eternity of remorse . . . There is no degree of sin in the sight of God . . . God's children are made to smart when they sin . . . But woe to the man who sins without pain: for he feels no correction and sinneth again . . . Sin is not hurtful because it is forbidden, but it is forbidden because it is hurtful . . . The sin that robs God will rob your soul of God . . . There is more evil in a drop of sin than in a sea of affliction . . . Sin can keep you from the Bible and the Bible can keep you from sin . . . Sin is the greatest of detectives: be sure it will find you out . . . The trouble with a little sin is that it won't stay little . . . The biggest trouble with sin is the I in the middle of it . . . And the easiest thing to confess is the neighbor's sin . . . Sin is a clinched fist and its object is the face of God . . . Sin has a medium of exchange that trades in sorrows, disillusion and death. (A preacher recently announced there were 726 sins. He is now being besieged by requests by people who think they are missing something. Could this be a description of our present society?)

The seven modern sins: politics without principles . . . Pleasures without conscience . . . Wealth without work . . . Knowledge without character . . . Industry without morality . . . Science without humanity . . . Worship without sacrifice.

Finally: the wages of sin is death . . . Thank God we can quit before payday!

WHEN A MAN'S A MAN
 When a man's a man, he doesn't lie, and he will not play the cheat; And he doesn't look with scornful eye at the beggar on the street; And he doesn't brag of the things he's done or talk of lands of gold; When a man's a man, you will find my son, that he's gentle with the old.

When a man's a man, you will find his friends not all of chosen few; He never talks of the help he lends or the good deeds he may do; He never jests with a woman's name, nor sneers at the men who fail; And a Dog, a pat from his hand may claim, if he only wags his tail.

When a man's a man, he will never shirk the task that his hand may find; He is never too big for the long day's work, too busy to be kind; He never sneers at the faith you'd hold, never needless hurt he gives; When a man's a man, it is plainly told by the gentle way he lives.

Letter to the Editor

The nursing staff, physicians and other employees of Crosbyton Clinic Hospital are deeply saddened over the loss of one of their friends and fellow employees, Penny Womack, who was killed in a motor vehicle accident at Wichita Falls.

Penny lived in Floydada and had worked as an RN in the Crosbyton hospital since April of 1993.

In that short period of time Penny made a lasting impression on everyone around her. Penny was a favorite of the nursing staff, physicians and the patients. She was always so warm and cheerful and always smiling. She was loved by everyone who knew and worked with her. Penny was one of the warmest, most congenial, most understanding and most pleasant

persons we've ever worked with.
 Her warm and caring attitude was only exceeded by her excellent nursing skills. She was well liked and respected by all the physicians, having been one of the most efficient and competent RNs this hospital has ever had.
 There are no words to describe our heartfelt sadness. Our condolences go out to Penny's family and loved ones. She will always have a special place in the hearts of everyone having known her.

their hair. Some girls don't tease it at all any more. Mohair sweaters, shifts, long-sleeved blouses, ski boots, stretch pants and fur-collared coats are all the rage with the girls of SHS. The boys are being seen in bulky sweaters, loafers and the old favorite, western clothes. Steadies probably have sweaters or shirts to match . . .

EXTENSION TOPICS FOR TODAY

Briscoe County Extension Agent

Family Matters

"Family Matters" is a bi-monthly newsletter which will be offered to interested persons by the Briscoe County Extension Service. The newsletter will offer suggestions on learning how to understand children of any age.

Each issue of "Family Matters" will address a different topic relating to the development of parenting skills. These topics will include developing family communication skills, effective parenting techniques, conflict management, guidance vs. discipline and building family strengths. The newsletter will be mailed free of charge to anyone who notifies the Briscoe County Extension Office of their interest in receiving the newsletter. You may call us at 823-2131, Ext. 12, or write to us at P. O. Box 730, Silverton.

The prevalence of dysfunctional families is far too common in today's families. It is up to each of us to do our part in helping the children of today to be brought up in families which are warm, safe and loving. The development of effective parenting skills can help to alleviate the problems of low-self esteem, teen pregnancy and substance abuse in children.

I hope each of you will take advantage of this opportunity to show how much your "family matters." Educational programs of the Texas Agricultural Extension Service are open to all citizens without regard to race, color, sex, disability, religion, age or national origin.

New Books Continue To Be Added to Shelves in Library

New paperbacks in the Silverton Library this week:

"The Enchanted Land," Jude Deveraux. When they were apart it was a wilderness. When they were together it was The Enchanted Land. The story of a woman who could not be conquered, a love that was never forsaken, and a land that will not be forgotten. Setting is New Mexico.

"Listening Woman," Tony Hillerman. The state police and FBI are baffled when an old man and a teenage girl are brutally murdered. The blind Navajo Listening Woman speaks of ghosts and witches. But Lieutenant Leaphorn of the Navajo Tribal Police knows his people as well as he knows cold-blooded killers. He meets the most violent confrontation of his career.

"The Deer Leap," Martha Grimes. All roads don't lead to the village of Ashdown Dean. The one that did, led

writer Polly Praed right to the police station—to be questioned about a corpse. Three roads led away from the village: one to a sinister laboratory on the edge of town, another to LaNotre, a rundown mansion where an aging dowager lives with her mysterious teenage ward. The third took them to the Deer Leap, a pub where they would discover a chilling old crime and a brand-new way to die.

Your library is located in the basement of the Briscoe County Courthouse, and is open Tuesday mornings from 8:30 until 11:30, and Tuesday and Friday afternoons from 2:00 until 5:00.

PTA Meets Next Thursday Night

Silverton PTA will meet next Thursday, February 17, at 7:00 p.m. in the school library. This will be the regular time to elect a Nominating Committee, which will be responsible for presenting a slate of officers for election at the March meeting.

Winners of the local "Reflections" contest will be announced. The local winners' entries have been forwarded for district competition, with these results expected soon.

The local PTA's existence depends

upon the members' support, which will be vital in the coming months as preparations are made for observance of Teacher Appreciation Week.

Every member is urged to make an effort to attend the meeting, and help organize the coming activities.

WHERE THE CUSTOMER COMES FIRST.

Leland Wood was a winner in the calf scramble at the Fort Worth Exposition and Fat Stock Show, and was pictured as he received his \$500 certificate from Ed Bass.

Local Youngster Wins Big at Fort Worth Calf Scramble

Leland Wood of the Briscoe County 4-H was among eight winners at the Fort Worth Calf Scramble during the 2:00 p.m. performance of the Southwestern Exposition and Livestock Show Rodeo Wednesday, February 2, in Will Rogers Coliseum. Featured during each of the 28 performances of the Stock Show Rodeo, the Calf Scramble includes participants from 4-H Clubs and FFA Chapters from across the state.

Wood, son of Ken and Nancy Wood of Silverton, will be presented with a certificate valued at \$500 for successfully catching, haltering and leading a calf to the scramble judges. The sponsor for his effort will be Russel DeCordova of Groesbeck.

After purchasing heifers of their choosing, winners must follow a set of Calf Scramble guidelines and return to show their heifers in the Junior

Division of the 1995 Southwestern Exposition and Livestock Show. In addition, they have an opportunity to share in a \$20,500 scholarship fund for use in their freshman year at college. Scholarship selections will be based on points awarded for correspondence with the sponsors and the Stock Show office, record-keeping on each heifer, results from showing here next year, and an essay outlining future goals.

Title sponsors for this event are Tarantula Railroad and Justin Boots. Justin awards a pair of boots to the scramblers who do not catch a calf.

"We are pleased to make this contest available to Texas youngsters with the hope they will be encouraged to continue their education in the field of agriculture," said W. R. Watt, jr., Stock Show president/manager. He also voiced a note of "appreciation to the 224 individuals and businesses who band together to help sponsor this opportunity for our state's youth."

Following the announcement of final marketing figures for calendar year 1993 Lubbock-based Plains Cotton Growers says the final 1993 Upland Cotton Deficiency Payment rate will be 18.6 cents per pound.

USDA has not officially announced the final payment rate; however, county ASCS offices have received the information and were in the process of printing checks to be mailed the week of February 7. It is expected that official word of the payment rate will come in the next few days.

"Based on an 18.6 cent final payment rate producers who asked for, and received, the 10.275-cent advance payment will receive a final payment of 8.3 cents per pound," notes Donald Johnson, PCG Executive Vice President. "Coming on the heels of an excellent 1993 crop, the final payment should really help producers establish a firm financial basis for the 1994 crop."

Upland cotton deficiency payments are calculated as the lesser of the difference between either the 52.35-cent 1993 cotton loan rate or the weighted average price received by

producers from January through December and the 72.9-cent target price set by the Secretary of Agriculture. The maximum possible deficiency payment rate for 1993 is 20.55 cents per pound.

PCG's calculations are based on final upland cotton marketing statistics released January 31 by the National Agricultural Statistics Service. The figures showed December marketings totaled 3.063 million bales. The weighted average price received by farmers in December totaled 57.1 cents.

Final marketings for 1993 totaled 14.509 million bales. The weighted average price received by farmers settled at 54.3 cents per pound for the year.

PCG officials also note that USDA has not announced all of the provisions that will make up the 1994 cotton program. Final word is expected in the next week to ten days.

Revised marketings and the cents-per-pound farm prices for January through December 1993 are included in the table.

ON VALENTINE'S DAY LET'S REMEMBER WHAT TRUE LOVE MEANS

Now true love is a word that we often have heard,
 And yet seldom know how to display,
 For it's not very hard to send someone a card,
 With a message of love to portray;
 But its origin springs from a number of things,
 With a meaning that's hard to convey.
 Now to do a good deed for some person in need,
 Our religion will show us the way:
 Such as helping the poor as a way to be sure
 That the rules of our faith we obey.
 So wherever you go, if you let your love show,
 That's the spirit of Valentine's Day.

CARDS OF THANKS

Birthday parties are wonderful! Especially 80th ones. My children and grandchildren will never know what a wonderful day they gave me, and to make it even more special was the eighty-eight dear friends and relatives who registered.

I want to say a special thanks to those who sent gifts and the beautiful cards and especially to those who took the time to come by for a handshake and a hug. People in Silverton are so special and dear.

Jo Hamilton

We would like to thank everyone for the flowers, cards, calls and memorials in the passing of our Dad and Grandpa. Words cannot express the sincere appreciation and thanks we feel for all our friends and all the people of Silverton who helped us in this time of sorrow. Thank you all.

Frank, Janice and Sara Kirchoffner

Dear friends,

All the kind things you have done and the concern expressed in so many ways at the death of my mother have blessed us and been appreciated very much.

With love,
Ben and Pat Whitfill and family

Thanks for the cards, phone calls and prayers. May God keep you in His great love.

Lois Ziegler

I want to thank everyone for the visits, cards, flowers, food and prayers. A special thanks to those who had a part in getting the hospital bed set up for me, and to Danny and Matt for getting me into the house.

Many thanks to my family members who have helped in our home.

May God bless each deed of love.
Elton Cantwell

I never knew until this week how important my friends are and how special they are. I appreciate the flowers that my class and the student body sent. Thanks to all of you who came out to the house and came to my mom's funeral.

Kevin Womack

Our family has lived with so much hurt and pain this week when we buried Penny. The only thing that has held us up and helped us get through this has been our friends and family who have reached out to us. You have all called, come by, brought food and flowers. You've stood by us, hugged us, and cried with us. Thank you for your love and prayers.
