O'Brien Happenings

By Audle Johnston

"Each Christmas our church presents a concert featuring a live Nativity scene. My five-year-old nephew was up in the balcony, not paying much attention. As the wise men began marching down the center aisle toward the manager, my brother leaned over and whispered to my nephew, "Curtis, look! You're missing it! Here comes the king!" Curtis jumped up, looked over the balcony railing and asked, "That's Elvis?"

Trooper Joe Reminds Us 'School's Out'

School's out and children are running and playing everywhere. Trooper Joe Clement of the Texas Department of Public Safety wants to remind everyone that with the Texas schools letting out our highway systems will be loaded with people taking their vacations and going to their favorite place of recreation.

Trooper Clement also reminds us that with our city driving, we need to be especially watchful for children. "With the excitement of playing, children seem to forget the rules of safety and sometimes dart into the street in pursuit of a midguided toy or ball. While driving in our residential areas be especially watchful for our smaller children," he said.

"In order to make this an accident free summer vacation, we need to take a more mature attitude towards safe driving. Let us all remember to slow down a little and live a lot by driving defensively each and every day this summer while school is out!", he added.

visited his mother, Clara Hanson and Troy, last week.

Babe and Jean Banner of Littlefield spent Saturday night with Babe's father, Berlie Banner.

Beatrice Ellis and son, David Ellis of Edmondson, were in North Carolina last week for David to deliver an ostrich he had raised to a couple there. Sammie Murry of Plainview stayed with her father Grady.

George Yarger, Sarah and Jonathan, Jennifer Eaton, David Atkinson, C.H. and Reed Underwood and I. A good meal was enjoyed by all after the "Saturday Night Live with the Lord music".

Bernice Rowan returned to her home Thursday after spending some time in Henrietta with her son, Jerry, Margaret, Julia and Angelia. She also had a doctor's appointment with her knee and

got good news on that, but it will be a while healing.

Lynn and Billie Duncan of Wichita Falls visited with Bill's mother, Bessie Duncan and Bill, Nancy and Sean Duncan, Saturday.

Alton and LaUna Hester, Elaine and Jennifer Eaton were in Amarillo Friday evening to attend the Nurse's Pinning Ceremony at First Baptist Church from West Texas State A&M University for Brenda Robinson. She and her husband Doyle live in Panhandle, Texas, and have two children, Mande 16 and Zach 14. She is the daughter of Alton and LaUna.

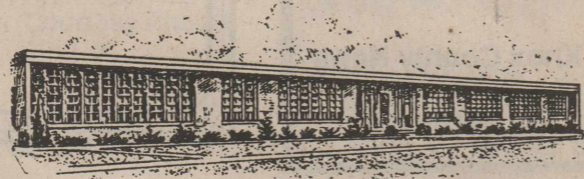

Alan and Lisa, Rebecca and Samuel Herring of Junction and Claudia Reid of Rochester visited Randy and Adelle Herring over the weekend.

"Amen! Our adult Sunday-school class was discussing formal and informal prayer, when one man remarked, "I do some of my best praying while I'm driving."

From the back of the room, in a quiet voice, the man's wife agreed. "I, too, do my best praying while you're driving."

Knox City High School Class Of 1994

DEBRA LEDESMA

January 29, 1976, in Petersburg, Texas, Mary and Manuel Ledesma were blessed with a baby girl. This little girl was Debra Jenice. Debra was welcomed into this world by her two older siblings, Pete and Michelle and was later joined by her two younger siblings, Michael and Manuel Jr.

Before Debra became active in school, her parents moved from Plainview to the small community of Knox City. Debra has lived and gone to school here about all her life.

Debra's elementary years were fun till she had to leave and move on to junior high in O'Brien. During junior high, Debra like many others, had her ups and downs with her classmates and others. Debra participated in basketball during her seventh and eighth grade years and played the clarinet in band, during all of junior high. Soon the time came to leave O'Brien and return to Knox City.

High School: every person's dream, not quite true. High school was different, but not at all like junior high, and Debra missed it at times. During her high school years, Debra participated in different activities. She played volleyball her freshman year and half of her sophomore year; was part of the KC Flag Corp and worked on the Greyhound Express staff during her senior year; and continued to play the clarinet in band all four years of high school.

Debra's favorite colors are: black, turquoise, purple and white. She enjoys listening to country and Tejano music. Her favorite songs are Neon Moon by Brooks & Dunn and

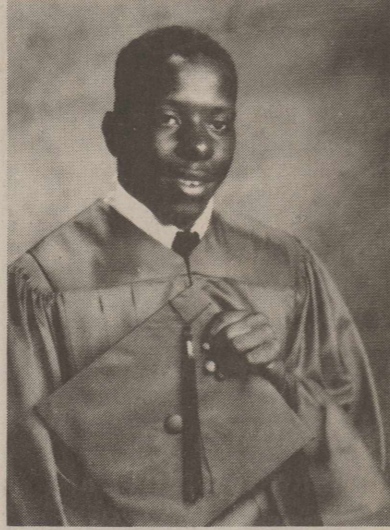

Muchachita by Tormenta. When Debra isn't working at Hatahoe, she enjoys spending her spare time with her best friend, Jake Alexander, going dancing, talking on the phone, writing letters, or being with her close friends from school.

After graduation Debra would like to attend Vernon Regional Junior College and get an associate degree in computer science or in computer aided graphics, if not take the test for one of the services. Debra would like to thank all her teachers and friends, especially Sammie Jo and Jake who are always there when she needs a helping hand and a shoulder to cry on and for everything they have ever done for her. Debra would also like to thank the Good Lord above for always being there and giving her the strength to go on. Also, she would like to give a very special and needed thanks to her parents for all their love and support throughout her whole life because without them she wouldn't be here.

1994-95 Cheerleaders Excited, Ready To Work

By GRETA WALDRIP
Cheerleader Coach

First of all, it is with extreme pleasure that I announce the results of the 1994-95 high school cheerleader elections: head cheerleader Sara Vacek. Other squad members are Heather Tilson, Christina Rodriguez, Chrystal Tankersley, Kristi Richardson, Diana Estrada and Melissa Bamard.

There was a good turnout for tryouts this year and all of the girls worked very hard in practice sessions. Thank you to the large number of students and faculty who voted at the tryouts.

Secondly, I would like to send a very heartfelt message to the community that these girls are deeply committed to working hard to build school spirit and live up to our school's proud traditions. I requested permission to increase the number of cheerleaders to seven for this coming year so that our representation can be stronger throughout the football and basketball seasons for both boys and girls varsity games. We have had serious and productive discussions about the expectations for the office of Cheerleader, and I feel confident they can be one of the finest squads in the school's history. Please lend your continued and positive support to this dedicated new cheerleading team. The girls will be out and about trying to raise funds to help with uniform and camp expenses. This is a heavy season for fundraisers, but please help in any way possible. Girls are selling ads for the Top-O-Texas magazine and we will also have a white elephant rummage sale. Please contact me at 658-3130 and we will arrange pick-up of any large items. We will be attending the High Plains Cheerleading Camp at Texas Tech University June 6-9 so that we can get an early start on practice and preparation for the coming season.

Each new year holds new promise, but the outcome depends on individual as well as group commitment. We, as a Cheerleading team, are ready to go forward with a true TEAM attitude; as athletes representing our school. Thank you to so many loyal Greyhound and Houndette supporters and hope that the community will turn

out in record numbers next year to back our athletic teams. There are many ways individuals as well as groups can help show support. With the combined efforts of student body, faculty, parents, and community, we can be a strong support system for our athletes. Especially helpful are the prayers, the positive compliments, and the little things that go "unnoticed" and often unthanked.

Again, congratulations to the new cheerleaders. I am looking forward to a GREAT YEAR.

Health care costs did not grow as rapidly in 1993 as previous years. According to the Bureau of Labor Statistics, health spending was up 5.4% last year, the smallest increase since 1973.

Taking estrogen has already been linked to reduced risk of heart disease and osteoporosis. Now a Wisconsin researcher says women taking estrogen have a significantly lower risk of developing cataracts.

Meinzer Photos Featured By Cowboy Hall of Fame

OKLAHOMA CITY, Oklahoma -- A series of photographs by a Benjamin resident, Wyman Meinzer, is featured in the current issue of *Persimmon Hill* magazine, published by the National Cowboy Hall of Fame in Oklahoma City, Oklahoma. The photographs accompany an article titled "The Everett Brothers: Bound by Birth to the Ranching Tradition," which was written by Dr. Lawrence Clayton, Dean of the College of Arts & Sciences at Hardin-Simmons University, Abilene.

The article traces the history and spring roundups on the Everett Brothers' X Ranch at Round Mountain, near Breckenridge. Meinzer participated in a recent spring roundup, photographing the myriad chores that are part of this annual ranching ritual.

The spring roundup is depicted, through Meinzer's photographs and Clayton's words, as not only a time of hard work and long hours, but also a time when the men recount cowboys tales on the old porch and add new stories to the body of oral lore that makes up part of the history of the ranch.

Carl and Jim Everett own the ranch, along with their mother, Jenny Sloan Stanley. Both Carl and Jim are graduates of New Mexico Military Institute, and major Texas universities. But Clayton quotes them as saying they prefer this life to that of the law and accounting professions they trained for. "This way of life is in our blood," Jim notes in the article. And Meinzer's photo of the mud-splattered brothers in the stable reflects that spirit.

Persimmon Hill is a 22-year-old award-winning national magazine dedicated to preserving the legends of the West. The quarterly magazine is available to the public through an annual \$35 Hall membership or an annual \$20 subscription. Contact the Hall at 1700 N.E. 63rd, Oklahoma City, Oklahoma 73111, for additional information.

Property Tax Protest and Appeal Procedures

The law gives property owners the right to protest actions concerning their property tax appraisals. You may follow these appeal procedures if you have a concern about:

- The value placed on your property.
- Any exemptions that may apply to you.
- The cancellation of an agricultural appraisal.
- The taxable status of your property.
- The local governments which should be taxing your property.
- Any action taken by the appraisal district that adversely affected you.

Informal Review

If you think that you have something wrong with the appraisal of your property, you may contact the Knox County Appraisal District. The telephone number is 454-3891. We will try to help you with these problems, but if we are unable to solve any questions that you have, you still have the right to file a protest with the Appraisal Review Board.

Review by the Appraisal Review Board

If you can't resolve your problem informally with the appraisal district staff, you may have your case heard by the appraisal review board (ARB).

The ARB is an independent board of citizens that reviews problems with appraisals or other concerns listed above. It has the power to order the appraisal district to make the necessary changes to solve problems. If you file a written request for an ARB hearing (called a notice of protest) before the deadline, the ARB will set your case for a hearing. You'll receive written notice of the time, date and place of the hearing. The hearing will be informal. You and the appraisal district representative will be asked to present evidence about your case. The ARB will make its decision based on the evidence presented. You can get a copy of a protest form from the appraisal district office at P.O. Box 47, Benjamin, Texas, 79505.

Note: You shouldn't try to contact ARB members outside of the hearing. The law requires ARB members to sign an affidavit saying that they haven't talked about your case before the ARB hears it.

Review by the District Court

After it decides your case, the ARB must send you a copy of its order by certified mail. If you're not satisfied with the decision, you have the right to appeal to district court. If you choose to go to court, you must start the process by filing a petition within 45 days of the date you receive the ARB's order. If the appraisal district has appraised your property at \$1,000,000 or more, you must file a notice of appeal with the chief appraiser within 15 days of the date you receive the ARB's order.

More Information

You can get more information by contacting your appraisal district at P.O. Box 47, Benjamin, Texas, 79505, Phone (817) 454-3891. You can also get a pamphlet describing how to prepare a protest from the appraisal district or from the State Comptroller's Property Tax Division at Post Office Box 13528, Austin, Texas 78711-3528.

Deadline for Filing Protests with the ARB

Usual Deadline

On or before May 31 (or 30 days after a notice of appraised value was mailed to you, whichever is later).

Late protests are allowed if you miss the usual deadline for good cause. Good cause is some reason beyond your control, like a medical emergency. The ARB decides whether you have good cause.

Late protests are due the day before the appraisal review board approves records for the year. Contact your appraisal district for more information.

Special Deadline

For change of use (the appraisal district informed you that you are losing agricultural appraisal because you changed the use of your land), the deadline is before the 30th day after the notice of the determination was mailed to you.

For ARB changes (the ARB has informed you of a change that increases your tax liability and the change didn't result from a protest you filed), the deadline is before the 30th day after the notice of the determination was mailed to you.

If you believe the appraisal district or ARB should have sent you a notice and did not, you may file a protest until the day before taxes become delinquent (usually February 1). The ARB decides whether it will hear your case based on evidence about whether a required notice was mailed to you.

Seymour Hospital Observing National Hospital Week May 8-14

The Seymour Hospital will launch week long activities celebrating National Hospital Week, May 8 - 14. Every year, National Hospital Week is scheduled for the week surrounding May 12, birthday of nursing pioneer Florence Nightingale. Thursday, May 12, is National Nursing Day.

"This year's theme for National Hospital Week is Building a Better Tomorrow Today," Leroy Schaffner, hospital administrator, says. "It embodies Seymour Hospital's recognition of community needs and our firm commitment to meet those needs."

"We have already begun the task of upgrading our Hospital to accomplish that commitment," Schaffner adds.

The Hospital X-ray Department was completely remodeled and a new Continental X-ray unit was installed to replace the 25 year old equipment. Additional remodeling has been completed in the Emergency Medical Unit and the South and West Patient Wings. A Physical Therapy Department was added, which many local residents have already used. The newest addition for the Seymour Hospital has been the opening of the Seymour Hospital Home Health, located in the Nacol Clinic owned by the Hospital and recently vacated by Outreach Health Services. The latest remodeling task is the renovation and enlargement of the lab.

"It is our goal to continue to

meet our community's needs. The Seymour Hospital is dedicated to patient quality of service and in order to do that we must continue to improve and progress," Schaffner says.

The Seymour Hospital is offering tours of its facility to area groups and individuals to see the improvements that have been made. Interested persons may call Betty Karr in the hospital office at (817) 888-5572 to set up a time for their tour.

Knox City High School Class Of 1994

CRIS LEE HACKER

My older brother, Cliff, had waited eight years to get a new baby brother. Finally on November 11, 1975, in Wichita Falls, Texas, he got his wish. I weighed in at eight pounds, five ounces. After two weeks my brother decided to send me back, but my mom and dad, Clifford and Sherry Hacker, said no I was here to stay.

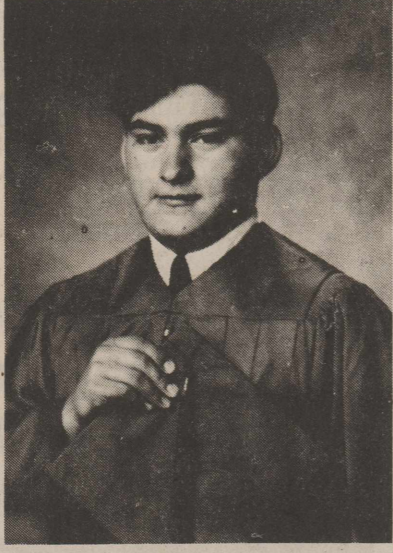

When I was nineteen months old, we moved from Iowa Park to Knox City. Then at 23 months old, I got a new baby brother that I wasn't real sure I wanted. After mom assured me that he would share everything and play with me, I decided we could keep him.

I began my school experience in preschool with Mrs. Delgado. My mom was my kindergarten teacher. The next 12 years of my schooling have gone by fast.

I was Star Greenhand in FFA my freshman year, Star Chapter Farmer my sophomore year, received the Claude Reed Memorial Trophy my sophomore year, and Lone Star Farmer Degree my junior year. I was on several judging teams in FFA. I showed pigs in the local, county, Fort Worth, San Antonio, and Brenham shows. I was FFA reporter my sophomore year. I attended the FFA State Conventions three years for being top FFA salesman. I was treasurer of my freshman and junior class.

I like working on pickups and stereos and working with my dairy cows and show pigs.

I plan to attend college in Stephenville and major in agricultural sciences. My mom and dad have been a big influence in my life.

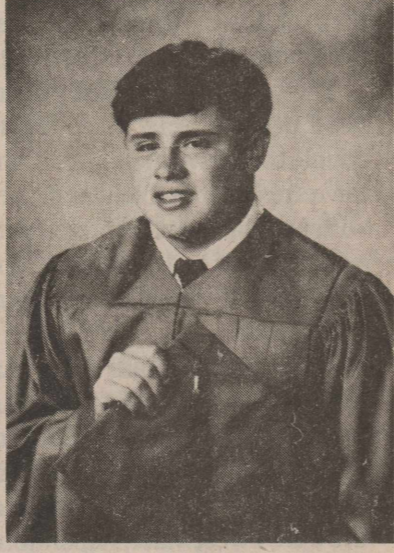

MARC ESPINOZA

On November 19, 1975, Johnny and Sylvia Espinoza gave birth to their son, Marc Espinoza, in Seymour, Texas.

Marc has lived in Knox City all his life. In 1983, his little sister Crystal Lynn Espinoza was born in Abilene.

In kindergarten, Marc was named best all-around boy. Marc has competed in many sports activities through junior high and high school. He has competed in district football and tennis for six years and district basketball for five years. Marc lettered his junior year and senior year in football. In 1992-1993, Marc was a regional qualifier in doubles tennis. Marc was also named to Who's Who Among American High School Students his senior year. Marc's favorite colors are black and blue, and he loves listening to various types of music but especially rap music.

After graduation, Marc plans to go to work until the fall, and then go to college. Marc plans to major in physical therapy at South Plains College in Levelland.

DWAYNE VASQUEZ

Dwayne Vasquez is the son of Ricky and Diane Vasquez. He is 18 years old and competed in many sports and organizations in his four years of school. He played football for four years and ran track for one. He was in the band for a year and FFA for four. He also won many awards. He won second team all-district guard his junior and senior years.

He won Grand Champion and Reserve Champion with his broilers his freshman year. He also competed in the Fort Worth, Houston and San Antonio Livestock Shows with his hogs.
