter shall strike out with pen or pencil the clause which does not indicate his desire regarding the above proposed Amendment.

Sec. 3. The Governor is hereby directed to issue the necessary proclamation for said election, and to have the above proposed Amendment published in the manner and for the time required by the Constitution and laws of this State.

Sec. 4. The sum of Five Thousand Dollars (\$5000), or as much thereof as may be necessary is hereby appropriated out of any funds in the State Treasury not otherwise appropriated, to pay for the expenses of said publication and election.

The above is a true and correct copy.

WHO WANTS MUNICIPAL OWNERSHIP?

Since the beginning of the movement to hire engineers to prepare data for the installation of a municipal electric oil engine plant in Haskell, many citizens have asked the above question.

Let's examine the records and see just who will profit from a municipal oil engine plant in Haskell, and who is really sponsoring the movement.

First, there is the Public Ownership League of America and its crew of consultants and others who want this and other municipal projects to work on.

Who and what is the Public Ownership League of America? Is it a philanthropic organization for the welfare of mankind, or is it a profit making institution? The following is from the League prospectus:

"Do you need a valuation? Are you considering municipal ownership? Have you municipal bonds to sell?"

"OUR Research Department gets you the facts. OUR speakers and publicity men conduct your campaign so you may be sure to win. OUR Legal Department draws your ordinances so they will stand in court; and will fight your legal battle, if necessary. OUR engineers build your plants. OUR accountants make valuations and see that your accounts are properly set up. OUR Bond Selling Agencies will sell your bonds. OUR Monthly Magazine and bulletins keep you in touch with the literature on the subject and progress of the movement."

This league numbers among its governing board and members, many of the better known radical socialists. Its Managing Secretary, Carl D. Thompson, is a radical socialist, once a candidate for President of the United States on the Socialistic ticket. This league is the parent organization for the advocates of municipal ownership, and some of its members are also engaged in promotional engineering.

Second, outside municipal plant engineers want this and other plants so that they may profit from the sale of their services and secure commissions from the sale of machinery.

An interesting example of the common interests of "municipal engineers" and oil engine manufacturers is shown in the case of the Interstate Power Company vs. City of Ainsworth, Neb. The court said:

"For some reason the engineer approved, not only a bid that failed materially to comply with the amended specifications, but also approved a bid on the original specifications that the city council refused to accept, because it did not conform to the specifications. . . . The original specifications, and the bid of Fairbanks, Morse & Company, and that of Bouligny, a duplicate of Fairbanks, Morse & Company, the amended specifications that reduced the cost several thousand dollars, and the same bid in amount by Fairbanks, Morse & Company on the amended specifications as on the original specifications; and other things I need not mention might justify the allegations of the plaintiff that there was collusion between the engineer and Fairbanks, Morse & Company. Who was interested in having the bid of Fairbanks, Morse & Company accepted? Fairbanks, Morse & Company to get the contract, and the engineer to get his five thousand dollars."

Third, the oil engine manufacturers want a municipal plant in Haskell. They will benefit not only from the sale of engines required at the start, but a new market will be created for their products in the future. Oil engines have a useful life of about five to seven years under the most favorable conditions, and some municipal plants purchase almost one oil engine a year, such as is the case with Lubbock, and Vernon where they have already purchased 8 oil engines in the last 13 years.

A few months ago, the Federal Court of the Northern District of Mississippi, in commenting on the activities of one of the oil engine manufacturers, the Fairbanks, Morse & Company, said:

"I conclude that the action of Fairbanks, Morse & Company in having actively participated in the publishing of false and misleading statements seeking to influence the result of the election, the outcome of which would determine whether or not it could have opportunity to sell its products to the City of Starkville, was unfair, inequitable and made in an effort to interfere with the established business of plaintiff and its customers in the City of Starkville, and that this conduct is such as to warrant an injunction against it restraining it from entering any contract made possible by the result of said election."

Those who are interested in the establishing of municipal electric plants supply misleading and erroneous information to city officials who are sincere in their efforts to serve the best welfare of the citizens.

In 1923, there were 3066 municipal electric plants in the United States. And today, the number has declined to 1861, according to Harold Ickes, PWA Administrator, and only 948 of these still operate their own plants or generate their own electricity. Between 1928 and 1932 alone, 600 cities have admitted that their plants did not pay, and with their inferior service and high rates have gone out of the electric business. This does not include those which have quit since 1932 or before 1923.

Don't be deceived by someone picking one individual municipal plant town where one rate is low, and having them tell you that is the cost of electric service to that community when they pay in various other ways for such service.

We believe you should consider the real issue of who wants municipal ownership in Haskell, and who would benefit by it.

ADVISING HASKELL COUNTY GRADUATES

With schools closed in Haskell county, the graduates are the recipients of much free advice. Not to be snowed under, they are bold enough to tell the present world what they think about it.

The Free Press does not wish to tell the students of Haskell and Haskell county what they must do with their lives. We ask them, however, to appreciate the fact that they have just begun to learn about the world and the things that are in it.

Book sense is easily acquired by those who, as the school children say, put out. It is the reward of study and attention. Harder than the acquisition of intelligence however, is the wisdom and self control that come with experience.

Youth undertakes many things that older people tolerantly permit. Fired with enthusiasm, and a purity of purpose, the young wish to go forward, to improve rapidly, and say so. They attack frontally, where wisdom, as it is understood by their elders, advises a flank attack.

We want all those who leave the schools of Haskell county this year to understand that they have the best wishes of all the older people. Your elders will watch with interest your renewal of a fight that they abandoned after some desultory skirmishing years ago.

THE WHOLE WORKS

An exchange prints a little story, clipped from an unknown source, which is very good and perhaps very old. Anyway it's worth repeating. It concerns an Omaha jobbing house and a customer merchant in a small Iowa town.

"I received your letter telling me I had better pay up. I am railroad agent here and received the letter you wrote the agent. I am president and sole owner of the local bank and can assure you of my financial standing."

FARMERS MUST LOOK AHEAD

Farmers of Haskell county will find it necessary in the protection of their interests to keep up with what happens in Washington and particularly the methods adopted by business to secure legislation favorable to profits.

DRUNK MEN AND AUTOMOBILES

It is reported, occasionally, in Haskell county, that some drunken man has been seen driving an automobile on the public highways. We can hardly conceive of a more dangerous habit.

-CURRENT COMMENT-

HUEY SHARES THE WEALTH (Philadelphia Record)

There has long been a suspicion that if Huey Long's share-the-wealth plan ever gets under way Huey will be at the head of the line with a bag in each hand.

Now Huey has jumped the gun. Although there is no other evidence of a distribution of concentrated wealth in Louisiana, Huey has found a way.

The State Tax Commission—appointed by Long's creature, Governor O. K. Allen—has appointed Huey as its chief ferret.

His job will be to find property which is now unassessed or underassessed and put it on the tax rolls at the "proper" figure.

The interesting part of this arrangement is that Huey, personally, gets one-third of all the money he collects.

Victim No. 1 is a lumber company whose president, C. C. Sheppard, is also president of the Louisiana Taxpayers' Association and a political foe of Senator Long.

Huey is trying to raise the assessment of the company by \$300,000. If he succeeds, he will be paid a perfectly legal fee of one-third of the increase in the tax levy on a political enemy.

And that, ladies and gentlemen, is our first practical demonstration of how the share-the-wealth plan works.

HENRY-LESSON RADCLIFFE

OUR DAY OF WORSHIP

Golden Text: "God is a spirit: and they that worship him must worship in spirit and truth" John 4:24.

International Sunday School Lesson for June 2, 1935.

Lesson Text: Psalm 100; John 4:20-21; Col. 3:15-17.)

The act of creation in Genesis tells how God created the earth, the heavens and man in six days and on the seventh day God ended his work... and rested... God blessed the seventh day and sanctified it... Thus from earliest times we find a day given apart to rest, contemplative worship and thankfulness.

The number "seven" is unusual in the Hebrew calendar, as pointed out by G. D. Boardman: "Seven was to be the aggregate number of the Hebrew Convocations of the Hebrew year (Lev. 23); the seventh day was to be the Sabbath-day; the seventh week after Passover the Sabbath-week; the seventh month the Sabbath-month; the seventh year the Sabbath-year; the seven times seventh year the great Sabbath-year of the Sabbath years; namely, the year of Jubilee; seven weeks were appointed as the interval between Pentecost and Passover; seven days as the length of the feasts of the Passover and Tabernacles and the candlestick was to be seven-branched; seven days were appointed for ceremonial instruction, and for the interval between birth and circumcision; seven was the number in compacts, seven was the number in marriage settlements; seven is solemnly enjoined in the Hebrew term for oath, the term signifying 'to swear' literally meaning 'to do seven times'."

The Fourth Commandment is the longest of the Ten and the only one which begins with "remember." There are three parts. First a command to work: "Six days shalt thou labor and do all thy work." Laziness is prohibited and the man who lives a useless life violates this commandment. Second, we are told to rest: "Our Sabbath is not meant to be a day of mere inactivity, of idleness," says Cleland B. McAfee. "It is a day of rest from the employments and recreations that occupy our strength and time on other days; it is the divinely appointed break in the grind of life. The Sabbath is meant to change our routine to break into it and give us a new angle of vision upon our lives. We do not get it by doing nothing. We get it by resting, by bringing other lines of activity into play."

Third, we should worship. "It is a Sabbath unto the Lord your God," says Cleland B. McAfee. "It is a day intended to serve our spiritual lives, not our physical lives principally or only. The great appeal of the day is not to our brute side. It is to that side whereon we are allied to God. The man who leaves God out and does not make it a holy day has not observed God's Sabbath, whatever he has done or left undone. Six days of the cry of the world in our ears! One day of the cry of heaven and the eternal life! And yet how strangely it is used!"

Worship is that attitude of the life which takes the low place of absolute reverence in the presence of that which is higher," says G. Campbell Morgan. "On the part of man, it is the recognition of divine sufficiency, the recognition of his absolute dependence upon the divine sufficiency. The confession that all he needs is the own life he finds in the life of God. The attitude of worship is the attitude of a subject bent before the King of a child yielding all it loves to its father, of the sheep that follows the leading of the shepherd, and is content in all the pasturage which He appoints."

"We are not poorer, but richer, because we have, through many ages, rested from our labors one day in seven," says Lord Macaulay. "That day is not lost. While industry is suspended, while the plow lies in the furrow, while the Exchange is silent, while no smoke ascends from the factory, a process is going on quite as important to the wealth of nations as any process which is performed on more busy days. Man, the machine of machines, is repairing and winding up, so that he returns to his labor on the Monday with clear intellect, with livelier spirits, with renewed corporeal vigor."

Samuel Johnson, according to his Biographer Boswell, wrote out this plan for the Sabbath: "Having lived not without an habitual reverence for the Sabbath, yet without that attention to its religious duties which Christianity requires; I resolve henceforth—(1) To rise early, and in order to do that, to go to sleep early on Saturday, (2) To examine the tenor of my life, and particularly the last week; and to mark my advances in

religion, or recessions from it. (3) To read the Scriptures methodically with such helps as are at hand; (4) To go to Church twice. (5) To read books of divinity, either speculative or practical. (6) To instruct my family. (7) To wear off by meditation any worldly soil contracted in the week."

COUNTY BRIEFS

Vontress

The farmers are all quite busy in their field now. There was no Sunday School here Sunday for quite a few attended Sunday School and preaching at Roberts.

Mrs. Ruby Hill and children of Pampa are visiting her parents, Mr. and Mrs. John McGuire. Miss Sallie Arend of Haskell visited her sister, Mrs. Tom Bruggeman Saturday.

J. R. Roberts who has been attending school at Haskell is at home with his sister, Mrs. Alfred Force.

Mr. and Mrs. Leonard Force visited in the Roberts community Sunday.

Several from Union Chapel attended the party in the home of Mr. and Mrs. Speck Sorenson last Wednesday night.

Mr. and Mrs. Tom Bruggeman and children and Mrs. John Oldham visited Mrs. Martin Arend and Mrs. Bill Zahn Sunday.

Those who spent Sunday with Mrs. Ben Hoyal and children were Mr. Tom Green, Mrs. S. E. Green, Mrs. Dave Jones and children of Broken Bow, Okla., Mr. and Mrs. Paul Green, Mr. and Mrs. Hugh Green and son, Mr. and Mrs. Hunter Green and children of Weinert.

Miss Blanche Anderson of Irby spent Friday night with Mrs. Speck Sorenson.

Almost everyone in this community attended the play at Roberts Friday night.

Miss Opal Oldham visited Miss Theo Johnson of Roberts Saturday.

Mr. Tommy Johnson of Roberts spent Saturday night with Mr. B. H. Hoyal, Jr.

Rose

The farmers are all busy working their crops.

Mr. and Mrs. Argin Carrigan of Half Moon spent a few days visiting relatives in this community.

The Rose baseball club visited the Old Glory baseball club and were defeated, the scores being 4 and 5.

Quite a few attended singing here Sunday night.

Amos Carrigan of this community and Argin Carrigan of Half Moon made a business trip to Hamlin Monday night.

We are glad to have one of our Rose students, Lee Stodghill, to graduate from Haskell High School this year.

Anderson Landess and R. T. Penn of Howard were visitors in this community Monday evening.

NOTICE OF WATER SYSTEM REVENUE BOND ELECTION

The State of Texas, County of Haskell, City of Haskell.

To the Resident, Qualified, Property Taxpaying Voters of the City of Haskell, Texas.

Take notice that an election will be held in the City of Haskell, Texas, on the 10th day of June, A. D. 1935, on the proposition and at the place more particularly set forth in the election order adopted by the City Council on the 2nd day of May, A. D. 1935, which is as follows:

RESOLUTION AND ORDER

By the City Council of the City of Haskell, Texas, calling an election on the question of the issuance of Thirty Five Thousand (\$35,000.00) Dollars Revenue Bonds for the purpose of making certain repairs, extensions and improvements to the Water System of said City and the pledging of the revenues of the system to the payment thereof.

WHEREAS, there is necessity for the making of certain repairs, extensions and improvements to the water system of the City of Haskell, Texas; and

WHEREAS, it is considered to be to the best interest of the City that such repairs, extensions and improvements be financed by the issuance of Revenue Bonds, payable solely first lien on and pledge of the revenues of the water system of said City, after deduction of reasonable operation and maintenance expenses, all in accordance with the provisions of Articles 1111-1118, both inclusive, of the 1925 Revised Civil Statutes of Texas, as amended, and in no wise supported by an ad valorem or other tax on property in the City; and

WHEREAS, the City Council deems it necessary and proper that the question of the issuance of such revenue bonds and the pledging of such revenues be submitted to the qualified voters of said City.

THEREFORE, Be It Ordered and Resolved by the City Council of the City of Haskell, Texas:

1. That an election be held on the 10 day of June A. D. 1935, at which election the following proposition shall be submitted: "Shall the City Council of the City of Haskell, Texas, be authorized to issue thirty five thousand (\$35,000) dollars, revenue bonds of said City, maturing serially over a period of years not to exceed twenty five (25) bearing interest at the rate of four (4%) per centum per annum payable semi-annually, for the purpose of financing certain repairs, extensions and improvements to the Water System of said City; and to

provide for the payment of and interest on said bonds by the pledging of the net revenues from the operation of said Water System.

2. That said election shall be held in the City Hall within said City, and the following named persons are hereby appointed managers thereof, to-wit:

R. E. Sherrill, Presiding Judge. F. G. Alexander, Judge. Mrs. J. T. Wilson, Clerk. Miss Dulin Fields, Clerk.

3. That said election shall be held under the provisions of and in accordance with the laws governing the issuance of municipal bonds in cities as provided in the General Laws of the State of Texas, and only qualified electors, who own taxable property in the City, and who have duly rendered same for taxation shall be qualified to vote.

All voters who favor the proposition to issue the said bonds shall have printed or written on their ballots the following words:

For the Issuance of Water System Revenue Bonds, and the Pledging of the Revenues of the Water System to the Payment Thereof."

And those opposed to the proposition to issue the said bonds shall have written or printed on their ballots the words:

"Against the Issuance of Water System Revenue Bonds, and the Pledging of the Revenues of the Water System to the Payment Thereof."

4. That a copy of this resolution and order, signed by the Mayor of said City and attested by the City Secretary, shall serve as proper notice of said election.

The Mayor is authorized and directed to cause this notice of the election to be posted at three public places within said city, for at least thirty full days prior to the date of said election.

5. The Mayor is further authorized and directed to cause this notice of election to be published in some newspaper of general circulation published in said City once each week for four consecutive weeks. The date of the first publication shall not be less than thirty full days prior to the date of said election.

Passed and approved this the 2nd day of May A. D. 1935. (Seal) A. F. THURMAN, Mayor, City of Haskell, Texas. Attest: R. H. Banks, City Secretary, City of Haskell, Texas.

I, the undersigned, City Secretary of Haskell, Texas, do hereby certify that the above and foregoing is a true and correct copy of a resolution and order (and of the minutes pertaining to its adoption) adopted at a meeting of the City Council held on the 2nd day of May A. D. 1935, which resolution and order is recorded in the minutes of the City Council, Volume 2, Page 377, et seq.

Executed under my hand and seal

of said City, this the 2nd day of May, A. D. 1935. (Seal) R. H. BANKS, City Secretary, City of Haskell, Texas.

NOTICE OF SHERIFF'S SALE—REAL ESTATE

By virtue of an Order of Sale issued on the 29th day of April, A. D. 1935, out of the District Court of Tarrant County, Texas, 17th Judicial District, in Cause No. 10094-A, wherein W. S. HASKELL BRAVES

(Continued from First Page) choked the bases, but Norman struck out and Chapman was out at first unassisted, and in the seventh inning the bags were again loaded, this time with no one out but Norman hit a short fly to rightfield, Chapman duplicated with the same kind of poke and Cox popped out on a foul fly for the first time this season, the pitcher taking the ball.

Munday threatened to go places and do things in their half of the third inning but "heads-up" play on the part of Haskell stopped the rally cold. Robertson, first up, singled through second. While Jones was trying with Couch next man up, Robertson took a wide lead off the bag. Cox called for a pitch out and burned the ball to first base. The runner was caught off and a run down ensued with Cox, Adams, Norman and Johnson in the melee. Couch then drove a short fly over second base which Bradley could not reach. The ball took a bad hop and careened into centerfield, with Johnson chasing it. Couch, overconfident, tore into second and started to third, but on a quick recovery, Johnson shot the ball to Norman and Couch was tagged out much to his chagrin. Keeler closed with an out second to first.

Two unusual features of the game revolved around McGlothin. Munday shortstop, who failed to have a fielding play all afternoon, and Mays Mogul initial sealer, who only had three putouts at first base.

The lack of real batting practice

on the part of Haskell was apparent to the smallest fan at the park Sunday, and for that matter in previous games. The club has forged to the top on a hitting average of around .230, which is small potatoes in any league, but the deficiency will probably be rectified soon by Manager O. W. (Mack) Maloy, who is expected to place Jones and Ham-bright in the box during the batting practice and make the local lads hit against curves, fast ones, slow ones and bad ones, instead of having an outfielder lob "fat" balls in.

Goree 9, Hamlin 0 (Forfeit)

HAMLIN, May 27.—Lefty Courtney, leading left hander of the Wichita Valley league last season, was in rare form here Sunday afternoon when he pitched Hamlin to a 2-0 victory over the Goree team. He struck out ten batters and allowed but four hits.

Duck Weaver, Hamlin rightfielder, got the only extra base blow of the game when he lined against the left field boards for a double. The game was protested by Goree on account of Hamlin using Courtney and Adams, who have not been made eligible, and the game will probably go to Goree by a score of 9 to 0.

Score by innings: Goree 000 000 000-0 Hamlin 011 000 000-2

Batteries: Blankenship and Keith; Courtney and Adams.

Stamford 7, Seymour 4

STAMFORD, May 27.—Stamford evened its series in the Wichita Valley league with Seymour Sunday afternoon, winning 7-4. Jack Hollis pitched effectively while his teammates clubbed the offerings of Pitcher Golden for 15 solid blows. Weeks and Bradford each gathered three and figured in all the scoring.

In spite of high wind, a large crowd looked on and were treated to an interesting contest. Stamford plays at home next Sunday.

Score by innings: Seymour 020 001 010-4 Stamford 112 011 10x-7 Batteries: Golden and L. Baldwin; J. Hollis and Bradford.

Seventh Grade Sail for High School

After sailing over the "Seven Seas" of Grammar school, fifty-eight pupils received their valued cargo, the diploma which gives them the privilege of sailing the greater seas of High School.

After an inspirational program the class was entertained by the Seventh Grade mothers with a lovely banquet in the basement of the Methodist Church.

Sailor Boys place cards with "Good Sailing for 1936" marked the places for the class, teachers and guests.

The tables were attractively decorated with ships bringing cargo from the Seven Seas. Mate Jean Kendall issued the cargo to the various members of the class.

A happy social hour was enjoyed, and the class parted with "bon voyage" being expressed for all members.

The following pupils received diplomas in the Seventh Grade Commencement exercises Friday night May 24th:

Canning Season Opens for Farm Women in County

The canning season has started off with a boom for Mrs. C. P. Teichelman, farm food supply demonstrator in the Bunker Hill Home Demonstration Club.

Mrs. Teichelman has canned twenty-four pints of English Peas from the early vines and has a huge crop of a later variety ready to be canned. She also has snap beans, beets, and spinach ready for canning. This club member cans a wide variety of fruit and vegetables each year, but this year she is especially interested in canning quality products and is getting all of the available information from the Extension Service for that purpose.

Fullerton Rites Held at Weinert Sunday, May 26

Funeral services for Ed Fullerton, 53, retired Weinert, Texas, farmer, were held Sunday afternoon at 2 o'clock at the Weinert First Methodist church, with the Rev. W. M. Culwell, pastor, officiating, assisted by Sisters Edith Harrison and Alma Ayers, of the Foursquare Gospel church.

Interment was made at Weinert, under the direction of the Kinney Funeral Home, Haskell undertaking.

establishment. Survivors are five children, Floyd, Viola, Virgie, Hazel and Jewel; one brother, a sister and one half-brother and two half-sisters.

Mr. Fullerton was born at Clark Hill, Ark., where he resided until about 21 years ago when he moved to Haskell county.

Pallbearers were Carlton Cooper, Jim Stockton, Elcie Mooren, R. N. Matthews, J. H. Brouses and Holt Gilbreath, while flowers were handled by Dorothy Maye Therwanger, Bernice Beard, Margaret Coggins and Elsie Cooper.

CARD OF THANKS

The family and relatives of Edd Fulton, deceased, who died Saturday night May 25, 1935, wish to express their thanks and gratitude for the courtesies and kindness rendered to them by the good people of Weinert and the nearby communities. We especially wish to show our appreciation and gratitude to the self-sacrificing women of Weinert who made the load on our burdened hearts easier to bear, by their loyal and faithful friendship, and their gifts of love. You have made a place in our lives and memories that we shall never forget. And if God wills it—may each and every one of you be rewarded with a crown.

"Love and friendship knows no bound. Only enemies wear a frown. So let us all smile, While life is worth while; And there's plenty of friends to be found. May the Friend Above, The Savior of Love, Reserve each one of you a golden crown." —Effie Fulton and family.

H. J. R. No. 46 HOUSE JOINT RESOLUTION

proposing an Amendment to Article IV of the Constitution of the State of Texas so as to authorize Courts having original criminal jurisdiction to suspend the imposition or execution of sentence and to place the defendant on probation and to reimpose such sentence, under such conditions as the Legislature may prescribe.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IV of the Constitution of the State of Texas be amended by adding thereto, between Sections 11 and 12 a new Section to be known as Section 11A, to read as follows:

"Section 11A. The Courts of the State of Texas having original jurisdiction of criminal actions shall

have the power, after conviction, to suspend the imposition or execution of sentence and to place the defendant upon probation and to reimpose such sentence, under such conditions as the Legislature may prescribe."

Sec. 2. Such proposed Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State of Texas, on the fourth Saturday in August, 1935, at which election all voters favoring said proposed Amendment, shall write, or have printed on their ballots the words: "FOR the Amendment to the State Constitution authorizing the Courts to place defendants on probation," and those voters opposed to said proposed Amendment shall write, or have printed on their ballots the words:

"AGAINST the Amendment to the State Constitution authorizing the Courts to place defendants on probation."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Sec. 3. The Governor shall issue the necessary proclamation for such election, and shall have the same published and such election held as provided by the Constitution and laws of this State.

Sec. 4. The sum of Four Thousand Dollars (\$4,000), or so much thereof as may be necessary, is here-

by appropriated out of the State Treasury to pay for the expenses of said publication and election.

The above is a true and correct copy.
