'Trick Or Treating' Will Be Sunday Night

KNOX CITY, KNOX COUNTY, TEXAS 79529

It's that time of the year again when ghosts, goblins, witches, ninjas and a host of other strange creatures will be taking to the streets of Knox City for the annual festivities of the Halloween season. With fancies of lots of treats without tricks going through their minds, hundreds of Knox City youth will be out going door to door to show off their costumes and enjoy themselves. In the interest of safety for all those children roaming throughout the city, Police Chief Dean Homstad has asked that all trick or treat activities take place on Sunday, the actual day of Halloween. With door to door trick or treating being done on Sunday evening only, the rest of the weekend will feature other local Halloween and community activities. Those activities known to the NEWS as of our press deadline on Tuesday are as follows:

VOLUME XXIII, NUMBER 2, THURSDAY, OCTOBER 28, 1993

Benjamin Fire Department Hosts Spook House

The members of the Benjamin Fire Department are once again gearing up for their Spook House that has always been such a hit with many Benjamin and area youngsters every Halloween season. The Spook House will open on Saturday following the Fall Festival in Benjamin, and on Sunday night from 8:30 till? The Spook House will be in the Benjamin Fire Station, prices are noted in their advertisement inside this edition of the NEWS.

PTO Fall Festival Is Saturday In School Bus Barn

The PTO Fall Festival will get underway Saturday afternoon at two o'clock with a costume contest. The festival will begin at 3:00, featuring a cake walk, dart throw, face painting, putting green, bingo for both children and adults, a sponge throw, and a bean bag toss. The festival is being sponsored by the PTO as a fundraising project to purchase new playground equipment at the Knox City Elementary School. All children and adults interested in having an afternoon of fun need to be sure and be there! The festival will be held in the bus barn on the Knox City School campus. Nightmare On Fourth Street To Begin Thursday

The local unit of the American Cancer Society will be hosting a Halloween Haunted House on Thursday, Friday and Saturday in the two story house located at 600 South Fourth Street (East). Abandoned for many years, the old house has been rumored to be haunted for quite some time. Reports of late night noises and strange lights from within the building may indeed be true, especially this Thursday, Friday and Saturday. Times and prices are featured in an advertisement inside this edition of the NEWS. Since the proceeds of this event will benefit the American Cancer Society, your participation at this event is encouraged.

First United Methodist Church Bazaar Is Saturday

The First United Methodist Church will hold its annual Bazaar on Saturday, October 30, from 9:00 a.m. until 2:00 p.m. A turkey and dressing dinner will be served from 11:30 to 1:00 p.m. and the Bazaar will feature crafts and baked goods as well as 'Granny's Attic.' More information, as well as prices on two afghans to be given away are noted in their ad elsewhere in this week.s *NEWS*. Everyone is cordially invited to come by for a great meal and great bargains for those interested in getting their Christmas shopping started a little early!

Fire Department Musical Should Be Fun For All

The Knox City Volunteer Fire Department will be holding another musical as a fundraising event, with the activities scheduled to begin at 7:00 p.m. on Saturday, November 6 in the W.R. Baker auditorium on the Knox City School campus.

Featuring the ever popular 'Ma

fashion show by members of the fire department. Sure to please and draw a lot of laughs, the men will be modeling fashions from the past as well as the future.

According to Roland Marion, Knox City Fire Chief, the benefit is being held to raise funds to repair and replace some of the

Proposition 14 Is A Must For All Counties

Voters are urged to vote YES for Proposition 14, which asks voters to approve an additional \$1 billion in bonds to finance additional prison, jail and mental health and retardation institutions, according to Knox County Judge David N. Perdue.

Presently more than 24,000 convicted felons are in county jails

across Texas. The best projections and forecasts show that the present prison expansion program will be inadequate to meet the needs of Texas and the backlog of felons in county jails and early release of parolees will continue unless something is done.

Judge Perdue said, "Failure of Proposition 14 could make it nec-

essary to release violent prisoners back on the streets again. State jails, which will be constructed if voters approve the bond issue, are essential to the state's plan to increase the time served in prison by dangerous felons."

The Legislature approved Constitutional Amendment No. 14 to meet the state's obligation to take all state inmates out of county jails by September 1995. The backlog of state prisoners in county jails is over 24,000 state wide.

Shultz', the show will also headline 'Big Bertha', Brownie Tackitt, Jim Burt and the band, Jody Orangeblossom & Junior, and Tim Wheeler & the Glory Bound Singers from Abilene. The group sings gospel music from the old days.

One of the featured performances during the show will be a rural fire fighting equipment. Due to the heavy volume of grass fires during the summer, the equipment used for those types of fires is in need of repair.

Make your plans now to come out and enjoy a lot of laughs and good music while you support our fire department.

KCHS Marching Band Receives III Rating In UIL Marching Contest

Knox City High School was among the bands in marching competition in Wichita Falls last Saturday at Memorial Stadium.

In Class A, the Knox City band was rated Division III along with the Crowell band, Throckmorton and Windthorst received a Division II, and Munday, Paducah, and Petrolia earned Division I ratings and advanced to area.

In Solo I competition, Rhonda Parker earned a Divison I and Laurie Casillas a Division II.

Young Farmers To Meet Nov. 2

The Brazos Valley Young Farmers will conduct their next meeting on Tuesday, November 2, at 8:00 p.m. at the Brazos Valley Young Farmers building in Munday.

The program for this meeting will be "Controlling Wild Oats"

and will be conducted by Paul Weiser, Knox County Extension Agent-Agriculture. New memberships are wel-

come at any meeting. The Young Farmers meet on the first Tuesday of every month at 8:00 p.m. in Munday.

Fire Department Advises Readers To Replace Smoke Alarm Batteries

Lane Davis, Fire Prevention officer with the Knox City Volunteer Fire Department, has advised the *News* office that Knox City will join other departments across the nation Saturday at noon in sounding the fire alarm. This will serve as a reminder to residents to replace the batteries in their residential smoke alarms.

Davis said that he is hopeful that everyone will heed the waming and put in new batteries.

O'Brien Co-Op Gins First Bale

O'Brien Co-Op Gin has received its first cotton of the season.

Gin manager Tommy Chapman reported that John L. Grindstaff brought in 14 bales on October 1. The cotton was from one of his places southeast of O'Brien and was dryland.

Due to the rain last week, cotton harvest has been slowed considerably. Fields that had had chemicals applied to drop the leaves are greening back up.

A VOTER'S GUIDE TO THE CONSTITUTIONAL AMENDMENTS TO BE CONSIDERED ON NOVEMBER 2, 1993

SECOND CLASS NEWS USP #903920

IUMBER	SUMMARY	Arguments For:	ARGUMENTS AGAINST:
	Authorizes state to issue \$50 million in general obligation bonds to finance costs for the start-up of historically underutilized businesses and establish the Texas Historically Underutilized business (HUB) Capital Growth and Start-Up Fund. HUB is a minority owned business corporation, which is owned by one or more persons who are socially disadvantaged because of their identification as members of certain groups.	Would provice an opportunity to compete with other long- established businesses and fosters economic diversification throughout the state.	Would foster business growth for only one segment of the business community at the expense of all taxpayers and could increase debt service by \$4.5 million from the general revenue fund.
2	Authorizes the Legislature to exempt certain real and personal property acquired after January 1, 1994, from tax on goods if the property is used in reducing pollution.	Would comply that environmental law is one of the leading costs of doing business and this amendment will aid business in complying with the law. Controlling business costs and pollu- tion output would preserve jobs in Texas. Because 32 states offer similar tax incentives, Texas would compete for new and ex- panding businesses with this tax incentive. This in turn would increase revenues to the General Revenue Fund.	Would enforce the principle that laws are created to protect the public interest. The Clean Air Act is a federal law and should be fully enforced. Tax incentives should not be offered to businesses in order to bring about compliance with the law.
3	Would clear land titles to the Shelby, Frizier & McCormick League in Ft. Bend & Austin Counties. The state would relinquish both mineral & surface rights to this land.	Would protect over 146 families whose ancestors purchased the land in good faith decades ago from having to repurchase the land in order to gain clear title. The amendment could prevent costly lawsuit.	Would cost tax payers \$60,000 each time an election is needed to settle one land title dispute. It is believed other means should be used to settle these disputes.
4	Would require voter approval of any law enacted by the Legislature that would impose a personal income tax. Voters must approve the tax rate, personal exemptions & standard deductions. Revenue from the income tax would be dedicated to public education & to property tax relief.	Would maintain Texas is an attractive state in which to do business and would encourage Texas business & personal economic growth. The dedicated revenues could help solve the inequities in the school finance system.	Would tye the personal income tax to public education & reduced property taxes which would make the legislator's more likely to pass a personal income tax. Although the measure implys a ban on income tax, it may actually hasten it's implementation.
5	Would allow the Legislature to prescribe the qualifications for sheriffs.	Would require sheriffs to meet the same licensing & qualification standards that deputies & constables must currently meet. This could ensure better competency.	Would retain voter's right to decide the qualifications necessary for their county sheriff, thereby lessening state intervention in local affairs.
6	Would abolish the office of the Jackson County surveyor, whose duties would be transferred to an official designated by the County Commissioners Court.	Would abolish an office that has become expensive and unnec- essary. Although county surveyors once were an important office, large tracts of land are no longer sold by government.	Would retain voter's right to elect county officials. County surveyors act as an impartial judge to resolve disputes among other surveyors or boundary disputes between counties.
7	Would repeal certain restrictions for corporations to raise capital with respect to the issuance of stock.	Would allow Texas corporations to raise capital through new methods, thus creating a more favorable growth climate.	Would maintain a safeguard protecting consumers from fraud.
8	Would abolish the position of the McLennan County surveyor, whose duties would be transferred to an official designated by the County Commissioners Court.	This position is expensive & no longer necessary.	Would retain voter's right to elect county officials.
9	Would reduce from 2 years to 6 months the time in which all real property seized through tax foreclosure could be eligible for redemption. This would not apply to residence homesteads or land designated for agricultural use.	Governments could sell foreclosed property within a shorter time frame. Buyers are hesitant to foreclose property because the current law gives the former owner 2 years to redeem to property. Holding the property for 2 years causes loss of tax revenues.	Would maintain current policy which gives wide latitude and protection to the property owner to redeem their property.
10	Authorizes state to issue \$750 million in general obligation bonds. Proceeds would be used by Veterans' Land Board to purchase land for resale & make home mortgage loans to veterans. Would also allow the board to issue revenue bonds payable from Veterans Land Fund & Veterans Housing Assistance Fund.	Would continue one of a limited number of state benefits available to veterans by offering them low-interest rates to purchase land and homes.	Would obligate the state to use general revenues to pay the debt service if the program fails regardless of its claim and past history of being self-supporting.
11	Would require the trustees of local public retirement systems to establish operational procedures for the pension system which benefit the system's members and beneficiaries.	Would protect local public pension systems by defining the responsibilities of the trustees.	Would inappropriately involve the state in operations of local pension systems when there is inadequate evidence of a need for such involvement.
12	Would create a fourth instance in which a judge could deny bail to someone accused of committing certain offenses while under supervision of a criminal justice agency for a prior felony.	Would allow courts and judges to keep dangerous criminals in jail while waiting trial.	Would violate the principle of "innocent until proven guilty. Could further escalate prison overcrowding problem.
13	Would add Texas State Technical College (TSTC) to a list of institutions which receive funds from the Higher Education Assistance Fund.	Would give funds to TSTC as the only public institution of higher education that does not receive assistance from dedicated funds. The funds would assist in TSTC's capital expenses.	TSTC is not a 4-year institution & does not have same needs as those receiving assistance.
14	Would authorize issuance up to \$1 billion in general obligation bonds for construction and renovation of prisons.	Would give non-violent offenders a greater chance for rehabilitation & keep violent offenders in state penal institutions longer. State jails are less expensive to build & run, so more beds could be built with the money, the measure would assist in the court-ordered fines paid to counties for housing state inmates.	Would create added state debt and would cost the state \$90.6 million in debt service. Building more beds is not the answer Officials should get at the root cause of crime.
15	Would permit voters of a county to decide, at an election called by the commissioners court, whether to abolish the office of county surveyor in a county. Surveyor's duties would be transferred to an official designated by County Commissioners Court.	Would keep a position that is expensive and no longer necessary in many counties. This proposition would allow counties to vote to eliminate the county surveyor job without having to pass a Constitutional Amendment each time.	
16	Would authorize Texas Agricultural Fund to issue general obligation notes & bonds and would increase the amount of bonds issued from \$25 million to \$100 million.	Would increase availability of loans to farmers & ranchers, thereby allowing the agricultural industry to continue to grow.	Would obligate the state to use general revenues to pay the deb service if the program fails.

FMF expresses appreciation to the Texas Conservative Coalition for background information.

Citizens Bank To Provide Mortgage Services, Community Homebuyer Program

Greg Clonts, President of Citizens Bank, with offices in Knox City and Abilene, announced the development of two important new services to its customers. The bank is now offering a multitude of new residential mortgage loans including FHA, VA, and conventional loan products.

Included in these products, will be 15 and 30 year fixed rate loans with rates being competitive with most major mortgage companies. In addition to these fixed rate loans, the bank will dfer adjustable rate mortgages and seven year "balloon" mortgages. Another new product being offered is the Community Home Buyer Program which is designed to help low and moderate income borrowers qualify for home ownership. This program provides greater flexibility than standard mortgage products and can provide up to 95% financing for the purc hase d a home.

In making the announcement, Clonts said "we recognized the absence of mortgage products in our market area and we have moved to fill that void. We feel that with interest rates at historically low levels, now is an excellent time for our bank to provide this service to our community."

Interested persons may inquire about these products by contacting Sharon Cypert, Clint Jones or Greg Clonts at Citizens Bank.

It was another refreshing three day weekend. Now I can't wait till Thanksgiving break. I am marking the days off my calendar.

There are only two more football games left in the season. Some of the guys may be dreading it. Some may be looking forward to it. Through all the aches and pains, it's been a great season. The Hounds are playing the Paducah Dragons this Friday. This may be a very close game. So, if you are tired of staying home and watching TGIF then come see some real action packed Friday night football.

The band received a three rating at contest. I disagee with the decision. We deserved better than a three. But what is done is done. It's their mistake, not ours! The band including myself would like to thank Mr. Weaver for all his help, encouragement, and hard work. He is the one who made our band improve tremendously! Your time and effort are appreciated, Mr. Weaver. We hope to see you next year! Definnitely!

Fan Buses Are Planned For

Volleyball

For the upcoming volleyball playoff games, a fan bus is being planned to McMurry University in Abilene.

In the event a game is necessary on Tuesday, November 2, for the Houndettes, the bus will leave the bus barn on the Knox City campus at 5:15 p.m. arriving by the 7:00 p.m. game time.

The bus for the Thursday, November 4, bi-district game will leave at 4:45 p.m. for the 6:30 game.

Fee for the bus ride to Abilene is \$1.00 and students younger than ninth grade must be accompanied by a parent. Interested persons should contact the high school office.

HALLOWEEN SAFETY TIPS

Many Halloween-related injuries involve falls caused by environmental hazards, cumbersome costumes and masks, and burns from flammable costumes. In addition, pedestrian injuries can occur to children walking in unfamiliar neighborhoods and from motorists who are unable to see young trick-or-treaters clearly.

Parents should keep the following safety tips regarding costumes in mind:

* If a mask is worn, cut the eye holes and nose hole large enough to allow full visibility and so breathing is not hampered.

* Be certain that masks, wigs, beards and hats fit securely and are not cumbersome.

* An alternative to face masks may be the application of nontoxic face paint or make-up to the child's face.

* Look for "flame resistant" labels on costumes, masks, beards and wigs. When shopping for fabrics to use in home sewn costumes choose flame resistant fabrics. Sales people can assist in identifying these fabrics.

* Avoid costumes made out of flimsy materials and outfits with big, baggy sleeves or billowing skirts. These are more likely to come in contact with an exposed flame or candle than tighter fitting costumes.

* Do not allow children to carry knives, swords, or other props unless they are soft and flexible.

* Buy or make Halloween costumes that are light or bright enough to make them more vis-

* Costumes should be short enough to prevent children from tripping and falling. Children should always wear well-fitting, sturdy shoes.

'Trooper Joe' Urges Safety For Halloween

Halloween is usually an evening of high-spirited fun for children, but this holiday can pose special hazards to kids and motorist alike, a safety official said today.

"Children, distracted by the excitement of trick-or-treating, may forget the safety lessons taught by parents, " according to Trooper Joe Clement, Public Information Officer for the Texas Department of Public Safety.

"To ensure the safety of our kids, motorists should drive slowly through residential areas and be prepared to make emergency stops. It is also a good idea to occasionally honk your horn while driving through dimly lit streets to get the attention of children in

the area," Trooper Clement said. Parents should also provide children with flashlights which serve a dual purpose of lighting their path and making themselves more visible to motorists. A last minute reminder of basic pedestrian safety rules for children is also advised.

Homeowners can help by providing porch and sidewalk lighting where possible and try to remove any hazards in the yard that would be hard to see after dark.

"A few extra precautions on the part of motorist, parents and children could prevent tragedies this Halloween," Trooper Clement added. Let's all do our part to make this a safe Halloween.

WTU Supports Red Ribbon Week

Want Ads Work Wonders !

October is Drug Awareness Month and the week of October 23-31 is Red Ribbon Week. West Texas Utilities Company employees will be observing this week by wearing red ribbons. "We encourage everyone to join us with their support. The red ribbon is symbolic of the individual and community efforts for drug prevention education and the elimination of alcohol and drug abuse, said Kit Horne, Manager Public Relations.

The Red Ribbon Campaign was begun in 1986 in memory of Emrique Camarena. Camarena was an agent for the Drug Enforcement Administration who was killed by drug traffickers. The program has now expanded nationwide. The Texans' War on Drugs, founded in 1980, is a nonprofit organization involved with drug prevention education, and has sponsored the campaign in Texas since 1988.

In addition to the observance of Red Ribbon Week, WTU is providing Drug Awareness Activity Books to all fifth grade students in its service territory. Other businesses, civic organizations. church groups and individuals are uniting to encourage community support in order to "win the war on drugs". Remember, wear or display a red ribbon October 23 to 31 to demonstrate commitment to a healthy, drug-free lifestyle.

KC Lions To Celebrate Fifty-Fifth Anniversary

Thursday, November 4

The Knox City Lions Club is having a Fifty-Fifth Charter Anniversary celebration Thursday night November 4 in the Knox City School cafeteria beginning at seven o'clock.

Three of the original charter members are to be in attendance at this meeting. The keynote speakers will be Dwayne Spradlin of Graham. Spradlin is a wellknown speaker in Lions organizations. He is a past District Governor and a very humorous and motivational speaker. The Knox City Homemaking Class will be catering the meal.

Several of the local Lions will have parts on the program. Some of the interesting and amusing events of the past will be shared,

Walkers Brave Winds, Collect \$1150.00 Total

Twelve walkers braved the cold north wind Saturday, October 9, during the American Heart Association Turkeywalk.

Top female walkers and funds received were Donna Wojcik, ten miles and \$342.00; Annette Escobar, 63/4 miles and \$250.00; Diana Casillas, ten miles and \$205.00; and DiAnn Stewart, 21/ 2 miles and \$111.87.

Top male walker was Sammy B. White, who walked five miles.

Others participating were Peggy Guinn, Billie Jean McAuley, Sherry Powell, Stan Wojcik, Jim Wojcik, Brandon Lewis, Dorothy Jean Dykes, Carolyn Brockett and Jane Penman.

Prizes were awarded to Donna Wojcik, American Heart Walk watch, \$50 bond, turkey, t-shirt, sweatshirt; Annette Escobar, \$50 bond, turkey, t-shirt, sweatshirt; Diane Casillas, \$50 bond, turkey, t-shirt; DiAnn Stewart, turkey, tshirt; Billie Jean McAuley, turalong with musical entertainment. Jerry and Peggy Smith, new Knox City residents and administrator and activities director of the Brazos Valley Care Home, will sing as the entertainment. Tickets for the special event are \$10.00 each and may be obtained by contacting any local Lion. This will insure a reservation as an estimate needs to be prepared to submit to the caterer. Those wishing to purchase tickets and have not been contacted should call Oscar Mangis at 658-3156, Carol Felts at 658-3066 or James Patterson at 658-3779. Lions urged the community to come and celebrate 55

years of service. Lions are responsible for the City Swimming Pool, the City Park, a \$500.00 scholarship for a high school senior each year and hundreds of glasses given to needy school children over the past 55 years. The Lions display approximately 85 American flags around the city each holiday and are involved in numerous civic activities as Boy Scouts, Girl Scouts and the Noah Project. Lions are very sight conscious and are committed to eliminating preventable blindness around the world in this century.

ASCS News By John Rector County Executive Director

OCTOBER 31 - INSURANCE DEADLINE FOR WHEAT

October 31 is the final date to purchase multi-peril or Federal Crop Insurance for wheat and oats. This date has been extended from September 30 and is very important to you for disaster purposes if you made less than 35% of your ASCS yield in 1993.

Even though you have until March 4, 1994 to file for 1993 disaster, you must purchase multi-peril or Federal Crop Insurance in order to draw disaster on any crop that produced less than 35% of the ASCS yield. The insurance must be purchased by the sales closing date for the crop in question which is <u>October 31 for wheat and other small grain</u>.

<u>COTTON LOAN AND LOAN DEFICIENCY PAYMENTS</u> 1993 crop cotton is eligible for regular loan if produced on a participating farm or on eligible flex acres.

1993 crop cotton is also eligible for loan efficiency payment (LDP) or POP, as it is commonly called, due to the current world price on cotton. Eligibility rules are the same for LDP as loan.

Cotton may be placed in the regular loan or offered for LDP - but not both.

Beneficial interest must remain with the producer at the time of loan or LDP. If you have a contract on the cotton, we must have a copy of this contract. Cotton must not be invoiced out by a buyer prior to you making application for loan of LDP.

Loans and LDP's will be processed here in the county office until volume picks up - at that time grade cards will be sent to Lubbock for processing - which will mean a 2 to 3 day delay in getting your cards back from us. However, it should cut down on the time it takes for you to get your check which will still be written there.

King Co. 4-H'ers To Be In District Show

Rolling Plains Food Show December 4 At Vernon

By Peggy Rodriguez King County CEA

King County 4-H members are making final preparations for the **Rolling Plains District 4-H Food** Show to be held Saturday, December 4, at the Wilbarger Memorial Auditorium in Vernon.

In the Foods Project, 4-H'ers learn the importance of including foods from each of the basic food groups in the daily diet. They learn the principles of nutrition as they relate to health, physical fitness, and appearance as well as acquiring and demonstrating skills in planning, purchasing, preparing, and serving tasty, attractive, and nutritious meals and snacks. Four-H is the youth development and leadership program of the Texas Agricultural Extension service, a part of the Texas A&M University System.

Fire Prevention Poster Winners Announced

Winners have been announced for the Fire Prevention Poster contest held during Fire Prevention Week at Knox City Elementary. Division winners advance to the district contest to be held in Vernon. Local judges were members of the Knox City Volunteer Fire Department and district participants will be judged by members of the Vernon Regional Junior College's art class.

Also on the committee are Extension Home Economics Agents Kathryn Carnes, Barbara Fangmann, Betsy Harkey and Dian Mastin.

Guthrie Jaguars Continue To Win

Guthrie remains unbeaten with its eighth straight victory, a

48-0 decision over the Rule Bobcats.

Shane Pettit and John Lorance each scored two touchdowns.

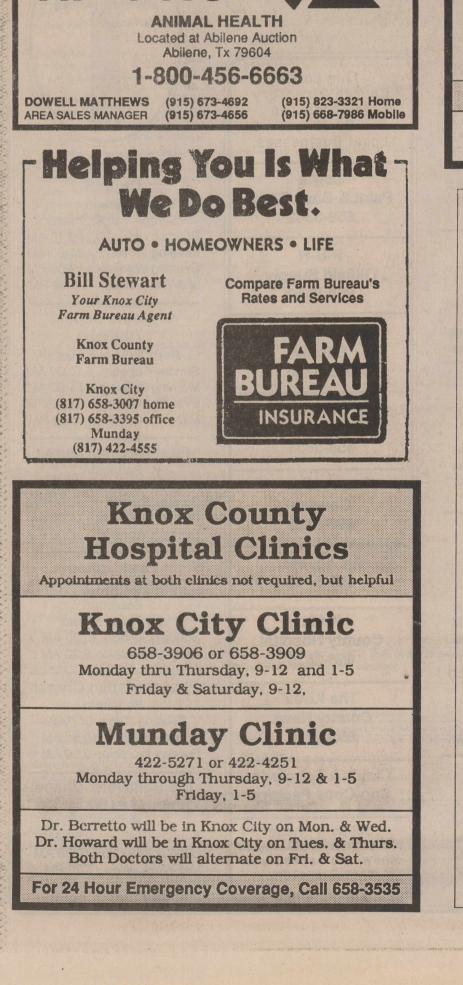

Pettit scored on a pass reception and a run while one of Lorance's two touchdowns was a 15-yard return of a fumble.

The loss dropped Rule to 1-7 for the season.

As we fast approach November 1, Mother Nature is treating us very kindly. Just couldn't ask for anymore pleasant weather - Nights are a little cool but certainly not anything we can't live with. By the time this is read, it may be terribly cold, but today (Sunday) is so nice.

Our sick friends have pretty good reports today.

Shirley Brown has had "ups and downs" this past week but nothing too out of the ordinary. Some days are worse than others but she's "hanging in there" and seems to be doing pretty well.

Darlene Benson was dismissed from a Wichita Falls hospital the last of the week since surgery on Monday. She will remain in Wichita Falls until after she sees the doctor next week. Reports are that she is doing pretty well.

FIREMEN BUILDING SPOOK HOUSE

The Benjamin VFD has been busy the past-few evenings getting their spook house ready for the Halloween weekend. It will be at the fire hall and they plan to have it open Saturday night after the Fall Festival at school and stay open til the crowd quits and then on Sunday night, 8:30 p.m. till ? Come on by and see what they have "rigged up" this year. They work hard at this annually and it is always fun, for the kids (and "oldsters" too!) NOTICE

There have been some reports of dishes that have been taken to the Ex-Student Building for various reasons being misplaced.

Bobby Hudson can't find a tray he carried food on and he sure would like to locate it. It's nothing fancy but very useful and he needs it. Also I lost an ice chest, yellow with an orange lid. It was used sometime back but I have not been able to find it. And there are some others who have misplaced items. If you know anything about any of these things, please let someone know or take them by the building on Tuesday or Thursday (that's Senior Citizens meal day).

Also, it has been suggested that on days when meals are served when there is a funeral service, that the building be left open til late on that day and maybe everyone can pickup their dishes on that day. This would, no doubt, solve a lot of problems and thanks a lot neral of his sister. We extend sympathy to all the Lyles family in their time of sorrow.
