FIFTIETH YEAR

METHOD REGARDING TELEPHONE SYSTEM IS FUGHT BY COMPANY

When you think of doing a bit of "contempting," make sure you are in some court in which Judge Clyde Grissom is not occupying the bench, if you are only playing.

Mrs. Walter Stamford, Mineral Wells, and a witness in the case of Roy Anderson, charged with child desertion, is probably giving such advice as contained in the foregoing paragraph.

Mrs. Stamford was in the witness chair Tuesday afternoon. District Attorney Grindstaff was doing the questioning, and in reply to one of his verbal thrusts, Mrs. Stamford replied "no" in a high, falsetto voice, which courtroom visitors found decidedly funny.

"You'll have to give courteous replies to all questions while in court, or you will be found in contempt of court, which is a fineable offense," Judge Grissom admonished the witness.

"Fine me, then," Mrs. Stamford snapped out.

"The witness is fined \$10 and costs for contempt of court," the Judge pronounced. "Your name, please."

"Find out for yourself," Mrs. Stamford replied.

"The witness is fined \$25 and costs instead of \$10, and Mr. Sheriff see that she remains in jail until the fine is paid," Judge Grissom said, as he made a notation in the docket.

Mrs. Stamford was released from jail Wednesday after she had paid exactly \$31.50.

Incidentally, Roy Anderson's trial resulted in a mistrial, the jurors finding themselves unable to reach a unanimous verdict.

Funeral of Mrs. McBeth Held Feb. 8

The funeral services of Mrs. A. C. McBeth of the Cliff community were held at the Smith Chapel Church on Friday February 8th, with Rev. I. J. Duff of Weinert and Rev. W. H. Albertson, pastor of the Baptist Church of Munday in charge of the services. Interment was in Munday cemetery.

Mrs. McBeth passed away on Wednesday, February 8th, after a brief illness. She was 74 years old. The family moved to Haskell county 11 years ago from Rising Star.

The deceased had been a member of the Baptist Church for many years and was devoted to her church and family.

Besides her husband, A. C. McBeth, she is survived by one daughter, Mrs. J. D. Smith, and four sons, J. K. McBeth, E. A. McBeth, F. F. McBeth and J. S. McBeth, all residing in or near the Cliff community in the north part of Haskell county.

HIGHWAY 120 WORK MAY BEGIN SOON

Commissioners In Austin Seeking Approval For a Triple Purpose Plan

In an attempt to secure approval of a seven mile project on highway 120 east of Haskell, O. L. Darden, P. G. Kendrick and T. M. Mapes, members of the Commissioners Court and T. L. Donohoo, relief administrator, are now in Austin conferring with state officials.

Plans which the three county men presented to officials at the capital call for a coordination work proposition, and one which will necessitate in the use of more common labor.

It is proposed that both grade and drainage structures be the nature of the work, and a caliche base be used upon the roadway.

While the plans only call for a seven mile project at this time, county officials do not expect to let the matter drop when the work has been accomplished. When the first project is finished, they will then make application for another seven mile project of the same general specifications and complete the work upon highway 120 to the Thompson county line, as the entire route has been surveyed and the right of way secured with the exception of one tract.

Payment of School Taxes Increases

Approximately 53 per cent of the 1934 taxes in the Haskell Independent School District was paid before February 1st, this year, compared with 48 per cent on the same date for 1933. This increase amounted to almost \$1,000.00 for the schools. However, Mrs. J. S. Williams, Tax Collector, points out that this increase in the payment of current taxes does not mean that the district will have more money this year than last, as here were more delinquent taxes collected during 1933 than in 1934. A special drive was made on the collection of delinquent taxes during 1933 in order to keep the schools open, and a discount of one-third was offered to the people of the district to pay up their past due tax accounts.

Enumeration of Farmers Proceeds; Work Handicapped

Enumeration of farm census has been made difficult by absence of many farmers from their homes in various counties in this district, according to K. C. Holmes, Lubbock, district supervisor.

Homeless, Mrs. J. F. Kennedy, Miss O. A. Bell Kennedy and Wilton Kennedy went to Ballinger Wednesday and brought Earl Kennedy home from the Ballinger sanitarium where he has been the past two weeks convalescing from an automobile accident. He was resting well last night.

NEW PLYMOUTH IS NOW ON DISPLAY

Reeves-Burton Motor Co., Local Dealers, Brings 1935 Model Here

First of the 1935 line of Plymouth automobiles to be shown in Haskell is now on display here, at Reeves-Burton Motor Co., local dealers for Plymouth and Dodge automobiles.

Many changes and improvements have been made in the 1935 Plymouth, J. E. Reeves of the local firm said. Sweeping changes in body lines are evident in the new cars, and several improved mechanical features have been incorporated in the models which will be placed on the market next year.

Pointing out that Plymouth in the six years of its existence has introduced many new engineering features into the low priced car field, Reeves said that designers of the car have gone even further in the new 1935 model, incorporating in the car several major features that are sure to be adopted later by other manufacturers.

"No car ever built up so swiftly such a record of public confidence as did the Plymouth," the local dealer stated, "and out of the experience of the thousands who have bought these cars the Plymouth has become known as 'the best engineered low priced car.'"

Plymouth has made the 1935 car even more roomy and safer than it was in 1934, Reeves said. The 1935 Plymouth body is three inches wider, and the car itself is three inches longer. It sets lower, giving the car more beauty in its streamline design, and no amount of headroom had been sacrificed. The Plymouth body again is built of steel, reinforced with steel. The body is locked to the frame with 46 body bolts, instead of 18.

4-H Club Formed In Howard Feb. 6

A 4-H Club was organized last Wednesday in the Howard community, with 15 members enrolled. The meeting was held in the home of Mrs. Penn, with Miss Peggy Taylor, home demonstration agent, present. The following girls joined the club: Bonnie Dell Hisey, Maurine Walker, Thelma Landess, Edna Tidwell, Mary Tidwell, Ines Earle, Ina Mae Aaron, Nettie Aaron, Joyce Nanny, Martha Francis Davis, Mosselle Cox, Ruby Lillie Elmore, Virginia McLean, Lavada Dean and Christine Wells. The officers elected were: Thelma Landess, president; Edna Tidwell, vice president; Ines Earle, secretary; and Christine Wells, reporter.

SIGNERS OF CORN-HOG CONTRACTS TO MEET HERE FEB. 19

Conference Will Be County-Wide and Is To Be Held In Courthouse

VARIED PROGRAM

Discussion of 1935 Program, Contracts and Payments Main Purpose of Meet

A county-wide meeting of all signers of 1934 corn-hog contracts, and corn and hog producers who are interested in the 1935 program, will be held in Haskell Tuesday, Feb. 19th.

The meeting will start at 2 p. m. in the courthouse.

The purpose of this meeting is to discuss the program, eligibility of signed contracts, payments, the time of signing 1935 contracts and other matters pertaining to the proposition, according to R. H. Maxwell, farm agricultural agent of the county.

Only a limited time will be allowed for the signing of these contracts, Maxwell also says, and in the opinion of the county agent, it is essential that every farmer affected be present to secure first-hand information regarding the program.

The importance of formulating plans soon for the corn-hog program is apparent, Maxwell likewise points out, on account of the fact that the cotton program will be demanding attention in a short time and it is vitally essential that corn-hog arrangements be out of the way.

Non-Freeze Water Freezes—Farmer's Idea Not So 'Hot'

GENEVA, N. Y.—Farmer Dell had a great idea.

The more he thought of the idea the better it seemed—to Farmer Dell. He confided in no one. He wanted to test it first.

The farmer's inspiration came from a peculiarity of Seneca Lake. The lake very seldom freezes, despite the fact that surrounding waters are sheets of ice. Only in the most severe cold spells will the lake develop more than skim ice. There are various scientific explanations, including the great depth of the lake and its uniform year-round temperatures. That didn't interest Farmer Dell.

Farmer Dell's idea, as he later admitted, was to fill the radiator of his automobile with Lake Seneca water, and save the cost of purchasing non-freezing agents.

To his surprise, the water which would not freeze in Lake Seneca turned to ice so quickly during a zero cold wave that the radiator burst in several places.

ABOUT 70 PER CENT CERTIFICATES SOLD

Comptroller Prepares Checks For Producers Covering Two Cents A Pound

Sale of about 70 per cent of certificates pooled has been accomplished and the Comptroller of the Agricultural Administration is now preparing checks for the producers covering a partial payment of two cents a pound, according to Ira L. Sturdivant, cotton adjustment assistant here.

Producers checks will be distributed, Sturdivant says, through the local office in the same manner of the rental benefit checks.

Trust agreements, which have been approved, coming from Texas, are now in the hands of the Comptroller, and checks should be forthcoming at an early date, Sturdivant also declares.

A final payment and new certificates representing the unsold poundage will be distributed to the producers at an early date.

BASEBALL 'BUGS' MEET HERE SUNDAY

Representatives of Valley League to Perfect Plans For 1935 Season

Representatives from towns desiring membership in the Wichita Valley baseball league in 1935 will meet in this city Sunday afternoon at the Tonkawa Hotel for the purpose of making plans for the coming season.

The makeup of the league is in doubt, and most local baseball followers doubt that a league composed of eight members will again function.

TAX DEADLINE FOR CITY SET MAR. 15

All Delinquent May Be Paid Without Penalty-Interest Up to That Date

All delinquent taxes, including those of 1934, due the City of Haskell may go unpaid without penalty or interest being attached, so members of the Board of Aldermen decided at a recent meeting. After that date, however, all delinquent tax will be assessed regardless of previous rulings.

In a statement issued Wednesday, Mayor A. F. Thurman urged that Haskell citizens pay their taxes by March 15, not only in order to save money for themselves, but to make it possible for the city government to function in a manner it should.

Rhythm Band Will Play at Methodist Church Next Sunday

The North Ward Rhythm Band will be featured at the Sunday evening service of the First Methodist Church, according to the Rev. O. W. Carter, pastor. Miss Madalin Hunt is director of the band.

About three numbers will be given by the Rhythm Band preceding the preaching service, which will deal principally with matters interesting to children.

Styles Galore at 'Womanless' Style Revue, But 'Forms' of Models Found Mirth-Provoking

If you have not had a hearty laugh since the stock market crash in 1929, the Lions Committee sponsoring the "Womanless Style Show" suggest that you see the last performance tonight at the Texas Theatre.

Those who attended the show last night pronounced the production a "howling" success, and one paid customer admitted that his conscience worried him, because it was too good a show for the price he had paid.

"If the present generation would like to have the 'low-down' on grandmother, they should see Miss Fittie Daugherty as the 'Belle of the Nineties.'" That times have changed since the gay nineties was vividly shown by "Betty Boop" as portrayed by Miss W. "Lucy" Surber.

The rendition of "He's Mean To Me," and "Ain't We Crazy" by the famous Broadway quartet composed of Misses Maple, Fouts, McDonald and Reeves received a big hand.

ANSON FARMER FOUND GUILTY OF MURDERING MAN AT BEER GARDEN

Father of Weinert Citizen Is Buried

A. L. Duff, 83, died at the home of his son, Rev. I. J. Duff, in Weinert Monday afternoon at 6 o'clock, and the remains were carried overland to Dublin, Texas, in a Kinney Funeral Home coach. Services were held Wednesday morning at 11 o'clock, conducted by Rev. R. A. Gibson, pastor of the First Baptist Church of Carrollton. Interment was in the Barbee cemetery south of Dublin.

The deceased had been living for the past several years with another son, A. L. Duff of Lometa, and came to Weinert on a visit. He was a pioneer citizen of Texas and was familiar with the old cattle trails of the early days. He made several trips from South Texas to the Black Hills of Montana as a trail driver. He was a devout member of the Baptist church and a deacon for the past 50 years.

Surviving relatives are five sons and one daughter as follows: A. L. Duff, Seminole; H. C. Duff, Sylvester; L. A. Duff, Lometa; C. C. Duff, Cisco; I. J. Duff, Weinert; and Mrs. T. R. Haggard, Weinert.

Funeral services were held at 11 o'clock on Friday, Feb. 8, at the home of the deceased, where they were in charge of the flowers.

DRIVE FOR BETTER FARM HOMES STARTS

Campaign Opens in Valley And Will Proceed to the Panhandle of Texas

COLLEGE STATION.—Opening the Farm Modernization Campaign of the Federal Housing Administration in the Rio Grande Valley and progressing from there to the Panhandle is the plan for the spring, according to W. A. Orth, farm representative, who with Carl H. Miller, farm representative, will have charge of the rural phases of the Federal Housing Work in Texas.

The purpose of the campaign is to encourage farmers to repair and modernize their farmsteads now under the terms of the Federal Housing Act. Details of the plan were outlined at a meeting of the State Advisory Committee held here recently.

"The Government itself does not loan money," Mr. Orth explained, "but it insures the qualified lending agency against loss up to 20 per cent of the total amount of all loans made under the provisions of the Act. The Act provides that an applicant for a loan must own or have an equity in the property to be improved, must be a good credit risk, have an income of at least five times as much as the annual payment on the loan, and agree to spend the money on permanent improvements to the property."

The lending agency is the sole judge of who is not a good credit risk, and may impose additional restrictions. The term "permanent improvements" has been defined to include housing repairs, the addition of well, silos and fruit trees, and terracing of farm land.

Judge S. A. Lindsey, chairman of the agricultural committee of the Texas Bankers' Association, speaking at the meeting, stressed cooperation with the county Federal Farm Loan Associations and urged building at this time as a good investment because materials are cheap and the best of labor is available.

O. B. Martin, Extension director, was elected chairman of the State Advisory Committee at its meeting.

Slow Rain Visits Haskell Vicinity

A soaking rain to the amount of .92 of an inch fell within the vicinity of Haskell during the past week, and brought the month's total to 1.82, according to Fred Sanders, government observer. A slight snowfall greeted early-risers Monday morning, but it soon melted after reaching earth.

The downpour fell slowly, and for the most part, was greedily absorbed into the ground. Wheat, which had begun to suffer after the last freeze, was given new life, while cotton, when planted, is assured plenty of moisture.

The entire South Plain received rain of varying percentages.

Haskell County's Cage Champions to Battle Shackelford

The winner of the Haskell County Basket Ball championship will be required to meet the winner of Shackelford county at Breckenridge on Saturday morning February 23 at 11 a. m., according to the schedule that has been arranged for the tournament for District 6, Region Two.

Second Round: Friday, 8 p. m.—Breckenridge vs. Eastland county. Saturday, 9 a. m.—Winner Throckmorton-Stephens vs. winner Knox-Erath. Saturday 10 a. m.—Callahan county vs. Palo Pinto county. Saturday 11 a. m.—Haskell county vs. Shackelford county.

Third Round: Saturday, 1:30 p. m. and 2:30 p. m. Consolation: Saturday 7 p. m. Final: Saturday, 8 p. m. A trophy will be provided for the winning team.

W. I. McKaughan Assessed Five-Year Term in Slaying of J. W. Foster Jan. 31

Found guilty of murdering J. W. Foster, Jr., 25, Stamford, W. I. McKaughan, 39-year-old Anson farmer was assessed a five year sentence here early Saturday afternoon by the jury in 39th district court. It was alleged by the state that the Stamford man was struck just behind the mastoid bone with a hammer late Thursday night, Jan. 31, and the blow caused his death early Friday morning. The altercation in which Foster lost his life occurred at the Blue Bird beer garden near Stamford, in Haskell county.

Jurors hearing the case were H. C. King, Haskell; Ira Bradley, Rule; Scott Green, Haskell; J. A. Gilstrap, Haskell; Robert Fitzgerald, Haskell; G. A. Leach, Sagerton; J. H. Parsons, Sagerton; Herbert Klose, Weinert; J. W. Nanny, Haskell; Floyd Self, Haskell; Dick Weinert, Weinert; Jim Isbell, Haskell.

The prosecution was handled by District Attorney H. F. Grindstaff and County Attorney B. C. Chapman, while Walter Murchison was attorney for the defense.

The "hammer-murder" case was pushed through the court here in record-breaking time, according to court officials. Foster was beaten Thursday night, Jan. 31, at about 11 o'clock, and in turn, his alleged assailant arrested, arraigned before Justice Raymond Brooks and indicted by the Grand Jury, then in session, on Friday, and the case brought to trial exactly within one week from the day officers took McKaughan into custody. The jury was selected within about two hours from a venire of 42 called, after an application for continuance by Murchison was denied by Judge Clyde Grissom.

The prosecution whipped into action when the trial proper opened and placed on the stand officers and witnesses who claimed they saw McKaughan on the night of the altercation.

In a surprise move late Friday afternoon, Murchison asked for time out in order to have Mrs. McKaughan, who was also at the beer garden, brought from Anson, although it had been claimed that she was too ill to appear. She appeared in court, dressed in pajamas, over which she wore a long coat, and when placed on the stand, she appeared ill.

Mrs. McKaughan testified that "Foster, or some man, came out to our car (which was parked up against the Blue Bird building) and tried to pull me out, saying that he had come there for a 'good time' and was going to have it." The defendant's wife also claimed from the stand that she had been 'mistreated' by officers.

Dan Kirkpatrick, sheriff's deputy, and who was present when the body of young Foster was found, testified from the stand three different times for the state.

Kirkpatrick was the first witness to be questioned, and when interrogated by Grindstaff, the deputy sheriff described how Sheriff Giles

The WOMAN'S Page

Methodist Missionary Society

Promptly at 3 p. m., the Woman's Missionary Society met in a most interesting session. The president, Mrs. Patterson, conducted a short business meeting, after which the director, Mrs. H. M. Smith, took charge. This program was the first of a series of programs which will be given on Early Methodism.

With Mrs. Patterson at the piano, we were called to worship by the singing of one of Charles Wesley's great hymns "O For a Heart to Praise My God." This was followed with a prayer by Mrs. Kimbrough. The director, for her Scripture lesson, read and commented on passages from the Book of Hebrews. Singing of the song "Faith of Our Fathers" followed the scripture reading. Mrs. Clay Smith held the rapt attention of the room, by her very forceful presentation of her article, entitled "The Wells Our Fathers Dugged." One very important point brought out in this article was "A church is no stronger than the devotion of its members."

Song, "Blow Ye the Trumpet" was next sung. Mrs. Guy Mays gave a splendid reading entitled "The Circuit Rider." The director read the prayer of dismissal.

Mrs. P. T. Sanders is director for next Monday afternoon. All the ladies of the church are urged to come and enjoy these splendid programs. Remember the hour—3 p. m.

Mrs. R. J. Reynolds Hostess to Golf Widows.

Tuesday afternoon Mrs. R. J. Reynolds was hostess to members of the Golf Widows Club at her home. At the end of a number of progressive "54" games the hostess passed a refreshment plate which consisted of creamed chicken on toast, cherry pie with whipped cream and wafers to Mesdames T. J. Arubckie, Sam A. Roberts, R. C. Couch, Jno. W. Pace, Jno. A. Couch, F. L. Daugherty, R. V. Robertson, Server Leon, H. M. Smith, Anton Theis, O. E. Patterson, C. D. Grissom, J. V. Hudson Reynolds Wilson and H. S. Wilson.

Hutto Home Demonstration Club.

Much discussion was given to the various works of the club by the members of the Hutto Home Demonstration Club in the meeting with Mrs. R. M. Savage Friday Feb. 8th. Reports of the Reporters Training School, and of the Council were given by Miss Maude Newberry and Mrs. Ida Dozier. Mrs. R. M. Savage was elected Council Representative to fill the vacancy left by Mrs. Beulah McReynolds, who moved away. The yearbooks were filed out. Plans to send products to the Wichita Falls Meat Show were discussed, and some efforts are being made for some entries. Plans to make cheese and can chicken for Jan. 25th (and hindered by sickness) will be carried out Feb. 14th at Miss Maude Newberry's.

The following committees were appointed:

Program—Miss Alice Correll, Mrs. Ida Dozier, Mrs. B. H. Oliver.

Joint Meeting of Erickdale, Rockdale and Cobb H. D. Clubs

The Home Demonstration Clubs of the Erickdale, Rockdale and Cobb communities met for an all day session at the home of Mrs. B. H. Bunkley. The members assisted Mrs. Bunkley by bringing a covered dish. Quilt-making was enjoyed by all until the noon hour.

The Home Demonstrator joined the Club for luncheon and the afternoon. She demonstrated the many uses of the foundation pattern. This was indeed a very interesting and helpful demonstration.

The Club then chose its demonstrators, reports and council speaker. They are: Mrs. Tull Newcomb, farm food supply demonstrator; Mrs. S. G. Cobb, wardrobe demonstrator; Mrs. Howell Cobb, club reporter; Mrs. S. G. Cobb, council speaker.

Those present were: Mesdames Leo McKeever, G. McLennan, V. F. Bunkley, Howell Cobb, M. M. Cobb, Tull Newcomb, C. C. Middleton, R. J. Fox, H. E. Stevens, S. G. Cobb, W. V. Cobb, Glen Cobb, Buri Bunkley and hostess.

The next meeting will be at the home of Mrs. W. V. Cobb.

Mrs. J. William Gidney Honors Visitor With Bridge

Mrs. J. William Gidney entertained with two tables of bridge at her home Saturday afternoon honoring her week end guest, Miss Melba Read of Winters. A Valentine motif was used in tallies and table markers. At the conclusion of a series of games the hostess served a delicious refreshment plate to: Mesdames Barton Welsh, Virgil Reynolds, French Robertson, R. L. Lemmon, Ralph Duncan, Bill Rich-ey, Miss Marjorie Whiteker and the honoree.

In Fashion Now

Striking color contrasts are noted in the newest evening creations. This adds interest and, if discretion is used, much attractiveness to the gown.

Unless one is somewhat of an artist and has a good idea about which colors go with which, it might be wisest to let an expert do the color-combining.

Among the more striking combinations noted, we might mention a black crinkled satin, which had as its only trimming a narrow band of silver cloth running from a slit below the waist. The silver cloth was also used for a wide girde which was lined with cherry red. Quite stunning!

More demure was a charming frock of pale pink crinkled crepe which had a short sash of stiff tan velvet, matching the velvet cape with which it was worn.

Another attractive combination noted was a cornflower blue chiffon worn with a billowy sash of fushia colored chiffon. A white chiffon dress had wide shoulder straps and a flowing train of vivid green chiffon.

Let's Talk About Clothes

DENTON, Tex.—The spring suit—what could be more smart or delightfully new! Those irresistible little ensembles for the spring of 1935 cause much excitement as fashion shows the latest trends toward something new.

Foremost among the newer developments in spring ensembles are gay printed silks in scrawly floral or conventional designs made into adorable dresses that are delightfully fresh and new. With the dresses, fashion experts add one of the finger tip length capes in solid matching tones of light wool, and thus give you an up to the minute appearance that will certainly take to your heart. Easy to make and a nice change from your spring coat, cape ensembles are real news, and with blending accessories, they are a welcomed addition to the spring wardrobe.

The strictly tailored suit is something else that reigns in popularity for spring. Strongly advocated by girls of Texas State College for Women (CIA), these suits offer the snap of a mannish accent. With short belted coats displaying new lines in the reverse, plain sleeves and big patch pockets, suits of this type could be successfully made of rough tweed or linen.

Swagger coats, long popular with the young woman, continue to find a niche in the fashion parade for spring. One of the latest showings is a white wool swagger coat made with huge sleeves, much fullness at the back and a small collar which buttons right up to the neck. Then for a different note the coat is lined with red or blue corduroy.

Public Service

A Tonic for the Blood

Mrs. J. D. Stanford of 2018 N. Main St., Fort Worth, Texas, said: "I was in ill health—nervous and weak. I would have to lie down many times during the day. My nerves were bad and caused many sleepless nights, my appetite was poor and I lost much weight. After I had taken Dr. Pierce's Golden Medical Discovery I felt like a young girl again."

Three Simple Steps to Ease a Sore Throat in Three Minutes

1. Crush and stir 3 BAYER Aspirin Tablets in 1/2 glass of water.

2. Gargle Thoroughly—throw your head back, allowing a little to trickle down your throat. Do this twice. Do not rinse mouth.

3. If you have a cold, take 3 BAYER Aspirin Tablets. Drink all glass of water in 5 minutes.

Modern Scientific Method Wonderfully Easy

REMEMBER PICTURES HERE

Here's a safe, modern and effective way to relieve sore throat. A way that eases the pain, rawness and irritation in as little as two or three minutes. Many doctors advise it and millions are following this way. Try it.

All you do is crush and stir 3 BAYER Aspirin Tablets in 1/2 glass of water and gargle with it twice—as pictured here. (If you have signs of a cold, take BAYER Aspirin and drink plenty of water.)

Get real BAYER Aspirin Tablets for this purpose. They disintegrate quickly and completely, making a gargle without irritating particles. BAYER Aspirin prices have been decisively reduced, so there's no point now in accepting other than the real Bayer article you want.

Sarah Ann's Cooking Class

Sugar and cream go well with strawberries, but certainly not with mackerel. And so it is with salad and salad dressings. Some of them go together and some do not. Do not use the same salad dressing over every salad. Mix the salad dressings to suit the salad. Broadly speaking, salad dressings may be considered under three heads: French dressing, a combination of oil, vinegar or lemon, and condiments; those stirred into an emulsion called mayonnaise; and the cooked dressings made without oil.

Roquefort Cheese Dressing

Crush 14 pound of Roquefort cheese in a bowl. Add 9 tablespoons of salad oil little by little until you have a smooth even mixture, then add 1 tablespoon of vinegar. You will find the dressing thick and creamy—it just barely pours. Season with 14 teaspoon salt, 14 teaspoon pepper, and 12 teaspoon paprika. Serve with head lettuce.

French Dressing

Beat 12 tablespoons of salad oil, 3 tablespoons of vinegar, 1 teaspoon salt, 14 teaspoon pepper and a dash of paprika. If you like it a bit sharper, season it with more vinegar and less oil. A good way to make French dressing, one that will stand without separating for some time, is to make it in a cocktail shaker. Place 2 good sized lumps of ice in a cocktail shaker with the oil, vinegar, salt and pepper. Add one to two teaspoons of sugar as desired. Shake it vigorously.

Cooked Salad Dressing

2 tablespoons vinegar.
2 tablespoons sugar.
1 well beaten egg.
1 can crushed pineapple.
1-4 teaspoon salt.

Strain juice from one small can crushed pineapple and combine with any other fruit juice available sufficient to make 1-2 cups liquid. Combine the above named ingredients and add fruit juices. Cook over slow fire until mixture thickens, stirring constantly. Remove from fire, beat with egg beater until cool, then add crushed pineapple. Serve with fruit salad or a vegetable combination of cabbage, carrot and celery.

Chiffonade Dressing

To 1 teaspoon of salt, 1-4 teaspoon pepper and a dash of paprika, add 12 tablespoons of salad oil and 3 tablespoons vinegar. Beat for a few seconds. Then put pimientos, 1 tablespoon of chopped pimientos, 1 tablespoon of chopped parsley and a minced hard-boiled egg. Beat until blended. Serve with asparagus salad.

Russian Dressing

To 3-4 cup of mayonnaise add 12 of a hard boiled egg chopped fine, 1 tablespoon of chopped green pepper, 1 tablespoon of chopped chives, 1-3 cup chili sauce. Combine all ingredients and serve on tomato and egg salad.

ingredients and serve on tomato and egg salad.

Tartar Sauce
Chop fine 2 olives, 1 gherkin, 1 small onion and 1 tablespoon of parsley. Add to 1 cup of mayonnaise. Mix well and serve with friend or broiled fish.

Vinaigrette Dressing
To 1 cup French dressing add 2 teaspoons chopped pickles, 2 teaspoons chopped capers, teaspoon each chopped parsley and onion, 1 teaspoon prepared mustard. Serve with lettuce and tomato salad.

Lamborn has been called by the poet, "The Man of the People." He was indeed, as history teaches us, a man whose every thought and every purpose was to benefit the nation. Even when his private life was shadowed by grief—the loss of his small son, and his wife's resulting mental lapse—the nation knew no difference in his concern for the public welfare. Still must he advocate the freeing of the slave; still must he hold together this tottering nation. The depth of his appreciation, and his sense of duty is expressed in his Gettysburg address; the gentleness of his nature and his intense sympathy are evident in his letter to a mother who lost five sons in the service of their country. And somewhere we find quoted these lines:

"I am not bound to win, but I am bound to be true. I am not bound to succeed, but I am bound to live by the light that I have. I must stand with anybody who stands right, stand with him while he is right, and part with him when he goes wrong." Here is the soul of the man expressed in his own words; here is our inspiration. And when we consider such noble virtues of the man who probably did the most toward making our native land great and protective, should we not be inspired to live more nobly?

SENIOR SKETCHES

The "Cass twins," Era and Vera, were born August 20, 1917, in Haskell, Texas. They started to school at the South Ward and continued going there six years, then came to the North Ward for the seventh

grade. They will have attended Haskell High School four years at the close of this year. Being Senior Rambler, they are holding the office of Sergeant at Arms. They both weigh the same, but Era is taller than Vera. They look so much alike some people can't tell them apart, but that's O. K. They'll answer to either name!
Mary Ben Chapman was born in Spur, Texas, 1919. At an early age, she moved to Rochester, Texas. After starting to school, she obtained seven years of her education at Rochester, and entered Haskell High School her freshman year. At this time she is a Senior Gypsy Rambler.

Robert Couch was born in Haskell county, September 23, 1917. He went to the school in Roberts community eight years. Since then he has been attending Haskell High School. He is a member of the F. F. A. Last year he went to A. and M., making the cotton judging team. This year he has served on the grain judging team. Robert wishes to continue his education in college.

STUDENTS HEAR SCIENTIFIC LECTURE

Last Wednesday, Feb. 6, we had a representative of the Cities Service Oil Company to conduct our assembly program. He gave a lecture on carbon monoxide gas. After assembly he demonstrated to the biology, chemistry and general science classes, how this poisonous gas could be located with scientific instruments.

The biology and chemistry classes have performed experiments in the laboratory, by producing this gas and making a careful study of its chemical and physical properties.

The members of the two classes are preparing a three page theme, individually, from the information that they have gathered from Mr. Clark's lecture and the experiments they have performed, and also from small booklets that he left

with the instructor.

DEBATE

Tuesday of last week the boy and girl teams journeyed to Seymour where they engaged the Seymour teams in debate. The boys, Covell and Crockett, won the decisions of the judges as defenders of the affirmative case; while the girls, Ava and Maydell lost their decisions as defenders of the negative.

Incidentally that concluded a four debate series with Seymour out of which Haskell won three and lost one.

CROSS SECTIONS

Between periods, with some two hundred students passing in the halls, and stopping at lockers to change books.

Mr. Richey emerging from the office with books and papers in his hand—going to another one of his classrooms.

Several boys stepping outside the north entrance to get a fleeting breath of freedom.

One or two students dropping into the office, hoping to get trace of a lost book or notebook.

Mrs. Wimbish hurrying to the telephone, maybe to match a debate or a basketball game.

Brantley lingering just inside a classroom door, reluctant to take his broken arm into the traffic in the hall—until it subsides a bit.

Edith asking Lorena "if we're going to have experiments today?"

A line of boys at the fountain, having to wait again every time another girl steps up.

Lewis, Woody, and other lower-locker tenants trying, with heads down, to weave their way into their lockers.

Miss Vick poised just below the turn in the stairs, looking down and wondering what the chance would be to get through the jam.

Home Ec. girls still sewing away, on account of a double period, but stealing occasional glances into the hall to see if he might be passing by.

Covell hunting Mrs. Wimbish, with his debate bulletin and card file in his hand.

Certain sympathetic freshmen boys grouping around a fellow freshman, to see what he got his slip for.

Elsie and Helen Mabel with their heads together just inside their locker door.

Maydell standing at her locker, oblivious to the chatter, glancing over some Warwhoop material that someone has just handed her.

Mr. Wimbish standing with the long stick in his hand, ready to touch off the bell, which somehow won't ring today.

Mr. Mason coming to close his classroom door, just about ready to begin.

S. A. Jack, and R. C. talking seriously over some very important matter, after the others have passed on. A quick glance at the time, and they must hasten: three minutes and fifty nine seconds have passed all too soon.

A VALENTINE PARTY

The Home Economics Club had a very entertaining party in the home of Miss Marvina Post last Friday night. A number of different games were played, such as Forty-Two, Hearts, and Hi-Ball. The Valentine idea was carried out in the decorations and the refreshments. A delicious plate consisting of red heart sandwiches, white cake, red fruit punch and candy-tree favors was served to the following members and guests: Covell Adkins, Marjorie Rattliff, Alvin Sherman, Winnie Darnell, Harvey Simmons, Helen Ballard, Winston Watson, Elsie Gholson, Artie Pippen, Frances Fouts, Leroy O'Neal, Gladys Fouts, Bill Reeves, Gayle Roberts, Bob Wheatley, Geraldine Fouts, George William Fouts, Geraldine Norris, Tom Clifton, Geraldine Conner, Wilma Whatley, Anita Jo Simmons, Martelle Clifton, Ruby Sue Persons, Louise Zahn, Helen Mable Baldwin, Frankie Dorris Bledsoe, Hazel Foote and hostesses Marvina Post and Mrs. Post and our sponsor, Mrs. Young.
Reporter.

DID YOU KNOW?

That Harvey Simmons is getting to be rather popular with certain young ladies of Haskell High School?

That John E. doesn't like to be called Percy? Aw! Come now, Percy!

That the debaters tried Mrs. Wimbish the other day as they were returning from Abilene but Crockett (who was the lawyer) and Maydell (who was the judge) could not convict her because Ava (who was the jury) could not be kept awake?

That Mr. Sullivan is a good sport—even with detention slips?

That "Sleepy" Maples can sing—(maybe it's love). Izat so Sleepy?

That a certain Stamford boy comes to see a certain Wright girl quite often?

That the auction sale at Crowell's caused a number of Seniors to receive their graduation presents rather early?

That George William admitted that he was in love rather than be

called crazy when questioned if he were in love or just crazy?

That Woody D. (when requested to pick up his feet) replied that it wasn't a question of picking them up but putting them down?

That two senior boys and one freshman seem to be "that way" about a certain freshman girl? Marjorie, how could you?

That Frederick, when he feels mean, goes to Rule and eats hamburgers with onions on 'em. Oh! Fred!

That our football captain, Roberts, and our editor-in-chief seem to be rather "that way" too?

PERSONALS

Dowell Goodyear was back in school last week, after a rather vigorous attack of intestinal flu.

Joe McElroy has been absent for the past two weeks on account of illness.

A number of high school students from Rule, Munday, and Rochester attended the senior play last Thursday night.

Mr. and Mrs. R. L. Vick and Mr. and Mrs. A. W. McBeath and daughter of Rule attended the senior play.

Lorene Thomas has been absent from school several days on account of illness.

We are most unfortunate in losing Faye Strickland and Lorene Wright from our basketball team since mid-term, on account of this being their ninth semester. Both have done excellent work for our team, and their loss will be keenly felt.

Odell Barton is still in the sanitarium where he continues to have treatment by blood transfusion. Lately he has been reported somewhat improved.

WHOOPS

Billy Williams says that crying over spilt milk is damp foolishness.

"You will notice," said Mr. Richey (Science teacher) as he placed his fingers on a piece of mechanism and seized the handle, "that this machine is turned by a crank." And he wondered at the titter that went around the class.

Gerry Hunt, on visiting her aunt, was walking in the garden and she saw a peacock. She ran to the house and cried out: "Oh, Auntie! Come out and see! There's an old hen in bloom."

The mystery of why Woodrow D. let Covell beat his time was solved when Odell Williamson reported that she heard he was getting three letters per week from Waco. Boy, is it love?

Since last week end Ed Bledsoe will probably be making trips to Rule for a purpose, rather than just driving over with W. H.

Recently when Dorothy Segro received her chemistry notebook back she was heard to say: "Well, if I had known he wanted it done in red, I'd have made it that way at first."

"LET'S PLAY GAMES"

I have heard so much about Senior personalities that it gives me the greatest pleasure to present the personality of all personalities, the king of nuts, the queen of the hog market, the champion pork caller of seven states, the Leonardo de Vinci of the Texas Theatre. (You guessed it.) That well known young man about town—Goble, Gable, Gobbie, Gipple, Andy (Steam roller, heart-breaker) Stone.

Has he got poisonality? Has he? Did you see him and his co-bug steering those two girls from the sandy plains of Rochester into the show the other night? And by the way, Andy and "Unc" had their coming out party the other night.—Duty calls. More later!

The "liquid test"

...It ENDS bowel worries for many people

This is a test that tells you whether the system needs a cathartic change. If you have constant sluggish spells or bilious attacks, and laxatives seem to make things worse, it would be wise to try this:

Stop all use of any laxative that does not encourage variation from a "fixed dose" (which may be entirely too large a dose for your individual need). Use instead, a liquid laxative that you can measure and regulate as to dose. As necessary to repeat, take smaller doses, less and less often, until the bowels are moving without any help at all.

Doctors use liquid laxatives, and a properly prepared liquid laxative, containing natural laxative agents like senna and cascara is a joy and a comfort; a real help in establishing regularity. Ask your doctor about this! (Doctors use liquid laxatives.) You can get Dr. Caldwell's Syrup Pepsin, which is a most dependable liquid laxative, at any drug store.

Know What Your Bank CAN and CANNOT Do For You

It is important that you should know what your bank cannot do for you as well as what it *can* do for you in the way of service.

Your bank under certain circumstances, can lend you funds upon the basis of future contracts or delivery. By means of various credit forms your bank can help you to get immediate payment for goods sold, or advance you money on suitable collateral.

But your bank cannot lend you capital with which to go into business, or in any sense enter into partnership with you. It cannot encourage nor take part in speculation of any kind. Your bank cannot engage in any activity outside of the legitimate field of banking.

SENATE SURPRISES WORLD COURT BEATEN RELIEF FUNDS NEAR END NOT SO MUCH SPENT BONUS COMPROMISE ABOUT HOLDING COMPANIES WILL BE REGULATED WHAT ABOUT NRA?

By Hugo Sims, Free Press Special Washington Correspondent

The Senate surprised Washington and the nation by rejecting American adherence to the World Court... The Senate surprised Washington and the nation by rejecting American adherence to the World Court...

This is the second major congressional defeat for the President since he took office nearly two years ago. The other was the passage over his veto of the Independent Offices bill...

Some fear is expressed by relief officials that long debate in the Senate on the huge Works Relief bill will mean that funds for the needy will be exhausted before final action on the measure is taken...

In other words, the two chief spending divisions have failed to spend four billion dollars in about nineteen months. During this period industry suffered a relapse and recovery apparently stalled.

The troublesome soldier bonus question opened up on a new front last week when champions of the bill sponsored by the Legion and those of the Patman bill...

The other measure, introduced by Representative Vinson, seems to have the right-of-way. Its advocates declare that they will not allow the inflationists to use the bonus issue as a "cloak" for "fiat money."

After a six-year investigation of gas and electric utility companies, the Federal Trade Commission suggests sharp regulation of holding companies, and indicates a preference for using taxation in preference to statutory inhibitions.

"I HAVEN'T HAD A COLD IN FIVE YEARS" In the old days I used to dread the coming of winter. I was always suffering with colds, coughs, and sore throats...

"Then a friend told me about McCoy's Cod Liver Oil Tablets with their new vitamins A and D. I started to take them five years ago and I haven't had a cold since that time."

WATCH FOR YOUR "HOME NEWS" Published each month by the H. H. Hardin Lumber Co. and delivered to your door the Third Monday of each month...

censing and incorporation acts. This, it was felt, would avoid questions of limitation in interstate commerce.

Without going into the specific taxes suggested by the Commission, it might be pointed out that many of the abuses observed in corporate structures in this country in recent years have been attributed to holding companies as distinguished from operating companies.

The reader may be interested in the operation of holding companies. Years ago it was the accepted principle in many states that one corporation had no right to own stock in another without specific legislative permission. Gradually the rule was liberalized, and most states now grant charters to holding companies.

In doing this, the holding company makes profits out of its manipulations, pays dividends, and is able to work up the value of its own stock. Very often those who manage holding companies sell non-voting stock to the public, reserving the voting stock for themselves...

The ultimate fate of NRA is, of course, not yet known, but the President is said to have made up his mind that it should be strengthened in several major functions, and that codes will be imposed whenever the National Industrial Recovery Board considers them necessary.

The House of Representatives after a turbulent caucus of the Democratic members, passed the work relief bill, giving the President nearly five billion dollars to spend "in his discretion" and "under his direction."

The passage of the measure through the House was a significant victory for the President. It demonstrates the power of a presidential order to a House, most of whose members are pledged to support him.

WILLIAM COLBERT'S Imitation OF LIFE TABLETS

Richberg Busy Planning New NRA

WASHINGTON—Aiming at submission of new NRA legislation to Congress not later than next Monday, the Administration is hastening final drafting of a two-year temporary measure designed to provide a transition between the existing act and a permanent measure of industrial control, which is still contemplated eventually.

Work progressed at the offices of Donald R. Richberg, new deal coordinator, where tentative decisions reached at an extensive White House conference Feb. 4 were put into shape for final action at a second general conference.

Meanwhile, the background to these new-deal efforts directed at stimulating business recovery progress was provided by a restless American Federation of Labor thoroughly dissatisfied with the NRA trend and threatening to plunge the country into a new wave of strikes unless the new working arrangement between the Administration and industry is tempered by concessions to labor.

But no matter how intense and how significant this federation feeling, all indications are that almost every decision regarding the NRA went in favor of that element within the Administration interested primarily in encouraging private enterprise and assuring a period of business stability.

Not only is the President understood to have accepted a temporary extension favored by business leaders, but also their plans for putting through this extension with as little change as possible in the present framework of the Recovery Act.

Rites for Pioneer Rule Woman Held

Funeral services for Mrs. Talulah Aveline Lindsey, 77, Rule, were held in that city Tuesday, Feb. 5, with the Rev. I. N. Alvis, pioneer Haskell county minister, officiating.

Survivors are children: Mrs. B. T. Phillips, Pittsburg, Texas; Mrs. Strat Richards, Rule; Mrs. Robbie McCarroll, Wewoka, Okla.; James L. Freeman, San Simon, Ariz.; Mrs. T. F. Armour, Phoenix, Ariz.; B. B. Freeman, Rule; Mrs. J. W. Denton, Big Spring, Texas; Roger Q. Freeman, Fort Lyon, Colo.; Mrs. Lydia Dee Chesbro, Muskogee, Okla.; one half-sister, Lydia Harrison, Pittsburg, Texas; 34 grandchildren and six great-grandchildren.

Mrs. Lindsey was born in Georgia, and came to Texas when but a child. She was married to the late R. J. Freeman in 1895 at Pittsburg, Texas, and moved to Haskell county in 1905 with her family, where she had resided until her death Feb. 3.

Eleven children were born to this union, two of who preceded her in death. Mr. Freeman died in 1909.

On Texas Farms

County agent terracing in Texas on 12,760 farms amounted to 484,408 acres in the 1934 counties reporting at the end of 1934, according to figures compiled by M. R. Bentley, Extension Agriculture Engineer.

An additional 61,287 acres in 62 counties were terraced by 4-H club boys as part of their year's club work.

Texas farms terraced in 1934 by everyone reached the impressive figure of 18,399, including 774,343 acres in 196 counties.

GOOD CITIZENSHIP International Sunday School Lesson for February 17, 1935.

GOLDEN TEXT: "Love work-eth no ill to his neighbor: Love therefore is the fulfillment of the law." Rom. 13:10.

(Lesson Text: 1 Peter 2:11-17: 4:1-5).

Peter's first epistle was written probably about sixty years A. D. It was intended for the Christians in Asia Minor, to counsel and inspire them in the troubles and tribulations of the time.

Peter called attention to the Christians that they were "sojourners and pilgrims." The characterization may be applied in different ways. The Jewish Christians were scattered throughout the world and away from their normal homeland.

The lusts warned against were those which "war against the soul," the eternal part of man. Those of us living in a modern world should be interested in what Alexander MacLaren says: "As wealth has increased, and so-called civilization has diffused material comforts, senseless luxury, gluttony, drunkenness, and still baser fleshly sins have become more flagrantly common in society."

HUSKY THROATS

Overtaxed by speaking, singing, smoking

good works. This shows that Peter felt that a man or woman conscientiously following the dictates of the Christian religion would be different from other unconverted people in the same community.

Notwithstanding the fact that the rulers of the day were pagan and hostile to the Christian faith, Peter advised the Christians to obey the laws of the land, again repeating the thought that by "well-doing" they would answer their opponents.

In one verse, very briefly, Peter gives four rules for the Christian recipients of his letter: 1. Honor all men. 2. Love the brotherhood. 3. Fear God. 4. Honor the Kingdom.

From Peter's letter we see that the critics of the Christians speak of them as "evil-doers." Peter's advice was that they live righteously, so that the critics would see their

the laws of a pagan administration. This lesson affords an opportunity for temperance application. The necessity for a renewed campaign of education against the use of alcohol is again at hand.

NOTICE TO CITY TAXPAYERS

The City of Haskell, to conform to the law as passed by the State Legislature, will allow all delinquent city taxes to go unpaid until March 15 without interest and penalty. This includes taxes of 1934.

Penalty and interest will be added after that date, so the Haskell Board of City Aldermen have decided.

You are urged by the city administration to remember that March 15 is the deadline and to so arrange your affairs that all delinquent taxes you may owe can be paid. It will save you money and will permit your city government to function as it should function for the best interest of all concerned.

Woman's Auxiliary.

The Woman's Auxiliary met in regular session Monday, February 11th in the home of Mrs. E. R. Wilson. The president, Mrs. Sam T. Chapman, called the meeting to order. After singing the hymn, "The Old Rugged Cross," Mrs. A. A. Frier son lead in prayer. Mrs. Sherrill directed the Bible lesson which was a continuation of the study of Mark, the last three chapters. The outstanding things which are of such vital interest were the institution of the Lord's Supper, the crucifixion and resurrection. The seventh chapter of Saint John was read—which is the true Lord's Prayer.

The meeting closed with all repeating the Lord's Prayer. The hostess served to eleven members a delightful plate of sandwiches, pickles, hot spiced punch and cakes. Next week we are to have a review of the book of Mark. We urge anyone to come who might be interested in this review.

A MOUSE IN BUSINESS

The exploits of Mickey Mouse on the screen are well known but few people are aware that his business affairs, other than celluloid, require offices in New York, Chicago, Toronto, London, Paris, Lisbon, Madrid, Milan and Sydney, Australia. More than sixty concerns have been licensed to reproduce him in book form, on package covers and on toys!

Let it be noted, however, that Mickey's guardians are careful that he lends his name and likeness to nothing upon which mothers may frown.

COMES UP AGAIN

The famous doctrine of Secretary of State Stimson, who refused to recognize Japan's action in the Far East in 1932, is about to receive additional publicity from present happenings in China.

At the time the United States led the world in pledging not to recognize Manchukuo, although our interests in China are about one-tenth those of Great Britain. Now, with Japan about to proceed further into China, the attitude seems to be to remain silent, stand on the notice already given and let some other nation embark on a new policy.

WANTED: SUGGESTIONS

Idle boasting on the part of little men is amusing, but no more so than the vainglory of large cities. Haskell does not pretend to be on an equal with New York and Chicago but within reasonable limits it has possibilities in keeping with its size.

Talking about how good a town Haskell is does not make it grow. Shooting off our mouths about civic loyalty means nothing unless translated into action. Providing a good marketing center, and trading facilities, are useless as intentions.

The Lion's Club invites all citizens of this town to suggest an outstanding need, one that is possible of attainment. We hope that the citizens will take this seriously, and give some thought to it. There is no use to suggest, for example, a skyscraper, because that is out of the question just now. What we want is sensible suggestions, not too fanciful or yet too small to merit community cooperation.

WHY LOBBYISTS SUCCEED

Lobbyists undoubtedly exert great pressure upon legislators. They specialize in making minorities mountainous and in scaring susceptible friends of the 'people.'

The power of these pressure groups lies in the fact that so many citizens are not informed as to what goes on. Any seasoned politician can tell you that so apathetic are citizens generally that a concerted attack upon an officeholder by a small group means his defeat.

The remedy for lobbying, and other forms of pressure upon legislators, is in greater popular attention to what these groups are attempting to secure for themselves.

A FINE STAND

General Hugh S. Johnson earned a reputation for a lot of talking while he was the head of the NRA. Very often the loquacious General talked to much but everybody recognized he had a picturesque method of expression.

Recently General Johnson was asked if he was going to accept a large job with some big business concern. While he admitted that he had been offered some jobs, General Johnson said that all wanted "to rest on NRA publicity and some idea of a pull in Washington." The General revealed his character when he said that such offers "give me a faint nausea."

VISIT HASKELL COUNTY SCHOOLS

The citizens of Haskell and Haskell county should take it upon themselves to show their interest in the local schools by visiting them. We feel sure that teachers and school officials will be glad to see the parents of the pupils, and there will be a better understanding all around.

Few grown people take enough interest in the work of the schools. There is no more important activity in this community. The teachers who train our children are wielding great influence upon the future of Haskell. Luckily, most of them are extremely conscientious in their work, but that does not mean they would not be glad to see that the nature of their task is appreciated.

There's nothing of the aristocrat about the pickpocket. He never loses the "common touch."

We've often wondered how those noisy legislators carry on around home.

They're probably reminded they are "out of order" by the speaker of the house.

An optimist is the fellow who expects to find a clean shirt with all the buttons still intact.

It may be out of season, but a lot of Haskell county Democrats are waiting for the "plums" to begin to fall.

If practice really does bring about perfection, most husbands ought to be pretty good fiction writers.

Women occupy a wider sphere than they used to, but a lot of them are doing their best to reduce it.

The Chicago Daily News declares that a woman's tongue is her sword. Than which no pen is mightier.

Don't be too hasty in calling a fellow lazy; he may merely be suffering from voluntary inertia.

A French chef contends that he is able to concoct his most enticing dishes under the inspiration of music. Bet a jazz tune would enable that fellow to make a dandy mess of hash.

A physician says that in 100 years all men will be bald. And he makes that assertion as a bald fact.

The easiest way to finish a hard job is to get to work. After the start is made, the finish is near at hand.

If all the newspaper paragraphs were laid end to end there would be some people willing to read them.

Letters from readers are invited on all subjects of public interest. Make them as short as possible and sign your name.

Parents, interested in helping their children, might bear in mind that you can't fool a child, even if he has foolish parents.

The readers of this journal of opinion are not required to believe all that they read; it is only necessary to pay your subscription promptly.

The greatest asset in Haskell is its children. Why not give them proper consideration in planning a bigger and better Haskell.

The eclipse of the sun on Sunday hardly caused a ripple and there was a time once when men and women thought it was an indisputable sign of God's wrath. Little as we think of it, this is a sign of progress.

CURRENT COMMENT

YOUTH REFLECTS ELDERLY IDEAS

(Waynesburg, Pa., Democrat-Messenger)

Flaming youth may have built a pretty hot fire on our college campuses during the frenzied post-war decade, but the fire has gone out and the ashes are now cold and forgotten, if we are to believe Dr. Charles W. Gilkey, dean of the University of Chicago, who says that the present collection of under-graduates is "the best generation of college students I have seen in 30 years of contact with students."

The Chicago educator finds many indications of improvement in the attitude of college students. For one thing, he says, he finds a greater attendance at chapel exercises and wider expression of interest in religious discussions. He says he finds the present day students are more serious-minded and realistic in their attitude toward current events, and he says they are finally awake to the fact that there is something wrong with a social scheme which offers them so little.

"Students are not at all convinced about the solution of our situation, but they are convinced that something is wrong," says Dr. Gilkey. Yet, they are not turning red on us. Communism, the dean reports, attracts the smallest of all campus groups "because it is a dogma, and if there is one thing a college student can't stand it is a dogma."

All things considered, then, the present generation of college students seems to be in much better health mentally and spiritually than any of recent years, and when you stop to think of it, their attitude reflects a corresponding improvement on the part of the older generation. We must remember that college students are not a race apart, born in some cloudy, little known world and then suddenly transplanted to earth to perplex the gray-beards. They have simply grown up in a world for which we older people are responsible and what they do and think and say simply mirror conditions which we ourselves have created. If they acted in a distressing manner during the boom years and made higher education more or less a mockery on many campuses, they were just doing what we might have expected for we too acted in a distressing way and are still paying for it. If flaming youth became a by-word the fault really lay with flaming youth's elders. So, if college youth has grown quieter, more serious, and more thoughtful of late, it is a sign that a similar change has been coming over the world as a whole. The depression has been a hard school, but we have learned many valuable lessons in it, and one of the most hopeful indications of a complete national reformation is this new spirit that Dr. Gilkey finds on the university campus.

Looking Forward—

West Texas has untold possibilities for development. Although much progress has been made, there is much room for further achievements by all thrifty and enterprising citizens.

A bulk of our natural resources lie virtually untouched. A continued diversification of agriculture in its broadest sense will materially benefit our section. Homes and places of business, as evidenced in travel over West Texas, need repairing, painting or entirely rebuilding. Many of our cities have faced a shortage in the better class of homes for the past several months. Industry and capital needs encouraging in West Texas so that more labor can be profitably employed.

Capital can be secured and this continued program of development can be realized when men are convinced of the attitude of governing bodies on taxation and government competition in business. The debacle of 1929 to 1934 will have passed and progress will have begun when government experiments give way to co-operative efforts of American principles of private initiative.

Your power company has co-operated fully, and eagerly anticipates the part it will play in the future development of West Texas at rates and service in keeping with the demand.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

By W. G. FORGY

Haskell's Golden Jubilee

During the annual Central West Texas Fair, which will be held here from October 15 to 19 inclusive, the 50th anniversary of Haskell county will be celebrated. This county was created in 1885.

Members of the fair association intend to do all they can to make the Golden Jubilee a celebration worthy of Haskell county. Alone they will probably do well, but they should be given help by the citizens of Haskell and the citizens of all towns and communities in the county. Pioneers of this section are to be found throughout the county.

Haskell county as a whole has an opportunity to really do something next fall in the way of a Jubilee celebration. The cost of such an undertaking, if managed rightly, should not exceed a reasonable sum, and the results and good-will engendered will be almost priceless.

While in conversation with a Haskell citizen Monday, we were asked why this city permitted so much trash, such as papers, to blow haphazardly through the streets and alleys. We couldn't answer him. Can you?

It has about got so in this country that if you wish to hear all the good radio programs it is necessary that you own two radio sets.

Thanks, Mr. English

G. L. English, publisher of the Stamford Leader, and a darn good columnist who writes interesting things, gave the writer of this column a nice word last week in the Leader for which we thank him, even though undeserved. English mentioned the "Do You Remember When?" article which we wrote, and we're informing G. L. that we can remember everyone of the things we recalled to mind. Now figure out our age.

RAMBLES — Jim Reeves

when young, amused his classmates when he wigged his ears in school. He can still wiggle them. . . . There is a certain type of flower that is purchased by the dozen by a man from all away to the ladies. . . . Our cat, that has decidedly passed the kitten stage, thought it wanted outdoors early Monday morning, but soon changed its mind when about five big flakes of snow whipped into

his face. The poor (pesky) thing had never seen snow before. . . . Wonder what size hat Tom Patterson would wear if he would wear one? . . . John Willoughby is an expert at blowing smoke rings, especially for the ladies. . . . Speaking of John Willoughby reminds us that Roy Ratliff, district clerk, put the young man in a hole recently when he called Willoughby out of the office by saying that "a young lady wishes to see you." The young lady was a bill collector, and we'll be glad to see her when she comes to act as a matchmaker. . . . Sterling silver "bon-bon" plates were in demand at Ray Crowell's jewelry auction Monday night. Bidding was started at 75c. . . . While at the auctions we watched closely, and believe we have all the young men spotted who purchased diamond rings. . . . John Rike keeps a dictionary, about the size of a postage stamp, in his pocket and ready for instant use. When someone springs a three or four syllable word on him, he promptly looks the word up — as if he didn't already know. . . . Young Michael Watson is always courteous. . . . "Old Line Legal Reserve" Roy Sanders is on a business trip through Louisiana, Georgia and other southern states, and will also travel in Kansas before returning to Haskell. Roy seems to be acting as Haskell's unofficial ambassador. . . . George Goetze says that we are supposed to know about everything simply because we act as a reporter. No such! A reporter isn't supposed to know anything except what others tell him. . . . Wonder if Bob McNulty has quit passing out the doughnuts when you buy coffee in the afternoons? . . . Foster Davis owns a "pup" and here's what we read in a daily newspaper: "Pooch Sneezes, Costs Owner \$18.50." We don't mind being "sneezed" upon at those figures. . . . We're still calling "Walter" or "Winchell" by sundry persons, but for the life of us we can't understand why. We have never reported one single "blessed event", even though we might know a few, nor have we mentioned anything about a "bundle from heaven." Neither have we flung "orchids" or "scallions" at anyone. We have "dots" but no "flashes" and we can't see that it is so very important if the movie stars secure divorces every day. The only thing we'll admit that we have in common with the Hauptmann trial attendant is that we are both gossipy.

30 YEARS AGO TODAY

Mr. J. T. Hester of the Mid-neighborhood is a Haskell county farmer who, to use the old phrase, lives at home and boards in the same place. He gave us the following facts about his farming last year: With his own labor and hired help to the amount of \$120 in chopping cotton he cultivated something over 100 acres. Of this 87 acres was in cotton and yielded 28 full weight bales. Mrs. T. A. Pinkerton has returned from Louisville, Ky. Mr. Pinkerton remained in Louisville taking a course in dentistry.

Livery Stable Blues

A series of feature stories dealing with the old time livery stable are being published by the Fort Worth Star-Telegram. The articles appear on Sundays, and two that we have seen deal with stables at Archer City, where we lived once upon a time, and Wichita Falls, where we almost lost a pet dog once when it was placed on the wrong train—and did we howl at the train crew!

Something To Remember

(Christian Science Monitor)

The cost of the World War to the United States has been officially set at "about \$50,000,000,000." This figure does not include about \$12,000,000,000 owed to the United States by foreign governments.

Let us see what this means: This \$50,000,000,000 would build a new \$100,000 school in every town over 10,000 population in the United States, and a new \$1,000,000 high school in every city over 100,000; in addition, it would build a \$10,000,000 university in each state, and provide a \$40,000,000 endowment for each of the forty-eight institutions; added to this, it would double the salary of every teacher in the American public schools, and pay it for ten years; then, too, there would be enough to give every family in the United States a little nest egg of \$1,000. There would be enough left to pay the soldiers' bonus—only there would not be a bonus question.

Haskell County History

As Revealed by the Files of the Free Press 20, 30 and 40 years ago.

We learned from Mr. W. E. Sheriff that his train gauge showed 82 of an inch of water from the snow that fell last week.

Mr. J. M. Collins has purchased the confectionery business from Mr. S. C. Donohoo.

Born to Mr. and Mrs. S. R. Rike on Tuesday morning, the 7th inst., a son.

The following young people had parts on the Junior B. Y. P. U. program Sunday night: Verna Oates, May Simmons, Lucille Pace, La Triece Scott, and Mary Long.

Sheriff Anthony went to Anson this week with Messrs. Jasper and Newt Millhollan, W. T. Hudson and A. H. Tandy as attached witnesses.

Messrs. L. B. and John Agnew and Riley Stephens returned yesterday from an attempted camp hunt in the northwest part of Stonewall county. The snow came up just as they went into camp and made it tough on them.

All the public schools remained suspended this week on account of the bad weather and the snow on the ground.

RECIPES AND MENUS

By Department of Home Economics, Texas State College for Women

DENTON, Tex. — A life that is ideally managed never has a cold.

In order never to contract a cold, however, one must have a great deal of foresight, a great deal of determination and a great deal of time to give to one's self.

The best preventive measure known is to keep one's general health as good as possible. The common cold causes more illness, more days lost from work and school than any other disease. You can help avoid this by a few simple rules of hygiene. One must eat regularly and properly, drink sufficient water to flush the kidneys, sleep as much as one needs and at regular times, pay full attention to the bowels, work within the 'mits of one's strength, avoid people with colds, harden the body by exercising daily, wear proper clothes, and avoid dry overheated rooms. Colds thrive on poor ventilation, dust and fatigue.

The cold sufferer often eats heavily, thinking he must "feed a cold." Overeating or eating beyond appetite is now considered more dangerous than starvation, as it necessarily upsets a sluggish digestion, retarded already by a cold.

Menues for Cold Sufferers

Orange or lemon juice with water thirty minutes before breakfast.

Breakfast: Stewed Prunes, Shredded Wheat Biscuit, Milk, Bran Muffins, Honey.

Dinner: Roast Beef, Scalloped Tomatoes, Spinach, Whole Wheat Bread, Butter, Lettuce Salad, Buttermilk.

Supper: Vegetable Soup, Baked Potato (skin), Scalloped Corn, Fig and Ginger Pudding.

Breakfast: Apple Sauce, Whole Wheat Cereal, Cream, Egg Omelet with Tomato Sauce, Bacon, Whole Wheat Muffins, Preserves.

Dinner: Baked Fish, Tomato Sauce, Whole Hominy, Boiled Cabbage, Corn Muffins, Sliced Peaches with Cream.

Supper: Scalloped Oysters, Green Peas, Buttered Onions, Celery, Olives, Bran Waffles, Tea.

Fig and Ginger Pudding:

1 1/2 lb. crystallized ginger, 1-2 teaspoon of powdered ginger, 1 1/2 lb. figs, 1-2 oz. or 1 tablespoon granulated gelatin, 5 cups water, whipped cream, and 1-2 cup cold water.

Boiled Cabbage:

Cut the cabbage into desired shapes. Drop pieces slowly into a generous amount of boiling water. Cook uncovered until just tender. Add salt to water just before cooking is completed. Drain, add butter or bacon fat and salt and butter. A little milk or cream may be added or it may be creamed or scalloped or served au gratin.

Bran Waffles:

1 cup bran, 1 cup milk, 3/4 cup flour, 2 eggs, 1-2 teaspoon salt, 1 tablespoon shortening, and 3 teaspoons baking powder.

Farm Fruit Plot Is Being Started By Mrs. Norton

A farm fruit plot consisting of two dozen dewberry, two dozen strawberry plants and one dozen cherry plum trees is being started by Mrs. Clarence Norton, farm food supply demonstrator for Jossett Home Demonstration Club. This is being done in order to produce enough at home to supply the one hundred and fifty containers of fruits and fruit juices to fill the family food budget.

Making of Hooked Rugs Profitable

Making hooked rugs is a most fascinating and profitable diversion, according to Mrs. John Baugh of the New Cook Home Demonstration Club. Mrs. Baugh says "One learns so much about combining colors, too." She has made a beautiful rug using many colors by a conventional design. Mrs. Baugh is working on her fourth rug and plans to start a 9x12 foot one as soon as she gets the burlap and other frames for it. She feels that she can finish this rug in twelve months time and that it will be invaluable. Her friends will supply much of the old clothing and she will take advantage of rummage sales.

Mrs. Baugh has standardized her hooked rugs by sending them to Miss Maurine Hearne, Home Industry Specialist at College Station and they can be sold under the Texas Better 4-H Products labels.

Farmer Irked By Crows, Uses Novel Method in Killing

The depredations of large numbers of crows irked a Holland, Texas, farmer who conceived a novel idea of eradicating them. All it takes to induce a crow to commit suicide.

There is a message and welcome for everyone. Come.

HERE'S REAL NEWS!

The New Plymouth Is Here!

—and the 1935 Plymouth is THE outstanding automobile in the low-priced field. Sweeping changes have been made in the body lines and several improvements made mechanically. The new body is three inches wider and the car three inches longer, giving the automobile more beauty in the streamlined designing—and the body is again built of steel—REINFORCED STEEL—locked to the frame with 46 body bolts instead of 18. The "Floating Ride" is again incorporated. Matchless engine performance in the entire low-priced field.

We cordially invite you to visit our showroom and see this new creation for 1935. We charge nothing for you to see it and you will not be "pestered" to buy. We want you to view a real automobile which sells for a low price.
