VOLUME 86

NUMBER 40

All Around
 The Town

BY MARY ANN SARCHET

Quitaque to Have Fall Foliage Tour Activities

The Friday afternoon we heard that Jack Strange had been taken to the hospital in the ambulance, we spent some time thinking about our banker and our local bank. We are grateful to them for all the ways they have helped us during the 35 years we have lived in Silverton, but you know this isn't the thing you just walk up to someone and say. Sometimes the words we would have said don't ever get said because the opportunity passes without our ever getting around to it.

Jack is back at the bank again now, and says he is feeling fine. And now I'm going to say it: Thanks so very much for all the ways you've helped us keep going through the years. We don't think we could get along without you, Jack; please don't make us try.

On the subject of banks, bankers and words that should already have been said, we also owe a word of appreciation to our friends at the First National Bank in Quitaque. They also have been very good to us through the years, and we appreciate their business and friendship more than we can say.

If there is anything YOU need to say to someone, don't let the opportunity pass. Sometimes we don't have as many tomorrows as we think we do. All the flowers and tributes in the world don't mean nearly so much as heartfelt words that can be said to the living.

Two chartered buses will take our high school students to Six Flags Over Texas Saturday. This is a reward for "work well done" last school year.

They will get to Six Flags just in time for the start of the 1994 Fright Fest. Special holiday events will include Arania's 13 Rooms of Doom; Dr. Blood's Experiments in Terror; Dr. Blood's Fantom Funhouse, and Maze of the Lost Pharoahs.

There will be "Arania's Haunted Highway," where you can take a drive down a haunted highway filled with thrills and chills. Also "The Creepy County Boo Choo" which is a festive and not-too-frightful train ride around the park. "Welcome To My Nightmare" will be presented in the Southern Palace featuring Arania, the Black Widow Bride, and her exotic search for husband #14.

The boys and girls are bound to have a good time.

And incidentally, Mr. Kirchoffner told me this week that the school had an 8% failure rate for the first six weeks. Since some students failed more than one class, it really involves fewer people than that indicates. There were 22 out of the entire school who failed.

Some of the lower grades which had no failures got special treats for doing well.

I know you are just as proud of our school boys and girls as we are.

The Quitaque Chamber of Commerce invites you to attend the Second Annual Fall Foliage Tour along the new Caprock Canyons Trailway on October 22.

Again this year a motorized tour will take visitors up the scenic Caprock

route. You will travel along-side spring-fed Quitaque Creek and pass through the only railroad tunnel in Texas. On the bridge that spans Los Lingos Creek you will hover five stories above gigantic golden cottonwoods, where wild turkey, deer and other wild game

can often be seen in their natural habitat.

Work has now been completed on the twenty-two bridges, and tours will be available all the way to the top of the Caprock, a climb of approximately 700 feet. Above the railroad tunnel the scenery is absolutely gorgeous, and it should be at its peak on October 22.

There will be a number of other activities in Quitaque throughout the day, which includes the historical tour of homes from 10:00 a.m. until 5:00 p.m.

Lunch will be served by Roye Pigg at the Quitaque Community Center beginning at 11:00 a.m., and there will be a delicious soup and salad lunch with hot rolls and fresh home-baked pumpkin desserts. This should be a real treat for everyone.

There will be a place to relax and enjoy a cup of coffee or soft drink all during the day at the Senior Citizens building, and down the street at the First National Bank, the Quitaque Lions Club is sponsoring a Health Fair that should be interesting and beneficial for those who attend.

Visitors also are invited to stroll up and down Main Street and view Quitaque's unique Sidewalk Museum. Sometime during the day you'll want to visit beautiful 14,000-acre Caprock Canyons State Park, which is located just three miles north of town on Highway 1065.

Mark your calendar now to attend the Fall Foliage Tour in Quitaque on October 22, for it will be an exciting day for everyone.

Commodities To Be Given Here

Commodities will be given to those who are eligible and certified to receive them on Thursday, October 13, from 9:00 until 10:30 a.m. at the showbarn in Silverton.

Please bring a box or bag in which to carry home your commodities.

evening and/or throughout the mail will benefit the American Cancer Society.

In 1993-94, the American Cancer Society reached 14 patients in Silverton, Quitaque and Turkey with equipment, gift items, information and personal support.

For more information on this and other American Cancer Society programs and services, please contact the Amarillo office at 353-4306. The American Cancer Society is the nationwide community-based voluntary health organization dedicated to controlling cancer through research, education and service.

Club To Have Christmas Arts & Crafts Jubilee

You Must Register To Be Able to Vote in '94

The last day to register to vote is October 9, 1994. Contact Betty Ann Stephens, Voter Registrar of Briscoe County, for an application.

You must mail your card 30 days before any election in which you wish to vote. If you already are a registered voter in Briscoe County, it is not necessary to register again.

New Exhibit To Open Saturday

The Panhandle-Plains Historical Museum will open a new exhibit, "Charles Goodnight: The Man from Lonesome Dove?" on Saturday, October 8. The display will include a larger-than-life bronze sculpture of Goodnight by Grant Speed as well as personal items that belonged to Goodnight and his wife, Mary Ann Dyer Goodnight.

Goodnight and his wife became the first permanent Anglo settlers in the Panhandle in late 1876 when he moved a herd of Durham cattle into Palo Duro Canyon and established what became the JA Ranch. The exhibit text suggests that Texas-born writer Larry McMurtry used the historical Charles Goodnight as the basis for his character Woodrow Call in the novel *Lonesome Dove*. Published in 1985, *Lonesome Dove* won the Pulitzer prize for fiction and became a popular television mini-series in 1989.

Halloween Carnival Planned October 29

Progressive Extension Homemakers are now accepting reservations for booths at the Halloween Carnival to be held October 29 at 7:00 p.m. at the Showbarn.

To reserve booth space, call JonEtta Ziegler, 823-2242.

Plan now to reserve a booth at the Progressive Homemakers Christmas Arts and Crafts Jubilee to be held on Saturday, November 12, 1994, at the showbarn in Silverton. Show hours will be 9:00 a.m. to 5:00 p.m.

To reserve a booth you may write to Bena Hester at Box 401, Silverton, TX 79257, or call (day) 806-823-2131, (night) 806-823-2093 and request a registration packet. All booths are being assigned on a first-come, first-serve basis. Deadline for registration is November 5, 1994.

Included in this year's show will be the addition of the Jubilee Arts & Crafts Workshops. Four workshops will be scheduled throughout the day. They will be *Photo Safe Picture Albums/Scrapbooks* by JonEtta Ziegler; *Creative Christmas Gifts from the Kitchen* by Ronda Alexander; *Yucca Pod Angels* by Caprock Floral; *Yesteryear Christmas* by Angela Bohannon. All of these workshops will be limited to the first 15-20 people to attend. You may call for more information on any of these workshops.

There will be a visit by Santa Claus for all the little ones at 3:00 to 4:30 p.m. Pictures with Santa will be available for a small fee.

40-2nc

Cancer Volunteers Prepare For a Party

The Briscoe Unit of the American Cancer Society will be having its annual reception Saturday, October 29, from 7:00 until 10:00 p.m. at "Rogers Roost", the home of Mr. and Mrs. J. T. Rogers. Attendees will enjoy finger foods, music and tours of the Rogers' beautifully-remodeled farmhouse.

Organizers are in the process of updating the mailing list and want everyone to have the opportunity to attend. Interested persons who are new to the community or have not received an invitation in the past are encouraged to contact Delene Tyler at 455-1109 by October 11. There is no cost to attend, and all contributions made during the

Most Precious Book

What is your opinion about the most precious book in the world???

The reason people are down on the bible is because they are not up on the bible . . . Even the devil is not afraid of the bible that has dust on it . . . The bible grows more beautiful, as we grow in our understanding of it . . . Livingstone said, "All that I am I owe to Jesus Christ, revealed to me in His divine book" . . . John Wesley said, "I am a bible bigot. I follow it in all things great and small" . . . Angels from their realms on high look down on us with wondering eye, that where we are but passing guests we build such strong and solid nests, but where we hope to dwell for aye we scarce take heed one stone to

lay . . . Sermons come out of a man's life. Good preaching depends more on what a man is in himself than on academic preparation, accumulated reading, or the experience of years . . . Better that your heart should have no words than that your words should have no heart . . . God had an only Son, and He was a missionary! . . . When the Lord puts a burden upon you, He will put His arms underneath you . . . Plenty of people are willing to give God credit, yet few are willing to give Him cash . . . A great many people would rather state their discontent instead of being content in whatsoever state they are in . . . I suspect that if parents would spend as much time praying for their children as they do worrying about them, fewer of them would go astray . . . When you pass an unsaved man do not forget that you may be the cause of his condition . . . Abraham Lincoln once said, "Kindness is the only service that will stand the storm of life and not wash out. It will wear well, look well, and be remembered long after the prism of politeness or the complexion of courtesy has faded away" . . . We all need to be careful of our thoughts; they may break into words at any time . . . We need to improve our perspective also . . . When Goliath came against the Israelites, the soldiers all thought, "He's so big we can never kill him." David looked at the giant and thought, "He's so big that I can't miss him" . . . To be distressed, look within; to be defeated, look back. To be distracted, look around; to be dismayed, look before. To be delivered, look to Christ; to be delighted, look up! . . . Trouble may drive you to prayer, but prayer will drive away trouble.

Pharmacy Needs

Family records are accurately kept for each member of your family. When a refill is needed, your prescription will be correctly compounded from this data.

Voter Registration is Target of Chief Elections Officer

Secretary of State Ronald Kirk, chief elections officer for the State of Texas, announced his strategy for increasing voter registration and participation during the upcoming general election Tuesday, November 8, 1994.

"It is my primary goal as Secretary of State to increase voter registration and participation for the upcoming election. I'm attempting to dispel the popularly-held fiction that one's vote does not really count, when in fact your vote is your voice in government," Kirk said.

To accomplish increased voter registration and participation, Kirk will be working closely with the county elections officials as well as business and community leaders within each area in a grassroots effort called the Ambassador program. All 254 counties have been invited to participate in the program; however, the secretary of state's office has targeted those counties that have shown a decline in voter registration, participation or experienced a large voter registration purge.

On August 16, 10.4% of the registered voters in Texas were removed from the voter registration rolls. Most deletions were due to the fact that voters failed to update their addresses on their voter registration cards. "I strongly urge all Texans to update their voter registration, especially if you have moved in the last six months," Kirk said.

In recent years, the percentage of registered voters in Texas has increased. Unfortunately, fewer voters

than ever actually go to the polls. In 1990, during the last gubernatorial election, only 50% of the registered voters voted. "I feel strongly about participating in the electoral process. I want to stress the state of emergency Texas is in and encourage the citizens of Texas to step up to the challenge of democracy as they determine the direction this state and nation will take as they cast their ballots," Kirk said.

Governor Ann W. Richards, through proclamation, designated September 24-October 1 as Voter Registration Week in Texas. The deadline to register to vote is October 9; however, applications postmarked October 11 will be considered timely. Kirk will be traveling across the state up until the voter registration deadline raising public awareness of the importance of participating in the electoral process.

Texas allows a minimum of 13 days of early voting, which begins October 19, and ends November 4. Texans do not need an excuse to cast their ballots early. Voters should contact their local county elections official for detailed information regarding dates, times and locations early voting will be conducted in their county.

Courthouse Offices To Be Closed Monday

County Courthouse offices will be closed Monday in observance of Columbus Day.

Also closed will be First State Bank, the Post Office, City Hall and Silverton ISD.

Go Owls!

Mr. and Mrs. Zane Mayfield are the parents of a daughter, Morgan Bryn . . .

October 3, 1974—Football Queen to be crowned Friday night . . . Ambulance Service seeking donations for building new garage . . . Junior High Owls earn big 26-13 win from Wheeler Cubs . . . Bertha Pavlicek seeking re-election as write-in candidate . . . Matador publisher Douglas Meador buried Sunday . . . Little Dribblers being considered here . . . CowBelles have luncheon and style show at Plainview Country Club. Among the models were Mrs. Joe Bomar, Mrs. J. C. Rhoderick, jr. and Mrs. Pat Northcutt . . . Lions Club needing volunteers to help re-shingle Scout Hut . . . Mr. and Mrs. Oscar Weaks and Victor have been in Houston as guests of Mr. and Mrs. Len Gilmore. They went to the Astrodome for a game between the Astros and the Braves. Victor and Len also went

fishing in the Gulf of Mexico off Galveston island . . . Clayton and Jan Wood have been visitors here this week . . . Jackie Vaughn, Jace Francis, Wes Fleming, Merle Roehr, Mitchell Roehr, Kent Holt and Gary Younger represented Silverton FFA at a Tractor Pull in Plainview Friday . . . Ted Wilson, Barry Francis, Ken Sarchet and Randy Clay were in Lubbock Saturday to attend the Texas Tech vs. Texas University football game . . .

October 1, 1964—Mr. and Mrs. John Luther Garner were traveling west on Highway 86 when their car was involved in a head-on collision with a pickup driven by Ron McCann of San Angelo . . . Mmes. Joe B. Mercer and J. Lee Francis spent Friday in Lubbock with their sister-in-law, Mrs. J. R. Steele, a patient at Methodist Hospital . . .

. . . Mrs. John T. Francis and Milton Frizzell were given a surprise dinner in observance of their birthdays Sunday by Mrs. Frizzell . . . Mrs. Ben Whitfill underwent surgery in the Plainview Hospital Tuesday morning . . . Mr. and Mrs. Ted Strange returned home Friday afternoon from Dallas where he recently underwent surgery . . . Mr. and Mrs. Wayland Fitzgerald's 1963 Appaloosa Stallion, Domino Rusty, won first place at the Tri-State Fair in Amarillo last week . . . Mr. and Mrs. Charlie Parker, Brit and Susie spent the weekend in Amarillo with Mr. and Mrs. James McGowen . . . Monty Smith, Silverton's big fast fullback, received a knee injury in practice last week which necessitated surgery . . . The Owls traveled to Happy Friday and when the air cleared after the battle, the scoreboard reflected a 26-16 loss for the Owls . . . Mrs. Gordon Alexander presents program for Century of Progress Study Club. Mrs. Alexander, one of the few people still living in Briscoe County who were here when the county was organized in 1892, gave a vivid talk on "Early Day Pioneers of Briscoe County." Eighteen members attended the program . . . Martha Mills and Jeanne Davis spent the weekend in Canyon with Sheila Jarnagin at West Texas State University and attended the WTSU vs. Arizona State football game . . .

October 14, 1954—Silverton Owls defeated Lakeview Eagles Friday night . . . Jake Lacy, Chevrolet salesman, receiving new car as gift . . . Carl Crow not responding to treatment . . . As a public service to the people of Silverton and the surrounding area, the Mid-Plains Rural Telephone Cooperative has given an up-to-date list for the Bean Exchange . . . Mr. and Mrs. Jim Clemmer were married 28 years last Sunday. Jim said 28 years ago, which was on Sunday, they left home for church, but instead of going to church they went off and got married and returned home five days later . . . The sly old Grey Fox of Phillips, Chesty Walker, whose fearsome Blackhawks upended undefeated Perryton Friday night, has been named "Coach of the Week" for the Panhandle . . . Mike Norris, son of Mr. and Mrs. Jim Norris, fell while playing on the courthouse lawn late last Friday afternoon and suffered a couple of broken bones in his left arm . . . Sgt. Johnnie T. Bingham landed in Oakland, California last Thursday, after having been stationed in Korea for some time . . .

October 12, 1944—Milton Dudley and Spencer Long took over active management of the Snowden-Eads Grocery Store here this week and have named their store City Grocery and Market . . . Miss Freda Wimberly, daughter of Mr. and Mrs. Grady Wimberly, has been initiated into the Cowgirls, leading woman's organization at Hardin-Simmons University . . . A Silverton Boy's Club was organized this week with Milton Perry as its sponsor. Officers are L. B. Garvin, president; Oscar Jones, vice president; Jerry Simpson, secretary, and Travis Holt, reporter . . . Editor Roy Hahn wrote, "Ray Bomar and Gene Clemmer topped the current hunting episodes this week when they got a couple coyotes and a couple of skunks all in one trip. They shot the first coyote, went on and saw a couple of skunks. Got them and started home. Jumped another coyote, with only one shell left for the rifle. Of course Clemmer missed it—but they got him. Gave chase with the old Model A, and ran him in a circle till he was ready to drop. Young Clemmer hopped out of the car and killed the coyote with the crank. Pretty good going, methinks" . . . Mrs. Paul Ledbetter and Mrs. Bud McMinn entertained last Thursday evening with an outdoor social and supper . . .

Strength. Security. Stability.

At a time when other financial institutions are going under, we're steadily sailing ahead, providing a solid financial foundation within this community.

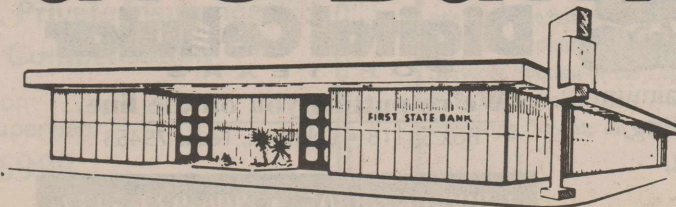

While other banks have been experiencing rough waters, we are anchored by strong, stable investment strategies, sound management and a firm commitment to quality.

It is in this spirit that we serve our customers and chart a course for growth, safety and success.

If you're looking for a bank that won't leave you adrift, call or stop in and speak with us.

REMEMBER WHEN A HANDSHAKE WAS GOOD ENOUGH? WE DO.

No Long-term Contracts. No Hassles. No Problem.

If the only thing holding you back from experiencing the convenience of cellular phone service is the fact that you have to sign a long-term contract, then Digital Cellular is for you! Just tell us what type of service you want, and we'll get you started! No long-term

contract is required. You can take advantage of Digital Cellular's many features and services just as long as you want, and not as long as we want, like other cellular companies. And what a line-up of great, convenient services! Just take a look!

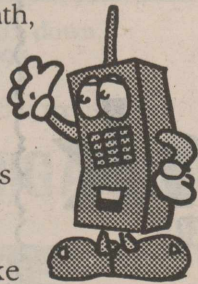

TOLL-FREE CALLING

With Digital Cellular, you can call anywhere in Texas, New Mexico or Oklahoma from Digital Cellular's home service area without paying any long distance charges! You pay only the regular airtime rates applicable! So whether you are on a tractor near Tahoka or in a car close to Cone, Digital Cellular puts you on the line to family, friends or business associates in all three states for just pennies a minute! Toll-free calling is available to all callers, including non-Digital Cellular customers.

OPTION2 RATE PLAN

If you use your cellular phone regularly then Option2 could be just the thing for you! With Option2, after you have talked just 120 minutes from your home system in a given month, every home minute for the entire month, from the first minute to the last, is charged to you at only 25¢! That's big savings to you if you use your cellular phone as little as 2 hours a month. You also get all of Digital Cellular's free services, like 6-Second Billing (one minute minimum on completed calls), Detailed Billing, Call Forwarding and Call Waiting, 3-Way Calling, and

3-Way Calling, and Incoming and Outgoing Call Restriction. Plus, Option2 customers get Voice Mail free! Some other cellular phone companies charge for services like these, but they're FREE from Digital Cellular. Also free to Option1 customers are 6-Second Billing, Call Forwarding and Call Waiting, and 3-Way Calling!

EXTENDED COVERAGE

We've extended our call delivery area to include most of the South Plains and part of West Texas. You can receive calls throughout the entire Digital Cellular Coverage Area, without having to activate or pay for any special roaming services, while traveling in the extended coverage area.

IN SOUTH PLAINS, CALL:

• Dean's Auto Service Highway 207 • 806-983-5827

IN QUITAQUE, CALL:

• Rolling Plains Communications 125 Main • 806-455-1298

We're putting you on the line.

Box 53118 • Lubbock, Texas 79453

1-800-662-8805 • 806-924-5432

4-H Livestock Projects Are Enjoyed by 4-H

4-H livestock projects have been a tradition in many Briscoe County families for many years. There are many reasons why this has always been a successful part of the 4-H program across the state and Briscoe County, says Scott Strawn, Briscoe County Extension Agent. You can just ask any of the local families who are involved in 4-H or even ask your local county agent why they enjoy showing livestock in 4-H and they will tell you, Strawn added.

Now is the time of the year for new 4-H members to join and the current 4-H members to get their swine and sheep projects on feed for the county and major livestock shows to be held in January and February.

If you are a prospective member or a current member who needs help purchasing a hog or sheep project for their 4-H project or if you want to learn more about 4-H and youth livestock shows, then you can contact County Agent Strawn at 823-2131.

The Silverton 4-H Club meets every second Thursday at the county showbarn at 6:30 p.m. All third graders through those 19 years of age are welcome to attend and join. You also may call Bena Hester at 823-2093 or Gail Wyatt at 847-2580 for more information.

Attend Cousins Reunion

Elton and Lanita Cantwell attended the Cantwell Cousins Reunion in Cisco September 23-25. Afterward, they went to Richardson to visit Jesse, Mary Chris and Angela Garcia and brand-new grandson, James Alexander Garcia. Unfortunately little James had to be hospitalized for jaundice.

After their return home, Jack, Brenda, Holly Beth and Daniel Gaskins came for a short visit. They had camped out in Caprock Canyons State Park for a few days. They returned home to Ropesville on Thursday.

Owls Unable To Overcome Eagles

Silverton's Owls were unable to overcome the pressure of the Samnorwood Eagles last Friday night and saw their game end in the third quarter under the 45-point rule.

Losing the game wasn't the worst thing that happened to the Owls, for in their last offensive play running back Arnold Garza was bounced out of bounds hard. He landed on his shoulder and suffered a broken collarbone. Garza had been the leading rusher for the Owls so far this season, and will be greatly missed by the team.

Also on the sideline during the game was another runningback, Andy Bullock, who received a knee injury in practice last week. Still out of the lineup are Trey Ziegler, who is continuing to recover from a broken arm, and Patrick O'Neal, who injured a foot in a farm accident. Anthony Gamble had broken his arm early in the pre-season, and on the first day he went back into contact workout he re-broke his arm.

The Owls opened the game at Samnorwood by kicking off to the Eagles who made a first down at midfield before scoring with 8:11 still to be played in the first quarter. They kicked their PAT, and held an early 8-0 lead.

On their first offensive effort, Garza rushed for six yards and a pass from Jeremiah Brooks to Jackie Cherry gained another three yards before the Owls punted and backed the Eagles up on their five-yard line.

The Eagles marched downfield, making first downs at midfield, on the Silverton 20 and on the one before scoring with 2:22 still to be played in the first period. They kicked their PAT, and moved ahead 16-0.

When Samnorwood kicked off to the Owls, Garza returned the ball to midfield, after which the Owls threw a series of incomplete passes and punted into the endzone. The Owls held on their next defensive effort and forced a punt which carried to their 18. As the second quarter began, the Owls picked up a first down on the legs of Garza on the Samnorwood 35. Garza gained nine more yards, but the Owls saw the ball go over on downs on the Samnorwood 30. The Owl defense held again and forced a punt to the Silverton 25, but only minus yardage was seen on this next series and the Owls were forced to punt again.

Samnorwood picked up a first down on the Silverton 15, stopped there by Brooks, before scoring. They kicked their PAT and moved ahead 24-0. After taking the kickoff, Garza rushed for a first down on the Eagle 28. He picked up four or five yards more, and Brooks completed another short pass to Cherry before the ball went over on downs on the Eagle 25.

It took the Eagles just two plays to score, and with 1:10 remaining in the second quarter, they kicked their PAT and posted a 32-0 lead.

When the Eagles kicked off to open the second half of the game, Garza took the ball all the way for a touchdown for the Owls. They failed on their PAT attempt, and with 9:44 still showing on the third-quarter clock, the Owls narrowed the score to 38-6.

On the first play from scrimmage following the kickoff, the Eagles scored on a complete pass to bring the score to 38-6 with 9:33 still on the game clock.

After taking the kickoff on the 20, the Owls were back in business in what

Trey Wyatt (50, on the ground) was pictured making a good defensive play for the Owls at Samnorwood Friday night. Wyatt is one of Silverton's freshman players who are seeing lots of action in every game.

Junior High Owls Defeat Lazbuddie

Silverton's Junior High Owls romped and stomped when the Lazbuddie Junior Longhorns came to town last Thursday. The 'Horns could make some plays against the second and third

turned out to be their next-to-last offensive effort. Zeb Holt ran for a yard or two and Garza gained eight before Garza ran for a first down at midfield. Jared Francis rushed for a yard or two, after which Garza lost a couple of yards. On the next play, Samnorwood intercepted an Owl aerial and carried it for a touchdown. They kicked the PAT, and moved ahead 46-6.

The Owls moved the kickoff back to midfield, but were unable to pick up any yardage on the four plays and saw the ball go back to the Eagles at midfield. With 4:02 remaining on the third-quarter clock, the Eagles scored again, bringing the score to 52-6 and ending the game under the 45-point rule.

Whatever anyone thinks about the 45-point rule, the Briscoe County News considers it to be a good one. Eleven-man football would do well to consider including it in their rules. Not much is accomplished when a team is more than 45 points ahead of the other, and sometimes tempers flare and things get out of hand when the game continues. It's just best to "put the boys on the bus."

This week the Owls are at home with Whitharral. Pep rally is at 3:00 p.m. in the gym, and kickoff is at 7:30 at Payne Field. The Owls continue to need your support and the noise you can make for them. They are working hard, and Coach Clyde Parham maintains they are continuing to get better every week. You'll miss a good game if you aren't there!

strings, but they didn't make much off the first team. All of Silverton's players saw action in the game.

There was a strong wind blowing from the south-southwest, and this made punting and passing into the wind tough for the 'Horns, but it didn't seem to bother the Owls because they weren't punting much anyway.

The Owls remained undefeated with

David Gamble was pictured on a touchdown run for the Junior High Owls as they defeated Lazbuddie here last Thursday. Gamble and his teammate Jeremy Holt figured in much of the rushing and scoring in the game.

Briscoe County News Photo

this big victory.

Silverton kicked off to open the game, and saw the 'Horns run for four yards and pass for five before recovering a fumble on the Silverton 20. David Gamble ran for 12 yards on first down, and Jeremy Holt followed with a first down on the Lazbuddie 22. On the next play the Owls lost the ball via the fumble.

On Lazbuddie's second play, Jeremy Holt intercepted a pass and carried it for a touchdown. Jeremy attempted to kick the PAT, but the procedure didn't work and Holt threw an incomplete pass to a wide-open player in the endzone who might have caught it if he had at all been expecting the ball to come to him. So with 3:11 remaining in the first quarter, the Owls moved into a 6-0 lead.

Silverton's kickoff was caught by the wind and sailed right through the endzone and back of the concession stand. Lazbuddie took possession on their 20, and on fourth down, having gained six yards, punted short into the wind, with the ball taking a backward bounce and being controlled by the Owls at the Lazbuddie 35. Jeremy Holt ran for a first down, after which David Gamble scored with 1:42 still showing on the first-quarter clock. Having gone to school on the first PAT attempt, when the ball didn't get set up for the kick, Jeremy Holt passed complete to Jay Arnold for the point-after. This was a re-run of the original play, but this time Jay knew the ball might come to him. This extended the Owl lead to 13-0.

The Owls kicked off into the endzone once again, and on Lazbuddie's first-down play the 'Horns were held to no gain by Charlie Bomar and Arnold. An end-around gained nothing and this was followed by an incomplete pass. Their punt was returned to the Lazbuddie 17 and the Owls were back in business again. Gamble picked up some yardage, and on the next down Jeremy Holt ran into the end zone for another touchdown with ten seconds still remaining in the first period. The PAT play was almost a carbon copy of the previous one, with Jeremy passing complete to Jay after the ball didn't get set up for his kick. This brought the score to 20-0 at halftime.

The Owls kicked off to the Longhorns to open the second quarter. On their third play, the 'Horns passed complete to the Silverton 35, after which there were three incomplete passes and another failed end-around. The ball

went over to the Owls on the Silverton 35, and Gamble and Jeremy Holt went back to work on offense. On third down, Quarterback David Donahoo passed complete to Arnold for a first down on the Lazbuddie 15. On the next series of plays, the Owls were unable to move the ball and it went back to the 'Horns. The Owls were getting subs off the sideline into the game, and some of these boys were playing in the second game of their lives.

The defense held, and the ball came back to the Owls on the Lazbuddie 35. The 'Horns got the ball back via the fumble after a five-yard penalty against the Owls. They passed complete for a first down (their first of the game) on the Silverton 15, where they were stopped by Donny Burson. Two plays later the 'Horns passed for a touchdown. They threw an incomplete PAT pass, and with 15 seconds remaining in the first half, narrowed the Owl lead to 21-6.

The Owls kicked off to open the second half, and held the return on the Lazbuddie 35. The 'Horns ran for 10 yards, after which they received a five-yard penalty. On fourth down, Jeremy Holt intercepted a Lazbuddie aerial and returned it to midfield. Jeremy picked up 10 yards on the next play, and Gamble ran for a first down. Jeremy scored with 3:09 remaining in the third quarter. The PAT kick failed, and the scoreboard reflected a 26-6 game.

The Owls held the runback on the Lazbuddie 22 on the kickoff, and held the 'Horns to a six-yard gain on this series. Their fourth-down pass was batted down by the defense, and the Owls were back on offense on the Lazbuddie 30. Jeremy Holt picked up 12 yards, after which Gamble ran for a first down on the Lazbuddie 10. Jeremy scored with 12 seconds remaining in the quarter, and passed to Arnold for the PAT to give the Owls a 33-6 lead.

The fourth quarter began with Silverton's first-team whooping it up on the sideline. The 'Horns made a first down on the Silverton 25, then Burson stopped a first-down run on the Silverton five. They passed complete for a touchdown with 3:09 remaining in the game, carried their PAT, and saw the score become 33-13.

Lazbuddie performed an onside kick which was retained by the 'Horns, and on their third play, Burson intercepted a Lazbuddie pass and ran to the Silverton 35. (It looked like for a minute that he would go all the way for a score.) Paul Segura scored for the Owls with 14 seconds remaining in the game. Junior Castillo added the running PAT, and the Owls moved into a 41-13 lead.

The Owls kicked off once again and Lazbuddie made a first down before the game ended, but this didn't make the Silverton victory celebration any less sweet. This was their second game of the season and their second victory. They will be putting their streak on the line at Whitharral this afternoon in their first district game. (Their district game with Lazbuddie takes place at a later date.) Kickoff is at 5:00 p.m. You'll miss a lot of fun if you aren't there.

Brooks Receives Pat on the Back

Jeremiah Brooks was chosen to receive a "pat on the back" from the Booster Club for a job well done in the game at Samnorwood Friday night.

Brooks is quarterback for the Owls and also plays well on defense.

**4-H: Something
For Everyone**

4-H is many things to many people, and it also means different things to different people. Think for a moment to yourself, "What do you think of, when you think about 4-H?" To some, 4-H is "Cows and Cooking". It is that, and much, much more. It is the chance for any youth to learn as much as they want to. There are a variety of experiences, events, projects and opportunities for youth to participate in.

Projects range from leadership to food and nutrition to wood science. There are an endless number of project areas. Some are conducted in groups, like the food and nutrition project groups; while others are self-paced and individualized. There are only two things needed to conduct a project: a youth who is willing to learn and an adult who is willing to teach.

There are many experiences and events available through 4-H. Youth may learn about the political process by attending Texas 4-H Congress, which is held every other summer in Austin. An endless number of 4-H camps also are available. These include SPS Electric Camp in New Mexico; County 4-H

Camp at the Texas 4-H Center in Brownwood, and Spectra/Prime Time which also is conducted at the Texas 4-H Center. These are just a few.

Every youth gets something different out of 4-H. Some like just coming to the monthly club meetings for the fun and socialization. Others enjoy project work because of the opportunity to learn and get involved. But 4-H is just like anything else in that you get out of it only what you put into it!

4-H clubs and membership are open to youth regardless of socioeconomic level, race, color, sex, religion, disability or national origin. For more information on joining a 4-H club, please call or come by the Briscoe County Extension Office which is located in the basement of the Courthouse.

Friendship Quilters

by Nina Martin

Iris Burson came by last Thursday and we had the nicest visit. She brought her Grandmother Isabella Neale Crawford's quilt. The over-100-year-old quilt is age freckled, but still is in wonderful condition. The pattern is Pickle Dish and the red triangles are still bright. The other colors are faded. Thank you, Iris.

Virginia Hardin, Ann Norris, Joy Stodghill, Bobby Bean, Wanda Strange, Sybil King, Lallie Patton, Juanita Stephens, Mary Tom Burson, Ruby McWaters and I quilted September 29. Since we don't quilt with our toes, I won't mention who slipped

Shalana Roehr, who lives with her parents Annette and Merle Roehr at Manuelita Children's Home, won the grand championship in breeder goats with her entry, Molly. She also won grand champion with her broiler chickens and was able to sell them in the premium sale at the Bi-County Fair. She also placed first in Junior Chicken Showmanship. She is the granddaughter of Dick and Joan Roehr and Ted and LaVern Kingery, all of Silverton.

Courses to Address Computerizing Ag Record Keeping

Record keeping for virtually any size farming or ranching operation can be overwhelming for most owners or managers. Now, Texas Agricultural Extension Service is offering producers a variety of programs which should help in transferring most of their business records onto computers.

"We've found a way to take a learning laboratory direct to producers and teach them how to use computers and the latest software as tools for managing their individual operation," said Dr. Steve Amosson, Extension Agricultural Economist of Amarillo. Amosson specializes in farm and ranch management economics and coordinates the shortcourses for the Panhandle.

Aided by its traveling computer education laboratory, Extension Service specialists are offering shortcourse participants "hands-on" learning in a setting completely outfitted with the latest technology in software and computers. Classes start in mid-October and run through March of next year. Computer shortcourses taught in the Panhandle will feature Quicken7 and BUDPRO.

Each shortcourse will be taught in either two- and one-day formats. Classes begin at 9:00 a.m. and end at 3:30 p.m. each day. The two-day course fee is \$75. Cost for a one-day class is \$45.

BUDPRO is a new software package that assists in generating enterprise budgets and conducting sensitivity analyses. The registration fee for BUDPRO training makes the package (a \$100 value).

Quicken7 is an inexpensive, easy to use record-keeping program that is the most widely accepted accounting system package being adopted by agribusiness operators.

Participants will attend class in a "hands-on" laboratory with 14 laptop computers. Class size is limited to that number. Couples who share

responsibility of farm and ranch management and record keeping can attend for one fee and use of one computer.

On October 20-21, the first of eight introductory Quicken7 classes to be taught throughout the Panhandle begins with a class in Miami, Texas. Other classes in introductory Quicken7 will be taught in Wellington, Hereford, Stinnett, Canyon, Booker, Dumas and Spearman starting the last week of January and ending the second week of March.

Also during the same time, TAEX specialists will begin shortcourses on financial management with Quicken7 in Hereford, Canyon, Canadian, Dumas and Silverton.

Three 1-day BUDPRO trainings will be offered in February and March in Stinnett (Feb. 8), Amarillo (Feb. 13), in Wellington (Feb. 24) and Canyon (Mar. 10).

The Extension Service also will offer marketing shortcourses in December and January. The first class will focus on the basics of marketing with futures and options. Classes introducing futures and options marketing will be held in Silverton, Wellington and Lipscomb.

The second course is designed for experienced futures and options practitioners. It will be centered around pricing strategies for the upcoming year and taught Jan. 9 in Stinnett, Jan. 10 in Spearman and Jan. 11 in Canyon.

Registration fee for each futures and options shortcourse is \$25.

County Extension Agents will have information about each shortcourse. Register by calling Regina Linder at Texas Agricultural Extension Service District Office in Amarillo at (806) 359-5401.

NOTICE OF PROPOSED GAS RATE CHANGE

On September 20, 1994 Energas Company filed Statements of Intent to change its gas rates and service charges with the Texas Railroad Commission and each incorporated city listed below. The proposed changes will take effect no sooner than 35 days after filing.

The Company proposes to increase its customer charge by 89 cents per month with no other changes to its gas rate schedules. The change would apply to General Service (residential and commercial) and Small Industrial Service. The Company also proposes the following increased service charges:

	During Business Hours	After Hours
Turn on new service with meter set	\$23.50	\$35.25
Turn on service (shut-in test required)	19.00	28.50
Turn on service (meter read only required) and miscellaneous service calls	10.50	15.75
Reconnect delinquent service or service temporarily off at customer's request	29.50	39.00
Dishonored check charge	25.00	

The proposed changes are expected to increase the Company's annual revenues by approximately 1.9% and therefore do not constitute a "major change." The proposed changes could affect approximately 217,000 gas consumers in the following communities and surrounding rural areas:

Abernathy	Hart	O'Donnell	Southland*
Amherst	Hereford	Olton	Springlake
Anton	Idalou	Opdyke West	Stanton
Big Spring	Kress	Pampa	Sudan
Bovina	Lamesa	Panhandle	Tahoka
Brownfield	Levelland	Petersburg	Tanglewood
Buffalo Springs	Littlefield	Plainview	Timbercreek
Canyon	Lockney	Post	Tulia
Coahoma	Lorenzo	Quitaque	Turkey
Crosbyton	Los Ybanez	Ralls	Vega
Dimmitt	Lubbock	Ransom Canyon	Welch*
Earth	Meadow	Ropesville	Wellman
Edmonson	Midland	Seagraves	Whitharrall*
Floydada	Muleshoe	Seminole	Wilson
Forsan	Nazareth	Shallowater	Wolfforth
Frona	New Deal	Silverton	
Hale Center	New Home	Slaton	
Happy	Odessa	Smyer	

*unincorporated

Copies of the filing are available at the Energas Office at 5110 80th Street, Lubbock, Texas 79408-1121, and your local Energas Office. Affected persons whose gas rates are subject to the original jurisdiction of the Railroad Commission may file in writing comments or a protest concerning the proposed changes with the Docket Services Section of the Legal Division, Railroad Commission of Texas, P.O. Box 12967, Capitol Station, Austin, Texas 78711-2967, at any time within 30 days following the date on which the change would or has become effective.

September 27 marked the first day of field operations for Lubbock-based Plains Cotton Growers' (PCG) High Plains Boll Weevil Diapause Control Program.

After three days of operation PCG Boll Weevil Program Coordinator Roger Haldenby called the 1994 program start one of the smoothest ever. PCG began treating cotton acreage in the northern portion of its 15,500-square-mile "Control Zone" which runs along the Caprock east of Lubbock. Control operations will then move southward into portions of Dawson, Martin and Howard counties.

Purpose of the program is to reduce boll weevil populations as they are preparing to settle in for the winter. At this point the weevils have shifted from a reproductive form to what is known as a diapausing weevil that has the ability to build fat reserves and survive until the following spring.

Only a fraction of the weevils that enter winter quarters usually survive. The prolific nature of the insect, however, means only a relatively small number need survive to initiate the next season's population.

By reducing the number of weevils entering winter quarters, the PCG

Program has successfully decreased, with the help of cold winter weather, the number of weevils able to survive the winter months. The PCG effort has successfully kept the weevil from becoming firmly established above the Caprock for 30 years using this low-cost strategy.

Producers inside the PCG control zone also are doing their part by making every effort to get their crops out of the field as quickly as possible. By doing so they help the situation in two ways. First, they remove the weevils' only food source before they have a chance to build adequate fat stores to survive all winter. Second, the harvested cotton acres no longer require control applications on them allowing efforts to be concentrated more effectively at a lower cost.

"We are encouraging producers across the southern High Plains to make every effort to get their cotton out of the field as quickly as possible," says Haldenby. "We feel that by doing so the producer comes out ahead in two ways. First, they are able to take advantage of the excellent harvesting conditions we now have to maximize the quality of the crop they harvest. Second, they are helping reduce the weevils' available food supply, maximizing the effectiveness of the PCG control effort."

Haldenby adds that the combination of harvesting the highest quality cotton possible and the potential to reduce future weevil populations equates to a win-win situation for growers.

"The past three mild winters have definitely been much better for the boll weevil than they have for cotton producers," explains Haldenby. "It is in everyone's best interests to conclude this year's crop quickly and leave as few weevils as possible adequately prepared to make it to 1995."

We Lead By Example

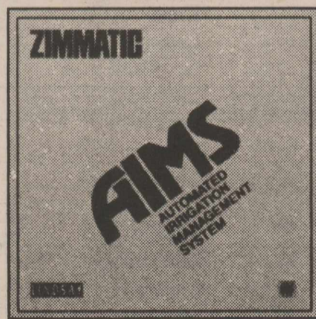

You'll find examples of our leadership in every Zimmatic® irrigation system in use today. In fact, many of our design features have become industry standards.

SPECIAL OFFER ON AIMS PANEL

Purchase a Zimmatic irrigation system in October 1994 and take delivery by December 31, 1994, then take your pick from either of these great offers:

- An AIMS control panel at no additional cost (\$2,500 value), OR
- 7.75% five-year financing with 5% down, first payment due January 1, 1996.

For complete details on either offer, see us today.

FAITH SAYS A HANDICAP IS A CHALLENGE TO OVERCOME IT

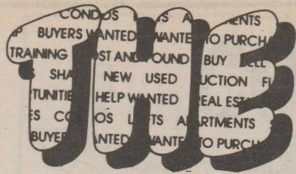

Physical handicaps come in many forms, and so do the opportunities for overcoming them, even in sports. There are blind skiers, as well as one-legged skiers and mountain climbers. Those confined to wheelchairs have many chances to join in athletic events. Moreover, there are other avenues of achievement for the handicapped besides sports. Everyone knows of the incredible accomplishments of the paralyzed young woman artist who learned to paint beautiful pictures with a brush held in her teeth. Handicapped employees are dedicated to their work, determined to be worthy of the trust placed in them. God gave man the ability to perform to his fullest potential, with an added boost if he has a handicap to overcome. So let us thank Him for this extra love He confers, wherever it is needed.

Although the world is full of suffering, it is also full of the overcoming of it.
 —Helen Keller

"God was with him, And delivered him out of all his afflictions."
 —Acts 7:9,10

CARDS OF THANKS

I would like to thank all the friends who sent cards, visited and called while I was in the hospital. Every expression of your concern is appreciated very much.

How can I ever express my gratitude to all of those who were so wonderful to me during and after my stay in the hospital? To my husband, my children and grandchildren, to Geneva and James who were at my bedside every day, my heartfelt thanks.

For all the prayers, the prayer chain, all the beautiful flowers, the cards, the delicious food and the calls of encouragement—these have helped so much.

I love you all, and God bless.
Jo Hamilton

Dear friends and family,
Thank you for the concern that was shown while Jack was in the hospital. A special thank you to the ambulance crew who responded to our 911 call.

We appreciate your kindness, visits, phone calls, cards and prayers very much.

Jack and Eloise

Thank you so much for the cards, telephone calls, prayers for Joe and every expression of your friendship and concern. Special thanks to the Baptist Church for everything done for us.

May God bless all of you.
Joe and Elzora Gallington
