## Wyman's Booksigning Is Termed A 'Huge' Success

Cars lined both sides of the streets in downtown Knox City Sunday afternoon for the Premier Booksigning Party of Wyman Meinzer's *'The Roadrunner'*. People began arriving one hour before the designated beginning time and stood patiently in line for Wyman to sign his book for them.

The book signing party was hosted by Romain and Jack Stubbs of The Art Stall and Frame Shop and they were assisted by Wyman's Knox County friends.

Between 250 to 300 people attended the party and registered from Jayton, Crowell, Haskell, Lubbock, El Paso, Floydada, Victoria, Weatherford, Abilene, Newcastle, Munday, Seymour, Wichita Falls, Benjamin, Truscott, O'Brien, Vernon, Vera, Weinert, Quanah, Lakeside City, Dallas, Bryan, Rochester, Stamford, San Angelo, Amarillo, Truscott, Aspermont, Albuquerque, New Mexico, and Knox City.

One of the hits of the book signing party was an original copy of a paper Wyman wrote as a senior in Benjamin High School. Even then the

subject was wildlife and the outdoors. On loan was a display of a large framed picture of a wild turkey with its tail spread and a newsclipping and photo of a 1972 Texas Tech grass judging team with members Wyman Meinzer and Larry Conner, both of Benjamin.

Before the book signing party, the drawing was made for the Knox County Schools Quilt. The project made its goal of earning more than \$1,000 for the Knox County Museum. The four prizes were the quilt, won by the Knox County Museum on

a ticket bought in the museum's name by "A. Friend"; the red schoolhouse built by Oscar and Leta Mangis went to Kathy Roberts of Snyder; the Knox County History went to Dorothy Dykes of Knox City and the Knox County Coin was won by Jessie Lee (Tot) Wyatt of San Angelo.

### City Administrator Addresses Letter To Mission Cable

City Administrator Joe Rice has written a letter to Mission Cable, headquartered in Denver, Colorado, concerning the closing of our local office.

His letter reads as follows:

City of Knox City  
P.O. Box 128  
Knox City, TX 79529

March 16, 1993

Mission Cable Company  
1873 South Belre Street, Suite 1550  
Denver, Colorado 80222

Dear Sirs,  
The citizens, Mayor and the City Council of Knox City were very disappointed with the closing of your local office here. The abruptness of your actions has left us disillusioned as to the future of your services here. City Hall has had many inquiries, especially from those accustomed to paying cash, as to how they would satisfy their bill. Possibly had you exercised less haste in your actions, this and other problems could have been avoided and solved. If you find it is not feasible to reopen your collections office here - even part time - in a spirit of cooperation, City Hall is willing to provide space for a lock box to accommodate drop in bill payers.

With the expenses you will be saving each month "in order to better serve" us, what new stations are we to expect, and will all of our weather gauges be operational? We are anxiously awaiting your response.

Sincerely,  
/s/ Joseph R. Rice

## Lions 'White Cane Day' Is Thursday

Members of the Knox City Lions Club will be out in force throughout the community Thursday, March 18, in support of their annual 'White Cane Day' activities. Contributions will be solicited from the public to support two major sight conservation projects.

The two projects for which the club will be raising money are providing eye examinations and eye

glasses for needy children in the public schools, and supporting the Lions Eye Bank located at Hendrick Medical Center.

The local Lions Eye Bank is a member of the Eye Bank Association of America, a non-profit organization of eye banks dedicated to the restoration of sight through the promotion and advancement of eye banking. EBAA's member eye banks

are located in 43 states, the District of Columbia, Puerto Rico as well as Canada.

All donated funds are used locally, half to the Lions Eye Bank and half to the public school program for needy children.

Residents of Knox City are asked to show their support when approached by a member of the Knox City Lions Club this Thursday.

## Rep. Counts Supports Morales' Reform Package

For Texas Criminal Justice System

AUSTIN - State Representative David Counts (D-Knox City) recently announced his support for the Texas Criminal Justice System reform package proposed by Texas Attorney General Dan Morales.

The legislation recommended by Morales calls for changes in the criminal justice system that would enhance victims' rights, speed up appeals in capital punishment cases, combat drug-money laundering, address jail overcrowding, and improve benefits and promote professionalism for law enforcement officers.

Key points of the reform package include measure that would eliminate appeals being used to delay capital punishment cases. "Inmates on death row file appeal after appeal on the same issue, taking up court time and costing the state money. This legislation will make the appeal process for inmate faster and more efficient," according to Counts.

Counts also pointed out the problems concerning early paroles in serious offenses, as well as paroles of

repeat offenders. "Far too often, the sentences given to convicted criminals by juries in no way resemble the sentences they actually serve. The proposals made by Attorney General Morales will help insure that the sentences handed down by the juries are carried out and that criminals serve their time."

The proposal by Morales also calls for support of Law enforcement professionals in the state. "Law enforcement officers put their lives on the line to protect the public. We owe them our support and backing," noted Counts. The plan calls for improved benefits for law enforcement personnel and the families of officers who lose their lives in the line of duty.

"We are currently so concerned with the welfare of the criminals in the state that we have overlooked the well being of victims and other law abiding citizens throughout Texas," Counts said. "It's time that we bring some common sense into the criminal justice system."

## Thank You

Friday morning, the 5th of March, started out as usual, but ended rather abruptly when I lost control of my pickup and rolled it just north of town.

To the lady that stopped first, to 'Bob' and to 'Matt' that phoned it in, I personally want to say 'THANK YOU.'

The quick response of 9-1-1, EMS, Fire Department and hospital staff was deeply appreciated. Those of you that phoned made me feel so much better.

Again, 'THANK YOU' for your help and support during and after my accident.

**PUBLIC NOTICE**  
BRIEF EXPLANATORY STATEMENTS  
OF PROPOSED  
**CONSTITUTIONAL AMENDMENTS**  
SPECIAL ELECTION  
MAY 1, 1993

**PROPOSITION NO. 1  
ON THE BALLOT**

Section 1 of Senate Joint Resolution 7 proposes a constitutional amendment that would allow the legislature to redistribute among other school districts ad valorem taxes levied and collected by a school district. The amendment would also allow the legislature to create county education districts with the taxable property of existing school districts in one or more counties combined. County education districts may levy, collect, and distribute ad valorem taxes as authorized by general law. The legislature would be allowed to set the rate of the ad valorem tax to be imposed in a school district or county education district or it may authorize the board of trustees of each school district or county education district to set the rate, provided that the rate of county education district ad valorem taxes may not exceed \$1.00 per \$100 valuation of taxable property, unless a higher rate is approved by the voters of the district. The amendment also provides that the amount of ad valorem taxes redistributed among school districts by the legislature and effectively redistributed within a county through county education districts may not exceed 2.75 percent of the sum of the state revenue appropriated for public schools and the revenue from local ad valorem taxes levied and collected for public schools. The term "state revenue" does not include revenue from ad valorem taxes, revenue for the provision of free textbooks, or contributions to a retirement system. Finally, the amendment provides that it does not affect the distribution of the available school fund under article VII, section 5, of the Texas Constitution.

The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment allowing limited redistribution of ad valorem taxes for schools, authorizing the legislature or local districts to set a minimum tax rate in county education districts, and placing a cap on the ad valorem tax levied by county education districts."

**PROPOSITION NO. 2  
ON THE BALLOT**

Section 2 of Senate Joint Resolution 7 proposes a constitutional amendment that would provide that, except for state educational mandates imposed in compliance with the Texas Constitution or federal law, or unless enacted by a vote of at least two-thirds of the members elected to each house of the legislature, a school district may not be required to comply with an obligation requiring expenditure of school district funds unless the obligation is fully funded. The amendment also requires the legislature to provide by law a procedure for determining whether an obligation is fully funded. In the absence of such a procedure, and at the request of a school district's board of trustees, the comptroller of public accounts shall determine whether or not an obligation is fully funded. This amendment applies only to state educational mandates enacted after December 31, 1993.

The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment exempting a school district from the obligation to comply with unfunded state educational mandates."

**PROPOSITION NO. 3  
ON THE BALLOT**

Senate Joint Resolution 4 proposes an amendment to article VII, section 5(b), of the constitution, which currently authorizes the legislature to provide for using the permanent school fund to guarantee bonds issued by school districts and certain education-related revenue bonds issued by the state. The amendment would repeal the provision authorizing the use of the permanent school fund to guarantee state revenue bonds, but would permit the legislature to provide by law for the issuance of general obligation bonds or revenue bonds of the state for the purpose of making loans to, or purchasing bonds of, school districts for the purpose of acquisition, construction, or improvement of instructional facilities, including all furnishings. The amendment also provides that the state, pursuant to general law, may forgive the payment of principal and interest on all or part of a loan made to a school district under the amendment to partially finance an instructional facility. The cap of \$750 million on the amount of bonds that could be issued under article VII, section 5(b), as amended, would be retained. The amendment would repeal the current provision of the constitution permitting the legislature to authorize bonds in excess of \$750 million by two-thirds record vote of both houses of the legislature. While any of the general obligation bonds issued under the amendment or any of the interest on those bonds is outstanding and unpaid, there would be appropriated out of the first money coming into the state treasury in each fiscal year, not otherwise appropriated by the constitution, the amount sufficient to pay the principal and interest on the bonds that matured or became due that fiscal year.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of \$750 million in state general obligation or revenue bonds to assist school districts in partially financing facilities, authorizing the state to forgive payments of loans made to a school district for partially financing facilities, and repealing the authorization for \$750 million in state revenue bonds guaranteed by the permanent school fund."

**Knox City Lions  
View Legendary  
Texas Ranches**

"Legendary Ranches of Texas", produced by the Texas Section, Society for Range Management, was viewed by the Knox City Lions Wednesday.

The program was planned by Joe Murray Clonts and presented by District Conservationist Charles Schur.

The program focused in historical detail on the men and women who created 10 of Texas' greatest ranches. Despite adversity and through hard work and clever skills, the early cattle barons changed the nature of ranching and spread the colorful image of the Texas cowboy.

Men and women such as Charles Goodnight and Comelia Ritchie of the JA Ranch; Richard and Henrietta King of the famous King Ranch; the Kokernot family who founded the O6 Ranch; D.B. Gardner, the "Grand Old Man" of the Pitchfork Ranch; Captain Charles Schreiner of the YO Ranch; and Samuel Burk Burnett, founder of the 6666 Ranch were reviewed. All of the ranches are still operating and remain in the hands of descendants of the original founders.

The tape emphasized the importance of the stewardship of the land so that our land can be passed on as it has with these great founders.

April 10 has been set for the upcoming garage sale to benefit the local scholarship program. Lions should keep this date in mind.

**Ila Gross Has  
Narrow Call In  
Pickup Mishap**

Ila Gross considers herself extremely lucky after her accident about 5:30 a.m. on March 5.

She was en route to Vernon Regional Junior College where she is enrolled in a nursing class and was approximately five miles north of Knox City when she said she took her eyes off the highway "just for a moment". When she looked up, she said she was headed for a reflector post. She swerved the pickup to miss the post and as she crossed the highway, she overcorrected and the vehicle flipped over.

Ila escaped with only minor injuries, but experienced another setback psychologically when a 21 year old classmate Teri Wilson of Electra flipped her car en route to the class about 6:40 a.m. Wednesday and was fatally injured.

**HOW SMALL TOWNS FADE AWAY**

The men were quite cocky as they stood in the sun.  
"Let's go to the city, stock up and have fun;  
"We'll buy by the case all under one roof"  
"And save lots, too, of that we have proof."  
So they did that for many a year.....  
And from the results, never took any fear;  
Until one day they met once again  
Standing uptown just out of the rain.  
"What's happened here," cried one in dismay;  
Their faces were ashen, they had much to say.  
Then one scratched his head, the other said loud;  
"There's no lunch and no coffee, not even a crowd;  
"My wife's real sick and right off her feet.  
"So I came up for some drugs, some milk and some meat.  
"The hospital is closed, the grocery stores too,  
"What in the world are we going to do?  
"My furnace is shot and the plumbing is broken."  
The other one gasped, I thought he was chokin'...  
"My car's a wreck, and the tires are low,  
"I need nails and lumber, but there's no place to go."  
His friend had his head right down to his chest.  
"We're to blame," he muttered. "On our heads it

does rest.  
"We passed this town for the glimmer of lights,  
"Bought stuff by the carload and took in the sights.  
"The City is bustling and bursting with pride,  
"While our town merchants just up and died.  
"The houses are empty, the bank's repossessed.  
"I'll tell you old boy, we're in for a test.  
"We should have been smarter and wiser," they said.  
"Then the town would be bustling, not half so dead."  
"It's never too late, we've learned," someone said.  
But for the foolishness of many, they'd all have to pay.

## O'Brien Happenings

By Audie Johnston

**HELPING FORMER CLASSMATE** Julia Penman Kaynor, in left of photo, celebrate her 50th birthday with a surprise "This Is Your Life" party were seven members of her high school graduating class in Rochester. The group gathered at the Lakeside Country Club at Eagle Mountain Lake, Fort Worth. From left, front row, are Julia, Sandra Grinstead Fry, Sue Cox Miller, Jan Crawford Fonville, and Bob Ballard. Back row, from left, are Bruce Tibbets, Ronnie Fletcher and Jerry Beason. (Courtesy Photo)

## Julia Penman Kaylor Surprised On '50th'

Seven members of her Rochester High School Class of 1961, family, friends, and fellow Arlington teachers joined together Friday night, March 5, to surprise Julia Penman Kaylor with a "This Is Your Life" 50th birthday party.

As different class members talked on the microphone telling high school stories about Julia, she began to realize what a surprise was in store for her. Not having seen some of the class since graduation, she hugged each one as they came in, turned a little more red (as Julia always did), and was overheard to ask as one walked away, "Who is that man in the black suit?" That "man" was revealed to her as Jerry Beason, a close high school friend, born on the same day as Julia in the Knox County Hospital. The class had double birthdays to celebrate.

As they arrived, the class members were hidden away upstairs at the Lakeside Country Club at Eagle Mountain Lake, Fort Worth. They began to plan what they would say to reveal their identity and were sur-

prised that they all remembered the same stories from high school, even though 32 years had somehow slipped by.

Nell Brown, their former English teacher, called during the party and visited with each class member on the phone. Hollis Brown's son was one of those attending the party. Kay Reid Riggins, Class of 1962, called on Saturday morning saying she almost skipped a long planned appointment to come to the party and wanted to find out all the details.

Each Class of 1961 member was contacted about the party, even though it was given on very short notice. Julia plans to start having regular reunions at her Eagle Mountain Lake home. Next time, the group will be trying for all 22 members.

Hosting the party was Julia's sister and her husband, Belva Penman Gruden and Doug Gruden of Arlington.

Attending from Knox City were Mr. and Mrs. Monty Penman and Mr. and Mrs. Ray Penman, Jane Ann and Lindsey.

"My wife, an exercise enthusiast with a gorgeous figure, had me on a diet. I had trouble staying motivated until one midnight when I sneaked out to the kitchen for another snack. Taped to the refrigerator were a picture of her in a bikini and a sign that read: 'Reach for your mate instead of your plate.' Since then I've lost 17 pounds."

derdale, Florida. Lima was a completely different City since the last time she was there. Populations have more than tripled and there is home construction everywhere, 98% of the cars are Japanese made same as electronic equipment. The beaches were beautiful and crowded and you could hear South America. Louis is a futures and commodities broker and has his own business in Florida.

J.O. and Charlene Brothers were blessed with a new grandson last week. Craig and wife are the proud parents. His name is Samuel Chase Brothers. He has a big brother Tyler and sister Sarah Kate.

"We were sitting around with some friends discussing the pros and cons of marriage. One couple was asked how they'd managed to stay together for 45 years. I know her like a book", the husband replied.

"You may know her like a book," observed another man, "but I bet you never know what page she's on."

"My friend's father was proud of his family of six children. He frequently referred to his wife as 'Mother of Six,' much to her annoyance. Finally, she cured him of his habit. At the end of party, he called out loud enough for everyone to hear, "Ready to go, Mother of Six?"

"Any time you are," she replied, "Father of Four."

## What Is The Future Of American Health Care ?

By Stephen Kuehler

**Knox County Hospital Administrator**  
What is the future of health care in the rural areas of America? What role does Knox County Hospital play in the health care for the citizens of this area?

First, Knox County Hospital and the physicians on our staff, can provide around 90 percent of the basic health care that every family needs: physical, inoculations, referral to specialists, treatment of most illnesses. The presence of the hospital helps us attract and keep physicians in our communities.

Second, Knox County Hospital plays a vital role in the emergency care available to residents. With a 85 mile drive to Wichita Falls and a 120 mile drive to Lubbock, it is absolutely necessary that many patients be treated and stabilized in our Emergency Room before they are transferred. For example, health experts now agree that proper treatment of a heart attack within the first hour can prevent damage to the heart. Also, many sports injuries, car wreck injuries, and job-related injuries require prompt treatment to preserve life. Last year, more than 900 patients visited the Emergency Room for treatment. Only 10% were transferred from our facility to another hospital.

Third, many of our residents are elderly. Knox County Hospital provides health care for them in a convenient location. In fact, 73% of our patients in the hospital last year were Medicare patients. Think of the hardship to those patients and their families if Knox County Hospital was not

here.

Fourth, the area is a drawing card for other businesses. Residents of outlying areas come into the community to visit the doctor or visit a patient in the hospital and they shop in the area. If a local business is trying to bring in new employees or the school is trying to hire new teachers, coaches, or other personnel, those people are interested in the state of health care in the community. The presence of the hospital is a definite asset.

Although it is not always easy to keep a rural hospital open, the citizens of our area have proved time and again that the hospital is important to them and vital to the health and safety of the community. At Knox County Hospital, we are growing and improving every day. We are constantly looking for new and better ways to serve the community.

## Benjamin News

By Gladene Green

Last week provided us with a variety of weather - 80 degrees one day then two days later, snow and temps in the 20's!! I have heard all my life, "If you don't like the weather today, stay around, 'cause it's gonna change" - And if I never really believed it before, I'm a believer of that statement now!!! However, the weekend, the cold, turned out to be fairly nice, except for pretty cool temperatures.

Little Kaitlyn Kuehler was released Friday from a Lubbock hospital after several days stay. She's feeling pretty well and hopefully will be good as new here in a few more days. She's had a bout with pneumonia.

Zula Conner spent a couple of days in the Knox County Hospital getting out on Friday morning. She went to Lubbock for a couple more days of rest at the home of her son, Larry. She accompanied her grandson, Jim Bob Conner to Lubbock.

Darlene Benson was able to leave the hospital Wednesday and is now in a convalescent center for a few weeks for therapy. Her new address is Darlene Benson, University Park Heritage Manor, 4511 Coronado Avenue, Wichita Falls, TX 76310. I'm sure she would appreciate a note or card from her friends as I bet the days get long for her.

I'm told that Nell Hudson is still in Scott and White Hospital in Temple. Please continue to pray for Nell and her family as their days are difficult at this time.

Jerry Parker's mom, Lillie Parker, is very ill in the Knox County Hospital. Our prayers are also with the Parker family during this time.

Lewis Lyles underwent surgery last Tuesday in an Oklahoma City hospital. He was released on Thursday and by taking care of himself, he should do real well. That's good news as he has had a lot of discomfort prior to his surgery.

### HERE 'N THERE

Dutch and Imagean Young were in Temple, Oklahoma for the funeral of a friend on Thursday.

I spent the weekend with my kids in Childress. Was met there by daughter, Diane Herring of Albuquerque, New Mexico. Diane will be moving back "closer to home" within the next couple of weeks.

Jessica and Kayla Jones of Bridgeport are spending their spring break with their grandparents, Charles and Joy Jones.

Debra Ebraheim and Daniel Hudson were in Killeen one day last week to pick up Debra's daughter, Nafessa, who had been visiting her grandmother.

Jan Pollock of Iowa Park spent the weekend with her mom, Clodell Duke.

I missed it because I was gone but am told that the Pee-Wee basketball tournament sponsored by the Juniors and Seniors Saturday was very successful. Not only a lot of fun for the kids and parents but took in a lot of money for both classes. And I understand some of "our teams" got trophies for their winnings and that's always exciting! We congratulate those young folks and their coaches who had really worked with them.

W.T. Cartwright and Joe Trepanier attended a weather-watch seminar

recently at the King County Courthouse in Guthrie. The program was brought by the Lubbock weather bureau and according to Dub and Joe, was very informative - one of the best they have attended. With the storm season "just around the corner" we begin to depend on these guys to watch the skies for us and sure want them to be "well-schooled"!!

Terry and DeeAnn Cartwright and Chase of Plano are visiting his parents, W.T. and Jo Cartwright a few days. Chase is on spring break and will have a seventh birthday celebration in Benjamin later this week.

Laurie and Rob Fisher of Lubbock visited her grandmother, Nora Hertel, during the weekend.

Shannon Parker of Wichita Falls visited her parents, Jerry and Linda, last Sunday and Monday.

Penny Eaton and girls, Kendra and Heddy of Irving, spent the weekend with her parents, Bill and Dorothy Spikes. The girls remained for a week's vacation with their grandparents since it's their spring break. Also spending their break here with their grandparents are Matthew and Sara Spikes of Lubbock.

Jack and Mary Young returned home Sunday after several days visit both at Lubbock and in the Dallas area. Their grandsons, Trevor and Dusty, returned home with them to spend their spring break.

Word was received here last week of the death of Murrell Johns, the father of former Benjamin resident, Brenda Driver. Mr. Johns, who was presently residing in Bridgeport, died Thursday night while in Austin for the state basketball tournament. We send our sincere sympathy to Brenda, Michael, Heath and Blake. The funeral was today in Lubbock.

### HEART BOARD MEETS

The Knox County Chapter of American Heart Association met last Tuesday night at Gilliland. Reports were given by each town represented on the neighbor to neighbor and business drives. We are only a few hundred dollars short of our goal for the year and when all the drives are complete, we should be very near it and hopefully will reach it. If a crusader failed to contact you and you want to give, send your contribution to the Citizens State Bank and they will handle it from there. For every dollar given approximately 6% goes to management and general, 16% fund raising, 8% professional education, 10% community service, 25% public education and 35% research. Remember these facts when you are con-

tacted.

Those attending the meeting were Peggy Guinn, Jo Maddox, Donna Daniel, Frankie Baker, June Tankersley, Aleitha Beck, Louise Hertel, Gladene Green and Teresa Eggert of Wichita Falls. Teresa is regional director.

## Former Pastor Dies March 11

Rev. Murrell Johns

### Funeral

services were held in Lubbock Monday at 10:00 a.m. at Trinity Baptist Church for a former Knox City Baptist pastor, the Rev. Ogle Murrell Johns. Burial was in the City of Lubbock Cemetery.

The Rev. Johns, pastor of Cates Street Baptist Church in Bridgeport and a retired school administrator, died Thursday at an Austin hospital. He was 69.

A graduate of Wayland Baptist College in Plainview, the Rev. Johns received a master's degree in theology from Southwestern Baptist Theological Seminary in Fort Worth and a master's in education from West Texas State University in Canyon.

He was a member of the Justin Masonic Lodge.

The Rev. Johns was a Marine Corps veteran of World War II. He served with the 3rd Marine Division and participated in the Iwo Jima campaign.

He was pastor here from 1958-1962.

Survivors include his wife, Era Jane "Janie" Johns of Bridgeport; three daughters, Brenda Driver and husband Mike of Albuquerque, N.M., Cynthia Chapman and husband Bruce of Rowlett, and Janet Kirk and husband Gary of Hemphill; two sons, Ronnie Johns and wife Tanya of Lubbock, and Dennis Johns and wife Kelly of Huntsville; four brothers, John H. Johns of Lubbock, Billy Joe Johns of Seagraves, James T. Johns of Greensboro, N.C., and Jack Johns of Fallbrook, California; and ten grandchildren, Michelle, Junior, Tiffany, Ashley, and Jordan Johns of Lubbock, Heath and Blake Driver of Albuquerque, Brent and Mandy Chapman of Rowlett, and Christian Johns of Huntsville.

Pallbearers were Ronnie Johns Jr., Brent Chapman, Heath Driver, Blake Driver, Mike Driver, Bruce Chapman, and Gary Kirk.

The family suggests memorials be made to Cates Street Baptist Church in Bridgeport.

A study by a New York group says the market for home health care products will increase enormously by 1996. Improved technology, the trends away from institutionalization, and shorter hospital stays contribute to the phenomenon.

About 23 million people live alone in this country. Average age for women is 66, for men it's 42. Half the women are widows but only 14% of the men are widowers.

## KC School News

### SENIOR CLASS NEWS By Amy Deering

Well, Spring Break was a blast for many of us. Some went to Breckenridge, Colorado, skiing, while others stayed around and enjoyed the wonderful warm weather. I say it was warm weather, it was warm most of the time with the exception of the snow Friday. Overall, spring break turned out great! Spring break may be over, but there is still more fun to come. The Junior/Senior banquet and prom is coming up in less than two weeks! The Junior class has been and still is working hard, trying to get everything together to make this one of the greatest banquet/prom ever. They are doing a great job. We wish them lots of luck in preparing for this! Have a great week!

### JUNIOR CLASS NEWS By Lisa Russell

Spring break came to an end Monday. Skiing trips, family time and late nights all stopped as school started back.

The Juniors have most of the decisions made about the prom. The theme, place and music have all, for the most part, been arranged. Luckily for the parents, we have decided to have it catered. It is scheduled to take place a week from Saturday, on the 27th.

Forms were available for the juniors to sign up to take SAT's last week.

The juniors are being kept extremely busy with school work and projects. Our science projects require regular updates on our progress, and in English we are recreating children's stories from a character's point of view that usually is blamed for most everything that takes place. Such as the work in Little Red Riding Hood, was he really the big bad wolf? Or was he simply the helpful wolf that was trying to help her on her way?

### FHA NEWS By Sammie Munoz

Several FHA members started Spring Break by attending the regional meeting in Irving where we stayed at the D-FW Hyatt Hotel. The members that attended this meeting were Virginia Bernal, Misty Davis, Erin Frost, Lisa Russell, Sammie Munoz and of course our FHA chapter advisor Mrs. Newton.

We left Friday morning at about 8:15 a.m. and arrived at about 1:30 p.m. Friday afternoon. After we checked in, put away all of our things, and registered for the meetings, we went to the mall. Virginia was a voting delegate and her meeting began at 6:30 p.m. so we had to return by 5:30 p.m.

While Virginia and Mrs. Newton attended the voting delegates meeting, the rest of us went to a general meeting. At this meeting a magician talked to us about having good self-esteem and put on a show for us. After the meetings and a little bit of rest, we ended the night with a dance sponsored by the Region II Officers and Admissions.

Early Saturday morning, we attended another general assembly. There we were introduced to our regional officers and learned about the Power of One and FHA/HERO. After that meeting we attended different workshops. The first, which we all attended, was Body Talk. We learned about 16 types of hugs and became official "hug therapists". From there, we all went to different workshops. When all the workshops were over, we attended a lunch and then started the trip home.

### IN LUBBOCK

LaNell Kight spent several days last week in Lubbock visiting her daughter, Amber Mahan, a student at Texas Tech University.
