

J.D. Burk, Lulline Blount Are Named Rotan "Man & Woman Of The Year"

The members of the Rotan Chamber of Commerce board of directors voted to honor two Rotan citizens with "Man and

Woman of the Year for 1980" at their last meeting, according to Rotan Chamber president Ben Reaid.

The two that will be honored at a special Rotan Chamber Appreciation Banquet on Friday, June 6, are J.D. Burk and

Lulline Blount. J.D. Burk was born on July 9, 1908 in Brady. He moved to Fisher County in 1940 and went to work for

the D.J. Smith Grocery Store. He and his wife, Ila (Vick) Burk, were married on September 2, 1928 in Stephens County. They have two children, Joe of Rotan and Kitty (Burk) Cummins of Waco. J.D. and Ila have 4 grandchildren and 5 great-grandchildren.

J.D. has served two separate terms on the Rotan City Council, his latest term being in 1978. He is a deacon at the First Baptist Church in Rotan and teacher of a men's Sunday School class. He has been extremely active in all phases of activities in the church.

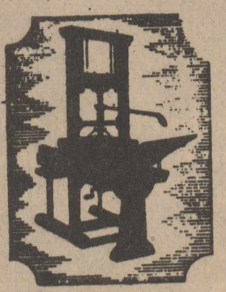

Lulline Blount, age 83, is currently a resident of the Fisher County Nursing Home. It is only in the last 6 or 7 years that she has become inactive from her lifelong task of "keeping the children of Rotan". When she was nominated to receive the award, it was pointed out that Lulline Blount has "raised half of the people in Rotan". She and her

husband, A.C. (Uncle) Blount, raised two foster children. John H. Thomas is a judge in Chesterfield, Virginia and Lulline Stephens a resident of Arlington, Texas.

A.C. and Lulline worked on the Stribling Ranch for several years. He did ranch work while Lulline cooked and kept house for the cowboys.

Lulline, until the time of

her confinement to the nursing home, was a very active member of the First Baptist Church in Rotan. She was a Sunday School teacher for the "Beginners" class.

Wooden cooking utensils need special care—for safety's sake, a clean look and longer utensil life.

Special care should be taken with boards used for raw meat products. Always clean the surface of chopping boards, butcher blocks and other wooden cutting surfaces with a hot, sudsy cloth—or keep the surface wet 5 to 15 minutes with a bleach and water solution. Rinse thoroughly and dry with a clean towel. Periodically, stains and scratches may need sanding with fine sandpaper. Wash the surface thoroughly after sanding. When dry, rub the board with clear mineral oil, let stand a few hours, then wipe off excess oil.

For new wooden surfaces, the wash and oil treatment serves as a conditioning step before using the surface.

Sandy Smith, left, receives her diploma from Larry Watts, instructor, for successfully completing the Allsup's Assistant Store Manager Training Course. Held at the company's home offices in Clovis, New Mexico, the class is a requirement for all Allsup's assistant managers. According to Watts, "The training prepares individuals for future advancement by teaching them proper food handling, cooked food procedures, store cleanliness and maintenance as well as public relations. It's designed to produce a more professional employee who can better serve the customer and community." Sandy will return to her store at 701 N. Cleveland in Rotan to assume the duties of assistant manager.

Don't tell a soul
Thank God Easter is no secret!
The very word "Gospel" means good news.
We use that word to summarize the belief of millions that Jesus Christ is God's Son and our Savior — that He suffered, died and rose again for us.
The reason so many today share our Faith is that the followers of Jesus have always tried to tell every soul the good news.
That is why we want to tell you and share with you our Easter joy.

Hustlin' Round Hobbs

Well we got that rain, but it wasn't as much as would have liked. Got some hail here at the house and about one-half inch of moisture but some folks around Rotan got almost an inch, which was really nice. Now today (Monday), we can hardly see for the sand blowing, and it's still pretty cool. Maybe later on in the week, we may get some more rain according to the weather forecasters.

At church yesterday (Sunday) we had a real good program given by the Gideons. Those present for the Gideons were Mr. and Mrs. Carl Matthies, Mr. and Mrs. Mutt Knox all from Roby, Mr. and Mrs. J.A. McClain and Kenneth Foster from Rotan, and Mr. and Mrs. L. Medlock and Mr. and Mrs. Bob Potter all from Roscoe. We really enjoyed their program. Also visiting at Church was Mrs. George (Deena) Gantt and two children from Smithville. Deena is the former Deena Etheredge and is here visiting with her mother, Mrs. Sara Etheredge. She is going to be here for a week.

Tonya Porter, daughter of Mr. and Mrs. Mike Porter, has been in Fort Worth for several days and was entered in a typing contest there. She won 2nd place, so congratulations to Tonya. She was representing Western Texas College and will now advance to another contest which will be held in Minneapolis, Minn.

Todd Etheredge spent the weekend visiting with the Windle Barretts. Mr. and Mrs. J.W. Etheredge attended the Junior-Senior Banquet on Friday night which was held at the Hobbs Gym annex. A number of parents and teachers attended the banquet. Also, a number of the Hobbs parents attended the UIL One Act Play on Friday which was held at Snyder. Hobbs was named alternate out of 7 plays. They performed "The Diary of Adam and Eve". Lynn Hyer and Todd White were named to the All Star Cast. Todd Etheredge was also in the play. Lynn Hyer is the daughter of Mr. and Mrs. Gary Hyer and Todd White is the son of Mrs. Effie McEuran.

Bro. and Mrs. L.D. Parks, Pache and Johnny Lu all ate Sunday dinner with Mr. and Mrs. J.D. Kincaid.

Mr. and Mrs. Glenn Phillips from Post and Larry Phillips all visited with Opal Phillips on Sunday night.

Melody came home for the weekend Friday and we went to Sweetwater that afternoon as she had an optometrist appointment. Saturday we all ate dinner with Mr. and Mrs. Wilber Gruben and family, and Melody went back to Tarleton that afternoon. Jim and I went to Abilene on Monday and the remainder of the week we spent painting and plumbing which are not my favorite jobs.

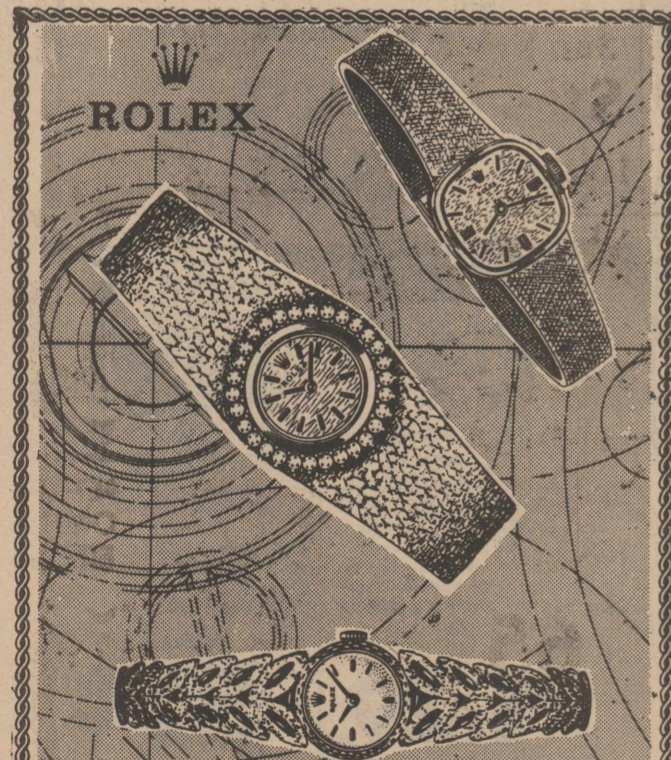

Mr. and Mrs. James Ratliff, Kim, Teresa and Diane Alaniz all went to Fort Worth on Saturday morning, and they came back on Sunday. They really had a good time and Kim tried out on Sunday morning for the Dallas Cowboy Cheerleaders. She won't know how she came out for several weeks though as they have several more try-outs coming up.

Mr. and Mrs. Doc Hardin, Wendy and Shad from Victoria came on Friday and stayed with Bea Hardin until Monday. They also visited with Mr. and Mrs. Milton Doyle at Roby. Mr. and Mrs. Morris Hardin, Vicky and Todd from Lubbock spent all day Sunday with Bea and her company. Joe Hardin from Abilene also spent Sunday, and Mr. and Mrs. Kenneth Hardin, Kimmia and Wes, and Mr. and Mrs. W.B. Hardin all from Rotan visited with Bea over the weekend.

Sorry if I missed some this week, but had to get this all done on Monday and some of you were gone. Have a very Happy Easter. See you next week.

Texas Remembers Nat. Library Week

"Texans, Remember the Library" is the theme for National Library Week in Texas, to be observed April 13-19 this year.

A century ago, reading received an enormous boost from technology. Safe and efficient artificial light made it possible for men and women whose work day began at dawn and ended at dusk to read books for information and recreation. One result of the dramatic rise in reading was the development of libraries.

A century after Edison perfected his incandescent light bulb, more people than ever are reading. This is a time in which accurate and up-to-date information is vital to all Texans whatever their ages, educational background, or economic status, not only to meet specific needs but to gain a

better understanding of the world. Today's librarians furnish the people who visit them with far more than books, but books are still the most important part of the library.

Thanks to the growth of libraries in recent years, Texans will be able to select from more than 21 million volumes in their public libraries. Additional millions of books are available in school and university libraries. The use of Interlibrary Loan will enable persons who don't find the book they need in the local library to obtain it from another source. The Rotan library is a member of the Big Country Library System, with Abilene Public Library being the Major Resource Center.

National Library Week in Texas provides an opportunity for all Texans to visit their libraries and enjoy the wide range of services available there, and to offer their support.

Tennis Team Set For District On Monday

Last Thursday the tennis team was scheduled to play Anson in a duel match. The match had to be cancelled due to an afternoon thunder storm. This week, the team played duel matches with Borden County on Tuesday and Aspermont on Thursday.

The team will travel to Abilene Monday, April 7, for district competition. Coach Dickson feels the team has done very well in all their preliminary matches and has confidence they will compete well in district play.

This past weekend five members of the tennis team traveled to Austin to participate in a weekend clinic at Lakeway Tennis Inn and Resort. Mrs. Dickson accompanied the students and also took part in the clinic. She feels they all gained some valuable knowledge to aid them

with their tennis game.

The tennis instructor was Mike Seabold, who is a skilled professional player and teacher. He instructed the students in all basic strokes and gave them some valuable strategy tips. Mrs. Dickson feels the clinic was very beneficial and hopes more of the team members will be able to go next year. Those students participating in the clinic this year were: Greg Hayes, David Thornton, Robert Gray, Martha Hargrove and Cindy Williams.

Cotton Board, Cotton Incorporated Meeting

The Cotton Board and Cotton Incorporated Joint Program Education Committee met Tuesday, Mar. 25, in Dallas to establish and redefine Program Education guidelines and policies for implementing the educational activities of the producer-financed cotton research promotion program.

"I'm quite pleased with the sincerity and cooperation that both groups exhibited during this important meeting," said Cotton Board Chairman, Murray Williams, who attended the meeting along with Cotton Incorporated Chairman, L.C. Unfred.

The meeting was called by Cotton Board Committee Co-Chairman, Wayne Griggs, in order that new policies and guidelines for the Program Education activities could be established due to the Cotton Board's recent action of assuming total responsibility for the Program Education.

One of the main topics of discussion at the Joint Meeting was the establishment of a new policy establishing guidelines for meetings where Cotton Incorporated staff members are asked to present the program.

The new guideline now states that Cotton Incorporated staff members may accept invitations to speak before producer, or producer-related meetings. Cotton Incorporated may also accept invitations to speak before small groups while traveling from one point to another and specifically attending to other Cotton Incorporated-related business. The central benefit is that this will permit those who frequently do not attend meetings in central cities, or other organized "Leadership Meetings" to have personal contact with Cotton Incorporated, learn of its programs and accomplishments.

When an invitation is extended to a Cotton Incorporated staff member to speak before a producer or other cotton industry group for the express purpose of informing the group of overall Cotton Incorporated programs and activities, the Cotton Board will be notified as far in advance as possible.

"These kinds of meetings", Chairman Williams stated, "are one of the best methods of telling producers of the successful results in research and promotion that they are getting for their per bale assessments, for example, the many new 100 percent cotton no-iron products like sheets, men's shirts and women's blouses that are coming on to the market."

Mrs. J. Cave Hosts Center Club Meeting

Mrs. James Cave was hostess to the Center Extension Homemakers Club Tuesday, March 25, in the Fisher County Courthouse Annex.

Mrs. Fred Waddell directed the recreation with a game depicting old style clothing of the last 50 years. Mrs. J.T. Mahaffey called the roll and read the minutes.

Alice Ballenger, Extension Agent, brought the program on "Upcoming Fashions, Spring 1980". She had posters depicting late fashions in color and fabric. There are a lot of bright color contrasts in this year's fashions. Blazers are versatile items of clothing, they can be worn over a sleeveless dress or with pants and skirts. This year's skirts have slits, buttons and pleats, and pants are slimmer.

The hostess served refreshments to Mmes. B.K. Newhouse, J.B. Lake, Will Moore, Willard Burk, Lowell Thornburg, J.T. Mahaffey, James Cave, Coy Stuart, Joe Ballenger, Z.H. Anderson, Fred Waddell and two visitors, Mrs. Joe Teague and Alice Ballenger. Mrs. Coy Stuart rejoined the club after being away.

The next meeting will be April 8 in the Annex Building. Visitors are always welcome.

Children occasionally need a small space for play where they can enjoy their solitude. It can be very demanding on a child to spend all his time in large rooms with other people, says a family life education specialist with the Texas Agricultural Extension Service.

Get your lawn and garden in shape with John Deere equipment

LAWN EDGER

A John Deere 3-hp Edger takes the back-bending work out of edging and trimming your lawn. The blade adjusts vertically for edging along walks and drives ... horizontally for trimming under hedges and around trees. In-between angles put a beveled edge on your lawn. For added safety there's a semi-enclosed blade and debris deflector. In addition, the blade automatically shuts off when raised to its highest position.

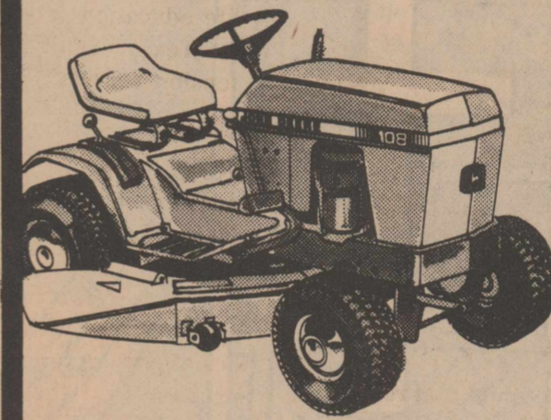

Insect Killers
Rid outdoor areas of flying insects. Three models — 25, 45 and 145 watts — draw insects with ultraviolet light ... electrically charged self-cleaning grid kills them quickly.

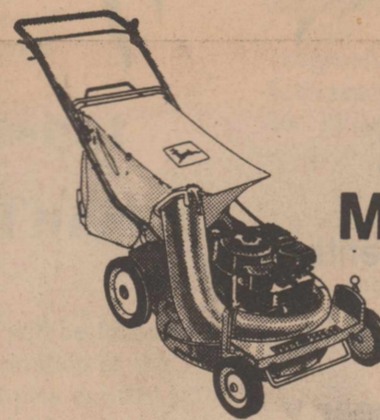

Barbecue Grills

John Deere Grills are available in gas, charcoal and electric models. All feature quality construction for less maintenance. See us for grill accessories, too.

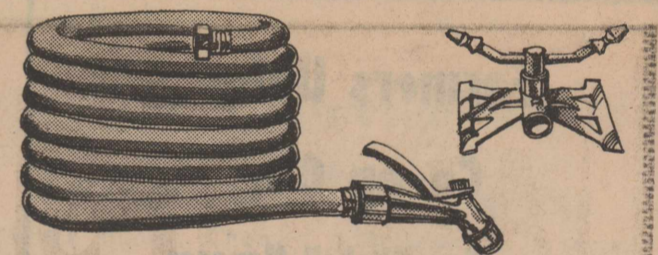

Lawn Tractors

Two models to choose from. The 8-hp 108 with 30-inch mower and the 11-hp 111 with twin-blade 38-inch mower. Both can accommodate a big 4-bushel rear bagger that makes lawn care quick and easy. Both models feature a 5-speed transmission, with on-the-go shift conveniently located on the right fender deck. Color-coded controls. Adjustable contoured seat. And roomy operator's area. Front blade and snow thrower are available as options.

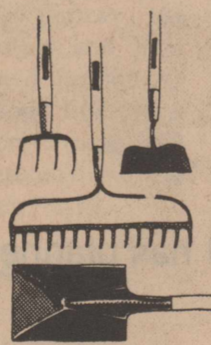

DELUXE 21-INCH MOWERS

John Deere 21-inch deluxe mowers come in three models — push type; self-propelled; and electric-start, self-propelled. The push-type has a 3½-hp engine. The two self-propelled models have 4-hp engines and rear-wheel gear drive that gives excellent traction in all mowing conditions. Single levers at front and rear let you adjust cutting height — 7/8 to 2¾ inches. Aluminum die-cast deck. Hinged rear guard. Optional 2½-bushel rear bagger.

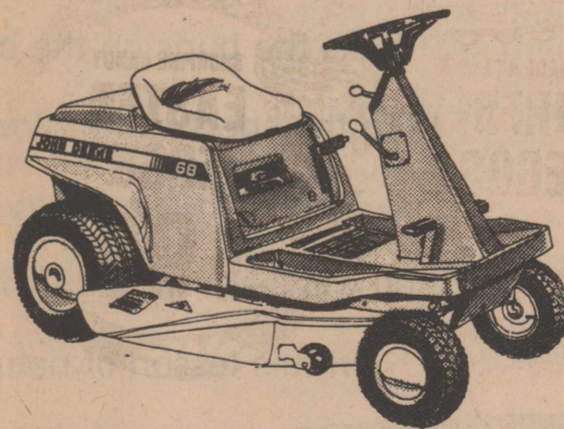

HOSE AND SPRINKLERS

We have John Deere Hose in 25- and 50-foot lengths. Rubber, plastic or vinyl. Choose from oscillating, whirling or impact sprinklers. Hose nozzles, too.

LAWN AND GARDEN TOOLS

We have a wide selection of top-quality tools. Rakes, hoes and shovels. Trowels, transplanters, pruners and loppers. Stop in soon.

Riding Mowers

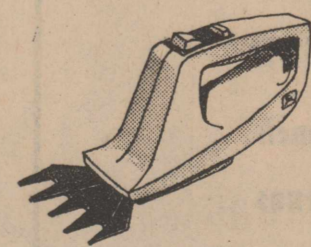

John Deere Riding Mowers make quick work of mowing chores. Choose a 5-hp model with 28-inch cut or an 8-hp model with 30-inch cut and recoil or electric start. An 8-hp model with 34-inch mower and recoil start is also available. The 5-hp rider has 3-speed transmission — 8-hp riders, a 5-speed in-line transmission that lets you shift on the go. All have cushioned seat, sturdy footrests.

COMPACT TILLER

Powered by a rugged 2-hp engine, the John Deere 216 Compact tills, cultivates and breaks sod better than most tillers in its class. Double-action tines till a 16-inch path to a maximum depth of 7½ inches. Unique rear-wheel/depth bar assembly swings down for transport, up for tilling with just slight foot pressure. Loop handle with full-width control bar lets you operate tiller from behind or either side. Optional tine kit lets you till a 12- or 26-inch swath.

CORDLESS ELECTRIC SHEARS

The John Deere 3-inch shears trim quick and easy. Alloy-steel blades with non-stick coating ... up to 50 minutes trimming on one charge ... optional handle for stand-up trimming.

When the white snows of winter, so recently here,
Are dispelled by the warmth of the sun,
And the tiny green plants will begin to appear;
Then the season of spring has begun.
Soon the tops of the trees will be tinted with green,
As the buds on the branches unfold;
With the spectrum of flowers creating a scene
That is truly a joy to behold.
You will learn through your Church what the Lord has planned,
In this lesson of nature's rebirth;
When the beauty of spring will awaken the land,
And new life will be born on the earth!
