GTE To Close Knox City Office

The GTE local service agency in Knox City will no longer handle telephone repairs, sales or accept phone bill payments as of April 30, 1993.
 GTE customers may continue to pay their bill by check or money order using the return envelope included with their monthly statement. A second option is to take advantage of the easy bank draft plan, where one's monthly telephone bill is automatically deducted from the customer's bank account.
 Residential and single-line business customers may call 1-800-255-2498 for services. Multi-line business customers may call 1-800-323-7498.
 These same numbers should be used for instrument repairs and exchanges.
 "In an effort to keep costs and rates as low as possible, GTE continually reviews operations to deter-

mine areas that are not cost effective," stated Hardy White, Mid-West Texas Division manager. "When the cost of operating the GTE office in this community was compared to the revenues generated, it became apparent it was not a wise business venture for GTE, nor GTE customers, to maintain the office.
 "Closing an office is always a difficult undertaking," White continued. "But GTE is committed to being a cost-effective telecommunication provider for our customers. Sometimes that means making tough decisions.
 "GTE, like other companies across the nation, is working to become a more cost-efficient company in order to compete in the quickly changing global marketplace. In order to survive as your local phone company, we have to be a cost-efficient company," White said.

'Conservation' Is Topic of Study Club's Program

The Knox City Study Club met Thursday, April 15, in the Knox City Community Center with five present.

The program was on 'Conservation.'

"We should all be concerned about future conservation because we will have to spend the rest of our lives there," is a statement by Charles Kittering. "Think Globally.....Act Locally!!!" is a saying we should all heed and live by.

We had a panel discussion on environmental problems facing the whole world. We realize that we must feel responsible for our own local problems, and be involved in doing the best we can in helping to correct those problems. Those on the panel included Winifred White, "Solid Waste- i.e. Sludge"; Lena McGee, "Ozone Problems"; and Frances Dear, "Recycle, Reduce, and Re-Use".

Our meeting was also a memorial to our beloved president, Mrs. Marguerite King, who died April 12 after having open heart surgery in Abilene. She was a dedicated Christian and a faithful Texas Federated Women's Club member for many years. She recently received an award as the "Most Outstanding President" of the Mesquite District. We were honored to have had her as our president for three years.

Vice-president of the club is Ruth Christ, who will be taking Mrs. Marguerite King's place as president for the remaining term.

Refreshments were served to those present, Lena McGee, Frances Dear, Janoma Stephens, Winifred White, and Ruth Christ, reporter.

Locals' Kin, Ex-Resident Buried Monday

Funeral services for Luis Rodriguez of Hale Center, former Knox City resident, were held Monday, April 19, at eleven o'clock at the Church of the Living God with the Rev. Elias Morales, pastor, officiating. Burial was in Parklawn Memorial Gardens.

Mr. Rodriguez, 66, died Friday, April 16, at 11:00 p.m. in Lubbock's Methodist Hospital following a lengthy illness.

Born August 23, 1926, in Eden, he married Dora Rivas on August 16, 1951, in Rochester. Mr. Rodriguez was a road construction worker with Reese-Albert Construction in San Angelo until his retirement in 1988 when he moved to Hale Center.

Mr. Rodriguez was a member of the Church of the Living God.

He was preceded in death by his father, David Rodriguez in February 1986.

Survivors include his wife, three sons, Felix Rodriguez and David Rodriguez of Hale Center, and Victor Rodriguez of Maggie Valley,

Cancer Drive Crusade Slated April 25 - May 1

The Knox City Unit of the American Cancer Society will hold its annual door to door Community Crusade Drive April 25 through May 1.

The residential drive will have volunteers calling on local residents for donations and to distribute literature during the designated week.

Donna Daniel is the Chariman of the drive. According to Mrs. Daniel, "The Door to Door is the backbone of our annual crusade in that it establishes our identity as a organization in every community, provides us with our greatest source of volunteer strength, offers an opportunity for one-on-one lifesaving education of our neighbors, and is one of the largest sources of crusade funds for our cancer control program in Knox County."

The American Cancer Society provides a number of services on both the state and local levels, all free of charge, with local programs administered by volunteers. Mrs. Daniel stated, "Last year in Knox County alone, the American Cancer Society provided direct patient services to cancer victims that would have cost \$5,489 if these services had been purchased. Our volunteers also provided educational materials and services to our county that totaled \$1,148. This included furnishing videos, activity kits, and educational materials to all our schools, as well as programs and clinics for adults concerning early detection, lifestyle changes, and cancer awareness."

Patient Services in the Knox Area can be obtained by Amy or Donna Daniel, 658-3766. Literature, education resources, or programs that are available can be obtained by contacting Carolyn Brockett at 658-3077.

North Carolina; two daughters, Sally Gonzalez of Littlefield and Florinda Gallardo of Hale Center; his step-mother, Domingo Rodriguez of Knox City; five brothers, Williams Alexander of Lake Wills, Florida, Connie Rodriguez of Seymour, Joe Rodriguez and Frankie Rodriguez of Knox City, and Roy Rodriguez of Abilene; six sisters, Odelia Garcia of Provence, Sammie Offield and Vallia Magana of Knox City, Stella Abila of Ranger, Rachel Vasquez of El Campo and Janie Bradford of Addison; and 13 grandchildren.

April Proclaimed Child Abuse Prevention Awareness Month

The Knox County Child Welfare Board is reminding all citizens that April is Child Abuse Prevention Awareness Month. Knox County Judge David N. Perdue has issued a resolution alerting all residents to the problems of child abuse.

Earlier this month, the Child Welfare Board presented a program on child abuse to all students in the Knox City, O'Brien, Munday, Benjamin and Goree school systems. The program was conducted by Linda Haynes, Child Protective Services Supervi-

sor. In addition to the informative program, each child was given an abuse prevention poster on "101 Ways To Praise A Child".

Staggering statistics show that the number of reports of child abuse and neglect are on the rise all over the country, as well as in Knox County. Anyone aware of a child that is being abused or neglected, please call the child abuse hotline number, 1-800-252-5400. All calls made to help a hurting child will remain confidential.

Knox County Resolution

WHEREAS, The Knox County Child Welfare Board, created by the Commissioners Court of Knox County, Texas, to respond to the needs of abused and neglected children, and other children of this county, not met by government resources; and,

WHEREAS, The Board, having, through gifts of money, time and energy from citizens of Knox County, fulfilled these duties in the past year; and,

WHEREAS, In anticipation of the need for the Board to ask again for your support and contribution in order to continue helping these children; now, therefore, be it

RESOLVED, That this Board is the proper and competent chartered group to gather funds and expend such funds when need occurs for these children, that are not met by government resources; be it further

PROCLAIMED, That the month of April, 1993, be known as Child Abuse Prevention Awareness Month in Knox County.

Representative Counts Is Energy Council Appointee

AUSTIN -- House Speaker Pete Laney has appointed Representative David Counts of Knox City as a member of The Energy Council.

The council, composed of legislative leaders from nine energy-producing states, assists in the development of federal and state policies on energy and the environment.

"As chairman of the House Committee on Natural Resources, Representative Counts has a thorough knowledge of these issues," Laney

said. "One of the most important functions of The Energy Council is to make federal policy-makers aware of the concerns of our state and I am confident that Representative Counts will do a good job of representing our state."

The council, headquartered in Irving, meets quarterly. It is funded by its member states, which are: Texas, Alabama, Alaska, Arkansas, Colorado, Louisiana, New Mexico, Oklahoma and Wyoming.

"EVERY MINUTE COUNTS IN AN EMERGENCY!"

Emergency specialists call it the "Golden Hour." That's the first hour after a major injury or heart attack when you need emergency care, and you need it quickly.

Knox County Hospital Emergency

Room ER is just minutes away from you. We're equipped to handle emergencies quickly and efficiently. In fact, last year more than 900 patients visited our Emergency Room and more than 800 were treated in our hospital. The rest were stabilized and given vital treatment during the "Golden Hour" before they were transferred to another facility for specialized treatment.

Remember, when every minute counts, Knox County Hospital - is right here.

Emergency Care Is Vital Service To Community

In emergency care, specialists know that the "Golden Hour" is often the time when lives are saved. The Knox County Hospital Emergency Room is just minutes away from any part of Knox County and therefore provides a life-saving service, Stephen Kuehler, administrator said. "Minutes can make the difference between a life saved and a life lost when an accident has occurred," Kuehler noted. "Our ER provides a vital service to the community by its very location."

If the Knox County Hospital ER was not open, trauma patients would have to travel 40 miles to Seymour or a 30 minute drive to Haskell, Kuehler said. "The time spent on the road, without the patient receiving the benefit of stabilizing care, can mean the difference in life and death for the heart attack victim, or accident victim," he said.

Kuehler noted that last year Knox County ER treated more than 900 patients. "Of those, we were able to treat more than 800 in our Emergency Room and/or in our hospital. Only 90 of those patients were stabilized and then transferred to a bigger facility. I shudder to think what would have been the fate of many of those people if our ER was not here," he said.

The Emergency Room is staffed by our local physicians and hospital personnel who have experience dealing with emergencies. "Some of our patients are not true emergencies. It may be a sick child who got suddenly worse over the weekend, or an adult who got a bad case of the flu in the middle of the night. Our Emergency Room is set up to handle that type of case as well as heart attacks and trauma from accidents," Kuehler added.

Understanding The New Terms

BY STEPHEN KUEHLER
Knox County Hospital Administrator

Every change in health care is a sure stimulus for growth in one area: the abundance of new terms and acronyms. The new health care proposals being considered by the Clinton administration has given rise to several new terms.

To keep you from drowning in this alphabet soup, here's a guide to some of the new terms:

*HIPC Health Insurance Purchasing Cooperative groups which would serve as regional purchasing agents

*AHP Accountable Health Plans Certified health care providers who agree to offer a standard benefits package

*NHB National Health Board A group of physicians, public officials, and consumers charged with defining a standard benefit package and creating standards for health insurance plans

*MANAGED COMPETITION Tax and regulatory reform to stimulate cost consciousness in the selection of a health plan and to allow providers and insurers to compete on quality and price

* GLOBAL BUDGETING A single payer system, such as Canada's, with national budget caps

* PAY OR PLAY Employers provide health care insurance for all employees (pay) or contribute to payroll taxes (pay) into a government-run health care system.
