GOLD MEDAL WINNERS
Trina Fry and Kim Bateman

Girls' Doubles Team To State

By Ronnie Verhalen

For the first time in a generation Knox City-O'Brien tennis players are regional champions. Although someone from here has earned the right to go to the state tournament for the past seven consecutive years, and Kim Bateman and Trina Fry, like the others, did so last year as regional runners-up, this year the tennis twosome did so as gold medal winners, the first since 1961. Also winning for the Greyhound netters were Patrick Wupperman and Stacy Cheek, who both managed third-place finishes.

The feminine duo won by calmly dispatching everyone in sight. Sweeping through the draw with surprising ease, Katrina Kay and Kimberley Dawn scrutinized, mesmerized, and gently pulverized, in order, Wood and Becker of Paint Rock 6-1 6-3, Hartman and Lewis of Santa Anna 6-0 6-1, Wade and Love from Byers 6-2 6-3, and finally Tonne and Summers of Paint Rock 6-0 6-3. Kim and Trina don't usually display much emotion on the court, but after their final match was over, it was easy to tell that they were elated at having won first, because they smiled, sorta. Really, they just don't want to make their opponents

feel any worse, and, folks, that's nice. Unfortunately, our other tournament entries didn't fare quite as well.

Nothing to sneeze at, though. Stacy Cheek won a solid third in girls' singles, bettering her finish of last year, when she lost in the second round. This time she downed Perkins of Zephyr 6-2 6-1, then Castro of Miles 7-5 6-1, before losing in the semi-finals 6-0 6-1 to silver medalist Luci Masonheimer of Trent. Later on, playing for third, Stacy showed lots of fortitude. After losing the first set 4-6, she came back to win the tiring match on a hurting ankle by taking the last two sets 6-0 8-6. To state next year, maybe?

Singles player extraordinaire Patrick Wupperman won third place, an accomplishment, but personally disappointing to the fine player. Laconically, he doused Vorster of Masonic Home 6-1 6-0 and Ball of Sidney 6-2 6-0, before running into crackerjack Womack of Lohn, Patrick's nemesis of 1987, who won first place both last year and this. After losing 6-2 6-2 to that all-around athlete, Patrick foiled Garden City's Lopez 6-3 6-3 later in the day to win the bronze. Perhaps next year will be his year

also.

In the first round of matches, our boys' doubles teams of Jim Ford and Billy Large was unfortunate enough to slam into the winning team from Eden, Taylor and Mikeska, who won second at state last year. Billy and Jim lost 6-0 6-2, but they'll be back next year, too, hopefully playing better and starting in a better position on the bracket.

With the exception of Billy Wayne, who is a sophomore, the other players who made it to the regional tournament are juniors; so with many players left at home and coming up, prospects for Knox City tennis next year and in the future look bright.

Kim and Trina will participate in the state tournament at Austin the second weekend of May. Wish them luck.

American Eagles Land At Citizens State Bank

Knox City, Texas, 4-26-88 - 1988 American Eagle Silver Dollars have landed at The Citizens State Bank in Knox City, Texas. According to President Greg Clonts, "American Eagle Silver Dollars are official, legal tender uncirculated silver dollars, issued by the United States Mint. Until recently American Eagles were only available on a limited basis, primarily through coin and precious metals dealers. For the first time ever, American Eagles are being made available to the general public through financial institutions nationwide including The Citizens State Bank of Knox City."

According to Mr. Clonts, "All silver dollars are not created equal. For example, circulating 'silver' dollars such as the Susan B. Anthony and Eisenhower dollar coins contain no silver at all, but are minted from an alloy of copper and nickel. Recent commemorative silver dollars weigh .86 ounce and contain approximately .76 ounce of fine silver. By comparison, the American Eagle Silver Dollars weigh one full ounce and contain .999 ounce of silver."

According to Horace J. Burnett, former director of the Treasury Department's Statue of Liberty Coin Program, the lower price is largely responsible for the success of the American Eagles. According to Burnett, "Although the Treasury Department originally minted American Eagles to be sold as investments in silver, most consumers have purchased them as gifts and collector items. Americans have a tradition of giving or 'handing down' silver dollars. American Eagles, because of their size, silver content, and retail price represent the best value in that category."

The Citizens State Bank will be offering 1988 American Eagle Silver Dollars throughout the year, and plan also to offer 1989 American Eagles when they become available next year. "We are doing this to provide a service to our customers. It's our way of saying that we value American traditions. We are pleased to offer our customers an appropriate gift-giving item, as well as one so rich in tradition."

Remember To Vote Saturday For City, School, Hospital

Saturday, May 7, is another important day to mark on our calendars. The joint election for city, school, and hospital officials will be held in the Knox County Aging Center in Knox City, and polls will be open from 7:00 a.m. to 7:00 p.m. with Clyde Voss as election judge.

In the city election, three council members will be elected from a field of six, including incumbent Jonathan Godsey, Buddy Angle, incumbent Larry Staggs, Joe Barnard, Charles Auburg, and Kenneth Crownover.

In the school election, two trustees will be elected from three candidates, including incumbent Dale Turner, Rob Harrison, and incumbent Don Roberts.

In the hospital election, two board members will be chosen from three, including Roland Marion, incumbent Vernal Zeissel, and Jerry Williams.

Running for re-election in the City of O'Brien election are Dale Turner and Randy Hollingsworth who are asking return to the two seats. Voters will vote at the O'Brien Co-Op Gin from 7:00 a.m. to 7:00 p.m. with Jean Barnard as election judge.

The City of Benjamin has three candidates for three seats on the council,

including Galen Kilgore, Nancy McGregor, and Henry Rogers.

The Benjamin School election also is uncontested, as two men, incumbent Ronnie Simmons and Dennis Welch, are seeking the two seats.

The Knox County Water Control and Improvement District No. 1 will elect two members to the Board of Directors. B.B. Benson and Jack Idol are up for re-election for the two seats.

Benjamin voters will cast their ballots at the Benjamin Memorial Center Saturday from 7:00 a.m. to 7:00 p.m.

Tuesday, May 3, was the deadline for absentee voting and with the News' early deadline on Tuesday, results were not complete. However, in the city and school election, City Administrator Dick Wilcox reported that 21 or 22 had voted in person for both the city and school, and that was about twice as many as they had vote absentee in last year's election. Gloria West, County and District Clerk, reported that eight persons had voted absentee in person and five ballots had been requested by mail but had not been sent back in.

Hospital Recoups More Funds

Dick Stout, Administrator of the Knox County Hospital announced continued good news as a result of the Hospital Board's action taken a few weeks ago which led up to the recoupment of thousands of dollars from the Medicare Program as reported last week in *The Knox County News*.

The hospital has received an additional recoupment of \$5,428.50 which brings the total amount recouped to \$91,967.00.

This \$91,967.00 has been received by the hospital in the last two weeks and represents along with the original Medicare over-charge of \$29,273.00 a net adjustment of \$121,240.00 in the hospital's favor to settle the 1985-86 fiscal year-end cost report. "A much needed boost to a tight budget," Stout commented.

VRJC Receives Grant To Fund Program

Vernon Regional Junior College recently received a grant from Nortex to fund a Summer Youth Program on the Vernon campus. This program will run from June 1 to August 19. The grant will allow Vernon Regional Junior College to provide education and summer employment to economically disadvantaged youth. The Summer Youth Program will serve youth, ages 16-21, who have completed at least their junior year in high school, and who have the educational goals of post-secondary occupational/vocational training following graduation from high school. The program is available to eligible JTPA participants who are residents of the twelve-county North Texas Service Delivery area.

Applications for this program may be completed and processed through Bob Harrison at the Training and Job Development Office located in the Wilbarger County Courthouse basement. Applicants may also contact Harrison at (817) 552-5211.

WIN SECOND, THIRD PLACES - Teams from the Panhandle and Rolling Plains Extension Districts competed April 16 in the 4-H range and pasture grass identification and range evaluation contests held at Clarendon. 4-H members from Knox County earned second place honors in the Rolling Plains district contest and third place in area competition. Representing Knox County were from left, Tressie Boyd, Cody Alderson, Mitzi Alderson and Jonathan Rizan, shown with coach James Alderson. Junior winners receive awards but do not advance to state competition. (4-H Photo)

Little League Can Use More Volunteers

Charles Pierce has advised the News office that the Little League field is being reworked, as well as adding a new fence and a new concession stand. Volunteers are helping with the work, but they can use 'lots more', Pierce said. He said the workers would be at the Little League field again Saturday

morning, and they would be more than glad to have all the help they could get.

Also, the Little League players will be selling candy through May 13 to raise funds to help with the expenses in building the new concession stand.

A schedule will appear in the News as soon as work is completed, he said.

Call In Your News, 658-3142

NEWS BRIEFS

Men's Breakfast This Saturday

The Men's Community Breakfast will be held this Saturday morning at the First Christian Church beginning at 7:00 o'clock. All men and boys of the community are invited to attend, according to a spokesman.

Heart Association To Meet May 10

American Heart Association will meet for a Salad Supper, Tuesday, May 10 at 7:00 p.m. at the Munday Community Center. All officers and guests are invited and encouraged to attend.

KC Circle Club To Meet May 10

The KC Circle Club will hold its regular monthly meeting, Tuesday, May 10, at 7:00 p.m. at the Community Center. Hostesses are Laura Anderson and Jamie Early. County Extension Agent Jane Rowan will present a program on crepes and fajitas.

Benefit Book, Bake Sale Set For Saturday

The Book and Bake Sale to benefit the City-County Library will be held Saturday, May 7, from 9:00 a.m. until 2:00 p.m. at the library in Munday. For this sale, the library board is asking for donations of books, baked items or money. Any donations may be picked up by Janice Vacek or David Counts in Knox City, Belle Grill in Benjamin or Joy Hord in Goree.

Board members express thanks to those who have supported the library with donations and memorials in the past. Persons are also invited to visit the library, which is open to all Knox County residents, from 10:00 a.m. until noon and 2:00 to 5:00 p.m. on weekdays. The library offers books of all types for all ages and has an especially good selection of large-print books available.

Local Science Fair Is Friday, Saturday

The Knox City-O'Brien CISD will be having a local Science Fair, Friday and Saturday at the respective campuses.

The High School Physical Science, Biology, and Physics students will be competing in each category while the sixth through eighth grades will be competing against their classes. The champion and grand champion in both the High School and Junior High division will be selected from the top students in each category.

The Junior High displays will be in the O'Brien cafeteria and the High School displays will be in the High School cafeteria. The community is invited to come and see the displays which will be open Friday, May 6 from 7:30 to 9:00 p.m. and Saturday from 8:30 to 11:00 a.m.

IN THE UNITED STATES DISTRICT COURT FOR THE NORTHERN DISTRICT OF TEXAS WICHITA FALLS DIVISION
UNITED STATES OF AMERICA,
Plaintiff,
vs.
\$22,638.00 In U.S. CURRENCY,
Respondent
In Rem. CIVIL ACTION NO. 7-88-29
NOTICE OF COMPLAINT FOR FORFEITURE AND ARREST OF PROPERTY

To any and all Claimants, of, in, or to the property which is the subject of this action, NOTICE IS GIVEN THAT:

1. A Complaint for Forfeiture has been filed in this Court on March 28, 1988, by the United States Attorney for the Northern District of Texas, against the Respondent property described in the caption above. An Order has been entered by the United States District Court that a Warrant for Arrest be issued as prayed for by Plaintiff.

2. A Warrant for Arrest was issued by the Clerk of the Court commanding me to seize and arrest the property described above and to make my return as provided by law; and said Warrant of Arrest has been executed.

3. I was further ORDERED to cause publication of Public Notice as required by Title 28, United States Code, Rule C(4) of the Supplemental Rules for Certain Admiralty and Maritime Claims be made in the Knox County News, Knox City, Texas, a newspaper of general circulation in the district. Such Notice shall be published once a week for at least three (3) consecutive weeks in said newspaper.

4. ANY CLAIMANT OF, IN, OR TO SAID PROPERTY MUST FILE HIS CLAIM WITH THE CLERK OF THE United States District Court, Northern District of Texas, Wichita Falls Division, on or before 10:00 A.M., on May 15, 1988 being ten (10) days from the date of last publication of this Notice, and said Claimant shall serve his answer within twenty (20) days after the filing of the claim, as provided by Title 28, United States Code, Rule C(6) of the Supplemental Rules for Certain Admiralty and Maritime Claims.

LEGAL NOTICE

5. Any individual or party who is personally served with Notice of Complaint for Forfeiture and Arrest of Property in this cause shall file his claim within ten (10) days after such process as aforesaid has been executed, and shall serve his answer within twenty (20) days after the filing of the claim, as provided by Title 28, United States Code, Rule C(6) of the Supplemental Rules for Certain Admiralty and Maritime Claims.

SIGNED this 8th day of April, 1988.

Jane's
News Notes

By Jane Rowan
County Extension Agent

OVEN CLEANING OPTIONS

Since ranges and ovens have a lifetime of 15-20 years or more, we don't often get a chance to shop for these items. But if you are anticipating the need for a new oven, building a new home or buying a pre-owned home you should be aware of your choices in oven-cleaning features.

Cleaning the oven is probably one of the most distasteful household chores. In the last decade, manufacturers have developed two automatic cleaning systems to take the drudgery out of this task: continuous-cleaning and self-cleaning ovens.

If you have a conventional oven now, it is lined with porcelain enamel. Cleaning it requires the use of harsh oven cleaners and a lot of elbow grease.

In a continuous-cleaning oven, a special procelain enamel coating is applied to the oven liner in a surface-expanding series of minuscule "hills and valleys" which gives the finish a rough, porous look. Oxidizing agents in the coating, along with the expanded surface area helps dissipate grease and most solids while the oven is in use.

Continuous cleaning ovens work most efficiently at higher temperatures for longer periods of time. The surface hides much of the dirt and burns (oxidizes) the rest as it is continuously cleaning. Some critics refer to it as continually dirty, since in normal operation the oven is never completely clean.

A self-cleaning oven actually burns off food spills with high temperatures of 805 degrees Fahrenheit to 1000 degrees. The heat incinerates the spatters and spills, leaving nothing behind but a white ash. The cleaning cycle takes from 2-3 hours.

The self-cleaning cycle is not costly. The cost of the electricity is less than what you would pay for chemical oven cleaners. In addition, these ovens have extra insulation to keep them cool during the cleaning cycle. The added insulation also saves energy during regular cooking.

KC Man Home From Cruise

Otis Harbert has returned home from a 'very enjoyable trip.' Otis joined a group of 18 persons in Wichita Falls and traveled by bus to Dallas where they caught a plane for Atlanta. From there they flew to Jamaica, landing at Montego Bay. It was here they boarded a ship for a seven day cruise, traveling through the Panama Canal. Otis reported that it was interesting to be reminded that it was 1534 when Charles I of Spain ordered the first survey of a proposed canal, but more than three centuries passed before the first construction started. The French labored 20 years, but yellow fever and

malaria took its toll, so with the disease and financial problems, were defeated. It was in 1903 that Panama and the United States signed a treaty whereby the U.S. undertook the construction of the interoceanic ship canal across the Isthmus of Panama. The following year, the United States purchased from the French Canal Company its rights and properties for \$40 million. Since 1903 the U.S. has invested about \$3 billion in the Canal enterprise, of which approximately two thirds has been recovered.

The group also took a nine hour bus tour of Costa Rica and another bus tour to Columbia.

Another item of interest to Otis was the consumption of various items for the cruise, i.e. 55,300 eggs that were consumed, 5,760 pounds of beef, 2,400 pounds of sugar, and 8,400 pounds of flour to name a few.

One of the highlights of the trip, according to Otis, was the "sniffing dog" in Atlanta. He said they watched the dog in action, and it was very interesting.

Munday Band
To Participate
In Celebration

A public celebration is being planned May 7 in Austin to observe the centennial of the State Capitol's dedication. The Texas State Capitol was formally dedicated to the people of Texas on May 16, 1888, by Senator Temple Houston.

The Munday High School band will join other award-winning high school bands in Texas for a special centennial parade at 10 o'clock that morning. The parade will consist of horse-drawn carriages and wagons carrying the members of the centennial committee, state officials and other dignitaries, specially recognized high school bands, military bands, specialty equestrian groups, the University of Texas Longhorn Band, the Ross Volunteers of Texas A&M University and other unique organizational groups marching down Congress Avenue. The period of the 1880's will be the theme of the parade and bands will perform Texas songs and/or music of the 1880's.

A centennial birthday party is planned for 3 p.m. with a replica of the Capitol for a birthday cake, ice cream, balloon releases and artillery salutes to end the afternoon's festivities.

The MHS Purple Cloud band is a repeat Sweepstakes winner in UIL competition and has qualified for the state marching contest in 1986 and 1987. The band is under the direction of Rodney Bennett. Local Band Boosters members have been engaged in a series of fundraisers to collect the money the band will need to make the Austin trip.

ATHLETIC CLOTHING FOR
NON-ATHLETES

A poll by American Sports Data found that 82% of athletic footwear is purchased for comfort or fashion and 43% of the leotards and tights are never used for fitness.

DEALING WITH THE OBESE CHILD

What should parents do when their child under six is obese? Nutrition experts say that a "wait-and-see" approach is unwise. Although health hazards from overweight are rare in young children, the problem of obesity increases with its duration. Also, it can have negative social and psychological impacts on children. However, restricting calories for your child is not advisable since it may hinder growth. It's better to try and prevent undesirable weight gain by establishing a balanced diet, good eating habits and finding ways to increase the child's activity. Avoid excessive pressure on your child to lose weight because it could lead to unhealthy dieting practices or eating disorders later in life.

Educational programs conducted by the Texas Agricultural Extension Service are open to people of all ages, regardless of socioeconomic level, race, color, sex, handicap, religion, or national origin.

Retired Teachers Meet
Tuesday At Benjamin

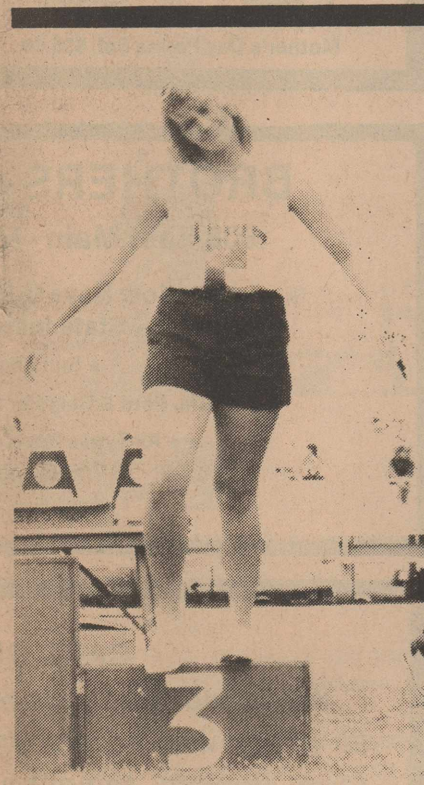

The Knox County Retired Teachers met Tuesday, April 26, at Benjamin, in the home of Joetta Cartwright. Nineteen members and four guests were present. Mrs. Cartwright has a collection of over 300 dolls. Club members viewed the dolls as comments were made. The collection was begun about sixteen years ago with a doll bought at Six Flags. A Norman Rockwell collection, Dried Applehead, Bar-

bie, original G.I. Joe (which belongs to her sons) statesmen, comic book characters, cereal, paper mache', colonial, foreign, porcelain, fast food chain dolls, and crochet dolls are all a part of the collection which represent Mattel, Horseman, Pauline, Effanbee, Vogue, Ideal and Madame Alexander doll companies. Mrs. Cartwright said the majority of the dolls had been gifts and that someday she would like to open a museum where the dolls could be properly displayed.

The group then moved to the home of Jessie Roberts for a business meeting and refreshments. Hostesses Jessie Roberts, Oliver Wooley and Mary Beth Smith served sandwiches, salads, dips, crackers, desserts, mints, tea and coffee.

TIM WHITTEN

Rites Are Held Wednesday For Ex-Resident

Timothy Craig (Tim) Whitten, 28, former Knox City resident, died Monday, April 25, in Lubbock.

Services were held Wednesday afternoon, April 27, at two o'clock at the First Baptist Church in Knox City. Rev. Ronnie Travis, pastor, officiated with burial in the Knox City Cemetery under the direction of Smith Funeral Home.

Born June 20, 1959, in Seymour, he lived at Red Springs with his family until 1966 when he moved to Knox City. He graduated from Knox City High School in 1977. At the time of his death, he lived in Amarillo where he was a salesman for National Linen Service.

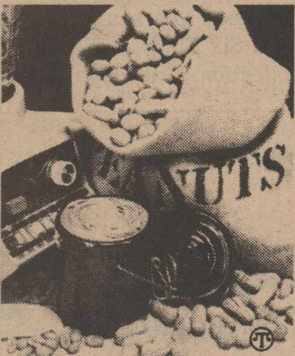

Survivors include a son, Jeremy Whitten of Wichita Falls; his mother, Peggy Clarke and stepfather, Charlie Clarke, both of Knox City; a brother, Greg Whitten of Austin; two sisters, Terri Carnes of Lubbock and Kelli Jo Whitten of Knox City; and his grandmothers, Bertha Whitten and Pauline Mobley, both of Seymour. His father, Gorman (Bits) Whitten preceded him in death in 1978.

Pallbearers included Tim's first cousins, Mike Moorhouse, Steve Moorhouse, Rick Moorhouse, Paul Mobley, Clay Mobley, Kevin Coffman and Donald Walling.

Honorary pallbearers were Flint Richardson, Kevin Hostas, Wendell Carnes and Buck Bybee.

Hints for Homemakers

Grated fresh coconut can make a great finishing touch to many quick and easy meals. To grate fresh coconut, set blender speed at Liquefy, remove feeder cap, start motor and drop coconut pieces into revolving blades. After grating 1-1/2 cups of coconut, empty container and repeat process until all coconut is grated.

Nutty about peanuts? Turning them into peanut butter can be a great first food preparation experience for youngsters—and the whole family is likely to love the homemade taste. For fresh, fast and simple peanut butter, many use the Osterizer blender, which lets you control the texture from creamy smooth to chunky. Put 1-1/2 cups roasted cocktail peanuts into container, cover and process at Blend to desired consistency. Store in refrigerator.

Class of 1978 Plans Reunion

Plans are underway for a Class of '78 reunion to be held July 4.

Addresses are needed and anyone having or knowing of a class member's address is asked to contact Tommy Mangis at 817-658-3354 or Raul Espinosa at 658-3815.

Anyone else who would like to come to the reunion is welcome to attend, a spokesman said.

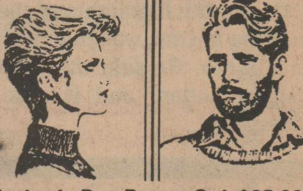

Entries Needed For Munday Beauty Pageant

Entries are needed by May 10 for the Vegetable Festival Beauty Pageant in Munday to be held June 17. Girls three through six years and those 14 through 18 may enter.

For more information, readers should contact Kerri Urbanczyk at (817) 422-5137.

LONZO POE

Poe Rites Are Held Thursday April 28 At 3

Funeral services for Lonzo Poe were held Thursday afternoon, April 28, at three o'clock in the O'Brien Baptist Church. Officiating were Rev. Bill Trice, church pastor, and the Rev. F.D. Emerson. Burial was in the Knox City Cemetery with Smith Funeral Home in charge of arrangements.

Mr. Poe, 95, died Tuesday, April 26, in the Brazos Valley Care Home after a lengthy illness.

Born October 18, 1892, in Perry County, Arkansas, he was a retired farmer. Mr. Poe was preceded in death by his wife, the former Bertie Sharp in 1962. They had married on August 18, 1928, in Perry County, Arkansas. Mr. Poe was a member of the Baptist Church in O'Brien.

Survivors include three sons, Theodore Poe of O'Brien, Oather Poe of Knox City and Don Poe of Houston; three daughters, Edith Broach of Lubbock, Mary Reddell of Seagraves and Betty Poe of Knox City; a stepdaughter, Leonia Raby of Knox City; 14 grandchildren, 27 great-grandchildren and three great-great-grandchildren.

Pallbearers were Mutt Ivie, John Rector, Claudale Barnard, Alan Holmes, Orval Manning and David Ivie.

The family requests that memorials be made to the O'Brien Baptist Church.

FROM SEAGRAVES

Former Knox City resident Miss Allyne Jones of Seagraves visited during the weekend with her cousins, Sammie Carpenter and Alma Culwell.

Streams In Desert Places

By Ozelle Stephens

There are deep and silent depths in the ocean where the fiercest storm cannot reach. There are holy depths in the heart where storms of sorrow can never touch and disturb when you lay hold on the peace that only God can give. When you put away your fears, your jealousies, your worries, your envying, your frustrations, your self-indulgencies, and begin thinking joyful, loving, friendly, unselfish thoughts, then and only then can you hope to find the sweet peace of mind—the strong healthy body—and be able to serve God in your fullness. Have faith in God, Believe Him to take care of your every need, and you will experience happiness, spiritual power and prosperity. Life and beauty will flow from the Father. It will flood your soul with divinities, that will do away with all self righteousness, and you have the deep abiding peace of God.

ATTENTION KNOX COUNTY VOTERS

I am seeking election for a seat on the BOARD OF DIRECTORS for the

KNOX COUNTY HOSPITAL DISTRICT

My only concern is keeping this Hospital open and not letting it resort back to being used as a First Aid Station. We NEED OUR Hospital!! We need babies being delivered here regularly and routine surgeries performed here, not out of town. Our loved ones do not need to drive out of town to visit us when we are hospitalized.

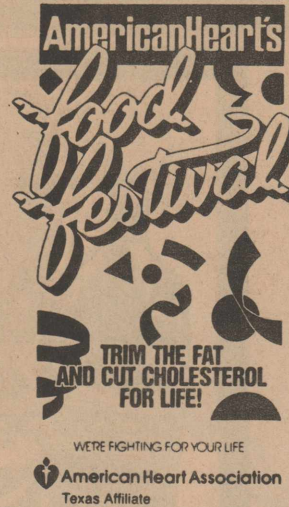

I have had a close working relationship with the Hospital for nine (9) years as a Special Skills-Emergency Medical Technician with the Knox City EMS. I am also the Knox City Fire Marshall, I conduct Fire Safety Inspections at the Hospital every three (3) months.

I am asking for your consideration on SATURDAY (May 7) and I THANK YOU.

Truscott-Gilliland News

By Clara Brown

Last Thursday morning was a beautiful spring morning. Purple verbena and yellow and white daisies were blooming in pastures filled with that tender green look of early spring. There was very little wind and everywhere you could see that fresh sparkle spring can give the sky and landscape. The world looked ready to take off and grow. That picture didn't last long though, because by afternoon a sand storm had moved in and there wasn't much sparkle after the sand hit. Sunday we missed a couple of good chances for rain. At noon and again around four the sky looked ready to dump a downpour. Nothing resulted here though except for a few drops of rain and a wind that lasted for several hours. There was a heavy shower out toward Antelope Flat and the Middle Fork of the Wichita.

Visiting in the home of Mrs. Bert Welch last Thursday and Friday were her son and daughter-in-law from Garden City, Kansas, Weldon and Joan Welch and her daughter and son-in-law, Margaret and Lloyd Jones of Abilene.

Mrs. Thelma Jamison and Mrs. Frances Cook met Frances' daughter, Sherri Miller of Merkel, in Haskell Saturday and enjoyed lunching together.

Seven were honored at the monthly birthday dinner of the Gilliland Baptist Church Sunday. They were John Heard, Jason Simmons, John and Glen Mark Kinnibrugh, and Louis and Ellen Ray Baty.

Winners of the recent Gilliland volleyball tournament were Gilliland, first; Bomarton, second; and Goree, third.

Attending the district extension homemakers meeting at Vernon last week were Frances Cook, Thelma Jamison and Florence Miller.

Last Monday, the Gilliland Extension Homemakers put a quilt in the frame and by Friday had finished quilting it. It is now ready to be given away at the next meeting.

Gwen Cure of Wichita Falls found good news in last week's column. It was her keys that Lula Baty found.

Wednesday, Geneva Navratil of Seymour visited Fannie Lois Bayers at Gilliland. Thursday visitors in the Bayers home were Mrs. Stan Duckworth of Fort Gibson, Oklahoma and her sister, Linda Redwine of Knox City and her children.

Visiting in the home of Paul and Ila Mae Bullion Wednesday were Mr. and Mrs. John Turpin of Levelland.

Friday, the Paul Bullions visited Lake Hubbard at Breckenridge, Ft. Phantom Hill Lake near Abilene, and Possum Kingdom. They spent the night camping at Possum where they met deer so gentle they could be fed out of hand.

Sunday afternoon several from Truscott and Gilliland attended the Knox County cemetery survey meeting at Benjamin. They were Paul and Ila Mae Bullion, Clara Owens, Vivian Brown, Corinne New, and Clara Brown. The cemetery made by Kristy Kimmell was used for a practice survey by several and everyone enjoyed using it. After the meeting everyone had a little trouble getting away. Somehow the doors were locked and the 23 people at the cemetery meeting couldn't get out of the building. They were finally rescued by Gloria West.

The Divide is still needing rain. The cool weather has helped the wheat, but it may be holding back tomatoes and other garden plants. Watermelon farmers in southern Oklahoma fear they may have to replant because of the cool soil temperatures. The cool weather has been good for the wheat and grass though.

The monthly supper for the Gilliland community center will be held this week, Saturday, May 7 at 7 p.m. After supper there will be table games.

J.C. Langston is in Bethania Hospital following heart by-pass surgery last Wednesday. He is reported to have been moved to a private room and doing well.

Kristy Kimmell went to a postal meeting in Lubbock April 19.

James, Vicky and Tamisa New of Boerne visited recently with her parents at Seymour, Mr. and Mrs. Fin Caussey, and his mother, Mrs. Corinne New at Gilliland.

Nancy New, granddaughter of Mrs. Corinne New has been named an "Outstanding College Student of America" for 1988. She will graduate from Texas A&M May 13. Nancy is a member of the American Association of School Administrators, the American Association for counseling and Development, and the American Library Association.

Thirteen stockholders were present at the annual Farmers Co-Op Elevator meeting at the Truscott Community Center Saturday. Jack Brown, Louis Baty, and Lee Whitley were elected directors. The auditor's report was read by Borden Duffel of Abilene.

Visiting the Glen McGuire Sunday afternoon were Otis Cook and Doyle and Loretta Davis of Wichita Falls.

Sunday dinner guests with Mrs. Venta Horne were Dud Ellis and his son-in-law.

Newell and June Looney and granddaughter Farrah Looney of Lubbock attended the annual Looney reunion at Dublin Saturday and Sunday. Also attending were Kay Gray and children Andrew and Emily of Vernon.

The Truscott Church of Christ gave a farewell dinner Sunday for Dennis and Diane Saucier. He has been minister at

the Truscott Church for almost two years. While completing work on a masters degree. They are moving to Las Cruces, N.M., where he will serve as campus minister for a Church of Christ congregation there.

Bill Brown of Brownfield will be taking a girls track team to state for the second year in a row. The Brownfield team won first at the regional 3-A meet at Odessa Saturday and will enter four events at state. They won second at state in 3-A events last year.

Clifford Ohr Senior of Abilene and Mr. and Mrs. Elmo Glasscock and son of Dallas ate with the Truscott senior citizens last Tuesday. They left generous donations to the cemetery fund. May has become the traditional month or an informal drive for cemetery donation. Checks can be sent to the Truscott Cemetery Committee, Truscott, Texas, 79260. An effort is being made to build up the fund now to ensure the maintenance of the cemetery in years to come.

Ila Mae Bullion and Clara Brown have started the survey at the Truscott cemetery. They are trying to list the parents, brothers and sisters, and children, of each person buried at the Truscott cemetery, along with other information. If you have relatives buried at Truscott for whom this information is not listed in the family story in Between the Wichitas, you might contact them as this is one more chance to get this information on the record.

Health Benefits Received

Health care accounted for most of the welfare benefits received by residents of Knox County during the past year, according to the recently released annual report of the Texas Department of Human Services.

"By far the largest amount of welfare money goes toward the health care of elderly and disabled Texans," said Regional Administrator Ray L. Dunavant of Abilene. "As a result, the Texas Department of Human Services is the largest purchaser of health care in the state."

For the fiscal year ending August 31, elderly and disabled residents of the county received \$847,030 in medical assistance, with \$589,304 of it going toward nursing home care, \$ for hospital, physician and other medical services and \$ for prescription medicine.

Needy children and their families in the county received \$ in medical assistance.

Needy children and impoverished elderly or disabled individuals are the main beneficiaries of the department's programs and services.

Food stamps valued at \$353,886 put food on the tables of a monthly average of 664 county residents. Food stamps are redeemed like cash by local grocers. The program is 100 percent federally funded. The department pays half of the administrative costs of determining eligibility and issuing the coupons.

Aid to Families with Dependent Children, the department's only cash grant program, distributed \$120,741 to 62 families living in poverty in Knox County. Monthly grants average about \$57 per month for each individual, less than half of the national average monthly grant of \$122. The money is designed to help poor families pay for necessities.

The typical needy family receiving this aid consists of a mother and two children. Texas ranks 46th among the states in the size of its public assistance grants. Only Alabama, Louisiana, Mississippi and Tennessee offer less.

State law requires the department to respond to reports of abuse and neglect of children, without regard for a family's income. In County, the department served 22 individuals in troubled families.

Reports of abuse and neglect are received through the local office of the Texas Department of Human Services or through a toll-free telephone number, 1-800-252-5400.

The department took action on 1 case of alleged AFDC and food stamp fraud in the county. Suspected fraud can be reported on a toll-free fraud hotline, 1-800-2152-2526.

THANKS

The Knox City Emergency Medical Service extends its warmest appreciation and thanks to the citizens of Knox City and Ambulance Service area for the support, donations and involvement at the "Country Show" Benefit Fundraising Concert.

This support is the life blood of our emergency medical service and without it, proper care of the sick and injured would not be possible. Over \$900.00 was raised to further the advancement of E.M.S. personnel training and to purchase some equipment necessary to do this.

Again, we thank you for your concern and interest.

The Knox City Emergency Medical Service

Harvey Reynolds Receives Master's

Harvey Reynolds graduated Saturday from Azusa University in Los Angeles with a master's degree in marital and family therapy.

A 1975 Knox City High School graduate, Harvey graduated from Mt. Vernon Bible School in Mt. Vernon, Ohio, with a B.A. in theology.

The son of Mr. and Mrs. Bud Reynolds, Harvey and his wife Rosita have one son, Brooks.

Prescribed Burning Becoming Popular

Prescribed burning has become increasingly popular. Possibly this year more controlled burns have been done than ever before.

Weather conditions play an important part in the success or failure of a controlled burn. Relative humidity, temperature, wind speed and direction, and soil moisture are some of the factors that need to be considered. Conditions that create a "cool fire", such as low temperature and high humidity, may not give satisfactory results especially if you are trying to manage mesquite, juniper or other brush species.

On the other hand, conditions that result in an extremely "hot fire", such as, low humidity and high temperature along with high winds can create a hazardous wildfire situation.

Within the last month in several areas of North Texas, dry conditions along with high winds and very low humidity has created extreme hazardous burning conditions. There have been several instances where controlled burns have gotten out of hand and caused damage to property and life.

It is important that all controlled burns be properly "prescribed" in order to insure a successful burn, and also, a safe burn. To achieve the best results next spring prescribed burns should be planned within the next couple of months. The Soil Conservation Service Field Office at Knox City can assist you with the planning and implementation of a successful prescribed burn.

SCHOOL LUNCHROOM MENUS

Week of May 9-13, 1988

BREAKFAST
Monday-Applesauce, Cowboy Bread, and Chocolate Milk
Tuesday-Orange Halves, Muffins, Chocolate Milk
Wednesday-Peaches, Pancake with Syrup, and Chocolate Milk

Jim Ford Is National Winner In English

The United States Achievement Academy has announced that Jim Ford has been named a United States National Award winner in English.

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 10% of all American high school students.

Jim, who attends Knox City High School was nominated for this National Award by Mrs. Renella Watson, an English teacher at the school.

Jim will appear in the United States Achievement Academy Official Yearbook, published nationally.

"Recognizing and supporting our youth is more important than ever before in America's history. Certainly United States Achievement Academy award winners should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the United States Achievement Academy.

The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability, and recommendation from a teacher or director.

Jim is the son of Mr. and Mrs. Matt Harrington. The grandparents are Mr. and Mrs. Ray D. Ford and Mr. and Mrs. J.L. Walling, all of Munday.

Kelli Whitten National Winner In English

The United States Achievement Academy has announced that Kelli Whitten has been named a United States National Award winner in English. This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 10% of all American high school students.

Standards used by those nominating students include academic performance, interest and aptitude, leadership qualities, responsibility, motivation to learn and improve, enthusiasm, citizenship, attitude and cooperative spirit, dependability and recommendation from teacher or director.

A junior student at Knox City High School, Kelli is the daughter of Peggy and Charlie Clarke. Kelli will appear in the United States Achievement Academy Official Yearbook published nationally.

JUNIOR CLASS NEWS

By Trina Fry

Last week was UIL Regional week. Tuesday and Wednesday all the golf teams from KC went to Abilene Municipal Golf Course to test their skills on hitting a ball with a stick. The boys placed fourth and eighth, while the girls took fifth place, overall.

Wednesday and Thursday were tennis days. Patrick Wupperman received third in the boys division, and Stacy Cheek took third in the girls section. Jim and Billy Large had lost to the no. 1 seeded doubles team in their first round. Kim Bateman and Trina Fry took first place, advancing to the state tourney at Austin in two weeks.

Regional Track was held Friday and Saturday. Although KC isn't advancing on to state, all of the runners, jumpers, and throwers did great.

The Junior-Senior banquet completed the long week. The luncheon was looking its best for the happy occasion. The Junior class would like to thank all the parents for a great banquet and prom.

Local Student Presented English Award

The National English Merit Award has been presented to Tanya Patterson. She is among less than 10% of all English students selected for this honor. Tanya was nominated for this honor by high school English instructor Renella Watson.

Tanya's autobiography will appear in the 1988 volume of the United States Achievement Academy National Awards Yearbook. She may now even qualify for one of the USAA College Scholarships. The Academy Scholarship Committee grants awards each year on a regional basis.

Tanya is the daughter of Marge and Clarence Patterson of Knox City.

FHA NEWS

By Starla Whitaker

Recently, I was able to catch up to the final senior officer of FHA. She is Vice-President of Achievement Shea Stubbs.

Shea has been active in FHA all four of her high school years. Shea got interested in FHA during her freshman year through home economics I. After attending some meetings, Shea realized that FHA was a worthwhile organization.

Through FHA, Shea claims that she has learned about friendship, leadership, fun, and responsibilities. Although Shea says that the part she likes most about FHA was traveling to meetings, she also learned meaningful qualities.

Shea, the organization will truly miss you.

SOPHOMORE CLASS NEWS

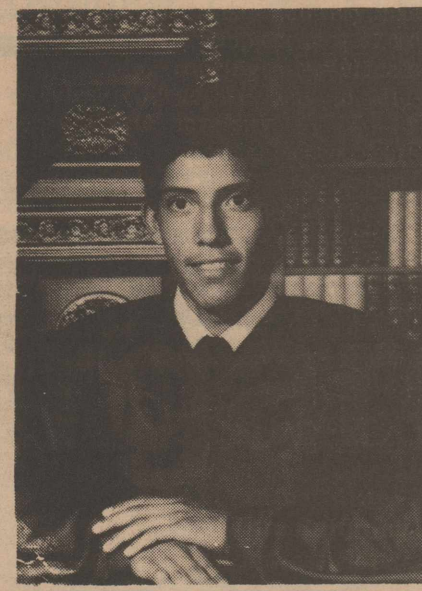

By Starla Whitaker

Another busy closing of the 1987-88 school year for the sophomores has just ended.

This past week consisted of dissecting a worm and a crawfish in biology and the Regional Track meet. Leah Rauch placed fourth overall in the hurdles. Other participants were Billy Large and Willie Rodriguez.

Just some reminders Sophomores: May the 6th and 7th your biology project is due and May the 12th is your end-of-school English due date. Cheer up Sophomores, only three more weeks and you're a junior.

Seniors of the Week

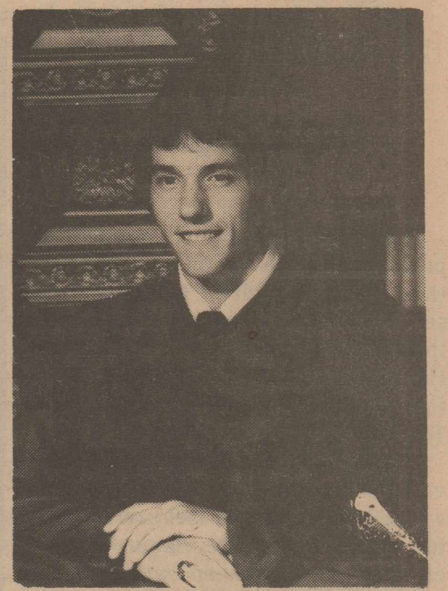

FREDDIE AGRAZ

Freddie Agraz was born on the wonderful day of March 17, 1970 in Abilene, Texas, to the proud parents of Mr. and Mrs. Rudy Agraz who were already busy with four kids at the present time. They were Jessie, Rudy Jr., Eloise, and Christina. He went through his Junior High years pretty easily and entered high school with great ambitions. His first year in high school was one of his best. He started off by meeting a very special girl named Rhondi Bruce who inspired him to be the best he could be. His Freshman year, he was the Greenhand Reporter as well as being on the Parliamentary Procedure Team. His Junior and Senior years, he participated on the Varsity football and basketball and track teams.

After his high school years, he is planning to move to Houston with his crazy brother (Jessie) and begin working on making the best for himself as well as his wonderful girlfriend.

His favorite rock groups are Bon-Jovi, Poison, and Whitesnake. His favorite rap groups are The Gucci-Crew, L.L. Cool J., and Whoodini.

ALAN DONALDSON

On Valentine's Day, 1970, at 2:30 on a Saturday afternoon, the population of Amarillo, Texas was boosted by one. A nine pound, one ounce, 22 inch long baby boy, who was named Alan Leroy Donaldson, was welcomed home by a five year old brother, James Gregory, and a 17 month old sister named Angela Denise. Knox City was affected when grandparents Dewey and Marie Darr and Mr. and Mrs. W.L. Donaldson celebrated all night.

As the years passed Alan attended school in different cities and towns including Abilene, Haskell, Seminole and eventually Knox City.

He now resides in Knox City with his parents Pam and Rocky Mongrain.

Alan has attended school in Knox City since the sixth grade. In the past seven years, he has participated in Football for six years, Basketball for two years and track for five years. He was in One Act Play his Junior and Senior years. He has been in FFA and on the Annual Staff all four years of High School.

Alan's favorite colors are Grey, Turquoise and Peach. He listens to all music except for Country and Classical. Alan enjoys taking nature photos, fishing, and chasing girls.

Alan plans to attend Midwestern State University for a couple of years and then move up to Texas Tech to get a degree in English and Drama education.

To Voters In The Hospital District Election

I am running for a seat on the board of directors of the Knox County Hospital District because I am vitally interested in quality medical care within our county.

The struggle to re-open our hospital has been won. The struggle to keep it open is going on now. I want to help win that struggle.

I have one year of experience on the board. Thank you for your consideration Saturday, May 7.

Public Comments Invited

The public is invited to comment on proposed changes in the U.S. Department of Agriculture's National Conservation Programs from April 4 through June 4, 1988, according to Harry W. Oneth, head of USDA's Soil Conservation Service programs in Texas.

"Changes in the National Conservation Program are being proposed which USDA officials feel are needed to reduce erosion levels on highly erodible land, help keep contaminants out of surface, and subsurface water, and address other land and water resource conditions and trends," Oneth said.

"Public participation and cooperation are needed before a final program can be formulated. Comments from farmers, ranchers and others with an interest in agriculture or the environment are a cornerstone of conservation program development."

Oneth said that the National Conservation Program, resulting from this process, will guide USDA conservation policy and programs through 1997.

USDA made the proposals at the direction of the Soil and Water Resources Conservation Act (RCA) of 1977, which requires the Secretary of Agriculture to identify conservation needs through periodic appraisals of soil, water and related resources on non federal land. The second major RCA appraisal was reviewed by the public in 1987.

The second appraisal report states that the productive capacity of much U.S. agricultural land is not being maintained. It says that:

About 1.5 million acres of land are being removed from agricultural production each year;

Nearly half (41 percent, or 173 million acres) of cropland is eroding too fast to maintain long-term productivity;

A total of 10 percent of cropland and pasture land (57 million acres) is affected by salinity;

More than half of non federal rangeland (61 percent, or 250 million acres) is in less-than-good condition, and nine percent of the nation's pastureland is eroding excessively; and

Contamination of surface and subsurface water is a serious and pervasive national problem. The appraisal reports moderate to severe pollution from sources such as urban runoff, mine drainage and agricultural lands in two-thirds of the states;

Oneth stated that the updated program proposes to mount a major attack on two basic interrelated resource problems that cause loss of productivity and environmental degradation—erosion on the nation's agricultural land, especially critically eroding cropland, and contamination of surface and subsurface water.

"For the next several years our major erosion reduction efforts will be based on the Food Security Act of 1985 (the Farm Bill)," Oneth said. "This legislation authorizes several innovations in conservation programs to dramatically reduce soil loss from erosion during the next several years."

"Reducing contamination of surface and subsurface water will be done through research, data collection, information, education and assistance programs."

Oneth said that USDA wants to know what those interested in agriculture or the environment think about:

What the National Conservation Program priorities should be;

The balance of Federal, state and local conservation responsibility; and

USDA efforts as they relate to:

-Increasing assistance to small-scale, limited-resource and minority farmers;

-Research and analysis on alternative farming systems that may result in reducing chemical and fertilizer use;

-Linking USDA benefits to conservation programs; and

-Use and management of rangeland and forest land.

Interested persons can review details of the USDA conservation program proposals in any SCS or Agricultural Stabilization and Conservation Service office. Written comments or suggestions on the proposals must be mailed by June 4 to SCS, 101 South Main, Temple, TX 76501-7682.

Benjamin News By Gladene Green

JO'S DOLL SHOW
Jo Etta Cartwright has many, many dolls in her "Doll Collection" and she was kind enough to get them out, dust them off, wash and iron all their clothes and display them for viewing last week. Enjoying the show were the retired teachers of Knox County and the third and fourth grades here in Benjamin. Then before she put them back in storage she called several here in town to come see them. I went and never have I seen such a variety in one place! All kinds, including heads of states, movie stars, singers, dolls of porcelain, china, rubber, crocheted dolls. Just everything you can imagine! She said she had over 300 and I believe it! I asked about the money involved and they said they had no idea how much money had been spent but that the collection now is priceless.

It was a good show. Very enjoyable and we appreciate Jo Etta and (W.T.) letting us see their dolls!
HERE 'N THERE

Jack Idol who has been undergoing medical treatment in Abilene was in Benjamin last Thursday to attend to some business. His daughter-in-law, Mary Idol, brought him home for the day. He is doing lots better but did return to Abilene to stay until he is stronger.

Recent visitors in the home of Nora Duke were Mr. and Mrs. Dwayne Parker of St. Louis, MO. and Mary Hertel of Munday.

Mary Taylor and Pete Waldron were recent guests of Jack and Kathie Waldron and family.

Reba Morrell of Houston and Pearl Ames of Vernon visited Odessa Cox several days last week.

Nora Hertel was a recent visitor of her daughter and family, the Daniel Albus and her son Charles Hertel in Lubbock.

Pat Barton was back in Wichita Falls Friday to check with her doctor following her recent surgery. She got an encouraging report and will go back in 6 weeks for another check up.

Bill Benson remains a patient in the Seymour Hospital. He is much improved and may get to return home on Tuesday. We wish him a speedy recovery.

Sue Moorhouse has been returned to the Seymour Hospital. We also wish Sue a speedy and complete recovery.

A revival is in progress at the First Baptist Church in Benjamin. Rev. Jimmy Griffith, pastor of the First

Baptist Church in Paducah is conducting the services. Song leaders are Gary and Jackie Sides of Victoria. Everyone is invited to attend any of these services which begin nightly at 8 p.m.

Peggy Dillard of Lubbock was home for the weekend visiting Virginia Griffith and her mom, Audrey Nolan in the Care Home at Knox City.

Don't forget to vote May 7. Remember if you don't vote you really don't have any room to gripe about how things are going.

Boy Scout News

By Scout Leaders

Thursday, April 27th the Cub Scouts met at their monthly pack meeting. Special guests were the Boy Scout of Troop 161. Den two presented the flag, den four sang a song and den one presented a skit.

Badges earned were as follows: Buck Ivie, three silver arrow points; Joey Logsdon, two silver arrow points; Chad Richardson, two silver arrow points; Richie Carnes, one gold and two silver arrow points; Anthony Ainsworth, one silver arrow point; Lane Boyd, one silver arrow point; Ryan Greenwood, two silver arrow points; Stevie Logsdon, wolf badge, one silver and one gold arrow point; Heath Turner, three silver arrow points; Barry Clark, forester; Dale Carnes, Travelers and Michael Ledesma, naturalist.

Cub Scouts Buck Ivie, Joey Logsdon, and Chad Richardson were recognized in a short ceremony. In this ceremony they were advanced to Webelos.

Barry Clark was recognized in a ceremony conducted by the scout master. David Ivie with the assistance of Johnny Rocha and Barry's father, Bill Clark, David Ivie helped Barry shed his old Webelos uniform and put on his Boy Scout uniform.

The remaining business included plans for a campout and a Space Derby. Saturday, May 7th the Scouts are planning a garage sale and bake sale. It will be held at the Legion Hall. We would like to invite everyone to come out and support the scouting program.

Social Security News

It is very important to have a Social Security number. Its use is required for different purposes, and it is not an exaggeration to say that "without a Social Security number, you wouldn't be able to comply with the legal requirements you have to live with."

Under the Social Security program, the number is the key that opens the doors to financial aid when people retire or become disabled. It makes possible the payment of monthly benefits to certain family members or survivors of insured workers. Social Security is a package of protection that covers everybody who meets the requirement for eligibility.

The payment of benefits is made possible only because workers' covered earnings during their working years are recorded under their names and Social Security numbers. Without a Social Security number, you wouldn't be able to apply for Social Security or SSI benefits or for Medicare. You wouldn't be able to apply for State-run programs either, such as unemployment insurance, public assistance and welfare services, medical assistance, Aid to Families with Dependent Children, food stamps, and other public aid programs.

But, even if your work is not covered by Social Security and neither you nor your family need to apply for assistance from State programs, you still need the Social Security number to report income to the Internal Revenue Service (IRS). In many States, you need a Social Security number for a driver's license and motor vehicle registration, and if you are an immigrant who wants to work, a Social Security number is the first thing you have to get.

Children and even newborns should have a Social Security number if their parents want to open a bank account, or buy savings bond, or apply for some kinds of government services for them. And beginning in 1988, any children who are age 5 or older must have a Social Security number if their parents want to claim them as dependents on their Federal income tax return.

How do you get this key number that will permit you to fulfill your legal duties and get Social Security benefits or SSI payments, financial aid, or public services?

That's easy. First, you have to get Form SS-5 from any Social Security office and fill it out. Together with the SS-5, you have to submit evidence of age, identity, and U.S. citizenship or legal alien status. It is a good idea to call your Social Security office first and ask which documents are required. The office personnel will tell you how to replace the documents you are missing.

About three weeks after your application and documents are submit-

ted, you will receive your "unique" Social Security number. This special, personal number is the only one you will ever have. Your name can be changed but the number will remain the same.

No one should have more than one Social Security number. Otherwise, part of their earnings may go to one record or another and the person could lose some rights to benefits. If you have more than one number, you should contact your Social Security office to have your earnings properly credited.

The Social Security Administration makes every effort to record earnings to the right person, and that is why every number must be different. More than 300 million Social Security numbers have been issued, and thousands of names are exactly alike. The only way you can have your earnings properly recorded is through your personal Social Security number.

If you are under 18 and don't yet have a Social Security number you can apply by phone. If you are older than 18, you have to apply in person. But, one way or another, do not delay your application. It is extremely important to have a Social Security number.

ENJOY FORT WORTH TRIP

Jessie and Kenneth Roberts and Mary Beth and Z.I. Smith went to Fort Worth Wednesday of last week where they visited the Smith's children, Ben and Brenda Smith and Judy, Harold and Colby Staats.

They then attended the Omni Theatre there. On Thursday morning, they traveled to Jefferson, Texas, to make the 41st Jefferson Historical Pilgrimage. That night, they attended the 34th annual performance of "Diamond Bessie Murder Trial", a play depicting an early happening in Jefferson. Only local people are in the cast. They all reported it to be excellent.

On Friday, the travelers made a tour of three of the homes. All of the homes on the tour were built around 1850 and they were Southern Plantation in style. Some of the restoration of the homes started as early as 1949.

They also toured the Excelsior House—a restored hotel, the Jay Gould Railroad Car, and the Jefferson Historical Museum. All of these things belong to the Jessie Allen Wise Garden Club. They reported that Jefferson has certainly kept on the "Modern Day Map" with early Texas restorations.

OMISSION

In last week's obituary for Henry Rushing, the names of Speedy Smith and Ken Lawson failed to be submitted as pallbearers.

ENGAGEMENT ANNOUNCED - Mr. and Mrs. Dewey Smith of Lubbock announce the engagement of their daughter, Keila, to Shawn Garland Cude, son of Mr. and Mrs. Bobby Cude of Goree. The bride-elect is a senior at Coronado High School in Lubbock and Cude is a sophomore ag economics major at Texas Tech University. The wedding will be June 18 at Highland Baptist Church in Lubbock.

Floyd L. McAda Buried April 27 In O'Brien

Graveside services for Knox City resident Floyd L. McAda were held Wednesday, April 27, at 4:30 p.m. in the O'Brien Cemetery with the Rev. Bill Trice, O'Brien Baptist Church pastor, officiating. Smith Funeral Home of Knox City was in charge of arrangements.

Mr. McAda, 78, died Tuesday, April 26, at 5:44 a.m. in a Seymour hospital after a lengthy illness.

Born February 18, 1910, in Texas, he was a retired mechanic.

Survivors include two sons, Wayne Douglas McAda and Ernest Jack McAda, both of Merced, California; two daughters, Jeanette Hardy of Hobbs, New Mexico, and Georgie Lee Collins of San Pablo, California; two brothers, Arthur McAda of Knox City and G.B. McAda of Tahoka; a sister, Daisy Coleen of Boise, Idaho; five grandchildren and five great-grandchildren.

O'Brien Baptist Ladies Enjoy April 21 Party

The Sunshine Sunday School class of the Ladies' Department of the O'Brien Baptist Church enjoyed a delicious meal at the Dairy Queen in Knox City, Thursday, April 21. They then met in the home of Janoma Stephens for dessert, more fun and fellowship. Secret Pals were revealed, gifts exchanged, and names of new Pals were drawn.

Unable to attend for various reasons were Eva Covey, Cleo Rowan, Hope Poe, Shirley Hawkins and Evelyn Trice. Attending the party were Bertie Ivie, Betty Poe, Jean Barnard, Janelle Prevo, Charlene Brothers, Veeta Reid, Leonia Raby and Janoma Stephens.

ATTENDS BOB WILLS DAY

John Nichols was in Turkey, Texas, over the weekend attending the annual Bob Wills Day.

To The Citizens Of Knox City

My name is Joe Barnard. I was born in the Knox County Hospital 36 years ago. I have been a resident of the Knox City-O'Brien area for 26 of those years. I graduated from Knox City High School and attended Texas Tech University.

I am married to the former Barbara Ann Wallace of Rotan. We have two children Melissa Je' and Joseph Brackston. We returned to Knox City in 1981 to raise our family in a smaller close knit, caring community. We are homeowners as well as owning the Knox City Florist. I am employed by Lynn Electric here in Knox City. I am a volunteer member of the Knox City Fire Department and a E.M.T. of The Knox City Emergency Medical System.

As you can see I have many reasons to be concerned about the future of our city. I would appreciate your support and vote in the upcoming City Council Election May 7.

Thank you,
JOE BARNARD
