Citizens State Bank president Greg Clonts has announced the establishment of an annual \$1,000.00 scholarship program. The Citizens State Bank Chad Wilson Memorial Scholarship will be presented this year to Beth Underwood, daughter of Mr. and Mrs. C.H. Underwood. The scholarship will be presented each year to the graduating senior with the highest four year grade point average and who has participated in at least three UIL events each of his/her four years at Knox City High School. "We are pleased to establish this scholarship program to assist students who show an ability to excel academically as well as all other areas of high school activities," Mr. Clonts concluded.

Jones Marks 35 Years With Lone Star Gas Co.

BENJAMIN - Benjamin native Charlie Jones marked his 35th anniversary with Lone Star Gas Company, Friday, May 12. For nearly 30 of those 35 years Charlie and wife Joy have lived in a cottage on the grounds of the Benjamin Compressor Station, just east of town on Highway 82. Before returning to Benjamin, he worked for Lone Star at other Transmission Division facilities in Snyder and Jacksboro.

gas flowing," said Jones. The Joneses have never had a desire to live in a big city. "Both Joy and I grew up in Benjamin and went to school here. You make a lot of close friends. Everyone knows everyone else. Benjamin is our home and always will be," said Charlie.

Zoanne Felts Students Win Auditions

Five students of Zoanne Felts played in the National Piano Playing Auditions in the Stamford Center, Saturday, May 6. National honor was presented to Angie Staggs, daughter of Mr. and Mrs. Larry Staggs, and Tammy McClure, daughter of Mr. and Mrs. Barry McClure, all of Knox City; Lanesa Wilson, daughter of Mr. and Mrs. Charles Pankhurst; Robin Bowen, daughter of Mr. and Mrs. Robert Bowen; and Darnette Owen, daughter of Mr. and Mrs. Danny Owen, all of Munday, also won national honors. Each student played to memorized pieces in their grade level for adjudication by an imported judge, Mrs. Shirley Anderson of Abilene.

Mrs. Felts presented in Spring Recital the above students along with Amanda Gully of Haskell, Latisha Munsell of Knox City, and Amy Huffman and Marc McWhorter of Munday. The recital was held in the First Baptist Church at Knox City, Sunday, May 21, at 3 p.m. A reception was held following the recital. About 50 people were in attendance.

Pitchfork Ranch Wins At Western Heritage

A mouth-watering T-bone steak basted with a rich barbecue sauce and served with baked potato, sourdough bread, and apple cobbler won first place at the fifth annual Western Heritage Classic Chuckwagon Cook-off May 13 at Abilene for Pitchfork Ranch of Guthrie. Pitchfork, one of the state's oldest and biggest cattle operations, defeated 15 other chuckwagon crews from Texas, Nebraska and New Mexico for this year's crown.

The chuckwagon cookoff, sponsored by the Texas Beef Industry Council, Texas and Southwestern Cattle Raisers Association, and the Abilene Restaurant Association, was part of the week-long Western Heritage Classic. The majority of its competitors are from working ranches where chuckwagons are needed to feed cowboys during roundup. The Pitchfork Ranch chuckwagon, for instance, is used approximately two months each year during spring and fall roundups. For this competition, chuckwagon cooks Gary and Marilyn Ferguson used a mesquite-wood fire, cast-iron skillets and Dutch ovens, and readily available ingredients to prepare their award-winning entry. The T-bones were seasoned with garlic salt and black pepper and cooked for about 20 minutes over medium hot coals until they were medium rare. It was basted with a "soppin' sauce" named for another large, old Texas ranch, the Four Sixes at Guthrie.

Straight Talk

By Dave Thompson

Since this week's edition is primarily devoted to our graduating seniors, it is also the perfect time for me to thank a few people at school who have helped us all year long. First and foremost on the list has to be Mary Rauch, school secretary at the high school. Mary has been on the receiving end of many last minute frantic calls while we are trying to meet deadline and still need information or pictures. She has been a tremendous help all year long and it would have been a lot harder without her. Thanks, Mary!

Others on my list of thanks include high school principal Don Fritsche for all of his help, he has gone down the halls many times this year while rounding up students for photographs and has called often with information for stories. Thanks, Don!

Thanks also to Tammie Job, senior class sponsor and provider of much information for stories. Tammy has a very difficult job as sponsor and we appreciate all of her efforts. Thanks, Tammie!

Thanks also to Coaches Pat Risinger, C.H. Underwood, and Linda Haragan. Coach Risinger was a big help during football season and was valuable to us in our selections of football Player Of The Week. Coach Underwood probably thought he was being ambushed every time he walked into the News office for supplies, as he always got asked for information on stories and always came through for us. Among the coaches, I've saved Linda Haragan for last because I really want to emphasize how much we appreciate her and express the biggest thanks ever. Linda has been more help than any other coach in recent memory and has helped over and over with football stats and stories, and information on both girl's basketball and volleyball. I know that this was a difficult year for her and that makes us appreciate her even more. Our heartfelt thanks, Linda. I'd offer a great big hug but I learned a long time ago never to hug a lady who has a husband that stands over six feet tall!!

A couple of students are also on my list of those we appreciate each and every week. To both Starla Whitaker and Stephanie Pepper, we offer our thanks for your hard work all year long. Starla has been on time every week with very interesting stories, several that have been used on the front page. Stephanie has been faithful with her class news and has also helped with some very good photographs. Both girls have interesting writing styles, Starla's articles are always bright and cheerful

while Stephanie even manages to sneak in a few words of wisdom about current world events. We thank both of you and hope that next year will bring more of the same good work!

I would also like to thank the Senior class that is graduating and moving on in just a few short days. As a group you have provided some excellent material for stories and several of you as individuals have accomplished so much this year and given us news stories almost every week. For your efforts, your accomplishments, your patience with us, and your good manners, I thank each and everyone of you. May you move on to a life that is equally as rewarding as the one you shared with us while in school at Knox City.

Haskell Fly-In Set For Saturday, May 27

The second annual Haskell Fly-In and Pilot's Breakfast has been scheduled for Saturday, May 27, at the Haskell Municipal Airport. The morning's activities will be held from 7:30 until 11:00.

Again this year, pilots of the World War II aircraft featured at that air show are invited to bring their "warbirds" to Haskell and enjoy a complimentary breakfast. Although there will not be aerial demonstrations at Haskell, the public will have an opportunity to view these historic planes up close.

Jim Bridwell, this year's project coordinator, said that over a dozen W.W. II planes and pilots from as far away as California, Michigan, New Hampshire, and even Canada attended the 1988 Fly-In.

According to Bridwell, all pilots and their guests arriving by air will be treated to a free breakfast. He also said that recognition will be given this year for the best warbird, the oldest pilot in attendance, and for the pilot who made the longest flight to come to Haskell.

Bridwell said that members of the general public will enjoy the morning's activities. "It's a great opportunity to bring the kids out to the airport, have a good breakfast and see some airplanes. We want to invite everybody to come out, and be sure and bring your camera."

For further information about the Haskell Fly-In, please call the Haskell Chamber of Commerce at (817) 864-2477.

ATTEND GRADUATION
Mr. and Mrs. Charles Griffith of Benjamin were in Waco May 12 to attend the graduation of their daughter, Lori, from Baylor University. Lori received a Bachelor of Arts degree with a major in biology. She is now residing in Lubbock. Linda and Charles were accompanied by Amy, Matt, and Drew Tolson, Becky Griffith, and Kemp Jones.

WTU Participates In Gatekeeper Program

West Texas Utilities Co. has announced its participation in the Gatekeeper Program. The program is designed to assist vulnerable older people who need help but may be unable to get it for themselves.

"We have long been active supporters of programs like the United Way, volunteer fire departments, and other community programs," said Glen Churchill, president and chief executive officer of the electric utility. "Our employees also participate in the Neighborhood Crime Watch in our communities. The Gatekeeper Program offers us an opportunity to further serve West Texans."

Each year the elderly population grows. In fact statistics show that people over 85 make up the fastest growing segment of the U.S. population. Many of them are healthy, active people involved with family and friends, church or community groups.

But many others are not that fortunate. They live alone and have little contact with others. If they become ill or unable to function independently, they can easily go unnoticed and unattended. According to Churchill, the Gatekeeper Program seeks to help remedy the problem by using meter readers and other customer service representatives who may have contact with the elderly in the normal course of their jobs.

Nancy Johnson, WTU supervisor of residential audit services, recently conducted training sessions for those employees throughout the company's 52 county service area. The training

taught the Gatekeepers to recognize certain signals in the elderly such as a change in appearance or behavior, or signs of confusion or disability.

When the employee sees a warning sign, the local agency for the aging is contacted. The agency takes it from there.

They contact the elderly person, assess their needs, and get whatever help is required from the appropriate health or social service organization. This may include medical care, food preparation or delivery, help with household chores, transportation, or other services.

In discussing the company's reasons for participating in this nationally recognized program, Churchill pointed out that it is a logical extension of what company employees do in their normal line of work. He added "the Gatekeeper Program is a way to help our neighbors, customers and friends."

RETURN HOME

Mr. and Mrs. Oather Poe spent several days recently in the home of Mr. and Mrs. O.T. Poe in Italy, Texas. They all traveled from there to Arkansas where they visited with friends and relatives in Perry, Apolo, and Morrilton.

On Mother's Day, they attended Decoration Day at the McGee Cemetery in Perry where the boys' mother is buried.

MRS. MAHAN'S AND MRS. CHAPPELL'S FIFTH GRADE NEWS
By Laurie Casillas & Tressie Boyd

Both Mrs. Mahan's class and Mrs. Chappell's 5th grade class had a blast on Friday, May 19 because we all had a party. The party was for the Teams test. On Friday, May 19, we had several parties. Parties for Teams, band concert and just in Mrs. Mahan's class and Mrs. Chappell's. (Sort of). The party in band was a coke party and some boys goofed up and had a coke-water-ice fight. Boy, was that ever a mistake, Coach Reed found out, he was furious and made most of the boys clean up the field house which was really gross.

The end of the year has caught up with us and that means tests. I might as well tell you about the physical fitness test. We have almost completed our physical fitness test.

Mrs. Chappell's class has been doing lots of art work. Some art work is ice cream cones, creative names, teddy bears, stories, wild characters, butterflies, science pictures and numbers. Mrs. Mahan's class has made cats, shapes, and are doing some research papers of states in the U.S.A.

For C.O.W. (Citizen Of The Week) was Laurie Casillas. I don't have any idea why they picked me. The nominees were David Dudensing, Duane Toliver and Laurie Casillas.

Tressie and I interviewed some people in our class. We asked them how they thought their year went? Seven out of 12 people said bad things. The people we interviewed were Al Rios, Lance Dever, Kristi Richardson, Joey Logsdon, Duane Toliver, Jeremy Eaton, Sarah Vacek, Josh Newton, Clint Hacker, David Dudensing, Mrs. Chappell and Mrs. Mahan. Seven out of 10 kids said that the year was sorry terrible, gross or not so awesome. The other 3 said the year went alright, okay and best of the worst. Mrs. Chappell said it was the best year she ever had. Mrs. Mahan said her year was different.

As for G.T. (Gifted and Talented) we have had two trips. One of those trips was to Archer City for a creativity day

and we went to Seymour to eat at Big Cheese. Tuesday we went to Abilene to the Dyess Air Force Base and had the privilege of being the first school group to tour the control tower. We will also tour the base.

In band Mr. Wupperman was proud after the band concert and that is why we got a coke party. Finally the builders got through with the new band hall and we moved in and it is already dirty. Can you believe it?

We asked Michael Casillas, Kristi Richardson and Adam Carver to dedicate a song to the school. Adam and Michael dedicated The Right Stuff and Kristi dedicated Girl I Don't Want You To Leave.

Well, we think that's enough for now. See you next year, bye!

Counts Co-Authors Clean Air Bills

AUSTIN - State Rep. David Counts, D-Knox City, joined by more than 50 co-authors, threw his support behind legislation that amends the Texas Clean Air Act by discouraging the use of polluting fuels.

The amendment was filed by State Rep. Hugo Berlanga, D-Corpus Christi, and is half of the package of clean air legislation now before the 71st Legislature. The other bill, sponsored by Rep. David Cain, D-Dallas requires the conversion of certain state and private fleet vehicles from diesel or gasoline to alternative fuels such as compressed natural gas.

The Senate companions to the bills passed by voice vote on Friday.

"Clean Air is not a partisan issue. It is not a regional issue. Clean Air is an issue for all Texans," said Berlanga, speaker pro tem of the House.

The package of bills is also backed by Clean Air Texas, a coalition of energy, environmental and consumer groups.

"I applaud Representative Counts for taking such an active role in the promotion of these bills in the House," said Texas Land Commissioner Garry Mauro, who serves as president of Clean Air Texas. "He and his colleagues have shown how much support there is for clean air legislation."

Metropolitan areas of Houston, Dallas-Fort Worth, Beaumont-Port Arthur, and El Paso, twenty-one counties in all, fail to meet the EPA minimum health-based air quality standards. The bill calls for industrial and utility boiler operators to pay a penalty for burning fuel oil between April 15 and October 15, the high ozone-formation months. It encourages the adoption of "select-use" technologies which burn natural gas or alternative fuels in combination with other fossil fuels.

In these non-attainment areas, the bill also calls for transit authority, fleet conversions to alternative fuels. If necessary, a subsequent conversion of local and private fleets will be required.

The Texas Air Control Board will monitor clean air compliance contained in this bill and in the alternative fuels bill.

Both bills would encourage the use of natural gas, one of Texas' most abundant resources. Increased use of clean-burning natural gas would lead to cleaner skies and thousands of new jobs in Texas.

"I understand that if we just one

more trillion cubic feet of gas, we will put 328 new drilling rigs to work around here. That's music to a West Texan's ears," Counts said.

A study by the Southern Methodist University Center for Enterprising shows that the increased use of 1 trillion cubic feet of natural gas nationwide would add between 50,000 and 100,000 jobs in Texas over a five-year period.

"I am proud of Representative Counts and my other colleagues in the House. Their support shows the far-reaching concern Texans have about the air we breathe and the world we leave behind for our children," Berlanga said.

The bills are due for committee vote in the near future.

DPS Investigates One Fatal Accident

Reinhart, District Supervisor of the Lubbock Highway Patrol District comprising of 21 counties said, "For the month of April, troopers investigated three fatal accidents, 48 personal injury accidents, and 45 property damage accidents. There were four persons killed and 48 persons injured in these accidents."

In Knox county, troopers investigated one fatal accident, no personal injury accidents, and no property damage accidents in the month of April. One person was killed and no persons were injured in these accidents."

Beta Chi Chapter Closes Out Year

Beta Chi Chapter of Delta Kappa Gamma Society International met Sunday, May 7, 1989, at 2:00 p.m. in Fellowship Hall of the First Baptist Church, Munday with President Jackye Leonard in charge.

A Founders' Day Observance was given. Karen Longan called the name of a founder. Jackye Leonard, standing behind the table containing the symbols of the organization, held up a sketch of that founder and Ida Jo Owens lit a small white candle for each deceased founder and placed it within the triangle made by three large lighted red candles. Karen Longan then read quotes from each founder which expressed the ideals of the Society. Dr. Annie Webb Blanton invited eleven women educators from various parts of Texas, which is Alpha State, to meet in Austin, which is still the headquarters on May 11, 1929. There are chapters in all fifty states and a number of foreign countries.

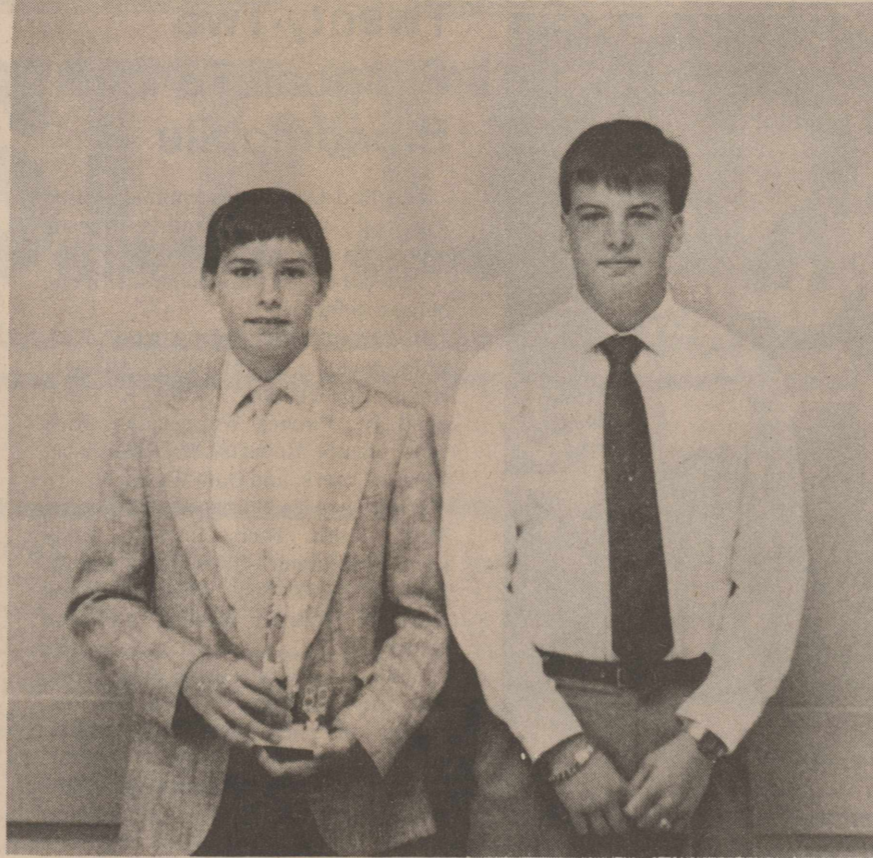

The main order of business was paying dues and the state convention. The president asked for volunteers to serve as table hostesses for the Friday noon Birthday luncheon and the Founders' Banquet Saturday evening. Not enough people were going to fill this request. The Sixtieth Alpha State Convention will be held at the Abilene Civic Center, Abilene, June 15-17. The president distributed legislative material furnished by Jo Cox. It contained an update of good and bad news having to do with adequate and equitable funding for Texas' public schools and the state's contribution to the teachers' retirement fund.

A Red Rose Salute was presented to Ida Jo Owens by Janice Dutton for conducting the beautiful ceremonies during the year. Then the President's pin was presented to Jackye Leonard and pinned below her Delta Kappa Gamma key. Janice was assisted by Dorothy Myers in presenting the Beta Chi 1989 Woman of the Year Award, a beautiful engraved pewter plate, and a

red rose to Mary Martin, who was complimented for her service to the chapter. She has served as communication chairman and supplied five area newspapers with news and has completed a project, which was begun during Beta Chi's fiftieth birthday, a booklet containing biographical sketches of the sixteen charter members.

Refreshments of pie, punch and coffee were served by Munday members.

The next meeting will be October 7, 1989, a Saturday morning brunch in the First United Methodist Church, Aspermont with hostesses from Aspermont, Old Glory and Sagerton.

STAR GREENHAND HONORS for this year went to Will Vacek, left, while Matt Munsell received recognition for the Junior Herdsman Award. (News Photo)

Local Women Attend Women's Club Convention

The Texas Federation of Women's Clubs met May 5 through May 7 in the Marriott Mandalay at Los Colinas for their 92nd annual Spring Convention with 172 ladies being registered.

State President Billie Lindley McMahon called the convention to order.

Some of the impressive speakers were Anne Seymour, director of Public Affairs of the National Victim Center; Margaret England, Environmental Education Division Chairperson of Conservation, Dept. of GFWC, Mrs. Alice Donahue, GFWC president, and

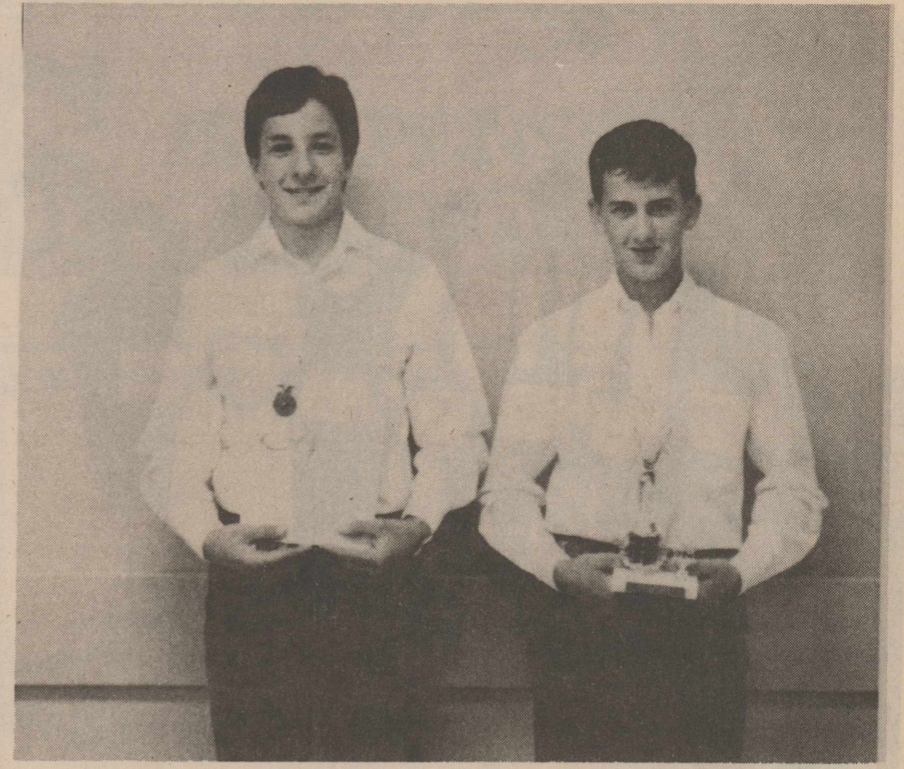

the speaker who concluded the program was Robert Handy who spoke on stress. His personal recovery from a stress disorder called Agoraphobia has inspired him to denote his life to helping others manage their life more effectively. All in all, it was a great, learning experience, members reported.

Attending were Winifred White, Mesquite District President who had a part on the program, Lena McGee, Marie Ward of Aspermont, and Janoma Stephens.

Streams In Desert Places
By Ozelle Stephens

"...Whom do men say that I the Son of Man Am?" This is the question Jesus asked Peter. Peter's confession was, "Thou are the Christ the Son of the living God." (Matt. 13-16).

He is the Saviour who gives to every man who knows him the fullness of joy springing up into everlasting life. He meets the need of all classes and conditions of men. As deep answers unto deep, so does He respond to the moving of each soul of mankind. If you could ask the world's workers, "What think ye of Christ?" They would answer, to the Artist He is the One All Together Lovely. To the architect He is the Chief Cornerstone. To the Astronomer He is the Son of Righteousness. To the Baker He is the Living Bread. To the Banker He is the Hidden Treasure. To the carpenter He is the Door. To the doctor He is the Great Physician. And so on to all the world. He is the Special One. Yes, to the sinner He is the Lamb of God that taketh away the sins of the world. To the christian He is the Son of The Living God, the Saviour, the Redeemer, the Lord. What is He to You? Can you say with me, He is my all and all, King of Kings, and Lord of Lords?

Happy Birthday, BUDDY ANGLE May 29!

A reception followed in the church basement.

AWARDS BANQUET

The annual Benjamin School Awards banquet was held last Thursday night in the gym. A large crowd of students, parents, teachers and local supporters of the school was on hand to enjoy a delicious meal and recognition and presentation of all students in both Junior High and High School who were a part of the various activities.

Rick Trepanier, eight grade honor student, gave the invocation followed by the dinner which was prepared by the Senior mothers. Brisket (prepared by Dick Dickson) beans, potato salad, cole slaw, hot rolls, cake and tea made up the menu.

FHA awards and recognition were presented by Shannon Parker, FHA president and Becky Baker, local FHA teacher. Receiving honors were Jennifer Rolston, Nora Bolanos, Rhonda Whitten, Fred Redder and Dan Westmoreland.

Jennifer received the Comprehensive Homemaking I Scholar Award and the Exploratory Junior High Homemaking Scholar Award went to Kate Grill.

Awards were presented by Dick Dickson, local advisor.

Brandi Jones and Dan Westmoreland received the Greenhand Degree. Chapter Farmer Degree went to Fred Redder and the Top Ag Student in High School honor went to Jeff Conner.

Earning hunter-safety degrees were Jeff Conner, Ernest Neal, Fred Redder and Dan Westmoreland.

Mr. Dickson also recognized local students who participated in the county stock show.

Recognized by Britt Fuqua for their literary accomplishments were the members of the One-Act play, Sandra Bolanos, Nora Bolanos, Shannon Parker, Christi Whitten, Rebekah

Duke, Jennifer Rolston and Rhonda Whitten.

Coach Eddie Wolsch made the final presentations. The Sports Awards. The High School girls basketball team was recognized with all the girls receiving a trophy except Christi Whitten and Shannon who chose their jacket. Basketball players this year who had

an 18-6 record were Kellie Westmoreland, Francine Redder, Sandra Bolanos, Shannon Parker, Christi Whitten, Brandi Jones, Rebekah Duke and Rhonda Whitten. These girls were runners-up for the district title. The High School tennis players were Shannon Parker and Rebekah Duke.

Now for Junior High Sports. The Junior High football team won their district. The players were Rick Trepanier, Jason Redwine, Robert Estrada, Jimmy Barrientez, Tim Cash, Jim Bob Conner, Russell Carroll, Jason Simmons and Trey Stone. The managers were also recognized. They are Riley Carver, Zeke Duke, Edward Estrada and Jason Patterson.

Those same boys played basketball except for Trey Stone. They had about a half and half season. Wins and losses were about equal.

The Junior High girls basketball and track teams were recognized for their achievements and presented trophies. They are Rebel Rainwater, Lisa Bolanos, Sara Neal, Kathy Bufkin, Stephanie Conner and Kate Grill. Kate Grill represented Junior High in tennis as... The Junior High boys tracksters were Tim Cash, Robert Estrada, Jimmy Barrientez, Jason Redwine and Rick Trepanier.

The recipient of the Lady Stang Award was Francine Redder. This award is given to the top female athlete in High School and many things determine who wins. Among them, character, attitude, and their grade point average. A very nice honor and a very deserving person received it.

Also Benny Grill, supt. recognized Kelly Westmoreland for a map she drew and painted as a history project. She took that piece of work to State competition. Coming in second. An entry from Houston placed first and one from Austin was third. So Benjamin was "sandwiched in" between some "biggies." Supt. Grill gave closing remarks and Britt Fuqua gave a slide presentation of the years activities as the finale. A very nice banquet and a wonderful bunch of kids who were very deserving were indeed the "Stars of the Show".

SCHOLARSHIP TO BE AWARDED

The Darwin Pluhar Scholarship given in honor of Darwin Pluhar, the risk manager of the Big Country Cattle Feeding Club will be given by the club to three graduating seniors in the county beginning with the fall semester. Anyone in college or who

plans to go may apply for the \$1500 scholarships which will be given \$750.00 per semester. Graduates of Benjamin, Knox City and Munday are eligible and applications may be picked up from the superintendent of schools or from Don Hertel in Benjamin, Charles Durham in Knox City or Garon Tidwell in Munday.

Audrey Nolan was all aglow this past weekend when all her kids and several grandchildren and great grands came home for a family get together. Mrs. Nolan resides in the Care Home in Knox City, but was able to leave Saturday for several hours of visiting with her family. The noon meal Saturday was at Raquel's restaurant followed by an afternoon of fun and fellowship.

Those on hand to enjoy all the goings on were: E.W. and Louise Nolan and Dean and JoAnn Nolan and Patty of Andrews, Pat and Lynn Stevens and Freddie, Lynn and Janet Stevens and children of Safford, Arizona, Cindy Ortega and Tony of Douglas, Wyoming, Ricky and Debbie Nolan and sons and Jimmy and Stacy Nolan of Post, Leon and La Dell Nolan and Larry and Sherry Nolan and children of Odessa, Joe and Peggy Dillard of Lubbock, Joel Nolan of Fort Worth and Virginia Griffith of Benjamin.

They all said they had a great time and Audrey will have lots to tell her visitors for several days to come.

CONCERNING OUR SICK
Von Conner returned home Friday night after a few days stay in Hendrick Medical Center in Abilene undergoing tests. She is feeling some better but will have to take it easy for some time yet.

PePe Bolanos remains in Scott and White Hospital in Temple. He is not sure when he will be dismissed but we hope his stay there will not be too much longer.

And James Klutts tells us that his dad, Joe, a former Benjamin resident, who now lives in Canton is not doing well health-wise.

Let's all remember these folks and others whom I am not aware of in our prayers as we go about our daily activities.

HERE 'N THERE

Mae Tucker of San Antonio and Faye Dicky of Dumas were weekend guests of their brother and his wife, J.D. and Annie Brown. They all visited in Wichita Falls on Sunday.

Visiting Odessa Cox several days recently were her daughter and family, the Larry Bearlys of Erie, Colorado. She said they re-did her kitchen for her and that she feels like she's in someone else's house now, but

she's sure enjoying it.

Diane and I were in Wichita Falls on Saturday. She was shopping for "house-stuff" which was damaged or ruined during last week's hail storm.

Lorrie Rolston, student at San Angelo State University was a weekend guest of her family, Jan, Homer and Jennifer.

Have you been out to the cemetery in the last few days? If not, make a trip out there and see the new gate at the North entrance. It looks real good and should serve as a deterrent to unnecessary traffic through the cemetery.

SOPHOMORE CLASS NEWS
By Stephanie Pepper

The moment that we have been waiting for all year is finally here!! Summer is eagerly knocking at our door! But before we can, we have one more "opportunity" awaiting us--semester tests.

Our Sophomore year has passed before our eyes! Activities and just plain old school have kept us running all year. We have done a lot and accomplished many things!

Saturday was our U.I.L. banquet or "marathon". Many Sophomores there were recognized and honored for various things! Congratulations to everybody!

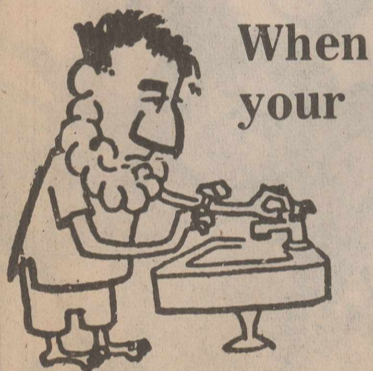

This week in Biology, we are dissecting a poor fetal pig. It was an experience! Stephanie was deeply saddened by the act, she and Kristen reported the crime to the Pig lover's of America. Mr. Collins, however, thoroughly enjoyed the many dissections we had this year. The class, on a whole, would like to tell him that he needs to "Calm Down!"

We finished our "jobs" in typing this week. We had to find a job out of the newspaper and submit a letter of application, references, resumes, and thank-you letters.

We want to congratulate the Seniors

for making it to graduation. It will be different with them gone. We had a great and successful year with them.

We hope that you have enjoyed going with us through our Sophomore year. It has been fun sharing the excitement of our year. We will have a great summer filled with many adventures! Well, until the fall drags us back here, we conclude--It's Gonna Be a Great Summer!!
