Administrator Asks For Help In Purchasing New Ambulance

Hospital Administrator Perry Hunsaker together with Fisher County Para-Medic Tommy Harbin and Board Member Raford Hargrove appeared before the commissioners court last Monday morning seeking assistance in purchasing a new ambulance for the Fisher County Hospital District.

Hunsaker said "We just don't have the money to keep going like we have been going - let alone buy a new ambulance". His remarks came as a mini bombshell to the commissioners. Commissioner Billy Henderson said "there is no extra money in our budget"

Hunsaker said that• "We've come to the point where if we don't have the equipment we can't provide the service".

The administrator was seeking to receive some \$25,000 in assistance from the Fisher County commissioners for the purchase of a new modular type ambulance. The two ambulances currently in 90,000 miles) and the newest (1976 Ford Van with 70,000 miles).

Commissioner Wright said "We have an obligation to save lives if we can". He indicated that he was willing to put the request for funds in the budget for 1981 saying we're not spending this money foolishly, we're providing a service to the people of Fisher County.

Hunsaker told the court that he thought the Commissioners should subsidize the ambulance operation by \$10,000 or so a year or else provide the hospital with ambulances when they need them.

The possiblity of installing a new engine in the 1976 Ford van was aired, the possibility of leasing a new modular unit until funds can be secured to purchase was discussed.

The commissioners agreed to meet with representatives of the Rotan City Council and Roby City Commission at the hospital on Monday, June 16th to further discuss the ambulance problem.

WTC Course Offered For **Nurse Aides**

A 120-clock hour course to prepare students for positions as nurses aides in a hospital or nursing home will be offered by Western Texas College at Stonewall Memorial Hospital in Aspermont.

Registration will be held from 5-7 p.m. on June 12 at the hospital. Students will attend classes on Friday nights and Saturdays from June 20 through July 26 (with the exception of the July 4th weekend) for a total of 60 hours of training and will spend the remaining 60 hours on the floor at a hospital or nursing home.

Fees will be \$85 per person, which includes the required book.

Applicants must be at least 18 years of age, be able to read, write and comprehend English, furnish references, be interviewed by the course instructor, and must have had a tuberculin skin test and stool culture within the past 12 months. They must be free from contagious disease and in suitable physical and emotional health to perform their duties correctly.

Equipment to be furnished by the student is a watch with a sweep second hand and a ball point pen with blue or black ink.

The student who successfully completes this course will perform the skills required in caring for patients in a hospital or nursing home. The aide will be under the direct supervision of an RN or LVN.

Winnie Poyner, Vocational Nursing instructor at WTC, will be instructor for the course. Persons who would like additional information may contact her or Jerry Baird, Director of Adult Vocational Education, at WTC. AC 915 573-8511.

Gwenn was in kindergarten, and for fun, we'd play "How big?"

"How big is Daddy?"

"Eighteen inches!" said the thirty-six-inch giant.

"How big is that building?" "A mile! No, two miles!"

So it went until Gwenn learned about the standards of length: the inch, foot and mile. Now, at eight, a beachball is "twenty inches;" Daddy has grown to "six feet;" and that building over there is "about two-hundred feet." Now, Gwenn has a better idea of the "bigness" of our physical world.

But what of spiritual dimensions? Gwenn must learn to gauge problems, worries, hopes and aspirations—lest her troubles seem too big, her dreams too small. She will turn to God's living Word, the Bible — taught in her church. A little girl learned. Will you?

is urging Congress to defeat a proposed compulsory national health insurance program, according to Carrol Chaloupka of Dalhart, president.

A number of health insurance bills are under consideration, including Senator Edward Kennedy's "Health Care For All Americans Act - S. 1720." said Chaloupka. Projected costs to taxpayers for these proposals, he said, run from the \$28.6 billion needed to begin Senator Kennedy's proposal, down to about \$7 billion for the Republicans' "Medical Expense Protection Act."

"Costs would, of course, increase rapidly each year of operation," he said.

In a letter to Farm Bureau county leaders, Ed McKay, TFB national affairs director, asked members to write their Congressmen and urge defeat of all compulsory national health insurance legislation.

National Cotton Council Expanding

National Cotton Council President Herman Propst sees the 1980's as a tremendous growth period for cotton.

Pointing to the expansion that has occured in cotton's markets this season, he told the National Cottonseed Products Association at its annual meeting here today that he believes it's "only the beginning" of a brighter outlook for cotton as both a fiber and food product.

"We've already seen the impact of favorable economic development on our fiber consumption in the Far East." Propst said, "and as world food needs grow, we're confident that demands are going to increase, too, for cottonseed oil and meal."

Even with prospects for a recession in the season ahead, the Council president said cotton still has a favorable outlook. On the domestic scene,

he noted that mill inventories are lean, and it's possible that mill fiber consumption could hold up better than the general economy in a recession.

Even if the total fiber market declines somewhat, Propst said it is entirely possible that cotton's domestic consumption in 1980-81 will be near

policies that must be written next year, the Council president warned that attempts may be made to apply the same legislative remedies for grain and soybeans to cotton "even though cotton isn't experiencing the same problems and may not need or want the same remedies."

Propst asked the crusher segment's leadership in formulating and building support for a sound government cotton program tailored specifically to cotton's needs.

County 4-H Teams Win Top Awards At State Meet

Fisher County 4-Hers competed this past week at the State 4-H Roundup in College Station winning one 1st place and one 2nd place award.

This is the final competition for all Demonstrations, Judging Contests and the Share-The-Fun. Two teams from each of the 14 Extension Districts qualified for the State Competition.

The Electric Demonstration team of Julie Posey and Joyce Lynn Harkey won 1st place in the State competition. They are the daughters of Mr. and Mrs. Richard Posey and Mrs. and Mrs. Tom Harkey.

The Horse Demonstration team won 2nd place with their demonstration titled "What's in the Box." The team members are Todd Etheredge and Tisa Lovett. Their parents are Mr. and Mrs. Jackie Wayne Etheredge and Mr. and Mrs. Dwight Lovett.

They will be presenting their demonstration in North Carolina in August. In the Livestrock Judging Contest the Fisher County team composed of Mike Morrow, James Jeffrey, Gary Don Harkey and Britt Stuart won 5th place. Harkey was honored for being the 3rd high individual of the contest.

The Share-The-Fun group won a 7th place finish in the tough competition. Team members include Jan Wright, Jill Wright. Tina Hataway, Merry Johnson, Julie Branson, Darrell Doty, Tami Halliburton, Kelly Hunt, Lisa Hoodenpyle and Leslie Carey.

The Grass Identification team composed of Mark Harris, Kelley West and Kip Pease placed 8th in the overall competition.

> Gary, who plans to major in animal science in

college, was one of 50 recipients of Houston Livestock Show and Rodeo scholarships presented at the state 4-H Roundup.

The Show, which will also present 50 four-year, \$6,000 scholarships in the United States. During the coming school year, the

Show will have 389 of academics and leaderin Texas colleges and universities, representing a commitment of \$2.1

The winners, carefully elected from hundreds of applicants, are the best in the state from standpoints

students on scholarships ship. The only requirements made of the students are that they major in some form of agriculture at a college or university within the confines of the state.

The monies used to fund the scholarship program are derived directly from proceeds generated by spectators at the Houston Livestock Show and Rodeo, a civic, charitable organization whose effoxts, actions and revenues are used directly to benefit youth and support edu-

In presenting the scholarships, Show President Allen H. Carruth said that the presentation of each scholarship is far more than just a gesture of good
