

Foy Mitchell Retires After 21 Years

Turnbow Named New Manager At Farmers Union Coop Gin

Foy Mitchell, manager of the Farmers Union Co-op Gin in Roby since its birth in 1961, has retired and has turned the managerial reins over to Gene Turnbow, a former Roby resident.

Mitchell was instrumental in organizing the Farmers Union Co-op Gin in 1961, purchasing the old Paymaster Gin and rebuilding the gin to make it a high-capacity facility. He was named as manager of the gin the year it was organized.

During the time Mitchell served as manager, he saw a farm store added in 1964; elevator leg in 1966; bulk fertilizer in 1973 and the key fuel pumps in 1975.

Mitchell has been active in agricultural circles for a number of years. He is past President of the Fisher County Farmers Union and District Director for Texas Farmers Union. He is currently serving as chairman of the board of the Rolling Plains Co-op Compress in Sweet-

water. He is a member of the executive board of the Plains Marketing Association; on the board of the Plains Cotton Cooperative Association in Lubbock; and is chairman of the Fisher, Jones County Pest Management Association. Mitchell is also a member of the board of directors of the Voluntary Purchasing Groups, headquartered in Bonham, Texas.

Mitchell has been named manager of the Farmers Union Co-op Gin since it organized 21 years ago. The Co-op started with an investment of approximately \$100 thousand dollars and is currently worth in excess of 1.2 million.

Mitchell was born in Fisher County, ran a grocery store and served as Postmaster in Royston from 1942 until 1951. He farmed from 1951 until being named charter co-op manager in 1961.

Mitchell and his wife Dessie are members of the Roby Church of Christ. They have one daughter, Gail Kimmerling. Gail and

her husband Monte have recently moved to West Virginia where he is pioneering the formation of a gas testing plant.

The Mitchells have two granddaughters, Gina-Galaway, a computer school student in Dallas, and Rhonda Galaway, a senior at Roby High School.

Following retirement,

Mitchell plans to farm and do some traveling. He intends to remain a member of the regional boards he has been appointed to.

Gene Turnbow was born and raised in Fisher County. He is a graduate of Roby High School, graduated Texas A&M University with a major in

animal husbandry in 1950 and was hired by Alamo National Bank in San Antonio in the agricultural livestock department following graduation.

In 1952, Turnbow was hired by the Parker Family of San Antonio as general ranch manager of their properties that covered approximately 290,000 acres in several states and Canada. As ranch man-

ager, Turnbow was in charge of the M-P Ranch in Lytle, Texas, consisting of 1,500 acres; Parker & Turnbow Ranch in New Mexico covering 32,000 acres; Parker Ranch in Burlington, Colorado, covering 2,000 acres; Higate Ranch in Bandera, Texas, covering 2,000 acres and the Nicola Lake Ranch, Co. Limited in Merritt, British Columbia, Canada, cover-

ing 252,000 acres. The Parker family sold the ranch operations in 1979 and Turnbow moved to Stroud, Oklahoma, where he developed and patented a round bale feeder dispenser. The Turnbows moved to Joshua, Texas in 1981.

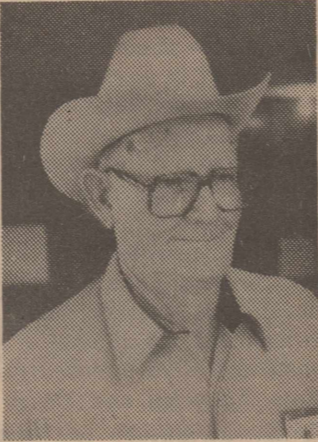

Gene Turnbow and his wife, Britty, daughter of former Roby resident Lewis Moore, now a

resident of Cleburne, Texas, have one son, Gary, age 30. He is currently serving as general manager of the Harris Western Centers and lives in Lytle, Texas.

Turnbow is an honorary State FFA Farmer, member of the American Quarter Horse Association, Masonic Lodge and is a member of the First Baptist Church of Roby.

County Commissioners Discuss Roofing Plan

The members of the Fisher County Commissioners Court met in regular session last Monday morning and discussed at length the possible re-roofing of the "Pink Building" in Roby with Lee Mauldin. The commissioners asked Mauldin to give some basic construction figures on re-roofing the building and installing a ceiling and divider partition. Mauldin estimated that the roof and ceiling could cost as much as \$15,000 with the roof replacement running in the neighborhood of \$8,750.00.

Commissioners budgeted \$5,000 for upkeep at the Pink building for 1982 with another \$5,000 earmarked for upkeep and improvement at the County Show Barn. It was indicated that the \$10,000 could be used to re-roof the Pink Building if suitable bids were received.

In other action the court was presented a report by Annie Weems, Fisher County Senior Citizen Co-Ordinator, concerning the operation of the Fisher County Senior Citizen's Center for February. In her report, Mrs. Weems indicated that the First

Anniversary Open House at the Center would be March 16th.

Commissioners discussed the replacement of an engine on a County Fire Truck and authorized Judge Marshal Bennett to negotiate with appropriate officials to get the engine repaired.

Fisher County Sheriff Mickey Counts informed the Commissioners that approval had been granted on all variances at the Fisher County Jail and that repair on a few items was in progress.

Commissioner W.A. Cross indicated that someone needed to look into the possibility of purchasing some additional fire notification alarms for Roby. He said that in some instances the alarms were not sufficient to notify all firemen. No action was taken.

Carriker To Hold Press Conference

Steve Carriker of Roby indicated last Tuesday morning that he has notified all area news media personnel of a news conference on Thursday morning, March 11th, at 10:00 a.m. at the Fisher County Court House.

Carriker has called the news conference in his home county to announce what he has described as "a very important political decision".

Commissioners agreed to hold a work day at the Rotan Cemetery on March 22nd and to fix the road at the Fisher County Airport on March 23rd.

In final action the board

approved the Fisher County Annual Report for 1981 and received a demonstration from IBM on a new copy machine for county offices.

Little League, Farm Meeting March 16th

There will be a Little League and Farm League Meeting on Tuesday, March 16, at 5:00 at Homestate Savings.

The purpose for this meeting is to discuss the

schedule and registration fees for the 1982 season. Farm League and Little League is open to all boys of Fisher County between the ages of 8 thru 12.

Rotan Baptist Will Conduct Revival

The First Baptist Church of Rotan will be holding a revival beginning March 14th and continuing through March 19th, according to Jerry McFather, pastor of the church. Services will be held at 7:30 p.m. each evening and at 11:45 a.m. each day except Tuesday.

A nursery will be provided. The Evangelist will be Rev. Bob Harris from Houston, Texas. Bill Sweeney, layman from North Phoenix Baptist Church, Phoenix, Arizona, will be in charge of the music.

Stenholm Staff Man In Rotan March 12th

A member of Congressman Charles Stenholm's district staff will be in Rotan on Friday, March 12, 1982. He will be at Homestate Savings from 9:00 a.m. to 12:00 noon.

In announcing plans for regular visits by members of his staff, Congressman Stenholm said that this is part of an effort to do a better job in serving the people of the 17th Con-

gressional District. "With thirty-five counties to represent and help in any way I can, I believe this will be a valuable means of access to my office," Stenholm said. Anyone with a problem or desiring to have direct communication with the Congressman is urged to take advantage of this opportunity.

CONVENTION: Kathy and Steve Carriker of Roby, attended the National Farmers Union's 80th annual convention held at the Sheraton Washington Hotel in Washington, D.C., February 26 through March 2, 1982. Farmers Union members meet annually to set policy to guide the grassroots family farming organization throughout the coming year.

FIRST PLACE WINNERS: The members of the Rotan Boys Varsity Track Team took first place last Saturday at the Anson Relays. The Sprint Team and the Mile Team each had first place finishes. Grubbs' legal residence is in the new 78th Legislative District where most of his present 61st District counties have been placed by the State Redistricting Board in their actions last October. The Federal Judge Panel recently approved the plan insofar as the 78th District is concerned. Grubbs has represented the 61st District now for two terms in the State House.

In making his announcement for re-election to the Legislature in the 78th District Grubbs said he welcomes the opportunity to seek re-election in this new 12-county District, which includes four counties from his present 61st District, being rural Taylor, Nolan, Fisher and Jones, and adds Scurry County from District 63, Lynn County from District 77, and Garza, Kent, Stonewall, King, Knox and Cottle Counties from District 101. Grubbs added that he feels this 12-county area comprises a distinctly compatible community of interest because the economy is based largely on

farming, ranching, oil and gas production, financial institutions and retail business. He added that he has spent most of his life in this West Texas area and feels he knows well the interests and problems of folks in this part of the state.

Having worked in West Texas and in Washington, D.C. for nearly 22 years, as assistant to Congressman Omar Burleson and Congressman George Mahon, Grubbs said he has found it very gratifying and a challenge to represent the fine people of this West Texas area in the Texas Legislature.

Being a retired Congressional employee I am free to spend my full time and energy in this position as your State Representative. I have the time and desire to serve, with no other compelling responsibilities except, of course, my wife and three fine grandchildren.

I am a strong advocate of our free enterprise system, and you'll find my voting record consistent with this philosophy. I voted for a Constitutional Amendment that would have prohibited a State Income Tax...I voted against expansion of the Bilingual Education Program in our public schools...I voted against the Tax Reform Act that is bringing about large tax increases for many Texas homeowners at a time when inflation and high interest rates are crippling everyone...I worked for and we succeeded in holding down state spending to the smallest percentage in ten years. I was an assistant to two fiscally responsible Congressmen for 22 years and I was exposed to an excellent conservative philosophy, which I have fully adopted. Omar Burleson and George Mahon served a combined 76 years in the U.S. Congress.

Grubbs stated further, "There are very few fulltime Legislators in the Texas House, but I am one of them. I have no compelling obligations to any aspect of our society either financially or otherwise. My only obligations are to all the people I try to represent through responsible, honest, prudent and common sense decisions I am called upon to make as a Legislator, in the interest of good government for this great West Texas area and all of Texas. If my sole source of a livelihood depended upon one segment of our business or

professional society, then perhaps it might be difficult for me to cast votes that might have an adverse affect on that business or profession. My livelihood does not depend upon banking, law practice, manufacturing, transportation, education, medical care, agriculture, retail or wholesale business or any other area that would restrict my independence in making those important decisions that affect all aspects of our society in the Legislative process. This provides a freedom in decision-making not enjoyed by all members of the Texas Legislature.

Grubbs also feels we need tougher law enforcement against repeat criminals and punishment of convicted criminals should be carried out to the fullest without probation being granted in too many serious crimes. He is a strong advocate of enforcement of the laws against drug traffic and abuse. He introduced in the last session one of the five "War On Drugs" bills which passed and became law.

Rep. Walter Grubbs is presently serving in some very important positions in the Texas House. He is a member of the Appropriations Committee, Vice Chairman of the Health Services Committee, a member of the House Administration Committee, has been appointed to the important Legislative Council, and is Chairman of a special select committee to investigate the Texas Department of Mental Health and Mental Retardation. He is also a member of the Council on Health and Welfare for the State of Texas. He has been referred to by House Speaker Bill Clayton as a "working" member of the House of Representatives. As a retired Congressional employee he is one of the few legislators who devotes his full time to the job of representing his District.

Grubbs has been quoted as saying he feels his conservative philosophy represents the majority philosophy in this West Texas area. He stated further that if he did not believe that, he would not be seeking re-election to the office. Grubbs added that he believes elected officials should cast their votes on important issues based on what they say to the folks back home and not based on what might be politically expedient for

that elected official. An elected representative does a poor job when he misses half of the record votes and likewise does a poor job when he seeks only to provide the pork-barrel representation his close-knit group of friends demand of him. Elected representatives who vote with the Liberal Faction and then try to tell the folks back home they are Conservative, do a disservice to their constituents and in my opinion would appear less than honest in doing so.

Grubbs said, "I am proud that the Texas Government is solvent and that it is being run in a fiscally responsible manner, without deficit spending and with a minimum amount of waste and extravagance by State Agencies and their many programs." He continued, "State Government needs to maintain this practice and operate within the revenue being provided by the taxpayers." Grubbs said further, "There is no need at this time for any new taxes and that he has opposed all proposals to impose them."

Grubbs was reared at Colorado City in Mitchell County, where he served on the City Council, and as Mayor, for six years. He knows the problems of our smaller communities and shares the interests and concerns of this area from the standpoints of experience and background. His father was a cotton ginner at Colorado City and his

mother served as County Treasurer for twelve years in Mitchell County.

In making his public announcement for re-election to the Texas Legislature, Walter Grubbs stated that he is always available to assist with problems and other community activities, and that he wants to get acquainted in the new

counties and will be visiting over the District during the next few months frequently. Grubbs added, "This 12-county District is a big piece of the Big Country, but I will be making every effort to see as many people as possible so that I can personally ask for your goodwill and support in the Democratic Primary."

NORMAL?

The world's most familiar medical instrument is the thermometer. It measures one of the key symptoms in most illnesses.

Too bad we have no similar instrument for measuring key symptoms of spiritual illness. Some of us go along for years quite unaware that something serious can be wrong with us... something that will only become evident when we confront a crisis with which we have neither the resources nor strength to cope.

This is God's world. We are his creatures. Can there be anything more normal than to seek resources and strength from God... long before a crisis will test them.

Worshipping regularly provides opportunity for building spiritual health.

Chief Appraiser Discussed Land Valuations

Is the land you own being used for agricultural purposes? If it is, then you may be eligible for tax relief on that property. According to Billie L. Holcomb, chief appraiser for the Fisher county Appraisal District, qualified landowners have the option of applying for agricultural or open space land valuation on their property.

Two constitutional amendments provide for the taxation of land on its agricultural use (or productivity) value. In other words, taxes would be assessed against the productivity value of the land instead of what the property would sell for in the open market. The legal basis for this valuation is found first in the Texas Constitution,

Art. VIII, Sec. 1-d. Several criteria must be met in order to qualify under this section. Some include:
 --The land must be owned by a natural person (does not include corporations, partnerships, agencies or organizations);

--The land must have been devoted exclusively to agricultural use for at least three years prior to the year application is first made;
 --Annual application is required of the owner;
 --The owner must file a

sworn statement each year he applies, attesting to the land's agricultural use;
 --The chief appraiser must determine that the landowner qualifies and must approve the application, and,
 --The agricultural business conducted on the land must be the owner's primary occupation and source of income.

Mrs. Holcomb said another form of alternate valuation available to qualified landowners is that of open-space land valuation. Effective since 1979, it provides for the valuation of agricultural and timberlands and ecological laboratories. The legal basis for this form of land valuation is in the Texas Constitution, Art. VIII, Sec. 1-d-1.

Several conditions must be met in order to qualify under this section, including:
 --The land must have been devoted principally to agricultural use for at least five of the last seven years;

--The land must be involved in a qualifying agricultural use,
 --The land must be used for agricultural purposes to the degree of intensity generally accepted in the area, and,
 --The chief appraiser must approve the applica-

tion. In 1982, once an application for 1-d-1 open-space valuation is filed with the chief appraiser and approved, a landowner will not be required to submit another application so long as the land qualifies. The chief appraiser, however, may request that a new application be filed. Under either form of valuation, the possibility of a rollback tax exists. This liability for additional tax is triggered under Sec. 1-d valuation by either the sale or change in the use of the land. Under Sec. 1-d-1 valuation, a change in the use of the land triggers a rollback tax. The change of use would be to a non-agricultural purpose that would not qualify for productivity valuation.

The additional tax is measured by the difference between the taxes paid under productivity valuation provisions and the taxes which would have been paid at the market value. The recapture of lost taxes extends back three years under Sec. 1-d, and five years under Sec. 1-d-1. Additional information is available at the local appraisal district office in the Courthouse. Personnel there will be able to assist with the data which will be necessary for determining qualifications for the program. Application forms are available at the appraisal district office and many have been mailed out to landowners of Fisher County. These applications should be filed before May 1. Call us at 776-2733 if we can help you.

Appraisal Board Will Move To New Offices

The members of the Fisher County Appraisal District met last Monday night and discussed the move that will take place of the appraisal district offices. The offices are now located in the court house. In the next few weeks the district will move from their two office location into 4 offices in the east side of the Court House.

In other action, Joe Dale

Burk with Rotan Insurance Agency, presented information to the board concerning public officials liability insurance and office contents coverage. No decision was reached by the board.

The board members discussed appointments to the Appraisal Review Board and discussed the establishment of appraisal processes.

Mary Nell Clayton Honored

Mary Nell Clayton of Roby High School has been chosen to be honored in the American High School Athlete Association. These students are chosen on remarkable accomplishments as talented athletes and are placed in the elite group of talented athletes. AHSAs is a national honor bestowed exclusively upon those young American

athletes who have complied with exacting standards of achievement in athletics, scholastics and extra-curricular and community activities. Mary Nell is now under

consideration for the AHSA scholarship program which provides scholarships varying in amounts from \$250.00 to \$1,000.00 to deserving AHSA honorees.

Basic Square Dance

Ruffles & Spurs Square Dance Club at Roby has voted to have an hour of basics for reviewers and

beginners starting Monday night, March 15, at the Roby Fire Hall from 7:00-8:00 p.m.

The Club then will follow with mainstream and plus 1 and plus 2 from 8:00-10:00 p.m.

The Club elected new officers February 22. Mr. and Mrs. Charles Doty were elected as president; Mr. and Mrs. George Gant-Vice-President; Secretary-Treasurer & Reporter-Mildred, Willardene, and Maurcene Parker. Board of Directors are Sally and Bill Parker, Roy and Helen Noles, and Tommy and Becca Frier-son.

Everyone is invited to attend the 7:00-10:00 p.m. Monday night lessons sponsored by the Ruffles & Spurs.

McArthur Hoop Honors

Patrick McArthur, son of Mr. and Mrs. Don (Pinky) McArthur of Joshua and the grandson of Mrs. J.L. McArthur of Rotan is a member of the Joshua Owl basketball team which won second place in Regional tournament in Denton Saturday.

Patrick, who substitutes as wing, is 6' 3" and a senior.

Joshua had a 22-0 winning streak this year and was ranked as high as second in state this year in the Fort Worth Star-

Telegram Poll of state players. The team finished with a 27-3 record. Seven of the team are over six foot with the tallest 6' 6".

The Owls finished first in all three tournaments they were in this year.

Joshua beat Bowie 39-37 Friday in Denton to advance to the Regional finals, but lost to Linden-Kildare Saturday 62-50.

Patrick's grandmother and his aunt and uncle, Joyce and John Davis watched Patrick play in the tournament in Denton.

Rotan Police Break In Investigation

Rotan Police Chief Gene Pack indicated last Tuesday that the police force is investigating a break-in at the Rotan Gin Co. that took place at approximately 4:00 a.m. Saturday, March 6th.

From reports, Patrolman Grady discovered an individual, first thought to be a gin employee, inside the gin office. He summoned help from Pack but the

individual could not be apprehended. Pack said that nothing was discovered missing.

The individual broke a window in the northeast end of the gin building in order to gain access.

Police are confident that they have the description of the subject and expect an arrest in the near future.

Roby Honor Society

This past week the Roby National Honor Society collected donations for Muscular Dystrophy as a community project. They also participated in the National Public Schools Week by giving the

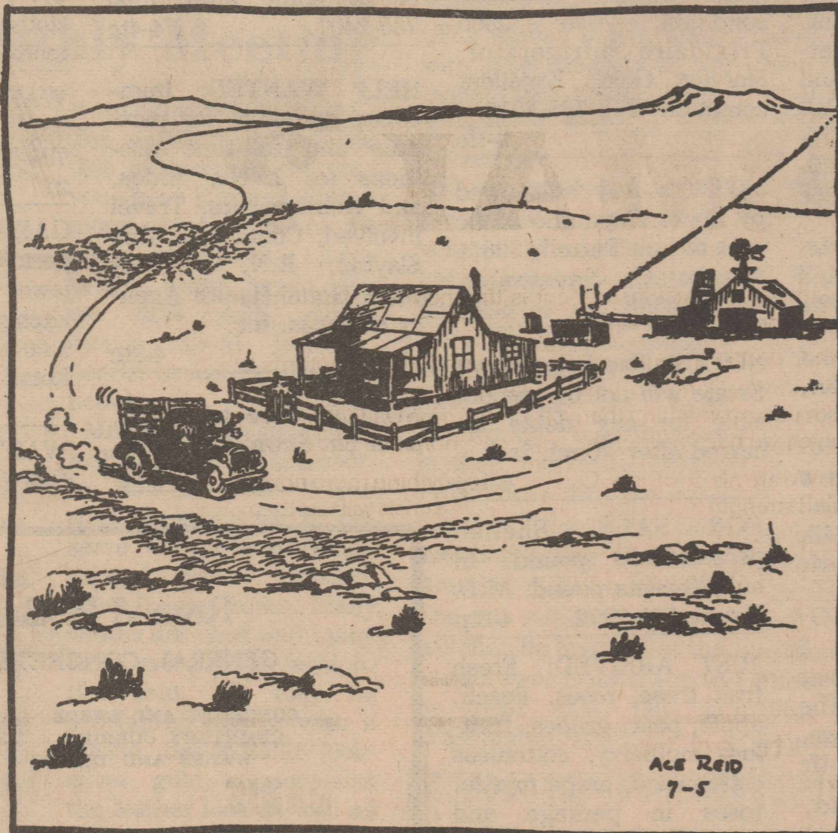

teachers a small token of their appreciation. The National Honor Society will also be selling school directories for \$1.00 and decorated Easter cakes in order to raise money for their scholarship fund.

WINS HIGH POINT: In the 26th Annual Hardin-Simmons Speech Tournament Johnny Moesch won the high individual point total in Debate. He had a total of 103 points after the first four debates. This is quite an accomplishment for Johnny who competed against 46 debaters from Class A through Class 5A schools. He was awarded a trophy for his accomplishment.

Librarian Attends Meeting

Annamae Arnett, librarian at the Rotan Public Library attended the Library Information Services workshop at Western Texas College in Snyder on February 10th, sponsored by the West Texas Library System at Lubbock and the Big Country Library System at Abilene. The workshop was designed to help local librarians pro-

vide better information services to adults and children in West Texas communities.

Librarians heard Margaret Nichols from North Texas State University at Denton discuss the kinds of questions library patrons ask and how librarians can help patrons find the answers to those questions accurately and

quickly both in-person and over the telephone. Common reference books, such as dictionaries, encyclopedias, almanacs, dir-

ectories, that all libraries own, were recommended as good sources for the kinds of questions that the average library user asks.

More than fifty librarians attended the workshop, representing sixty-one counties in west and central Texas area.

Rolan Floyd Services Conducted In Rotan

Mr. Rolan Floyd, 70, of Rotan, died Monday, March 1st at his home in Rotan. Funeral Services were held Wednesday, March 3rd, at Calvary Baptist Church with the pastor, Rev. Barry Beames, officiating. Burial was in the Belvieu Cemetery.

Mr. Floyd was born November 22, 1911 in Fisher County and has been a life long resident of the Rotan area. He was the son of the late Mr. and Mrs. Anderson Floyd. He married Lillian Elizabeth Currie, May 21, 1948 in Purcell, Oklahoma. She died February 13, 1981. He married Cecilia Rivera May 1, 1981.

Mr. Floyd was a retired employee of National Gypsum Company. He was a veteran of World War II, serving with the U.S. Army in Europe where he was awarded 2 Bronze Stars, the Purple Heart, and the Good Conduct Medal. He was a member of the Rotan VFW.

Mr. Floyd was a Baptist. He is survived by his wife, Cecilia; 1 son, Rolan Franklin of Rotan; 4 daughters, Elizabeth Maxine Floyd of Hobbs, New Mexico, Nor Robinson of Lawton, Oklahoma, Vickie Kay Lawson of Hobbs, New Mexico, Sally Ann Makuta of Sweetwater, Lou Ferrell of Sweetwater; 1 step-daughter, Cecilia Jaramillo of Rotan; 2 step-sons, Ted Cerda and Danny Gunderson of Rotan; 1 brother, N.C. Floyd of El Paso; 1 sister, Vera McCoy of Amarillo; 8 grandchildren.

FRESHMEN

Pallbearers were Charlie Polk, Jim Hanson, Richard Floyd, Garland Floyd, J.C. Alls, and Haskell Templeton.

Card of Thanks

Cub Scout Pack 175 would like to thank Jim Sheehan for all his time and service he has given the scouts serving as Cubmaster. We will miss him. Freddie Alls will be our new Cubmaster. Renda Alls will be a new den mother for the 8 year olds. She will be meeting at 3:30 on Mondays at her house. Den 1 and 2 will meet at 3:45 on Mondays at Calvary Baptist Church. If you would like to become a new scout, ages 8-11, we have a place for you. We are also in need of used uniforms for some of these boys. You can contact Brenda Sheehan for either thing at 735-2041.

Social Security To Offer New Services

It's a terrible day out, your old car probably won't start, you don't feel well either, but you have to go to the Social Security office today. Your check did not come for the first time in years. Most of your bills are due and you need to make sure that your check is found so that you can pay them.

Stop and think! Do you absolutely have to see someone to handle this? Why not save yourself some gas, time and your own safety by calling Social Security? Almost any business you may have with Social Security can be done by telephone.

For those who want to retire or apply for any type of benefit, the telephone is the most prompt way to do so. By applying by telephone, you don't need to come or take time off work. All the information can be given by telephone, and your application can be mailed for your signature. Another advantage of this procedure is that you know before your application arrives what documents you will need.

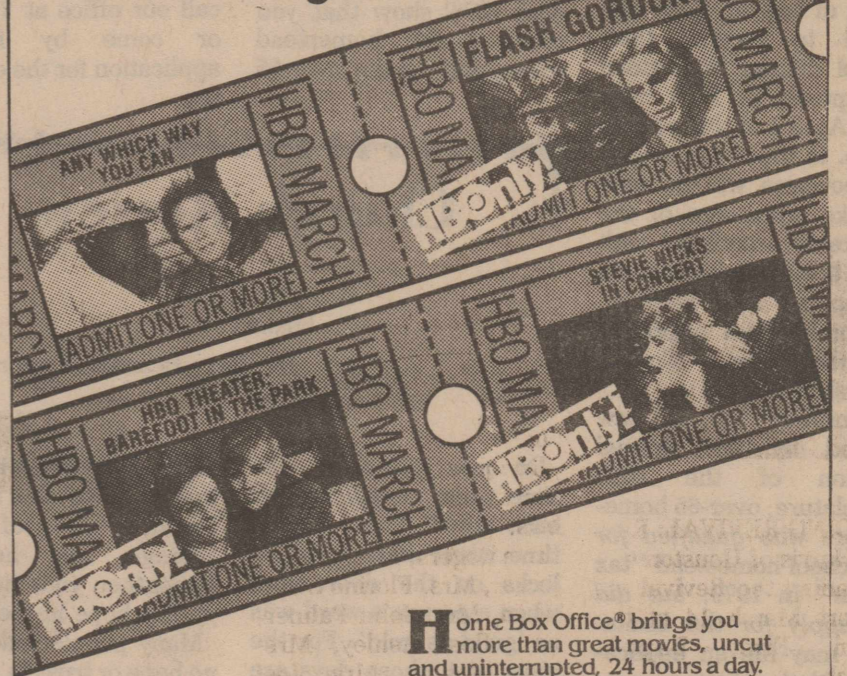

Palette And Brush Meeting

The Palette and Brush Club met Monday, February 8, in Roby. Mary Alice Connell of Sweetwater brought an informative lesson sunsets in a snow scene.

Winnie Knox of Sweetwater has a group of paintings hanging in Citizen's State Bank in Roby now through March 15.

Judy Hayes of Graham will have the next program scheduled for March 15. The club will have a salad luncheon on that day also. Members present were Mary Alice Connell, Winnie Knox and Virginia Derryberry of Sweetwater, Glenna Gene Moore, Sis Killingsworth, Jackie Terry, Louella Waddell, Neoma Cauble and Marie Henry of Roby, Billie Coffman, Edna McArthur, June Anderson and Nan Arnett of Rotan.

Homeowners who are 65 years of age or older and failed to receive their school district homestead exemptions in 1979 have until April 1 of this year to do so. In this way, elderly homeowners will be able to take advantage of the tax freeze associated with the \$10,000 homestead exemption, said Billie L. Holcomb, chief appraiser for the Fisher County Appraisal District.

Church Review

Who Can I Trust?
Psalms 31

By Barry Beames, Pastor

According to a law passed by the Special Session of the 67th Legislature, over-65 homeowners who qualified for the school homestead "tax freeze" in 1979, but did not apply for the limitation, may file an application with the chief appraiser of the appraisal district in which the home is located.

Do you remember the time when people trusted each other? That was the time when there were no locks on the doors and when a person's word was as 'good as gold'. For the most part, those days are gone. Now the scene is people who are scared to walk the streets at night, dishonesty, and doors with not one but three and four locks securing them. So in times like these who can we trust?

and actively bless the Lord that we also can say like David, "Be of good courage, and he shall strengthen your heart, all ye that hope in the Lord." Many people today have no hope or trust in anyone. Others place their trust in the hope of heaven which is the inheritance of the saints. But heaven is a long way off if we are not able to live victoriously today. So it seems, that the most trustworthy means of living above the world is by trusting 'the Lord', who is able to deliver us in the midst of our troubled hours. At least, that great King named David thought so.

Application must be made with the Appraisal Office at the Courthouse in Roby (776-2733) before April 1, 1982.

To qualify for the tax limitation, on January 1, 1979, a homeowner must have satisfied these requirements:

-Be 65 years or older
-Own his home
-Use that home as his principal residence

The chief appraiser will consider all applications and notify each applicant before April 15, 1982. If the application is approved, the chief appraiser will make an entry on the appropriate school district's 1982 appraisal records.

This entry will indicate the amount of tax the over-65 taxpayer should have paid in 1979, had he been granted the \$5,000 general homestead exemption and the \$10,000 over-65 homestead exemption. No refunds of taxes paid will be given for 1979, 1980, or 1981.

For 1982, the taxpayers' amount of homestead taxes paid may not exceed the amount of taxes the school district would have imposed on the homestead for 1979, had the taxpayer been granted his homestead exemptions. This frozen tax amount will remain in effect as long as the homestead remains the same.

If your school tax receipt for 1981 shows that you received the homestead exemption for the over-65, your homestead will already be signaled for the frozen tax amount. If your

David knew people and life pretty well. His perspective on life then was much like our perspective today. And the conclusion he came to was that the only one we can truly and completely trust in is the Lord. David saw the Lord as his rock and fortress. When we are entrapped in the net of life's troubles the Lord in all of His strength is there to deliver us and strengthen us to meet the challenge. Because of that strength David had confidence in the Lord! Confidence in which we can trust our entire life from assets and abilities, to dreams and our innermost secrets to the Lord. And with the God of truth all that we are becomes safe and secure.

From this confidence of God's presence and deliverance, David begins to bless his Lord saying, "Oh how great is thy goodness, which thou hast laid up for them that fear thee..." and, "Blessed be the Lord: for he hath shewed me his marvelous kindness in a strong city." It is only when we are able to openly

Bigger Profits Begin In The Cascot Lab.

You already know that Cascot cottonseed can increase your yield by as much as 25%. What you may not know is why Cascot varieties are so much better. Well, it didn't happen overnight. The people at Custom Ag Service used the latest scientific methods in selecting and breeding until they came up with disease resistant, early maturing varieties. They selected quality seed perfect

for farming in all conditions. Characteristics like premium mike and storm resistance were developed in all the Cascot varieties.

And finally they eliminated contamination by using a separate gin for new seed development.

If you're not planting Cascot this year, try 100 acres and compare its yield to your seed. We're betting next year you'll be knee deep in Cascot.

Older Workers Week Proclaimed By T.F.U.

To recognize the importance of meaningful employment for senior Americans, the U.S. Department of Labor has announced March 14-21 as "Older Worker Week". Texas Farmers Union Green Thumb, a rural senior employment program, is encouraging both public and private employers to join them in honoring older employees during this week.

Older Worker Week is an annual event designed to spotlight the valuable qualities of the mature worker. Green Thumb employs about 1,000 senior Texans in 107 counties. Sponsored by Texas Farmers Union, the program provides part-time work opportunities for people over 55 who are "loaned" to non-profit organizations in rural communities.

Green Thumb State Director Diane Parrish says "Older workers value job security while younger workers tend to change jobs frequently. The fact that older Americans lived through the Great Depression while younger workers grew up in an affluent age perhaps affects the way each sees the need for security. Consequently, there seems to be less job dissatisfaction among older workers."

The increasing number of retirees returning to the work force and employers' favorable receptiveness to their return is evidence of a changing trend in American society. Only a few years ago, 65 was considered to be the traditional retirement age. Mandatory retirement policies were accepted without question and complied with automatically by almost everyone. But today, 79% of workers 55-64 and 73% of those over 65 say that they prefer at least part-time employment to total retirement according to a National Council on Aging survey.

Sen. Richard Lugar (Ind.), says "For most Americans, work means everything. It's a definition of our lives, the way in which we serve others. To be cut off arbitrarily by law or regulation is devastating." Surveys have shown that

maximum intellectual function is achieved between the ages of 40 and 65. Older employees can evaluate tasks and project outcomes more accurately than can young workers. The wisdom gathered through experience would appear to account for this. Recognizing this fact, many employers are taking a second look at the mature worker when openings are available in their companies. John Deere (farm equipment manufacturer) hires retirees to guide 14,000 tourists that come to the plant yearly. Union Carbide, Connecticut General Life Insurance and Bankers Life and Casualty Company are among the growing number of businesses who are

actively recruiting older employees.

"Hiring the experienced is good business," says Green Thumb Director Parrish. "Green Thumb helps locate jobs for older workers in the private job market," she says, "and when looking for openings, we find that the ticking off of birthdays is the least important measure of a person's true value to an employer."

Texas Farmers Union Green Thumb is an equal employment opportunity, affirmative action employer with a state office in Waco. For more information, contact Green Thumb, P.O. Box 7898, Waco, Texas 76714 (Phone 817-776-4700).

Rotan Extension

Homemakers Meeting

The Rotan's Extension Homemakers Club met with Gaynell Henry March 4th with fourteen members and four guests present. Ardell Floyd, President, presided over the business meeting. Effie Murphree asked us Bible riddles that "brought the house down with laughter". The roll call was answered with "a new hobby that I have". Beatrice Hargrove read the minutes of the last meeting and gave the Treasurer's report.

Belinda Rains, a guest, gave us a very interesting and informative program on flower arrangement. She displayed attractive pom pom's made from cotton with long streamers to be worn at football

games. She also demonstrated how to make small baskets of silk flowers for our homes. She also decorated a plate holder with yellow and white silk daisies that could be hung on the wall.

A refreshment plate was served to the guests, Christine Rackley, Belinda Rains, Jeanne Aldridge and Mrs. Joe Patterson. Members, including those mentioned above, were: Dollie Curry, Eda Bickerstaff, Mary and Lou Posey, Hilda Rollins, Bill Cleveland, Laura Lee Hudnall, Hazel Aldridge, Jessie Atkins and Oma Long. Mrs. Viola Hendon will be hostess for the next meeting, March 18th at 2:30 p.m., 1011 North Tyler.

Kay Kennedy Named Outstanding Woman

The Board of Advisors for the Outstanding Young Women of America awards program announced today that Kay Kennedy of Rotan has been selected for inclusion in the 1981 edition of OUTSTANDING YOUNG WOMEN OF AMERICA.

The Outstanding Young Women of America pro-

gram is designed to honor and encourage exceptional young women between the ages of 21 and 36 who have distinguished themselves in their homes, their professions and their communities. Accomplishments such as these are the result of dedication, service and leadership qualities which deserve to

be recognized and remembered.

This is the goal of the many leading women's organizations, college alumni associates and public officials who nominate deserving young women to participate in the program. Serving as chairman of the program's Advisory Board is Mrs. Dexter Otis Arnold, honorary president of the General Federation of Women's Clubs.

The women listed, along with approximately 23,000 fellow Outstanding Young Women of America from across the United States, will be presented in the prestigious annual awards volume. In addition, they are now being considered for one of the fifty-one state awards to be presented to those women who have made the most noteworthy contributions in their individual states. From these fifty-one state winners, the Ten Outstanding Young Women of America will be chosen. The ten national winners will then be honored at the annual awards luncheon to be held this fall in Washington, D.C.

Our Board of Advisors and Editors salutes all those honored as Outstanding Young Women of

America. We take great pride in bringing their accomplishments to the attention of the American public.

West Texas Utilities

Granted Rate Increase

West Texas Utilities Company has been granted an interim rate increase for power sold to its wholesale customers.

The increase was approved by the Federal Energy Regulatory Commission, effective February 26, 1982, and will remain in effect until final resolution of a rate application filed last October by WTU.

The interim rates granted will result in an increase of \$3.5 million, or 8.1 percent, annually from 14 rural electric cooperatives, one municipality, and one investor-owned distribution system.

In its application, WTU had asked for a \$4.3 million increase to become effective December 15, 1981. The FERC initially suspended this increase

for five months, which would have delayed the effective date of the new rates until May 16, 1982. Granting the interim rates has the effect of shortening the suspension period and allowing lower rates to go into effect subject to refund.

The FERC decision follows closely the increase in retail rates granted by the Public Utility Commission of Texas effective February 12. Together, the increases are expected to provide an additional revenue of \$15.3 million on an annual basis, with \$11.8 coming from retail customers and \$3.5 from wholesale customers. The original cases filed by WTU were designed to produce \$32.2 million in additional revenues.

Hobbs Extension Club Holds Monthly Meeting

The Hobbs Extension Club met with Mrs. L.E. Hardin on Thursday, February 25.

Mrs. Dale Cave read the scripture, Exodus 28:39-40. Roll was called and answered with Something Beautiful I Saw Today. Some answered the beautiful snow and the birds, even a Red Bird was seen.

The Program was Making Fashion Accessories. Mrs. James Nettleton was in charge. She asked, What do you think of when you hear the term "Fashion Accessories"? The dictionary defines fashion as the current style or mode of dress and accessory as "any article" of clothing worn to complete one's outfit, as purse, gloves, etc. Accessory fashions are one of the most rapidly changing types of clothing. When trying new accessories observe the effect of the accessory on your and your clothes in a full-length mirror. Fashion no longer requires that individual accessories match as a set, such as shoes and bag. If in doubt about adding or omitting a certain accessory, omit it. Simplicity is smarter than a cluttered look.

Line should be considered in selecting accessories. A horizontal line adds width, a vertical line adds height and slenderizes. A diagonal line can add width depending on where it is. Wide belts give a look of a larger waistline. Long necklaces can give the lengthwise illusion of adding height.

We've all heard the expression "you can dress

it up or dress it down". The way you accessorize that garment is the way you dress it up or give a more casual appearance. Long necklaces, large beads, heavy beads, big ear clips, gold, silver, heavy metal jewelry, pearls, bracelets, too, are popular.

Mrs. Nettleton stated one fashion trend in accessories now is belts. If you start looking, you'll observe that almost everything is belted, dresses, skirts, pants, tunics. Many widths are used and many looks are current fashion. She said, "It may be self-fabric, tied or with a buckle, the metallic look-silver, gold, copper, also the leather look as well as others."

The shawl or poncho is very popular. These are often belted. Shoes are in every heel height from the shoe we once called the Ballerina to the very high slender heel, purses no longer have to match the shoes. The bag that is coordinated with several pair of shoes is one that we can get more use of for the money.

You can crochet or knit your sweaters, sleeveless vests, ponchos, shawls, belts, any number of things. Of course each of us has to evaluate what is best for us individually. Not all of us can wear all of the things that are fashion. Decide what is best for you.

The meeting was adjourned and delicious refreshments were served to the members. The next meeting will be March 11.

INVISIBLEBLEACH

Lightens facial hair

Because many women prefer to make facial hair "invisible" instead of removing it, the manufacturers of Surgi-Cream have created INVISIBLEBLEACH.

The ultra smart Invisiblebleach package contains a tube of Bleaching Cream, a tube of Cream Activator, a mixing tray and a spatula, plus a booklet with easy-to-follow directions. The blending of the two products makes a lightening agent that is effective on the face, arms or legs.

Joyce Mersel

Joyce Mersel Named To New Position

Joyce L. Mersel has been named Retail Services Manager for Exchange Bank and Trust Company of Florida, according to Herbert W. Clark, vice president and cashier.

Before moving into her new position, Mersel had been operations manager and assistant cashier at the Westshore office. She joined Exchange in 1978 as a personal banker.

She attended the University of Tampa, University of South Florida, the Florida Bankers Association's Supervisor's Academy and holds an AIB basic certificate. She is a member of the National Association of Bank Women.

Mersel is the daughter of Mr. and Mrs. Howard Looney and the granddaughter of Mr. and Mrs. J.C. Cave, all of the Rotan area.

McCright Retires For Bank In Midland

W. Hoyle McCright, Jr. has announced his plan to retire from the First National Bank of Midland effective Monday. He intends to become active in the oil business, but he will remain a member of First National's Board of Directors. McCright's long career with FNB spanned 34 years and took him from bookkeeper to Executive Vice President.

Originally from Rotan, Texas, McCright did a three year stint in the Navy from 1943 to 1946 and then spent one and half years with the First National Bank of Rotan. Midland seemed like a town with a real future, so he moved here in 1948 and took a job with First National. He learned the banking business from the ground floor up - starting as a bookkeeper, teller, and then progressing to assistant cashier, commercial loan trainee, vice president, senior vice president and executive vice president.

McCright graduated from the Southwestern Graduate School of Banking at Southern Methodist University in Dallas but feels that his most valuable

knowledge about banking was learned through experience. "In order to be a successful banker, a person must be a good judge of character and have the ability to get along well with people," says McCright.

Over the years, Hoyle McCright watched both Midland and First National prosper. He has seen three major ups and downs in Midland's economy. He has worked with five bank presidents: Marvin C. Ulmer, John P. Butler, C.J. Kelly, Wilbur A. Yeager, Jr., Charles D. Fraser. "When I started in 1948, there were only 21 employees and 17 million on deposit," says Hoyle, "but with the leadership and vision of the officers and directors of First National - tough, yet compassionate - I saw the Bank reach over a billion in assets with more than 800 employees."

He sees many changes on the horizon for the banking industry. The time of deregulation, automatic teller machines, and credit cards represent a departure from traditional banking. "Maintaining the personal touch and really

knowing the customers will be harder but this will continue to be the secret to successful banking," according to McCright.

During the course of his career, Hoyle McCright has found time to play an active role in the Midland community. He was a member of the Midland Optimist Club, the treasurer of the Buffalo Trail Council of the Boy Scouts of America for nine years, Board of Director's mem-

ber for the Midland Chamber of Commerce and First National's representative to the Independent Banker's Association. From its inception in 1973, Hoyle McCright has been active in the development and growth of Midland College; he has served as a trustee for nine years and is seeking reelection in April. He is a longstanding member of the First Baptist Church of Midland.

McCright is married to Modelle Peel McCright, originally from Lubbock. They have four children, two sons and two daughters who live in Midland, and four grandchildren. He finished High School at Dowell, northeast of

Rotan and went into the Rotan Bank following graduation. He said that Lawrence Yantis of Rotan and Irene Green (deceased) were a tremendous help to him in helping get his start in the banking business.

Congressman Stenholm Fumes Over Food Stamp Abuse, Wants "Workfare" Program

Fifty years ago, this country was held in the grips of an economic crisis that still has the ability to make its survivors shudder--The Great Depression. Today, facing a similar--although not nearly as severe--economic problem, many are quick to make comparisons between these two eras in our country's history and legislative actions to correct the situations.

ATTEND HARDIN-SIMMONS SPEECH MEET: Five students from Roby attended the 26th Annual Hardin-Simmons Speech Tournament. They were: Kim Hunt and Greg Moesch in duet acting; Melodie Way in Poetry; Greg Moesch in Informative Speaking; and Kathy Martin and Johnny Moesch in Debate. Melodie Way advanced into the semi-final round of the Poetry competition. Kathy Martin and Johnny Moesch advanced to the quarter-final round of debate. This put them in the top eight teams out of 23 teams.

ment take care of their problems. Work was the solution and pride came with being able to make it through without government help. There are countless examples of New Deal programs that remain throughout the 17th District. Through the Works Progress Administration (WPA), parks were built...roads were built...public buildings were built. There were no "welfare programs"; there were "work programs". WPA work was the salvation of many a West Texas family, but as soon as other work was available, participants were quick to return to work in the private sector.

Joplin Sisters Win At Church Youtharama

Robbin and Tammy Joplin, daughters of Mr. and Mrs. Phillip Joplin, received honors in the West Texas District Church of the Nazarene Talent Youtharama at Hereford, Texas, Saturday, March 6. Included in the two day Youtharama was competition in vocal and instrumental numbers, art, speech, Bible quizzing, and sports. Robbin was selected for the All-Stars Girls volleyball team and will play in Bethany, Oklahoma, April 14, 15, 16 on a team with other members from Amarillo, Lubbock and Ft. Worth. They will compete with teams from 11 other districts in Texas, Oklahoma, Arkansas and New Mexico.

Tammy won a 2nd place silver medal with a drawing done in conte pencil. Accompanying the girls to Hereford were Rev. and Mrs. Joe Norton of the Rotan Church of the Nazarene.

Card of Thanks

The family of Deidra West would like to thank everyone who donated money to her fund, for your calls of concern and encouragement and most of all for your prayers, for we know that those prayers helped her recovery, during her long illness. God Bless all of you. The Diedra West Family

Let's look at just one federal program that, although not one of the New Deal programs, is a good example of a concept that has gone far afield from its original conception: Food Stamps. The Food Stamp program was originally a "surplus commodities" program, designed to implement the distribution of surplus farm products among the needy. After recognition of the need for a nutritionally superior program, "food stamps" could be purchased from the government by those meeting requirements. The 1977 Food Stamp Act eliminated the purchase requirement, making food stamps available to any and all who met somewhat more stringent requirements. Food stamp costs have doubled in the past three years and one out of 10 Americans (22 million people) now participates in the program. The value of food stamp benefits grew from \$5.2 billion in 1979 to more than \$10.3 billion in 1981 and over 6 million people were added to food stamp rolls over that period. I believe FDR, if alive today, would point out that more emphasis needs to be given to pilot "workfare" programs that require participants to contribute some form of unpaid labor in exchange for food stamps. I know that there are those who will argue that many of those unemployed would welcome the opportunity to work if "suitable, dignified work was available." WPA workers in Texas built outdoor toilets and I doubt if they questioned whether their labor was "suitable or dignified". Their pay, however, fed their families. There is no such thing as "undignified" work, in my opinion. The work ethic evident in the 30s was one of the basic ingredients of this country's success and should be instilled in each and every American citizen today.

Essay Contest Winners Named By D.A.R. Organization

February is American History Month. Throughout the nation George Washington and Abraham Lincoln's birthdays have been celebrated, each being considered national holidays.

1982 has been a special

year of Washington's anniversary. This year the Daughters of the American Revolution essay contest included any famous American born in February. From among the elementary and junior high schools in Fisher County (with the contest having been announced to all students in the 5th-8th grades) three students were awarded the "Excell-

ence in History" medal, given by the Anne Pettus Shelburne Chapter of the D.A.R. to the essay winners.

Mrs. Connie Tutt, Regent of the local chapter, presented medals to 5th grader Travis Hale of Hobbs School, and tie winners Jan Posey and Mark Hargrove, Rotan 6th graders. The special presentation was in the home

of Mrs. Lawrence Sparks on George Washington's Birthday Celebration, 1982. Mrs. Ruple Morrow gave a program on Washington's Birthday; Mrs. Phil Malouf offered the children and members of the chapter copies of Washington's obituary from the "New York Times" which had been brought to Texas by horseback at that time.

Mrs. Jimmy D. Hale introduced the children to the chapter.

Those attending the meeting and enjoying refreshments were Misses Josie and Delila Baird, Mesdames Charles Atwell, Jerry Dickson, Rudy Hamric, Jimmy Hale, Phil Malouf, Ruple Morrow, Lawrence Sparks, and guests Mrs. Rford Hargrove and Mrs. Richard

Posey.

Travis Hale, son of Mr. and Mrs. Jimmy D. Hale, wrote his essay on President William Henry Harrison. Travis is active in Cub Scouts and the school band. He is a U.I.L. winner, his Picture Memory team having placed 2nd in District last year, and is listed as an Honor Student of the Hobbs School. He is a member of

the Children of the Republic of Texas and of the Children of the American Revolution.

Jan Posey, daughter of Mr. and Mrs. Richard Posey, wrote her essay on Susan B. Anthony. Jan is an active 4-H member and has placed 1st in 4-H food shows and dress revues. She has placed in U.I.L. math and is a Rotan Junior High band student. Also,

she is an Honor Roll student.

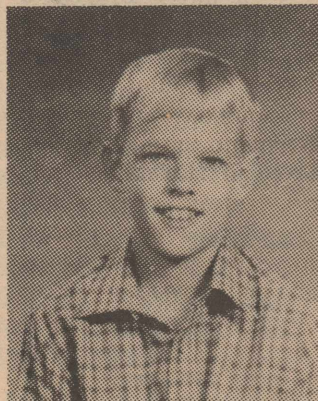

Mark Hargrove, son of Mr. and Mrs. Rford Hargrove, wrote his essay on Gen. Johnston. Mark is a 1981 District winner, 1st place, in U.I.L. spelling and has placed in U.I.L. Ready Writing. He received this medal last year for his winning essay, and is an Honor Roll student of Rotan Junior High.

Rites Held For Leo Prater

Leo Prater, 76, of Martinez, California, formerly of Rotan, died at 3:30 p.m. Thursday, March 4, 1982, in Martinez. Graveside services were held Monday in Rotan Cemetery.

The Rev. Jerry McFather, pastor of First Baptist Church, officiated, directed by Weathersbee Funeral Home.

Born Aug. 11, 1905, in Frederick, Okla., he moved to Rotan in 1923 with his parents, the late Mr. and Mrs. W.A. Prater. He married Ferol Green Dec. 25, 1928, in Clairemont. She died April 16, 1979.

He was associated with the Prater Gin Company in Rotan until 1929 when he moved to Martinez. He worked for Shell Oil Company for 40 years before his retirement. He was a member of the Baptist church.

He is survived by four sisters, Opal Hall of Sweetwater, Margaret Rodgers and Columbia Schumacher of Las Cruces, N.M., and Lucille Schumacher of Lakewood, Colo.; two nieces and three nephews.

A brother, Haskell, died in 1954.
