Volume 1 By Haskell High School Students No. 11

The Warwhoop staff wishes to extend the greetings of the new year, and to express a sincere wish for your happiness and success. In the following four articles, extracts from students' themes, are expressed our views concerning what we can make of the New Year.

KEEPING NEW YEAR RESOLUTIONS

Usually when one makes a New Year resolution it is broken, but I believe that if a resolution is worth making once it is worth making again. I think that you should be put forth a better effort to keep it the second time it is made than the first, for you can better see your mistakes of the first time. I do not believe that New Year resolutions are looked upon with the seriousness that is due them. When you make a resolution you are promising yourself something and usually you are trying to better your character and ability. You should put forth every effort available to keep every resolution you make, for in doing this you can lose nothing, and your gains will be bountiful indeed.

HOW ABOUT '35?

It is the beginning of a new year, so why not have a new rule to go by? We always have some of our own made rules to go by in our mind, so let's make a new one to follow throughout the new year. I think I shall have deeper thoughts throughout '35, and try to better myself and enable myself to have more friends.

LET US RESOLVE

As a new year is about to begin, let us all try to make it a better year than the one which has passed. Let us all make some good resolution and not break it—for if we do it shows that we do not have very much control over our will power. Everyone should try to help make

the new year brighter and more cheerful than the past one, and help the downhearted ones who are likely to do something which they shouldn't. The year nineteen and thirty-five should mean happiness and success to everyone, whether rich or poor.

HERE'S A NEW YEAR

As the New Year approaches there seems continually a multitude of questions entering my mind that refuse to leave without being answered. Why resolve to live better? Why resolve to help my fellowman? In fact why make any resolution at all; are they not all broken to some extent? Then from the better side of life I am reminded by the majestic oak that it was a series of resolutions to reach greater heights, in the spring—the new year of the forest, that eventually brought to it the splendor that it can claim on reaching perfection. Should not you and I, though our resolutions have fallen like leaves from the oak, learn from that mighty oak to try fresh until the greatest possible height of our personal perfection is reached?

EX-SENIORS HOMEBOOKING

On last Thursday evening, December 27, the Senior class of 1935 entertained the ex-seniors of Haskell High School. The hall of the high school building was decorated with "black and gold," the colors which every high school member has always loved, and always will love and cherish above all others. The members of the 1935 class wore their class colors, pink and silver, in order to distinguish the hosts and hostesses from members of the other classes.

As the former students and visitors entered the door they were greeted by the 1935 class president and vice-president, Carl Maples, Jr., and Fred Sanders, Jr.

They then came to the table of registration presided over by Odell Williamson and Lewis Hamilton. After registering they were given tags of black and gold which displayed the number of the year in which they graduated. And you should have seen Crockett English and Alberta Orr trying to "tag" every ex-senior.

The guests were then ushered by the table where they were served light refreshments. After being served, they were permitted to be together and talk over old times. It was certainly great to see all the old students back in old H. H. S. together again, greeting one another and talking over past events in their school life, some which will never be forgotten.

At eight o'clock all the members and visitors, which included one hundred and fifty-three, were ushered to the auditorium where a very interesting program was rendered. The program was in two sections, as follows:

- I. Featuring the class of '35. High School Song—Group. Clarinet Solo—Woodrow Dishong. Musical Reading—Ava Grindstaff. Violin Solo—Lewis Hamilton. Vocal Duet—Carl Maples, Jr., and Lewis Hamilton.
- Declamation—Lyndell Anderson. Accordion Solo—Fred Sanders, Jr.
- II. Featuring the Exes. Roll Call. 1930—Henrietta Isbell Sego. 1931—Eleanor Foote. 1932—Frances Walling. 1933—Betty Ann Hancock. 1934—Lily Faye Stoker. 1935—Louise McAnulty.

In Memoriam—C. B. Breedlove, Jr.

Piano Solo—Irene McGregor Ratliff.

Reading—Anna Maude Taylor. Violin Solo—Marvin Gholson.

Piano Solo—Annabel Burt Whately.

Recognition of former class leaders.

High School Song.

FUTURE FARMER NEWS

It seems that the reporter of the Haskell F. F. chapter has been off his job; however, the organization has been busy initiating new members. Two initiations have been held which were similar to the final one with the exception of Bidge Meador's entertainment at the latter. A business meeting was held after the last initiation, when plans for a social were made. These plans culminated in a Christmas party, in the basement of the Methodist church, Thursday night, December 20.

On this occasion the guests enjoyed singing popular songs, with Anna Belle Stanton, Maxine Quattlebaum, Woodrow Roberts and Clovis Norton conducting many lively games. The refreshments were fruits, nuts and candies. Fred Sanders had charge of the refreshment committee.

This was one of the most successful parties that the Agricultural classes have ever had. Those who attended were: James Roy Akina, Lewis Hamilton, Maxine Quattlebaum, Lee Stodghill, Lorene Wright, Alberta Orr, Woodrow Roberts, H. J. Hambleton, Miss Vick, Fred Sanders Jr., Alma Joan Cole, Jack Kimbrough, Anna Belle Stanton, Artie Phippen, Frances Pouts, Bidge Meadors, Lynn Pace, Eugene Rose, Mrs. Young, Roy Wiseman, Audra Lee Guinn, Woodrow Wiseman, Helen Bland, Earl Wiseman, Wilford Bischofhausen, Mont Frierson, Doyce Easterling, Clovis Norton, Berta Mae Thomas, Lennis Hallmark, Frances Wheeler, R. C. Couch, Helen Ballard. The chaperons were Mr. H. T. Sullivan, Mr. O. W. Carter, Mrs. Geo. V. Wimbish, Mrs. F. T. Sanders.

SENIOR RESOLUTIONS

Vida Lee Nichols resolves that she will not be late more than five days a week during the coming year of 1935.

Mary Ben Chapman resolves to leave all soldier boys alone.

Woodrow Dishong resolves to be more like "Love and Kisses" Finnegan (in regard to Marjorie).

Howard Whatley resolves that during 1935 he will share his time equally between Stamford and Haskell.

In this year of our Lord 1935 Anno Domini, our Editor in Chief resolves to go off the "betting standard", since she lost ??? in a deal with Crockett.

John E. resolves not to break more than 1935 hearts during the following year.

Alberta Orr resolves to take into consideration the happiness of Haskell Hi, rather than that of Rochester Hi.

Andrew Stone resolves to be as charming to all the lady friends as Joe Penner is to his duck. (Goo, Goo, Andy.)

Carl Maples resolves to eat the daily lemon to preserve that Bing Crosby tone.

Louise McAnulty resolves to keep Hugh's heart during 1935.

Shelly reverses this resolution. Clovis Norton resolves that he'll come home when the cows come home. (Anything new about that?)

Edith resolves to make the most of her Mae West personality.

Dorothy Sego resolves to find that diamond ring that Santa forgot.

Robert Couch resolves to apologize to Joe E. Brown for the impersonation.

Era and Vera resolve to change names so the public can stop calling one of them by the other's name.

Captain Roberts resolves to get Maydell home earlier the rest of the year than he did New Year's eve.

Jerry Hunt resolves to keep "that way" about Coxy.

Christine Tucker resolves to settle down to one boy and quit stringing so many along. (What a break for Eddy.)

Marjorie Wright Gholson resolves to make biscuits fit to kill during 1935.

Crockett resolves to make the best of his tinker-toys.

Lyndell resolves to be quiet when he can't think of anything to say. Covell resolves to keep all resolutions—he may need a little help on the side line, girls.

TASTE AND BASTE CLUB

The Taste and Baste Club had a meeting at Elsie Ohlson's Monday, December 17, 1934. A Christmas story was given by Marjorie Ratliff. Songs were sung and the Christmas story was read from the Bible. Toys were collected to be delivered by a committee Christmas Eve night. Delightful Christmas refreshments were served to the fourteen members.

JUNIOR PARTY

On December 19th the Junior class had a Christmas party in the home of Sara Lee Walling. They sang songs and carried on merry conversations

throughout the party. Then Miss Davis presented the gifts. There were many useful gifts given and also some very comical ones. For instance, Jack Kimbrough got a present he might need some day. Thomas Kaigler received a rubber doll that "squeaks" when you press it. Ruth Josslet got a little horse that you pull with a string and Ouida Holmesly received a "ducky-wucky" duck. Now weren't these some gifts for our sophisticated Juniors?

After the presentation of the gifts a lovely refreshment plate was served to the following: Geraldine Norris, Geraldine Pouts, Ouida Holmesly, Helen Ballard, Joy Cobb, Gayle Roberts, Rose Cousins, Kathryn Kinney, Anna Belle Stanton, Norma Anderson, Maggie Lee Piland, Juanita Jenkins, Alline Hallmark, Violet Harrell, Naomi Reid, Blanche Davis, Sylvia Harper, Anne Ruth Bates, Ruth Josslet, Sara Lee Walling, Robert Wheatley, George Pouts, Alvin Sherman, Eugene Rose, Tom Clifton, Harvey Simmons, Bill Reeves, Lennis Hallmark, Ralph Johnson, Jack Kimbrough, R. C. Couch, Thomas Kaigler, Wallace Stark, and our sponsor, Miss Davis.

Not Sure If Married

CLEVELAND.—Henry Palle, 50, couldn't tell Police Judge George Tenney whether he is married or not. "I haven't got a letter from her in three months," he explained. His wife is in Russia.

WATCH YOUR KIDNEYS!

Be Sure They Properly Cleanse the Blood

YOUR kidneys are constantly filtering impurities from the blood stream. But kidneys get functionally disturbed—lag in their work—fail to remove the poisonous body wastes.

When you may suffer nagging headaches, attacks of dizziness, burning, scanty or too frequent urination, getting up at night, swollen feet and ankles, rheumatic pains, feel "all worn out."

Don't delay! For the quicker you get rid of these poisons, the better your chances of good health.

Use Doan's Pills. Doan's are for the kidneys only. They tend to promote normal functioning of the kidneys; and help them pass off the irritating poisons. Doan's are recommended by users the country over. Get them from any druggist.

Sagerton

Everyone here has enjoyed a very pleasant Christmas.

There were quite a few out of town visitors who spent the holidays here.

Mr. and Mrs. E. D. Engleman and Wanda Jean of Spur, visited Mr. and Mrs. Bennett Hess.

Mr. and Mrs. Bob Lee of Lubbock visited Mr. and Mrs. Reuben Lambert.

Mr. and Mrs. Hubert Magnus and baby of Farwell spent the holidays with her parents, Mr. and Mrs. R. O. Gibson and family.

There was a Christmas program on Christmas Eve night at the Methodist church with a Christmas tree and old Santa Claus, which filled the hearts of the little fellows with much joy. Everyone enjoyed the programs and Christmas tree.

Mrs. H. D. Crabtree and Vivian, with Scott Crabtree and his two little daughters spent Christmas near Hawley with Mrs. Crabtree's sister and family, Mr. and Mrs. J. Kelly.

Mr. Claude Smith who recently bought a grocery store in Abilene, spent Christmas day here with his parents, Mr. and Mrs. Joe Smith.

Miss Dora McMillan of Farwell, spent Christmas here with her uncle and family, Mr. and Mrs. D. C. McMillan.

Mrs. G. C. Crowder and daughter Miss Lois Crowder of Abilene, Mrs. Reuben Lambert's father and sister, spent Christmas Day with Mr. and Mrs. G. A. Lambert and family.

Mr. and Mrs. R. H. Horine spent Christmas with their daughter and family, Mr. and Mrs. Charles Gregg of Sweetwater.

Mr. M. R. Smith and family moved from our town to the city of Haskell, where they will make their home with Haskell citizens. They have lived here many years and their friends here wish them success in their new location.

Mr. Whitt Clark from Freer, Tex., spent his Christmas at home here with his parents, Mr. and Mrs. J. A. Clark. Whitt has been gone from here a long time. His many old classmates and friends are very glad to see him.

Sunday Mr. and Mrs. Reuben Lambert, with Mr. and Mrs. G. A. Lambert and Lois Moe, spent the day in Abilene with Mr. G. C. Crowder and daughter. They enjoyed a delicious New Year's dinner.

The Leaguers from here visited in the Methodist Church at Rule Sunday night.

Miss Ethel Houston, one of the teachers here spent part of her holidays in the Stamford Sanitarium. She was able to leave Saturday for her home where she will have a few days of Christmas, before the school opens January 7.

The Leaguers here were entertained in the pastor's home Thursday night, Dec. 27, at the parsonage, where Rev. and Mrs. Carter live at Stamford. They all enjoyed the pleasant evening and good refreshments served.

The New Year is bringing many changes to us. Old friends leaving, new ones coming.

Let's not forget the 'Golden Rule' as we enter in the new year, but do our best at all times to make this year a success.

There will be preaching Sunday, the first Sunday of this year. So come to church and hear the first sermon of this new year at the Methodist Church 11 a. m., by the pastor, Rev. Carter.

Rochester

Here we are debating over what the New Year has in store for us—today being the last day of the old one. We've many things to be thankful for. Naturally it is sad to watch the old year fade away, as we are aware of the fact it counts us one year older. We know old age is creeping on us fast enough.

Paul Fields of Abilene visited his mother, Mrs. Sallie Fields Saturday. Mr. Fay Wilson of A. C. C., Abilene, spent the week end here with friends.

Luther Dabney and family of Electra spent the holidays here with his parents, Mr. and Mrs. Henry Dabney.

Mr. and Mrs. Robert L. Gray of Big Spring were the house guests of their mother, Mrs. R. L. Gray during the Christmas holidays.

Mrs. Odell Cox of Rochester was operated on last Saturday at Knox City. She is getting on fine. Mr. Cox's mother, sister, and husband came from Dallas to be with the family. They left for their home Sunday.

Mr. and Mrs. Worth Buckner returned to their home here last Thursday after spending the holidays with Mrs. Buckner's sister and family, Mrs. Ira Roberts at Laredo, Texas.

Luther Dabney and family of Electra were the house guests of their parents during the holidays, Mr. and Mrs. Henry Dabney.

Mitchell

Mr. Walter Robertson who has been in the hospital at Knox City returned home last week. He is improving some.

Mr. and Mrs. Solon Lee of Mador have been visiting friends here.

Mr. and Mrs. Clyde Tidwell of Lorenzo spent Christmas with her parents, Mr. and Mrs. Dunlap.

Mr. and Mrs. J. D. Nickell spent Christmas with their parents at Cleburne, Texas.

Mr. and Mrs. Posey Parris of Frederick, Okla., visited with her niece, Mr. and Mrs. Carl Carver last week.

Mr. and Mrs. Bud Carver spent Christmas with her parents, Mr. and Mrs. Rex of O'Brien.

Curry Chapel

Christmas time is over and everybody is looking forward to a bright New Year. The Christmas tree was well loaded and old Santa had great fun giving the presents away. Everybody seemed to enjoy the affair. We had 56 present in Sunday School Sunday morning.

Mr. Jesse Kreger is on the sick list at this writing. We hope for him a speedy recovery.

Mr. and Mrs. Dave Terrell had all their children home with them for Christmas dinner.

Mr. and Mrs. Elmer Gossett of Abilene spent the week with Mr. and Mrs. L. W. Hill and Mrs. B. F. Collins.

Mr. and Mrs. Fred Monke and Mr. and Mrs. Raymond Liles visited relatives in Vernon Christmas.

Mr. and Mrs. L. A. Reed and Mr. Warren Calvin of Marlin, and Mrs. Alice Baty and son Hallie of Truett spent Christmas with Mr. and Mrs. Clyde Baty.

Mr. and Mrs. Scott Green have their daughter and grandchildren from Seymour visiting them.

Mr. and Mrs. L. W. Hill are on a visit to Abilene this week.

Mr. and Mrs. G. W. Reed and Miss Helen and Bobbie Crawford of Haskell spent Christmas day with Mr. and Mrs. W. B. Arnold.

Bobbie Baty of Knox county visited Edward Baty Christmas.

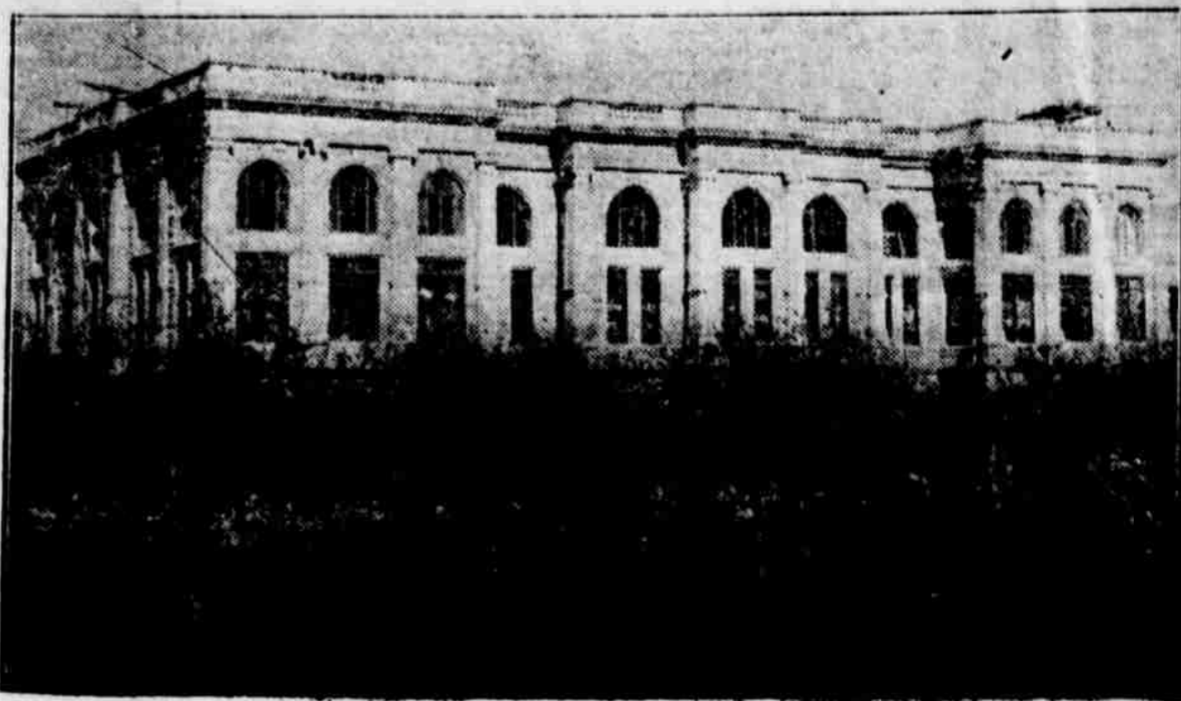

Next Saturday and Sunday is our regular preaching date. We hope to see a good crowd present.

Greetings From The Courthouse!

To The People Of Haskell County

With the passing of 1934, and the entrance of 1935, an entirely new year, we, your county officials, pause as we start the year to wish every person in Haskell County a Happy and Prosperous New Year, and to promise you we will do our best to give you one of the most efficient administrations possible.

Some of us are new and others of us are continuing our work as your county officials. Naturally, as we go about our

work, we will make mistakes, but we assure you that we will do our best—which, after all, is the most anyone can do. We will strive at all times to be courteous as we administer the regular affairs of Haskell county—your county.

If times get better, or worse, we wish to assure you that we will attempt to meet all conditions with the welfare of the county at heart, and to be as economical as possible in keeping with efficient work.

Sandstorm Turns Into Tornado and Amarillo Wins, 48 to 0

The Golden Sandstorm of Amarillo came out of the Panhandle of Texas like a raging Norther Saturday, to leave the Buccaneers of Corpus Christi grubbing earth to keep from being blown completely away. The final score was 48 to 0, the most lopsided score ever to occur in the finals of the high school championship. Knifing through the line like the teeth of the wind, Sandie backs ripped off nearly 500 yards of gain during the game, and stalwarts in the Amarillo line stopped Haas, star back for the Buccaneers, cold. The crowd of 21,000 who saw the game in Dallas will never forget the "unholy three" of the Amarillo backfield—Stidger, Harlow, and Bufkin, who carried the ball 56 times during the game and averaged an eight-yard gain every time. In the picture whiteclad Sandies prepare to mob Haas, the Buccaneer light that failed. (Texas News Photos.)

January Automobile Output Likely to Be Best in Five Years

NEW YORK. — Accumulating pressure for steel, particularly on the part of the automobile industry, has held the holiday interruption in steel works activity to a minimum, says Iron Age. Plans to suspend mill operations for three days—from Saturday night through Tuesday—were generally revised, and in most cases Christmas shut-downs were limited to three or four turns. Automobile makers have gotten into production in earnest. December output, now estimated at 145,000 cars, will exceed earlier estimates, and January production will be the largest in five years, with the final total dependent on how quickly steel and automobile parts can be made and delivered.

Gains Shown In Retail Sales For Month of November

AUSTIN, Texas.—Reports from 92 representative Texas retail stores establishments show an average gain of sales during November of 15.4 per cent over November last year and a decline of only 2.4 per cent from October whereas the average seasonal drop between these months is 7 per cent, according to the University of Texas Bureau of Business Research. During the first eleven months of 1934 sales were 21.4 per cent greater than in the corresponding period in 1933.

To My Friends and Customers

I have moved my Market from Collier's Grocery to Gholson's Grocery, and wish to take this means to thank you, sincerely, for your patronage in the past, and to solicit your patronage in my location. My line of fresh and cured meats is complete, and you will always find my prices right. Wishing you happiness and contentment in the coming year.

CHURCHES

PRESBYTERIAN CHURCH "The Teaching Church" "A clean slate," "a new page," the opportunity of "beginning again" are suggested by New Year's. Therefore it is a challenge for us to revive long lost hopes, reestablish cherished ideals, and make new resolutions. The greatest longing of man is to have inner assurance that his life is acceptable with his Creator, Preserver, and the Judge of all the earth.

Large Company Provides Old-Age Insurance Plan

C. M. Chester, president of the General Foods Corporation, a nationwide organization, recently announced a plan whereby assurance of old-age retirement income is given to all employees. The project is especially important in the light of the growing question of providing such security for workers in all industries. Contributions to the fund will be made both by the company and employees until retirement age—60 for women, 65 for men—is reached.

Personal

Mr. and Mrs. T. M. Potset had as their holiday guests, Mr. and Mrs. Louis Potset and little daughters, Wanda Joyce and Norma Jean, of Calipatria, Calif.; Mr. and Mrs. Marvin Potset of Vernon; Miss Naomi Potset of Edinburg. Misses Marguerite Anderson and Mary Frances Collier returned this week to Abilene to resume their studies in Abilene Christian College after spending the holidays with homefolks here.

Kitchen Kinks

- A Time Saver: A hurried mother will save time in cutting butter in sizes desired before putting in ice box, which can easily be removed without taking out the whole brick. Improving the Taste: Preserved ginger improves fresh apple sauce as well as canned peaches and pineapple, especially if the two latter have been opened for a day or two.

FIRST METHODIST CHURCH

Orion W. Carter, Pastor. Sunday is known as New Year's Sunday. Many will attend church on that day who have made new resolutions and are ready to enter into life with a new outlook. It will be known as Covenant Sunday in all Methodism. The entire Church both North and South will observe it as such, and will seek to reconsecrate itself to the great high purposes for which it was established. We therefore, urge that all Methodist attend the services on that day. We also invite all others who will come. The pastor's subject will be "Wesley's Heart Warming Experience."

COYOTE CARRIED OFF

PEARSALL, Texas.—A wild coyote with a collar and bell around his neck was killed near here by Warren Smith, ranchman. Smith said the coyote was old and apparently had been caught by someone years ago. Sisters Operated On: GARDNER, Mass.—Two sisters were operated upon simultaneously at a hospital recently. Nellie and Elizabeth Wessell, 14 and 12 years old each had appendicitis operations at the Henry Haywood Memorial Hospital.

HUNTER GOT SUCK IN HIS OWN BACK YARD

BERWICK, Pa.—The deer hunting season was a short one for Jas. Lutzey. Disappointed because a hunting trip had been postponed due to rain Lutzey decided to take a stroll in the woods near his home. As he went through his back yard, Lutzey met a buck face to face. He shot and had the one deer allowed to a hunter in a season.

THE SPEAKERSHIP CONTEST

At Austin next week there will be another speakership contest which is of wide popular interest. The contest, as a matter of fact, is already under way and probably will be determined in advance of the meeting of the Legislature, on January 8th.

SOCIAL SECURITY MUST BE SECURE ITSELF

Some form of social security legislation is apparently inevitable at the coming session of Congress, but just how far it will go is something else again.

Old age pensions, unemployment insurance and other social reforms would provide much needed security to a large class of our population who through lack of opportunities are unable to provide against old age, but these things will cost a lot of money, and if we spend more on such laws than we can afford we are quite apt to make things worse than they were before.

It would be well to remember that security legislation is only part of the picture. President Roosevelt has very aptly remarked that "there can be no security for the individual in the midst of general insecurity."

Unless the economic machine can be made to function again, no security scheme will do very much good. The problem confronting Congress then, is indeed difficult.

WAR ON RATS

It is conservatively estimated that every rat in the country costs \$2 a year in food consumed and other damage done on farms and elsewhere.

Through the use of calcium cyanide gas the citizens of one county in Ohio destroyed about 50,000 rats in a month. A vocational agriculture class in Illinois made rat killing a game, choosing sides in a contest to see which side could accumulate the largest number of rat tails.

In many other communities farmers, boys' and girls' clubs, and citizens generally have waged war on the destructive rodents with excellent results.

The rat is one of the greatest enemies of mankind, being a carrier of disease, as well as a destroyer of property. Every possible means should be systematically employed for the extermination of this pest.

According to John Willoughby, court reporter, Hubert Watson, a student in Texas University, tells of a trick one student pulled on another, who was given to using words of many syllables.

From a bird's-eye view, here are a few of the things which happened when old and new county officials assumed office Tuesday morning:

Most offices vacant at 8 A. M. . . . Swearing in of officials beginning at about 9 o'clock, with Jim Darden slightly late. . . . Giles Kemp ready and willing to be the first one into the Commissioners' room, which County Judge Chas. Conner kept closed.

New officeholder started right. . . . Over a score of spectators (also voters) mingling with officials and enjoying the show.

WANTED, A FARM
A citizen of a certain town had decided to buy a farm and move to the country. In his search for a desirable place he wrote a letter to a farmer friend that he had known for years.

Dear E. J.:
I was just talking to a friend of mine who was in the office from out of the state. He had just received a check for \$1,000 for not raising hogs this year.

SHELTER BELT AND SOUND JUDGEMENT (The Clarendon News)

Sometime ago Dr. Knapp, president of Texas Technological College at Lubbock, made a strong plea for the shift of the proposed federal shelter belt of trees from the East side of the Panhandle to the Westerly section, on the grounds that Texas' greatest hot wind and drying atmosphere threatened from New Mexico.

The good Doctor might be right but for the existence of the Paloduro Canyon and its recognized effect on the winds and moisture laden cloud formations in this region. Those who have lived in this section longest know to a better advantage the great influence the Canyon has upon currents and moisture in the Panhandle country.

With this in mind it is not hard to reason that if the shelter belt is planted in the Western counties of the Panhandle then the principal benefit will accrue to Eastern New Mexico, while the hot winds of the Southwest Country will continue to bedevil the South Plains as usual and with greater intensity.

As we see it the only change that might be of benefit at all would be to plant a division of the belt from the North Panhandle down west of the Canyon to a point not further south than Lubbock.

If we ask the government to make any changes at all, let's ask for an angular leg of the shelter belt into the South Plains. Let's not ask for a re-location of the belt from the Eastern Panhandle and run the risk of decreased rainfall in both eastern and western counties.

I would also like to have your advice on: the best strain of hogs not to raise; and how to keep inventory of hogs one does not raise.

The friend I speak of got \$1,000 for not raising 500 hogs. Now I figure it would be quite possible for me not to raise 1,500 hogs the first year and I might build my business up to a point where I succeeded in not raising 3,000 hogs annually.

Very truly yours, Bill

TRADE IN FIRST QUARTER IMPROVES

Editors of Leading Business Publication Predict Moderate Gains

NEW YORK.—Business volume in the first quarter of 1935 will be moderately better in most lines, in the opinion of editors of leading industrial publications, it was revealed in a survey published by Associated Business Papers, Inc.

In some cases it was felt, profits may not increase in proportion to the greater gross because of advanced operating costs through higher wage and material bills and price instability. Generally, however, better earnings were seen as a likely accompaniment of the rising activity, by editors of 125 publications, which are members of the association of business papers.

Editors in touch with retail merchandising expect department store sales to continue their recent gains into the first quarter, while feeling that profit margins may be thin. Hardware and shoe buying for the spring is already progressing in increased volume, according to observers in those fields.

Waffles Adapt Themselves for Numerous Meals

Waffles for breakfast, swimming in maple syrup and served with tiny sausages, waffles for luncheon, made of cornmeal and served with chicken, waffles for dinner made with fruit are ideal for dessert. Try this obligingly versatile hot bread for winter meals. If you use an aluminum iron, "try" it out first by heating and rubbing with shortening until the iron smokes. Let it cool, wipe off any excess shortening and let it smoke again. Repeat until the iron is well impregnated with fat. Then reheat, do not rub shortening on, and drop a little batter on the iron. Bake by closing the iron 1-2 minutes; by this time the waffle should be golden brown—if it is not, the iron has not been sufficiently hot. The aluminum waffle iron should never be washed, the baking surface may be rubbed with a clean damp cloth.

Plain Waffles.

1-1/2 cups flour; 3 teaspoons baking powder; 1-2 teaspoon salt; 2 tablespoons sugar; 1 cup milk; 2 egg yolks; 2 tablespoons melted fat; 2 egg whites.

Measure, mix and sift the first four ingredients with the milk gradually, then the egg yolks and melted fat and mix thoroughly. Last fold in the stiffly beaten egg whites.

Corn Meal Waffles

2/3 cup flour; 1-3/4 cup corn meal; 2 teaspoons baking powder; 1-3/4 teaspoon salt; 1 teaspoon sugar; 2-3/4 cup milk; 2 eggs; 2 tablespoons of

Life Insurance Sales To Mount

PHILADELPHIA.—Fifteen and a half billion dollars of life insurance will be sold in the United States if sales continue to increase as they did in 1934, William A. Law, president of the Penn Mutual Life Insurance Company and a former president of the American Bankers' Association, estimates. And there is every indication, he added, that the total sales will be greater than that.

Mr. Law based his estimate of \$15,500,000,000, a sum equal to approximately half the public debt of the United States, on statistics compiled by the Association of Life Insurance Presidents. They show that the public purchased \$14,000,000,000 in new life insurance in 1934, representing an increase of 10 per cent over the preceding year.

The increased sales of the last year, Mr. Law said, represented an improvement in business and the still greater confidence of the public in the institutions of life insurance inspired by the record of the life companies during the depression.

The companies in 1934 he said, paid \$2,700,000,000 in life insurance annuities, surrender values, dividends and other benefits to policyholders and beneficiaries.

Household Hints

Silver polish or scouring powder will remove the stains from old dishes, especially tea and coffee cups, and make them look like new.

Oven-burned dishes can be cleaned by soaking them in a solution of borax and water.

Six soda, caustic soda, potash and household ammonia will discolor and injure aluminum ware.

Noisy or sticky windows and drawers can be remedied by rubbing wax or soap on points of friction.

Even the most skillful server of foods can seldom get out a spoonful of gravy or certain sauces without bringing along a substantial amount of the grease which collects on top. However, a Frenchman has solved the difficulty by inventing the greaseless gravy spoon—the first real improvement in table utensils in these many years. It has a partial bowl or cover over the top or pointed end like the cap of a shoe. In this point there is a small hole. In action, it is very simple. A spoonful of the liquid to be served is dipped out and the heel of the spoon tilted upward. Of course the grease floats to the top while the sauce or gravy runs out the small hole in the point of the spoon. It will probably be suppressed in this country by the laundry combines which specialize in cleaning spots off neckties and vests.

FINDS BOA CONSTRUCTOR ON BANANA STALK

This story is about a boa and it is not one of those fluffy feathery things that women sometimes wear about their necks! It is a real live boa constrictor—a Central American snake to you that sometimes, so the News office dictionary says, grows to be ten or eleven feet long.

The reptile made its appearance in Mason at the Cash and Carry Store via a banana stalk last week. The stalk upon arrival from San Antonio was taken out of its shipping basket and hung in the back of the store. Later John Richeneau was cutting off bananas and caught the end of the snake's tail which brought out a few inches above. Needless to say, excitement ran high until the reptile was safely caged in a big glass bottle.

It was sent to San Antonio Tuesday and identified by zoologists at the Breckenridge Park snake garden as a boa constrictor.—Mason County News.

Five Hearty Meat Dishes Suggested

Pot Roast Russe
Dredge 3 or 4 pounds cut of beef for pot roast with 2 tablespoons flour mixed with 1 teaspoon salt and 1-4 teaspoon pepper and pat in well. Sear in 1 large tablespoon hot fat in the roasting kettle until well browned. Add 1 cup stewed tomatoes, 1 cup carrots diced, 1 tablespoon minced parsley, bit of bay leaf, 1-3 cup seeded raisins, 1-2 cup boiling water, and cook very slowly closely covered for two or three hours, or until tender through and through, renewing the water if necessary to prevent sticking and turning the meat over a few times.

Gypsy Stew
Cut into small pieces 2 pounds of stewing veal. Add 1 bunch celery cut into short lengths. Cover with water and stew until meat is tender. Add salt, pepper and 3-4 cup grated or crumbled cheese, and simmer till cheese has melted. Mix together 2 tablespoons flour, 1 cup sweet milk. Add, and boil until stew has thickened. Serve with rice or on toast, or in tart shells.

Meat Loaf
Blend together thoroughly 2 lbs. round steak chopped, 1-1/2 cups tomato, 3-4 cup rolled oats, 1 onion cut fine, salt pepper. Form into a loaf and place in a greased pan. Lay 3 or 4 slices of bacon lengthwise of the loaf, pinching them down into the meat to secure them. Dredge with flour. Cover bottom of pan with boiling water to about a quarter inch and bake for an hour and a quarter.

Lamb Curry
Brown 1 large onion, sliced, in 2 tablespoons butter, melted. Add 2 tablespoons flour mixed with 1 tablespoon curry powder. Mix well. Add 2 cups stewed tomatoes seasoned with 3 tablespoons sugar, pinch of soda, salt, pepper, and simmer for a few minutes. Add 2-1/2 cups cooked lamb cut into small pieces and 1 cup boiled rice. Simmer until well blended.

Meat Pie—Special
Brown 2 onions sliced, in 3 tablespoons butter or fat. Add 1-1/2 pounds fairly tender beef cut into cubes and 3 lamb kidneys, soaked in cold water for a half hour, trimmed and cut into bits. Stir till well browned. Remove to stew pan. Add 1-1/2 cups boiling water to fat in pan, also add 1-1/4 tablespoons Worcestershire sauce, salt and pepper. Pour over meat and cook slowly till meat is tender. Thicken with 2 tablespoons flour mixed with a little cold water. Turn into baking dish with enough of the gravy to come up about half way through the meat, reserving the rest, if any, to serve separately with the pie. Cover with plain pastry and bake in hot oven, 400 degrees F.

Explain Division Parity Payments

COLLEGE STATION, Tex.—The proportion of the cotton parity payment due to the share cropper or share tenant on farms covered by cotton acreage reduction contracts in 1934 is that proportion which his share in the acreage grown to cotton this year by him bears to the total acreage permitted to be grown to cotton on the whole farm under the terms of the 1934 and 1935 reduction contract, according to information received here from Washington by F. E. Lichte, Senior Administrative Assistant, Cotton Production Section, Agricultural Adjustment Administration.

Parity payment checks are being mailed out to farm demonstration agents direct from Washington at the rate of 20,000 per day and will be distributed by them to the producers as soon as proper forms for receipts are received from Washington, Mr. Lichte said.

When the landlords receive these parity payment checks they sign an agreement which covers distribution to share croppers and tenants. They also agree to report within 30 days the distribution of the parity payment, including signatures of tenants and share croppers who were entitled to a share of the payment. Instructions on procedure are included in the forms which are provided at the time of delivery of the check.

"Parity payment checks amount to one cent per pound for each pound of lint cotton in the producer's farm allotment which is 40 per cent of the average production for the base period years 1928 to 1932", Mr. Lichte explained.

EXCAVATORS HOPE TO FIND SKELETONS

ALTUS, Okla.—A small strip of land near Eldorado, believed to have been a waterhole 25,000 years ago for prehistoric animals, is expected to give up the complete skeletons of at least 25 Columbia elephants that roamed in this section then.

FERA workers, under the direction of University of Oklahoma archaeologists, are excavating the 40 by 60 foot strip. The area is said to contain one of the unusual fossil collections in the southwest.

Only about six feet of surface land has to be removed to recover the bones, buried for many thousands of years.

The skeletons will be placed on display in a museum at the Norman university and used for scientific study later.

FARMS

"Back in 1932 we grew seedless cotton," a negro farmer in Houston county told a public meeting, meaning that it took about all the money the seed brought them to pay for the ginning. His cotton seed brought money this year.

W. G. Parrier of Omaha is one of a number of Titus county farmers who are planting fruit trees this winter. He is putting in 3500 early Elbertas.

Eleven thousand pounds of sweet and bur clover seed were saved last summer and sowed last fall by farmers in Comal county. The late rains have brought the clovers up to a good stand, according to G. E. Ehlinger, farm demonstration agent.

Twelve hundred feet of concrete tile are being put down in the Ennis Creek school yard for sub-irrigation of shrub beds and a row of trees, as a result of the success of the sub-irrigated relief garden in that county for this year.

Making a fence, putting out 195 shrubs, under-pinning the porch, partly sodding the yard, building cobblestone walks, and moving 115 loads of dirt were some of the things Mrs. T. H. Kelly of the Baker Home Demonstration Club in Parker county did in 1934 yard improvement.

JEFFERSON, Texas.—More than 1000 pounds of pork is being cured this year from pigs raised by Charlie Lee Grubbs, Marion county 4-H club boy, according to John H. Erickson, farm demonstration agent. Three years ago young Grubbs purchased a pure bred gilt out of a carload distributed by the farm demonstration agent. Before the end of the year, he sold two pigs out of the first litter and paid for his sow. In order to reimburse his grandfather, with whom he makes his home, young Grubbs keeps the farm home amply supplied with pork the year around.

4-H Club Cures Pork

WELLINGTON.—Shade trees can be had for range cattle says Paul E. Starr of Collingsworth county, who has 300 young cottonwood trees growing in his pasture, according to John O. Stovall, farm demonstration agent. Early in the spring of 1934 Mr. Starr located level contours on the slopes of his range pastures with the help of the farm demonstration agent, plowed up the sod, and made terraces. These terraces held the water that had been rushing down off the hillside and disappearing in gyp holes or sinks. Mr. Starr then planted small cottonwood trees
