A LITTLE STRAIGHT TALK

By Dave Thompson

As everyone probably heard, the new storm warning siren that was installed recently at the Community Center does work. Fully realizing that testing of any equipment is necessary, we only hope that advance warning will be given to the public for future tests. We would be glad to print the information here in the paper because we feel that sufficient notice would help to eliminate some of the confusion and even fear that accompanied the unannounced test last week.

Welcome to '88 REUNION

KNOX CITY HIGH SCHOOL CLASSES OF 1936-1937-1938-1939-1940

Classes To Gather Saturday

Reunion '88 will begin Saturday morning at 10:00 in the Santa Rosa Catholic Hall for members of five Knox City High School classes.

The Class of 1938 is celebrating its 50th anniversary and has invited the Classes of 1936, 1937, 1939, and 1940 to join them in the get-together.

Months of planning have been underway as Marion Perdue, assisted by Mary Frances Shannon, Wynette Moore of Munday, and Anita White

made plans for a funday. According to the committee, response has been very good from out-of-town exes and to mention a few, Arnold Davis of Anaheim, California, Samuel Woodward of Scott City, Kansas, James Gibson of Fort Worth, James Ray Swift of Granbury, Opal Durham of Austin, David Clarke of Midland, Fayne Clay of San Antonio, Ruth Stinson of Paducah, Georgia Armstrong of Lake Brownwood, Edna Warren of

Wellington, and Sam Angle of Slaton have pre-registered. In fact, Arnold Davis was so interested in "making this one of the best reunions ever," he very generously was out the expense of providing one of the best bands in Lubbock for the party to follow the evening meal.

Classes, friends, and teachers will assemble at the W.R. Baker Auditorium at 2:30 for the welcome, visitation, fellowship, and a tour of the

school facilities. Anyone who would like to attend is welcome to come to the school auditorium at 2:30 but the reception at 6:30, the evening meal at 8:00, and the party to follow will be by registration only, committee members said.

A memorial also is planned during the 2:30 p.m. meeting.

The town is welcoming all who attend Reunion '88 as is noted by the ad in this week's News.

The reunion will end Sunday morning with a 'come and go' dutch treat breakfast at Raquel's from 8:30 to 10:00.

She stated, "Whoever knowingly and willfully deposits any mailable matter such as statements of account, circulars, sale bills, or other like matter, on which no postage has been paid, in any letterbox established, approved, or accepted by the Postmaster General for the receipt or delivery of mail matter on any route with intent to avoid payment of lawful postage thereon, shall for each offense be fined not more than \$300."

COREY LUSK

Stamford Soph Selected To Attend Seminar

Corey Lusk has been selected to represent Stamford High School at the 1988 Hugh O'Brien Youth Foundation (HOBY) Leadership Seminar—the nation's only program exclusively for high school sophomores. Corey's nomination was based on the leadership qualities he has demonstrated and his desire to develop talents that will serve him in the future.

Hugh O'Brien, best known for his television portrayal of Wyatt Earp, began the internationally-acclaimed program in 1958 as a vehicle to motivate, train and reward future leaders; preparing them for leadership positions in their schools and developing the qualities in them that will one day set them apart from their peers.

The HOBY Seminars bring together a selected group of high school sophomores with demonstrated leadership qualities and a group of distinguished leaders in business, education, government and the professions. Through intense but informal discussions, the two groups interact. The young people get a realistic look at what makes America great and a better understanding of our nation's role in the world community. They learn that as individuals they are important—that their thoughts and actions can make a difference. HOBY motivates by showing them HOW to think can be just as important as WHAT you think.

Corey is the son of Nelda and Ronnie Lusk of Stamford. His grandparents are Mr. and Mrs. John Covey of O'Brien and Mr. and Mrs. Norman Lusk of Cleburne.

Streams in Desert Places By Ozelle Stephens

When Christ comes into your heart to abide with you He becomes your partner in all of life. He shares your sorrows as well as your joys. He brings an understanding which is the gift of God the Father who is life, strength, health, power and peace.

To have Christ is to really live. Your life is serene, joyful, satisfying and successful. You have a faith which is all powerful and you can say, "I know whom I have believed, and am persuaded that He is able to keep that which I have committed unto Him."

Without Christ your life is opposite of all of these good things. He has paid the price for you. Why not, "Seek ye the Lord while He may be found, call ye upon Him while He is near. If you will forsaken your wicked ways and unrighteous thoughts turn unto the Lord, He will have mercy upon you and will abundantly pardon."

Water Customers of Knox City

Dear Customers:

The United States Environmental Protection Agency (EPA) has adopted requirements that all public water systems notify their customers about lead exposure. This notification is intended to educate and inform consumers on this issue in light of the fact that your drinking water may be a potential source of lead exposure. This is being done even though your water system is not in violation of the current standard. There are also other potential sources of lead contamination in the environment.

The following specific language is required by EPA in this notice:

The United States Environmental Protection Agency (EPA) sets drinking water standards and has determined that lead is a health concern at certain levels of exposure. There is currently a standard of 0.050 parts per million (ppm). Based on new health information, EPA is likely to lower this standard significantly.

Part of the purpose of this notice is to inform you of the potential adverse health effects of lead. This is being done even though your water may not be in violation of the current standard.

EPA and others are concerned about lead in drinking water. Too much lead in the human body can cause serious damage to the brain, kidneys, nervous system, and red blood cells. The greatest risk, even with short-term exposure, is to young children and pregnant women.

Lead levels in your drinking water are likely to be highest:

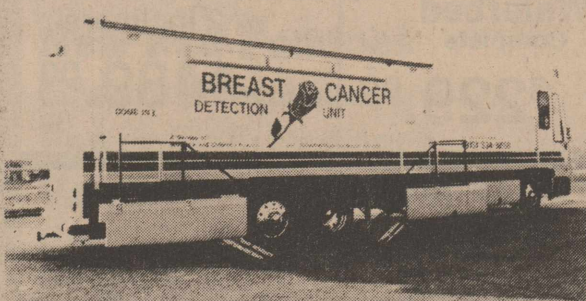

1. if your home or water system has lead pipes, or
2. if your home has copper pipes with lead solder, and
 - if the home is less than five years old, or
 - if you have soft or acidic water, or
 - if water sits in the pipes for several hours

Ways to avoid potential lead exposure are to "flush" faucets before use and to use cold water for drinking and cooking. You may wish to have your home tap water tested for lead content by a competent laboratory. You may also wish to check to see if lead pipes, solder, or flux were used in your home plumbing.

Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate. (The cost is only \$50.00)

A mammogram can detect a cancer this small, even before it can be felt.

ABOUT OUR SICK

Grace Snailum underwent surgery for a broken hip Saturday in the Bethania Hospital in Wichita Falls. She was resting Sunday but very un-

comfortable. If you would like to send a card to her address at the hospital is: Room 458, Bethania Hospital, Wichita Falls, TX. She will probably be there about ten days.

Sue Moorhouse remains at Baylor Medical Center in Dallas. According to reports, she is improving and may begin some chemotherapy treatments by the end of the week.

Veta Campbell, the mother of Dorothy Spikes, suffered a heart attack last Sunday at her home in Kerrville. According to Dorothy, she may get to go home today (Monday). Mrs. Campbell lived in Benjamin a few years ago and I know she would like to hear from some of her friends here. Correspondence may be mailed to her home at Box 1818-Kerrville, TX 79028.

Bill Benson will go to Houston next week for further tests and evaluation. He feels good and his doctors say because he has done so well they want him checked thoroughly by some specialists in Houston. Please remember all our friends in your prayers. And I wish them all a return to good health soon.

DANCE TO BENEFIT FIREMEN

The Benjamin Ex-Student Assn. will sponsor a dance Saturday night at the Memorial Bldg. The proceeds from both the dance and concession stand will go to the BVFD. Even if you don't care to dance, come and listen to the music and help a real good cause.

GTE Southwest
SPRING
Sha-Boom

GTE's Custom Calling special is the hit of the season!

Interesting conversations and good news are meant to be shared — that's why **Three-Way Calling** is rated "number one" by so many! And it's so easy to do. Just press the hook-switch, dial the new party's number, and have a get-together, locally or from miles away!

Stuck at home waiting for a call from your special angel? Then you need **Call Forwarding!** Just dial a two-digit code and the number where you'll be, and all your calls are transferred automatically. You'll receive important messages right away and feel secure that no one knows you're gone!

Why waste time looking up important numbers, when you can have **Speed Calling** ease and convenience? Just program your most frequently called numbers into your **Speed Calling** plan — then, place those calls with a one- or two-digit code. Great for emergency numbers, or for reaching your best friend in half the time!

With **Call Waiting**, there's no need to limit the length of your family's "gab sessions." A gentle tone alerts you to incoming calls, allowing you to put your conversation on "hold" while speaking privately to the second party. You'll never miss an important call, because **Call Waiting** makes busy signals a thing of the past!
