Knox City Gets 'Turned On' Thursday Morning At 10:45

GTE Will Activate New Phone Systems & Services

Area Residents will take a giant leap into 20th century technology this Thursday at 10:45 a.m. when GTE Texas and New Mexico Regional President Kathy Harless turns on a totally new phone system here in Knox City, allowing Mayor Bud Reynolds to make the symbolic first telephone call.

Traveling to Knox City for this very special event, Kathy Harless will be very busy while she is here. Following the system activation at 10:45, Ms. Harless will also take time to talk with students in our school system. This talk is scheduled for 12:30 at the W.R. Baker Auditorium on the

Knox City School Campus. Ms. Harless's program to the students is also open to the public.

To fully brief residents on the new system and options available, GTE will be offering tours of its Knox City facility and will have a booth set up to allow local telephone customers the opportunity to sign up for the many new options available with this modern system.

Along with Ms. Harless, other dignitaries scheduled to be here in Knox City for the ceremonies are State Representative David Counts, State Senator Tom Haywood, Knox City Mayor Bud Reynolds, Oscar Gomez, GTE

Vice President of Regulatory and Governmental Affairs, David Russell, GTE Director of Public Affairs, and Hardy White, GTE General Manager of Customer Operations.

A 1972 graduate of UT, Austin, Kathy Harless has become a catalyst for change at GTE. Rising through the ranks in her 25 years with GTE, Harless is the first woman President in the history of the telecommunications company. She serves as a director on six state boards. Texas Association of Business (TAB), Texas Chamber of Commerce, University of Texas-College of Business, Dallas Citizens Council,

Dallas Woman's Foundation. She also serves as Treasurer for the Irving Chamber of Commerce.

New features being activated with the ceremonial "First Call" will be an extended calling area to and from Knox City that includes Benjamin, Haskell, Munday, Goree and Rochester. This extended calling area means calls from these towns to Knox City and from Knox City to the towns listed will all be local rate calls with no long distance charges.

Other calling features offered will be Automatic Busy Redial, Automatic Call Return, Call Block, Special Call Acceptance, Special Call Forwarding, VIP

Alert, Call Tracing Service, Call Waiting, Cancel Call Waiting, Call Forwarding, Speed Calling and Three-Way Calling. Representatives will have a booth set up at the Knox City GTE facility to explain these options and sign customers up for the options they desire. Rates and billing procedures for these optional calling features will also be explained.

This new system brings Knox City into line with any major city's phone service. Our community is the first in this part of the state to receive this new equipment, and the entire community is encouraged to be a part of the future history of our community by at-

tending the "Switching On" ceremonies.

The following is a schedule of events for Thursday's activities:

10:45 a.m. - the group will arrive in Knox City.

10:45 a.m. - Start Conversion Program.

11:00 a.m. - Start public tours of the GTE facility.

12:30 p.m. - Complete tours.

12:30 p.m. School program in the W.R. Baker Auditorium.

2:00 p.m. - dignitaries to depart Knox City.

2:00 p.m. to 7:00 p.m. Sales and demonstration booth will be open to explain and offer sign-up for desired customer options.

KC Customers Must Dial All Seven Calling Digits

SAN ANGELO - Beginning October 26, 1995, customers in Knox City will need to dial all seven digits when making local calls within the Knox City serving area.

Changes in the local calling area that will provide extended local calling to and from Benjamin, Haskell, Munday-Goree and Rochester have required modifications of equipment in the Knox City switching center. These changes require all seven digits of local telephone numbers to be dialed before a local call can be

completed.

The implementation of this service may require modification to come telecommunications equipment such as fax machines, speed calling, PABXs, key systems, automatic dialers and other equipment that may restrict or automatically dial long-distance numbers.

The service changes (NRC) for some of the new calling features will be waived for 90 days beginning October 26. To order special calling features call 1-800-346-4300.

GTE Telephone Operations is the largest U.S. - based local telephone company, providing voice, data and video products and services through more than 22 million access lines in portions of the United States, Canada, South America, the Caribbean and the South Pacific.

Based in Irving, Texas, the company had total revenues of \$15.7 billion in 1994. Its parent organization, GTE Corporation, is the fourth-largest publicly owned telecommunications company in the world.

Hounds Run All Over Wildcats

To Travel To Roby Friday Night At 7:30

Lance Dever and the Knox City Greyhounds ran all over the Crowell Wildcats Friday night on the Hounds' home turf.

Running back Dever broke loose on two long scoring runs and also caught a touchdown pass in the Greyhounds 28-0 victory.

He began scoring with a 56-yard sprint, then caught Wes Grimsley's 18-yard pass for a 14-0 first-quarter margin. He finished off the Bobcats with a 70-yard scoring run in the second quarter.

Duane Toliver accounted for the remainder of KC's scoring, catching a eight yard touchdown pass from Grimsley and kicking four PATs.

BILL'S HINESight.....By High School Principal Bill Hines

Is it important to be consistent when we discipline our children? Last summer Betty and I were camping out at the lake and I had the good fortune of being able to talk with seven teenagers who were mostly freshman. These kids belonged to three different families and from their appearance they were very street wise. When I approached their camp they were all sitting around a camp fire smoking cigarettes.

In the course of our conversation I asked them to help me write the rules and regulations for our high school campus. They all agreed that there must be rules and they must be strict. To my surprise they listed almost every rule in our student handbook. I asked them what they thought about corporal punishment. Most of them admitted that they had been paddled and that they were more afraid of this type of punishment than any other. They all agreed that this was probably the most effective form of punishment. They all felt that the most important things about discipline was to be dealt with consistently so they knew where they stood and to be treated fairly.

METER TAMPERING NOW A FELONY

The State of Texas has recently adopted an amendment to the State Penal Code making meter tampering a third degree felony. A third degree felony comes with a punishment of confinement in the Texas Department of Corrections for a term of not more than 10 or less than 2 years. In addition to imprisonment, an individual adjudged guilty of a third degree felony may be punished by a fine not to exceed \$5,000.

Before the amendment of the new law, it was a class A misdemeanor for meter tampering unless the loss of service was more than \$200. Under the new law, any meter tampering regardless of the amount of loss is now a felony of the third degree.

Meter tampering consists of, but is not limited to:

- (1) Diverting electricity from passing through a meter device.
- (2) Preventing electric service from being correctly registered by a meter device.
- (3) Unauthorized activation of service.

As a special note to our members, it will also be considered meter tampering if a meter is reset and electrical service is restored by anyone other than a Cooperative employee.

All Cooperative meters are sealed. This seal should not be cut or broken without special authorization. In cases where the seal must be cut for emergencies, the Cooperative should be notified as soon as possible so that the meter can be resealed.

September Police Report

By DEAN W. HOMSTAD
Chief of Police

The Knox City Police Department had another very busy month during September receiving a total of 296 calls and situations needing to be handled. This total included 14 actual criminal offenses, of which 12 were cleared or otherwise handled. No charges were filed in regard to the above offenses, although the six offenses that involved juveniles were referred to the Juvenile Probation Office for review and consideration for further investigation or prosecution.

Offenses Reported Include: Burglary of a Motor Vehicle - 1, Theft - 1, Criminal Mischief - 2, Assault (Domestic related) - 1, Unauthorized Use of a Motor Vehicle - 1, Runaway - 4, Harboring a Runaway - 1, False Report to a Peace Officer - 1, Injury to a Child (Domestic) - 1, Harassment - 1, Traffic Charges Filed - 11, Warnings Issued - 18, Accidents - 3.

The Knox City Police Department Reserve Officers contributed a total of 101 hours of duty and classroom time to the City of Knox City during the month of September 1995.

Other items reported to the Knox City Police Department during September are classified as incidents. These incidents either did not occur in the City of Knox City or for some other reason were not able to be considered as criminal offenses.

Incidents Reported Include: Disturbance (Domestic) - 1, Criminal Mischief (Domestic) - 1, Child Abuse - 1, Missing Person - 2, Theft - 1, Lost Property - 1.

Although the incidents are either not considered as criminal offenses or were not reported as a criminal offense, they must be investigated to determine if they are to be referred to another agency of if a record is to be made for future reference. During the month of September, all incidents were settled to the satisfaction of this department.

On September 6, the Knox City Police Department held its regular meeting during which a film was viewed on the subject of building searches. The object of the film was to give information and pointers on procedure and safety when an officer may have the need to search a building for a suspect.

On September 12 through 15, Officers William J. Curd and Harry Steen attended an Intermediate Crime Scene Search course in Wichita Falls. This was a four day, 32 hour course that offered training on personal demeanor when investigating a potential crime scene as well as what to do and what to look for. These two officers should be commended for

using their own time to further their education in this ever demanding field of occupation.

On September 21, Knox City Police Department Officers Walker, Curd, Steen and I attended a Criminal Law Update Course in Abilene. The items discussed were the new and revised laws that recently went into effect, as well as some new laws that are about to become effective.

Also during the month of September, the 1992 Ford patrol vehicle was placed into the repair shop for some minor mechanical repairs, while the 1990 Chevrolet patrol vehicle was taken to the shop three times. Two of the times were also electrical problems while the third time was for front end trouble. The actual problem was discovered to be that the front tires were deteriorating due to faulty workmanship. One of the rear tires was also suffering from the same problem. Since the tires were still under warranty, the actual cost of replacing three tires was very reasonable.

During the month of September, four of the offenses or incidents were domestic related. While domestic related calls are not fun or ideal to be called to, they are a reality and must not be ignored. At times when we are called, we are told that the abuse or problems have been going on for quite some time, but the victim didn't want to call and report it because of embarrassment or fear that reporting it will make the offender mad. When responding to a possible domestic call, the officers of this department will contact the Sheriff's Department dispatcher and advise them of what the "known" situation is. This is for the safety of the first officer on

the scene as it allows the other officers in the county to begin their response if they intend to back up the first officer. Reporting a domestic abuse or assault problem is the best action to take as "no" person has the right to assault or injure another without that person's consent. This department will make every effort to settle the problem and attempt to make suggestions for obtaining further help for the victim and offender if deemed necessary.

Local Men's Brother Dies In Rotan Accident

Services were held Friday, October 20, at 2:00 p.m. in Rotan First Baptist Church for Louis Earl Eaton, 51, brother of J. C. Eaton and Donnie Wayne Eaton, both of Knox City. Burial was in Belvieu Cemetery.

Mr. Eaton died Tuesday, October 17, from injuries sustained when a wall collapsed during an early morning fire in Rotan.

Born in Rotan, Mr. Eaton attended school there and worked as a laborer. He was member of Calvary Baptist Church and an associate member of the Veterans of Foreign Wars.

Survivors include two daughters, Esmeralda Herra of Abilene and Jodie Nicole Eaton of Rotan; his mother, Bessie Lee Eaton of Rotan; four sisters, Audrey Dyess of Abilene, Billie Jean Hanna of Graham, Betty June Stamps of Bakersfield, Calif., and Vivian Pearl Tompkins of Palestine; six brothers, J. C. Eaton and Donnie Wayne Eaton, both of Knox City, Leo Eaton of Lubbock, Robert Eaton of Waco, Carrol Ray Eaton of DeLeon, and Gary Eaton of Rotan; and several nieces and nephews.

Season's First Bale Ginned At O'Brien Monday

O'Brien Cooperative Gin ginned its first bale of the season Monday of this week.

Tommy Chapman, manager, reported that Sammy Grindstaff brought in the first bale from the Baringer place southeast of O'Brien. The field was irrigated.

The 920 pounds of seed produced a 505 pound bale with a 25% turnout.

Chapman said within the past month, his projection on the cotton crop had come up considerably due to the week of slow rains received in the immediate area that relieved the intense heat. Even though some of the fruit was thrown off, overall it benefited the dryland cotton tremendously.

Chapman said that he estimates this year's cotton crop to be about the same as last year's.

COUNTY COMMITTEE ELECTION

Nominations are being accepted for producers interested in serving on the Knox County FSA Committee.

October 30 is the final date to nominate someone by petition. If you are interested in nominating someone, come by the office and pick up a petition and return it to us by October 30.

(Any person you nominate must live in and farm in the community for which they are nominated and agree to serve if elected.)

* The Committee election has changed this year due to the consolidation of ASCS and FmHA into the Farm Service Agency (FSA) effective October 1, 1995. There is no longer a community committee. You, the producer, will vote directly for the County Committee candidate of your choice.

The election term will be as follows:

- 1 year for the "B" Community (LAA2)
- 2 years for the "C" Community (LAA3)
- 3 years for the "A" Community (LAA1)

The "A" community is everything north of the Brazos River in Knox County. "B" community boundary lines run from the Brazos River south to the county line and east to the Rhineland highway - and south of Munday to HWY 277. "C" community comprises the rest of the county east of the Rhineland highway and HWY 277 and south of the Brazos River.

For 1996 and future years an election will be held only in the community with an expiring committee person's term. The committee that you are about to elect will serve both for farm programs (ASCS) and farm credit (FmHA).

The present county committee consists of Clyde Feemster, "A" community (LAA1), Charles Escobar, "B" community (LAA2), and Mark Reed, "C" community (LAA3).

'Trooper Joe's' Safety Tips For Halloween

The month of October, cooler weather, leaves falling; all reminders that Halloween is just around the corner. For many, private parties have become the tradition, but for many others, Halloween is an opportunity to visit the neighborhood door to door.

For those who will be out collecting candy this Halloween, Trooper Joe Clement with the Texas Department of Public Safety offers these following tips:

- FOR KIDS:**
- wear light colored clothing or reflective tape so you can be easily seen,
 - make sure your costume fits well,
 - face makeup is preferred, but if wearing a mask, make sure it can be seen through,
 - small children should be accompanied by adults or older children,
 - carry a flashlight, it helps others to see you,
 - only visit homes with porchlights on.
- FOR PARENTS:**
- motorists should drive slowly in residential areas,
 - be alert, watching for kids darting into the street between parked vehicles,
 - if participating in Halloween, leave a porch light on,
 - remove obstructions in the walkways,
 - instruct children in traffic safety, such as using sidewalks, whenever possible.
 - advise children not to eat the candy until you having an opportunity to check it out.

CUSTOMER NOTICE

Pursuant to the Public Utility Regulatory Act of 1995 §§3.2532, 3.453, GTE Southwest Incorporated and Contel of Texas, Inc. have filed applications for two new services to allow: 1) holders of Service Provider Certificates of Operating Authority to resell GTE's and Contel's local exchange service to its end user customer, and, 2) Local Service Providers to resell GTE's and Contel's local measured facilities in the provisioning of their local exchange service to their end users. These services would enable Local Service Providers to offer local exchange service to their end user customer.

Persons who wish to comment on or to intervene in this proceeding concerning these tariffs should notify the Commission by November 28, 1995 in writing and refer to SOAH Docket Nos. 473-95-1207/473-95-1208 and Docket Nos. 14654/14655/14836. The comment or intervention request should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, 400N, Austin, Texas 78757. If you have questions regarding the above docket numbers you may call the Public Utility Commission Public Information Office at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

Benjamin News

By Gladene Green

We have a cool front today. Not too bad yet, except for the wind. But it's that time of the year, so guess we can expect a change.

Bill Ryder is home after a few days in the hospital. He is feeling much better and may be out and around before too long.

Lonnie Bohannon of Amarillo, son of Roger and Betty Bohannon, underwent major surgery in Amarillo Friday afternoon. He's resting pretty well, now, tho he is in a good bit of pain still. Betty is still in Amarillo with him. Roger returned home Sunday.

Lewis Lyles continues to improve; however, Betty's mom, Jo Barnett of Frederick, Oklahoma, is having some problems. Was hospitalized in Frederick but was pretty sure she would be sent to Wichita Falls for further treatment.

Young Seth Kuehler spent the first of last week in the hospital with a bout of pneumonia. He's better now, back in school and course, that's good to report. His parents are Steven and Sheila.

Again - as always - our very best to all these friends.

It's congratulations to the Benjamin Lady Stangs volleyball team who has won the district crown. It's playoff time now and we certainly wish the team well as they continue to play.

FALL FEST SET

The annual Fall Fest (I still call it Halloween carnival) will be held Saturday night, October 28, beginning at 6:00 p.m. in the gym. There will be booths of all kinds, a cake walk, Bingo and a food booth featuring drinks, sandwiches and pie. So plan to enjoy the carnival, eat your evening meal and just see who you may see. There's always a nice crowd.

The Fall Fest will end with a program and coronation of the Harvest Royalty. Voting will be done as you pay to enter the carnival. So don't forget to cast your vote for your favorites. The candidates this year are K - Julia Acevedo-Joe Bufkin, 1st - Gina McCannies - Reynaldo Solis, 2nd - Whitney Dennis-Leandro Solis, 3rd - Malia Smith-Matthew Cartwright, 4th - Lindsey Penman-Enrique Acevedo, 5th - Monica Zavala-Matthew Coffman, 6th - Jane Ann Penman - Clayton Conner, 7th - Toby Rainwater-Aaron Kuehler, 8th - Lynn Moorhouse-Justin Waldron, 9th - Kippi Northcutt-Hardy Coffman, 10th - Kathy Rainwater-Wade Pierce, 11th - Rachel Duke-Chad Rainwater, 12th-Michelle Conner-Zeke Duke.

See y'all at the Fall Fest. And by the way, the Firemen's Spook House will be open at 9:30 p.m. on Saturday night and run until the crowd "runs out". Then again on Halloween night starting about 6:30 p.m. The firemen have really worked a long time on this so drop by and see what they have done.

And a reminder - Please watch for the little Trick or Treaters who will be out Halloween. They probably will not be watching us

as they will be too busy having fun. So we must keep an eye out for them.

HERE 'N THERE

Joy and Charles Jones returned Wednesday from a two-week vacation in Ruidoso, New Mexico, and other places of interest.

Charles Hertel of Midland is here for a visit with relatives and friends.

Brandie, Cliff and Kayla Hacker visited Jonnie Williams and Mary Bohannon Sunday. The Hackers, who have been living in Stamford, have moved to Floydada.

O'Brien Happenings

By Audle Johnston

"Cooling His Heels - When my husband called to have our refrigerator repaired, he was told someone would arrive between noon and 5 p.m. that day. However, when no one had arrived by 2 p.m., my husband became impatient and called again. "I'm still waiting for the repairman," he said. "Could you narrow down the time frame a little? It would be helpful."

"Of course," the secretary cheerfully replied. "He will be there between now and 5 p.m." **HERE AND THERE**

Guests in the home of Orval and Helen Manning Saturday were their son, Royce and wife Peggy and Peggy's parents, Kash and Agnes Powers of Abilene. A birthday luncheon was given in honor of Orval and Peggy. Orval's birthday was October 20 and Peggy's is October 26. Young

men won't tell their age and old men forget theirs. The group had fun and plenty to eat.

TFWC President Dorothy S. Kemp of Corpus Christi and Bobbe Mitchell, TFWC Treasurer of Sanderson, spent Friday night with Janoma Stephens and early Saturday morning, the three went to Quanah for the fall board meeting of Santa Rosa District.

Bessie Duncan spent the weekend in Wichita Falls with her son, Lynn and wife Billie and she also saw a new grandson of Lynn's daughter Branda.

Theodore and Bonnie Poe of Waxahachie spent the weekend with Oather and Hope Poe and Betty Poe and Leonia Raby. They attended church at the O'Brien Baptist Church Sunday morning.

Visiting Vivian Hendrix over the weekend were her daughters,

Pretecia Kinzer of Grandfield, Oklahoma; LeNear and Heather Phillips of Wichita Falls, LaDacia Morris of Carrollton and John Hendrix of Gilliland.

Bernice Rowan and her daughter Debi Burson of Haskell were in Abilene Thursday afternoon.

Spending the weekend with Ranzy and Adelle Herring were their son, Aderle and wife Doris Herring; Doris' mother, Mrs. Sprayberry of Haskell; and a son of Aderle's, Ken and son of Junction.

"A friend of mine plays piano in a local restaurant. One night, I listened to him play 'Send in the Clowns,' one of my favorite songs. As he finished, a woman approached him.

"Can you play 'Send in the Clowns?'," she asked.

My friend shook his head sadly and replied, "Apparently not."

Rites Are Held Tuesday For Grady Ellis

Funeral services for Grady Ellis of O'Brien were held Tuesday, October 24, at 10:30 a.m. in the O'Brien Baptist Church with the Rev. Bill Trice and Rev. George Yarger officiating. Burial was in the O'Brien Cemetery with Smith Funeral Home in charge of arrangements.

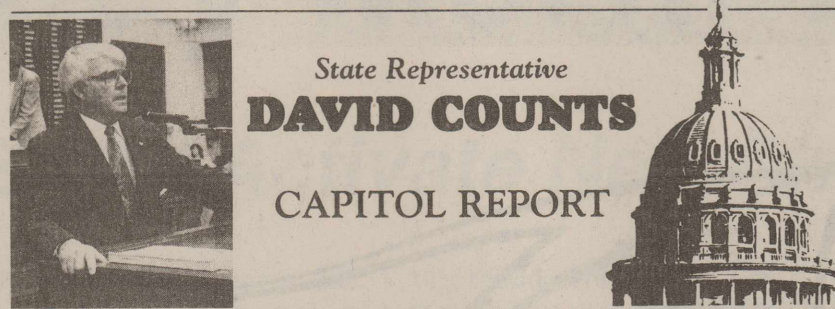

Mr. Ellis, died Saturday, October 21, in a Lubbock hospital following a lengthy illness.

Born November 2, 1906, in Stephenville, he married Beatrice Reed in O'Brien on September 28, 1934. He was a farmer/rancher and had lived in O'Brien over 60 years. He was a member of the O'Brien Baptist Church.

Survivors include his wife, Beatrice of the home; two daughters, Sammie Murry of Plainview and Sandra Childress of Ozona; a son, David Ellis of Edmondson; four brothers, J.D. Ellis of Dallas, Cecil Ellis of Minnesota, Albert Ellis of Fort Worth and Coy Ellis of Irving; two sisters, Louise Gabehart of Olton and Ila Dominey of Slaton; five grandchildren, Kevin, Reid and Kelly Murry and Martin and Julie Childress; and two great-grandchildren, Sara and Rebecca Murry.

Pallbearers were Alan Holmes, Dan Talbott, J.O. Brothers, Coy Hewitt, J.M. Emerson, R.P. Barnard and Sidney Joe Hester.

The family requests that memorials be made to the O'Brien Cemetery Fund, O'Brien, TX 79539.

State Representative **DAVID COUNTS**

CAPITOL REPORT

VOTERS TO DECIDE AMENDMENTS

Over the past few weeks, I have enjoyed getting to visit with a number of you throughout the district in regards to the upcoming Constitutional Amendment election set for November 7, 1995. As you may be aware, early voting started on October 18, and will continue through November 3, 1995. Remember, you do not need a reason to vote early any longer. I know with many people's hectic work schedules it may be difficult to vote in person on November 7, so I would encourage everyone who has a conflict to vote early.

Unfortunately, only around 20% of registered Texas voters turn out for constitutional amendment elections. In fact, in 1993, only 12.5% of Texas voters made their voices heard on a number of important issues, including their views on a state income tax.

This year the Secretary of State has already predicted a low voter turn-out, but it is my hope that folks in District 70 will prove that prediction wrong with your presence at the polls.

Over the past few weeks, I have provided information on a number of the amendments in regards to bond proposals, abolishing state offices, veterans issues, and tax proposals. This week, I would like to focus on a couple of amendments that you probably have not heard so much about.

Amendment 9 would allow the investment of money from the Texas growth fund in a business without the business's disclosure of investments in or with South Africa or Namibia. The Texas Growth Fund was created in 1988 as a way to invest Texas funds, and provide capital for Texas businesses. The provision requiring disclosure of dealings with South Africa and Namibia was made in protest to the system of apartheid. Due to the recent free elections, the system of apartheid has been dismantled in these countries and making this provision unnecessary. In addition, eliminating this requirement would save the state the collection and processing costs this documentation. So far there has not been opposition to this amendment.

Amendment 11, would allow open spaced land used for wildlife management to qualify for tax appraisal in the same manner as open-space agricultural land. Arguments for this change include the idea that wildlife management is a form of agriculture, and doing so would encourage the use of land for wildlife management and conservation.

Arguments against the proposition include the argument that this provision regarding land appraisal was meant solely for farm or ranch purposes and that change would discourage better uses of property, as well as, shift property tax burdens to other landowners.

Everyday, folks talk about not having a voice in their government or the actions it takes. I hope each of you will take part in shaping your state policy by voting this November 7.
