There's World of Cheer In Selecting Gifts for Everyone
If other years and other Christmas shopping tours have left you with the feeling that there is nothing new and distinctive to choose for gifts—this year will prove a grand and thrilling surprise! For a journey through the crowded aisles of stores and shops leaves you with a feeling that manufacturers have spent real time and thought in contriving gifts that are as charming as they are practical. And if you happen to be shopping on a limited budget—don't be downcast—for never before, it seems, has there been so plentiful a supply of moderately priced yet satisfactory merchandise for Christmas selection.

Gifts for Women
There is real opportunity, this year to give mother, wife, sister or sweetheart, or just the girl friend a gift that will make her breathe a glowing tribute to your taste and thoughtfulness. Indeed, it's almost impossible to go wrong—so lovely and so varied are the household accessories, the toiletries and decorative objects women adore. If she is fond of lovely china and glassware your problem is simple. There are salad and serving plates, for instance, in a lovely creamy pottery in a raised all-over leaf pattern. They have a cool look that adapts them particularly to the salad or dessert course and they are surprisingly low in price.

If You Want To Be Original
One of the most unique and effective table settings was entirely of wood. Perhaps at first thought wooden plates, cups, saucers—yes, and knives, forks and spoons seem too unusual to be practical. But wait until you see them. They are so very appropriate for informal suppers—summer meals—particulars would be delightful from this service. The wood is "natural" color and highly polished so that the surfaces are as smooth and attractive as china, and the color is stunning when used with the striking peasant tablecloth so widely featured.

Gifts for the Kitchen
Copper cooking utensils—the favorite of famous chefs everywhere—would be an ideal gift for the woman who prides herself on her kitchen equipment. The utensils are highly polished and heavy—they are easy to keep clean and have the virtue of lasting for years.

Texas Theatre to Give "Toy Show" Here December 21

A last year's toy or doll will be the admission price at the Texas Theatre Friday night for the kiddies of this community according to an announcement made by H. S. Leon, manager of this popular playhouse today.

If you have an old toy or doll that has been discarded just bring it to the box office and you will be admitted free to the show. The toys and dolls received by the management will be turned over to the Lions Club Christmas committee, who will repair them and distribute to the under privileged children at the Community Christmas tree Monday night at 7 o'clock.

Mr. Leon states that he is giving this program for a two fold purpose. It will enable the children with old toys to see a good show free, and the toys accumulated after being repaired, will make a large number of children happy in this community who would otherwise go without playthings on Christmas morning.

If you have more than one doll or toy, Mr. Leon suggests that you bring them along anyway, as the more toys received the more happiness and cheer the Lions Club will be able to distribute to the underprivileged children of Haskell.

CATTLE BUYING HERE MAY END BY DEC. 27

Government Buyers Hope to Finish 2,000 Quota This Week; 3,900 Bought

Haskell county will be short something like 6,500 head of cattle when the government completes the buying here of distress cattle on Dec. 27th, according to figures compiled by county agent R. H. Maxwell.

There had been approximately 3,900 head purchased here during the early fall. Over one thousand head have been accepted by the government buyers during the past two weeks and a drive is being made this week to complete the allotment of 2,000 head for Haskell county. The closing date for the purchase of cattle has been set for December 27th, when it is expected the total purchased by the government will reach 6,500 head. Cattle purchased here have averaged close to \$12.00 per head, bringing the farmers and stockmen of the county approximately \$70,000.00.

About twenty-five per cent of the animals that are being purchased under the present allotment are being slaughtered at the government pens here and the balance shipped to other markets.

Year Book of Demonstration Clubs Prepared

The 1935 year book of the Haskell County Home Demonstration Clubs will be ready for the members of the different clubs of the county early in January according to present plans of the Council.

The copy for the book was approved the first of the week by the State Department and turned over to the printers Tuesday morning. The book will contain the programs for the coming year and much valuable information regarding the work for the coming year.

green or black polka dot design are most attractive. Another new idea in space economy for the refrigerator is a circular set of refrigerator dishes—all closely covered and locking together so that a compact round unit is formed. It's very satisfactory when contrasted with the halter skelter method of piling small dishes into the ice box.

Gifts of Toilet Accessories
A triple mirror in modern design suggests itself for the woman who is fastidious about her dressing table appointments. Exquisite perfume bottles and atomizers in delicately colored glass with lovely etched patterns are also suggested for the dressing table.

Electrical Gifts Provide Leisure and Efficiency
If you wish to choose gifts that will provide an opportunity for the greater enjoyment of life—choose electrical fittings. Any woman will bless you for your thoughtfulness if you give some piece of electrical household equipment that will shorten her tasks and provide hours of extra leisure.

Electrical Kitchen Equipment
Outstanding among electrical equipment for the kitchen are the food mixers. There are many excellent examples—all are efficient and save the maximum amount of time in their operation. Some have many most appreciated gifts for men. In fact, if your gift is electrical it is almost certain to please.

Gifts for Men
Electric razors, cocktail shakers, flashlights, shaving mirrors, desk lamps and radios, are among the most appreciated gifts for men. In fact, if your gift is electrical it is almost certain to please.

HON. PAT M. NEFF SPOKE IN HASKELL FRIDAY, DEC. 14

Brought To This City At Invitation of Magazine Club; Crowd Attends

Hon. Pat M. Neff, President of Baylor University, and former governor of Texas, spoke here Friday evening at the Methodist church on "Symbols and Emblems of Texas."

Mr. Neff was brought to Haskell at the invitation of the Magazine Club as their Christmas contribution to the public. A measure of their appreciation of this honor was shown by the exceptionally large crowd awaiting him. The Magazine Club as well as the people of Haskell felt honored to have Mr. Neff with them, since he receives so many invitations he is unable to accept them all.

The service was opened by a special arrangement from "Humoresque" and "Beautiful Texas" sung by the Harmony Club. Mr. Neff was then introduced by Mrs. Hollis Atkinson, president of the Magazine Club.

In his address Mr. Neff spoke not so much of the big things of Texas, but of the little symbols and emblems that make Texas distinctive and that are an essential characteristic of any state.

In discussing the first symbol of Texas, our state song, Mr. Neff told how "Texas, Our Texas" came to be adopted by our Legislature after being chosen by three different committees from songs sent in from all parts of the world. He told of the changes made in our flag, and the final adoption of the present one.

Other emblems such as our state motto, "Friendship," the Texas Seal, the State Tree and Bird, Mr. Neff discussed and told their significance.

In telling why the Bluebonnet is a better choice for the flower of Texas than any other, Mr. Neff brought out forcibly the main theme of his whole talk, that it is not wealth or commerce or industry that is the important thing in the history of a country or a state, but the beautiful and spiritual things are the ones that should be remembered and kept before us.

He also referred to the fact that in several legislative measures Texas has led not only the United States, but also the world.

Mr. Neff urged that these emblems and symbols of Texas be taught more in the schools and kept before us in the home and in public. After hearing Mr. Neff we not only feel a greater pride in our state, but we realize a deeper significance in the Centennial Celebration to be held in 1936.

Mrs. Hollis Atkinson was presented high score prize.

Those present were Mrs. B. C. Chapman, Mrs. Clay Smith, Mrs. H. K. Henry, Mrs. W. G. Forgy, Mrs. Barton Welsh, Mrs. French Robertson, Mrs. Theron Cahill, Mrs. Hollis Atkinson, Mrs. Bert Welsh and Mrs. Virgil Reynolds.

Miss Eunice Huckabee Hostess To 4K Klub Members

Miss Eunice Huckabee was hostess Saturday night to members of the 4K Klub at her home. The Christmas motif was used in all appointments. After the usual games of Contract Mrs. Roy Killingsworth was given a prize for highest score.

Miss Huckabee was assisted by Miss Marguerite McCollum in serving a delicious salad plate with lighted candles and candy walking canes for favors to Mesdames Roy Killingsworth, Oscar Oates, Raleigh Lemmon, Misses Nettie McCollum, Madeline Hunt, and Ermine Daugherty.

Howard H. D. Club.

The H. D. Club met Tuesday Dec. 11 with Mrs. Estelle Gilliland. Most of the members were present, with five visitors and one new member.

The meeting was an all day affair to cut more patterns. After dinner the house was called to order by the president and the business attended to. After the club adjourned games were played which led into a miscellaneous shower honoring Mr. and Mrs. Chester Eimore.

The game was played "Going Fishing." After some had fished, not having much luck the bride decided she would fish. She had excellent luck—on the end of her hook she pulled a little wagon all decorated with many nice gifts in it. After the gifts were all unwrapped and admired, refreshments of cake and coffee were served, which led to the close of the day. Everyone reported a very nice time.

The next meeting will be with Mrs. Ollie Gilliland the second Tuesday in January. Everyone is invited to come.

Fidelis Class to Observe Annual Christmas Program.

The Fidelis Class of the First Baptist church will observe their annual Christmas program Sunday morning at the home of their teacher, Mrs. R. J. Reynolds. Mrs. Reynolds has asked the class to be at her home for a breakfast at 8:45, so that we may finish our program in time for church services. Last year's officers and the new officers are asked to be there at 8:30.

This has been an annual affair for several years and the class looks forward to the occasion from year to year. We hope to have one hundred per cent present Sunday morning.

CHRISTMAS SPIRIT

Christmas is not merely the twenty-fifth of December, set aside especially for the exchange and expectations of gifts, and for your share of the turkey. Do you know why we even have the custom of giving gifts? We give because the Wise Men gave. They gave at a sacrifice and from love that was real love. We don't really give until we sacrifice, so if you do give a gift be sure it is with the right spirit. Pride yourself on being thankful!

too, because no matter how little you may have there are always those who have less. Remember, there are some little children who expect Santa Claus and who will be disappointed. Some of us think that we can put ourselves in the place of those less fortunate, but we can't. Our imagination can only extend to the point of feeling sympathy for them. Feeling sorry isn't what helps, it's doing something. Try it, you'll be happier.
Keep up the Christmas spirit and do unto others as you would have others do unto you.

and gold colored individual mint cups.

When the lights were turned out and only the glow of the candles gave light, the Lord's Prayer, led by the toastmaster, Mr. John Couch, was repeated audibly by the guests.

After each girl had introduced herself, Mrs. Wimbish offered a toast and cocktail glasses tipped across the table. This was soon followed by the main course consisting of molded potatoes, topped by an olive to represent a tiny football, broiled steaks, salad, peas, lettuce, tomatoes and carrots. Individual caramel pies were served as dessert.

Among the numbers on the program was a special song to Mrs. Crawford, who acknowledged it with three salutes. After remarks by Mrs. Wimbish, Mrs. Crawford responded with a humorous reading which called for an encore.
May each girl always remember the outstanding thought of the

WE'RE SORRY

When a student's name is left off the honor roll, it is somewhat disappointing, no doubt; and quite by accident last week we omitted the name of Olive Sloan, freshman. We are glad to make this correction, not only to give Olive her rightful place, but also because the addition of her name brings the number on the second period honor roll up to seventeen—the same number that we had the first period. So we are not slipping, after all. And the freshmen will probably notice that this gives their class more than twice the number from any other class.

MR. AND MRS. CRAWFORD HONOR PEP SQUAD

On Friday evening, Dec. 14, 1934, members of the Pep Squad assembled in the basement of the Tonkawa Hotel, and with their sponsor, Mrs. Geo. Wimbish, were greeted by their benefactress, Mrs. J. M. Crawford. The guests were silenced by the sound of the gong and bidden by their hostess to find their places at the table which was resplendent with Christmas spirit as shown by starred place cards, green and silver trees, stately candles, favors of miniature chocolate Santa Claus,

CHRISTMAS DAY

Although the birth of Christ is the event which is supposed to be celebrated on Christmas, we are more and more inclined, as a recent writer suggests, to celebrate Santa Claus on December 25. Certainly in the minds of most persons the giving and receiving of gifts holds a larger place than the holy event which the day commemorates.

In recent years Christmas customs have more and more taken on a humanitarian character, with greater regard for the poor. Community Christmas trees, free dinners, gifts of provisions and clothing, with entertainment and toys for the children, have been provided by various church and civic organizations with increasing liberality.

Which may remind us that this year more needy persons than usual in every community will be utterly without Christmas unless generosity is shown by those who are in more fortunate circumstances.

INDUSTRY'S PROGRAM

Encouraged by President Roosevelt's apparent desire to stimulate private industry as the next step toward recovery, industrial leaders will draft their program for boosting business at the Congress of American Industry to be held in December in connection with the annual convention of the National Association of Manufacturers. Nationally known industrialists have been working quietly for several months in shaping a program for recovery that will be submitted to the convention for ratification in the form of recommendations to Congress and the Administration. An important feature of these recommendations will be a statement of industry's views respecting legislation which should be enacted by Congress to take the place of the present National Recovery Act, which expires June 16, 1935. It is now quite evident that recovery hinges upon private industry and nothing in the nature of permanent business gains may be expected until industry is so stimulated that it can absorb much of the present unemployment. Therefore, the nation awaits with interest the action to be taken by the industrialists in their annual gathering in making its recommendations for industrial legislation.

CHRISTMAS GREETINGS

In the true spirit of the occasion The Haskell Free Press extends Christmas greetings to all its patrons and readers.

Christmas has a meaning throughout the world possessed by no other holiday. America has its national and special holidays and other countries have theirs, but Christmas is the only one alike in spirit and celebrated in all Christian lands. So pure and noble in its principles, that it commands respect and admiration among people who worship their Creator in different ways from ours.

Christmas typifies all that is best in mankind. It is the culmination of the human mind throughout the ages dwelling upon the wonders and mysteries of existence turning to a reverence for God and His representative on earth. It expresses the ascendancy of the spirit, the realization of their interdependency and their duty to one another, and so it is marked by the bestowal of gifts and other sentiments of benevolence and well wishing.

To us no season of the year awakens so much of tenderness and fellow feeling towards all humanity as Christmas. It is not only a time of well wishing, but of kindly doing, with a vein of sympathy that would turn no one away empty handed, that would withhold no tender greeting, no act of kindness and no word of love that might contribute to another's happiness.

Our Yuletide thoughts go out to the people of this community, and our thanks are due the patrons and kind friends who have given us practical support, or extended encouragement during the year.

May this be the happiest Christmas you have ever spent, is our wish to all.

A Christmas Thought

EACH year we witness the recurring miracle of a world temporarily transformed by the spirit of Christmas. At the approach of this holiday season people think less about their individual differences,

and more about their common interests and welfare.

Why should this transformation be temporary? Why must a world, groping in the darkness of innumerable problems, emerge briefly into the narrow band of Christmas light and warmth, only to stumble back into darkness again? The greatest need of the world today is the growth of an all-year Christmas spirit of good-will and co-operation. It would solve most of the problems of the future. It is in this spirit that we wish you a Merry Christmas, and a full and Happy New Year.

Haskell National Bank
THE OLD RELIABLE

By W. G. FORGY

Oh, Santa! Yoo, Hoo!

"What do you want for Christmas?" we inquired of several Haskell men, and if a number of the replies we received can be taken as a criterion, a lot of them must think that we are some sort of a bootlegger. We knew Haskell was in the midst of a drought during the past summer, but we didn't know it was so serious.

Anyway, we've deleted those replies relating to moist goods, because a good reporter (and not-so-good reporters) never divulge the sources of their news tips. We asked several preachers and you can bank on it that not one of those gentlemen even hinted of such a thing—which really gave variety to a lot of the replies.

Read 'em—and respond!

Bob Winstead—Two little wagons. (Why two?)

Jesse Collier—Christmas spirit. (Not 'spirits')

Clyde Railey—New automobile that will get out of the way of other cars. (We'll take one, too.)

Curran Hunt—Larger volume. (Speaking of business...)

George Goetze—Anything. (Santa, this man will be easily pleased. Or will he?)

Raleigh Lemmon—I'm not a bit choicy. (In other words, the sky is the limit.)

Ralph Duncan—Nothing. (How about those 100 Abilene paper subscribers, Ralph?)

Elmore Smith—Turkey dinner and lots of buttermilk. (We like buttermilk, too, Jelly.)

Roy Fesmir—That bewy-tiful lounging robe in Ben's window, a little red wagon, gasoline for my car and... (What's the idea of so many men wanting "wagons"?)

Jack Dudley—More subscribers to the Wichita Falls papers. (We'll take a few for the Free Press.)

Ben Bagwell—Santa knows. (That's telling us.)

The Rev. H. R. Whately—Oh, nothing much. Probably an elder-down sleeping bag, which retails for about \$30. (Whew! Santa Claus, you can't take it?)

J. J. Tucker—I'll be satisfied if I receive only the things I need—and I need SO much. (How Santa Claus will transport all of these requests in one load is beyond us.)

Hollis Atkinson—You be the judge. (No comment.)

Henry Atkinson—Ditto. (Ditto.)

Raul English—Ditto. (Ditto.)

Hubert Biedose—Wotcha got? (Nothing.)

Andy Shriver—More hands and feet to give still better service. (Nope. Service is plenty good, now.)

Maek Maloy—I'm all right. (Tie that one.)

Mike Watson—I'm satisfied. (Who wouldn't be?)

Wallace Cox—Nothing for publication. (Aw, Wallace! Come on and tell us.)

Hon. John Rike—Well, sir, I'll tell you. I have about 23 relatives around Haskell, directly and indi-

rectly, and if all of those estimable people would each give me about 100 pounds of cotton seed cake, I could feed a lot of poor, hungry cows. (First prize.)

Cecil Mason—The old-fashioned sound of a mixing bowl on Christmas morning. (Sorta poetic, says us) Trav Arbuckle—More football games, so I can watch the referee. I've just learned all of the play signs. (Bet a cookie he gets his wish next season.)

Manley Branch—About 365 reasonably happy days in 1935. (What? Is there a man holding a government job and still not happy?)

Bill Holden—Gifts for everyone (from our furniture department. (Sounds unselfish...))

Buck Kendrick—A little red wagon. (Another wagon? There's a story about "wagons" somewhere, and we are going to dig it up.)

Walter Holt—An escalator in my store. (Mrs. Holt says an adding machine.)

Roy Cook—A 36-inch baseball bat, with good wood and no large holes for the ball to pass through. (Copy cat. The Detroit Tigers made that wish last October.)

Trav Everett—I wish a certain would-be newspaper reporter would cease the mentioning of a certain Dizzy Dean. (Until the sun grows cold, the—)

Attorney Bill Ratliff—I have no desire to be greedy, and would be satisfied if I could secure two millionaire clients who simply could not keep out of trouble. (Golly.)

Barton Welsh—Nothing. (He can't fool us. We've made that kind of a remark several times.)

Worth Reprinting

"What caused that explosion on S's farm?"

"He'd fed a chick some 'Lay or Bust' feed, and it turned out to be a rooster."

RAMBLING—One mean trick is to try and get someone to answer a question while he is trying to yawn.

Hill Oates (on the same old corner) thinks we can ask more questions than anyone he knows. Remember the old bromide: "Only way to learn is to ask questions."

Sam Hugh Smith did his part in loading us up with Christmas Seal Stamps.

Little year-old Vangie This was not so much interested when we questioned her the other day about Santa Claus, but did seem to enjoy showing us her dad's store. Oh, yes, she also sang us a sweet Christmas song.

Juries will be juries, and Judge Grissom found it out recently when he drove from Throckmorton to Haskell. The jury was deliberating upon an alleged murder case, and the district judge drove home, but had no more than reached here than he received word that the jury was ready to report.

Both Mr. and Mrs. S. Hassen were born in Syria, and we believed it would be a treat to have either one of them on a program, explaining the Christmas custom in the old country.

The only trouble we've had to any extent with telephoning here is that we forget the number we wish to call before our ring is answered.

No one mentioned the matter, but we discovered that, by an accident, our telephone number had been placed in the advertisement of the Odell Feed Co. We just mention the matter in order that no one should think we were trying to sell feed—we only do our part of the

eating... What a crack! We were examining the stuff called "angel hair" in Payne's Drug Store this week, and Bob Winstead asked if we cared to purchase any. We declined—and Alvah Crandall piped that we had better buy some because "that's about the closest you'll come to it." We're glad to report that the Dallas shoppers found their Christmas parcels intact—they had not been stolen, at all, at all.

If Judge Chas. Conner intends to raise grass on the courthouse lawn he'd better keep the populace from walking over the sod. The ground is surely getting packed.

We wondered why so many high school boys were standing in front of the Jones, Cox & Co. store Friday night, but soon spied the pep squad girls coming from the hotel where they had banqueted—and it took only a moment for the lads to look over the lassies.

Poor, old Ernest McMillan, Haskell Hi's husky center—he had to work and didn't get to join the other boys!

Glady's and Ralph Weaver of Anson visited their grandparents, Mr. and Mrs. W. L. Cox Sunday afternoon.

To Members of Haskell Knox County Burial Association

We wish to thank the members of Haskell-Knox County Burial Association for the \$100.00 that came to us before the funeral of our dear husband and father, through our membership in this Association. We did not feel when this membership was taken that the sorrows of bereavement would overshadow us before the year was over. Your assistance to us now can not be known until similar sorrows come to you.

Sincerely and sorrowfully,
Itp Mrs. J. T. Bynum and family.

the Honorable District Court, at the next regular term thereof, to be holden in the county of Haskell at the Court House thereof, in Haskell, Texas, on the 7th day of January, 1935 then and there to answer a Petition filed in said Court, on the 17th day of November A. D. 1934, in a suit numbered on the Docket of said Court No. 4504, wherein J. T. Hester is plaintiff and the Haskell National Bank and Lloyd A. Fry are defendants. The nature of the plaintiffs demand being as follows, to-wit:
 The plaintiff alleges that he and the defendant, Lloyd A. Fry, entered into a contract on the 26th day of December, 1933, whereby said Fry agreed to sell to the plaintiff about 292 1/2 acres of land in Haskell county, Texas, and the plaintiff agreed to purchase the said land provided that the defendant, Fry, could convey to him a good marketable title to said land; that by the terms of said agreement the plaintiff deposited in the Haskell National Bank, Haskell, Texas, the sum of One Thousand and no-100 Dollars (\$1,000.00) to be held in escrow by said Bank as a guarantee that he would perform his part of the agreement. Plaintiff says that it developed that the said defendant Fry, did not have a good title to said land, and that by reason of said fact this plaintiff is entitled to have returned to him his \$1,000.00. But the defendant, Fry, is unlawfully claiming said money, and the defendant, the Haskell National Bank, has failed to return said sum of money to this plaintiff.
 Plaintiff prays for a judgment or-

dering said bank to pay to him said money, and it be determined that the defendant, Fry, has no right to the same.
 Herein I do, and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.
 Given under my hand and seal of said Court, at office in Haskell, this 3rd day of December, A. D. 1934.

 Clerk District Court Haskell county, Texas.

Winters Are **EASIER** Than They Used To Be? **CERTAINLY . . .** Underground pipelines made the change

Santa Claus has slick chimney-work in 290 towns in Texas and Oklahoma on the Lone Star network of natural gas, because we've been working 25 years to make your smokeless skylines. Since Christmas morning starts very early in most houses, our men are busy at the gas wells, the compressors, and along the field lines, building up a peak load long before day.

We know why the winters are easier now than they used to be—it's because of your natural gas. Why should a winter get out of control when a man can turn on a rich and inexpensive heat all over the place? Why should a north wind upset a household when water heaters are turning out two hot baths on a penny's worth of gas? What's a little sleet, so long as you don't have to bring in wood and kindling, and build fires? Thousands of miles of underground gas lines have changed the winters in this part of the country.

New Gas Inventions

Would you like to help yourself to still more comfort at your house for the New Year? Shop at your appliance dealer's for the new gas inventions, from heaters to refrigerators. We show some of this equipment in the panel below. It does its work, whatever it is, for much less cost than any other method, because of your natural gas.

It Even Lights Itself

Cool Oven Walls. Temperature dial for CORRECT oven temperatures. Sliding smokeless broiler. New type burners. And gas is much faster and lower-priced than any other cooking heat.

New Heaters Work Like Furnaces

Have you seen the new enclosed heaters that work like furnaces? Here's one in this picture, the handsome lacquered cabinet. The flame never touches the air you breathe, because the firebox vents out the flue. The Floor Furnace is another popular invention, a highly efficient heater that fits under the floor.

So Modern It Needs No Complicated Machinery

And the Gas Refrigerator runs for much less cost than any other method. Not a speck of noise or vibration. Beautifully finished and equipped with the latest improvements.

Pecan Peneche Roll: 1 c. granulated sugar, 1 c. brown sugar, 3/4 c. milk, 2 T. butter, 1 t. vanilla, 1 c. pecans (halves and pieces). Put the milk, sugar, and butter in

a sauce pan, warm slightly and stir until sugar is dissolved; (if desired two cups brown sugar, instead of one white and one brown may be used). Wash crystals from sides of pan with wet fingers or with swab (cheese cloth wrapped around tines of fork) wet in water. Stir occasionally to avoid sticking, and cook to a good soft ball state (236 degrees F.). Remove from fire, add vanilla, and allow to cool without stirring. When cool, beat until it is creamy and can be taken into the hands, knead until soft, smooth, and plastic. If crumbly, take a little butter or other moisture under the hands. When smooth work in some broken pecans, mold into roll, cover surface with pecan halves, and lay in cold pan. Slice with sharp knife as desired.

Fudge: 2 c. sugar, 2 oz. chocolate, 2 T. butter, 2 1/2 c. milk, 2 T. syrup, and 1 t. vanilla. Break the chocolate into small pieces and add to the sugar, milk, and corn syrup mixture. Stir constantly until the sugar is dissolved, and cook slowly. Continue cooking, stirring often to prevent burning, until the temperature, 236 degrees F., is reached.

Date Pecan Loaf: 4 c. granulated sugar, 2 c. brown sugar, 1/4 c. white karo, 2 c. top milk, 1/4 t. salt, 3 T. butter, 2 small or medium packages

dates, 2 c. pecans, 2 t. vanilla. Place sugar, karo, milk, and salt in saucepan and cook to firm, soft ball when tested in cup of cold water (238 degrees F. or 114 degrees C.). Add dates, cut in small pieces, and butter, cook until dates are well blended with sugar mixture (to 238 degrees F.). Cool slightly, beat until spoonful will hold its shape. Pour on cloth wrung dry from very hot water, shape into loaf. Cut, before it gets entirely cold, into slices about 3/8 inch thick.

"Full Feeling" After Meals

Here is how Theodor's Black-Draught proved helpful to Mr. Archie W. Brown, of Fort Green, Fla.: "I have taken Black-Draught when I have felt dull from over-eating or eating too hurriedly," he writes. "Small doses right after meals rid me of gases and heavy feeling. I am a great believer in Black-Draught."

TO MARJORIE

If the ecstasy of your married life will permit at the present, to such an extent that we might be allowed our share of a young bride's time; and if love is not too blind to enable you to see through the object of imposing on your time—Marjorie, we want to tell you that we miss your sunny smile and your pert little ways. Probably no girl in school has a list of friends, that would exceed that of yours. We know our loss is Buford's gain, and we hope there will be just enough clouds in your married life to make a beautiful and colorful sunset.

FOOTBALL BOYS ENTER-TAINED

The football squad of '34 was banqueted Tuesday evening through the kindness of the Lions Club of Haskell. Dinner was served, speeches were made, and players introduced. Later, at Lion Leon's invitation, the boys attended the show free of charge.

The boys of the squad appreciate all of this and all that has been done for them the past season.

Tile Found to be Valuable by Farm Club Woman Here

"I like tile fine for it does away with baking and crusting of the ground," says Mrs. Clarence Norton of the Joeslet Home Demonstration Club.

"We put down 110 feet of tile at an approximate cost of \$1.00," she continued. "Three varieties of tomatoes were planted on this tile—Maryglobe, Cherry Red, and Yellow Pear. The Cherry Red produced more than the others. They started bearing in July and bore until the later part of October, producing all that our family could use fresh."

Mrs. Norton has stored 6 gallons of green tomatoes in order to have fresh ones for Christmas.
