Postal Service Honors POW's & MIA's

With Issue Of Special Commemorative Stamp

The U.S. Postal Service has just released a special commemorative stamp honoring those Americans who have been prisoners of war and those still listed as missing in action from all the wars and conflicts the United States has been involved in.

Featuring a flag background and dog tags that read "POW & MIA - Never Forgotten", the stamps have special meaning to all veterans and families of those held prisoner or still missing. That special feeling of pride is evident with one local veteran who was himself a prisoner of war during World War II.

Expressing gratitude that the stamp was issued to remember all those POW's & MIA's, John B. Lippard of O'Brien vividly recalls the 42 months he spent as a prisoner of the Japanese Army during World War II. Captured by Japanese forces while serving as a United States Marine on the island of Corregidor, Moved from camp to camp, Lippard was held at Bilibid Prison in Manila, Cabanatuan in Central Luzon in the Philippines, Mukden in Manchuria and Komioka in Japan. Following 42 months in captivity, Lippard was released in October of 1942 and returned to the United States.

Prior to his being taken prisoner on Corregidor, Lippard also saw combat duty on the island of Bataan and was a survivor of the Japanese bombing of the Marine Barracks Navy Yard at Cavite in the Philippines. He also served on the aircraft carrier USS Lexington and the cruiser USS Houston.

Retiring from the Marine Corps after a total of 23 years service, Lippard served duty as both an enlisted man and as an officer. He spent 12 years in the enlisted ranks before being commissioned as

During his career in the Marine Corps, Lippard received decorations that include the Bronze Star Medal with the Combat "V", the Purple Heart Medal for wounds received on Corregidor, the Prisoner of War

Appearances Sets Grand Opening Thursday, June 1, In Knox City

Knox City's newest store, Appearances, located at 108 North Central, will hold its grand opening Thursday, June 1, continuing through Saturday, June 3, and according to the invitation in this week's paper, everyone is invited to join in the festivities.

Owner Buddy Angle said that Knox City had been good to him, as well as his family, and he wanted to re-invest in the community. Spurred by the renewed interest in the community when the Economic Development Corporation was begun several months ago, he bought the former

Jones Drug Store building and completely renovated it. He had a chance to rent the building but decided to rent space to persons interested in relocating their beauty and barber services. The remainder of the new building has been amply stocked with more than 300 apparel items including denim dresses and sportswear, dresses, short sets, pant suits, shirts, skirts, shorts, caps, and fashion jewelry. Other services include a nail technician, massage therapist, and the finest in tanning beds.

In addition to providing the town with another business, the

former vacant building now adds greatly to the looks of the downtown area. Buddy and his wife Billye are being assisted in the new store by their daughter and her family, Dave, Stacy, and Scooter Thompson.

"If our grandfathers had 'buckled under' when the going got a little tough, none of us would have had the opportunity to grow up in a fine community like Knox City," Angle said, "and I wanted to do my part in helping to see the town regain business."

Store hours will be from 9:00 a.m. to 5:30 p.m.

Dr. Boone is a graduate of Knox City High School. She is the daughter of Mary Ann Boone of Knox City and Joe Boone of Seymour.

Dr. Boone is joining the Department of Communications faculty as an assistant professor in agricultural journalism. In addition to advising and teaching students, she will be conducting research in communication vehicles. and a week later, Dr. Mankin went to Russia to assist in setting up greenhouses south of Moscow. Prior to their marriage, Dr. Boone spent five weeks in Belarus, which had been a state in the former Soviet Union. She was assisting in setting up agriculture information centers to assist the development of private farming.

And we can't forget her only aunt Debbie Taylor and cousins Cody and Beckie who all plan to do their share of the spoiling. All are doing fine.

APOLOGY

Very sincere apologies to Britany Kuehler who graduated from

kindergarten into grade school. How I managed to miss getting her name in the class roll is a puzzle to me.

Think I couldn't read my notes! But she did get into first grade and Brett Kimmel was not a member of the class!

Believe that it is the "biggest boner" I have ever pulled.

One good thing about it, I noticed it first and no one has even called my attention to it! Again, apologies to all and I'll see you next week.

FIFTH GRADE STUDENTS sold T-shirts as a class project and donated proceeds to the Knox County Child Welfare Board. Judy Perdue, board president, accepted the check of over \$500.00 on behalf of the Child Welfare Board from fifth grade class presidents, Sarah Yarger, Melissa Ruiz and Angela Roberts, during the end of school assembly at O'Brien Mid-School. Summer's Here, Kids Should Use Safety !

With the final bell announcing the end of another long school year, comes a special air of excitement. Kids will be going to the parks, swimming pools, movies and a lot may be playing in or near the streets.

Trooper Joe Clement of the Texas Department of Public Safety wants to remind Texas motorists to help take care of our kids this summer. Be especially watchful for the ones who may be playing on or near streets. Remember, in the excitement of play, kids may do things they shouldn't, such as darting or running into the roadways into the path of your vehicle. Most of our kids have been taught not to do these things, but it only takes one lapse of memory on a child's part and we may be looking over the hood of our vehicle into their now frightened eyes.

Trooper Clement also states, "There will be a lot of kids on bicycles this summer. Kids should remember the rules of the roadway and should also remember to abide by them.

Above all, they should remember that vehicles are a lot larger than they are and when competing for a space in the roadway, a three thousand pound vehicle will always win."

The Department of Public Safety not only wants you to help

take care of our children on the streets and highways, but to help them get involved in constructive things this summer.

There are a lot of good things for young people to do if we, as parents, will only look for them. Let's all help our kids have a safe, healthy, happy summer.

First Baptist To Host Men's Breakfast Saturday

The men of the First Baptist Church will be hosts for the monthly Men's Breakfast set for Saturday, June 3, at 7:00 a.m. in the church fellowship hall.

Exit Tests Are Set For Summer

The summer administration of the exit level Texas Assessment of Academic Skills (TAAS) and the Texas Education Assessment of Minimum Skills (TEAMS) tests will be conducted at 8:00 a.m. in the high school library of Knox City High School on the following dates:

- July 11 - Writing (TAAS only)
- July 12 - Mathematics
- July 13 - Reading / English Language Arts

Students who were in the 10th, 11th or 12th grades in the spring of 1995 are eligible to take any section of the exit level test that they have not yet mastered. In addition, individuals who are out of school may test at the summer administration.

Out-of-school students, enrolled students who wish to test at a site other than their home district, and TEAMS examinees will be required to register for the summer assessment.

Alzheimer's Disease is the nation's third most costly malady, according to a University of Southern California economist. The most expensive diseases are heart disease and cancer. Average costs for an Alzheimer's victim are \$33,000 to \$35,000 a year.

The Social Security Adm. will cut about 5000 jobs in the next five years as part of the government's efforts to trim costs. During the 80s, Social Security eliminated about 17,000 positions.

Beautify Your Home With a Redwood Deck

Decks have become part of the American dream house — the most desired outdoor feature on a home. And redwood is one of the major woods used because it is stable, durable and strong, yet lightweight and easy to work. It is also resistant to fire, chemicals and insects, holds finishes well, and beautiful.

Ready to start a deck project? Order the "Redwood Design-A-Deck Plans Kit," one of the best sources on planning a deck addition to your home. It includes deck modules that can be arranged on a grid, plus design options for railings, stairs and benches. For a copy, send \$19.50 to California Redwood Association, Dept. METER TAMPERING NOW A FELONY

The State of Texas has recently adopted an amendment to the State Penal Code making meter tampering a third degree felony. A third degree felony comes with a punishment of confinement in the Texas Department of Corrections for a term of not more than 10 or less than 2 years. In addition to imprisonment, an individual adjudged guilty of a third degree felony may be punished by a fine not to exceed \$5,000.

Before the amendment of the new law, it was a class A misdemeanor for meter tampering unless the loss of service was more than \$200. Under the new law, any meter tampering regardless of the amount of loss is now a felony of the third degree.

Meter tampering consists of, but is not limited to:

- (1) Diverting electricity from passing through a meter device.
- (2) Preventing electric service from being correctly registered by a meter device.
- (3) Unauthorized activation of electric service.

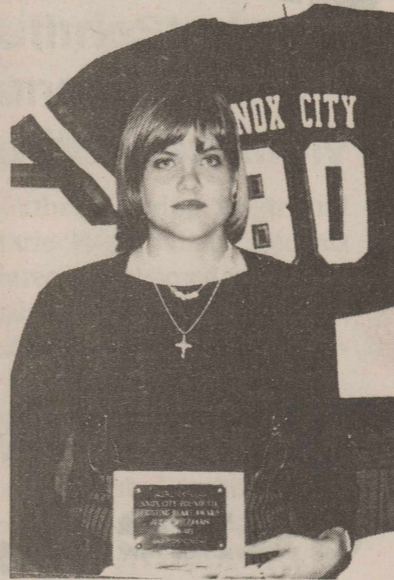

As a special note to our members, it will also be considered meter tampering if a meter is reset and electrical service is restored by anyone other than a Cooperative employee.

All Cooperative meters are sealed. This seal should not be cut or broken without special authorization. In cases where the seal must be cut for emergencies the Cooperative should be notified as soon as possible so that the meter can be resealed.
